**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD TUESDAY, APRIL 24, 2007**

We will hold the 2007 Annual Meeting of Shareholders of SonoSite, Inc. at 8:00 a.m., local time, on Tuesday, April 24, 2007, at SonoSite's principal executive offices at 21919 30th Drive S.E., Bothell, Washington 98021-3904, for the following purposes:

- To elect ten directors to SonoSite's board of directors to serve until the 2008 annual meeting of shareholders;
- To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2007; and
- To transact such other business as may properly come before the annual meeting or any adjournment or postponement thereof.

The board of directors has fixed the close of business on February 26, 2007, as the record date for determining shareholders entitled to notice of and to vote at the annual meeting.

The directors elected will be the ten candidates receiving the greatest number of votes cast, in person or by proxy, at the annual meeting. The affirmative vote of the holders of shares representing a majority of the votes cast at the annual meeting, in person or by proxy, is required to ratify appointment of the independent registered public accounting firm.

You are cordially invited to attend the annual meeting. To ensure your representation at the annual meeting, you are urged to complete, sign and date the enclosed proxy card and return it promptly in the enclosed postage-prepaid envelope, or vote using the telephone or Internet voting procedures described on the proxy card, even if you plan to attend the annual meeting. The shares will be voted in accordance with the instructions you give in your proxy. You may revoke your proxy at any time before it is voted, either by returning a proxy for the same shares bearing a later date, filing with the corporate secretary of SonoSite a written revocation bearing a later date or attending the annual meeting and voting in person. Submitting a proxy or voting instructions will not prevent you from attending the Annual Meeting and voting in person, if you so desire, but will help us secure a quorum and reduce the expense of additional proxy solicitation.

By Order of the Board of Directors,

KATHRYN SURACE-SMITH
*Vice President, General Counsel and
Corporate Secretary*

PROXY STATEMENT

2007 ANNUAL MEETING OF SHAREHOLDERS

This proxy statement is being furnished to holders of shares of common stock of SonoSite in connection with the solicitation of proxies by our board of directors for use at our 2007 annual meeting of shareholders to be held at SonoSite's principal executive offices at 21919 30th Drive S.E., Bothell, Washington 98021-3904, at 8:00 a.m., local time, on Tuesday, April 24, 2007. Matters to be considered at the annual meeting are set forth in the accompanying notice of annual meeting of shareholders. It is expected that the notice of annual meeting of shareholders, proxy statement and accompanying form of proxy will be mailed to shareholders on March 22, 2007.

RECORD DATE; SHARES ENTITLED TO VOTE; VOTE REQUIRED

Only our shareholders of record at the close of business on February 26, 2007, are entitled to notice of and to vote at the annual meeting. On that date, there were 16,481,891 shares of common stock outstanding. The number of shareholders of record of our common stock on February 26, 2007 was 18,136. This figure does not include the number of shareholders whose shares are held by a broker or clearing agency, but does include each such brokerage house or clearing agency as one holder of record.

REVOCABILITY OF PROXIES

Shares represented at the annual meeting by properly executed proxies will be voted at the annual meeting and, where the shareholder giving the proxy specifies a choice, the proxy will be voted in accordance with the specification so made. A proxy may be revoked by a shareholder at any time either by:

- filing with the corporate secretary of SonoSite, prior to the annual meeting, either a written revocation or a duly executed proxy bearing a later date; or
- attending the annual meeting and voting in person, regardless of whether a proxy has previously been given.

Presence at the annual meeting will not revoke the shareholder's proxy unless such shareholder votes in person.

QUORUM AND VOTING

You will be entitled to one vote per share of common stock that you hold. Action may be taken on a matter submitted to shareholders at the annual meeting only if a quorum exists. The presence, in person or by proxy, of one-third of the outstanding shares of common stock entitled to vote as of the close of business on the record date constitutes a quorum. Abstentions and broker non-votes will count toward establishing a quorum. Broker non-votes occur when brokers holding shares in street name for beneficial owners do not receive instructions from the beneficial owners about how to vote the shares. An abstention occurs when a shareholder withholds such shareholder's vote by checking the "abstain" box on the proxy card, or when a shareholder present at the meeting does not cast a ballot.

Under applicable law and SonoSite's restated articles of incorporation and amended and restated bylaws, if a quorum is present at the annual meeting, the ten nominees for election of directors who receive the greatest number of votes cast for the election of directors by shares present in person or represented by proxy and entitled to vote shall be elected directors. You are not entitled to cumulative voting rights in the election of directors.

The affirmative vote of the holders of shares representing a majority of the votes cast at the annual meeting, in person or by proxy, is required to ratify the appointment of the independent registered public accounting firm.

Because custodians will have discretionary voting authority with respect to election of directors and the ratification of the independent registered public accounting firm, broker non-votes will have no effect with respect to the election of directors or ratification of the appointment of the independent registered public accounting firm. The outcome of these proposals is determined by a majority of votes cast, and abstentions and

broker non-votes will have no effect on the outcome because they are not counted as votes cast for or against the proposal. For the same reason, abstentions will have no effect on the proposal to ratify the independent registered public accounting firm.

Your shares will be voted in accordance with the instructions you indicate when you submit your proxy. If you submit a proxy, but do not indicate your voting instructions, your shares will be voted as follows:

- FOR the election of the director nominees listed in this proxy statement;
- FOR the ratification of the appointment of KPMG LLP as independent registered public accounting firm for the fiscal year ending December 31, 2007; and
- At the discretion of the proxy holders, upon such other business as may properly come before the annual meeting or any adjournment or postponement thereof.

Voting by Mail

By signing and returning the enclosed proxy card according to the instructions provided, you are enabling the individuals named on the proxy card, known as "proxies," to vote your shares at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Voting by Telephone

You may be able to vote by telephone. If so, instructions are included with your proxy card. If you vote by telephone, you do not need to complete and mail your proxy card.

Voting on the Internet

You may be able to vote on the Internet. If so, instructions are included with your proxy card. If you vote on the Internet, you do not need to complete and mail your proxy card.

Voting in Person at the Meeting

If you plan to attend the annual meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the shareholder of record, and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name. In that case, and if you wish to vote at the meeting, you will need to bring with you to the meeting a legal proxy from your broker or other nominee authorizing you to vote these shares.

ELECTRONIC DELIVERY OF PROXY STATEMENT AND ANNUAL REPORT

This proxy statement and the 2006 annual report are available on our Internet site by going to www.sonosite.com and clicking on "About Sonosite", then "For Investors". Most shareholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. You can choose this option and save SonoSite the cost of producing and mailing these documents by following the instructions provided on your proxy card or following the instructions provided when you vote over the Internet.

