## Bank Financial Group

**3<sup>rd</sup> Quarter 2006 • Report to Shareholders • Three and nine months ended July 31, 2006**

TD Bank Financial Group Reports Very Strong  
Third Quarter 2006 Results, Raises Dividend

### **THIRD QUARTER FINANCIAL HIGHLIGHTS compared with the third quarter a year ago:**

- **Reported diluted earnings per share<sup>1</sup> were \$1.09, up 88% from \$.58**
- **Adjusted diluted earnings per share<sup>2</sup> were \$1.21, up 16% from \$1.04.**
- **Reported net income was \$796 million, compared with \$411 million.**
- **Adjusted net income was \$886 million, compared with \$739 million.**

### **THIRD QUARTER ADJUSTMENTS (ITEMS OF NOTE)**

**The third quarter reported diluted earnings per share figures above include the following items of note:**

- **Amortization of intangibles of \$61 million after-tax (8 cents per share), compared with \$91 million after-tax (12 cents per share) in the third quarter last year. The \$61 million is net of a related tax benefit in the future tax liability of \$24 million due to scheduled reductions in the income tax rate.**
- **The impact of hedging relationships accounting guideline (AcG-13) resulting in a loss of \$5 million after-tax (1 cent per share), compared with a loss of \$12 million after-tax (2 cents per share) in the same quarter last year.**
- **The negative impact on the provision for income taxes of the scheduled reductions in the income tax rate, resulting in an offsetting decrease of \$24 million (3 cents per share) in the net future tax assets.**

All dollar amounts are expressed in Canadian currency unless otherwise noted.

- 1 Reported results are prepared in accordance with Canadian generally accepted accounting principles (GAAP).
- 2 Adjusted earnings and reported results referenced in this Press Release and Report to Shareholders are explained in detail on page 5 under the “How the Bank Reports” section. Commencing from the first quarter 2006, the items of note include the Bank’s amortization of intangible assets. Previously, the Bank described adjusted earnings as earnings before amortization of intangibles and items of note.

**TORONTO, August 24, 2006** - TD Bank Financial Group (TDBFG or the “Bank”) today announced its financial results for the third quarter ended July 31, 2006. Results for the quarter reflect a very strong overall performance driven by broad-based contributions across the Bank. TDBFG also announced an increase in the quarterly dividend of 4 cents to 48 cents, representing an increase of 9% per fully paid common share for the quarter ended October 31, 2006.

“This quarter clearly shows our focused and consistent strategy is achieving excellent results across our businesses,” said W. Edmund Clark, TD Bank Financial Group President and Chief Executive Officer. “Our ability to continually grow and leverage our domestic retail operations while tracking progress in our U.S. businesses, confirms that our growth strategy is delivering.” Clark also noted that TDBFG’s Tier 1 capital ratio remained strong at 12.1%.

## **THIRD QUARTER BUSINESS SEGMENT PERFORMANCE**

### **Canadian Personal and Commercial Banking**

TD Canada Trust posted an outstanding quarter with earnings up 21% compared with the third quarter last year. Broad-based volume growth across the businesses and enhanced margins drove record earnings this quarter. Key contributions from Business Banking, real estate secured lending and personal deposits led Canadian Personal and Commercial Banking's ongoing earnings strength.

"Our Canadian Personal and Commercial Bank generated exceptional results again this quarter by maintaining its focus on operational excellence and delivering superior customer service. This performance is particularly remarkable when you consider the consistency of our earnings in a competitive and mature industry segment," said Clark. "Our Personal and Commercial teams continue to work hard at targeting further growth opportunities where we believe we're under-represented such as small business banking, insurance and credit card products, and I'm pleased with the ongoing momentum we're showing in these areas. Leveraging TD Canada Trust's award winning web banking offering is just one of many examples of how we're building core customer relationships that give us the opportunity to deliver an integrated banking experience," added Clark.

### **Wealth Management**

Wealth Management, including the Bank's equity share of TD Ameritrade, produced a strong quarter, with a 54% increase in earnings, compared with the third quarter last year. Domestically, the quarter saw continued earnings strength from TD mutual fund sales, discount brokerage trading volumes and the advice-based businesses. TD Waterhouse Canada is on track to complete its goal of adding 130 net new client-facing advisors by the end of calendar 2006.

TD Ameritrade posted a very strong earnings performance that translated into a net income contribution of \$55 million to the Bank's Wealth Management segment in the quarter. An increase in asset-based revenues for managing client accounts, as well as increased interest rates and spreads led to TD Ameritrade achieving a record quarter. The integration of TD Waterhouse U.S.A continues to progress on schedule.

"Wealth Management followed up last quarter's strong earnings with another great quarter," said Clark. "We're confident the broad-based progress demonstrated by our diversified wealth offering in Canada will continue to produce future earnings growth, positioning us well if capital markets continue to soften," added Clark.

### **U.S. Personal and Commercial Banking**

The Bank's U.S. Personal and Commercial Banking segment earned \$68 million from TD Banknorth in the third quarter. TD Banknorth continues to experience intense competition for high quality loans and deposits in a challenging U.S. banking environment. However, TD Banknorth's asset quality remained strong and diligent expense control was exhibited during the quarter.

As a result of the successful Hudson United Bancorp systems conversion during the quarter, customers at 200 branches in New Jersey, Pennsylvania, Connecticut and the metropolitan New York area were officially introduced to the TD Banknorth network.

"The underlying quality of TD Banknorth's earnings demonstrates their ability to maintain a strong position in a competitive and challenging U.S. banking environment," said Clark. "TD Banknorth remains well positioned for the future and we're pleased with the ongoing progress of the Hudson integration," he added.

**Wholesale Banking**

Wholesale Banking delivered strong earnings in the third quarter defined by broad-based contributions across its businesses, and complemented by robust security gains. Earnings in the quarter increased to \$179 million, an increase of 38% compared with adjusted earnings in third quarter of last year.

“Wholesale Banking’s earnings performance this quarter demonstrates the strength of our ongoing franchise. We reached a major milestone in the third quarter by substantially completing the exit of our global structured products business, repositioning TD Securities to deliver more consistent earnings, with less risk, to better support TDBFG’s strategic objectives,” said Clark.

**Conclusion**

“This quarter was defined by broad-based business results and outstanding earnings, clearly showing our strategy is working,” said Clark. “By continuing to focus on enhancing our strong domestic retail operations and through the investments made to grow in the U.S., I have every reason to believe we’ll continue to drive good short-term results while solidifying a growth platform that delivers long-term shareholder value,” Clark concluded.

---

**CAUTION REGARDING FORWARD-LOOKING STATEMENTS**

From time to time, the Bank makes written and oral forward-looking statements, including in this report, in other filings with Canadian regulators or the U.S. Securities and Exchange Commission (SEC), and in other communications. All such statements are made pursuant to the “safe harbour” provisions of the United States Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. Forward-looking statements include, among others, statements regarding the Bank’s objectives and targets for 2006 and beyond, and strategies to achieve them, the outlook for the Bank’s business lines, and the Bank’s anticipated financial performance. The economic assumptions for 2006 for each of our business segments are set out in the 2005 Annual Report under the headings “Economic Outlook” and “Business Outlook and Focus for 2006”. Forward-looking statements are typically identified by words such as “believe”, “expect”, “anticipate”, “intend”, “estimate”, “plan”, “may” and “could”. By their very nature, these statements require us to make assumptions and are subject to inherent risks and uncertainties, general and specific, which may cause actual results to differ materially from the expectations expressed in the forward-looking statements. Some of the factors that could cause such differences include: the credit, market, liquidity, interest rate, operational, reputational, insurance, strategic, foreign exchange, regulatory, legal and other risks discussed in the management discussion and analysis section in other regulatory filings made in Canada and with the SEC, including the Bank’s 2005 Annual Report; general business and economic conditions in Canada, the United States and other countries in which the Bank conducts business, as well as the effect of changes in monetary policy in those jurisdictions and changes in the foreign exchange rates for the currencies of those jurisdictions; the degree of competition in the markets in which the Bank operates, both from established competitors and new entrants; legislative and regulatory developments; the accuracy and completeness of information the Bank receives on customers and counterparties; the development and introduction of new products and services in markets; expanding existing distribution channels; developing new distribution channels and realizing increased revenue from these channels, including electronic commerce-based efforts; the Bank’s ability to execute its integration, growth and acquisition strategies, including those of its subsidiaries, particularly in the U.S.; changes in accounting policies and methods the Bank uses to report its financial condition, including uncertainties associated with critical accounting assumptions and estimates; the effect of applying future accounting changes; global capital market activity; consolidation in the Canadian financial services sector; the Bank’s ability to attract and retain key executives; reliance on third parties to provide components of the Bank’s business infrastructure; technological changes; change in tax laws; unexpected judicial or regulatory proceedings; continued negative impact of the United States securities litigation environment; unexpected changes in consumer spending and saving habits; the possible impact on the Bank’s businesses of international conflicts and terrorism; acts of God, such as earthquakes; the effects of disease or illness on local, national or international economies; the effects of disruptions to public infrastructure, such as transportation, communications, power or water supply; and management’s ability to anticipate and manage the risks associated with these factors and execute the Bank’s strategies. A substantial amount of the Bank’s business involves making loans or otherwise committing resources to specific companies, industries or countries. Unforeseen events affecting such borrowers, industries or countries could have a material adverse effect on the Bank’s financial results, businesses, financial condition or liquidity. The preceding list is not exhaustive of all possible factors. Other factors could also adversely affect the Bank’s results. For more information, see the discussion starting on page 56 of the Bank’s 2005 Annual Report. All such factors should be considered carefully when making decisions with respect to the Bank, and undue reliance should not be placed on the Bank’s forward-looking statements. The Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf.

*Prior to its release, this document was reviewed by the Bank's Audit Committee and was approved by the Bank's Board of Directors, on the Audit Committee's recommendation.*

---

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF OPERATING PERFORMANCE**

This Management's Discussion and Analysis (MD&A) is presented to enable readers to assess material changes in the financial condition and operational results of TD Bank Financial Group (the "Bank") for the quarter and the nine months ended July 31, 2006, compared with the corresponding periods. This MD&A should be read in conjunction with our unaudited interim consolidated Financial Statements and related Notes included in this Report to Shareholders and with our 2005 Annual Report. This MD&A is dated August 23, 2006. Unless otherwise indicated, all amounts are expressed in Canadian dollars and have been primarily derived from the Bank's annual or interim consolidated financial statements prepared in accordance with Canadian generally accepted accounting principles (GAAP). Certain comparative amounts have been restated to conform with the presentation adopted in the current period. Additional information relating to the Bank is on the Bank's website [www.td.com](http://www.td.com), as well as on SEDAR at [www.sedar.com](http://www.sedar.com).

