Highlights

17. In September 2016, Bradesco was selected to integrate the Dow Jones Sustainability Index (DJSI), in the Dow Jones Sustainability Emerging Markets portfolio.

18. In October 2016, Bradesco Seguros S.A. ("Bradesco Seguros") and Swiss Re Corporate Solutions Ltd. ("Swiss Re Corso"), signed a business deal by which: (i) Swiss Re Corporate Solutions Brasil Seguros S/A ("Swiss Re Corporate Solutions Brasil") will take over Bradesco Seguro's P&C (Property and Casualty) and transportation operations ("Large Risks Insurance") thus having exclusive access to Bradesco clients to exploit the marketing of Large Risks Insurance; and (ii) Bradesco Seguros will hold an equity stake of 40% in Swiss Re Corporate Solutions Brasil and the other 60% stake will remain with its controller Swiss Re Corso. The transaction is subject to approval by the competent authorities and other contractual terms commonly used for this type of transaction.

19. In October 2016, the partial spin-off of HSBC Brasil was approved in the Extraordinary General Meeting, through the absorption of portions of its assets by companies of the Organization, enabling progress with the integration of operating and technological platforms, resulting in the replacement of the HSBC brand in its service network, which is now Bradesco. Therefore, Bradesco started operating with a unified platform (branches, ATMs and systems), to which all clients will have access. Bradesco aggregates, from now on, to the products and services already offered to clients of HSBC Brasil, a service network of national coverage, a modern technological platform and a broader portfolio of products and services.

20. In November 2016, Bacen authorized fund raising based on issuance of Financial Bills, under subordination clause, in the amount of R\$5,0 billion, to be considered eligible to compose the Additional Tier I Capital of the Reference Equity, as set forth in CMN Resolution No. 4,192/13.

- Best gain in "Market Capitalization" among banks in Brazil (Economática); and
- Best profitability and payment of dividends, in the banking sector, to shareholders in Latin America and in the USA (preferred shares), leading, again, the ranking of dividend yield.

Bradesco Organization is fully committed to the socio-economic development of the country. We set our business guidelines and strategies with a view of incorporating the best corporate sustainability practices, considering the context and the potential of each region, thus contributing to the generation of shared value in the long term. To reinforce this positioning, we highlight the adherence to corporate initiatives recognized worldwide, such as the Global Compact, the Equator Principles, CDP, Principles for Responsible Investment (PRI), GHG Protocol Program and *Empresas pelo Clima* (EPC - Business for the Climate Platform). Our governance structure includes the Sustainability Committee, responsible for advising the Board of Directors on establishing guidelines and corporate actions for this area, and with the multi-departmental Committee responsible for coordinating the strategy's implementation. Excellence in business management is recognized by the main indexes of Sustainability, such as the Dow Jones Sustainability Index (DJSI) – "Emerging Markets", of the New York Stock Exchange, the Corporate Sustainability Index (ISE), and the Carbon Efficient Index (ICO2), both of BM&FBOVESPA.

With a broad social and educational program put in place 60 years ago, Fundação Bradesco operates 40 schools across Brazil. In 2016, an estimated budget of R\$593.360 million will benefit approximately 101,566 students enrolled in its schools at the following levels: basic education (from kindergarten to high school and higher secondary technical-professional education), youth and adult education; and preliminary and continued vocational training, focused on creating jobs and income. (1) For more information, please see note 5 – Managerial Statement of Financial Position and Income Statement by Operating Segment, in chapter 6 of this report;

(2) Expanded Loan Portfolio: includes sureties and guarantees, letters of credit, advances on credit card receivables, co-obligations in loan assignments (receivables-backed investment funds and mortgage-backed receivables), co-obligations in rural loan assignments and operations bearing credit risk – commercial portfolio, covering debentures and promissory notes;

(3) Includes provision for guarantees provided, encompassing sureties, guarantees, letters of credit, and standby letter of credit, which comprises the concept of “excess” provision. In the third quarter of 2015, includes an excess provision/ Ratings Downgrade, considered as a non-recurring event, totaling R\$3,704 million, whose balance of the excess provision went from R\$4,004 million, in June 2015, to R\$6,409 million, in September 2015. In September 2016, the excess provision totaled R\$7,491 million, impacted by the effect of the consolidation of HSBC Brasil (R\$1,072 million);

- (4) In the last 12 months;
- (5) For comparison purposes, shares were adjusted in accordance with bonuses and stock splits;
- (6) Excluding mark-to-market effect of Available-for-Sale Securities recorded under Shareholders' Equity;
- (7) Year-to-Date Adjusted Net Income. As of the first quarter of 2016, the Annualized Returns have been calculated on a linear basis and for the best effect of comparability, the previous periods have been readjusted;
- (8) Excludes additional reserves;
- (9) Number of shares (excluding treasury shares) multiplied by the closing price for common and preferred shares on the period's last trading day;
- (10) As defined by the Brazilian Central Bank (Bacen);
- (11) Overdue loans;
- (12) Since October 2013, the Basel Ratio calculation has followed regulatory guidelines set forth in CMN Resolutions No. 4,192/13 and No. 4,193/13 (Basel III);
- (13) As of March 2015, the calculated ratio based on the Prudential Conglomerate is included, as set forth in CMN Resolution No. 4,192/13. It is important to note that the Prudential Conglomerate is calculated in accordance with the regulatory guidelines set forth in CMN Resolution No. 4,280/13. In September 2016, it considers the subordinated debts authorized by the Central Bank, in November 2016, to compose Tier I Capital;
- (14) The decrease as of March 2015, disregarding the effect of the consolidation of HSBC Brasil, is related to (i) the migration of "Offsite ATM Network– Bradesco" to "Banco24Horas Network"; (ii) the deactivation of ATMs from "Banco24Horas Network"; and (iii) the reduction of Bradesco Expresso correspondents;
- (15) PA (Service Branch): a result of the consolidation of PAB (Banking Service Branch), PAA (Advanced Service Branch) and Exchange Branches, according to CMN Resolution No. 4,072/12; and PAEs – ATMs located on a company's premises;
- (16) Including overlapping ATMs and customer service points within the Bank's own network and the Banco24Horas Network, reason for which the ATMs and customer service points of Banco24Horas relating to the consolidation of HSBC Brasil were not highlighted;
- (17) This decrease is related to the sharing of external network ATMs by the Banco24Horas Network ATMs;
- (18) Number of individual clients (National Registry of Legal Entities (CNPJ) and Individual Taxpayer Registry (CPF));
- (19) Refers to first and second checking account holders; and
- (20) Number of accounts.

Summarized Analysis of Adjusted Income

Adjusted Net Income and Profitability

The return on the Average Adjusted Shareholders' Equity (ROAE), which is calculated on a linear basis, registered 17.6% in September 2016. The adjusted net income amounted to R\$12,736 million in the first nine months of 2016, a decrease of 4.3% compared to the same period of the previous year. Disregarding the effect of the consolidation of HSBC Brasil, the reduction was 5.4%, impacted, largely, by the increase in allowance for loan losses expenses, as a result of: (i) the increase in delinquency due to the escalating economic slowdown in the period; and (ii) the leveling of provisioning for certain corporate client operations in the first semester of 2016, particularly a specific case, whose downgrade to the H rating had an impact of R\$1,201 million.

Total Assets registered R\$1.270 trillion in September 2016, a 20.9% increase over September 2015, driven by the increased turnover and by the consolidation of HSBC Brasil, which contributed with an increase of R\$161.2 billion in total assets. Return on Average Assets (ROAA) stood at 1.5%, calculated on a linear basis.

The main events that affected adjusted net income are detailed below.

Adjusted net income reached R\$4,462 million in the third quarter of 2016, an increase of R\$301 million, or 7.2%, compared to the previous quarter. Disregarding the effect of the consolidation of HSBC Brasil, the increase was by R\$153 million, or 3.7%, mainly due to: (i) the decrease in allowance for loan losses expenses due to the impact, in the second quarter of 2016, produced by the downgraded rating in the particular case of a corporate client; (ii) the decrease in other net operating expenses; (iii) the increase in fee and commission income; (iv) the increase in the income of insurance premiums, pension and capitalization bonds; partly offset by: (v) the decrease of the NII; and (vi) higher administrative expenses.

In the comparison between the first nine months of 2016 and the same period in the previous year, the adjusted net income decreased R\$575 million or 4.3%. Disregarding the effect of the consolidation of HSBC Brasil, the decrease was of R\$723 million, or 5.4%, which reflects an increase in (i) allowance

for loan losses expenses, for the reasons detailed above; (ii) personnel and administrative expenses; and (iii) other net operating expenses. However, it's important to highlight the increase in: (i) the interest-earning portion of the NII; and (ii) fee and commission income.

Shareholders' Equity totaled R\$98,550 million in September 2016, up 14.3% over September 2015. Based on the Prudential Conglomerate, the Basel III Ratio was calculated at 15.3%, 11.9% of which is classified as Tier I Capital. It is important to mention that, in September 2016, it considers the subordinated debts authorized by the Central Bank, in November 2016, to compose Tier I Capital.

Operating Efficiency Ratio (ER)

In September 2016, the 12-month ER⁽¹⁾ reached 38.2%, a 0.8 p.p. increase compared to the previous quarter and a 0.3 p.p. increase in the annual comparison. Disregarding the effect of the consolidation of HSBC Brasil, this indicator totaled 37,6%, an increase of 0.2 p.p. in the quarterly comparison, partially impacted by: (i) higher operating expenses, mainly administrative expenses, originated from: (a) higher advertising and marketing expense, mainly related to the "Rio 2016 Olympic and Paralympic Games"; and (b) outsourced services; partially offset by: (ii) the growth of (a) the fee and commission income, prompted by the increase in the volume of business and services provided; and (b) the net interest income. In the annual comparison, such indicator showed an improvement of 0.3 p.p. mainly due to the increase in (i) the net interest income; (ii) fee and commission income; and offset, largely, by: (iii) the increase in operating expenses during the period.

The quarterly ER reached 41.1%, but disregarding the effect of the consolidation of HSBC Brasil, the indicator totaled 39.4%, impacted by: (i) higher administrative expenses, largely, due to the same reason detailed above; (ii) lower net interest income; and offset by: (iii) the growth of the fee and commission income, originated by the increase in the volume of business and services provided; (iv) higher income from Insurance Premiums, Pension Plans and Capitalization Bonds, net of technical provisions, retained claims and others; and (v) lower net operating expenses.

The risk adjusted ER reflects the impact of the risk associated with loan operations⁽²⁾ and reached 49.9% (48.8% without HSBC Brasil), impacted

It is important to mention that the ER performance reflects the strategy of sustainable growth, which includes, among other things, (i) the availability of appropriate products and services for clients through the segmentation of the base and of digital channels, (ii) the optimization of points of service, and (iii) the strict control of operating expenses, arising from the actions of the Efficiency Committee and of investments in Information Technology, to the amount of R\$4.514 billion in the first nine months of 2016. In this sense, once the integration process of HSBC Brasil is concluded, emphasis is placed on the provision of a unified platform (branches, ATMs and systems) and an even broader portfolio of products and services to all clients of Bradesco.

primarily by the leveling of provisions for corporate clients carried out in the first semester of 2016.

Press Release**Summarized Analysis of Adjusted Income****NII (Net Interest Income)**

In the third quarter of 2016, net interest income recorded a growth of R\$1,969 million, or 13.2%, compared with the previous quarter. Disregarding the effect of the consolidation of HSBC Brasil, there was a decrease of R\$485 million, or 3.2%, due to the lower results in: (i) the interest-earning portion of the NII, in the value of R\$407 million, influenced, mainly, by the decrease in "Securities/ Other"; and (ii) non-interest-earning portion of the NII, in the amount of R\$78 million.

In the comparison between the first nine months of 2016 and the same period of the previous year, net interest income increased by R\$5,910 million, or 14.5%. Disregarding the effect of the consolidation of HSBC Brasil, the increase was of R\$3,456 million, or 8.5%, due to: (i) a higher interest-earning portion of the NII, to the amount of R\$3,496 million, particularly in "Credit Intermediation"; and partly offset by: (ii) the lower non-interest-earning portion of the NII, to the amount of R\$40 million.

Expanded Loan Portfolio ⁽¹⁾

In September 2016, the expanded loan portfolio of Bradesco totaled R\$521.8 billion. Disregarding the effect of the consolidation of HSBC Brasil, the portfolio presented a 1.2% decrease in comparison with the previous quarter, impacted by the lower credit demand in the third quarter of 2016. Micro, Small and Medium-sized Enterprises, Large Corporates and Individuals presented a reduction of 4.9%, 0.1% and 0.4%, respectively, during the period.

In relation to the last 12 months, excluding HSBC Brasil, the portfolio also decreased 6.8%. Companies registered a decline of 10.8%, impacted mainly by the segment of Micro, Small and Medium-sized Enterprises, while loans to Individuals grew 2.1%. For Individuals, the products that had the strongest growth in the last 12 months were: (i) real estate financing; and (ii) credit card. For Companies, the notable products were: (i) operations bearing credit risk – commercial portfolio (debentures and promissory notes); and (ii) real estate financing.

(1) In addition to Bacen loan portfolio, it includes sureties, guarantees, letters of credit, advances on credit card receivables, debentures, promissory notes, co-obligation in mortgage-backed receivables, and rural loans.

Allowance for Loan Losses (ALL) Expenses

In the nine months of 2016, allowance for loan losses expenses totaled R\$16,214 million, registering a variation of 47.6%, or R\$5,232 million, compared with the same period of the previous year. Disregarding the effect of the consolidation of HSBC Brasil, allowance for loan losses expenses amounted to R\$15,025 million, an increase of R\$4,043 million, or 36.8%, which was mainly originated by the: (i) higher delinquency ratio, mainly due to the further worsening of economic conditions in the period; and (ii) leveling of provisions for certain corporate clients, particularly a specific case, whose downgraded rating had an impact of R\$1,201 million in the first semester of 2016 (this operation is 100% provisioned).

In the third quarter of 2016, disregarding the effect of the consolidation of HSBC Brasil, allowance for loan losses expenses amounted to R\$4,553 million, a decrease of 9.4%, or R\$471 million, mainly due to the: (i) impact produced by the specific case, stated above, in the second quarter of 2016; and mitigated by the: (ii) increase in the delinquency rate, resulted from the weak performance of the economy in the quarter. It is important to highlight that, from this quarter, the effect of an improvement in the guarantee management system, for the provisioning of the real estate financing operations, did not produce any relevant effect on the allowance for loan losses expenses.

