BES SECURITIES DO BRASIL S.A. CORRETORA DE CÂMBIO E VALORES MOBILIÁRIOS (the Intermediary Institution), a financial institution headquartered in the city of São Paulo, state of São Paulo, at Av. Brigadeiro Faria Lima, 3,729, 6th floor, and enrolled with the CNPJ/MF under no. 33.894.445/0001 -11, by order and on account of **MANDALA EMPREENDIMENTOS E PARTICIPAÇÕES S.A.**, a corporation headquartered in the city of São Paulo, state of São Paulo, at Avenida Brigadeiro Luiz Antônio, 3,172 3rd floor, enrolled with the CNPJ/MF under no. 10.641.438/0001 -02 (the Offeror) hereby (the Notice) and on account of **COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO**, a publicly-held company headquartered in the city of São Paulo, state of São Paulo, at Avenida Brigadeiro Luiz Antônio, 3,142, enrolled with the CNPJ/MF under no. 47.508.411/0001 -56 (the Holding Company of the Offeror) hereby announces to the shareholders holding issued and outstanding common shares of **GLOBEX UTILIDADES S.A.** (the Target Company), a publicly-held company headquartered in the city of Rio de Janeiro, state of Rio de Janeiro, at Av. Prefeito Dulcídio Cardoso, 2000, enrolled with the CNPJ/MF under no. 33.041.260/0652 -90, the tender offer for all common shares of the Target Company (the Offer or the Tender Offer), pursuant to article 254-A of Law no. 6,404, of December 15, 1976, as amended (the Brazilian Corporate Law) due to the transfer of control of the Target Company and, cumulatively, as a result of the increase in the participation of the Offeror in the voting capital of the Target Company, in accordance with paragraph 6 of article 4 of the Brazilian Corporate Law, pursuant to the rules set forth by Instruction issued by the Brazilian Securities and Exchange Commission (the CVM) no. 361, of March 5, 2002, as amended (the CVM Instruction 361/02), with the purpose, and in accordance with, the conditions presented as follows. As provided by article 34 of CVM Instruction no. 361/02, the Offer is made pursuant to the adoption of a special procedure, as approved by the CVM Board in a meeting held on December 22, 2009.

1. THE OFFER

1.1. Legal Basis. The Offer is made due to the transfer of control of the Target Company to the Offeror, as provided for by article 254-A of the Brazilian Corporate Law and by CVM Instruction no. 361/02, and the increase in the participation of the Offeror in the voting capital of the Target Company, as set forth by paragraph 6 of article 4 of the Brazilian Corporate Law and by CVM Instruction no. 361/02:

1.1.1. Transfer of Control. As disclosed to the market through the publication of Material Fact notices dated June 8, 2009 and July 7, 2009, on June 8, 2009, a Share Purchase Agreement was entered into by and between the Offeror and Keene Investment Corporation S.A., Parvest Participação e Administração Ltda., Tamarac Investment, LLC, Blue Springs Holdings, LLC, Linnetsong Investments Ltd., LLC , and Phillimore Holdings LLC (the Controlling Shareholders), with Wilkes Participações S.A. and the Holding Company of the Offeror as the intervening parties (the Agreement), by means of which the Offeror acquired eighty six million, nine hundred sixty two thousand, nine hundred sixty five (86,962,965) common shares

issued by the Target Company, representing 70.2421% of the total and voting capital stock of the Target Company. After the implementation of the acquisition of the shares owned by the Controlling Shareholders, and taking into account the option granted to the other shareholders of the Target Company described in item 6.2 below, the Offeror became the holder of, directly and indirectly, 118,184,631 common shares issued by the Target Company, representing 95.0179% of the total and voting capital stock of the Target Company.

1.1.2. Increase in Participation. As disclosed in the Notice to the Shareholders dated July 6, 2009, and described in more detail in item 6 below, the minority shareholders of the Target Company were granted, as an additional alternative to this Offer, the possibility of adhering to the Agreement and, consequently, transferring the shares issued by the Target Company held by them, in whole or in part, to the Offeror, according to the decision of each shareholder, under the same terms and conditions offered to the Controlling Shareholders; provided, however, that the price per share to be paid to the minority shareholders would be equivalent to eighty percent (80%) of the price per share paid to the Controlling Shareholders, pursuant to article 254-A of the Brazilian Corporate Law. As a result, the Offeror became the owner of 118,184,631 Shares, equivalent to 95.0179% of the capital stock of the Target Company.