**HOW WE PERFORMED****Corporate Overview**

The Toronto-Dominion Bank and its subsidiaries are collectively known as TD Bank Financial Group. The Bank serves more than 14 million customers in four key businesses operating in a number of locations in key financial centres around the globe: Canadian Personal and Commercial Banking, including TD Canada Trust; U.S. Personal and Commercial Banking through TD Banknorth; Wealth Management, including TD Waterhouse Canada, TD Waterhouse U.K. and the Bank's investment in TD Ameritrade; and Wholesale Banking, including TD Securities. The Bank also ranks among the world's leading on-line financial services firms, with more than 4.5 million on-line customers. The Bank had \$386 billion in assets, as at July 31, 2006. The Bank is headquartered in Toronto, Canada. The Bank's common stock is listed on the Toronto Stock Exchange and on the New York Stock Exchange under symbol: TD, as well as on the Tokyo Stock Exchange. Additional information relating to the Bank is on the Bank's website at [www.td.com](http://www.td.com), as well as on SEDAR at [www.sedar.com](http://www.sedar.com).

**How the Bank Reports**

The Bank's financial results, as presented on pages 21 to 35 of this Report to Shareholders, are prepared in accordance with GAAP. The Bank refers to results prepared in accordance with GAAP as "reported" results. The Bank also utilizes "adjusted" earnings to assess each of its businesses and to measure overall Bank performance. To arrive at adjusted earnings, the Bank removes "items of note", net of tax, from reported earnings. The items of note are listed in the tables below. The items of note relate to items which management does not believe are indicative of underlying business performance. Commencing the first quarter of 2006, the items of note include the Bank's amortization of intangible assets which primarily relate to the TD Banknorth acquisition in March 2005 and the Canada Trust acquisition in fiscal 2000. Previously, the Bank described adjusted earnings as earnings before the amortization of intangibles and items of note. The Bank believes that adjusted earnings provide the reader with a better understanding of how management views the Bank's performance. As explained, adjusted earnings are different from reported results determined in accordance with GAAP. Adjusted earnings and related terms used in this report are not defined terms under GAAP, and therefore, may not be comparable to similar terms used by other issuers. The tables below provide a reconciliation between the Bank's adjusted earnings and its reported results.

1. Certain comparative amounts have been restated to conform to the presentation adopted in the current period.

2. See additional information in the "Amortization of Intangibles, net of income taxes" table on page 7.

3. Earnings per share (EPS) is computed by dividing income by the weighted average number of shares outstanding during the period. As a result, the sum of the quarterly EPS figures may not equal year-to-date EPS.

4. Items of note in addition to those included in the third quarter of 2006 are as follows: *first quarter 2005* - amortization of intangibles-\$87 million; non-core portfolio loan loss recoveries (sectoral related)-\$20 million; hedging impact due to AcG-13-(\$11) million; and \$23 million relating to general allowance release; *first quarter 2006* - amortization of intangibles-\$82 million; dilution gain of \$1.67 billion (U.S.\$1.45 billion) on the Ameritrade transaction net of costs; dilution loss of \$72 million on the acquisition of Hudson United Bancorp by TD Banknorth; the Bank's share of TD Banknorth's balance sheet restructuring charge of \$19 million (U.S.\$16 million); restructuring charge in connection with the previously announced decision to reposition the Bank's global structured products businesses of \$35 million; the impact of hedging relationships accounting guideline (AcG-13) resulting in a gain of \$10 million; *second quarter 2005* - amortization of intangibles-\$90 million; restructuring charge in connection with the Bank's global structured products businesses of \$15 million; the impact of hedging relationships accounting guideline (AcG-13) resulting in a gain of \$33 million; other tax items related to an internal restructuring tax charge of \$25 million; non-core portfolio loss recoveries-\$24 million; *second quarter 2006* - amortization of intangibles-\$86 million; a reduction to the TD Ameritrade dilution gain of \$5 million; the impact of hedging relationships accounting guideline (AcG-13) resulting in a gain of \$10 million; general loss provision release-\$39 million; *third quarter 2005* - amortization of intangibles - \$91 million; restructuring charge of \$10 million in connection with the repositioning of the Bank's global structured products in Wholesale Banking; the impact of hedging relationships accounting guideline (AcG-13) resulting in a loss of \$12 million; a tax benefit of \$30 million as a result of a higher tax rate applied to the future tax asset related to specific provisions; specific non-core portfolio loan loss recoveries (sectoral related) of \$23 million; loss of \$30 million on exiting a portfolio within the global structured products businesses in Wholesale Banking; and a contingent litigation reserve of \$238 million related to Enron.

5. *Second quarter 2006* - one-time adjustment for the impact of TD Ameritrade earnings, due to the one month lag between fiscal quarter ends. The results of the Bank include its equity share in TD Ameritrade from January 25, 2006 to March 31, 2006. As a result of the one month lag, the impact on earnings per share was approximately 2 cents per share. *Second quarter 2005* - adjustment for the impact of TD Banknorth earnings, due to the one month lag between fiscal quarter ends. Only one month of TD Banknorth earnings were included in the third quarter while two months of funding costs and share issuance affected the quarter.

**Economic Profit and Return on Invested Capital**

The Bank utilizes economic profit as a tool to measure shareholder value creation. Economic profit is adjusted net income available to common shareholders less a charge for average invested capital. Average invested capital is equal to average common equity for the period plus the average cumulative after-tax goodwill and intangible assets amortized as of the reporting date. The rate used in the charge for capital is the equity cost of capital calculated using the capital asset pricing model. The charge represents an assumed minimum return required by common shareholders on the Bank's invested capital. The Bank's goal is to achieve positive and growing economic profit.

Return on invested capital (ROIC) is adjusted net income available to common shareholders divided by average invested capital. ROIC is a variation of the economic profit measure that is useful in comparison to the equity cost of capital. Both ROIC and the cost of capital are percentage rates, while economic profit is a dollar measure. When ROIC exceeds the equity cost of capital, economic profit is positive. The Bank's goal is to maximize economic profit by achieving ROIC that exceeds the equity cost of capital.

Economic profit and ROIC are not defined terms under GAAP. Securities regulators require that companies caution readers that earnings and other measures adjusted to a basis other than GAAP do not have standardized meanings under GAAP and therefore, may not be comparable to similar terms used by other issuers.

The following table reconciles between the Bank's economic profit, return on invested capital and adjusted net income. Adjusted earnings and related terms are discussed in the "How the Bank Reports" section.

## Significant Events and Acquisitions in 2006

### Acquisition of VFC Inc.

On April 19, 2006, the Bank acquired 90.2% of the issued and outstanding common shares of VFC Inc. (VFC), a leading provider of automotive purchase financing and consumer instalment loans, for approximately \$294 million, paid in cash and common shares of the Bank in the amounts of \$224 million and \$70 million, respectively. On May 15, 2006, the Bank acquired the remaining 9.8% of the shares of VFC for approximately \$32 million in cash and Bank shares, resulting in a total purchase consideration of \$328 million, including acquisition costs of \$2 million.

The acquisition was accounted for by the purchase method. VFC's results are reported in the Canadian Personal and Commercial Banking segment. The acquisition of VFC by the Bank contributed \$36 million of cash and cash equivalents, \$435 million of loans, \$245 million of goodwill and intangibles, \$6 million of other assets, \$325 million of secured debt and \$18 million of other liabilities to the Bank's interim consolidated balance sheet. The excess of the total purchase consideration paid over the fair value of the identifiable net assets acquired has been allocated entirely to goodwill. The Bank is in the process of valuing certain intangible assets and, therefore, the allocation of the purchase price is subject to finalization. Goodwill arising from the acquisition is not amortized but assessed for impairment on at least an annual basis.

**TD Banknorth**Hudson United Bancorp

On January 31, 2006, TD Banknorth completed the acquisition of Hudson United Bancorp (Hudson) for total consideration of \$2.2 billion (U.S.\$1.9 billion), consisting of cash consideration of \$1,073 million (U.S.\$941.8 million) and the remainder in TD Banknorth common shares. The cash consideration was funded by the sale of TD Banknorth common shares to the Bank. TD Banknorth consolidates the financial results of Hudson. The transaction resulted in a dilution loss for the Bank of \$72 million, which was recognized in the first quarter of 2006. The acquisition of Hudson by TD Banknorth contributed \$6.0 billion of personal/business loans and mortgages, \$3.2 billion of securities, \$1.9 billion of goodwill and intangibles, \$.8 billion of other assets, \$8.4 billion of deposits and \$3.5 billion of other liabilities to the Bank's interim consolidated balance sheet. The allocation of purchase price is subject to finalization.

Increase in ownership in TD Banknorth

During the nine months ended July 31, 2006, TD Banknorth repurchased 8.5 million of its own shares for \$290 million (U.S.\$255 million) and the Bank acquired .8 million additional shares of TD Banknorth for \$27 million (U.S.\$23 million) in the course of open-market purchases. The Bank began reinvesting in TD Banknorth's dividend reinvestment program in November 2005 and, as of July 31, 2006, had acquired a total of approximately 2.5 million shares of TD Banknorth pursuant to the program. As of July 31, 2006, the Bank's ownership interest in TD Banknorth was 56.5%, an increase from 55.5% as at October 31, 2005.

Interchange Financial Services Corporation

On April 13, 2006, TD Banknorth announced an agreement to acquire Interchange Financial Services Corporation (Interchange), for U.S.\$480.6 million cash consideration. The deal is expected to close in TD Banknorth's first calendar quarter of 2007 and is subject to regulatory approvals and Interchange shareholders' approval.

The cash for the transaction will be financed primarily through TD Banknorth's sale of approximately 13 million of its common shares to the Bank at a price of US\$31.17 per share, for a total of approximately US\$405 million. On a pro forma basis, the Bank's percentage ownership of TD Banknorth will increase to approximately 58.9% after giving effect to the transaction.

