Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On February 7, 2007, New Century Financial Corporation (the "Company") filed a Form 8-K with the Securities and Exchange Commission (the "SEC") reporting that the Company's Board of Directors had concluded that the Company's previously filed interim financial statements for the quarters ended March 31, 2006, June 30, 2006, and September 30, 2006 (collectively, the "Interim Financial Statements"), should be restated to correct errors the Company discovered in its accounting and financial reporting of loan repurchase losses. In connection with the restatement process, the Audit Committee of the Company's Board of Directors, on the advice of its independent counsel, initiated an independent investigation into the issues giving rise to the Company's need to restate the Interim Financial Statements, and as previously reported, subsequently expanded the investigation to include issues pertaining to the Company's valuation of certain residual interests in securitizations in 2006 and prior periods (the "Internal Investigation"). In addition to its independent counsel, the Audit Committee also retained forensic accountants and other professionals (collectively, the "Investigative Team") to assist it in connection with the Internal Investigation.

Based on recent communications with members of the Investigative Team, the Audit Committee has determined that there were errors in the Company's previously filed annual financial statements for its fiscal year ended December 31, 2005 (the "2005 Financial Statements") with respect to both the accounting and reporting of loan repurchase losses and the Company's valuation of certain residual interests in securitizations. The Company's ability to further investigate these matters is constrained as the Company is currently in liquidation proceedings under chapter 11 of the Bankruptcy Code. However, based upon the work performed by the Investigative Team, the Audit Committee and management believe that it is more likely than not that these errors in the aggregate resulted in a material overstatement of pretax earnings in the 2005 Financial Statements. Accordingly, on May 23, 2007, the Company's Board of Directors concluded, based upon the recommendation of the Audit Committee, that the 2005 Financial Statements should no longer be relied upon.

As the Company is currently in liquidation proceedings under chapter 11 of the Bankruptcy Code, the Company does not expect to complete a restatement of either the 2005 Financial Statements or the Interim Financial Statements.