It is important to note that the balance of the loan operations – the Bacen concept disregarding the operations resulting from HSBC Brasil, presented a 7.8% decrease in the annual comparison and a 1.3% decrease in the quarterly comparison.

The reinforcement of the credit granting policies, quality of guarantees, as well as the improvement of the credit recovery processes mitigated the effect in the growth of delinquency rates.

Provisioning, Delinquency, ALL and Effective Coverage Ratio

The graph on the right-hand side shows the behavior of the Bradesco portfolio, considering the consolidation of HSBC Brasil in the third quarter of 2016.

The assertiveness of the provisioning criteria adopted must be mentioned, which is proven by: (i) analyzing historical data on recorded allowance for loan losses; and (ii) effective losses in the subsequent 12-month period. When analyzed in terms of credit losses, net of recoveries, for an existing provision of 7.8% of the portfolio⁽¹⁾ in September 2015, the net loss in the subsequent 12 months was 3.6%, this represents an effective

coverage ratio of 220.0%.

It should be highlighted that, considering the losses expected for one year (dotted part), which has a high correlation with E-H non-performing ratings, there is an effective coverage ratio of 213.7% for September 2016.

Income from Insurance, Pension Plans and Capitalization Bonds

In the third quarter of 2016, in comparison with the previous quarter, revenues showed an increase of 2.8%, driven by the "Capitalization Bonds", "Health" and "Life and Pension" products, which grew by 10.8%, 4.3% and 1.6%, respectively. Disregarding HSBC Brasil insurance companies, the revenues of the third quarter of 2016 presented a decrease of 1.3% compared with the previous quarter, influenced by "Life and Pension Plans" product, which decreased 5.0%.

In the nine months of 2016, the revenues registered an increase of 10.3% in comparison with the same period of the previous year, influenced by "Health"; "Life and Pension" and "Capitalization Bonds" products, which increased by 16.2%, 9.8% and 5.1%, respectively. Disregarding HSBC Brasil insurance companies, the growth in the accrued comparison was 8.7%, influenced by the products detailed above.

Net income for the third quarter of 2016 was 29.0% higher than the results presented in the previous quarter. Disregarding HSBC Brasil companies of the insurance segment, net income for the third quarter of 2016 was 22.8% higher than the results presented in the previous quarter, largely due to: (i) the improvement in the financial

and equity results; (ii) the improvement in the commercialization index; (iii) maintenance of the administrative efficiency index; and partly offset by: (iv) the increase of 1.2 p.p. in the claims ratio index.

Net income accrued in the first nine months of 2016 was 4.2% higher than the results presented in the same period of the previous year. Disregarding HSBC Brasil companies, of the insurance segment, the increase was of 2.3%, largely due to: (i) the increase of 8.7% in revenue; (ii) the decrease in the commercialization index; (iii) the maintenance of the administrative efficiency index, considering the collective bargaining of the category in January 2016; (iv) the increase in financial and equity results, partly offset by: (v) the increase of 3.6 p.p. in the claims ratio index; and (vi) by the introduction of a supplemental coverage provision, whose methodology of calculation takes into account the discount of the projected cash flow of the insurance contracts in force, based on the interest rates' fixed-term structure (ETTJ). These curves present approximately 1 p.p. of variation between the dates of the calculation basis, resulting in an increase of the Supplemental Coverage Provision (SCP).

Disregarding the effect of the consolidation of HSBC Brasil, the increase was of R\$642 million, or 5.9%, a percentage below the inflation rates, mainly due to the variations in the following expenses: (i) "structural" portion due to the increase in expenses with payroll, social charges and benefits, impacted by higher salaries, in accordance with the 2015 and 2016 collective bargaining agreements; and (ii) "non-structural" portion, mainly due to higher expenses with (a) employment termination costs; (b) employee and management profit sharing; and (c) provision for labor claims.

quarter. Disregarding the effect of the consolidation of HSBC Brasil, such expenses decreased by R\$16 million, or 0.4%, mainly originated from: (i) the variation in the "non-structural" portion, in the amount of R\$195 million, or 22.5%, due to lower expenses with (a) employment termination; (b) employee and management profit sharing; and (c) provision for labor claims; and partly offset by: (ii) the increase in the "structural" portion, in the amount of R\$179 million, or 5.9%, related to the increase in expenses relating to payroll, social charges and benefits, affected by higher salaries, in accordance with the 2016 collective bargaining agreement.

In the third quarter of 2016, personnel expenses totaled R\$4,930 million, a variation of 27.0%, or R\$1,048 million, compared to the previous

Administrative Expenses

In the comparison between the first nine months of 2016 and the same period of the previous year, administrative expenses presented an increase of 16.6%, or R\$1,958 million. Disregarding the effect of the consolidation of HSBC Brasil, the increase was of 10.2%, or R\$1,196 million, or reflecting, primarily, an increase in expenses originated from: (i) the effect of the actions of advertising and marketing, mainly related to the "Rio 2016 Olympic and Paralympic Games"; (ii) higher business and services volume in the period; and (iii) contractual adjustments.

In the third quarter of 2016, administrative expenses totaled R\$5,337 million, with a variation of 25.0%, or R\$1,067 million, over the previous quarter. Disregarding the effect of the consolidation of HSBC Brasil, such expenses increased by 7.1%, or R\$305 million, mainly impacted by: (i) higher expenses with advertising and marketing, mainly related to the "Rio 2016 Olympic and Paralympic Games"; and (ii) by the increase in the business and services volume concentrated in the period, which resulted in higher expenses with: (a) data processing; (b) outsourced services; and (c) depreciation and amortization.

(1) The decrease as of March 2015, disregarding the effect of the consolidation of HSBC Brasil, is related to: (i) the migration of "Offsite ATM Network – Bradesco" to "Banco24Horas Network"; (ii) the deactivation of ATMs from "Banco24Horas Network"; and (iii) the decrease of Bradesco Expresso (Correspondent Banks); and

(2) HSBC Brasil.

Other Operating Income and Expenses

In the first nine months of 2016, other net operating expenses totaled R\$5,381 million, an R\$259 million increase, or 5.1%, over the same period of the previous year. Disregarding the effect of the consolidation of HSBC Brasil, there was an increase of R\$347 million, or 6.8%, primarily due to: (i) tax contingency expenses, net of reversal, in the first semester of 2016, in the amount of R\$485 million; (ii) contingent liabilities expenses, originating from the obligation in loan assignment, in the first semester of 2016, in the amount of R\$200 million; and (iii) the increase in civil provision expenses. In the first semester of 2015, expenses were impacted by the constitution of provision for tax contingency, in the amount of R\$571 million.

R\$485 million; (ii) contingent liabilities, originating from the obligation in loan assignment, in the amount of R\$200 million; offset by (iii) increased civil provision expenses; and (iv) increased expenditure on operating provisions related to activities of cards and insurance, in the third quarter of 2016.

In the comparison between the third quarter of 2016 and the previous quarter, other net operating expenses decreased R\$317 million, or 15.7%. Disregarding the effect of the consolidation of HSBC Brasil, the decrease was of R\$229 million, or 11.4%, due to the constitution of the provision expense in the second quarter of 2016 for: (i) tax contingency, net of reversal, in the amount of

Income Tax and Social Contribution

In the comparison between the first nine months of 2016 and the same period of the previous year, the 8.4%, or R\$569 million, decrease is related to: (i) an increase in provisioning/payment of interest on shareholders' equity, due to the increase in the Federal Government Long-Term Interest Rate (TJLP) in the period (from an average of 6.0%, in the first nine months of 2015 to 7.5% in the first nine months of 2016); (ii) a lower taxable income, impacted by higher nontaxable income; being partially offset by: (iii) the increase in the Social Contribution (CSLL) rate. It is worth noting that, under this heading, there was no significant impact on the effect of consolidation of HSBC Brasil.

In the third quarter of 2016, income tax and social contribution expenses totaled R\$1,948 million, remaining stable as compared to the second quarter of 2016.

Unrealized Gains

Unrealized gains totaled R\$20,360 million at the end of the third quarter of 2016, an increase of R\$2,185 million, or 12.0%, over the previous quarter. Such variation was mainly due to the market valuation in securities. It is worth noting that there was no significant impact on the effect of consolidation of HSBC Brasil in the third quarter of 2016.

Capital Ratios - Basel III

Basel Ratio

In September 2016, the Regulatory Capital of the Prudential Conglomerate stood at R\$100,056 million, against risk-weighted assets totaling R\$657,148 million. The Basel Ratio showed a decrease of 2.4 p.p., from 17.7%, in June 2016, to 15.3%, in September 2016, and the Tier I Capital ratio from 13.7%, in June 2016, to 11.9%, in September 2016, impacted, mainly by: (i) the effect of the consolidation of HSBC Brasil, which influenced: (a) the risk-weighted assets; (b) goodwill / intangible assets; and (c) the other prudential adjustments; partly offset by: (ii) the use of Subordinated Bonds, authorized in November 2016, by the Central Bank to compose Tier I Capital, whose amount reached R\$5.0 billion.

Full Impact – Basel III

We calculated a Basel III simulation, considering some of the main future adjustments, which include: (i) deductions of 100% according to the schedule of phase-in arrangements; (ii) the allocation of resources, obtained via payment of dividends, by our Insurance Group; (iii) the use of tax credits; (iv) the decrease in the market and operational risk multiplier (early adoption), from

The table below shows the main events that impacted the Tier I Capital ratio in the third quarter of 2016.

(2) Effect of the full impact. Also includes, the Goodwill / Intangible assets stock paid for the acquisition of HSBC Brasil, net of amortizations and the allocation of resources, obtained via payment of dividends, by the Insurance Group;

(3) Considers the decrease in the market and operational risks multiplier (early adoption), from 9.875% to 8% in 2019; and the change of the rule for the consolidation of proportionate companies, in accordance with CMN Resolution No. 4,517/16;

(4) Refers to the minimum required, in accordance with Bacen Circulars No. 3,768/15 and No. 3,769/15. It is important to highlight that Bacen fixed at 0% the tranche of countercyclical capital required, which could reach up to 2.5% in 2019, and includes 1% for the tranche of systemic importance in 2019; and

Economic and Financial Analysis Report – September 2016

Economic Environment

The international scenario remains complex, because of the risks of deflation and uncertainties in relation to the pace of growth in relevant economies. The financial markets showed moderation of volatility in the quarter, except for specific moments of questioning about the health of the European financial system. It is worth mentioning that the effects of the United Kingdom leaving the European Union on global markets have been modest (exception made for assets in the UK, evidently). This is due, largely, to the continuity of timely actions by the main central banks worldwide, such as the European Central Bank (ECB), Bank of Japan (BoJ) and the Federal Reserve (Fed).

In the Euro area, the BCE maintained the program for the purchase of securities of € 80 billion per month, until March 2017, reiterating that it may, if necessary, require going further. In a similar direction, the Bank of Japan innovated and established a goal of interest rate for the 10-year government securities. With this, the BoJ wants to signal commitment to maintaining actual negative interest rates over a long period, thus producing inflation. The Fed, in turn, continues to indicate a very piecemeal posture to the rhythm of monetary normalization. Even so, the improvement of economic conditions and of the labor market reinforces the expectation that the rise in interest rates will occur soon. In short, due to actions and significant signs of major central banks worldwide, it can be said that an environment of lower aversion to risk ended up prevailing in the external scenario, guaranteed by ample conditions of liquidity. This has favored, in large measure, the prices of assets of emerging economies.

The domestic scenario, in the third quarter, was marked by the maintenance of the resumption of

words, the GDP should resume growth only in the first quarter of 2017.

Therefore, the weakness of the economic activity continues limiting part of the advancement of the tax adjustment in the short term. Thus, actions to ensure fiscal sustainability in the medium term, and progress on the reform agenda have become even more relevant. Efforts in this direction are necessary to maintain the economic predictability, enabling the trend of increases in actual income and productive investments to resume. At the same time, moderation in the economy will allow the inflation to reach the set target more quickly, enabling the conditions to initiate a process of flexibility in monetary policy this year.

With the macroeconomic adjustments made, additional actions of a structural nature that can affect potential future growth continue to be essential. The constant search for excellence in education is Brazil's front line in its struggle to become more competitive and to expedite its efforts to upgrade infrastructure. It should be remembered that, in the long term, the main source of economic growth is productivity, a theme that is even more relevant in a global context characterized by increased competition and an economic growth that is still fragile. Investments will tend to play an increasingly important role in the composition of growth in coming years, especially in the process of the recovery of economic activity. This would benefit more from greater participation of the capital market in financing these projects. At the same time, despite the cyclical retraction of the consumer market in some sectors, structurally, the potential of the domestic demand for goods and services is not exhausted.

trust and the reduction of the uncertainties coming from the political environment. Although there are important proceedings in progress, the economic agenda shows a correct sense of urgency in relation to what needs to be done to restore the growth in the economy and offer of jobs. It is worth mentioning that the resumption of confidence of consumers and entrepreneurs has favored the likelihood of economic stabilization and potential recovery in subsequent quarters. However, it should be noted that the performance of the economy is still weak, suggesting a slower recovery than previously expected. In other

Bradesco maintains a positive outlook towards Brazil, with favorable perspectives for its operating sections. Credit volume is evolving at risk-compatible rates, even when faced with a cyclical upswing in delinquency rates, due to the reduction of activity and the increase of the unemployment rate this year. The circumstances are still very promising for Brazilian banking and insurance sectors in the medium and long term.

The charts below refer to the Loan Portfolio, as defined by Bacen:

Loan Portfolio⁽¹⁾ – By Flow of Maturities⁽²⁾

The loan portfolio by flow of maturities of operations has, as one of its features, a longer profile, mainly due to the presence of real estate financing and payroll-deductible loans operations. It must be noted that, due to their guarantees and characteristics, these operations are not only exposed to lower risk, but they also provide favorable conditions to gain client loyalty. It is worth noting that there was no significant impact on the effect of consolidation of HSBC Brasil in the third quarter of 2016.

(1) As defined by Bacen; and

(2) Only performing loans.