**TD Waterhouse U.S.A. and Ameritrade**

On January 24, 2006, the Bank closed the transaction involving the sale of its U.S. brokerage business, TD Waterhouse U.S.A., at a fair market value of \$2.69 billion to Ameritrade Holding Corporation in exchange for a 32.5% ownership in the combined legal entity operating under the name "TD Ameritrade". The transaction resulted in a net dilution gain on sale of U.S.\$1.45 billion (\$1.67 billion) after-tax during the three months ended January 31, 2006 (\$1.64 billion pre-tax). There was a reduction to the TD Ameritrade dilution gain of \$5 million due to final adjustments to the purchase and sale price during the three months ended April 30, 2006.

On acquisition, the Bank's investment in TD Ameritrade less the Bank's share of TD Ameritrade's net book value was approximately \$3.7 billion and consists primarily of intangibles (approximately \$930 million) and goodwill.

The Bank reports its investment in TD Ameritrade using the equity method of accounting. The fiscal periods of the Bank and TD Ameritrade are not coterminus. The Bank's equity share of TD Ameritrade's results for TD Ameritrade's calendar quarter end date has been reported in the Bank's results for the fiscal quarter. The Bank translated its investment in TD Ameritrade at June 30, 2006 using the exchange rate on that date.

In connection with the transaction, TD Waterhouse Canada acquired 100% of Ameritrade's Canadian brokerage operations for \$77 million (U.S.\$67 million) cash consideration, which consisted primarily of intangibles and goodwill.

On February 22, 2006, the Bank announced that it had committed to purchase at least 15 million shares of TD Ameritrade by August 22, 2006 pursuant to one or more stock trading plans in accordance with Rule 10b5-1 under the U.S. Securities Exchange Act and that all purchases would be made in the open market, including through block trades, in compliance with Rule 10b-18 under the U.S. Securities Exchange Act. Under these plans, the Bank acquired 44.4 million additional shares of TD Ameritrade for \$933 million (U.S.\$831 million), which resulted in the Bank's ownership interest in TD Ameritrade increasing from 32.5% to 39.5% as at July 31, 2006.

See Note 13 for more details of acquisitions and dispositions.

---

**FINANCIAL RESULTS OVERVIEW**

---

**Performance Summary**

The following is an analysis of the Bank's performance on an adjusted basis for the third quarter of 2006 against the shareholder indicators the Bank included in the 2005 Annual Report. Shareholder performance indicators help guide and benchmark the Bank's accomplishments. For the purpose of this analysis, the Bank utilizes adjusted earnings, which exclude items of note from the reported results that are prepared in accordance with Canadian GAAP. Adjusted earnings and reported results are explained in detail on page 5 under the "How the Bank Reports" section.

*Economic profit* increased by \$89 million or 34%, from a year ago.

*The total shareholder return* was 6.4% for the twelve months ended July 31, 2006. This result was driven by the appreciation of the Bank's share price as the closing price of \$57.75 on July 31, 2006 was \$1.85 higher than a year earlier, and dividends paid.

*Adjusted diluted earnings per share* was up 16% from a year ago. The increase was the result of strong earnings across our businesses.

*Revenue growth* exceeded expense growth for the Bank.

*Adjusted return on risk-weighted assets* was 2.5%, compared with 2.3% a year ago.

**Net Income**Year-over-year comparison

Reported net income for the quarter was \$796 million, up \$385 million or 94%, from the third quarter of last year. The increase reflected strong results across our businesses and the fact that a \$238 million after-tax contingent litigation reserve related to Enron was recognized in the same quarter last year. Adjusted net income for the quarter was \$886 million, up \$147 million or 20%, from the same quarter a year ago.

Prior quarter comparison

Reported net income for the quarter increased by \$58 million or 8%, from the prior quarter, primarily due to strong performance from across our businesses. Adjusted net income for the quarter increased by \$106 million, or 14%, compared with the prior quarter.

Year-to-date comparison

Reported net income for the nine months ended July 31, 2006 increased by \$2,201 million or 134%, from the same period of last year, primarily due to the dilution gain of \$1.665 billion recorded on the transaction with TD Ameritrade in the first quarter of 2006. The remaining growth was due to the inclusion of TD Banknorth's results and strong results across our businesses and the fact that the contingent litigation reserve related to Enron was recognized in the same period last year. Adjusted net income for the nine months ended July 31, 2006 was up \$405 million or 19%, from the same period of last year.

**Net Interest Income**Year-over-year comparison

Net interest income was \$1,623 million for the quarter, an increase of \$60 million or 4%, compared with the same quarter last year. Average earning assets totalled \$314 billion, up \$12 billion or 4%. The net interest margin as a percentage of average earning assets did not change from 2.05% a year ago.

Net interest income in TD Banknorth increased \$34 million, or 11%, primarily due to the acquisition of Hudson. Net interest income in Canadian Personal and Commercial Banking increased \$166 million, or 15%, largely driven by volume growth across most banking products, particularly in real estate secured lending, core banking, business

deposits and credit cards, as well as improvement in margins. The acquisition of VFC also contributed to the increase. Offsetting these increases was a decrease of \$99 million, or 59%, in net interest income in Wealth Management, primarily due to the sale of TD Waterhouse U.S.A. to Ameritrade. Net interest income in Wholesale Banking decreased by \$37 million, or 23% (on a taxable equivalent basis), largely due to reduced trading-related net interest income in the equity derivatives portfolio.

Prior quarter comparison

Net interest income for the quarter increased by \$196 million, or 14%, from the prior quarter. Average earning assets were 1% lower compared with the prior quarter. The net interest margin as a percentage of average earning assets improved by 21 basis points. Net interest income in Canadian Personal and Commercial Banking increased by \$113 million, or 10%, primarily due to volume increase, higher margins, (particularly in core banking) and the acquisition of VFC. U.S. Personal and Commercial Banking rose by \$15 million, or 5%, due to the acquisition of Hudson. Net interest income in Wholesale Banking increased by \$51 million, or 67% (on a taxable equivalent basis), largely due to higher trading-related net interest income within the interest rate and credit portfolios.

Year-to-date comparison

Net interest income for the nine months ended July 31, 2006 was up \$290 million, or 7%, compared with the same period last year. The increase in net interest income was primarily a result of full period inclusion of TD Banknorth results, which contributed \$953 million to total net interest income in the current period, compared with \$407 million in the prior period. Net interest income in Canadian Personal and Commercial Banking increased \$371 million, or 12%, mainly due to volume growth in real estate secured lending, core banking, business deposits and credit cards, and higher margins. The increase also includes VFC. These increases were partially offset by a decrease of \$160 million, or 34%, in net interest income in Wealth Management, mainly due to the sale of TD Waterhouse U.S.A. to Ameritrade. Net interest income in Wholesale Banking decreased by \$402 million, or 54% (on a taxable equivalent basis), primarily due to reduced trading-related net interest income within the equity and credit businesses.

---

**Other Income**Year-over-year comparison

Reported other income for the quarter increased by \$130 million, or 8%, from the same quarter last year to \$1,665 million, mainly driven by increases in trading revenues, net investment securities gains and card services. There was also growth in service charges, credit fees, insurance revenue and foreign exchange - non trading. These increases were partially offset by lower discount brokerage revenues due to the sale of TD Waterhouse U.S.A. to Ameritrade and lower loan securitization revenues. TD Banknorth contributed \$142 million to other income this quarter. Adjusted other income amounted to \$1,673 million for the quarter, up \$74 million, or 5%, from the third quarter of last year.

*Investment and securities services revenues* were \$500 million, down \$76 million, or 13%, compared with the same quarter last year. Self-directed brokerage fees decreased by \$97 million, or 49%, primarily due to the sale of TD Waterhouse U.S.A. to Ameritrade. Capital market fee revenue (which includes revenues from mergers and acquisitions, underwriting, and equity sales commissions) increased by \$20 million, or 24%, mainly due to increased equity sales commissions and advisory fees. Investment management fees increased by \$9 million, or 24%, due to continued growth in customer assets. Mutual fund management fees have declined by \$10 million, or 6%, from the same quarter last year due to the sale of TD Waterhouse U.S.A. to Ameritrade, however, the decline was partially offset by higher domestic managed assets.

*Trading revenues* were \$160 million, up \$80 million, or 100%, from the same quarter last year. Trading-related income (which is the total of trading income reported in other income and net interest income on trading positions reported in net interest income) increased by \$12 million, or 9%, compared with the same quarter last year, which included a \$46 million loss associated with exiting a portfolio within the global structured products businesses. The increase was partially offset by weaker trading in interest rate portfolios.

*Insurance revenues*, net of claims, increased by \$13 million, or 6%, compared with the same quarter last year, primarily due to increased penetration of existing domestic customers and better loss and claims experience.

*Service charges* increased by \$23 million, or 10%, primarily due to an increase in domestic branch revenues and the inclusion of Hudson results.

*Securitization income* decreased by \$16 million, or 16%, due to lower gains on sales of residential mortgage and credit card loans compared with the same quarter last year.

*Card services* increased by \$22 million, or 27%, largely due to increased credit card volume.

*Net investment securities gains* were \$113 million, up \$46 million, or 69%, compared with the same quarter last year primarily due to strong gains in the equity investment portfolio.

Prior quarter comparison

Reported other income for the quarter decreased by \$26 million, or 2%, from the prior quarter, primarily due to lower investment and securities services revenues and trading income. There were gains in credit fees, net investment securities gains, service charges, loan securitization, card services, insurance revenue and foreign exchange - non-trading. Adjusted other income for the quarter decreased by \$2 million or .1% from the prior quarter.

*Investment and securities services revenues* were down \$32 million, or 6%, compared with prior quarter. Self-directed brokerage fees decreased by \$32 million, or 24%, primarily due lower average trades per day and lower commissions per trade. Capital market fee revenue increased by \$6 million, or 6%, mainly due to higher advisory fees. Investment management fees increased by \$4 million, or 9%, due to growth in customer assets. Full service brokerage revenues decreased by \$10 million, or 13%, from the prior quarter, primarily due to lower trading volumes as a result of slower equity markets.

*Trading revenues* were down \$87 million, or 35%, from the prior quarter. Trading-related income decreased by \$28 million, or 16%, primarily due to weaker trading in equity and energy portfolios.