If you choose to view future proxy statements and annual reports over the Internet, you will receive an e-mail message next year containing the Internet address to use to access SonoSite's proxy statement and annual report. The e-mail also will include instructions for voting over the Internet. You will have the opportunity to opt out at any time. You do not have to elect Internet access each year.

HOUSEHOLDING

We have adopted a procedure called "householding," which has been approved by the Securities and Exchange Commission, or SEC. Under this procedure, a single copy of the annual report and proxy statement will be sent to any household at which two or more shareholders reside. Any one of the shareholders at a shared address may notify Automatic Data Processing, Inc., or ADP, either by calling toll free at (800) 542-1061 or by writing to ADP, Householding Department, 51 Mercedes Way, Edgewood, New York 11717, if such shareholder wishes to receive additional copies of this proxy, and ADP will deliver the additional copy promptly after the request. This procedure reduces our printing costs and fees. Shareholders who participate in householding will continue to receive separate proxy cards.

If you are a shareholder of record and share an address with one or more other shareholders of record, and you wish to continue to receive separate annual reports, proxy statements and other disclosure documents, or you wish to request delivery of a single copy of our annual reports, proxy statements and other disclosure documents, you can do so by contacting ADP, either by calling toll free at (800) 542-1061 or by writing to ADP, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from or added to the householding program within 30 days of receipt of your request.

A number of brokerage firms have instituted householding. If you hold your shares in "street name," please contact your bank, broker or other holder of record to request information about householding.

SOLICITATION OF PROXIES

Proxies may be solicited by our directors, officers and regular employees, without payment of any additional compensation to them. Proxies may be solicited in person, by mail or telephone. Any costs relating to such solicitation will be borne by us. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of common stock for their expenses in forwarding solicitation materials to beneficial owners.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

At the annual meeting, ten directors are to be elected to hold office for a term of one year and, in each case, until his or her successor shall be elected and shall qualify. The board of directors has no reason to believe that any of the nominees listed below will be unable to serve as a director. If, however, any nominee becomes unavailable, the proxies will have discretionary authority to vote for a substitute nominee.

Unless authority to do so is withheld, the persons named as proxies in the accompanying proxy will vote "FOR" the election of the nominees listed below.

The following table sets forth the name and age of each member of the board of directors, the positions and offices held by each director with SonoSite and the period during which the director has served as a director of SonoSite.

3

At the annual meeting, the ten directors are to be elected to hold office for a term of one year and, in each case, until his or her successor shall be elected and shall qualify. There are no family relationships among any of the Company's directors or executive officers.

CORPORATE GOVERNANCE

DIRECTOR INDEPENDENCE

The board of directors has determined that the following directors are independent under the rules of the Nasdaq Stock Market: Kirby L. Cramer, Carmen L. Diersen, Edward V. Fritzky, Steven R. Goldstein, M.D., Paul V. Haack, Robert G. Hauser, M.D., William G. Parzybok, Jr., Jeffrey Pfeffer, Ph.D., and Jacques Souquet, Ph.D. The board of directors has also determined that each of the members of the board committees meets the independence requirements applicable to committees under the Nasdaq and the Securities and Exchange Commission rules and regulations.

COMMITTEE MEMBERSHIP AND FUNCTION

The board of directors has established an audit committee, a compensation committee, a nominating and corporate governance committee and an innovation and technology committee. Each of these committees is responsible to the board of directors and, except to the extent that sole authority over a particular matter has been granted to such committee, its activities are subject to approval of the board. The functions performed by these committees are summarized below.

Audit Committee

The audit committee is appointed by the board of directors to assist the board of directors in fulfilling its financial oversight responsibilities by overseeing the accounting and financial reporting processes of SonoSite and audits of its financial statements. The Committee is governed by an audit committee charter adopted by the board of directors that may be amended by the board of directors at any time, in which case the most current version will be available on our web site at www.sonosite.com by first clicking on "About Sonosite" and then "Corporate Governance". The audit committee's primary duties and responsibilities include:

- Appointing and retaining our independent registered public accounting firm, approving all audit, review and other services to be provided by the independent registered public accounting firm and determining the compensation to be paid for such services;
- Overseeing the integrity of our financial reporting process and systems of internal controls regarding finance, accounting, and legal compliance;
- Overseeing the qualifications, independence and performance of our independent registered public accounting firm and internal controls compliance department;
- Reviewing and, if appropriate, approving any related party transactions;
- Providing an avenue of communication among the independent registered public accounting firm, management, the internal controls compliance department, and the board of directors, including a meeting summary as part of regular board of directors meetings;
- Providing a means for processing complaints and anonymous submissions by employees of concerns regarding accounting or auditing matters; and
- Monitoring compliance with legal and regulatory requirements.

The members of the audit committee are Mr. Haack (chairperson), Ms. Diersen, Mr. Fritzky and Mr. Parzybok. The board of directors has determined that all members of the audit committee meet the independence requirements of both Nasdaq and the SEC and that all members of the audit committee qualify as SonoSite's "audit committee financial experts," as defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC. The biographical summaries for Mr. Haack, Ms. Diersen, Mr. Fritzky and Mr. Parzybok are included under "Proposal One: Election of Directors - Nominees." There were nine audit committee meetings in 2006.

Compensation Committee

The compensation committee has been delegated by the board of directors to oversee all significant aspects relating to SonoSite's compensation policies and programs, including recommending director and officer compensation. The Committee is governed by a compensation committee charter, adopted by the board of directors, which may be amended by the board of directors at any time, in which case the most current version will be available on our web site at www.sonosite.com by first clicking on "About Sonosite" and then "Corporate Governance". The compensation committee's responsibilities include:

- Reviewing and approving compensation and benefits for directors and our executive officers;
- Administering our incentive compensation and benefits plans;
- Reviewing and approving corporate and individual goals and objectives relevant to the compensation of our officers;
- Evaluating the performance of our chief executive officer in light of individual and corporate goals and objectives; and
- Making recommendations to the board of directors regarding such matters.

The members of the compensation committee are Dr. Hauser (chairperson), Mr. Cramer, and Drs. Goldstein, Pfeffer and Souquet. There were five compensation committee meetings in 2006.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee is appointed by the board of directors to help ensure that the board of directors is appropriately constituted to meet its fiduciary obligations to SonoSite and its shareholders related to monitoring and safeguarding the independence of the board and providing a leadership role in shaping the corporate governance of SonoSite.

A complete description of the Committee's functions is provided in its written charter, which is accessible via our website at www.sonosite.com by first clicking on "About Sonosite" and then "Corporate Governance". The nominating and corporate governance committee's primary duties and responsibilities include:

- Establishing director qualifications and the selection criteria for new directors;
- Identifying individuals qualified to become directors and recommending director nominees to the board of directors;
- Overseeing the annual assessment of each director;
- Annually reviewing the board of directors committee membership and structure;
- Monitoring the independence of directors under Nasdaq Stock Market listing requirements; and
- Reviewing and assessing the board's corporate governance principles and the company's code of conduct applicable to all directors, officers and employees, and monitoring and approving any modifications or waivers of such code of business conduct and ethics.

