About Your Fund's Expenses (Unaudited) June 30, 2017

The Funds' advisor, Shelton Capital Management ("Shelton Capital"), believes it is important for you to understand the impact of costs on your investment. All mutual funds have operating expenses. As a shareholder of the Funds, you incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, reinvested dividends, or other distributions, redemption fees, and exchange fees; and (2) ongoing costs, including management fees, distribution fees and other Fund expenses. Operating expenses, which are deducted from the Funds' gross income, directly reduce the investment return of the Funds. The Funds' expenses are expressed as a percentage of its average net assets. This figure is known as the expense ratio. This example is intended to help you understand your ongoing cost (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other mutual funds.

The examples are based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from January 1, 2017 to June 30, 2017.

Actual Expenses

The first line of the tables below provide information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses you have paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table provides information about hypothetical account values and hypothetical expenses based on the Funds' actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Funds' actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Funds and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. The Funds do not charge any sales charges. There is a redemption fee of 2% for shares of the Greater China Fund purchased that are held for 90 days or less from the date of purchase.

Please note that the expenses shown in the tables are meant to highlight your ongoing costs only and do not reflect any transactional cost, such as sales charges (loads), redemption fees, or exchange fees. Therefore, the second line of the tables are useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher. The calculations assume no shares were bought or sold during the period. Your actual costs may have been higher or lower, depending on the amount of your investment and the timing of any purchases or redemptions.

More information about the Funds' expenses can be found in this report. For additional information on operating expenses and other shareholder costs, please refer to the Funds' prospectus.

SCM Trust Notes to Financial Statements (Unaudited) June 30, 2017

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

The SCM Trust (the “Trust”), is registered under the Investment Company Act of 1940, as amended, as a management investment company. The Trust currently consists of three separate series included in these financial statements. The SCM Trust is a Massachusetts business trust formed in July 1988.

The Shelton Greater China Fund (“Greater China Fund”) is an open-end, diversified series of the Trust. The Fund commenced operations in May, 1989 as the R.O.C. Taiwan Fund, a diversified, closed-end investment company. The R.O.C Taiwan Fund changed its name to the Taiwan Greater China Fund on December 29, 2003 and the change became effective on the New York Stock Exchange on January 2, 2004. On October 10, 2011, the Fund registered with the SEC as a diversified, open-end management investment company and began operations as The Shelton Greater China Fund.

The Shelton BDC Income Fund (“BDC Income Fund”) is an open-end, non-diversified series of the Trust. The inception date is April 22, 2014, and the commencement date of operations is May 2, 2014. The investment objective is to provide a high level of income with the potential for capital appreciation. Effective July 1, 2016, Shelton became the advisor to the Fund.

The Shelton Real Estate Income Fund (“Real Estate Income Fund”) is an open-end, non-diversified series of the Trust. The inception date is June 4, 2013, and the commencement date of operations is June 7, 2013. The investment objective is to provide current income with the potential for capital appreciation. Effective July 1, 2016 Shelton became the advisor to the Fund.

The Real Estate Income Fund and the BDC Income Fund (the “Successor Funds”) are each a successor to a series of the Realty Capital Income Funds Trust, a Delaware statutory trust, pursuant to a reorganization that took place after the close of business on November 4, 2016. Prior to November 4, 2016, each Successor Fund had no investment operations. As a result of the reorganization, holders of Class A and Class C shares of the AR Capital BDC Income Fund received Investor shares of the Shelton BDC Income Fund and holders of Advisor Class received Institutional shares of the Shelton BDC Income Fund. As a result of the reorganization, holders of Class A and Class C shares of the AR Capital Real Estate Income Fund and the AR Capital Real Estate Global Income Fund received Investor Shares of the Shelton Real Estate Income Fund and holders of Advisor Class received Institutional Shares of the Shelton Real Estate Income Fund.

The Trust follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946, “Financial Services – Investment Companies”.