*Insurance revenues*, net of claims, increased by \$2 million, or 1%, compared with prior quarter, primarily due to continued organic growth and improved claims experience.

*Service charges* increased by \$30 million, or 14%, largely reflecting an increase in domestic branch revenues.

*Securitization income* increased by \$13 million, or 18%.

*Card services* increased by \$17 million, or 20%, largely due to increased volume.

*Net investment securities gains* were up \$31 million, or 38%, compared with prior quarter due to strong gains in the equity investment portfolio.

Year-to-date comparison

Reported other income for the nine months ended July 31, 2006 increased by \$706 million, or 16%, from the same period last year to \$5,153 million, mainly driven by increases in net investment securities gains, trading income, service charges, credit services, insurance revenue and foreign exchange - non-trading. These increases were partially offset by lower investment and securities services revenues due to the sale of TD Waterhouse U.S.A. to Ameritrade and lower loan securitization revenues. Adjusted other income amounted to \$5,182 million for the nine months ended July 31, 2006, up \$705 million, or 16%, from the same period of last year.

*Investment and securities services revenues* were down \$109 million, or 6%, compared with the same period last year as self-directed brokerage fees decreased by \$194 million, or 30%, primarily due to the sale of TD Waterhouse U.S.A. to Ameritrade. Capital market fee revenue increased by \$26 million, or 9%, mainly due to increased equity sales commissions. Investment management fees increased by \$33 million, or 30% and full service broker revenues increased by \$6 million, or 3%, from the same period last year primarily due to solid growth in assets under management and assets under administration respectively. Mutual fund management fees increased by \$8 million, or 2% from the same period last year due to higher domestic managed assets.

---

*Trading revenues* were up \$464 million, or 197%, from the same period last year. Trading-related income increased by \$38 million, or 6%, primarily due to improved trading in equity, energy and foreign exchange portfolios, offset by weaker trading in interest rate portfolios. The same period of last year included the \$46 million loss associated with exiting a portfolio within the global structured products businesses.

*Insurance revenues*, net of claims, increased by \$66 million, or 11%, compared with prior year due to reasons previously discussed.

*Service charges* increased by \$123 million, or 22%, largely reflecting the inclusion of full period TD Banknorth results, the inclusion of Hudson results and an increase in domestic branch revenues.

*Securitization income* decreased by \$45 million, or 15%, due to lower gains on sales of residential mortgage and credit card loans compared with the same period last year.

*Card services* increased by \$76 million, or 39%, largely due to the inclusion of full period results of TD Banknorth and increased volume.

*Net investment securities gains* were up \$52 million, or 31%, compared with the same period last year reflecting gains in the equity investment portfolio.

## Provision for Credit Losses

### Year-over-year comparison

During the quarter, the Bank recorded a provision for credit losses of \$109 million, an increase of \$69 million from the same quarter last year, primarily due to higher net specific provisions recorded during the quarter. Further, a \$42 million recovery in the non-core lending portfolio for amounts previously provided for under sectoral provisions was recognized in the third quarter of prior year.

### Prior quarter comparison

Provision for credit losses for the quarter was up \$93 million, from \$16 million in the prior quarter, primarily due to the \$60 million general loan loss provision release in the prior quarter and a \$34 million increase in net specific provisions in the current quarter, and provision for credit losses relating to VFC.

### Year-to-date comparison

Provision for credit losses for the nine months ended July 31, 2006 increased \$169 million over the same period of the prior year. The increase was primarily attributable to a \$120 million recovery in the non-core lending portfolio related to amounts previously provided for under sectoral provisions that did not recur and higher net provision for credit losses recorded during the current year. The increase was partially offset by a higher release of the general loan loss provision.

## Provision for Credit Losses

**Non-Interest Expenses and Efficiency Ratio**

Year-over-year comparison

Reported expenses for the quarter were \$2,147 million, a decrease of \$430 million, or 17%, from the same quarter last year, mainly reflecting the \$365 million (\$238 million after-tax) contingent litigation reserve related to Enron recognized in the third quarter of prior year which did not recur, expenses of \$212 million related to TD Waterhouse U.S.A. incurred in the third quarter of last year which did not recur due to the sale of TD Waterhouse U.S.A. to Ameritrade, and lower brokerage-related fees, occupancy, restructuring costs and equipment costs. These decreases were partially offset by higher salaries and employee benefits, professional and advisory services and marketing and business development. Adjusted expenses were \$2,021 million for the quarter, down \$31 million, or 2%, from the third quarter of last year.

*Reported efficiency ratio* decreased to 65.3% from 83.2% in the same quarter last year. The Bank's adjusted efficiency ratio was 61.3%, compared with 64.9% a year ago.

Prior quarter comparison

Reported non-interest expenses for the quarter were up \$44 million, or 2%, compared with \$2,103 million last quarter, primarily due to higher marketing and business development expenses, equipment, professional advisory services and salaries and employee benefits. Adjusted expenses for the quarter increased by \$43 million, or 2% from the prior quarter.

*Reported efficiency ratio* was 65.3%, compared with 67.6% in the prior quarter. The Bank's adjusted efficiency ratio was 61.3%, compared with 63.8% in the prior quarter.

---

TD BANK FINANCIAL GROUP • THIRD QUARTER  
2006 REPORT TO SHAREHOLDERS

Page 12

Year-to-date comparison

Reported non-interest expenses for the nine months ended July 31, 2006 were down \$39 million, or 1%, compared with \$6,579 million in the same period of last year, mainly reflecting the contingent litigation reserve related to Enron recognized in the same period of last year which did not recur, expenses related to TD Waterhouse U.S.A. incurred in the same period of last year which did not recur due to the sale of TD Waterhouse U.S.A. to Ameritrade, and lower brokerage-related fees, partially offset by higher salaries and employee benefits, and professional advisory services. Adjusted expenses for the nine months ended July 31, 2006 increased by \$347 million, or 6% from the same period of the prior year.

*Reported efficiency ratio* decreased to 57.5% from 74.6%. The Bank's adjusted efficiency ratio decreased to 62.1% from 65.2%.

**Taxes**

As discussed in the "How the Bank Reports" section, the Bank adjusts its reported earnings to assess each of its businesses and to measure overall Bank performance. As such, the provision for income taxes is stated on a reported and an adjusted basis.

The general trend to reducing corporate taxes continued in the quarter. The federal government legislated tax reductions which are implemented in a phased manner through 2010. Indicated below are the statutory income tax rates and income taxes reconciled to the effective income tax rates and provisions for income taxes that the Bank has recorded in the Consolidated Statement of Income.

## HOW OUR BUSINESSES PERFORMED

For management reporting purposes, the Bank's operations and activities are organized around the following operating business segments: Canadian Personal and Commercial Banking, U.S. Personal and Commercial Banking, Wholesale Banking and Wealth Management, including TD Ameritrade. Canadian Personal and Commercial Banking comprises the Bank's personal and business banking in Canada, as well as the Bank's global insurance operations (excluding the U.S.). Results of each business segment reflect revenues, expenses, assets and liabilities generated by the business in that segment. The Bank measures and evaluates the performance of each segment based on adjusted earnings where applicable, and for those segments the Bank notes that the measure is adjusted. For further details see the "How the Bank Reports" section on page 5. For information concerning the Bank's measures of economic profit and return on invested capital, see page 7. Segmented information also appears in Note 12 on page 31.

Net interest income, primarily within Wholesale Banking, is calculated on a taxable equivalent basis (TEB), which means that the value of non-taxable or tax-exempt income, including dividends, is adjusted to its equivalent before tax value. Using TEB allows the Bank to measure income from all securities and loans consistently and makes for more meaningful comparison of net interest income with similar institutions. The TEB adjustment reflected primarily in the Wholesale Banking segment's results is eliminated in the Corporate segment.

### Canadian Personal and Commercial Banking

Canadian Personal and Commercial Banking net income for the third quarter was \$524 million, an increase of \$90 million, or 21%, from the same quarter last year and an increase of \$59 million, or 13%, from the previous quarter. For the nine months ended July 31, 2006, net income was \$1,465 million, an increase of \$206 million, or 16%, from the same period in the previous year. The annualized return on invested capital increased to 26% this quarter, compared with 23% a year ago and improved 1% from the previous quarter. On a year-to-date basis, the return on invested capital was 25%, up 2% from the previous year. Economic profit grew by \$88 million, or 33%, compared with the same quarter last year and increased by \$47 million, or 15%, compared with the previous quarter. On a year-to-date basis, economic profit was \$975 million, an increase of \$210 million, or 27%, from the previous year. Revenue grew by \$235 million, or 14%, compared with the same quarter last year and increased by \$158 million, or 9%, from last quarter. On a year-to-date basis, total revenue increased \$530 million, or 11%. Volume growth across most banking products accounted for a significant portion of both the quarter-over-quarter and year-over-year growth in revenue. Net interest income also increased from margin improvements, predominantly in personal deposits, benefiting from the rising interest rate environment. Margin on average earning assets increased by 16 basis points (bps) from 2.92% to 3.08% when compared with the same quarter last year, and increased 10 bps when compared with the last quarter. The inclusion of VFC added 5 bps to this quarter. Growth in personal and business deposits and credit fee income also contributed significantly to both quarter-over-quarter and year-over-year growth.

Compared with the same quarter last year, real estate secured lending volume (including securitizations) grew by \$11 billion or 10%, personal deposit volume grew by \$4 billion or 5% and consumer loans grew by \$1 billion or 6%. Business deposits grew by \$3 billion or 11% and business loans and acceptances increased by \$1 billion or 7%. Gross originated insurance premiums grew by \$65 million, or 11%. As of May 2006, personal deposit market share was 21.5%, up 0.1% compared with last year and unchanged from last quarter. Personal lending market share was 20.2%, down 0.2% from last year but unchanged from last quarter. Small business lending (credit limits of less than \$250,000) market share as of March 2006 was 17.6%, up 1.7% from last year and up 0.3% from the previous quarter. Whereas the full time equivalent (FTE) staffing levels increased by 328, or 1%, as compared with the same quarter last year, predominantly due to the addition of VFC, expenses increased by \$83 million, or 9%, compared with the same quarter last year and \$45 million, or 5%, from the previous quarter. On a year-to-date basis, expenses increased by \$213 million, or 8%. Higher employee compensation, higher volume-related business expenses and continued investment in infrastructure were the main factors contributing to the expense increases. A 5% positive spread

between revenue and expense growth resulted in a 2.5% improvement in the efficiency ratio from the same quarter last year to 53.9% on a year-to-date basis, the efficiency ratio stands at 54.8%, 1.6% lower than last year.