1.1.3. Adoption of Special Procedure. In a meeting held on December 22, 2009, the Board of CVM approved the adoption of a special procedure in order to: (i) unify the tender offers for the acquisition of shares due to the transfer of control and to the increase of participation, pursuant to paragraph 2 of article 34 of CVM Instruction no. 361/02; and (ii) waive the preparation of an appraisal report of the Holding Company of the Offeror, which securities are being delivered by way of payment for the Offer, pursuant to paragraph 1 of article 34 of CVM Instruction no. 361/02.

1.2. Form. The Offer shall be carried out through an auction (the Auction) at the BM&FBOVESPA S.A. - Bolsa de Valores, Mercadorias e Futuros (the BM&FBOVESPA). The Offer is not contingent upon any minimum amount of acceptance and the Offeror shall acquire all common shares issued by the Target Company offered for sale at the Auction.

1.3. Effectiveness. The Offer shall remain effective for the period of 30 days as of the publication of this Notice, i.e., from January 4, 2010 to February 3, 2010, date on which the Auction shall take place (the Auction Date).

1.4. Shares that are the Object of the Offer. The Offeror is willing to acquire, through the Intermediary Institution, all five million, six hundred nineteen thousand, nine hundred nine (5,619,909) common shares issued by the Target Company that, on this date, are outstanding (the Shares , or each of them, a Share), representing four point five one eight three percent (4.5183%) of the common shares issued by the Target Company.

1.4.1. The physical settlement of the acquisition of the Shares offered for sale and the subsequent transfer of ownership of the Shares to the Offeror will be carried out on the fifth working day after the Auction Date, regardless of the payment option of the Offer Price (as defined below) chosen by the shareholder. Should the Target Company declare dividends or interest on own capital up to the fifth working day after the Auction Date, the payments will be made to the owners of the Shares on the date of said declaration. As a result, as of the Settlement Date, the Offeror will be credited any dividends or interest on own capital declared by the Target Company to which the Shares that may have been disposed of at the Auction are entitled.

1.5. **Offer Price.** The purchase price of the Shares is R\$7.5850 per Share, which corresponds to eighty percent (80%) of the price paid to the Controlling Shareholders per each common share representative of the controlling ownership of the Target Company disposed of by them (Offer Price). The Offeror understands that the Offer Price is fair as it arises from a share purchase transaction of commutative nature, carried out between independent and unrelated parties.

1.6. **Payment of the Offer Price.** The payment of the Offer Price shall be carried out by means of one of the following forms, at the choice of each holder of Shares willing to accept the Offer (each one, a Payment Option), adjusted pursuant to item 1.7 below, reproducing the conditions effectively set out in the Agreement:

(a) **Cash Payment Option.** The payment will be made in two (2) installments, both in domestic currency, subject to the following conditions (the Cash Payment Option):

(i) R\$3.4353, in domestic currency, on the fifth working day after the Auction (the First Installment Cash Payment); and

(ii) R\$4.1497, in domestic currency, on July 6, 2013 (the Second Installment Cash Payment); or

(b) **Mixed Payment Option.** The payment will be made in two (2) installments, in domestic currency and in class B preferred shares of the Holding Company of the Offeror (the Class B Preferred Shares), subject to the following conditions (the Mixed Payment Option), which reproduce the composition of the price paid (i) in cash and (ii) in Class B Preferred Shares practiced with the Controlling Shareholders:

(i) the result of the sum of R\$3.4353 (the First Installment Mixed Payment) and R\$ 3.2286 (the Second Installment Mixed Payment), to be paid in domestic currency on the fifth working day after the Auction; and

(ii) 0.0334 Class B Preferred Share, on the fifth working day after the Auction (the Installment in Shares Mixed Payment).

(*) For a better comprehension, the table below summarizes the price paid to the Controlling Shareholders who chose the Mixed Payment Option and the price that is being offered to the minority shareholders of the Target Company, showing the equitable treatment of the Mixed Payment Option:

	CONTROLLING SHAREHOLDERS	MINORITY SHAREHOLDERS 1
First Installment Mixed Payment (in R\$)	4.2942	3.4353
Second Installment Mixed Payment (in R\$)	4.0358	3.2286
Installment in Shares Mixed Payment (in Class B Preferred Shares)	0.0418	0.0334

¹ The price paid to the Minority Shareholders is equivalent to 80% of the price paid to the Controlling Shareholders.

