MATERIAL FACT

Braskem S.A. (Braskem or Company), in accordance with article 157, paragraph 4 of Law 6,404/76 (Brazilian Corporation Law), and pursuant to CVM Instructions 319/99 and 358/02, in continuation of the information disclosed in the Material Facts dated January 22, 2010, and April 27, 2010, hereby informs its shareholders and the general market of the following:

1. Acquisition of Control of Quattor Participações S/A (Quattor) by Braskem and the Merger of Quattor s Shares

On January 22, 2010, Odebrecht S.A., Odebrecht Serviços e Participações S.A. (jointly Odebrecht), Petróleo Brasileiro S.A. Petrobras and Petrobras Química S.A. Petroquisa (jointly Sistema Petrobras) and Braskem, jointly with Unipar União de Indústrias Petroquímicas S.A. (Unipar), signed an Investment Agreement to regulate the terms and conditions through which Odebrecht and Sistema Petrobras would consolidate the interests they hold in the petrochemical sector in Braskem.

On April 27, 2010, Braskem concluded the acquisition of all the common stock issued by Quattor (jointly with Braskem, Companies) held by Unipar, representing 60% of Quattor s total and voting capital, pursuant to the Material Fact of the same date.

Pursuant to the Material Fact of January 22, 2010, after Braskem acquired Unipar s interest in Quattor, Braskem and Quattor would call shareholders meetings to resolve on the merger by Braskem of all Quattor shares held by Sistema Petrobras (Merger of Shares).

2. Ownership Structure. A breakdown of the ownership structure of Braskem and Quattor before and after the Merger of Shares is provided below:

* Excluding the effects of the conclusion of the Public Offering to Acquire Common and Preferred Shares of Quattor Petroquímica S/A (Quattor Petroquímica) by Braskem, pursuant to article 254-A of Brazilian Corporation Law and to Quattor Petroquímica ByLaws.

3. Objectives, Benefits and Justification of the Merger of Shares

3.1. Objectives, Benefits and Justification of the Merger of Shares. The Merger of Shares is one of the stages in Braskem's consolidation of Odebrecht and Sistema Petrobras' interests in the petrochemical sector. Its specific objectives are:

(i) to expand the competitiveness and efficiency of Braskem and Quattor and their respective subsidiaries and associated companies so that they can compete with international companies;

(ii) to create value for Braskem by capturing additional synergies;

(iii) to simplify Braskem and Quattor's current capital and ownership structure through the migration of Quattor's current shareholders to Braskem; and (iv) to concentrate and increase Sistema Petrobras' interest in Braskem.

4. Previous Corporate Acts. In addition to the transactions and corporate acts mentioned in the Material Facts disclosed on January 22, 2010 and April 27, 2010, Braskem and Quattor's Boards of Directors approved the signing of the Protocol of Justification of the Merger of Shares, as well as the appraisal reports of Braskem and Quattor's shares, and other related documents, and resolved to submit the Merger to the resolution of the shareholders' meetings of Braskem and Quattor.

5. Exchange Ratio for the Merger of Shares

5.1. Exchange Ratio for the Merger of Shares. As a result of the Merger of Shares, Quattor's shareholders will receive 0.188558631820 common shares issued by Braskem for each common share issued by Quattor (Exchange Ratio).

5.2. Criteria for Establishing the Exchange Ratio. The Exchange Ratio was determined based on the economic value of Braskem and Quattor, calculated: (i) in accordance with the discounted cash flow criterion in the case of Braskem, Quattor, Quattor Petroquímica, Quattor Química S.A. (Quattor Química) and Rio Polímeros S.A. (Riopol), and (ii) based on the trading multiples of comparable companies, in the case of IQ Soluções e Química S.A. (quantiQ), Polibutenos S.A. Indústrias Químicas (Polibutenos) and Divisão Química.

5.3. Reasons why the Merger of Shares is Considered Equitable for Shareholders. Braskem and Quattor's management believe that the Merger of Shares is equitable for their shareholders, given that the Exchange Ratio was based on economic and financial evaluations of the companies, which were prepared independently by Banco Bradesco BBI S.A., a financial institution inscribed in the Corporate Roll of Taxpayers (CNPJ/MF) under no. 06.271.464/0073-93, with head offices at Av. Paulista nº 1.450, 8º andar, in the city and state of São Paulo (Bradesco BBI).

5.4. Fractions of Shares. Fractions of Braskem shares resulting from the application of the Exchange Ratio will be ignored and the respective shares will not be issued.

6. Criteria for Evaluating Braskem and Quattor Shares

6.1. Economic Evaluation. In order to determine the Exchange Ratio, Bradesco BBI appraised Braskem and Quattor, based on their economic value, using the discounted cash flow criterion in the case of Braskem, Quattor, Quattor Petroquímica, Quattor Química and Riopol, and the trading multiples of comparable companies criterion in the case of quantiQ, Polibutenos and Divisão Química on the base date of September 30, 2009 (Economic and Financial Evaluation Report). The selection and hiring of Bradesco BBI must be ratified and approved by Braskem and Quattor's shareholders.

6.2. Book Value Evaluation. In order to determine the value of the increase in Braskem's capital and reserves as a result of the Merger of Shares, Quattor's shares were evaluated by the specialized firm, PricewaterhouseCoopers Auditores Independentes, with head offices at Av. Francisco Matarazzo, 1400, in the city and state of São Paulo, with secondary registration with the Rio de Janeiro Regional Accounting Council under no. CRC2SP000160/O-5 F RJ and inscribed in the Corporate Roll of Taxpayers (CNPJ/MF) under no. 61.562.112/0001-20 (PWC), based on their book value in accordance with Quattor's audited financial statements on the base date of March 31, 2010 (Base Date). The selection and hiring of Bradesco BBI must be ratified and approved by Braskem and Quattor's shareholders. In accordance with said evaluation, the book value of the Quattor shares to be merged by Braskem was equivalent to, on the Base Date, R\$ 199,356,374.97 (one hundred and ninety-nine million, three hundred and fifty-six thousand, three hundred and seventy-four reais and ninety-seven centavos), or R\$ 2.088343486 per Quattor share, corresponding to the increase in Braskem's shareholders' equity.

6.3. Evaluation of Braskem and Quattor's Shares in Accordance with Article 264 of Brazilian Corporation Law In accordance with article 264 of Brazilian Corporation Law, on May 6, 2010 Braskem and Quattor requested authorization from the Brazilian Securities and Exchange Commission (CVM) to use the Economic and Financial Evaluation Report of Braskem and Quattor as the basis for determining the Exchange Ratio, in accordance with the *caput* of article 264 of Brazilian Corporation Law. Braskem will keep its shareholders and the market informed of the CVM's decision in regard to this matter.

7. Treatment of the Equity Variations Subsequent to the Merger of Shares. 8. Rights and Advantages of the Shares

8.1. Rights Conferred by the Braskem Shares to be Issued to Quattor Shareholders. Quattor shareholders (except Braskem) will receive common Braskem shares in the amount established by the Exchange Ratio.
