(1) Beneficial ownership of the shares of Series A common stock, par value \$0.0001 per share (the "Series A Common Stock"), of Asterias Biotherapeutics, Inc., a Delaware Corporation (the "Issuer"), is being reported hereunder because the Reporting Person may be deemed to have beneficial ownership of such shares of Series A Common Stock by virtue of such shares of Series A Common Stock being issued to the Reporting Person pursuant to the Asset Contribution Agreement (as defined below) described in Item 4 below. As described in Item 4 below, under the terms of the Asset Contribution Agreement and subject to applicable law, the Reporting Person is contractually obligated to distribute all of such shares of Series A Common Stock to the Reporting Person's stockholders on a pro rata basis, other than with respect to fractional shares and shares that would otherwise be distributed to the Reporting Person's stockholders in certain to-be-determined excluded jurisdictions, which shares, as required by the Asset Contribution Agreement, will be sold with the net cash proceeds therefrom distributed ratably to the Reporting Person's stockholders who would otherwise be entitled to receive such fractional or excluded-jurisdiction shares. Neither the filing of this statement on Schedule 13D nor any of its contents shall be deemed to constitute an admission by the Reporting Person that it is the beneficial owner of any of such shares for purposes of Section 13(d) of the Securities Exchange Act or for any other purpose, and such beneficial ownership is hereby expressly disclaimed.

(2) The percentages used herein are calculated based on an aggregate total of 6,537,779 shares of Series A Common Stock issued and outstanding as of October 1, 2013, as represented by the Issuer in the Asset Contribution Agreement filed as Exhibit 1 to this Schedule 13D. Upon the closing of the transactions contemplated by the Asset Contribution Agreement, there were also 23,961,040 shares of the Issuer's Series B common stock outstanding, as represented by the Issuer in the Asset Contribution Agreement filed as Exhibit 1 to this Schedule 13D, which shares of Series B common stock may be converted into shares of Series A Common Stock by the Issuer upon the occurrence of certain events. Assuming such conversion had occurred as of October 1, 2013, the percentage reported in Item 13 above would have been 21.4%.

### Item 3 - Source and Amount of Funds or Other Consideration

As described more fully in Item 4 below, Geron acquired 6,537,779 shares of Series A Common Stock in consideration for the divestiture of Geron's human embryonic stem cell assets to Asterias on October 1, 2013 pursuant to the terms of that certain Asset Contribution Agreement, dated as of January 4, 2013, by and amongst Geron, BioTime, Inc. ( **BioTime** ), and Asterias (which is a subsidiary of BioTime), filed as Exhibit 1 to this Schedule 13D (the **Asset Contribution Agreement** ). See Item 4 below for a further description of such Asset Contribution Agreement and the transactions contemplated thereby, which description is incorporated herein by reference in response to this Item 3. Such description of the Asset Contribution Agreement and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Asset Contribution Agreement, a copy of which is filed as Exhibit 1 to this Schedule 13D and is hereby incorporated into this Schedule 13D by reference.

### Item 4 - Purpose of Transaction

On January 4, 2013, Geron, BioTime and Asterias entered into the Asset Contribution Agreement providing for, among other things, the divestiture to Asterias of Geron's human embryonic stem cell assets. Under the terms of the Asset Contribution Agreement, upon the closing of the asset contribution on October 1, 2013, Geron contributed to Asterias Geron's human embryonic stem cell assets, including intellectual property, proprietary technology, materials, equipment, reagents, contracts, regulatory filings, Geron's Phase I clinical trial of oligodendrocyte progenitor cells in patients with acute spinal cord injury, and Geron's autologous cellular immunotherapy program, including data from the Phase I/II clinical trial of the autologous immunotherapy in patients with acute myelogenous leukemia (together with the Phase 1 clinical trial of oligodendrocyte progenitor cells in patients with acute spinal cord injury, the **Clinical Studies** ). On October 1, 2013, Asterias assumed all post-closing liabilities with respect to all of the assets contributed by Geron, including any liabilities related to the Clinical Studies. Additionally, Asterias was substituted for Geron as a party in an appeal by Geron of two rulings in favor of ViaCyte, Inc. by the United States Patent and Trademark Office's Board of Patent Appeals and Interferences, filed by Geron in the United States District Court for the Northern District of California on September 13, 2012 (the **ViaCyte Appeal** ), and Asterias assumed all liabilities arising after October 1, 2013 with respect to the ViaCyte Appeal.