(a) *Security Valuation* — Equity securities listed on a national or international exchange are valued at the last reported sales price. Futures contracts are valued at the settle price, depending on the exchange the contract trades on, typically as of 4:15 p.m., Eastern Time. Municipal securities are valued by an independent pricing service at a price determined by a matrix pricing method. This technique generally considers such factors as yields or prices of bonds of comparable quality, type of issue, coupon, maturity, ratings and general market conditions. U.S. government securities for which market quotations are readily available are valued at the mean between the closing bid and asked prices provided by an independent pricing service. U.S. agency securities consisting of mortgage pass-through certificates are valued using dealer quotations provided by an independent pricing service. U.S. Treasury Bills are valued at amortized cost which approximates market value. Securities with remaining maturities of 60 days or less are valued on the amortized cost basis as reflecting fair value.

Securities for which market quotes are not readily available from the Trust's third party pricing service are valued at fair value, determined in good faith and in accordance with procedures adopted by the Board of Trustees. The Board has delegated to The Advisor's Pricing Committee the responsibility for determining the fair value, subject to the Board oversight, review and approval of the pricing decisions at its quarterly meetings.

(b) *Federal Income Taxes* — No provision is considered necessary for federal income taxes. The Funds intend to qualify for and elect the tax treatment applicable to regulated investment companies under the Internal Revenue Code and to distribute all of their taxable income to shareholders.

(c) *Security Transactions, Investment Income and Distributions to Shareholders* — Security transactions are recorded on the trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Withholding taxes on foreign dividends have been provided for, in accordance with the Trust's understanding of the applicable country's tax rules and rates. Distributions to shareholders are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments for PFICs, wash sales, REIT adjustments and post-October capital losses.

Distributions received from investments in securities that represent a return of capital or capital gains are recorded as a reduction of cost of investment or as a realized gain, respectively. The calendar year-end amounts of ordinary income, capital gains, and return of capital included in distributions received from a Fund's investments in real estate investment trusts ("REITs") are reported to the Fund after the end of the calendar year; accordingly, a Fund estimates these amounts for accounting purposes until the characterization of REIT distributions is reported to the Fund after the end of the calendar year. Estimates are based on the most recent REIT distribution information available.

These "Book/tax" differences are considered either temporary (i.e., deferred losses, capital loss carry forwards) or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the composition of net assets based on their federal tax basis treatment; temporary differences do not require reclassification.

(d) *Foreign Currency Translation* — Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions. The Trust does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments.

Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the company's books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal period end, resulting from changes in exchange rates.

(e) *Concentration* — The Shelton Greater China Fund concentrates its investments in publicly traded equities issued by corporations located in People’s Republic of China, Hong Kong, Taiwan, or Singapore. The portfolio involves considerations not typically associated with investing in U.S. securities. In addition, the Trust is more susceptible to factors adversely affecting the economies of those countries than a fund not concentrated in these issuers to the same extent. Since the Trust’s investment securities are primarily denominated in New Taiwan Dollars (“NT\$”) and Hong Kong Dollars (“HKD”), changes in the relationships of the NT\$ and the HKD to the USD may also significantly affect the value of the investments and the earnings of the Trust.

The Shelton Real Estate Income Fund concentrates its investments in real estate securities (i.e., securities of issuers in the real estate industry), including securities issued by REITs. The Fund invests substantially all (and under normal market conditions, at least 80%) of its net assets (plus any borrowings for investment purposes) in income producing real estate securities. The Advisor evaluates securities based primarily on the relative attractiveness of income and secondarily considers their potential for capital appreciation. The Advisor considers real estate securities to be securities issued by a company that (a) derives at least 50% of its revenues from the ownership, construction, financing, management or sale of commercial, industrial or residential real estate, or (b) has at least 50% of its assets invested in such real estate. The Advisor plans to sell a security if, in the judgment of the portfolio managers, the security’s income potential has been compromised, an issuer’s fundamentals have deteriorated or may deteriorate or a more attractive investment opportunity is identified.