The members of the nominating and corporate governance committee are Ms. Diersen (chairperson), Messrs. Cramer, Fritzky and Haack and Dr. Pfeffer, all of whom are independent directors within the meaning of the Nasdaq Marketplace Rules. The nominating and corporate governance committee held four meetings in 2006.

Innovation and Technology Committee

In February 2006, the board created the innovation and technology committee to oversee and provide counsel to the board of directors and SonoSite management on all matters relating to SonoSite's innovation and technology strategy.

The members of the innovation and technology committee are Mr. Parzybok (chairperson) and Drs. Goldstein, Hauser, and Souquet. A complete description of the Committee's functions is provided in its written charter, which is accessible via our website at www.sonosite.com by first clicking on "About Sonosite" and then "Corporate Governance". The innovation and technology committee held two meetings in 2006.

BOARD, COMMITTEE AND ANNUAL MEETING ATTENDANCE

In 2006, there were eight meetings of the board of directors. Each board member attended at least 75% of the aggregate of the meetings of the board and of the committees on which he or she served. SonoSite has no formal policy regarding annual meeting attendance by its directors, but it strongly encourages attendance and all directors attended our 2006 annual meeting of shareholders.

EXECUTIVE SESSIONS

Our corporate governance principles require that at each board of directors meeting, and at such other times as determined by the chairperson or as required by applicable law, the independent directors shall meet separately in executive session without management present.

DIRECTOR NOMINATIONS

Criteria for Board Membership

The nominating and corporate governance committee reviews the skills, characteristics and experience of potential candidates for election to the board and recommends nominees for directors to the full board for approval. As stated in our corporate governance principles posted on our website at www.sonosite.com, among the characteristics to be considered by the nominating and corporate governance committee in evaluating director candidates are professional background, business experience, judgment and integrity, familiarity with the healthcare industry and technical expertise. To the extent practicable, candidates for open director seats are selected on the principle that relevant business and industry experience is beneficial to the board of directors as a whole. In determining whether to recommend a director for re-election, the nominating and corporate governance committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the board of directors and its committees, as well as the nature and time involved in a director's service on other boards.

Process for Identifying and Evaluating Nominees

The nominating and corporate governance committee identifies nominees by first evaluating the current members of the board of directors willing to continue in service. Current members of the board of directors with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination. If there is a vacancy on the board of directors as a result of a resignation or otherwise, or if the board of directors decides not to re-nominate a member for re-election, the nominating and corporate governance committee then identifies the desired skills and experience of a new nominee in light of the criteria above.

Shareholder Nominees

In accordance with our bylaws and applicable law, recommendations for nominations for directors may be made by any shareholder of record entitled to vote for the election of directors at shareholder meetings held for such purpose. The requirements a shareholder must follow for recommending persons for election as directors are set forth in our bylaws and the section of this proxy statement titled "Deadline for Receipt of Shareholder Proposals for 2008 Annual Meeting." If a shareholder complies with these procedures for recommending persons for election as directors, the committee will conduct the appropriate and necessary inquiries into the backgrounds, qualifications and skills of the recommended candidates and, in the exercise of the committee's independent judgment in accordance with the policies and procedures adopted in the committee's charter, and based upon the same criteria used with respect to candidates selected by the board, will determine whether to recommend the candidates recommended by the shareholders to the board of directors for inclusion in the list of candidates for election as directors at the next shareholder meeting held to elect directors.

Board Nominees for the 2007 Annual Meeting

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders wishing to communicate with the board of directors should send any communication to Corporate Secretary, SonoSite, Inc., 21919 30th Drive S.E., Bothell, Washington 98021. Any such communication must state the number of shares beneficially owned by the shareholder making the communication. The corporate secretary will forward such communication to the full board of directors or to any individual director or directors to whom the communication is directed unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the corporate secretary has the authority to discard the communication or take appropriate legal action regarding the communication.

COMPENSATION DISCUSSION AND ANALYSIS

THE COMPENSATION COMMITTEE

Membership and Charter

Until February 14, 2006, the members of the compensation committee of the board of directors were Richard S. Schneider, Ph.D. (chairperson), Steven R. Goldstein, M.D., Robert G. Hauser, M.D. and Jacques Souquet, Ph.D. On February 14, 2006, the board of directors appointed Dr. Hauser as the chairperson and Drs. Pfeffer and Goldstein and Mr. Cramer as committee members, effective as of April 26, 2006. Dr. Schneider retired from the board effective April 26, 2006. As required by the committee charter, all committee members have been and currently are independent nonemployee directors as defined under Rule 16b-3 of the Securities Exchange Act of 1934 and the director independence requirements of the NASDAQ. In addition, each director satisfies the definition of "outside director" under Section 162(m) of the Internal Revenue Code. No special expertise in compensation matters is required for appointment to the committee.

The compensation committee is responsible for all components of SonoSite's executive compensation program and for administering all stock option plans, including the 1998 Stock Option Plan (the "1998 Plan") and the 2005 Stock Incentive Plan (the "2005 Plan"), under which stock option grants, restricted stock unit grants and other types of incentive compensation may be made to executive officers. In addition, the committee administers SonoSite's other employee benefit plans, including its 401(k) plan, and employee stock purchase plan. On an annual basis, the compensation committee evaluates the performance and compensation of SonoSite's chief executive officer. The committee also reviews and recommends the compensation of the board for approval by the entire board.

The committee's charter can be found on SonoSite's website at www.sonosite.com by first clicking on "About Sonosite" and then "Corporate Governance". The charter can be modified by a decision of the committee, subject to approval by the board. The last revision to the charter was made in 2004 when it was extensively revised to bring it into compliance with applicable governance regulations. The committee has the authority on its own behalf to retain outside counsel and consultants as the committee deems necessary in its sole discretion to advise the committee on matters within the charter of the committee and has the sole authority to approve such consultant's fees and other terms of engagement. The charter gives the committee the authority to make decisions on behalf of the board with respect to matters within its jurisdiction and any other duties assigned to it by the board. Under its charter, the committee also has the authority to delegate to a subcommittee of its members any of its functions, duties and authority but has not done so.

The committee meets quarterly in conjunction with regularly scheduled board meetings, and also holds meetings via conference call when deemed necessary by the committee or its chairperson. The agendas are determined through a collaborative process involving the committee chairperson, SonoSite's vice president of human resources and SonoSite's chief executive officer, who typically attend all meetings. The company's general counsel also attends the committee meetings. These officers are typically excused from the meeting when the committee discusses their individual compensation or performance and during other executive sessions of the committee.

