the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

GOL and AeroMexico Sign Code-Share Agreement

São Paulo, October 7, 2009 GOL Linhas Aéreas Inteligentes S.A. (Bovespa: GOLL4 and NYSE: GOL), the largest low-cost and low-fare airline in Latin America, and AeroMexico announce that the companies have signed a code-share agreement. The companies are also evaluating the possibility of linking their frequent flyer programs, GOL's SMILES and Aeromexico's Club Premier.

Under the code-share agreement, AeroMexico will add its IATA code to GOL flights from São Paulo to six Brazilian destinations: Rio de Janeiro (RJ – Galeão and Santos Dumont airports), Belo Horizonte (MG), Porto Alegre (RS), Curitiba (PR), Brasília (DF) and Salvador (BA). The Mexican company will benefit its clients with more flight connection options throughout Brazil, while represents an additional sales channel, increasing passenger traffic and load factor for the Brazilian carrier.

Headquartered in México DF, Aeromexico is the only company that offers daily flights between São Paulo (Aeroporto Internacional de Guarulhos) and Mexico DF, operating Boeing 777 aircraft. AeroMexico Group, with its regional subsidiaries, operates 600 daily flights and carried more than 10 million passengers in 2008.

In compliance with standard regulation requirements, GOL will submit the contract to Agência Nacional de Aviação Civil (ANAC), the Brazilian aviation authority, and to Conselho Administrativo de Defesa Econômica (CADE), the antitrust counsel, for their evaluation before implementing the agreement.

About GOL Linhas Aéreas Inteligentes S.A.

GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4), the largest low-cost and low-fare airline in Latin America, offers around 800 daily flights to 49 destinations that connect all the important cities in Brazil and ten major destinations in South America. The Company operates a young, modern fleet of Boeing 737 Next Generation aircraft, the safest and most comfortable of its class, with high aircraft utilization and efficiency levels. The Company's service is recognized as the best value proposition in the market.

This release contains forward-looking statements relating to the prospects of the business, estimates for operating and financial results, and those related to growth prospects of GOL. These are merely projections and, as such, are based exclusively on the expectations of GOL's management concerning the future of the business and its continued access to capital to fund the Company's business plan. Such forward-looking statements depend, substantially, on changes in market conditions, government regulations, competitive pressures, the performance of the Brazilian economy and the industry, among other factors and risks disclosed in GOL's filed disclosure documents and are, therefore, subject to change without prior notice.
