Edgar Filing: Stroup John S - Form 4

(3) This represents the difference between the number of SARs exercised (100,000) and the number of shares issued as a result of the exercise (27,474). The number of shares to be issued under a SAR exercise is determined by multiplying the number of SARs being exercised by the difference between the FMV on the date of exercise (\$54.655) and the exercise price (\$25.805). Additional shares are then withheld to satisfy the Company's tax withholding obligations.

(4) This price represents the average sale price for multiple transactions on this line. The prices of the transactions reported on this line ranged from \$54.80 to \$55.4095. Upon request by the SEC staff, the Issuer or a security holder of the Issuer, the Reporting Person will undertake to provide full information regarding the number of shares and prices at which transactions were effected.

(5) One-third of the original grant of 351,580 stock options vested on the first (10/31/2006), second (10/31/2007), and third (10/31/2008) anniversaries of the grant.

(6) From the original grant of 113,600 SARs, 37,867 became exercisable on February 22, 2007, 37,867 became exercisable on February 22, 2008 and 37,866 became exercisable on February 22, 2009.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure.

Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