Compensation Consultant/Role of Executives

Aon Consulting provided compensation consulting services at the request of the committee from July 2004 until June 2006. In June 2006, the committee hired Compensia Inc. ("Compensia") as the committee's compensation consultant to advise it on executive compensation matters and severance arrangements. Compensia provides the committee with relevant market data and alternatives to consider when making decisions for the named executive officers as well as other key officers. The committee has the sole authority to hire and fire Compensia. The committee determines Compensia's work assignments and receives Compensia's final work product. Management does not have its own compensation consultant.

SonoSite's vice president of human resources provides administrative support and historical and current compensation information to the committee's consultant to use in its analyses. The chief executive officer, with the assistance of the vice president of human resources, annually reviews the performance of each named executive

11

officer (other than the chief executive officer whose performance is reviewed by the committee). Their conclusions and recommendations based on those reviews are presented to the committee for consideration. The vice president of human resources is also responsible for administering the compensation and benefits program approved by the committee as well as the day-to-day administration of SonoSite's stock and retirement plans.

COMPENSATION PHILOSOPHY

The committee's work is guided by the following three principles:

- Attract and retain talented executive personnel by providing competitive compensation opportunities;
- Directly link compensation to individual contribution and company performance; and
- Tie meaningful compensation opportunities to the creation of additional shareholder value.

Our executive compensation philosophy is implemented through three key elements. The first element is to attract and retain talented executive personnel by paying them market or a premium-to-market base salary. Offering market or premium-to-market base salary is designed to provide executive personnel with the benefits of a stable base compensation that is comparable to what they would receive from most of our competitors. The second element is the annual variable incentive plan, which ties annual bonus payments to specified annual performance objectives. The third element is to provide executive personnel with meaningful equity compensation awards in order to align executives' incentives with stockholder value creation.

In making compensation decisions for the named executive officers, the committee compares each element of total compensation against a peer group of nineteen publicly-traded medical device companies (collectively, the "Compensation Peer Group"). This Compensation Peer Group, which is periodically reviewed and updated by the committee, consists of companies of a similar size in revenues and market capitalization as SonoSite. The companies comprising this Compensation Peer Group are:

Align Technology	I-Flow
American Medical Systems Holdings	ICU Medical
ArthroCare	Intuitive Surgical

BioSite	TriPath Imaging
Candela	Thoratec
Cantel Medical	United Therapeutics
Cardiac Science	Ventana Medical Systems
Cyberonics	Vital Signs
Foxhollow Technologies	ZOLL Medical
HealthTronics	

In addition, for the 2007 compensation review, when relevant data was not available from the Compensation Peer Group for executives who are not named executive officers, the committee relied on data from the Radford July 2006 High-Tech Executive Survey updated by Compensia to July 1, 2007 using a 4.5% annual update factor. The committee also used individual "tally sheets" compiled by Compensia to list and total the various components of compensation for each executive and compare it to market data.

COMPONENTS OF EXECUTIVE COMPENSATION

Base Salaries

The committee performs an annual review of base salaries for named executive officers and other employees based on market data provided by Compensia, an internal review of each executive's compensation relative to other officers, and the individual performance of the executive. Base salary ranges are established for each executive based on market data from Compensia, which includes blended data from the proxies of the Compensation Peer Group, where available, and survey data (together, the "Market Data"). In general, base salaries for senior executives are targeted at the median base salary level (50th percentile) of this Market Data. Adjustments to this

12

median base salary level may be made by the committee based on an evaluation of the executive's responsibilities and achievement of business results, and the company's performance. In February 2007, the committee approved base salary increases for the named executive officers, except Mr. Goodwin, ranging from 6% to 10%.

Short-term Incentive Compensation

The SonoSite, Inc. Variable Incentive Bonus Plan (the "VIP"), the annual cash incentive program, is intended to: (i) enhance shareholder value by promoting strong linkages between employee performance and company performance; (ii) support achievement of the company's business objectives; and (iii) promote retention of participating employees by providing them with the opportunity to earn incentive pay to increase their total annual cash compensation up to the 75th percentile of the Market Data. The VIP was initially implemented for fiscal year 2005. The VIP provides guidelines for the calculation of non-equity incentive based compensation, subject to committee oversight and modification. Each year the committee decides whether to establish a VIP and which executives should be included. At the beginning of the following year, the committee reviews actual performance for the previous fiscal year against the pre-established target and individual executive performance and approves any payments to be made under the VIP.

The payouts under this VIP for each participant are calculated based upon the formula of base salary multiplied by the individual target bonus (which is a percentage of base salary ranging from 45% to 100%) multiplied by the matrix percentage factor. For fiscal 2006, the matrix percentage factor consisted of both a corporate revenue target and a corporate operating profits target for the fiscal year, with operating profits weighed slightly higher. Under the 2006 VIP, if 100% of the corporate revenue and operating targets were achieved, the VIP would pay out 100% of the individual target bonus for each executive. If 120% of the revenue and operating targets were achieved, the VIP would pay out approximately 156% of the individual target bonus for each executive and each participant would reach approximately 75th percentile of Market Data for total cash compensation for his or her position. Awards are interpolated between performance levels. In order for awards to be made under the 2006 VIP, minimum performance levels had to be attained: either 100% of the revenue target and 90% of the operating profits target or 90% of the revenue target and 100% of the operating profits target.

The maximum amount that could be paid to any participant was \$1,000,000. For fiscal year 2006, revenue growth fell below the VIP's minimum payout thresholds, and no bonus amounts were paid.

For the 2007 fiscal year, the VIP operates in a substantially similar way to the 2006 VIP. If 100% of both the corporate revenue and operating targets are achieved, the VIP will pay out 100% of the individual target bonus for each executive. If 120% of the revenue and operating targets are achieved, the VIP will pay out approximately 150% of the individual target bonus for each executive. If 90% of the revenue and 100% of the operating targets are achieved, the VIP will pay out approximately 47% of the individual target bonus for each executive. No payments will be made if less than 90% of the revenue target and less than 100% of operating income target is achieved, or at any time less than 90% of the operating target are achieved. Awards are interpolated between specified performance levels. The maximum amount that can be paid to any one participant under the 2007 VIP is \$2,000,000. For all VIP participants except Messrs. Dugan and Cox, payments under the VIP are based 100% on the achievement of the corporate revenue and operating profits targets. For Messrs. Dugan and Cox, 25% of the their awards come from achievement of the corporate targets set forth in the VIP, while the remaining 75% of their awards come from the achievement of specific revenue and margin targets for the U.S. and international markets, respectively.