Provision for credit losses for the quarter increased by \$14 million, or 16%, compared with the same quarter last year and \$26 million, or 33%, from the previous quarter. On a year-to-date basis, provision for credit losses increased by \$5 million, or 2%. Personal provision for credit losses of \$99 million was \$10 million higher from the same quarter last year, primarily due to the inclusion of VFC beginning this quarter. Business banking provision for credit losses increased \$3 million relative to the same quarter last year on lower net reversals and recoveries this quarter. Annualized provision for credit losses as a percentage of credit volume was 0.25%, an increase of 0.01% from the same quarter last year, primarily due to the impact of VFC.

The outlook for net interest income and fee growth remains strong for both personal and business banking products. Provisions for credit losses on both personal and business banking loans, as well as insurance claims losses, are expected to increase moderately going forward. Expense growth is expected to remain comparable with the quarter, in line with our business strategy and growth expectations, reflecting continued investments in systems development, infrastructure and marketing efforts. A positive gap between revenue growth and expense growth is expected to support continuing double-digit earnings growth in the near term.

---

**U.S. Personal and Commercial Banking**

The U.S. Personal and Commercial Banking segment was established March 1, 2005, as a result of the acquisition of a majority interest in TD Banknorth. The results of TD Banknorth are on a one-month lag basis. On January 31, 2006, TD Banknorth closed on the acquisition of Hudson United Bancorp (Hudson) for approximately \$2.2 billion (U.S. \$1.9 billion) in stock and cash. At January 31, 2006, Hudson had 200 banking offices located in four North-eastern States, total loans of approximately \$6 billion and total deposits of approximately \$8 billion.

U.S. Personal and Commercial Banking net income for the third quarter was \$68 million, the annualized return on invested capital was 4.6% and the economic loss was \$65 million. Net income declined slightly from the third quarter of 2005 as the additional income provided from the Hudson acquisition - was more than offset by increased merger/restructuring charges, margin compression, a stronger Canadian dollar relative to the U.S. dollar, and non-recurring derivatives income recorded in the third quarter of 2005. Net income increased by \$9 million over the prior quarter due to the additional month of Hudson's results included this quarter and lower restructuring costs.

Total revenues were \$484 million, compared with total revenues of \$449 million in last year's third quarter and \$461 million in the prior quarter. Total revenues increased largely due to the acquisition of Hudson. The margin on average earning assets was 4.07%, compared with 3.83% in the prior quarter, an increase of 24 basis points, primarily due to a balance sheet restructuring program completed in March 2006 under which approximately \$2.8 billion (U.S.\$2.5 billion) of fixed rate investment securities were sold with the proceeds used to pay down short-term borrowings. The margin on average earning assets declined by 5 basis points from 4.12% for the third quarter of 2005.

Provision for credit losses was \$10 million, up slightly from the last several quarters, and reflects continued strong asset quality. Net impaired loans increased by \$5 million over the second quarter; net impaired loans as a percentage of total loans and leases was 0.34% at the end of the third quarter, compared with 0.35% at the end of the third quarter of last year and 0.31% at the end of the prior quarter.

Expenses were \$284 million, level with the prior quarter as the increased operating expenses related to the Hudson acquisition were offset by lower merger and restructuring charges and a stronger Canadian dollar relative to the U.S. dollar. The average FTE staffing level was 9,129 for the quarter, compared with 8,581 in the previous quarter; this increase was due largely to Hudson. The efficiency ratio, before amortization of intangibles, was 58.7%. Excluding merger related and restructuring charges, the efficiency ratio was 55.2%. The efficiency ratio, before amortization of intangibles was 55.7% for the third quarter of last year and 61.6% for the prior quarter. Excluding merger related and restructuring charges, the efficiency ratio was 54.3% for the third quarter of last year and 56.6% for the prior quarter.

Segment management is now focused on stabilizing net interest income, the continued integration and development of the Hudson franchise, and organic growth of loans and deposits. Net interest income is expected to continue to be under pressure from intense competition. The various operating systems of Hudson were successfully converted to TD Banknorth systems in May 2006 and the Hudson name change is also largely complete. As a result of the successful conversion, together with a significant marketing and branding effort launched in May 2006, revenue growth from the Hudson region is expected to accelerate. Investments in infrastructure and increased marketing in the Hudson region will partially offset the expected cost savings resulting from the conversion of the Hudson systems.

On April 13, 2006, TD Banknorth announced that it had entered into a definitive agreement to acquire Interchange for approximately U.S. \$480 million in cash. Interchange has 30 bank branches in New Jersey. The acquisition, which is subject to the approval of Interchange shareholders, as well as regulatory approvals, is anticipated to close early in calendar 2007.

**Wholesale Banking**

Wholesale Banking reported net income of \$179 million in the third quarter, \$89 million higher than the third quarter of last year and \$39 million higher than in the previous quarter. On an adjusted basis, net income this quarter was \$179 million, \$49 million higher than the third quarter of last year and \$39 million higher than the previous quarter. For the nine months ended July 31, 2006, reported and adjusted net income was up \$102 million, or 27%, and \$82

million, or 19%, respectively, from the same period in the prior year. The annualized return on invested capital for the quarter was 29%, compared with 20% in the same quarter of last year and 25% in the prior quarter. On a year-to-date basis, the return on invested capital was 30%, up 7% from the previous year. Economic profit was \$109 million in the quarter, compared with \$44 million in the same quarter of last year and \$75 million last quarter. On a year-to-date basis, economic profit was \$316 million, an increase of \$125 million, or 65% from the previous year.

Adjusted net income in the third quarter last year excluded the impact of a \$10 million after-tax restructuring charge (\$15 million before tax) and a \$30 million after-tax loss on exiting a structured derivatives portfolio (\$46 million before tax). These noted adjustments relate to the repositioning of the global structured products businesses, which was announced in 2005. Repositioning of the global structured products businesses was substantially complete as at July 31, 2006. There are no items of note affecting earnings in the current quarter.

Wholesale Banking revenue is derived primarily from capital markets, investing and corporate lending activities. Revenue for the quarter was \$583 million, compared with \$443 million in the same quarter last year and \$534 million last quarter. The capital markets businesses generate revenue from advisory, underwriting, trading, facilitation and execution services. Capital markets revenue increased from the same quarter last year on strong equity sales commissions and an increase in advisory revenue. Trading-related revenue was higher this quarter compared with the same quarter last year, which included a \$46 million loss associated with exiting a portfolio within the global structured products businesses. The increase in capital markets revenue from last quarter is attributable to strong equity sales commissions, partially offset by lower energy and equity trading revenue due to difficult equity markets. The equity investment portfolio delivered very strong security gains compared with the same quarter last year and with the previous quarter. Corporate lending revenues were up slightly on an increase in credit exposure. On a year-to-date basis, total revenue was up \$161 million, or 10%.

---

Provision for credit losses comprises allowances for credit losses and accrual costs for credit protection. The change in the market value of the credit protection, in excess of the accrued cost, is reported in the Corporate segment. Provisions for credit losses were \$15 million in the quarter, compared with \$13 million in the same quarter of last year and \$11 million last quarter. The current provision relates primarily to the cost of credit protection.

Wholesale Banking continues to proactively manage its credit risk and currently holds \$2.8 billion in notional credit default swap protection, a decrease of \$0.8 billion from the same quarter last year, largely a result of rebalancing within the protection portfolio coupled with strengthening of the Canadian dollar relative to the U.S. dollar, as most of the protection is denominated in U.S. currency. Notional credit default swap decreased by \$0.1 billion from last quarter, which mainly related to rebalancing within the portfolio.

Adjusted expenses were \$303 million, an increase of \$7 million, or 2%, compared with the same quarter last year, primarily due to higher variable compensation reflecting stronger performance. Expenses were \$18 million, or 6%, lower than last quarter, largely attributable to a reduction of severance costs. On a year-to-date basis, expenses increased by \$26 million, or 3%, compared with the same period in the prior year.

Overall, the Wholesale Bank had a strong quarter, driven by very strong security gains and a solid broad-based performance in other businesses, and has substantially completed the repositioning of the global structured products businesses. The solid performance of the domestic franchise and other trading businesses reinforces management's confidence in its strategy to grow this portion of the business while continuing to prudently manage the Wholesale Bank's market, credit, and operational risk profile.

### **Wealth Management**

Wealth Management's net income for the third quarter of 2006 was \$152 million, an increase of \$53 million, or 54% from the same quarter last year while remaining flat quarter over quarter. On a year-to-date basis, net income was \$442 million, an increase of \$146 million, or 49% from the previous year. The increase in net income for the quarter included \$55 million share in equity of TD Ameritrade, compared with net income from TD Waterhouse U.S.A. of \$26 million in the third quarter of 2005, which did not recur due to the sale of TD Waterhouse U.S.A. to Ameritrade on January 24, 2006. The increase in net income for the nine months ended July 31, 2006 included \$94 million share in equity of TD Ameritrade, compared with net income from TD Waterhouse U.S.A. of \$57 million in the same period last year, which did not recur due to the sale of TD Waterhouse U.S.A. to Ameritrade. The return on invested capital for the quarter was 18%, up 3% from the same quarter last year and down 8% from the previous quarter. For the nine months ended July 31, 2006, the return on invested capital was 21%, up 6% from the previous year. Economic profit for the quarter was \$59 million, an increase of \$40 million, or over 100%, year over year and a decrease of \$31 million, or 34%, compared with the prior quarter. On a year-to-date basis, economic profit was \$213 million, an increase of \$155 million, or over 100%, from the previous year.

Total revenue for the quarter was \$492 million a decrease of \$183 million, or 27%, from the same quarter last year and \$30 million, or 6%, from the prior quarter. On a year-to-date basis, total revenue decreased \$268 million, or 13%, from the prior year. The decline in total revenue included \$249 million in the third quarter of last year and \$734 million in the nine months ended July 31, 2005, which did not recur due to the sale of TD Waterhouse U.S.A. to Ameritrade, partially offset by stronger results in the domestic businesses. Domestically, interest revenue grew due to higher margin balances. Other revenue growth in domestic Wealth Management was as a result of higher transaction revenue and higher mutual fund fees due to asset growth.