1.6.1. Mixed Payment Option. The Mixed Payment Option reflects the payment option effectively used by the Controlling Shareholders and by the shareholders of the Target Company that adhered to the Agreement. As described in further detail in items 1.1.2 above and 6 below, the Controlling Shareholders and the shareholders of the Target Company who adhered to the Agreement were offered the possibility of using the credit related to the second installment for the subscription of Class B Preferred Shares within the framework of the Capital Increase (as defined in item 6.1. below). An additional credit was granted equivalent to 10% of the amount of the second installment of the purchase price paid to the Controlling Shareholders and to those who adhered to the Agreement, which could be used solely for paying up the Class B Preferred Shares. As a result of the exercise of the preemptive right in the subscription of Class B Preferred Shares issued within the scope of the Capital Increase, the Controlling Shareholders and the shareholders of the Target Company that had demonstrated their intention of using the credit related to the second installment to subscribe Class B Preferred Shares were unable to effectively subscribe all Class B Preferred Shares to which they would be entitled. As a result, only 29.2689% of the credit installment was capitalized in Class B Preferred Shares, with the remainder being paid in domestic currency within ten (10) working days as of the approval of the Capital Increase. Therefore, the Second Installment Mixed Payment and Installment in Shares Mixed Payment effectively stem from the same proportion between the Class B Preferred Shares and money in cash received by the shareholders who entered into or adhered to the share sale agreement in the first stage of the transaction.

1.6.1.1. The Class B Preferred Shares to be delivered to the shareholders choosing the Mixed Payment Option shall result from the conversion of Class A Preferred Shares issued by the Holding Company of the Offeror held in treasury into Class B Preferred Shares. On October 19, 2009, the Holding Company of the Offeror requested the approval by the CVM to use these shares held in treasury for paying the minority shareholders who are subject to the Tender Offer. Said authorization was granted on December 22, 2009.

1.6.1.2. Should the amount of the credit related to the Second Installment in Shares Mixed Payment held by a given shareholder of the Target Company be not enough to acquire a whole number of Class B Preferred Shares, then said shareholder shall receive the whole number of Class B Preferred Shares immediately lower, receiving the amount of the respective balance in cash, on the fifth working day after the Auction.

1.6.1.3. The Class B Preferred Shares shall be converted into Class A Preferred Shares of the Holding Company of the Offeror in accordance with the schedule included in item 6.5. below, and, taking into account that the first date of conversion included in the schedule has already been reached and that the second date of conversion included in the schedule will have already been reached on the Settlement Date of the Installment in Shares, the Class B Preferred Shares that would be converted on this date shall be converted into Class A Preferred Shares of the Holding Company of the Offeror within five (5) calendar days as of the Settlement Date of the Installment in Shares.

1.6.1.4. Shareholders choosing the Mixed Payment Option shall be entitled to the following: should the market value of the Class A Preferred Shares of the Holding Company of the Offeror, calculated based on the weighted average price per volume of each trading session, in the fifteen (15) sessions of the BM&F BOVESPA immediately prior to each conversion date, as detailed in item 6.5. below, be lower than a price per Class A Preferred Share equivalent to R\$40.00 adjusted on the settlement date, in other words, the same condition extended to the shareholders who adhered to the Agreement, duly adjusted in accordance with the CDI fluctuation, as of the date of execution of the Agreement, i.e., June 7, 2009, up to the respective date of conversion, the Offeror shall pay to the shareholders of the Target Company who choose the Mixed Payment Option, on the second working day immediately following each respective date of conversion, an amount equivalent to said difference, per Class B Preferred Share subscribed (the Difference). Only for the purposes of reference, the terms and conditions set forth in this item 1.6.1.4. comprise a contractual right and not a right related to, arising from, or inherent to the Class B Preferred Shares.

1.7. Adjustment of the Offer Price. The installments of the Offer Price will be adjusted according to the following parameters:

(a) The amount of the First Installment Cash Payment and of the First Installment Mixed Payment shall be adjusted by the fluctuation of the SELIC rate (the Referential Rate of the *Sistema Especial de Liquidação e Custódia* or Special System for Settlement and Custody) in the period between July 7, 2009 and the Settlement Date.