Loan Portfolio⁽¹⁾ – Delinquency

90-day Delinquency Ratio ⁽²⁾

The delinquency ratio, comprising of the balance of operations delayed for more than 90 days, showed an increase in this quarter, mainly due to the low demand for credit and the delay of a specific client from the Large Corporates segment.

The graphs at the side present the effects of the indexes considering HSBC Brasil, as well as, excluding its effect.

(2) Portfolios were not sold.

15-90 Day Delinquency Ratio

In the third quarter of 2016, short-term delinquency, including operations overdue by between 15 and 90 days, showed a decrease, mainly due to a specific client from the Large Corporates segment having migrated from a delinquency range to another, returning to the levels of the first quarter of 2016.

Allowance for Loan Losses (ALL) vs. Delinquency vs. Losses⁽¹⁾

Composition of the Provision

Bradesco monitors the development of its loan portfolio, as well as respective risks, by internally applying the expanded portfolio concept. In addition to the allowance for loan losses required by Bacen, Bradesco has excess ALL to support potential stress scenarios, as well as other operations/commitments carrying credit risks.

Allowance for Loan Losses totaled R\$40.4 billion in September 2016, representing 10.1% of the total loan portfolio, comprising of: (i) generic provision (client and/or operation rating); (ii) specific provision (non-performing loans); and (iii) excess provision (internal criteria, including provision for guarantees provided).

Provisioning levels are deemed appropriate and sufficient to support possible changes in scenarios, such as higher delinquency levels and/or changes in the loan portfolio profile.

Provisioning, Delinquency, PDD and Effective Coverage Ratio

The graph below shows the behavior of the Bradesco portfolio, considering the consolidation of HSBC Brasil in the third quarter of 2016.

The strength of the provisioning criteria adopted must be mentioned, which is proven by: (i) historical data analysis of recorded allowances for loan losses; and (ii) effective losses in the subsequent 12-month period. When analyzed in terms of net loss of recovery, for an existing provision of 7.8% of the portfolio⁽¹⁾, in September

2015, the net loss in the subsequent 12 months was 3.6%, representing an effective coverage of 220.0%.

It should be highlighted that, considering the losses expected for one year (dotted part), which has a high correlation with the operations of abnormal course of the E-H ratings, there is an effective coverage of 213.7% for September 2016.

(1) As defined by Bacen; and

(2) Includes provision for guarantees provided, encompassing sureties, guarantees, letters of credit and standby letters of credit, which comprises the concept of "excess" ALL.

Coverage Ratio

The graph below presents the behavior of the ratios to cover the provision for doubtful accounts in relation to default credits exceeding 60 and 90 days, considering HSBC Brasil. In September 2016, these ratios showed very comfortable levels, reaching coverages of 158.3% and 189.1%, respectively. Disregarding the effect of HSBC Brasil and the effect of a specific corporate client, these indexes would be 162.3% and 198.1%.

Bradesco monitors its credit portfolio, as well as its respective risk, using the expanded portfolio concept. Besides the provision for doubtful accounts required by Bacen, Bradesco has a surplus provision of R\$7.5 billion, to cover possible stress scenarios, as well as other operations/commitments with credit risk.

NPL Creation 90 days x Write-offs

The NPL creation reached R\$7,402 million in the third quarter of 2016, representing 1.9% of the Bacen loan portfolio. Disregarding the effect of the consolidation of HSBC Brasil and a specific corporate customer, the NPL creation reached

R\$5,166 million, presenting a reduction of 3.5% compared to the previous quarter and representing 1.5% of the Bacen loan portfolio, representativeness of less than that presented in the second quarter of 2016, which was 1.6%.

Loans vs. Funding

In order to analyze Loan Operations in relation to Funding, the following should be deducted from the total client funding: (i) the amount committed to reserve requirements at Bacen, (ii) the amount of available funds within the customer service network, along with the addition of, (iii) funds from domestic and foreign lines of credit that finance the demand for loans.

Bradesco shows low dependency on interbank deposits and foreign lines of credit, given its

capacity to effectively obtain funding from clients. This is a result of: (i) the prominent position of its Service Points; (ii) the broad diversity of products offered; and (iii) the market's confidence in the Bradesco brand.

Note that the use of funds provides a comfortable margin. It proves that Bradesco is capable of meeting demands for loaning funds through its own funding.

Time Deposits

At the end of September 2016, the balance of time deposits totaled R\$113,214 million, presenting an increase in the amount of R\$44,715 million, or 65.3%, in the quarterly comparison, and R\$24,477 million, or 27.6% compared with September of the previous year. Disregarding the effect of the consolidation of HSBC Brasil, the increase was of R\$3,868 million, or 5.6% in the quarterly comparison, and decrease in the amount of R\$16,370 million or 18.4% compared with September of the previous year.

(1) HSBC Brasil.

This performance was primarily due to the interest rate oscillations occurring in the period and to the new investment alternatives available to clients.

Debentures

In September 2016, Bradesco's debentures balance totaled R\$82,163 million, registering a decrease of R\$2,205 million, or 2.6%, in comparison with the previous quarter. In the comparison between September 2016 and September of the previous year, the debentures balance showed an increase of R\$16,419 million, or 25.0%.

Such variations refer mainly to the placement of these financial instruments, which are also used as ballast in committed transactions. In September 2016, HSBC Brasil had no balance in debentures.

Borrowing and On-lending

In September 2016, the balance of on-lending registered at R\$62,805 million, an increase of R\$5,273 million, or 9.2%, in the quarterly comparison. Disregarding the effect of the consolidation of HSBC Brasil, there was a

onlendings denominated and/or indexed in foreign currency, whose balance changed from R\$32,167 million in September 2015 to R\$22,556 million, in September 2016, partially due to the negative exchange rate variation of 18.3% in the

decrease in the amount of R\$429 million, or 0.7% mainly due to: (i) the decrease in borrowings and onlendings denominated and/or indexed in foreign currency; offset by: (ii) the increase in the volume of funds raised by borrowings and on-lending in the country, mainly through BNDES operations.

In the comparison between September 2016 and September of the previous year, the balance of borrowings and on-lending recorded a decrease in the amount of R\$6,849 million, or 9.8%.

Disregarding the effect of the consolidation of HSBC Brasil, the decrease of R\$12,551 million, or 18.0%, was essentially due to: (i) a decrease of R\$9,611 million, or 29.9% in borrowings and

period; and (ii) a decrease in the volume of funds raised by borrowings and on-lending in the country, mainly in the form of Finame operations.

Funds from Issuance of Securities

In September 2016, funds from issuance of securities totaled R\$153.976 million, presenting an increase in the amount of R\$41,159 million, or 36.5%, in the quarterly comparison. Disregarding the effect of the consolidation of HSBC Brasil, the increase was of R\$3,588 million, or 3.2%, mainly due to: (i) the increased inventory of Financial Bills, in the amount of R\$5,381 million; mainly offset by: (ii) the decreased inventory of Agribusiness Notes, in the amount of R\$1,648 million.

In the comparison between September 2016 and September of the previous year, showed increase in the amount of R\$42,989 million, or 38.7%. Disregarding the effect of the consolidation of HSBC Brasil, the increase of R\$5,418 million, or 4.9%, was mainly due to: (i) the increased inventory of Financial Bills, from R\$74,628 million in September 2015 to R\$79,460 million in September 2016, as a result of the new issuances in the period; and (ii) the higher volume of Real Estate Credit Notes, in the amount of R\$4,775 million.

Subordinated Debts

Subordinated debts totaled R\$53,843 million in September 2016, showing an increase in the amount of R\$2,891 million, or 5.7%, in the third quarter of 2016, and R\$15,308 million, or 39.7%, in the comparison between September 2016 and September of the previous year. Disregarding the effect of the consolidation of HSBC Brasil, the increase, in the third quarter of 2016, was of R\$1,439 million, or 2.8%, and compared to September of the previous year, it was of R\$13,856 million, or 36.0%, mainly due to the issue of new subordinated debts in the period.

(1) Considering: Mortgage Notes, Agribusiness Notes, MTN Program Issues, Securitization of Payment Order Flow, Cost of issuances over funding, Certificate of Deposit and Structured Operations Certificate.

(1) Includes the amount of R\$15,058 million, relating to subordinated debts recorded under the heading "Eligible Debt Capital Instrument"; and

(1) Disregarding the effect of the consolidation of HSBC Brasil, the reduction refers to: (i) the migration of “External ATM Network Points – Bradesco” to “Banco24Horas Network”; (ii) the deactivation of ATMs from “Assisted Banco24Horas Network Points”; and (iii) the decrease of the Bradesco Expresso correspondents.

Total Personnel and Administrative Expenses amounted to R\$10,267 million in the third quarter of 2016, with an increase of 25.9%, or R\$2,115 million, in comparison with the previous quarter. In the comparison between the first nine months of 2016 and the same period of the previous year, total Personnel and Administrative Expenses showed an increase of 16.2%, or R\$3,664 million. Disregarding the effect of the consolidation of HSBC Brasil, there was an increase of 3.5%, or R\$289 million, in the quarterly comparison, and 8.1%, or R\$1,838 million, in the comparison between the first nine months of 2016 and the same period of the previous year.

Personnel Expenses

Total personnel expenses amounted to R\$4,930 million in the third quarter of 2016, showing an increase of 27.0%, or R\$1,048 million, in comparison with the previous quarter. Disregarding the effect of the consolidation of HSBC Brasil, such expenses showed a decrease of R\$16 million, or 0.4%, mainly due to: (i) the decrease in the "non-structural" portion, in the amount of R\$195 million, or 22.5%, due to the lower expenses of: (a) costs resulting from the

termination of employment contracts; (b) participation in profits and results of the administrators and employees (PLR) and (c) provision for labor claims, and partially offset by: (ii) the increase in the "structural" portion in the amount of R\$179 million, or 5.9%, related to the increase of expenditure with proceeds, social costs and benefits, impacted by the increase in wage levels, according to the collective convention of 2016.

Economic and Financial Analysis

Personnel and Administrative Expenses

In the comparison between the first nine months of 2016 and the same period of the previous year, personnel expenses showed an increase of R\$1,706 million, or 15.7%. Disregarding the effect of the consolidation of HSBC Brasil, the increase was of R\$642 million or 5.9%, percentage below the inflation indexes, being justified, mainly due to variations in the portions: (i) the "structural" portion variation, related to the increase in expenses relating to payroll, social charges and benefits, that was affected by higher salaries, in accordance with the 2016 and 2015 collectives agreements; and (ii) the "non-structural" portion variation, mainly due to higher expenses of: (a) costs resulting from the termination of employment contracts, to the amount of R\$105 million, (b) profits shared between the administrators and employees (PLR), to the

amount of R\$97 million, and (c) provision for labor claims, in the amount of R\$33 million.

Administrative Expenses

In the third quarter of 2016, administrative expenses totaled R\$5,337 million, showing an increase of R\$1,067 million or 25.0%. Disregarding the effect of the consolidation of HSBC Brasil, such expenses registered an increase of R\$305 million or 7.1%, mainly due to: (i) higher expenses of advertising and marketing, in the amount of R\$112 million, mainly related to "The Rio 2016 Olympic and Paralympic Games"; and (ii) the increase in the volume of business and services concentrated in this period which resulted in higher expenses of (a) data processing in the amount of R\$76 million; outsourced services in the amount of R\$56 million, and (c) depreciation and amortization in the amount of R\$32 million.

In the comparison between the first nine months of 2016 and the same period of the previous year, administrative expenses showed an increase of 16.6%, or R\$1,958 million. Disregarding the effect of the consolidation of HSBC Brasil, the increase was of R\$1,196 million, or 10.2%, basically reflecting, the increment of the expenses originated: (i) the effect of the actions of advertising and marketing, in the amount of R\$246 million, related to "The Rio 2016 Olympic and Paralympic Games"; (ii) the growth in business and services volumes in the period; and (iii) the contractual adjustments.

Operating Coverage Ratio ⁽¹⁾

In this quarter, the coverage ratio over the last 12 months recorded 78.0%. Disregarding the effect of the consolidation of HSBC Brasil, the coverage ratio remained stable in comparison with the previous quarter, mainly due to ongoing cost control efforts, including (a) the Efficiency Committee's initiatives; (b) investments in Information Technology, which totaled R\$4,514 billion in the first nine months of 2016; and (c) measures applied to increase the offer of products and services available to the entire client base.

Economic and Financial Analysis

Tax Expenses

Tax expenses totaled R\$1,601 million in the third quarter of 2016, showing an increase of R\$275 million, or 20.7%, in relation to the previous quarter. Disregarding the effect of the consolidation of HSBC Brasil, the increase of R\$32 million, or 2.4%, was primarily due to the increase in taxable income in the quarter.

In the comparison between the first nine months of 2016 and the same period of the previous year, such expenses increased by R\$355 million, or 8.9%. Disregarding the effect of the consolidation of HSBC Brasil, the increase of R\$112 million or 2.8% is primarily due to the increase in expenses with ISS/Cofins, derived from the increase in taxable income in the period, mainly of fee and

commission income and net interest income.

Equity in the Earnings (Losses) of Affiliates

In the third quarter of 2016, equity in the earnings (losses) of affiliates registered an increase of R\$86 million compared with the previous quarter, and R\$119 million in the annual comparison, between the accrued periods of nine months. Disregarding the effect of the consolidation of HSBC Brasil, the increase of R\$56 million in comparison with the previous quarter and R\$89 million compared to the first nine months of the previous year was primarily due to the equity in the earnings (losses) obtained with the "IRB – Brasil Resseguros" affiliate.

Non-Operating Income

In the third quarter of 2016, non-operating income recorded a loss of R\$24 million, showing a decrease of R\$32 million, or 57.1%, in comparison with the previous quarter, and a decrease of R\$48 million, or 22.3%, in the annual comparison between the accrued periods of nine months. Disregarding the effect of the consolidation of HSBC Brasil, the decrease of R\$9 million, in comparison with the previous quarter and R\$25 million compared to the first nine months of the previous year, essentially due to the variation of non-operating expenses (such as losses on sale of foreclosed assets/other) in each period.

Corporate Governance

Bradesco's Management is made up of the Board of Directors and the Statutory Board of Executive Officers. The Board of Directors is composed of eight members, seven of which are external members, including the Chairman (Mr. Lázaro de Mello Brandão), and one of which is an internal member (the Chief Executive Officer, Mr. Luiz Carlos Trabuco Cappi), who was elected at the Annual Shareholders' Meeting and who is eligible for reelection. The Board of Directors elects the members of the Board of Executive Officers.

