Notice to the Market

Convergence with the International Financial Reporting Standards (IFRS)

Banco Bradesco S.A. announces to its shareholders, clients, collaborators and to the market in general that it prepared complete consolidated financial statements for the years ended December 31, 2010 and 2009, according to the International Financial Reporting Standards - IFRS, in conformity with the pronouncements issued by the International Accounting Standards Board - IASB, pursuant to Resolution 3,786/09 of the Brazilian Monetary Council (CMN) and CVM Rule 457/07.

See below, the main changes seen in our consolidated financial statements due to the adoption of IFRS:

IFRS - Attributable to the	51,051	9,940	44,192	8,283
controlling shareholder (1)				
Non-controlling shareholder IFRS - Attributable to the	107 51 159	112	455 44,647	18
controlling and	51,158	10,052	44,047	8,301
non-controlling shareholder (1)				

⁽¹⁾ The net income basis for the calculation of dividends and interest on capital paid to shareholders, is originally from BR GAAP, which was released on January 31, 2011

Below is a description of the main changes from the adoption of IFRS:

The Organization chose to classify these financial instruments in the available-for-sale category, according to the exemptions allowed in the transition to IFRS 1(R), since for the purposes of BR GAAP following Resolution CMN 3,181/04 and Susep Circular Letter 379/08, the financial instruments included in the held-to-maturity category may be sold, provided that new securities of same nature are simultaneously acquired, with maturity longer than or equal to that of the securities sold. Thus, the fair value adjustment relating to these financial instruments will be recognized in Equity – "Accumulated Comprehensive Income," net of tax effects.

The Organization does not have significant influence in the management of the investee, this shareholding will be designated as available-for sale and recorded at fair value on the date of transition to IFRS, the subsequent changes in fair value within Equity – "Accumulated comprehensive income," net of tax effects.

¹⁾ Fair value adjustment of financial instruments in consolidated wholly-owned mutual funds

²⁾ Fair value adjustment of financial assets – equity instruments

Edgar Filing: BANK BRADESCO - Form 6-K

3) Adjustment to the recoverable value of loans and advances

Impairment of loans and advances were established based on the history of losses and other information about the clients of the organization at the balance sheet date and clear evidences that show losses had occurred after the initial recognition of the financial asset

4) Recording of tax credit on rate differences

Deferred tax assets were measured and recognized based on the effective rate at which the Organization expects to realize them, i.e., 15%.

5) Reversal of hedge accounting

These financial instruments were not designated as hedge instruments for IFRS purposes, and thus they were not treated as hedges for accounting purposes under IAS 39. Therefore, the amount recorded in equity under BR GAAP was reversed against retained earnings at the transition date

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