(b) The amount of the Second Installment Cash Payment shall be adjusted, as of September 7, 2009, date that corresponds to the 90th day after the date of execution of the Agreement, up to the date of its effective payment, by one hundred percent (100%) of the fluctuation of the daily average rates of the interfinancial deposits of one (1) day, calculated and disclosed daily by the CETIP S.A. Balcão Organizado de Ativos e Derivativos (the new name of the Custody and Settlement House CETIP) and applied *pro-rata die* in the period.

(c) The amount of the Second Installment Mixed Payment shall be adjusted by the fluctuation of the SELIC rate in the period between October 2, 2009 and the Settlement Date.

1.8. Information to the BM&F BOVESPA. The Intermediary Institution shall inform the Director of Operations of BM&F BOVESPA, with at least two working days advance notice of the Auction Date, by written notice, of the Offer Price applicable to the First Installment Cash Payment, to the First Installment Mixed Payment and to the Second Installment Mixed Payment final, truncated at the second decimal place for the Auction adjusted up to the respective settlement date, which shall occur five working days following the Auction. Similarly, the Intermediary Institution shall inform the Director of Operations of BM&FBOVESPA, by means of written notice, the Offer Price applicable to the Second Installment Cash Payment adjusted up to July 6, 2013. In the event the calculation of the Offer Price to be paid in any of the options results in an amount with four (4) decimal places, said amount shall be truncated at the second decimal place.

1.9. Consequence of Accepting the Offer. By accepting the Offer, each Shareholder agrees to dispose of the title to their Shares, including any rights inherent therein, according to the terms and conditions provided for in this Notice.

2. REGISTRATION FOR THE AUCTION

2.1. Registration with the Intermediary Institution or another Brokerage firm. The shareholder of the Target Company wishing to participate in the Auction shall register with the Intermediary Institution or any other brokerage firm of his/her own choice authorized to operate in the BOVESPA segment of the BM&FBOVESPA (with each of them individually named a Broker and, collectively, the Brokers), as of the date of publication of this Notice up to 6:00pm on February 2, 2010, last working day prior to the Auction Date (the Registration Period). 2.2. At the time of their registration for the Auction, the shareholders shall indicate to the Brokers their irrefutable option with regards to the Payment Option.

2.3. In addition, the shareholder wishing to register for the Auction must have an account previously opened with a brokerage firm of their free choice, so that the period provided for in item 2.1 may be complied with. As a result, in the event the shareholder does not have an account open yet with a brokerage firm, he/she shall have it opened in within a period prior to that one previously mentioned, thus complying with the specific procedure of the brokerage firm of his/her free choice.

2.4. Transfer of Shares to the Exclusive Account:

2.4.1. Shareholders with Shares in Custody of the Depository Institution: Shareholders holding Shares held in custody by Banco Itaú S.A. (Depository Institution), depository financial institution of the book shares of the Target Company, shall register for the Auction by registering with the Intermediary Institution or any other Broker, in accordance with item 2.1 above, with, at least, ten (10) working days advance notice of the Auction, so as to enable the transfer of the shares held in custody of each Broker to the custody of the Settlement House, to the exclusive account 7105-6, up until 1:00 p.m. of the Auction Date.

2.4.4 The Shares so deposited shall not be available for trading until the Settlement Date. In the case that the holder of Shares wishes to trade them in the market before the occurrence of the Auction, he/she shall have his/hers respective position transferred to the available account with the custody of the Settlement House, it being certain that the sale orders registered and which do not have the corresponding Shares deposited with the exclusive accounts for each type of option shall be cancelled.

3.2.1. The Shares offered for sale shall be free and clear of any liens, charges, security interests, usufruct or other types of encumbrances, in addition to meeting the requirements for transaction included in the BM&FBOVESPA s Operations Regulations.

3.3. Purchasing Interferences (*Interferências Compradoras*). A competing purchasing interference shall be admitted for the acquisition of Shares offered for sale, in which case, pursuant to CVM Instruction no. 361/02:

3.4. Brokerage Costs and Fees. Any brokerage costs and fees related to the sale of Shares shall be incurred on account of the respective selling shareholders. Any brokerage costs and fees related to the acquisition of Shares shall take place on account of the Offeror.