The Board of Directors is advised in its activities, by seven (7) Committees, two (2) of which are Statutory Committees (Audit and Compensation) and five (5) of which are Non-Statutory Committees (Ethical Conduct, Internal Controls and Compliance, Integrated Risk Management and Capital Allocation, Nomination and Sustainability). Several Executive Committees report to the Board of Executive Officers.

Investor Relations area – IR

The commitment to transparency, democratization of information, punctuality and the pursuit of best practices is an essential factor that is constantly reinforced by Bradesco's Investor Relations area.

In the third quarter of 2016, there were 76 events promoted with national and international investors, through conferences, meetings, conference calls and institutional presentations, assisting 1,122 investors. Over the course of the nine months of

In addition to the stated Audit Committee, Bradesco also makes use of the permanent Fiscal Council, elected by the shareholders, and the Internal Audit, which reports to the Board of Directors, as the main oversight agencies of its administrative/operational structure.

In 2011, Bradesco voluntarily adhered to Level 1 Corporate Governance of BM&FBovespa, as well as to the Code of Self-Regulation and Best Practices for Publicly Held Companies, issued by the Brazilian Association of Publicly Held Companies (ABRASCA), in 2011.

Further information is available on Bradesco's Investor Relations website (bradescori.com.br – Corporate Governance Section).

2016, there were 321 events and 3,822 investors were assisted.

The schedule of events in Brazil also promoted the Bradesco APIMEC Meetings, in the city of Porto Alegre, comprising an audience of over 150 participants. At the time, the main figures, strategies and perspectives of the Bradesco Organization were presented.

Sustainability

Prêmio Latinoamérica Verde 2016 (Green Latin America Award)

Bradesco won the "Latinoamérica Verde" (award), in the "Sustainable Finance" category with the case "Financial Inclusion and Sustainable Development in the Amazon". The award, sponsored by CAF (Latin America Development Bank), evaluated by the UNDP (United Nations Development Program) and audited by PWC

(PriceWaterhouseCoopers), was presented at the end of August, in Ecuador, and evaluated 1,400 projects in ten categories.

This achievement is related to the creation of inclusive business in communities, which were not assisted by banking services, contributing to local development in line with forest conservation.

Dow Jones Sustainability Index (DJSI)

Bradesco was selected again to incorporate the Dow Jones Sustainability Index (DJSI), of the New York Stock Exchange in the Dow Jones Sustainability Emerging Markets portfolio. The overall performance has evolved, with emphasis on the themes of Policies and Measures for Crime Prevention, Financial Stability and Systemic Risk,

and Financial Inclusion, in which Bradesco achieved the maximum score. The evolution of the performance was not sufficient in keeping Bradesco in the DJSI World portfolio for the next period, due to having obtained an overall score slightly lower than the minimum necessary for selection in this portfolio.

Risk Management

Risk management activity is highly strategic due to the increasing complexity of services and products and the globalization of Bradesco's business. The market's dynamism encourages Bradesco to engage in the continuous improvement of this activity in pursuit of better practices, leading Bradesco to use its internal market risk models, which have been used to calculate regulatory capital since January 2013.

Bradesco controls corporate risk management in an integrated and independent manner, preserving and valuing the Board's decisions, developing and implementing methodologies,

models and measurement and control tools. It also provides training for employees at every level of the organization, from business areas to the Board of Directors.

The management process results in the proactive identification, measurement, mitigation, monitoring and reporting of risks, which is necessary when taking into account Bradesco's complex financial products and activity profile.

Detailed information on the risk management process, regulatory capital, as well as Bradesco's risk exposure, can be found in the Risk Management Report, available on the Investor Relations website: bradescori.com.br.

Capital Management

The Capital Management structure aims to provide conditions for capital monitoring and control, contributing to the achievement of goals set in the strategic objectives defined by Bradesco, through adequate capital sufficiency planning. This structure is comprised of Executive Committees and one Non-Statutory Committee, which assist the Board of Directors and Board of Executive Officers in the decision-making process.

In addition to the Committee structure, Bradesco has a department responsible for capital management centralization, named Capital Management and Internal Capital Adequacy Assessment Process (ICAAP), subordinated to the Department of Planning, Budget and Control, which acts jointly with the Integrated Risk Control Department, associated companies, business

encompasses a prospective outlook of at least three years. The process of developing this plan considers threats and opportunities, market share and development goals, capital requirement projections based on risks, as well as capital held by Bradesco. Such projections are constantly monitored and controlled by the capital management area.

With the implementation of the capital management structure, an internal process has been established to assess capital adequacy (ICAAP), which provides conditions to assess capital sufficiency in accordance with the base and stress scenarios, in a prospective outlook to identify capital and contingency actions to be taken in the respective scenarios. Capital adequacy and sufficiency information represent essential tools to manage

areas and Bradesco's supporting areas.

On an annual basis, the capital plan is devised by Bradesco, which is approved by the Board of Executive Officers and Board of Directors. It is also aligned with the strategic plan and

and support the decision-making process.

Additional information on the capital management structure is available in the Risk Management Report – Pillar 3, and in the Integrated Report, on the Investor Relations website: bradesco.com.br.

Limited Assurance Report about Supplementary Accounting information included within the Economic and Financial Analysis Report

To
Directors of
Banco Bradesco S.A.
Osasco – SP

We were engaged by Banco Bradesco S.A. ("Bradesco") to report on the consolidated supplementary accounting information of Banco Bradesco S.A. as of September 30, 2016 and for the three and nine-month period ended as of September 30, 2016, in the form of a limited assurance conclusion if, based on our engagement performed, nothing has come to our attention that causes us to believe that the supplementary accounting information included within the Economic and Financial Analysis Report are not presented, in all material respects, based on the information referred to in the "Criteria for preparing the supplementary accounting information" paragraph.

Responsibilities of the Management of Bradesco

Management of Bradesco is responsible for preparing and adequately presenting the consolidated supplementary accounting information included within the Economic and Financial Analysis Report based on the criteria for the preparation of the supplementary accounting information described below, and for other information contained within this report, as well as the design, implementation and maintenance of internal controls that management determined as necessary to allow for such information that is free from material misstatement, whether due to fraud or error.

Independent Auditor's Responsibility

Our responsibility is to review the supplementary accounting information included within the Economic and Financial Analysis Report prepared by Bradesco and to report thereon in the form of a limited assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with the NBC

TO 3000 - Assurance Engagement Other than Audit and Review (ISAE 3000). That standard requires that we comply with ethical requirements, including independence requirements, and plan and perform our procedures to obtain a meaningful level of limited assurance about whether we did not become aware of any fact that could lead us to believe that the supplementary accounting information included within the Economic and Financial Analysis Report are not presented, in all material respects, to the information referred to in the “Criteria for preparing the supplementary accounting information” paragraph.

The procedures selected were based on our understanding of the consolidated supplementary accounting information included within the Economic and Financial Analysis Report, as well as other circumstances of our work and our consideration of other areas that may contain material misstatements.

Limited assurance is less than absolute assurance and reasonable assurance. Procedures to gather information to a limited assurance engagement are more limited than to a reasonable assurance engagement and, therefore, we obtain less assurance than a reasonable assurance engagement; consequently, we do not express neither an audit opinion nor a reasonable assurance over the supplementary accounting information included within the Economic and Financial Analysis Report.

Report on Economic and Financial Analysis – September 2016

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Management Report

Dear Shareholders,

We hereby present the Consolidated Financial Statements of Banco Bradesco S.A related to the period ended on September 30, 2016, in accordance with the accounting practices used in Brazil and applicable to institutions authorized to operate by the Brazilian Central Bank.

As of July 2016, with the completion of the acquisition operation of HSBC Bank Brasil S.A. – Banco Múltiplo, Bradesco started to consolidate HSBC's results in its Financial Statements.

The reduction of uncertainties is the main highlight of the third quarter. Although there are important proceedings in course, the messages and diagnosis of the economic team demonstrate a sense of urgency in relation to what needs to be done to restore growth in the economy and in the offer of jobs, which is fundamental to strengthen confidence and concretely reveal recovery in domestic activity.

Among the events that shaped the quarter in the Organization, we highlight the approval, in the General Meeting of October 7, of the division of HSBC, enabling the integration of operating and technological platforms, resulting in the replacement of the HSBC brand in its service network, which is now Bradesco. Thus, since October 8, clients have gained access to their accounts and other services as Bradesco clients.

In the period, as Interest on Own Capital and, in gross values, R\$5.184 billion was destined to the shareholders, of which R\$1.867 billion was paid in the form of monthly and intermediaries and R\$3.317 billion provisioned in the form of extraordinary amounts to be paid on March 8, 2017. The extraordinary payment of Interest on Own Capital represents, approximately 33 times the value of monthly Interest paid (net of Withheld Income Tax).

The taxes and contributions, including pensions, paid or provisioned, totaled, in the first nine months of the year, R\$23.363 billion, whereby R\$8.876 billion was related to withheld taxes and those collected from third parties and R\$14.487 billion calculated based on the activities developed by the Organization, equivalent to 126.1% of the Net Income.

At the end of the quarter, the paid-in Capital Stock was of R\$51.100 billion. Added to the Equity Reserves of R\$47.450 billion, it resulted in a Shareholders' Equity of R\$98.550 billion, with a growth of 14.3% compared to the same period of 2015, corresponding to the equity value of R\$17.81 per share.

Bradesco's Market Value, calculated on the basis of its shares listing, reached R\$160.472 billion on September 30, 2016, equivalent to 1.6 times the Shareholders' Equity, recording a growth of 41.6% compared to September 30, 2015.

It is also important to highlight the fact of Bradesco being selected again to incorporate the Dow Jones Sustainability Index – DJSI, of the New York Stock Exchange, in the portfolio Dow Jones Sustainability Emerging Markets. There have been changes in the overall performance, with emphasis on the themes “Policies and Measures of Crime Prevention”, “Financial Stability” and “Systemic Risk and Financial Inclusion”.

The Rio 2016 Olympic Games consolidated a cycle of building a legacy based on the transforming power of sports. Bradesco believed since the beginning and became the first official sponsor of the Olympic Games, in the Bank and Insurance categories. Reinforcing this commitment, the bank was also sponsor of the Olympic Torch and Paralympic Torch Relay, which took the emotion and Olympic spirit to more than 320 Brazilian cities. The results were perceived on many fronts, always leveraging the brand, the generation of business and the engagement of employees. Studies have demonstrated the growth of the attractiveness index of Bradesco, besides being one of the most remembered brands among the sponsors.

Bradesco recorded, from January 1 to September 30, 2016 a Net Income of R\$11.492 billion, equivalent to R\$2.08 per share and profitability of 15.9% over the average Shareholders' Equity(*). The annualized return on Average Total Assets was 1.4%.

Representing 8.3% of Total Assets, the Managed Shareholders' Equity totaled R\$98.986 billion, a growth of 14.3% on September 2015. Thus, the index of solvency reached 14.5%, higher, than the minimum of 10.5% established by Resolution No. 4,193/13 of the National Monetary Council, in compliance with the Basel Committee. At the end of the semester, the immobilization index, with regard to the Reference Equity, was of 44.4% in the Prudential Consolidation, falling under the maximum limit of 50%.

In compliance with Article 8 of the Brazilian Central Bank Circular Letter No. 3,068/01, Bradesco declares that it has the financial capacity and the intention of holding to maturity the securities classified under “held to maturity securities”.

The total resources funded and administered by the Bradesco Organization amounted to R\$1.786 trillion on September 30, 2016, 27.1% higher in comparison to the same period of the previous year, distributed as follows:

R\$481.620 billion in Demand Deposits, Time Deposits, Interbank Deposits, Savings Accounts and Securities Sold Under Agreements to Repurchase;

Economic and Financial Analysis Report – September 2016

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

1) OPERATIONS

Banco Bradesco S.A. (Bradesco) is a private-sector publicly traded company and universal bank that, through its commercial, foreign exchange, consumer financing and housing loan portfolios, carries out all the types of banking activities for which it has authorization. The Bank is involved in a number of other activities, either directly or indirectly, through its subsidiaries, specifically leasing, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. All these activities are undertaken by the various companies in the Bradesco Organization (Organization), working together in an integrated manner in the market.

2) PRESENTATION OF THE CONSOLIDATED FINANCIAL STATEMENTS

Bradesco's consolidated financial statements include the financial statements for Banco Bradesco, its foreign branches and subsidiaries, in Brazil and overseas and SPEs (Special Purpose Entities) and investment funds of which the Organization's companies are the main beneficiaries or holders of the principal obligations, as established by Technical Pronouncement CPC 36 (R3), in item "Control". These statements were prepared using accounting practices in compliance with Laws No. 4,595/64 (Brazilian Financial System Law) and No. 6,404/76 (Brazilian Corporate Law), including amendments introduced by Laws No. 11,638/07 and No. 11,941/09, as they relate to the accounting for operations, complemented by the rules and instructions of the National Monetary Council (CMN), the Brazilian Central Bank (Bacen), Brazilian Securities and Exchange Commission (CVM), where applicable, National Private Insurance Council (CNSP), Insurance Superintendence (Susep) and National Supplementary Healthcare Agency (ANS). The financial statements of the leasing companies included in the consolidated financial statements were prepared using the finance lease method, under which the book value of leased fixed assets less the residual value paid in advance are reclassified.

For the quarters, up to September 30, 2015, the consolidated financial statements were prepared in accordance with the specific procedures established by Article 3 of the CMN Resolution No. 2,723/00, in force until March 31, 2015, and other provisions of the Accounting Plan of Financial Institutions ("Cosif"), having as objective: (i) to demonstrate the basis of information used by the Management to evaluate the performance and make decisions regarding the allocation of resources for investments and other purposes, among the companies of the Organization, as well as (ii) to maintain consistency based on information that was required by the regulator and already disclosed in previous periods. Starting December 31, 2015, for the purposes of preparing the consolidated financial statements it was applied, in addition to the provisions of the Accounting Plan of Financial Institutions ("Cosif"), the concepts of control established by Technical Pronouncement CPC 36 (R3), described above, which has certain different criteria from the consolidation

previously used, although resulting in the same values of net income and shareholders' equity and without resulting in other relevant effects on the financial statements as a whole. For the purpose of comparability, the balances of 2014, previously presented in Note 5 according to the CPC 23, are presented in the column "Managerial Statement of Financial Position and Managerial Income Statement" column. Intercompany transactions, including investments, assets and liabilities, revenue, expenses and unrealized profit were eliminated and net income and shareholders' equity attributable to the non-controlling interests were accounted for in a separate line. Goodwill on the acquisition of investments in subsidiary/associate companies or jointly controlled companies is presented in the investments and intangible assets lines (Note 15a). The foreign exchange variation from foreign branches and investments is presented in the income statement accounts used for changes in the value of the derivative financial instrument and borrowing and on-lending operations in order to offset these results with the hedges of these investments.