Stock Option Grants

Historically, our equity awards have been stock options, which we continue to believe appropriately link individual compensation to individual contribution and company performance, and align the executives' financial interests with those of our shareholders. In light of accounting standard and market practice changes, in 2005 the committee evaluated whether to structure executive officers' compensation packages to include stock options, restricted stock unit grants or other types of equity awards made available to our officers and employees. As part of this process, in April 2005, SonoSite shareholders approved the 2005 Plan and the 2005 Employee Stock Purchase Plan. In early 2006, for the first time, the committee made equity grants consisting of both stock options and restricted stock units to senior executives, including the named executive officers. Grants to officers are made out of the company's 1998 Plan and the 2005 Plan.

13

Generally, stock option award levels are determined based on Market Data and the amount of stock available for grant in the equity plans. Both cash compensation and equity are benchmarked annually as part of a comparison of total direct cash compensation with the Market Data. In general, equity awards for senior executives are targeted at the median level (50th percentile) of this Market Data. The award amount varies among participants based on position within the company and level of responsibility. Awards of stock to insiders subject to Section 16 of the Securities Act of 1933 require the approval of the committee. All awards under the company's stock plans are made at the market price at the time of the award in accordance with the provisions of our stock plans. The plans require that awards be priced at the "fair market value" which is defined in the 1998 Plan and 2005 Plan as the average of the highest and lowest quoted sales prices for SonoSite's common stock on the NASDAQ on the date of grant.

In 2006 and 2007, equity awards to named executive officers were made in the first quarter of each fiscal year following an annual review of the Market Data provided by the committee's consultant in the fourth quarter of the previous fiscal year. While the committee generally grants equity-based compensation in the first quarter of the year following this review, it retains discretion to make additional awards to named executive officers for retention or promotion purposes. In the case of a newly promoted or hired executive, the grant date is generally the date of the promotion or the beginning date of employment. Equity-based grants are generally made at regularly scheduled quarterly meetings of the committee. We do not have any program, plan or practice to time annual or ad hoc grants of equity-based awards in coordination with the release of material non-public information or otherwise, although on occasion, as with the 2007 grants detailed below, the committee has granted restricted stock unit grants to named executive officers at its regularly scheduled committee meeting that preceded the public announcement of the company's 2006 year-end and fourth quarter 2006 financial results.

During 2005, no stock options or stock awards were granted to our named executive officers. In March 2006, the following awards were granted: Mr. Goodwin received 60,000 stock options and 20,000 restricted stock units, Messrs. Garrett and Cox received 30,000 stock options and 10,000 restricted stock units, Mr. Schuh received 18,000 stock options and 6,000 restricted stock units, and Ms. Surace-Smith received 27,000 stock options and 9,000 restricted stock units. These restricted stock unit awards vest fully on the third-year anniversary of the

grant date and the options vest monthly and become 100% vested and exercisable three years from the date of grant. These awards were made in a ratio of three options to one restricted stock unit, based on market data provided by the committee's outside compensation consultant at the time, AON Consulting. AON advised that market practice was to value one "full value" stock grant (i.e. a restricted stock unit) as equivalent to three options. In April 2006, as a result of an additional review of Mr. Goodwin's compensation, the committee awarded Mr. Goodwin 20,000 restricted stock units. In February 2007, the committee granted Mr. Goodwin 10,000 restricted stock units and granted Messrs. Cox, Dugan and Schuh and Ms. Surace-Smith each 5,000 restricted stock units. The restricted stock units vest fully on the third-year anniversary of the grant date.

Under its charter, the compensation committee is the administrator of all of our equity plans, including the 1998 Plan and the 2005 Plan. The committee, among other things, approves grantees under the Plans who have been proposed by management, approves the form of grant agreements, determines the terms and restrictions applicable to the equity awards and adopts sub-plans for particular subsidiaries or locations. The board has delegated to the chief executive officer the authority to approve individual stock awards up to a total of 25,000 stock options per person and up to a total of 8,000 restricted stock units per person to non-executive officers and employees. The committee also monitors the dilution and overhang effects of our outstanding stock options in relation to the total number of outstanding shares of our common stock.

The company does not have stock ownership or retention guidelines for its officers or directors. However, our named executive officers, along with other key employees, are subject to the company's special trading policy, which restricts insiders' trading in company stock to defined periods each quarter starting on the second day following the release of quarterly earnings to the fifteenth day prior to the end of a financial quarter. In addition, employees subject to this policy must receive written pre-clearance from our chief financial officer prior to conducting any trades. Purchases and sales of stock pursuant to pre-approved 10b5-1 trading plans and purchases pursuant to the company's employee stock purchase plan are exempt from this policy. The company encourages executives to adopt 10b5-1 plans but does not require their use for all trading activity.

Change in Control Agreements

Except in the case of a change in control of the company, the company is not obligated to pay severance or other enhanced benefits to any executive officers upon termination of their employment. However, we have entered into change in control severance agreements with certain key employees, including the named executive officers. These are designed promote stability and retention of senior management prior to and following a change in control and to align executive and shareholder interests by enabling executives to consider corporate transactions that are in the best interests of the shareholders and other constituents of the company without undue concern over whether the transactions may jeopardize the executives' own employment. Information regarding these arrangements is provided in the section "Payments Made Upon a Change in Control."

Benefits

At its October 24, 2006 meeting, the committee approved the purchase of new life and disability insurance policies to provide individual coverage for the company's senior executives, including its named executive officers. The change in control agreements with its executives (described below in the section "Payments Made Upon a Change in Control") require SonoSite to provide insurance benefits to executives in the event of termination of employment following a change in control that are no less favorable than the benefits in effect on the date of the change in control. Because the company would not be able to maintain equivalent life and disability insurance policies under the existing group benefit plan for employees no longer employed following a change in control, new plans will be purchased to ensure compliance with the provisions of the agreements if such benefits were required in the future. These plans will provide an equivalent level of life insurance and a higher cap on disability insurance benefits than the plans that are generally available to all employees. These benefits have not yet been purchased and are expected to be implemented for each covered individual in 2007.

TAX AND ACCOUNTING CONSIDERATIONS.

Deductibility of Executive Compensation

In making compensation decisions affecting the executive officers, the compensation committee considers SonoSite's ability to deduct under applicable federal corporate income tax law compensation payments made to executives. Specifically, the committee considers the requirements and impact of Section 162(m) of the Internal Revenue Code, which generally disallows a tax deduction for annual compensation in excess of \$1 million paid to our named executive officers. Certain compensation that qualifies under applicable tax regulations as "performance-based" compensation is specifically exempted from this deduction rule. The committee cannot assure that it will be able to fully deduct all amounts of compensation paid to persons who are named executive officers in the future. Further, because the committee believes it is important to preserve flexibility in designing its compensation programs, it has not adopted a policy that all compensation must qualify as deductible under Section 162(m). The cash compensation that SonoSite paid to each of its named executive officers during fiscal year 2006 was below \$1,000,000. We believe that stock options granted to named executive officers under the 1998 Plan and 2005 Plan would qualify as "performance-based compensation" and therefore are Section 162(m) qualified. Annual cash incentive awards under the VIP and restricted stock units with time-based vesting under the 2005 Plan are not Section 162(m) qualified.