Expenses were \$344 million in the third quarter, a decrease of \$187 million, or 35%, compared with the same quarter last year and \$5 million, or 1%, compared to the prior quarter. On a year-to-date basis, total expenses of \$1.2 billion declined by \$351 million, or 22%, from the prior year. The decline in expenses included \$212 million in the third quarter of last year and \$634 million in the nine months ended July 31, 2005, which did not recur as a result of the sale of TD Waterhouse U.S.A. to Ameritrade, partially offset by increases in domestic discount brokerage and advice-based and investment management businesses. The domestic increases resulted from higher payments by Mutual Funds as a result of growth in assets under management, higher sales force compensation due to growth in the

advice-based businesses and higher clearing costs. The efficiency ratio improved by 9%, from the same quarter last year.

Assets under management of \$143 billion at July 31, 2006 increased \$13 billion or 10% from October 31, 2005 due to market growth, strong sales of mutual funds and growth in institutional assets. Assets under administration totalled \$153 billion at the end of the quarter, decreasing \$162 billion or 51% from October 31, 2005 due to the sale of TD Waterhouse U.S.A. to Ameritrade. This was partially offset by significant growth in domestic assets due to the addition of new assets in all businesses combined with market appreciation.

While the outlook for future growth in Wealth Management remains strong, the next few quarters may be negatively affected by a combination of volatile energy and equity markets, and the recent turmoil in the Middle East, which may dampen investor confidence in the markets.

**Corporate**

Corporate segment results for the quarter reflected a reported net loss of \$127 million and an adjusted loss of \$37 million. Included in the reported results are the amortization of intangibles of \$126 million (\$61 million after-tax) and the negative impact of the scheduled reductions in the income tax rate, resulting in a decrease of \$24 million in the future tax assets. Also included in the results are a loss of \$8 million (\$5 million after-tax) relating to the adoption of the hedging relationships accounting guideline (AcG-13) that requires the Bank to mark-to-market the value of credit protection on the corporate loan portfolio among other economic hedges, and unallocated Corporate segment costs, including costs in support of the Bank's first ever U.S. advertising campaign.

The results for the same quarter of prior year reflected a reported net loss of \$282 million and adjusted net income of \$6 million. Items of note in the comparable period of last year included a \$365 million (\$238 million after-tax) contingent litigation reserve related to Enron, amortization of intangibles of \$145 million (\$91 million after-tax) and a charge of \$18 million (\$12 million after-tax) due to the impact of the hedging relationships accounting guideline (AcG-13). Also included in the results was income of \$42 million (\$23 million after-tax) in the non-core lending portfolio that related to the recovery of amounts previously provided for under sectoral provisions in U.S. subsidiaries and a \$30 million tax benefit relating to a change in tax rates due to the relocation of Houston business operations. Adjusted net income decreased by \$43 million compared with the same quarter last year primarily due to securitization losses and increased unallocated corporate expenses.

The prior quarter reported net loss was \$78 million and adjusted net loss was \$36 million. Results included the amortization of intangibles of \$125 million (\$86 million after-tax), a general allowance release of \$60 million (\$39 million after-tax) and a \$16 million (\$10 million after-tax) gain relating to the impact of the hedging relationships accounting guideline (AcG-13). On an adjusted basis, quarter-over-quarter results were flat.

For the nine months ended July 31, 2006, the Corporate segment reported net income of \$1,278 million and an adjusted net loss of \$116 million. Year-to-date reported results included items of note outlined above, as well as a \$1,665 million after-tax dilution gain on the sale of TD Waterhouse U.S.A. to Ameritrade, partially offset by a \$72 million after-tax dilution loss related to the acquisition of Hudson by TD Banknorth in the first quarter of 2006.

---

**BALANCE SHEET REVIEW**

Total assets were \$386 billion as at July 31, 2006, \$21 billion higher than at October 31, 2005. The increase in assets was partially driven by the acquisition of Hudson by TD Banknorth, which added \$12 billion of assets to the TD Banknorth balance sheet as at January 31, 2006. Trading securities increased by \$8 billion within Wholesale Banking from October 31, 2005 while investment securities remained relatively flat. Business and government loans increased by \$5 billion, compared with October 31, 2005, mainly as a result of the Hudson acquisition. Personal loans, including securitizations, were \$74 billion, an increase of \$2 billion from October 31, 2005, primarily due to the inclusion of Hudson, partially offset by the sale of TD Waterhouse U.S.A. in the first quarter 2006. Residential mortgages, including securitizations, were \$69 billion, an increase of \$1 billion from October 31, 2005. Bank-originated securitized assets not included on the balance sheet amounted to \$25 billion, compared with \$24 billion as at October 31, 2005.

Total deposits were \$256 billion at the end of the quarter, an increase of \$9 billion from October 31, 2005, which was primarily a result of the inclusion of Hudson. Personal term deposits increased by \$6 billion, primarily due to organic growth in the Bank's retail businesses as well as the acquisition of Hudson. Growth in personal non-term deposits was relatively flat this quarter, compared with October 31, 2005 as organic growth and the inclusion of Hudson results was offset by the sale of TD Waterhouse U.S.A. in the first quarter of 2006. Obligations related to securities sold short under repurchase agreements increased by \$8 billion from October 31, 2005, primarily due to funding a higher level of assets within Wholesale Banking.

The Bank enters into structured transactions on behalf of clients which results in assets recorded on the Bank's interim consolidated balance sheet for which market risk has been transferred to third parties via total return swaps. As at July 31, 2006, assets under such arrangements amounted to \$16 billion, compared with \$14 billion as at October 31, 2005. The Bank also acquires market risk on certain assets via total return swaps, without acquiring the cash instruments directly. Assets under such arrangements amounted to \$4 billion as at July 31, 2006, compared with \$5 billion at October 31, 2005. Market risk for all such positions is tracked and monitored, and regulatory market risk capital is maintained.

**CREDIT PORTFOLIO QUALITY**

Gross impaired loans were \$357 million at July 31, 2006, \$8 million higher than at October 31, 2005. Net impaired loans totalled \$(922) million, compared with \$(928) million in the same quarter last year and \$(942) million in the previous quarter.

The total allowance for credit losses of \$1,279 million at the end of the quarter was comprised of total specific allowances of \$142 million and a general allowance of \$1,137 million. Specific allowances decreased by \$11 million from October 31, 2005, mainly due to winding down of the non-core loan portfolio. General allowance for credit losses at the end of the quarter was down by \$3 million, compared with October 31, 2005, as general allowance arising on acquisition of Hudson was partially offset by a general allowance release of \$60 million in the prior quarter. The Bank establishes general allowances to recognize losses that management estimates to have occurred in the portfolio at the balance sheet date for loans or credits not yet specifically identified as impaired.

**CAPITAL POSITION**

The Bank's capital ratios are calculated using the guidelines of the Office of the Superintendent of Financial Institutions (OSFI). As at July 31, 2006, the Bank's Tier 1 capital ratio was 12.1%, compared with 10.1% at October 31, 2005 and 10.0% at July 31, 2005. The Bank's overall Tier 1 capital was up \$3.7 billion from \$13.1 billion at both October 31, 2005 and July 31, 2005. The increase in the Tier 1 capital ratio from October 31, 2005 was partially the result of the TD Ameritrade transaction, including the dilution gain of \$1,665 million, as well as strong earnings throughout fiscal 2006 year to date. Risk weighted assets were up \$9 billion from October 31, 2005, primarily due to TD Banknorth's acquisition of Hudson partially offset by the sale of TD Waterhouse U.S.A. The Bank continues to hold sufficient capital levels to ensure that flexibility is maintained to grow operations, both organically and through strategic acquisitions. The strong capital ratios are the result of the Bank's internal capital generation, management of the balance sheet and periodic issuance of capital generating securities.

During the prior quarter, the Bank issued \$500 million of medium-term notes, and during the third quarter of 2006, the Bank redeemed \$800 million of medium-term notes constituting subordinated indebtedness pursuant to its medium-term note program, which qualify as Tier 2B regulatory capital.

Tangible common equity as a percentage of risk-weighted assets		<b>9.1%</b>		7.4%		7.0%

**MANAGING RISK****Interest Rate Risk**

The objective of interest rate risk management for the non-trading portfolio is to ensure that stable and predictable earnings are realized over time. In this context, the Bank has adopted a disciplined hedging approach to profitably manage its asset and liability positions, including a modeled maturity profile for non-rate sensitive assets, liabilities and equity. Key aspects of this approach are:

- minimizing the impact of interest rate risk on net interest income and economic value within Canadian Personal and Commercial Banking; and
- measuring the contribution of each product on a risk adjusted, fully-hedged basis, including the impact of financial options granted to customers.

The Bank uses derivative financial instruments, wholesale instruments and other capital market alternatives and, less frequently, product pricing strategies to manage interest rate risk. As at July 31, 2006, an immediate and sustained 100 basis point increase in rates would have decreased the economic value of shareholders' equity by \$14 million after-tax or .1%. An immediate and sustained 100 basis point decrease in rates would have decreased the economic value of shareholders' equity by \$42 million after-tax or .2%.

**Liquidity Risk**

The Bank holds a sufficient amount of liquidity to fund its obligations as they become due under normal operating conditions as well as under a base case stress scenario that defines the minimum amount of liquidity that must be held at all times. The surplus liquid asset position is defined as total available liquid assets, less the Bank's total maturing wholesale funding, potential non-wholesale deposit run-off and contingent liabilities, measured at a number of points in time up to and including 90 days forward. As at July 31, 2006, the Bank's consolidated surplus liquid asset position, on a cumulative basis, up to 90 days forward, was \$21.4 billion, compared with a consolidated surplus liquid asset position of \$23.6 billion on October 31, 2005. The Bank ensures that funding obligations are fulfilled by managing its cash flows and holding highly liquid assets that can be readily converted into cash. The Bank manages liquidity on a global basis, ensuring prudent management of liquidity risk in all its operations. In addition to a large base of stable retail and commercial deposits, the Bank has an active wholesale funding program, including asset securitization. This funding is highly diversified as to source, type, currency and geographical location.