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair value estimates of certain financial instruments; civil, tax and labor provisions; impairment losses of securities classified as available-for-sale and held-to-maturity securities and non-financial assets; the calculation of technical provisions for insurance, pension plans and capitalization bonds; and the determination of the useful life of specific assets. Actual results may differ from those based on estimates and assumptions.

Bradesco's consolidated financial statements were approved by the Board of Directors on November 9, 2016.

(1) Increased participation through the subscription of shares in June 2016;

(2) The special purpose entity International Diversified Payment Rights Company is being consolidated. The company is part of a structure set up for the securitization of the future flow of payment orders received overseas;

(3) The investment funds in which Bradesco assumes or substantially retains the risks and benefits were consolidated;

(4) Consolidation of the fund from April 2016; and

(5) Companies originating from the acquisition, in July 2016, of HSBC Brasil (Note 35f).

3) SIGNIFICANT ACCOUNTING PRACTICES**a) Functional and presentation currencies**

Consolidated financial statements are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore, assets, liabilities and profit or loss are translated into Brazilian reais using the appropriate currency exchange rate, to comply with accounting practices adopted in Brazil. Foreign currency translation gains

and losses arising are recognized in the period's income statement in the lines "Derivative Financial Instruments" and "Borrowing and On-lending".

b) Income and expense recognition

Income and expenses are recognized on an accrual basis in order to determine the net income for the period to which they relate, regardless of when the funds are received or paid.

Fixed rate contracts are recorded at their redemption value with the income or expense relating to future periods being recorded as a deduction from the corresponding asset or liability. Finance income and costs are recognized daily on a pro-rata basis and calculated using the compounding method, except when they relate to discounted notes or to foreign transactions, which are calculated using the straight-line method.

Floating rate and foreign-currency-indexed contracts are adjusted for interest and foreign exchange rates applicable at the end of the reporting period.

Insurance and coinsurance premiums, net of premiums paid for coinsurance and related commissions, are recorded upon the issue of the related policies/certificates/endorsements and invoices, or upon the beginning of the exposure to risk in cases in which the risk begins before the issue, and recognized on a straight-line basis over the policies' effective period through the upfront recognition and subsequent reversal through the income statement of the unearned premium reserve and the deferred acquisition costs. Revenues from premiums and the corresponding deferred acquisition costs, relating to existing risk for which no policy has been issued, are recorded in the income statement at the beginning of the risk exposure, based on estimated figures.

The health insurance premiums are recorded in the premiums (results) account or provision for unearned premiums/considerations (PPCNG), according to the period of coverage of contracts in force on the balance sheet date.

Income and expenses arising from Mandatory Insurance For Personal Injury Caused by Motor Vehicles (DPVAT) insurance operations are recorded based on information provided by Seguradora Líder dos Consórcios do Seguro DPVAT S.A. Accepted coinsurance and retrocession operations are recorded based on the information received from other insurers and IRB - Brasil Resseguros S.A. (IRB), respectively.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Reinsurance operations are recorded based on the premium and claims information provided, which is subject to the analysis of the re-insurers. The deductions of reinsurance premiums granted are consistent with the recognition of the corresponding insurance premium and/or terms of the reinsurance contract.

Contributions and agency fees are deferred and recognized in the income statement on a straight-line basis over a period of 24 months for health insurance operations, and 12 months for other operations.

Pension plan contributions and life insurance premiums with survival coverage are recognized in the income statement as they are received.

The revenue of the capitalization bonds are recognized in the month in which they are issued, according to the types of collection, which may be in monthly payments or in a single payment. Each security has a nominal value, which is restated monetarily by the Reference Rate (TR) + 0.5% interest per month. Technical provisions are recorded when the respective revenues are recognized.

The revenues arising from unclaimed and expired capitalization bonds (securities and non-redeemed draws) are recognized after the prescription period, that is, until November 2003, up to 20 years and five years after this date as established by law. The expenses with commercialization of capitalization bonds are classified as "Acquisition Costs" and are recognized in the income statement as incurred.

c) Cash and cash equivalents

Cash and cash equivalents include: funds available in currency, investments in gold, securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less, from the time of the acquisition, which are exposed to insignificant risk of change in fair value. These funds are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are presented in Note 6.

d) Interbank investments

Unrestricted repurchase and reverse repurchase agreements are stated at their fair value. All other interbank investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 7.

e) Securities – Classification

- Trading securities – securities acquired for the purpose of being actively and frequently traded. They are recorded at cost, plus income earned and adjusted to fair value with movements recognized in the Income Statement for the period;
- Available-for-sale securities – securities that are not specifically intended for trading purposes or to be held to maturity. They are recorded at cost, plus income earned, which is recorded in profit or loss in the period and adjusted to fair value with movements recognized in shareholders' equity, net of tax, which will be transferred to the Income Statement only when effectively realized; and
- Held-to-maturity securities – securities for which there is positive intent and financial capacity to hold to maturity. They are recorded at cost, plus income earned recognized in the Income Statement for the period.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. If market prices are not available, fair values are based on traders' quotations, pricing models, discounted cash flows or similar techniques to determine the fair value and may require judgment or significant estimates by Management.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Classification, breakdown and segmentation of securities are presented in Note 8 (a to c).

f) Derivative financial instruments (assets and liabilities)

Derivative instruments are classified based on the objective for which the underlying instrument was acquired at the date of purchase, taking into consideration its use for possible hedging purposes.

Operations involving derivative financial instruments are designed to meet the Bank's own needs in order to manage overall exposure, as well as to meet customer requests to manage their positions. The gains or losses are recorded in profit or loss or shareholders' equity accounts.

Derivative financial instruments used to mitigate risk deriving from exposure to variations in the fair value of financial assets and liabilities are designated as hedges when they meet the criteria for hedge accounting and are classified according to their nature:

- Market risk hedge: the gains and losses, realized or not, of the financial instruments classified in this category as well as the financial assets and liabilities, that are the object of the hedge, are recorded in the Income Statement; and
- Cash flow hedge: the effective portion of valuation or devaluation of the financial instruments classified in this category is recorded, net of taxes, in a specific account in shareholders' equity. The ineffective portion of the hedge is recognized directly in the Income Statement.

A breakdown of amounts included as derivative financial instruments, in the balance sheet and off-balance-sheet accounts, is disclosed in Note 8 (d to g).

g) Loans and leasing, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses

Loans and leasing, advances on foreign exchange contracts and other receivables with credit characteristics are classified by risk level, based on: (i) the parameters established by CMN Resolution No. 2,682/99, which requires risk ratings to have nine levels, from “AA” (minimum risk) to “H” (maximum risk); and (ii) Management’s assessment of the risk level. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to operations, debtors and guarantors. Moreover, the days-past-due is also considered in the rating of customer risk as per CMN Resolution No. 2,682/99, as follows:

| Past-due period (1) | Customer rating |
|----------------------------|------------------------|
| • from 15 to 30 days | B |
| • from 31 to 60 days | C |
| • from 61 to 90 days | D |
| • from 91 to 120 days | E |
| • from 121 to 150 days | F |
| • from 151 to 180 days | G |
| • more than 180 days | H |

(1) For transactions with terms of more than 36 months, past-due periods are doubled, as permitted by CMN Resolution No. 2,682/99.

Interest and inflation adjustments on past-due transactions are only recognized in the Income Statement up to the 59th day that they are past due. As from the 60th day, they are recognized in off-balance sheet accounts and are only recognized in the Income Statement when received.

Bradesco

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

H-rated past-due transactions remain at this level for six months, after which they are written-off against the existing allowance and controlled in off-balance-sheet accounts for at least five years.

Renegotiated transactions are held at the same rating as on the date of the renegotiation or classified in a higher risk rating. Renegotiations already written-off against the allowance and that were recorded in off-balance-sheet accounts, are rated as level "H" and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the operation or when new material facts justify a change in the level of risk, the operation may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, considering CMN and Bacen standards and instructions, together with Management's assessment of the credit risk.

Type, values, terms, levels of risk, concentration, economic sector of client's activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 10.

h) Income tax and social contribution (assets and liabilities)

Deferred tax assets, calculated on income tax losses, social contribution losses and temporary differences, are recorded in "Other Receivables - Sundry" and the deferred tax liabilities on tax differences in leasing depreciation (applicable only for income tax), fair value adjustments on securities, restatement of judicial deposits, among others, are recorded in "Other Liabilities - Tax and Social Security", in which for the additional depreciation only the income tax rate is applied.

Deferred tax assets on temporary differences are realized when the difference between the accounting treatment and the income tax treatment reverses. Deferred tax assets on income tax and social contribution losses are realizable when taxable income is generated, up to the 30% limit of the taxable profit for the period. Deferred tax assets are recorded based on current expectations of realization considering technical studies and analyses carried out by Management.

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. For financial companies, for companies considered as such and for the insurance industry, the social contribution on the profit was calculated until August 2015, considering the rate of 15%. For the period between September 2015 and December 2018, the rate was changed to 20%, according to Law No. 13,169/15. The rate will revert to 15% from January 2019. For the other companies, the social contribution is calculated considering the rate of 9%.

Due to the amendment of the rate, Bradesco recognized, in September 2015, an incremental amount to the deferred tax of social contribution, considering the annual expectations of realization and their respective rates in force in each period, according to the technical study produced.

Provisions were recorded for other income tax and social contribution in accordance with specific applicable legislation.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of deferred tax assets, as well as unrecorded deferred tax assets, is presented in Note 34.

i) Prepaid expenses

Prepaid expenses consist of funds already disbursed for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurred costs relating to assets that will generate revenue in subsequent periods are recorded in the Income Statement according to the terms and the amount of expected benefits and directly written-off in the Income Statement when the corresponding assets or rights are no longer part of the institution's assets or when future benefits are no longer expected.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

In the case of the remuneration paid for the origination of credit operations or leasing to the banking correspondents related to credit operations originated during 2015 and 2016, Bradesco opted to recognize part of the total value of compensation, pursuant to the provisions of Bacen Circular No. 3,738/14.

Prepaid expenses are shown in detail in Note 12b.

j) Investments

Investments in unconsolidated and jointly controlled companies, where Bradesco has significant influence over the investee or holds at least 20% of the voting rights, are accounted for using the equity method.

Tax incentives and other investments are stated at cost, less allowance for losses/impairment, where applicable.

Subsidiaries are consolidated – the composition of the main companies can be found in Note 2. The composition of unconsolidated and jointly controlled companies, as well as other investments, can be found in Note 13.

k) Premises and equipment

Relates to the tangible assets used by the Bank in its activities, including those resulting from transactions that transfer risks, benefits and control of the assets to the Bank.

Premises and equipment are stated at acquisition cost, net of accumulated depreciation, calculated by the straight-line method based on the assets' estimated economic useful life, using the following rates: real estate – 4% per annum; installations, furniture, equipment for use, security systems and communications –

10% per annum; transport systems – 20% per annum; and data-processing systems – 20% to 40% per annum, and adjusted for impairment, when applicable.

The breakdown of asset costs and their corresponding depreciation, as well as the unrecorded surplus value for real estate and the fixed asset ratios, are presented in Note 14.

l) Intangible assets

Relates to the right over intangible assets used by the Bank in its activities.

Intangible assets comprise:

- Future profitability/acquired client portfolio and acquisition of right to provide banking services: they are recorded and amortized over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted for impairment, where applicable; and
- Software: stated at cost less amortization calculated on a straight-line basis over the estimated useful life (20% p.a.), from the date it is available for use and adjusted for impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intent and ability to complete and use the software, as well as to reliably measure costs directly attributable to the intangible asset. These costs are amortized during the software's estimated useful life, considering the expected future economic benefits.

Intangible assets and the movement in these balances by class, are presented in Note 15.

m) Impairment

Financial and non-financial assets are tested for impairment.

Impairment evidence may comprise the non-payment or payment delay by the debtor, possible bankruptcy process or the significant or extended decline in an asset value.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

An impairment loss of a financial or non-financial asset is recognized in the profit or loss for the period if the book value of an asset or cash-generating unit exceeds its recoverable value. Impairment losses are presented in Note 8c(6) and 8h(1).

n) Securities sold under agreements to repurchase

These are recognized at the value of the liabilities and include, when applicable, related charges up to the end of the reporting period, calculated on a daily pro-rata basis.