Accounting for Stock-Based Compensation

On January 1, 2006, the company adopted the fair value recognition provisions of Statement of Financial Accounting Standards No. 123R, "Share-Based Payment", to account for all stock grants under all of its stock plans.

- (1) For fiscal year 2006, corporate performance fell below the VIP's minimum payout thresholds, so no amounts were paid under the VIP.
- (2) Mr. Cox's 2006 VIP bonus matrix was based on specific revenue and operating profit targets with 25% based on overall corporate targets and 75% based on international targets. This amount represents a minimum

bonus payout assuming the minimum objective of both these targets was met.

- (3) The VIP bonus matrix for each named executive officer is not capped; the terms of the plan, however, provide that no participant shall receive more than \$1,000,000 under the VIP.
- (4) All such restricted stock grants vest fully on the third anniversary of the date of grant.
- (5) All such options vest monthly from the date of grant, fully vesting in four years.
- (6) SonoSite calculates the option exercise price and the fair value of stock awards by using the average of the high and low prices on the grant date.
- (7) The value of the stock and option awards has been computed in accordance with Statement of Financial Standards (SFAS) No. 123R, "Share-Based Payment," which requires that we recognize as compensation expense the value of all stock-based awards, including stock options, granted to employees in exchange for services over the requisite service period, which is typically the vesting period. For more information, see Note 9 in the Notes to Financial Statements contained in our Annual Report on Form 10-K for the year ended December 31, 2006.

NONQUALIFIED DEFERRED COMPENSATION

SonoSite does not maintain a nonqualified deferred compensation plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We have entered into Senior Management Employment Agreements (the "Agreements") with each of our named executive officers and certain other company officers. These agreements are substantially similar to each other and provide for the benefits and payments described below. Our 1998 and 2005 Plans also provide for equity acceleration upon a change in control as detailed below.

Payments upon Voluntary Termination or Termination for Cause. If an executive's employment is terminated voluntarily by the executive or by SonoSite for "Cause", the executive is entitled to receive only previously accrued compensation.

Payments upon Involuntary Termination Prior to a Change in Control. If an executive's employment is terminated involuntarily by SonoSite (whether with or without Cause) prior to a "Change in Control", the executive is entitled to receive only previously accrued compensation.

Payments upon Involuntary Termination following a Change in Control. Pursuant to the Agreements, our executives are entitled to certain payments and benefits upon specified terminations of employment. In the event of an involuntary termination (meaning a termination of employment by SonoSite without Cause or by the executive for "Good Reason") following a change in control, the executive is entitled to receive (a) a lump sum payment equal to twice the executive's annual salary ("salary severance"), (b) a lump sum payment equal to twice the percentage of the executive's annual salary paid as a bonus for the fiscal year immediately preceding the change of control or, if no such bonus has been paid or determined, 10% ("bonus severance"), and (c) 12 months' continued life, disability, health, dental and other employee welfare benefits for executive and his or her dependents ("benefits/perquisites"), which may be paid at SonoSite's discretion in a lump sum or over time. In addition, the executive is entitled to a gross-up for any change in control excise taxes, if the payments or benefits under the Agreement, together with any other benefits, trigger such excise taxes.

19

Payments upon Change in Control. Pursuant to outstanding equity award agreements, all outstanding stock options and restricted shares held by executives vest in full upon a change in control, as that term is defined in the 1998 and 2005 Plans. Under the 1998 Plan and 2005 Plan, upon a change in control, each outstanding unvested option will automatically vest and become exercisable. In addition, under the 1998 Plan, during the 90-day period following a change in control, an optionee may choose to receive cash equal to the difference between the exercise price of the option and the fair market value of a share of common stock of SonoSite as determined pursuant to the 1998 Plan, in lieu of exercising the option and paying the option price. All restrictions on shares of restricted stock granted under the 1998 Plan or 2005 Plan will lapse upon a change in control. These acceleration provisions also apply to all outstanding equity awards issued to all employees.

In addition, pursuant to the Agreements, following a change in control, our executives are guaranteed during the term of such agreements (a) an annual salary no less than the annual salary in effect immediately prior to the change in control, (b) an annual bonus opportunity in an amount no less than the average of the executive's three annual bonuses paid in the three years prior to the change in control, (c) equivalent employee benefits and (d) in the event of the executive's death or disability, 24 months' continued welfare benefits for executive and executive's dependents, as applicable. If a change in control were to have occurred on December 31, 2006, Mr. Goodwin would be guaranteed an annual base salary of \$450,000, annual bonus opportunity of \$211,421, and benefits with a monthly value of approximately \$806, Mr. Schuh would be guaranteed an annual base salary of \$200,000, annual bonus opportunity of \$77,373, and benefits with a monthly value of approximately \$1,263, Mr. Cox would be guaranteed an annual base salary of \$250,000, annual bonus opportunity of \$134,596, and benefits with a monthly value of approximately \$115, Mr. Dugan would be guaranteed an annual base salary of \$250,000, annual bonus opportunity of \$169,411, and benefits with a monthly value of approximately \$1,254, and Ms. Surace-Smith would be guaranteed an annual base salary of \$200,000, annual bonus opportunity of \$86,500, and benefits with a monthly value of approximately \$461.

Payment upon Death, Disability, or Retirement. Generally, upon termination of employment due to death, disability, or retirement, the executive is entitled to payments under SonoSite's standard life, disability, and retirement (401(k)) plans in accordance with the terms of the applicable plan and in a manner consistent with the treatment of all SonoSite salaried employees.

Other Provisions of the Agreements. Each Agreement provides for an initial term of two years, with automatic renewal for successive two-year terms on each annual anniversary date of the Agreement, unless earlier terminated. If a change in control (as defined in the Agreements) occurs, however, each Agreement will expire two years after the change in control, unless earlier terminated. Each Agreement may be earlier terminated (a) prior to a change in control, by us upon 30 days' prior written notice, so long as a change in control does not occur prior to the termination date set forth in the notice; (b) prior to a change in control, by the executive upon 30 days' prior written notice, whether or not a change in control occurs prior to the termination date set forth in the notice; and (c) after a change in control, by us or the executive upon 30 days prior written notice. Notwithstanding the foregoing, once benefits have been triggered under the Agreements, termination of the Agreements does not terminate continuation of the benefits required to be provided under the Agreements.

The table below shows the value of payments and benefits our executives are entitled to receive upon certain terminations of employment or in the event of a change in control.