**Market Risk**

The Bank manages market risk in its trading books by using several key controls. The Bank's market risk policy sets out detailed limits for each trading business, including Value at Risk (VaR), stress test, stop loss, and sensitivity to various market risk factors. Policy controls are augmented through active oversight by independent market risk staff and frequent management reporting. VaR is a statistical loss threshold which should not be exceeded, on average, more than once in 100 days. It is also the basis for regulatory capital for market risk. The following table presents average and end-of-quarter general market risk VaR usage for the three and nine months ended July 31, 2006, as well as average VaR for the three and nine months ended July 31, 2005. For the three and nine months ended July 31, 2006, net daily capital markets revenues were positive for 86.36% and 89.23% of the trading days, respectively. Losses in the third quarter never exceeded the Bank's statistically predicted VaR for the total of the Bank's trading-related businesses.

## **ACCOUNTING POLICIES AND ESTIMATES**

The Bank's unaudited interim consolidated financial statements, as presented on pages 21 to 35 of this Report to Shareholders, have been prepared in accordance with GAAP. These consolidated financial statements should be read in conjunction with the Bank's audited consolidated financial statements for the year ended October 31, 2005. The accounting policies used in the preparation of these consolidated financial statements are consistent with those used in the Bank's October 31, 2005 audited consolidated financial statements.

### **Critical Accounting Policies and Estimates**

The critical accounting policies and estimates remain unchanged from those disclosed in the Bank's 2005 Annual Report.

### **Changes in Significant Accounting Policies and Estimates**

There were no new significant accounting policies adopted during the quarter for purposes of preparing the Bank's financial statements under Canadian GAAP.

### **Future Changes in Accounting Policies and Estimates**

The Canadian Institute of Chartered Accountants (CICA) has issued three new accounting standards - Financial Instruments - Recognition and Measurement, Hedges and Comprehensive Income. These standards are substantially harmonized with U.S. GAAP and are effective for the Bank beginning in fiscal 2007.

See Note 1 of the Bank's 2005 Annual Report for more details of future accounting and reporting changes.

The accompanying notes are an integral part of these Interim Consolidated Financial Statements.

---

**NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS** (unaudited)**Note 1: BASIS OF PRESENTATION**

These Interim Consolidated Financial Statements have been prepared in accordance with Canadian generally accepted accounting principles (Canadian GAAP) and follow the same accounting policies and methods of application as the Bank's Consolidated Financial Statements for the year ended October 31, 2005. Under Canadian GAAP, additional disclosures are required in the annual financial statements and accordingly, these interim financial statements should be read in conjunction with the audited consolidated financial statements for the year ended October 31, 2005 and the accompanying notes included on pages 71 to 109 of the Bank's 2005 Annual Report. The Interim Consolidated Financial Statements include all adjustments which are, in the opinion of management, necessary for a fair presentation of the results for the periods presented.

**Note 2: CHANGES IN ACCOUNTING POLICIES**

There were no changes in the Bank's accounting policies during the quarter.

**Note 3: ALLOWANCE FOR CREDIT LOSSES**

The allowance for credit losses is recorded in the Consolidated Balance Sheet and maintained at a level which is considered adequate to absorb credit-related losses on loans, customers' liability under acceptances and other credit instruments. The change in the Bank's allowance for credit losses for the nine months ended July 31 is shown in the table below.

**Allowance for Credit Losses**

(millions of Canadian dollars)	<i>For the nine months ended</i> <b>July 31, 2006</b>			<i>For the nine months ended</i> <b>July 31, 2005</b>

Gain on sale (loss) <sup>1</sup>	\$ (7)	\$ 19	\$ 56	\$ 5	\$ 73	\$ 30	\$ 16	\$ 66	\$ 7	\$ 119
Servicing income	80	24	72	-	176	79	38	58	-	175
Total	\$ 73	\$ 43	\$ 128	\$ 5	\$ 249	\$ 109	\$ 54	\$ 124	\$ 7	\$ 294

<sup>1</sup> For term loans, the gain on sale is after the impact of hedges on assets sold.

The key assumptions used to value the retained interest as at July 31 are as follows:

**Key Assumptions**

(percentage)	2006				2005			
	Residential mortgage loans	Personal loans	Credit card loans	Commercial mortgage loans	Residential mortgage loans	Personal loans	Credit card loans	Commercial mortgage loans
Prepayment rate <sup>1</sup>	20.0%	6.0%	44.2%	8.5%	20.0%	5.9%	41.5%	2.5%
Excess spread <sup>2</sup>	.6	1.1	12.6	.8	.7	1.1	13.2	-
Discount rate	5.6	4.1	5.5	5.7	5.2	3.2	3.9	9.8
Expected credit losses <sup>3</sup>	-	-	2.4	.1	-	-	2.7	.1

<sup>1</sup> Represents monthly payment rate for personal and credit card loans.

<sup>2</sup> The excess spread for credit card loans reflects the net portfolio yield, which is interest earned and other revenues less funding costs and losses.

<sup>3</sup> There are no expected credit losses for residential mortgage loans as these mortgages are government guaranteed.

During the three months ended July 31, 2006, maturities of previously securitized loans and receivables totaled \$2,209 million (three months ended July 31, 2005 - \$2,102 million). Proceeds from new securitizations amounted to \$1,149 million for the three months ended July 31, 2006 (three months ended July 31, 2005 - \$1,472 million). During the nine months ended July 31, 2006, maturities of previously securitized loans and receivables totaled \$6,311 million (nine months ended July 31, 2005 - \$6,580 million). Proceeds from new securitizations were \$4,466 million for the nine months ended July 31, 2006 (nine months ended July 31, 2005 - \$5,622 million).

#### Note 5: VARIABLE INTEREST ENTITIES

---

There were no significant changes in the Bank's position in non-consolidated variable interest entities during the quarter.

---

**Note 6: SUBORDINATED NOTES AND DEBENTURES**

During the three months ended January 31 2006, the Bank issued two medium term notes constituting subordinated indebtedness pursuant to its medium term note program. The first is an \$800 million issue which will pay 4.97% until October 30, 2015 and then reset every 5 years thereafter to the 5-year Government of Canada yield plus 1.77% until maturity on October 30, 2104. The notes are redeemable at the Bank's option at par on October 30, 2015 and qualify as Tier 2A regulatory capital. The second is a \$1 billion issue which will pay 4.317% until January 18, 2011 and the bankers' acceptance rate plus 1.00% thereafter until maturity on January 18, 2016. The notes are redeemable at the Bank's option at par on January 18, 2011 and qualify as Tier 2B regulatory capital.

During the three months ended January 31 2006, the Bank also redeemed all of the outstanding \$150 million 8.40% subordinated debentures, due December 1, 2010, which qualified as Tier 2B regulatory capital.

During the three months ended April 30 2006, the Bank issued \$500 million of medium term notes constituting subordinated indebtedness pursuant to its medium term note program. The notes will pay 4.87% until October 28, 2011 and the banker's acceptance rate plus 1.00% thereafter until maturity on October 28, 2016. The notes are redeemable at the Bank's option at par on October 28, 2011 and qualify as Tier 2B regulatory capital.

During the three months ended July 31 2006, the Bank redeemed all of its outstanding \$800 million 6.00% subordinated debentures due July 26, 2011 at a redemption price of 100 percent of the principal amount.

**Note 7: LIABILITIES FOR PREFERRED SHARES AND CAPITAL TRUST SECURITIES**

The Bank's liabilities for preferred shares and capital trust securities are:

**Liabilities**

(millions of Canadian dollars)

	July 31, 2006	Oct. 31, 2005

**Preferred Shares Issued**

On November 1, 2005, the Bank issued 17 million Class A First Preferred Shares, Series O shares for gross cash consideration of \$425 million, which have been classified as equity on the Consolidated Statement of Changes in Shareholders' Equity and qualify as Tier 1 capital. On or after November 1, 2010, the Bank may redeem all, or from time to time, part of the outstanding Series O shares by payment in cash of \$26.00 per share if redeemed prior to October 30, 2011; \$25.75 if redeemed on or after October 30, 2011 and prior to October 30, 2012; \$25.50 if redeemed on or after October 30, 2012 and prior to October 30, 2013; \$25.25 if redeemed on or after October 30, 2013 and prior to October 30, 2014; and \$25.00 if redeemed thereafter, together with the unpaid dividends to the date of redemption.

**Note 9: STOCK BASED COMPENSATION**

The following table summarizes the compensation expense recognized by the Bank for stock option awards for the three and nine months ended July 31.

(millions of Canadian dollars)	<i>For the three months ended</i>		<i>For the nine months ended</i>	
	<b>July 31 2006</b>	July 31 2005	<b>July 31 2006</b>	July 31 2005
TD Bank	<b>\$ 5</b>	\$ 8	<b>\$ 16</b>	\$ 16
TD Banknorth	<b>2</b>	-	<b>6</b>	-

During the three months ended July 31, 2006 and 2005, no options were granted by the Bank. During the three months ended July 31, 2006, .03 million (three months ended July 31, 2005 - .03 million) options were granted by TD Banknorth with a weighted average fair value of \$5.61 per option (three months ended July 31, 2005 - \$5.68 per option).

During the nine months ended July 31, 2006, 1.9 million (nine months ended July 31, 2005 - 2.2 million) options were granted by the Bank with a weighted average fair value of \$11.27 per option (nine months ended July 31, 2005 - \$10.63 per option). During the nine months ended July 31, 2006, 2.3 million (nine months ended July 31, 2005 - 2.2 million) options were granted by TD Banknorth with a weighted average fair value of \$5.77 per option (nine months ended July 31, 2005 - \$6.68 per option).

The fair value of options granted by the Bank was estimated at the date of grant using the Black-Scholes valuation model using the following assumptions:

	<i>For the nine months ended</i>	
	<b>July 31</b>	July 31
	<b>2006</b>	2005
Risk-free interest rate	<b>3.91%</b>	3.70%
Expected option life	<b>5.1 years</b>	5.3 years
Expected volatility	<b>21.9%</b>	25.7%
Expected dividend yield	<b>2.88%</b>	2.84%

<sup>1</sup>The taxable equivalent basis adjustment is reflected primarily in the Wholesale Banking segment's results and eliminated in the Corporate segment.