A breakdown of the contracts recorded in deposits and securities sold under agreements to repurchase, as well as terms and amounts recognized in the statement of financial position and income statement, is presented in Note 16.

o) Technical provisions relating to insurance, pension plans and capitalization bonds

- Damage, health and group insurance lines, except life insurance with survival coverage:
 - The unearned premium reserve (PPNG) is calculated on a daily pro-rata basis, using premiums net of coinsurance, including amounts ceded through reinsurance, and is comprised of the portion corresponding to the remaining period of coverage less initial contracting costs, except for health and personal insurance. The portion of these reserves corresponding to the estimate for risks in effect but not yet contracted is designated 'PPNG-RVNE';
 - The unearned premium or contribution reserve (PPCNG) is calculated on a daily pro-rata basis based on the portion of health insurance premiums corresponding to the remaining period of coverage, of the currently effective contracts;

- The mathematical reserve for unvested benefits (PMBaC) is calculated as the difference between the current value of future benefits and the current value of future contributions, on obligations already assumed by Bradesco;

- The mathematical reserve for unvested benefits (PMBaC) relates to the individual health care plan portfolio and covers the risk related to the cover for the holder's dependents for five years following the death of the holder. It is calculated using a 5.1% annual discount rate, the time holders are expected to remain in the plan up to their death, and the projected costs of the five-year-period cover, excluding payment of premiums;

- For health insurance, the mathematical reserve of benefits granted (PMBC) is constituted by the obligations arising from the contractual clauses of remittance of installments, regarding the coverage of health assistance and by the premiums paid by insured participating in the Bradesco Saúde Insurance Plan - "GBS Plan" considering a discount rate of 5.1% per annum;

- For health insurance, the reserve for claims incurred but not reported (IBNR) is calculated from the final estimate of claims already incurred and still not reported, based on the run-off triangles, monthly that consider the historical development of claims advised in the last 12 months to establish a future projection per period of occurrence;

- For non-life insurance, the reserve for 'incurred but not reported' (IBNR) claims is calculated based on incurred but not paid' (IBNP) claims less the balance of the reserve for 'unsettled' claims (PSL) on the calculation date. A final estimate of IBNP is calculated using semi-annual run-off triangles. The run-off triangles consider the historical development of claims paid in the previous 10 semesters to determine a future projection per occurrence period, and considers the estimated claims 'incurred but not sufficient' reported (IBNER), reflecting the changing expectation of the amount provisioned along the regulatory process;

- For other life insurance, the reserve for 'incurred but not reported' (IBNR) claims is calculated based on incurred but not paid (IBNP) claims less the reserve for unsettled claims (PSL) on the calculation date. A final estimate of IBNP claims is calculated using semi-annual run-off triangles. The run-off triangles consider the historical development of claims paid in the previous 16 semesters to determine a future projection per occurrence period;

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- For the acquired insurance of persons portfolio, the reserve for 'incurred but not reported' (IBNR) claims is constituted to cover the expected values to be settled based on incurred but not reported claims until the base date of calculation. It is calculated by the Bornhuetter-Ferguson method, using as a mathematical model run-off triangles of claims incurred from 2001;
- The reserve for unsettled claims (PSL), for life and health insurance, considers all claim notifications received up to the end of the reporting period, including the legal claims and monetarily restated related costs;
- With respect to the insurance portfolios acquired, the reserve for unsettled claims (PSL) is made based on estimates of indemnities, for events incurred and appropriately reported by the insured and/or beneficiaries until the balance sheet date. It includes lawsuits related to claims, which are constituted based on the analysis of legal advisers for the assessment of risks related to the sum insured. It also includes an estimate of adjustments of incurred but not sufficiently reported (IBNER) for the aggregate development of claims reported but not yet paid, whose values may be changed throughout the process until their final settlement;
- For non-life insurance, the reserve for unsettled claims (PSL) is determined based on the indemnity payment estimates, considering all administrative and judicial claims existing at the reporting date, restated monetarily, net of the expected payments to be received;
- The reserve for related expenses (PDR) for insurance of persons is recorded to cover expenses related to estimated claims and benefits. For products structured in self-funding and partial regimes, the reserve covers claims incurred. For plans structured under a capitalization regime, the reserve is made to cover the expected expenses related to incurred claims and also claims expected to be incurred in the future;
- For damage insurance, the reserve for related expenses is calculated on a monthly basis to cover the expenses related to indemnity payment, and it covers the expenses allocated individually to each claim, as well as expenses related to claims that have not been itemized, that is, those at the level of the portfolio;

- The reserve for redemptions and other amounts to be settled (PVR) comprises figures related to redemptions to settle, premium refunds owed and portability (transfer-outs) requested but not yet transferred to the recipient insurer;

- The complementary reserve for coverage (PCC) refers to the amount necessary to complement technical provisions, as calculated in the Liability Adequacy Test (LAT), which is prepared using statistical and actuarial methods based on realistic assumptions, taking into account the biometric table BR-EMS of both genders, improvement of G Scale and forward interest rate curves (ETTJ) free from risk as authorized by SUSEP. The improvement rate is calculated from automatic updates of the biometric table, considering the expected increase in future life expectancy; and

- Other reserves are recorded for the individual health portfolio to address the differences between the expected present value of future premiums and the expected present value of indemnities and related expenses, using an annual discount rate of 5.2%.

- Pension plans and life insurance with survival coverage:
 - The unearned premium reserve (PPNG) is calculated on a daily prorated basis using net contributions, and is comprised of the portion corresponding to the remaining period of coverage and includes an estimate for risks covered but not yet issued (RVNE);

 - The mathematical reserve for unvested benefits (PMBaC) is recorded for participants who have not yet received any benefit. In defined benefit pension plans, the reserve represents the difference between the present value of future benefits and the present value of future contributions, corresponding to obligations in the form of retirement, disability, pension and annuity plans. The reserve is calculated using methodologies and assumptions set forth in the actuarial technical notes;

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- The mathematical reserve for unvested benefits (PMBaC) related to life insurance and unrestricted benefit pension plans (VGBl and PGBL), as well as the defined contribution plans, shows the value of participant contributions, net of costs and other contractual charges, plus income from investment in specially constituted investment funds (FIEs);

- The reserve for redemptions and other amounts to be settled (PVR) comprises figures related to redemptions to settle, premium refunds owed and portability requested but not yet transferred to the recipient insurer;

- The mathematical reserve for vested benefits (PMBC) is recognized for participants already receiving benefits and corresponds to the present value of future obligations related to the payment of those on-going benefits;

- The complementary reserve for coverage (PCC) refers to the amount necessary to complement technical provisions, as calculated in the Liability Adequacy Test (LAT), which is prepared semi-annually using statistical and actuarial methods based on realistic assumptions, taking into account the biometric table BR-EMS of both genders, improvement of G Scale and forward interest rate curves (ETTJ) free from risk as authorized by SUSEP. The improvement rate is calculated from automatic updates of the biometric table, considering the expected increase in future life expectancy;

- The reserve for related expenses (PDR) is recorded to cover expenses related to estimated claims and benefits. For products structured in self-funding and partially regimes, the reserve covers claims incurred. For plans structured under a capitalization regime, the reserve is made to cover the expected expenses related to incurred claims and also claims expected to be incurred in the future;

- The reserve for financial surplus (PEF) corresponds to the portion of income from investment of reserves that exceeds the minimum returns due to policyholders of pension plans that have a profit share clause;

- The reserve for incurred and not reported (IBNR) events is constituted for claims incurred but not reported and is based on run-off triangles, which consider the loss development of claims in the previous 96 months to set forth a future projection by occurrence period; and

- With respect to the insurance portfolios acquired, the provision of incurred but not reported claims (IBNR) is made to cover the expected values to settle for incurred but not reported claims until the base date of calculation. It is calculated in accordance with the criteria defined in SUSEP Circular No. 517/15 (amended by SUSEP Circular No. 521/15);

- The reserve for unsettled claims (PSL) considers all loss notices received up to the end of the reporting period. The provision is updated for inflation and includes all claims in litigation; and

- With respect to the insurance portfolios acquired, the reserve for unsettled claims (PSL) is made based on estimates of indemnities, for the events incurred and appropriately reported by the insured and/or beneficiaries until the balance sheet date. It includes lawsuits related to claims, which are constituted based on the analysis of legal advisers for the assessment of risks related to the sum insured. It also comprises values relating to accrued unpaid rent contained in the PMBC, which are written off and included in the PSL.

- Capitalization bonds:
 - The mathematical reserve for capitalization bond (PMC) is recorded for each active or suspended capitalization bond over the term set forth in the general conditions of the plan, and is calculated using the capitalization percentage, applicable to each payments made, plus the monthly accrual calculated using the inflation index and the interest rate established in the plan until the bond is redeemed or canceled;

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- The reserve for redemption (PR) comprises the values of matured and early-terminated capitalization bonds and is calculated by updating the balance of bonds whose terms have expired or canceled using the inflation index until the holder receives the redemption payment;

- Reserve for 'draws to be held' (PSR) is recorded to cover premiums for future prize draws, and the balance represents the present value of the draws that have already been funded but have not yet been held. The calculation methodology consists of the accumulation of the prize draw percentage applicable to each payment, as established in the plan, less the amounts related to prize draws that have already occurred. The percentages of payments designated for the prize draws is defined in advance in the actuarial technical note, and is not modified during the term of the bond;

- Reserve for draws payable (PSP) consists of the value of unpaid prize draw amounts, adjusted for inflation for the period between the date of the drawing and its effective settlement; and

- Reserve for administrative expense (PDA) is recorded to cover the cost of maintaining the single payment (PU) capitalization bonds.

Technical provisions shown by account, product and segment, as well as amounts and details of plan assets covering these technical provisions, are shown in Note 21.

p) Provisions, contingent assets and liabilities and legal obligations – tax and social security

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution No. 3,823/09 and CVM Resolution No. 594/09:

- **Contingent Assets:** these are not recognized in the financial statements, except to the extent that there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, and

confirmation of the capacity of the counterparty to pay or the ability of Bradesco to realize the asset via compensation against another liability upon which the gain is considered practically certain. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;

- Provisions: these are recorded taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever the loss is deemed probable, it requires a probable outflow of funds to settle the obligation and when the amount can be reliably measured;
- Contingent Liabilities: according to CPC 25, the term “contingent” is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management’s control. Contingent liabilities do not meet the criteria for recognition because they are considered as possible losses should only be disclosed in the notes when relevant. Obligations deemed remote are not recorded as a provision nor disclosed; and
- Legal Obligations – Provision for Tax Risks: results from judicial proceedings, which contest the applicability of tax laws on the grounds of legality or constitutionality, which, regardless of the assessment of the probability of success, are fully provided for in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recorded, by type, are presented in Note 18.

q) Funding expenses

Expenses related to funding transactions involving the issuance of securities reduce the corresponding liability and are recognized in the profit or loss over the term of the transaction. They are presented in Notes 16c and 19.

r) Other assets and liabilities

Bradesco

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Assets are stated at their realizable amounts, including, when applicable, related income and inflation and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities include known or measurable amounts, including related charges and inflation and exchange variations (on a daily prorated basis).

s) Subsequent events

These refer to events occurring between the reporting date and the date the financial statements are authorized to be issued.

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and
- Events not resulting in adjustments: events relating to conditions not existing at the end of the reporting period.

Subsequent events, if any, are described in Note 35.

Notes to the Consolidated Financial Statements**5) MANAGERIAL STATEMENT OF FINANCIAL POSITION AND INCOME STATEMENT BY OPERATING SEGMENT****a) Reconciliation of the Statement of Financial Position and Statement of Income – Accounting vs. Managerial ⁽¹⁾**

Management uses a variety of information, including those from financial statements, prepared in accordance with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Central Bank, prepared by consolidation criteria that differ in part from the criteria of CPC 36, as described in Note 2.

The main differences of consolidation criteria are shown below, through the Reconciliation of the Balance Sheet and the Statement of Income – Accountings. Managerial:

| | On September 30, 2016 | | | | |
|---|---|----------------------------------|---|---|---|
| | Accounting Statement of Financial Position | Proportional Companies (2) | Adjustments of Consolidation (3) | Managerial Statement of Financial Position | Accounting Statement of Financial Position |

(1) Consistent with the criteria in Bacen Circular Letter No. 3,068/01 and due to the characteristics of the securities, we are classifying the derivative financial instruments, except those considered as cash flow hedges in the category Trading Securities;

(2) In compliance with Article 8 of Bacen Circular Letter No. 3,068/01, Bradesco declares that it has the financial capacity and intention to maintain held-to-maturity securities until their maturity dates. The mark-to-market of securities, which were transferred from the category "Securities Available for Sale" to the category of "Securities Held to Maturity", in June 2015 and in December 2013, was maintained in the shareholders' equity and will be recognized in the results for the remaining term of these securities, according to Bacen Circular No. 3,068/01;

(3) The number of days to maturity was based on the contractual maturity of the instruments, regardless of their accounting classification;

(4) The fair value of securities is determined based on the market price available at the end of the reporting period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics. For investment funds, the original amortized cost reflects the fair value of the respective quotas;

(5) Includes hedge for protection of assets and liabilities, denominated in or indexed to foreign currency, primarily, arising from foreign investments, eliminating the effects of exchange variation of these assets and

liabilities. For a better analysis of these items, consider the net exposure (Note 8d II); and

(6) In the accrued on September 30, 2016, there was constitution of provision for impairment losses in the amount of R\$108,294 thousand, related to the heading "Securities" (in the accrued on September 30, 2015 there was no constitution of provision for impairment losses).

Economic and Financial Analysis Report – September 2016

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

d) Derivative financial instruments

Bradesco carries out transactions involving derivative financial instruments, which are recorded in the statement of financial position or in off-balance-sheet accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a range of derivatives, including interest rate swaps, currency swaps, futures and options. Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair value may require judgment or significant estimates by Management.

Quoted market prices are used to determine the fair value of derivative financial instruments. The fair value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from the Securities, Commodities and Futures Exchange (BM&FBOVESPA) and the domestic and international secondary market. These yield curves are used to determine the fair value of currency swaps, interest rate and other risk factor swaps. The fair value of forward and futures contracts is also determined based on market price quotations for derivatives traded on an exchange or using methodologies similar to those outlined for swaps. The fair values of credit derivative instruments are determined based on market price quotation or from specialized entities. The fair value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair value of corresponding assets. Current market prices are used to calculate volatility.

Derivative financial instruments in Brazil mainly refer to swaps and futures and are registered at the OTC Clearing House (Cetip) and BM&FBOVESPA.

Operations involving forward contracts of interest rates, indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and are mainly carried out at the stock exchanges in Chicago and New York, as well as the over-the-counter (OTC) markets.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements**f) Cash flow hedge**

On September 30, 2016, Bradesco used cash flow hedges to protect the cash flow from receipts of interest on investments in securities, related to the risk of a variable interest rate of the DI, using DI Futures contracts, amounting to R\$20,720,589 thousand, having as object of hedge the securities backed in DI, to the sum of R\$19,583,920 thousand, making the cash flow fixed in advance. The adjustment to market value of these operations recorded in the shareholders' equity was R\$51,090 thousand, net of tax effects was R\$30,654 thousand. The non-effective market value recorded in the result was of R\$3,163 thousand. On September 30, 2015, Bradesco constituted hedge accounting, with the aim of protecting its cash flows from payment of interest rates on funds, regarding the floating interest rate of DI, being traded DI Future contracts on BM&FBOVESPA totaling R\$21,569,750 thousand, having as object of hedge captures linked to DI, totaling R\$21,960,291 thousand, converting to fixed cash flows. The adjustment to market value of these operations recorded in the shareholders' equity was R\$223,211 thousand, net of tax effects was R\$133,927 thousand. The non-effective market value recorded in the result was of R\$2 thousand. The effectiveness of the hedge portfolio was assessed in accordance with Bacen Circular Letter No. 3,082/02.

g) Hedge against market risk

On September 30, 2015, Bradesco constituted a hedge against market risk using the futures contracts and, later, with cash in foreign currencies which generated R\$(3,588,875) thousand, for protection from the effects of the exchange rate variation of the firm commitment, related to the contract for the purchase and sale of shares (Note 35f), which produced an adjustment at market value of R\$3,551,597 thousand. The effect of these operations resulted in the revenue of R\$(37,278) thousand. The effectiveness of the hedge portfolio was assessed in accordance with Bacen Circular Letter No. 3,082/02.

18) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL LIABILITIES – TAX AND SOCIAL SECURITY**a) Contingent assets**

Contingent assets are not recognized in the financial statements. However, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), Bradesco has made a claim to offset PIS against Gross Operating Income, paid under Decree-Laws No. 2,445/88 and No. 2,449/88, regarding the payment that exceeded the amount due under Supplementary Law No. 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

b) Provisions classified as probable losses and legal obligations – tax and social security

The Organization is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recorded provisions where, based on their opinion and that of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, the loss is deemed probable.

Management considers that the provision is sufficient to cover the future losses generated by the respective lawsuits.

Provisions related to legal obligations are maintained until the conclusion of the lawsuit, represented by judicial decisions with no further appeals or due to the statute of limitation.

I - Labor claims

These are claims brought by former employees and outsourced employees seeking indemnifications, most significantly for unpaid "overtime", pursuant to Article 224 of the Consolidation of Labor Laws (CLT). In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits. For proceedings with similar characteristics and for which there has been no official court decision, the provision is recorded based on the average calculated value of payments made for labor complaints settled in the past 12 months; and for proceedings originating from acquired banks, with unique characteristics, the calculation and assessment of the required balance is conducted periodically, based on the updated recent loss history.

Bradesco _____

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

II - Civil claims

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not have a significant impact on the Organization's financial position.

There are a significant number of legal claims pleading alleged differences in adjustment for inflation on savings account balances due to the implementation of economic plans that were part of the federal government's economic policy to reduce inflation in the '80s and '90s.

Although Bradesco complied with the law and regulation in force at the time, these lawsuits have been recorded in provisions, taking into consideration the claims where the Bank is the defendant and the perspective of loss, which is considered after the analysis of each demand, based on the current decision of the Superior Court of Justice (STJ).

Note that, regarding disputes relating to economic plans, the Federal Supreme Court (STF) suspended the prosecution of all lawsuits at the cognizance stage, until the Court issues a final decision on the right under litigation.

III - Legal obligations – provision for tax risks

The Organization is disputing the legality and constitutionality of certain taxes and contributions in court, for which provisions have been recorded in full, although there is a good chance of a favorable outcome, based on the opinion of Management and their legal counsel. The processing of these legal obligations and the provisions for cases for which the risk of loss is deemed as probable is regularly monitored in the legal court. During or after the conclusion of each case, a favorable outcome may arise for the Organization, resulting in the reversal of the related provisions.

The main cases are:

- PIS and COFINS – R\$2,271,887 thousand (R\$2,065,189 thousand in 2015): a request for authorization to calculate and pay PIS and COFINS based on effective billing, as set forth in Article 2 of Supplementary Law No. 70/91, removing from the calculation base the unconstitutional inclusion of other revenues other than those billed;
- INSS Autonomous Brokers – R\$867,066 thousand (R\$1,723,904 thousand in 2015): The Bradesco Organization is questioning the charging of social security contribution on remunerations paid to third-party service providers, established by Supplementary Law No. 84/96 and subsequent regulations/amendments, at 20.0% with an additional 2.5%, on the grounds that services are not provided to insurance companies but to policyholders, thus being outside the scope of such a contribution as provided for in item I, Article 22 of Law No. 8,212/91, as new wording in Law No. 9,876/99;
- IRPJ/CSLL on losses of credits – R\$1,797,873 thousand (R\$2,156,067 thousand in 2015): we are requesting to deduct from income tax and social contributions payable (IRPJ and CSLL, respectively) amounts of actual and definite loan losses related to unconditional discounts granted during collections, regardless of compliance with the terms and conditions provided for in Articles 9 to 14 of Law No. 9,430/96 that only apply to temporary losses;

Notes to the Consolidated Financial Statements

- PIS – EC 17/97 – R\$240,152 thousand (R\$231,455 thousand in 2015): The Bradesco Organization, for the period from July 1997 to February 1998, is requesting to calculate and pay PIS contributions as established by LC 07/70 (PIS Repique) and not as established by EC 17/97 (PIS on Gross Operating Income);
- PIS – R\$336,423 thousand (R\$322,505 thousand in 2015): The Bradesco Organization is requesting authorization to offset overpaid amounts in 1994 and 1995 as PIS contribution, already compensated, provisioned upon granting of the preliminary injunction, corresponding to the surplus paid over that calculated on the tax base established in the Constitution, i.e., gross operating income, as defined in the income tax legislation set out in Article 44 of Law No. 4,506/64, which excludes interest income; and
- Pension Contributions – R\$1,148,300 thousand (R\$1,059,482 thousand in 2015): official notifications related to the pension contributions on financial contributions in private pension plans, considered by the authorities to be compensatory sums subject to the incidence of pension contributions and to an isolated fine for not withholding IRRF on the financial contributions.

In general, the provisions relating to lawsuits are classified as non-current, due to the unpredictability of the duration of the proceedings in the Brazilian justice system. For this reason, the estimate has not been disclosed with relation to the specific year in which these lawsuits will be closed.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements**c) Contingent liabilities classified as possible losses**

The Organization maintains a system to monitor all administrative and judicial proceedings in which the institution is plaintiff or defendant and, based on the opinion of legal counsel, classifies the lawsuits according to the expectation of loss. Case law trends are periodically analyzed and, if necessary, the related risk is reclassified. In this respect, contingent lawsuits deemed to have a possible risk of loss are not recorded as a liability in the financial statements. The main proceedings in this category are the following: a) leasing companies' Tax on Services of any Nature (ISSQN), total lawsuits correspond to R\$2,224,386 thousand (R\$1,871,554 thousand in 2015) which relates to the municipal tax demands from municipalities other than those in which the company is located and where, under law, tax is collected; b) 2006 to 2010 income tax and social contribution, relating to goodwill amortization being disallowed on the acquisition of investments, for the amount of R\$5,481,428 thousand (R\$4,754,555 thousand in 2015); c) Notifications and disallowances of compensations of PIS and Cofins related to the unconstitutional extension of the basis of calculation intended for other income other than the billing (Law No 9,718/98), from acquired companies, amounting to R\$1,174,746 thousand; d) IRPJ and CSLL deficiency notice relating to the disallowance of loan loss deductions, for the amount of R\$1,102,111 thousand (R\$1,175,066 thousand in 2015); e) IRPJ and CSLL deficiency note relating to disallowance of exclusions of revenues from the mark-to-market of securities from 2007 to 2010, and differences in depreciation and operating expenses and income, amounting to R\$970,714 thousand (R\$888,714 thousand in 2015); and f) IRPJ and CSLL deficiency note, amounting to R\$450,554 thousand (R\$411,392 thousand in 2015) relating to profit of subsidiaries based overseas, for the calendar years of 2008 and 2009.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

In the Extraordinary General Meeting of March 10, 2016, the approval was proposed by the Board of Directors to increase the capital stock by R\$8,000,000 thousand, increasing it from R\$43,100,000 thousand to R\$51,100,000 thousand, with a bonus in shares, through the capitalization of part of the balance of the account "Profit Reserves - Statutory Reserve", in compliance with the provisions in Article 169 of Law No. 6,404/76, by issuing 504,872,885 new nominative-book entry shares, with no nominal value, whereby 252,436,456 are common and 252,436,429 are preferred shares, attributed free-of-charge to the shareholders as bonus, to the ratio of 1 new share for every 10 shares of the same type that they own on the base date.

c) Interest on shareholders' equity/dividends

Bradesco's capital remuneration policy aims to distribute interest on shareholders' equity at the maximum amount calculated under current legislation, and this is included, net of Withholding Income Tax, in the calculation for mandatory dividends for the year under the Company's Bylaws.

The Board of Directors' Meeting held on June 22, 2016, approved the Board of Executive Officers' proposal to pay to the shareholders intermediary interest on shareholder's equity for the first semester of 2016, to the value of R\$1,002,000 thousand, of which R\$0.172525087 are per common share and R\$0.189777596 per preferred share, whose payment was made on July 18, 2016.

In a meeting of the Board of Directors on September 30, 2016, the proposal of the Board of Executive Officers was approved for payment to shareholders of extraordinary interest on own capital related to 2016, to the value of R\$3,317,000 thousand, of which R\$0.571123466 was offered per common share and R\$0.628235813, per preferred share, whose payment will be made on March 8, 2017.

Interest on shareholders' equity for period of nine months ended on September 30, 2016 is calculated as follows:

| | |
|---|--------------|
| Net income for the period | 11,49 |
| (-) Legal reserve | 57 |
| Adjusted calculation basis | 10,91 |
| Monthly, intermediaries and supplementary interest on shareholders' equity (gross), paid and/or provisioned | 5,18 |
| Withholding income tax on interest on shareholders' equity | (77 |
| Interest on own capital (net) accumulated in September 2016 | 4,40 |
| Interest on own capital (net)/dividends accumulated in September 2015 | 3,84 |

(1) Percentage of interest on shareholders' equity after adjustments.

b) Compensation for Key Management Personnel

Each year, the Annual Shareholders' Meeting approves:

- The annual total amount of Management compensation, set forth at the Board of Directors Meetings, to be paid to board members and members of the Board of Executive Officers, as determined by the Company's Bylaws; and
- The amount allocated to finance Management pension plans, within the Employee and Management pension plan of the Organization.

For 2016, the maximum amount of R\$470,700 thousand was set for Management compensation and R\$263,400 thousand to finance defined contribution pension plans.

The current policy on Management compensation sets forth that 50% of net variable compensation, if any, must be allocated to the acquisition of preferred shares of Banco Bradesco S.A., which vest in three equal, annual and successive installments, the first of which is in the year following the payment date. This procedure complies with CMN Resolution No. 3,921/10, which sets forth a management compensation policy for financial institutions.

Notes to the Consolidated Financial Statements**VaR Internal Model – Trading Portfolio**

The Trading Portfolio is composed of all the operations made with financial instruments, including derivatives, retained for negotiation or destined to hedge other instruments of the portfolio itself, and that are not subject to the limitation of their negotiability. The operations destined for negotiation are those destined for resale, to obtain benefits based on the variation of effective or expected prices, or for arbitrage.

Sensitivity analysis

The Trading Portfolio is also monitored through daily sensitivity analyses that measure the effect of market movements of market and price curves on our positions. Furthermore, a sensitivity analysis of the Organization's financial exposures (Trading and Banking Portfolio) is performed on a quarterly basis, in compliance with CVM Rule No. 475/08.

Sensitivity analyses were carried out based on scenarios prepared at the respective dates, always considering market data at the time and scenarios that would adversely affect our positions, according to the examples below:

Scenario 1: Based on market information (BM&FBOVESPA, Anbima, etc.), stresses were applied for 1 basis point on the interest rate and 1.0% variation on prices. For example: for a Real/US dollar exchange rate of R\$3.24 a scenario of R\$3.28 was used, while for a 1-year fixed interest rate of 12,49%, a 12,50% scenario was applied;

Scenario 2: 25.0% stresses were determined based on market information. For example: for a Real/US dollar exchange rate of R\$3.24 a scenario of R\$4.06 was used, while for a 1-year fixed interest rate of 12,49%, a 15.61% scenario was applied. The scenarios for other risk factors also accounted for 25.0% stresses in the respective curves or prices; and

Scenario 3: 50.0% stresses were determined based on market information. For example: for a Real/US dollar quote of R\$3.24 a scenario of R\$4.87 was used, while for a 1-year fixed interest rate of 12,49%, a 18.74% scenario was applied. The scenarios for other risk factors also account for 50.0% stresses in the respective curves or prices.

The results presented reveal the impacts for each scenario in a static position of the portfolio. The dynamism of the market and portfolios means that these positions change continuously and do not necessarily reflect the position demonstrated here. In addition, the Organization has a continuous market risk management process, which is always searching for ways to mitigate the associated risks, according to the strategy determined by Top Management. Therefore, where there are indicators of deterioration in certain positions, proactive measures are taken to minimize any potential negative impact and maximize the risk/return ratio for the Organization.

(1) Includes advances on foreign exchange contracts, leases and other receivables with lending characteristics; and

(2) Primarily includes the surplus of interest in subsidiaries, affiliates and jointly controlled companies (Cielo, Odontoprev and Fleury).

Determination of the fair value of financial instruments:

- Securities and derivative financial instruments, investments, subordinated debts and treasury shares are based on the market price at the reporting date. If no quoted market price is available, amounts are estimated based on the dealer quotations, pricing models, quotation models or quotations for instruments with similar characteristics;
- Fixed rate loans were determined by discounting estimated cash flows, using interest rates applied by the Organization for new contracts with similar features. These rates are consistent with the market at the reporting date; and
- Time deposits, funds from issuance of securities, borrowing and on lending were calculated by discounting the difference between the cash flows under the contract terms and our prevailing market rates

for the same product at the reporting date.

33) EMPLOYEE BENEFITS

Bradesco and its subsidiaries sponsor a private defined contribution pension for employees and directors, that allows financial resources to be accumulated by participants throughout their careers by means of employee and employer contributions and invested in an Exclusive Investment Fund (FIE). The Plan is managed by Bradesco Vida e Previdência S.A. and BRAM – Bradesco Asset Management S.A. DTVM is responsible for the financial management of the FIEs funds.

The Supplementary Pension Plan counts on contributions from employees and administrators of Bradesco and its subsidiaries equivalent to at least 4% of the salary by employees and, 5% of the salary, plus the percentage allocated to covers of risk benefits (invalidity and death) by the company. Actuarial obligations of the defined contribution plan are fully covered by the plan assets of the corresponding FIE. In addition to the plan, in 2001, participants who chose to migrate from the defined benefit plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in that plan. For the active participants, retirees and pensioners of the defined benefit plan, now closed to new members, in extinction, the present value of the actuarial obligations of the plan is completely secured by collateral assets.