---

As consideration for the contribution of Geron's human embryonic stem cell assets to Asterias, on October 1, 2013, Asterias issued to Geron 6,537,779 shares of Series A Common Stock (the "Subject Securities"). Asterias will also pay royalties to Geron on the sale of products that are commercialized, if any, in reliance upon Geron patents acquired by Asterias. Under the terms of the Asset Contribution Agreement and subject to applicable law, Geron is contractually obligated to distribute all of the Subject Securities to Geron's stockholders on a pro rata basis (the "Series A Distribution"), other than with respect to fractional shares and shares that would otherwise be distributed to the Reporting Person's stockholders in certain to-be-determined excluded jurisdictions, which shares, as required by the Asset Contribution Agreement, will be sold with the net cash proceeds therefrom distributed ratably to the Reporting Person's stockholders who would otherwise be entitled to receive such fractional or excluded-jurisdiction shares. To initiate the Series A Distribution, Geron will set a record date, following notice from BioTime and Asterias that certain securities registration or qualification requirements have been met. Only Geron stockholders as of that record date will be eligible to participate in the Series A Distribution.

On October 1, 2013, BioTime contributed to Asterias 8,902,077 shares of BioTime common stock, five-year warrants to purchase 8,000,000 additional shares of BioTime common stock at an exercise price of \$5.00 per share (the "BioTime Warrants"), minority stakes in two of BioTime's subsidiaries, OrthoCyte Corporation and Cell Cure Neurosciences, Ltd., and certain embryonic stem cell lines produced by BioTime's subsidiary, ES Cell International Pte Ltd, together with a non-exclusive license to Asterias to use such materials for any and all purposes. In addition, BioTime had previously loaned Asterias \$5 million in cash and the principal amount of this debt was cancelled as part of the closing of the asset contribution. In consideration of BioTime's contributions, Asterias issued to BioTime 21,773,340 shares of Asterias Series B common stock and three-year warrants to purchase 3,150,000 additional shares of Asterias Series B common stock at an exercise price of \$5.00 per share. Upon completion of the Series A Distribution, Asterias is contractually obligated to distribute the BioTime Warrants on a pro rata basis to the holders of Series A Common Stock.

The foregoing description of the Asset Contribution Agreement and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Asset Contribution Agreement, a copy of which is filed as Exhibit 1 to this Schedule 13D and is hereby incorporated into this Schedule 13D by reference.

Other than as described in this Item 4 with respect to the transactions contemplated by the Asset Contribution Agreement, including the Series A Distribution, Geron currently has no plans or proposals which relate to or would result in (a) the acquisition by any person of additional securities of the Issuer or any of its subsidiaries; (b) an extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving the Issuer or any of its subsidiaries; (c) a sale or transfer of a material amount of assets of the Issuer or any of its subsidiaries; (d) any material change in the present capitalization or dividend policy of the Issuer; (e) any other material change in the Issuer's business or corporate structure, including but not limited to, if the Issuer is a registered closed-end investment company, any plans or proposals to make any changes in its investment policy for which a vote is required by Section 13 of the Investment Company Act of 1940; (f) changes in the Issuer's charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the Issuer by any person; (g) causing a class of securities of the Issuer to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association; (h) a class of equity securities of the Issuer becoming eligible for termination of registration pursuant to Section 12(g)(4) of the Act; or (i) any action similar to any of those enumerated above.

The filing of this Schedule 13D by the Reporting Person shall not be considered an admission that the Reporting Person is the beneficial owner of any of the shares of Series A Common Stock covered by this Schedule 13D for any purpose, and the Reporting Person expressly disclaims such beneficial ownership.