**Note 13: ACQUISITIONS AND DISPOSITIONS**

---

**(a) VFC Inc.**

On April 19, 2006, the Bank had acquired 90.2% of the issued and outstanding common shares of VFC Inc. ("VFC") for approximately \$294 million, paid in cash and common shares of the Bank in the amounts of \$224 million and \$70 million, respectively. On May 15, 2006, the Bank acquired the remaining 9.8% of the shares of VFC, a leading provider of automotive purchase financing and consumer instalment loans, for approximately \$32 million in cash and Bank shares, resulting in a total purchase consideration of \$328 million, including acquisition costs of \$2 million. The acquisition was accounted for by the purchase method. VFC's results are reported in the Canadian Personal and Commercial Banking segment.

The acquisition of VFC by the Bank contributed \$36 million of cash and cash equivalents, \$435 million of loans, \$245 million of goodwill and intangibles, \$6 million of other assets, \$325 million of secured debt and \$18 million of other liabilities to the Bank's interim consolidated balance sheet. The excess of the total purchase consideration paid over the fair value of the identifiable net assets acquired has been allocated entirely to goodwill. The Bank is in the process of valuing certain intangible assets and, therefore, the allocation of the purchase price is subject to finalization. Goodwill arising from the acquisition is not amortized but assessed for impairment on at least an annual basis.

**(b) TD Banknorth**

Hudson United Bancorp

On January 31, 2006, TD Banknorth completed the acquisition of Hudson United Bancorp ("Hudson") for total consideration of \$2.2 billion (U.S.\$1.9 billion), consisting of cash consideration of \$1,073 million (U.S.\$941.8 million) and the remainder in TD Banknorth common shares. The cash consideration was funded by the sale of TD Banknorth common shares to the Bank. TD Banknorth consolidates the financial results of Hudson. The transaction resulted in a dilution loss for the Bank of \$72 million, which was recognized in the first quarter of 2006. The acquisition of Hudson by TD Banknorth contributed \$6.0 billion of personal/business loans and mortgages, \$3.2 billion of securities, \$1.9 billion of goodwill and intangibles, \$.8 billion of other assets, \$8.4 billion of deposits and \$3.5 billion of other liabilities to the Bank's interim consolidated balance sheet. The allocation of the purchase price is subject to finalization.

Increase in ownership in TD Banknorth

During the nine months ended July 31, 2006, TD Banknorth repurchased 8.5 million of its own shares for \$290 million (U.S.\$255 million) and the Bank acquired .8 million additional shares of TD Banknorth for \$27 million (U.S.\$23 million) in the course of open-market purchases. In addition to the TD Banknorth shares acquired by the Bank in relation to the Hudson transaction, the Bank began reinvesting in TD Banknorth's dividend reinvestment program in November 2005 and, as of July 31, 2006, had acquired a total of approximately 2.5 million shares of TD Banknorth pursuant to the program. As of July 31, 2006, the Bank's ownership interest in TD Banknorth was 56.5%, an increase from 55.5% as at October 31, 2005.

Interchange Financial Services Corporation

On April 13, 2006, TD Banknorth announced an agreement to acquire Interchange Financial Services Corporation ("Interchange"), for US\$480.6 million cash consideration. The deal is expected to close in TD Banknorth's first calendar quarter of 2007 and is subject to regulatory approvals and Interchange shareholders' approval.

The cash for the transaction will be financed primarily through TD Banknorth's sale of approximately 13 million of its common shares to the Bank at a price of US\$31.17 per share, for a total of approximately US\$405 million. As at July 31, 2006, the impact of this transaction is expected to bring the Bank's percentage ownership of TD Banknorth to 58.9%.

**(c) TD Waterhouse U.S.A. and Ameritrade**

On January 24, 2006, the Bank closed the transaction involving the sale of its U.S. brokerage business, TD Waterhouse U.S.A., at a fair market value of \$2.69 billion to Ameritrade Holding Corporation in exchange for a 32.5% ownership in the combined legal entity operating under the name "TD Ameritrade". The transaction resulted in a net dilution gain on sale of U.S.\$1.45 billion (\$1.67 billion) after-tax during the three months ended January 31, 2006 (\$1.64 billion pre-tax). There was a reduction to the TD Ameritrade dilution gain of \$5 million due to final adjustments to the purchase and sale price during the three months ended April 30, 2006.

On acquisition, the Bank's investment in TD Ameritrade less the Bank's share of TD Ameritrade's net book value was approximately \$3.7 billion and consists primarily of intangibles (approximately \$930 million) and goodwill.

The Bank reports its investment in TD Ameritrade using the equity method of accounting. The fiscal periods of the Bank and TD Ameritrade are not coterminous. The Bank's equity share of TD Ameritrade's results for TD Ameritrade's calendar quarter end date has been reported in the Bank's results for the fiscal quarter. The Bank translated its investment in TD Ameritrade at June 30, 2006 using the exchange rate on that date. In connection with the transaction, TD Waterhouse Canada acquired 100% of Ameritrade's Canadian brokerage operations for \$77 million (U.S.\$67 million) cash consideration, which consisted primarily of intangibles and goodwill.

On February 22, 2006, the Bank announced that it had committed to purchase at least 15 million shares of TD Ameritrade by August 22, 2006 pursuant to one or more stock trading plans in accordance with Rule 10b5-1 under the U.S. Securities Exchange Act and that all purchases would be made in the open market, including through block trades, in compliance with Rule 10b-18 under the U.S. Securities Exchange Act. Under these plans, the Bank acquired 44.4 million additional shares of TD Ameritrade for \$933 million (U.S.\$831 million), which resulted in the Bank's ownership interest in TD Ameritrade increasing from 32.5% to 39.5% as at July 31, 2006.

**Note 14: RESTRUCTURING COSTS**

---

For the three months ended January 31, 2006, the Bank recorded an additional \$50 million of restructuring costs, consisting primarily of severance costs in relation to the restructuring of the global structured products businesses within Wholesale Banking.

As at July 31, 2006, the remaining balance of the liability was \$29 million (\$25 million at October 31, 2005).

**Note 15: CONTINGENCIES**

---

The two principal legal actions regarding Enron to which the Bank is a party are the securities class action and the bankruptcy proceeding. In 2005, the Bank agreed to settle the bankruptcy court claims in this matter for approximately \$145 million (U.S.\$130 million). Payment of this settlement was made during the three months ended July 31, 2006. As at July 31, 2006, the total contingent litigation reserve for Enron-related claims was approximately \$467 million (U.S.\$413 million). It is possible that additional reserves above current level could be required. Additional reserves, if required, cannot be reasonably determined for many reasons, including that other settlements are not generally appropriate for comparison purposes, the lack of consistency in other settlements and the difficulty in predicting the future actions of other parties to the litigation.

The Bank and its subsidiaries are involved in various other legal actions in the ordinary course of business, many of which are loan-related. In management's opinion, the ultimate disposition of these actions, individually or in the aggregate, will not have a material adverse effect on the financial condition of the Bank.

**Note 16: RECONCILIATION OF CANADIAN AND UNITED STATES GENERALLY ACCEPTED ACCOUNTING PRINCIPLES**

The accounting principles followed by the Bank, including the accounting requirements of the Superintendent of Financial Institutions Canada, conform with Canadian generally accepted accounting principles (Canadian GAAP). Significant differences between Canadian GAAP and United States generally accepted accounting principles (U.S. GAAP) are described in the Bank's 2005 Annual Report with their impact detailed below.

**On-line Investor Presentation:** Full financial statements and a presentation to investors and analysts (available on August 24) are accessible from the home page of the TD Bank Financial Group website, [www.td.com/investor/calendar.jsp](http://www.td.com/investor/calendar.jsp).

**Quarterly Earnings Conference Call:** Instant replay of the teleconference is available from August 24, 2006 to September 25, 2006. Please call 1-877-289-8525 toll free, in Toronto (416) 640-1917, passcode 21198244 (pound key).

**Webcast of Call:** A live audio and video internet webcast of TD Bank Financial Group's quarterly earnings conference call with investors and analysts is scheduled on August 24, 2006 at 3:00 p.m. ET. The call is webcast via the TD Bank Financial Group website at [www.td.com](http://www.td.com). In addition, recordings of the presentations are archived on TD's website and will be available for replay for a period of at least one month.

### Annual Meeting

Thursday, March 29, 2007

Fairmont The Queen Elizabeth Hotel

Montreal, Quebec

**THE TORONTO-DOMINION BANK  
EARNINGS COVERAGE ON SUBORDINATED NOTES AND DEBENTURES,  
AND LIABILITIES FOR PREFERRED SHARES AND CAPITAL TRUST SECURITIES  
FOR THE TWELVE MONTHS ENDED JULY 31, 2006<sup>1</sup>**

The Bank's interest requirements on all subordinated notes and debentures, and liabilities for preferred shares and capital trust securities after adjustment for new issues and retirement, amounted to \$691 million for the 12 months ended July 31, 2006. The Bank reported net income, before interest on subordinated debt and liabilities for preferred shares and capital trust securities and income taxes of \$6,046 million for the 12 months ended July 31, 2006, which was 8.8 times the Bank's interest requirements. On an adjusted earnings basis, the Bank's net income before interest on subordinated debt and liabilities for preferred shares and capital trust securities and income taxes was \$5,027 million, which was 7.3 times its interest requirements.

---

<sup>1</sup>The Bank's financial results are prepared in accordance with Canadian generally accepted accounting principles (GAAP). The Bank refers to results prepared in accordance with GAAP as "reported" results. The Bank also utilizes "adjusted" earnings to assess each of its businesses and to measure overall Bank performance. To arrive at adjusted earnings, the Bank removes "items of note", net of tax, from reported earnings. The items of note relate to items which management does not believe are indicative of underlying business performance. Commencing from the first quarter of 2006, the items of note include the Bank's amortization of intangible assets which primarily relates to the TD Banknorth acquisition in March 2005 and the Canada Trust acquisition in fiscal 2000. Previously, the Bank described adjusted earnings as earnings before the amortization of intangibles and items of note. The Bank believes that adjusted earnings provide the reader with a better understanding of how management views the Bank's performance. As explained, adjusted earnings are different from reported results determined in accordance with GAAP. Adjusted earnings and related terms are not defined terms under GAAP, and therefore may not be comparable to similar terms used by other issuers. Please see page 5 of the Bank's Third Quarter 2006 Report to Shareholders for a reconciliation between the Bank's adjusted earnings and its reported results.
