PONTE NOSSA ACQUISITION CORP.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO UNAUDITED FINANCIAL STATEMENTS
MARCH 31, 2002

NOTE A - BASIS OF PRESENTATION

The accompanying unaudited financial statements of Ponte Nossa Acquisition Corp. (the "Company") have been prepared in accordance with generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2002 are not necessarily indicative of the results for any future period. These statements should be read in conjunction with the Company's financial statements and notes thereto for the year ended December 31, 2001.

NOTE B - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. Additional capital infusion is necessary in order to acquire business opportunities and achieve profitable operations. This factor raises substantial doubt about the Company's ability to continue as a going concern.

The Company's management intends to raise additional funds through equity offerings. However, there can be no assurance that management will be

Edgar Filing: PONTE NOSSA ACQUISITION CORP - Form 10QSB

successful in this endeavor.

Item 2. Management's Discussion and Analysis or Plan of Operation.

The Company was organized in April 1997 for the purpose of acquiring an interest in a suitable operating business, which may include assets or shares of another entity to be acquired by the Company directly or through a subsidiary, and then listing its securities on an electronic stock exchange. The Company has not yet engaged in business and has had no revenues. As of March 31, 2002, the Company had no assets. The Company's plan of operation over the next 12 months is to complete its proposed merger with VisiJet, Inc. or, if unsuccessful, to search for an alternative acquisition candidate. Management's search for a suitable acquisition candidates will consist exclusively of contacting acquaintances in the business and investment banking community who are likely to know of operating businesses that might be interested in conducting a reorganization with the a blank check company. Management does not intend to conduct any advertising or proactive campaign to locate a suitable acquisition candidate. The Company does not expect to hire any additional employees until

7

such time as an operating company is acquired. Management believes that the Company may require up to an additional \$20,000 over the next 12 months in order to satisfy its working capital requirements. The Company expects to acquire such additional funds from advances or contributions to capital by management. However, management is under no obligation to make additional capital contributions and there can be no assurance management will do so. In the event management is unable or unwilling to contribute additional capital to the Company, management will seek to obtain the necessary capital from other sources. However, management does not believe that there will be many, if any, sources of alternative sources of capital for the Company until such time as it reorganizes with an operating company. In the event management fails to provide or arrange for additional contributions to capital, it is unlikely that the Company will be able to conduct its current level of operations or acquire a suitable operating company.