3.5. Brokerage Firm Representing the Offeror. The Intermediary Institution shall represent the Offeror in the Auction.

4. PHYSICAL AND FINANCIAL SETTLEMENT

4.1. Physical and Financial Settlement. The physical settlement of the acquisition of the Shares and the consequent transfer of title over the Shares to the Offeror shall be carried out pursuant to the rules of the Settlement House, five working days after the Auction Date, i.e., on February 10, 2010 (the Settlement Date), through the gross settlement system not assuming the position of central counterparty guarantors, this being the same date of the financial settlement of the Purchase Price, except in relation to the financial settlement of the: (i) Second Installment Cash Payment, which shall be held on July 6, 2013 (the Financial Settlement Date of the Second Installment Cash Payment); and (ii) Installment in Shares Mixed Payment, which shall be carried out within five (5) working days after the Auction Date (the Settlement Date of the Installment in Shares).

4.2. Guarantee. Pursuant to the terms of the intermediation agreement entered into between the Intermediary Institution and the Offeror (the Intermediation Agreement) and paragraph 4 of article 7 of CVM Instruction no. 361/02, the Intermediary Institution guarantees the financial settlement of the Offer Price.

4.3. The Settlement House, its clearance agents and the other Brokers of the sellers shall not be guarantors of the settlement of the Installment with deferred payment.

4.4. Should the shareholder terminate his/her account with the Broker, such shareholder shall provide the Intermediary Institution with the data of his/her new broker so that the Class B Preferred Shares or the amount related to the Second Installment Cash Payment may be deposited.

5. TRANSFER OF CONTROL OF THE TARGET COMPANY

5.1. Transfer of Control of the Target Company. On June 7, 2009, the Offeror entered into an agreement with the Controlling Shareholders for the acquisition of eighty six million, nine hundred sixty two thousand, nine hundred sixty five (86,962,965) common shares issued by the Target Company, equivalent to 70.2421% of the voting capital stock, for the amount of eight hundred twenty four million, five hundred twenty one thousand, nine hundred sixty reais (R\$824,521,960.00), to be paid in two (2) installments, one in cash (totaling R\$373,436,536.00) and another with deferred payment (totaling R\$451,085,424.00), with the installment with deferred payment being

adjusted in the same way as provided for in item 1.7.6 above. The payment, by the Controlling Shareholders, of the installment in cash was made on July 7, 2009. As regards the installment with deferred payment, same was settled within the framework of the Capital Increase of the Holding Company of the Offeror, as described in item 6.2, below.

6. CORPORATE RESTRUCTURING

6.1. Capital Increase. On July 6, 2009, the General Shareholders Meeting of the Holding Company of the Offeror approved the capital increase of the Holding Company of the Offeror in the amount of R\$664,361,840.00, pursuant to the issuance solely of Class B preferred shares (the Class B Preferred Shares), at the price of R\$40.00 per share, with the possibility of the Holding Company of the Offeror partially ratifying said capital increase, subject to the minimum amount of R\$496,193,960.00 (the Capital Increase). Said process was detailed in the Notice to the Shareholders dated July 6, 2009, available at the websites of the Holding Company of the Offeror (www.gpari.com.br), of CVM (www.cvm.gov.br) and of BM&FBOVESPA (www.bmfbovespa.com.br).

6.2. The Controlling Shareholders were granted the possibility of using the credit related to the installment with deferred payment in the subscription of Class B Preferred Shares on June 7, 2009, within the scope of the Capital Increase, mentioned in item 6.1. above. In light of the subscription undertakings entered into by the Controlling Shareholders regarding the Class B Preferred Shares, the Controlling Shareholders became entitled to, on June 7, 2009, an additional credit, equivalent to 10% of the amount of the second installment of the acquisition price, which was solely to be used for paying up the Class B Preferred Shares.

6.3 The right to participate in the Capital Increase and to the additional credit was extended to the other shareholders of the Target Company, to the extent that they adhered to the Agreement. As a result, the Offeror became the owner of 118,184,631 Shares, equivalent to 95.0179% of the capital stock of the Target Company.

6.4. The shareholders of the Holding Company of the Offeror were ensured the preemptive right guaranteed by law in the subscription of Class B Preferred Shares, however, in this case, the shares were paid in in cash, in domestic currency.