- (2) [Change in Control] is generally defined under the Agreements as any of the following: (a) a board change where a majority of seats are occupied by individuals who were not nominated or appointed by a majority of incumbent directors (excluding from incumbent directors individuals elected as a result of an actual or threatened proxy contest), (b) the acquisition by any person of (i) 15% or more of SonoSite voting power, if the acquisition was not approved by a majority of incumbent directors, or (ii) 33% or more of SonoSite voting power, if the acquisition was approved by a majority of incumbent directors; provided, however, that acquisitions by SonoSite or its benefit plans will not constitute a change in control, (c) a merger where SonoSite is not the surviving entity unless (i) SonoSite shareholders control at least 66-2/3% of the post-transaction voting power, (ii) no person obtains, as a result of the transaction, 33% or more of the post-transaction voting power, and (iii) a majority of the post-transaction company board consists of SonoSite incumbent directors, or (d) a liquidation or sale of all or substantially all of SonoSite's assets unless the sale is to a company where (i) SonoSite shareholders control at least 66-2/3% of the voting power, (ii) no person has obtained 33% or more of the voting power as a result of the sale, and (iii) a majority of directors were approved by SonoSite incumbent directors.

[Change in Control] is generally defined under the 1998 Plan as any of the following: (a) a board change where a majority of seats are occupied by individuals who were not nominated or appointed by a majority of incumbent directors (excluding from incumbent directors individuals elected as a result of an actual or threatened proxy contest), (b) the acquisition by any person of (i) 20% or more of SonoSite voting power, if the acquisition was not approved by a majority of incumbent directors, or (ii) 33% or more of SonoSite voting power, if the acquisition was approved by a majority of incumbent directors; provided, however, that acquisitions by SonoSite or its benefit plans will not constitute a change in control, (c) a merger where SonoSite is not the surviving entity unless (i) SonoSite shareholders control at least 60% of the post-transaction voting power, (ii) no person obtains, as a result of the transaction, 33% or more of the post-transaction voting power, and (iii) a majority of the post-transaction company board consists of SonoSite incumbent directors, or (d) a liquidation or sale of all or substantially all of SonoSite's assets unless the sale is to a company where (i) SonoSite shareholders control at least 60% of the voting power, (ii) no person has obtained 33% or more of the voting power as a result of the sale, and (iii) a majority of directors were approved by SonoSite incumbent directors.

[Change in Control] is generally defined under the 2005 Plan as any of the following: (a) any merger or consolidation in which the Company shall not be the surviving entity (or survives only as a subsidiary of another entity whose shareholders did not own all or substantially all of the Common Stock in substantially the same proportions as immediately prior to such transaction), (b) the sale of all or substantially all of the Company's assets to any other person or entity (other than a wholly-owned subsidiary), (c) the acquisition of beneficial ownership of a controlling interest (including, without limitation, power to vote) the outstanding shares of Common Stock by any person or entity, (d) the dissolution or liquidation of the Company, (e) a contested election of directors, as a result of which or in connection with which the incumbent directors cease to constitute a majority of the Board, or (f) any other event specified by the board or a committee.

- (3) [Good Reason] is generally defined under the Agreements as, without the executive's express written consent, (a) (i) the assignment to the executive of duties, or limitation of executive's responsibilities, inconsistent with executive's title, position, duties, responsibilities and status with SonoSite or any subsidiary as such duties and responsibilities existed immediately prior to the date of the change in control, or, (ii) removal of the executive from, or failure to re-elect the executive to, executive's positions with SonoSite or any subsidiary immediately prior to the change in control, except in connection with the involuntary termination of the executive's employment by SonoSite for cause or as a result of the executive's death or disability, (b) failure by SonoSite to pay, or reduction by SonoSite of, the executive's annual base salary, as reflected in payroll records for the pay period immediately prior to the change in control, (c) failure by SonoSite to pay, or reduction by SonoSite of, the executive's salary and benefits, (d) the relocation of the principal place of the executive's employment to a location that is more than twenty-five miles further from the executive's principal residence than such principal place of employment immediately prior to the change in control, or (e) the breach of any material provision of the executive's Agreement by SonoSite, including, without limitation, failure by SonoSite to bind any successor to the agreement.

-
- (4) Value of benefits has been discounted to present value using a 5.89% discount factor (120% of IRS December, 2006 discount rate, assuming semi-annual compounding). The amounts for Mr. Cox include supplemental benefits that would be provided by the company under the Agreement; he would also be

entitled to statutory national insurance benefits under U.K. law.

- (5) Assumes a per share price of \$30.93, the closing price for a share of SonoSite common stock on December 29, 2006. Amount presented reflects accelerating options and restricted shares. The amount was calculated by subtracting the option/restricted share exercise/purchase price, if any, from \$30.93.
- (6) Calculated valuing change in control payments and benefits in accordance with IRS revenue procedure 2003- 68; \$30.93/share stock price, 36.45% marginal tax rate, 4.91% and 4.68% short-term and mid-term AFRs (IRS AFRs for December, 2006), 4.71% risk-free-rate (yield on 10-year U.S. treasury bond on December 29, 2006), and medium stock volatility.
- (7) Mr. Cox was not a U.S. taxpayer as of December 31, 2006, so he is not subject to taxation that would trigger a gross-up payment.
- (8) In the event of an Involuntary Termination Related to a Change of Control, our named executive officers are entitled to the equity acceleration listed under Change in Control Only and the benefits listed under Involuntary Termination Related to Change in Control. Although not shown in this row, the excise tax and the gross-up associated with the value of the equity acceleration shown under Change in Control Only is reflected in the gross-up amount.
- (9) In the event of a change in control, our named executive officers also are guaranteed minimum payments and benefits as set forth above under Payments Upon Change in Control.
- (10) Mr. Dugan commenced employment on July 11, 2005. Bonus severance has been annualized.

NON-EMPLOYEE DIRECTOR COMPENSATION

SonoSite uses a combination of cash and stock-based incentive compensation to compensate its board members.

Cash Compensation

Directors who are employees of SonoSite do not receive any fee for their services as directors. Directors who are not employees of SonoSite are paid an annual retainer of \$20,000 plus \$1,000 per day for each board of directors meeting attended in person and \$500 for each board meeting attended by telephone. Additionally, annual retainers are paid for the following committee chairs: audit committee: \$10,000, compensation committee: \$6,000, nominating and corporate governance committee: \$2,000 and innovation and technology committee: \$2,000. Annual retainers are paid for serving as members of the board committees as follows: audit committee: \$5,000, compensation committee: \$3,000, nominating and corporate governance committee: \$1,000 and innovation and technology committee: \$1,000. Any nonemployee director serving as chairperson of the board is paid an additional annual retainer of \$20,000. We also reimburse directors for reasonable expenses they incur in attending meetings of the board.