Banco Alvorada S.A. (successor from the spin-off of Banco Baneb S.A.) maintains defined contribution and defined benefit retirement plans, through Fundação Baneb de Seguridade Social – Bases (related to the former employees of Baneb).

Bradesco's sponsors both defined benefit and defined contribution retirement plans, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão (Capof), to employees originating from Banco BEM S.A.

Bradesco sponsors a defined benefit plan through Caixa de Previdência Privada Bec – Cabec, for former employees of Banco do Estado do Ceará S.A., having requested the withdrawal of the sponsorship in March 2016, in course.

With the acquisition of HSBC Bank Brasil S.A., the open pension plan, which was offered to employees of that institution, in the modality of defined contribution, has been discontinued. From October 2016, the employees transferred can adhere to the Pension Plan offered to the employees of Bradesco.

HSBC Bank Brasil S.A. and Kirton Seguros S.A. sponsor a defined benefit plan called APABA to employees originating from Banco Bamerindus do Brasil S.A., and Kirton Administração de Serviços para Fundos de Pensão Ltda. sponsors to its employees the Kirton Prev Benefits Plan (*Plano de Benefícios Kirton Prev*), both managed by MultiBRA – Pension Fund.

Banco Losango S.A. sponsors three pension plans for its employees, which are: Losango I Benefits Plan – Basic Part, Losango I – Supplementary Part and PREVMAIS Losango Plan, all managed by MultiBRA – Pension Fund.

Expenses related to contributions made in the period of nine months ended on September 30, 2016, totaled R\$418,234 thousand (R\$447,922 thousand in 2015).

In addition to this benefit, Bradesco and its subsidiaries offer other benefits to their employees and administrators, including health insurance, dental care, life and personal accident insurance, and professional training. These expenses, including the aforementioned contributions, totaled R\$2,663,356 thousand in the period of nine months ended on September 30, 2016 (R\$2,307,724 thousand in 2015).

The present value of deferred tax assets, calculated based on the average funding interest rate, net of tax effects, amounts to R\$44,301,786 thousand (R\$44,523,069 thousand in 2015), of which R\$39,019,534 thousand (R\$37,483,582 thousand in 2015) relates to temporary differences; R\$5,282,252 thousand (R\$6,929,950 thousand in 2015) to tax losses and negative basis of social contribution and (R\$109,537 thousand in 2015) to deferred social contribution, Provisional Measure No. 2,158-35.

e) Unrecognized deferred tax assets

On September 30, 2016, deferred tax assets of R\$7,348 thousand (R\$1,917 thousand in 2015) were not recognized, and will only be registered when they meet the regulatory requirements and/or present prospects of realization according to technical studies and analyses prepared by the Management and in accordance with Bacen regulations.

f) Deferred tax liabilities

| | On September 30 - R\$ thousand | |
|--|--------------------------------|------------------|
| | 2016 | 2015 |
| Fair value adjustment to securities and derivative financial instruments | 1,454,642 | 709,590 |

c) As part of the convergence process with international accounting standards, the Brazilian Accounting Pronouncements Committee (CPC) issued several accounting pronouncements, as well as their interpretations and guidelines, which are applicable to financial institutions only after approval by CMN. The accounting standards which have been approved by CMN include the following:

- Resolution No. 3,566/08 – Impairment of Assets (CPC 01);
- Resolution No. 3,604/08 – Statement of Cash Flows (CPC 03);
- Resolution No. 3,750/09 – Related Party Disclosures (CPC 05);
- Resolution No. 3,823/09 – Provisions, Contingent Liabilities and Contingent Assets (CPC 25);

- Resolution No. 3,973/11 – Subsequent Event (CPC 24);
- Resolution No. 3,989/11 – Share-based Payment (CPC 10);
- Resolution No. 4,007/11 – Accounting Policies, Changes in Estimates and Error Correction (CPC 23);
- Resolution No. 4,144/12 – Conceptual Framework for Preparing and Presenting Financial Statements;
and
- Resolution No. 4,424/15 – Employee Benefits (CPC 33).

Presently, it is not possible to estimate when the CMN will approve the other CPC pronouncements or if they will be applied prospectively or retrospectively.

CMN Resolution No. 3,786/09 and Bacen Circular Letters No. 3,472/09 and No. 3,516/10 establish that financial institutions and other entities authorized by Bacen to operate, which are publicly-held companies or which are required to establish an Audit Committee shall, since December 31, 2010, annually prepare and publish in up to 90 days after the reference date of December 31 their consolidated financial statements, prepared under the International Financial Reporting Standards (IFRS), in compliance with standards issued by the International Accounting Standards Board (IASB). As required by CMN Resolution, on March 7, 2016, Bradesco published its consolidated financial statements for December 31, 2014 and 2015 on its website, in accordance with IFRS. The net income and shareholders' equity of the financial statements disclosed in IFRS were not substantially different from those presented in the financial statements prepared in accordance with the accounting practices adopted in Brazil and applicable to institutions authorized to operate by the Brazilian Central Bank (Bacen).

d) In the third quarter of 2016, there were no changes in the rules of reserve requirement collection.

e) In January 2016, Bradesco signed a non-binding Memorandum of Understanding with Banco do Brasil S.A., Banco Santander (Brasil) S.A., Caixa Econômica Federal and Itaú Unibanco S.A., in order to create a holding company of credit intelligence ("GIC"), which will develop a database with the goal of adding, reconciling and handling database and credit-related information, of individuals and legal entities, which expressly authorize their inclusion in the database, as required by the applicable rules.

Notes to the Consolidated Financial Statements

f) In August, 2015, Bradesco firmed the Purchase and Sale of Shares Agreement with HSBC Latin America Holdings Limited to the acquisition of 100% of the equity of HSBC Bank Brasil S.A. ("HSBC Bank") and HSBC Serviços e Participações Ltda. ("HSBC Serviços"). In June 2016, the final approval of regulatory agencies was given in compliance with legal formalities. With the conclusion of the acquisition, on July 1, 2016, Bradesco assumed all operations of the HSBC in Brazil, including retail, insurance and asset management, as well as all the branches and clients.

We have presented below the composition of the values of the acquisition of HSBC Bank and HSBC Serviços:

| | R\$ thousand |
|--|-------------------|
| Payment to HSBC Latin America Holding Limited, net of adjustment after closure (1) | 15,665,367 |
| Costs incurred in the acquisition, related to the foreign currency hedge (2) | 1,623,103 |
| Total cost of acquisition | 17,288,470 |

(1) Considers the IOF collection, and withholding Income Tax; and

(2) Hired with the objective of protecting the effects of exchange rate variation of the firm commitment (Note 8d).

The financial statements of HSBC Bank and HSBC Serviços were, at the date of acquisition, adjusted by the accounting criteria adopted by Bradesco.

In September 2016, Bradesco, based on a preliminary study report on purchase price allocation ("PPA"), prepared by a contracted specialized and independent company, made the initial allocation of the fair value of assets acquired and liabilities assumed by HSBC Brasil. Due to the complexity of operations and their relevance, the final allocation may undergo changes and enhancements until the termination of the study, which is estimated up to 12 months from the date of the respective acquisition.

The value of the investment recorded by Bradesco includes goodwill in the acquisition of shares in the amount of R\$5,420,229 thousand, as follows:

| | R\$ thousand |
|--|-------------------|
| Shareholders' equity acquired(I) | 7,639,301 |
| Fair value of assets acquired and liabilities assumed (II) | 854,480 |
| Intangible assets acquired (III) | 3,374,460 |
| Goodwill in the acquisition of the "HSBC Bank" and "HSBC Servios" investments | 5,420,229 |
| Total of the acquired values | 17,288,470 |

I) Considers the sum of shareholders' equity of HSBC Bank and HSBC Servios adjusted by the accounting criteria of Bradesco.

II) Refers to the allocation of the following fair values: (i) credit operations, net of PDD of R\$333,656 thousand (term between 1 to 5 years); (ii) debt instruments of (R\$64,701 thousand) (term of up to 1 year); (iii) fixed assets of R\$572,162 thousand (term of up to 25 years); and (iv) bonds and securities of R\$13,363 thousand (term of 34 years), totaling R\$854,480 thousand; and

III) Refers to the allocation of the following intangible assets: (i) core deposits of \$1,601,970 thousand (term of 6 years); (ii) relationship with clients of R\$1,401,446 thousand (term of 6 years); (iii) Value of Business Acquired "VOBA" (Insurance), of R\$316,278 thousand (term between 2 to 28 years); (iv) agreements not to compete with sellers, of R\$29,634 thousand (term of 2 years); (v) softwares, of (R\$70,387 thousand) (term of up to 5 years); and (vi) other intangible assets, of R\$95,519 thousand (term between 2 to 5 years), totaling R\$3,374,460 thousand.

Notes to the Consolidated Financial Statements

In July 2016, there was a total division of HSBC Serviços, with version of equity tranches for HSBC Bank and Credival Participações, Administração e Assessoria Ltda. (Credival), wholly owned subsidiary of HSBC Bank.

g) In May 31, 2016, Bradesco became aware of the indictment of three members of its Executive Board of Directors by the Federal Police, in the scope of the so-called "Operation Zealots". On July 28, 2016, the Federal Public Prosecution filed an accusation against all three members of the Board of Executive Officers and a former member of its Board of Directors, which was received by the Judge of the 10th Federal Court of Judicial Section of the Federal District. The Management conducted a thorough internal evaluation of the records and documents related to the indictment and found no evidence of any illegality committed by its representatives. The executives of Bradesco have already submitted their respective defenses in the criminal proceedings, pointing out the facts and evidence demonstrating their innocence. Bradesco is cooperating with the authorities and appropriate regulatory authorities, providing the information requested, in Brazil and abroad.

On account of the news published in the media, on the indictment in the "Operation Zealots", a class action was filed in the District Court of New York, on June 3, 2016. On September 1, 2016, Bradesco spontaneously attended the proceedings of the *Class Action* and agreed with the plaintiff a term for the submission of the revocation of the suit until December 21, 2016. On October 21, 2016, the Plaintiff Leader presented the addendum of the Initial Petition, appointing as defendants Bradesco and three members of its Board of Executive Officers. According to the demand, investors who purchased preferred American Depository Shares ("ADS") of Bradesco between April 30, 2012 and July 27, 2016 would have suffered losses provoked by Bradesco due to a supposed violation regarding the American law of capital markets, according to communication to the Market on May 31, June 8 and July. Considering that the demand is in a preliminary stage, it is not possible at present to make a risk rating, and there is not yet evidence to support a risk assessment.

h) The wholly-owned subsidiaries of Banco Bradesco S.A., BEM - Distribuidora de Títulos e Valores Mobiliários Ltda. and BRAM - Bradesco Asset Management S.A. Distribuidora de Títulos e Valores Mobiliários, as well as two of its Managers, were mentioned in the scope of the so-called "Greenfield operation" of the Federal Police, because they were responsible for the administration and management of the Fund in Equity - FIP (Equity Investment Fund), respectively. Besides providing the documents, the Federal Court has ruled, in the course of this Operation, the blocking of these companies' values. As a result of this, a Commitment was signed, approved by the 10th Federal Court of the Federal District, to release the values through the provision of guarantees of up to R\$104 million, without the recognition of any civil or criminal liability on the part of companies or administrators of the Bradesco Organization. In the

scope of this commitment, managers and officers of the Bradesco Organization committed to provide any clarifications to the authorities responsible for conducting this investigation, regardless of a formal subpoena. Additionally, the internal evaluations indicate that there has been no illegality in conducting these activities according to communication to the Market on September 20, 2016. So far, there is no indication that the investigations could result in the accountability of these companies.

i) In October 2016, Bradesco Seguros S.A. ("Bradesco Seguros") and Swiss Re Corporate Solutions Ltd. ("Swiss Re Corso") signed a deal whereby: (i) Swiss Re Corporate Solutions Brasil Seguros S/A ("Swiss Re Corporate Solutions Brasil") will assume the insurance operations of P&C (Property and Casualty) and of transport of Bradesco Seguros ("Large Risks Insurance"), to have exclusive access to Bradesco clients to exploit the marketing of Large Risks Insurance; and (ii) Bradesco Seguros will hold an equity stake of 40% in Swiss Re Corporate Solutions Brasil and the other 60% stake will remain with its controller Swiss Re Corso. The transaction is subject to approval by the competent authorities and other contractual terms commonly used for this type of transaction.

j) There were no subsequent events that need to be adjusted or disclosed in the individual financial statements as of September 30, 2016.

Consolidated Financial Statements, Independent Auditors' Report and Fiscal Council's Report

Independent Auditors report on the review of interim consolidated financial information

To the Board of Directors and Shareholders of

Banco Bradesco S.A.

Osasco - SP

Introduction

We have reviewed the consolidated statement of financial position of Banco Bradesco S.A. ("Bradesco") as of September 30, 2016 and the related consolidated statements of income, changes in shareholders' equity and cash flows for the nine-month period then ended, as well as the summary of significant accounting policies and other explanatory notes ("the consolidated interim financial information").

Management is responsible for the preparation and fair presentation of this interim consolidated financial information in accordance with accounting practices adopted in Brazil, applicable to financial institutions authorized to operate by the Central Bank of Brazil. Our responsibility is to express a conclusion on this interim consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with Brazilian and International Standards on Review of Interim Financial Information (NBC TR 2410 - *Revisão de Informações Intermediárias Executada pelo Auditor da Entidade* and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with auditing standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Therefore, we do not express an audit opinion.

Conclusion

Based on our review, we are not aware of any facts that would lead us to believe that the consolidated interim financial information mentioned above were not prepared, in all material aspects, in accordance with accounting practices adopted in Brazil applicable to financial institutions authorized to operate by the

Central Bank of Brazil.

Other matters

Interim statement of value added

We also reviewed the consolidated statement of value added (DVA) for the nine-month period ended as of September 30, 2016, which was prepared under Bradesco's Management responsibility and which presentation is required under the rules issued by the Securities and Exchange Commission of Brazil (CVM) and is considered a supplementary information in accordance with accounting practices adopted in Brazil applicable to financial institutions authorized to operate by the Central Bank of Brazil that do not require the disclosure of the DVA. This statement was subject to the same review procedures described above and based on our review, we are not aware of any facts that would lead us to believe it was not prepared, in all material respects, consistently with the financial information taken as a whole.