6.5. The Class B Preferred Shares shall be converted into Class A Preferred Shares according to the following schedule:

- a. 32% of the total Class B Preferred Shares issued were converted within five (5) calendar days, as of the date of ratification, in an Extraordinary General Shareholders Meeting of the Holding Company of the Offeror called specifically for that purpose, of the capital increase discussed and approved at the General Shareholders Meeting held on July 6, 2009;
- b. 28% of the total Class B Preferred Shares shall be converted on January 7, 2010, which is equivalent to the period of six (6) months, as of the working day immediately following the General Shareholders Meeting held on July 6, 2009;

c. 20% of the total Class B Preferred Shares shall be converted on July 7, 2010, which is equivalent to the period of twelve (12) months, as of the working day immediately following the General Shareholders Meeting held on July 6, 2009; and

d. 20% of the total Class B Preferred Shares shall be converted on January 7, 2011, which is equivalent to the period of eighteen (18) months, as of the working day immediately following the General Shareholders Meeting held on July 6, 2009.

6.6. Should, as a result of the exercise by the shareholders of the Holding Company of the Offeror, of their preemptive right in the subscription of Class B Preferred Shares issued in the Capital Increase, it be not possible for the Controlling Shareholders or for the shareholders of the Target Company that had demonstrated their intention to subscribe Class B Preferred Shares to effectively subscribe them, either totally or partially, then said shareholders would receive the amount equivalent to the Class B Preferred Shares which intention for subscription was demonstrated, but not materialized, in cash, within up to ten (10) working days as of the approval of the Capital Increase. Indeed, pursuant to the Notice to the Market dated September 18, 2009, as a result of the exercise of the preemptive right by the shareholders of the Holding Company of the Offeror, the installment with deferred payment was paid to the Controlling Shareholders and to the shareholders of the Target Company who adhered to the Agreement as follows: (i) 29.2689348% in Class B Preferred Shares, apportioned *pro rata* to the credit held by each shareholder against the Offeror; and (ii) 70.7310652% in domestic currency, in proportion to the credit held by each shareholder against the Offeror, pursuant to the following terms.

6.7. 8.2. Background of the Target Company and of the Development of its Activities. The Target Company was incorporated in 1946 and operates under the commercial name of Ponto Frio, being one of Brazil's largest and most traditional retail chains of home and electronic appliances and furniture.

Initially, it carried out the importation of products for wholesale sales. In the beginning of the 1950s, it opened its first retail store in the city of Rio de Janeiro. As of this time, it began its expansion process to the federal capital, Brasília, and the states of Goiás and Minas Gerais.

In 1998, it diversified the mix of products offered in its stores, investing in IT and mobile phone equipment, diversifying its operating market. In May of the same year, it was accredited by BCP Telecomunicações and became one of the primary B Band mobile phone distribution channels in São Paulo. In addition, it negotiated an agreement with Intel Corporation and Metron ML Indústria Eletrônica S.A. to sell a new popular PC, which was sold at a more competitive price than the one found at IT stores. As a result, it reduced its dependence in relation to white goods.

In the year 2000, through the acquisition of 81 points of sale of the Disapel chain, which had declared its voluntary bankruptcy, the Target Company strengthened its presence in the Southern region of the country (of the 81 stores, 25 were in the state of Rio Grande do Sul, 36 in the state of Paraná, and 20 in the state of Santa Catarina) and became the industry leader in number of stores, with 347 outlets, after said acquisition. In November of that year, it was the pioneer in the retail segment for consumer electronics and home appliances, when it opened its first Megastore in the city of São Paulo.

In 2007, it expanded its operations to the country's Northeast region, adopting a new Store format, Ponto Frio Digital, which is focused on the digital technological segment: audio, video, photo, IT and mobile telephony. In August 2008, it restructured its Internet and telesales operations. Pontofrio.com became an independent company, a

subsidiary of the Target Company, and led by a group of executives with vast experience in the business and a background of delivering results in the virtual market.