Stock Option Program

Directors are eligible to receive options to purchase shares of our common stock under our 1998 Plan and 2005 Plan. Each nonemployee director, including the chairperson, automatically receives an option to purchase 15,000 shares of our common stock on the date of his or her initial election or appointment as director. Each nonemployee director, including the chairperson, thereafter receives an option to purchase 10,000 shares of our common stock immediately following the next year's annual meeting of shareholders (provided such director did not receive an initial grant upon appointment to the board of directors in that same year), and following each annual meeting of shareholders thereafter for as long as the director serves on our board. All options have an exercise price equal to the fair market value of the common stock on the date of grant. Options vest in full and become exercisable 12 months after the date of grant, assuming a director's continued service on our board of directors during this time. Options granted under the 1998 Plan expire on the tenth anniversary of the date of grant

Edgar Filing: SONOSITE INC - Form DEF 14A

and options granted under the 2005 Plan expire on the seventh anniversary of the date of grant. Under the 1998 and 2005 Plans, upon a change in control, each outstanding unvested option will automatically vest and become exercisable in full.

The following table summarizes director compensation during the fiscal year:

AUDIT COMMITTEE REPORT

The information contained in the following report of the audit committee of our board of directors shall not be deemed to be [soliciting material] or [filed] with the SEC except to the extent that SonoSite specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The audit committee of the board of directors for 2006 was composed of Paul V. Haack (chairperson), Carmen L. Diersen, Edward V. Fritzky and William G. Parzybok, Jr. Messrs. Parzybok and Fritzky and Ms. Diersen served on the audit committee for the entire year of 2006. In February 2006, Mr. Haack joined the board and was appointed to the committee. On February 14, 2006, the board of directors appointed Mr. Haack as chairperson of the audit committee effective April 26, 2006. Our board of directors has determined that all audit committee members are [independent] for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended, and as defined in Rule 4200(a)(15) of the NASDAQ Stock Market Marketplace Rules. The audit committee operates under a written charter, adopted by the board of directors on October 21, 2002, and revised most recently on October 24, 2006. We are in compliance with the listing standards of the NASDAQ Stock Market on audit committee charters and composition.

Our management is responsible for our internal controls and the financial reporting process. Our independent registered public accounting firm, KPMG LLP ([KPMG]), is responsible for conducting an audit in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion on the Company's consolidated financial statements, an opinion on management's assessment of the effectiveness of internal controls over financial reporting and an opinion on the effectiveness of the Company's internal controls over financial reporting based on the audit. The audit committee's responsibility is to monitor and oversee these processes. In addition, the audit committee recommends to the full board of directors the selection of our independent registered public accounting firm.

In this context, the audit committee has met and held discussions with management and KPMG. In addition, the members of the audit committee individually reviewed our consolidated financial statements before their filing with the SEC in our periodic reports on Forms 10-Q and 10-K. Management represented to the audit committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee reviewed and discussed the consolidated financial statements with management and KPMG. The audit committee met with representatives of KPMG, without management present, to discuss the results of its audit, the evaluation of our internal controls and the overall quality of our financial reporting. The audit committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61, [Communication with Audit Committees].

The audit committee also reviewed with KPMG, the written disclosures required by the Independence Standards Board's Standard No. 1, [Independence Discussions with Audit Committees], and considered the compatibility of non-audit services with KPMG's independence. During 2006, the audit committee pre-approved all audit and non-audit services provided by KPMG.

Based on the audit committee's discussion with management and KPMG and its review of the representation of management and the report of KPMG to the audit committee, the audit committee recommended that the board include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2006, filed with the SEC.

The foregoing report is provided by the following directors, who constitute the audit committee:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The company recognizes that transactions between the company and any of its directors or executives can present potential or actual conflicts of interest and create the appearance that company decisions are based on considerations other than the best interests of the company and its shareholders. Nevertheless, the company recognizes that there are situations where such transactions may be in, or may not be inconsistent with, the best interests of the company. Therefore, pursuant to the requirements of its charter, the audit committee of the board of directors reviews and, if appropriate, approves or ratifies any such transactions in which the company is or will be a participant, and in which any of the company's directors or executives had, has or will have a direct or indirect material interest. The committee will only approve or ratify those transactions that are in, or are not inconsistent with, the best interests of the company and its shareholders, as the committee determines in good faith.

Change in Control Agreements With our Executive Officers. We have entered into change in control agreements with our named executive officers. See "Potential Payments Upon Termination or Change In Control."

Indemnification Agreements. Our articles of incorporation and bylaws allow us to indemnify our officers and directors to the fullest extent permitted by the Washington Business Corporation Act. In addition, our articles provide the company with the authority to purchase director and officer liability insurance to meet these obligations. We currently provide such insurance and intend to maintain it.

In addition, we have entered into indemnification agreements with our directors and key executives, including our named executive officers. These agreements require SonoSite to advance fees and expenses incurred by a director or officer in defense of a legal proceeding brought against him or her as a result of actions performed as a director or officer. The advancement of such costs is conditioned upon the director or officer providing to SonoSite an undertaking stating that such costs will be repaid to SonoSite if there is a final adjudication by a court that the individual is not entitled to such indemnification. The agreement obligates SonoSite to pay any damages, losses, and claims resulting from such legal proceeding, with the exception of actions, claims or proceedings (i) in which the director or officer is adjudged liable to SonoSite; (ii) in which the director or officer is adjudged liable on the basis that personal benefit was improperly received by the director or officer (for example, insider trading and short swing trading under Section 16); (iii) in which the director or officer is adjudged to have engaged in intentional misconduct or a knowing violation of law; and (iv) if SonoSite is otherwise prohibited by applicable law from paying such indemnification.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and persons who beneficially own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no forms were required for those persons, we believe that during the 2006 fiscal year, all filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with except as set forth in this paragraph. Due to an administrative error, the Forms 4 for the annual director stock option grants for each of the nonemployee directors on April 25, 2006 were inadvertently filed three days late.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF KPMG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP has been recommended by the audit committee of the board of directors for reappointment as our independent registered public accounting firm. KPMG LLP has been our independent registered public accounting firm since 1998. The firm is registered with the Public Company Accounting Oversight Board. The board of directors has appointed KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2007.

Shareholder ratification of the selection of KPMG LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the board of directors is submitting the appointment of KPMG LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of SonoSite and its shareholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the appointment of KPMG LLP.

A representative of KPMG LLP is expected to be present at the annual meeting and will have the opportunity to make a statement, if the representative so desires. The representative will be available to respond to appropriate questions from shareholders.

The Board of Directors Unanimously Recommends a Vote FOR the Ratification of the Appointment of KPMG LLP as Independent Registered Public Accounting Firm.