The Fund invests in both equity and debt securities, and invests to a substantial degree in securities issued by REITs. REITs are pooled investment vehicles that own interests in real estate, real-estate related loans or similar interests, and their revenue primarily consists of rent derived from owned, income-producing real estate properties and capital gains from the sale of such properties. A majority of the REITs in which the Fund invests are generally considered by the Advisor to be medium- or small-capitalization companies. The Fund will not invest in non-traded REITs that are sponsored, managed or distributed by affiliates of the Advisor.

Equity securities in which the Fund may invest include common and preferred stocks, convertible securities, rights and warrants to purchase common stock and depositary receipts. Although the Advisor anticipates that the Fund will invest a substantial portion of its assets in equity securities, the Fund may invest up to 100% of its net assets in debt securities of any maturity, duration or credit rating. Debt securities in which the Fund may invest include corporate debt obligations and CMBS. Debt securities acquired by the Fund may also include high-yield debt securities (commonly referred to as “junk” bonds) issued or guaranteed by real estate companies or other companies. The Fund invests in securities across all market capitalization ranges. The Fund may invest up to 15% of its net assets in illiquid securities.

The Shelton BDC Income Fund invests substantially all (and under normal market conditions, at least 80%) of its net assets (plus any borrowings for investment purposes) in common stocks and other equity securities of business development companies (“BDCs”) that are traded on one or more nationally recognized securities exchanges. The equity securities in which the Fund may invest consist of common stocks, securities convertible into common stocks; and preferred stocks. In addition, although the Fund typically invests in equity securities, the Fund may invest up to 20% of its net assets in debt securities of BDCs and other issuers of any maturity, duration or credit rating.

(f) *Use of Estimates in Financial Statements* — In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of income and expense during the year. Actual results may differ from these estimates.

(g) *Share Valuations* — The net asset value (“NAV”) per share of each Fund is calculated by dividing the sum of the value of the securities held by the Fund, plus cash or other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding of the Fund, rounded to the nearest cent. A Fund’s shares will not be priced on the days on which the NYSE is closed for trading. The offering and redemption price per share of each Fund is equal to a Fund’s NAV per share.

(h) *Accounting for Uncertainty in Income Taxes* — The Funds recognize the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Management has analyzed the Fund’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years (2013-2015), or expected to be taken in the Fund’s 2016 tax returns. The Fund identifies its major tax jurisdictions as U.S. Federal, however the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

(i) *Fair Value Measurements* — The Funds utilize various methods to measure the fair value of most of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the company has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

SCM Trust Notes to Financial Statements (Unaudited) (Continued) June 30,
2017

The following table summarizes the valuation of the Trust's securities at June 30, 2017 using fair value hierarchy:

Fund	Level 1 ^(a)	Level 2 ^(a)	Level 3 ^(a)	Total Assets
	Investments in Securities ^(b)	Investments in Securities ^(c)	Investments in Securities	
Greater China Fund	\$8,065,003		\$	— \$8,065,003
BDC Income Fund	15,695,268			— 15,695,268
Real Estate Income Fund	10,515,276	260,156		— 10,775,432
Total investments in securities	\$34,275,547	\$ 260,156	\$	— \$34,535,703

(a) It is the Fund's policy to recognize transfers between levels on the last day of the fiscal reporting period. Greater China Fund had a transfer out of level three to level one.

(b) All publicly traded common stocks and preferred stocks held in the Funds are Level 1 securities. For a detailed break-out of equity securities by major industry classification, please refer to the Portfolio of Investments.

(c) All fixed income securities held in the Funds are Level 2 securities. For a detailed break-out of fixed income securities by type, please refer to the Portfolio of Investments.

NOTE 2 – INVESTMENT MANAGEMENT FEE AND OTHER RELATED PARTY TRANSACTIONS

Shelton Capital Management (“Shelton Capital” or the “Advisor”), a California limited partnership, provides each Fund with management and administrative services pursuant to investment management and administration servicing agreements.