9.3. Background of the Holding Company of the Offeror and of the Development of its Activities. Mr. Valentim dos Santos Diniz founded, in 1948, the pastry shop Pão de Açúcar. In 1959, the first supermarket of the chain was opened. Already in 1965, after the incorporation of the Sirva-se chain, the group had 11 stores. In the next year, the first store outside the city of São Paulo was opened in Santos. In 1968, when the chain already had 64 stores, the International Division was created, and stores of Grupo Pão de Açúcar (GPA) were opened in Portugal, Angola and Spain. During the 1970s, GPA experienced a great expansion, with the acquisition of the Eletro radiobraz chain and the inauguration of the first generation of Brazilian hypermarkets, the Jumbo stores. In 1978, the Superbom, Peg-pag and Mercantil supermarket chains were acquired by GPA and, in 1979, the Minibox chain was introduced, with a concept of stores with a reduced number of items and very competitive prices, aimed at low-income customers.

In order to recover the efficiency lost during its rapid growth, the Holding Company of the Offeror began in the 1990s by carrying out an important restructuring, focusing its businesses on the food retail segment and improving its productivity, competitiveness and profitability. At the end of this process, the Holding Company of the Offeror decided to operate only four types of store, each with a different form of operation in the market: Pão de Açúcar, Extra, Superbox and Extra-Eleto. In the year 2000, the Group directed its investments to acquisitions, strengthening the position with low- and middle-income consumers, and consolidating the Pão de Açúcar format in locations where it already had a strong presence.

In February 2004, Sendas and the Group entered into an Investment and Partnership Agreement, through which they carried out the partnership pursuant to the contribution, in a new company called Sendas Distribuidora, of the assets, rights and obligations related to the retail activities of Sendas and of the Holding Company of the Offeror in the state of Rio de Janeiro. The new company was incorporated with the participation of 50% of the voting capital for Sendas and 50% of the voting capital for the Holding Company of the Offeror, with the company being in charge of the management of the partnership. Sendas Distribuidora began its activities with a total of 106 stores and a shop floor of 324,000 m².

In October 2004, a partnership agreement was entered into between Itaú Holding and the Holding Company of the Offeror aimed at incorporating Financeira FIC Financeira Itaú CBD, which operates in the structuring and marketing of financial and related products and services for the customers of the Holding Company of the Offeror. This partnership, which has an initial term of 20 years as of the execution of its agreement, created important operating synergies, allowing the expansion and enhancement of the current offering of products and services to the customers of the Holding Company of the Offeror, including, among other things, private label credit cards (which use is limited to the stores of the Holding Company of the Offeror), cards with widely accepted brands, direct consumer credit, personal loan, extended warranty and insurance.

In November 2007, the Group acquired shares equivalent to 60% of the total and voting capital of Barcelona, the company that received the spun-off assets of Assai Comercial e Importadora Ltda. Through this partnership and with the operation of three Sendas Distribuidora stores converted to the Assai chain, GPA begins to operate in the cash & carry segment (*atacarejo*) and thus strengthens its multiformat position.

10. OTHER INFORMATION

10.1. Representations of the Offeror. The Offeror represents that it is responsible for the truthfulness, quality and sufficiency of the information supplied to the CVM and to the market, as well as for any damage caused to the Target Company, to its shareholders and to third parties, by negligence or willful misconduct, due to misrepresentation, inaccuracy or omission of said information.

10.1.1. Additional Obligation. The Offeror represents that it will pay to the owners of outstanding shares, who accept the Offer, the difference, if any, between the Offer Price, adjusted by the changes in the number of shares arising from bonuses, stock splits, reverse stock splits and conversions, if any, and: (a) the price per share that would be owed, or that may be owed, should, within one (1) year as of the Auction Date, an event take place that would impose or may impose the conduction of a mandatory tender offer, among those related to items I to III of article 2 of CVM Instruction no. 361/02; and (b) the amount to which they would be entitled, should they still remained shareholders and dissented from a decision of the Target Company that may approve the performance of any corporate event that allows the exercise of the right of withdrawal, when said event takes place within one (1) year as of the Auction Date.

10.1.3. Event of Non Incidence of the Additional Obligation Acknowledgment of the Merger of the Offeror. 10.1.4. Acquisition of the Remaining Shares After the Auction. The Offeror represents that, should it acquire more than two thirds (2/3) of the Shares, it shall become obliged to acquire the remaining Shares within the period of three (3) months, as of the Auction Date, for the final price of the Tender Offer Auction, adjusted up to the date of the effective payment by one hundred percent (100%) of the fluctuation of the daily average rates of the interfinancial deposits of one (1) day, calculated and disclosed daily by the CETIP S.A.