In accordance with the terms of the management agreement, the Advisor receives compensation at the following annual rates:

	Net Assets
Greater China Fund	1.25%
BDC Income Fund	0.90%
Real Estate Income Fund	0.80%

Advisory Fees – The Board approved an interim investment advisory agreement (the “Interim Advisory Agreement”) which became effective July 1, 2016 between the Realty Income Trust and Shelton Capital. Under the Interim Advisory Agreement, Shelton Capital provided or arranged to provide the same advisory services to the Real Estate Income Fund and BDC Income Fund on the same terms as those provided under the previous investment advisory agreement (the “Prior Investment Advisory Agreement”) between the Realty Income Trust and National Fund Advisors, LLC (“NFA”). Pursuant to the Prior and Interim Advisory Agreement with the Funds, the investment advisor (either Shelton Capital or NFA, as applicable) directed the daily operations of the Funds and supervised the performance of administrative and professional services provided by others. As compensation for its services and the related expenses borne by such investment adviser (either Shelton Capital or NFA, as applicable), each Fund paid an investment advisory fee, computed and accrued daily and paid monthly, at an annual rate of 0.90% and 0.80% of the BDC Income Fund's and the Real Estate Income Fund's average daily net assets. The Funds' sub-advisors are paid by the Advisor, not the Funds.

Edgar Filing: SCM Trust - Form N-CSRS

For the year ended March 31, 2016 and the period April 1 2016 to June 30, 2016, NFA charged the Real Estate Income Fund and the BDC Income Fund advisory fees at the rates of 0.80% and 0.90% of the funds' daily net assets, respectively. For the year ended March 31, 2016 and the period April 1, 2016 to June 30, 2016, NFA made expense reimbursement payments in the amounts of \$18,990 and \$43,930 for the Real Estate Income Fund and \$72,304 and \$70,006 for the BDC Income Fund respectively. Due to the reimbursements paid, this resulted in net advisory fee of \$0 paid to NFA for the year ended March 31, 2016 and the period of April 1 to June 30, 2016.

Effective July 1, 2016 for the Shelton BDC Income Fund and the Shelton Real Estate Income Fund, Shelton has contractually agreed to waive a portion or all of its management fees and pay Fund expenses (excluding acquired fund fees and expenses, interest, taxes and extraordinary expenses) in order to limit the "Other Expenses" to 0.35% of average daily net assets of the Fund's shares (the "Expense Cap"). The Expense Cap will remain in effect indefinitely. Shelton may recoup from the Fund any fees or expenses previously waived or paid by Shelton or NFA pursuant to this agreement for three years from the date they were waived or paid. Shelton's ability to recoup any previously waived fees and paid expenses is subject to the Expense Cap as in effect at the time such fees were waived or expenses were paid. Prior to July 1, 2016 NFA had contractually agreed to waive a portion or all of its management fees and pay Fund expenses (excluding acquired fund fees and expenses, interest, taxes, distribution fees, and extraordinary expenses) in order to limit the Funds' Other Expenses to 0.35% of average daily net assets of the Fund's shares (the "Expense Cap").

The Advisor contractually agreed to reduce total operating expense to certain Funds of the Trust. This additional contractual reimbursement is effective until January 2, 2018, unless renewed and is subject to recoupment within three fiscal years following reimbursement. Recoupment is limited to the extent the reimbursement does not exceed any applicable expense limit and the effect of the reimbursement is measured after all ordinary operating expenses are calculated; any such reimbursement is subject to the Board of Trustees' review and approval. Reimbursements from the Advisor to affected Funds, and the voluntary expense limits, for the period ended June 30, 2017 are as follows:

Fund	Voluntary Expense Limitation			
	Direct Shares	Institutional Shares	Investor Shares	Expiration
Greater China Fund	1.98%	—	N/A	1/2/18
BDC Income Fund	—	1.25%	1.50%	1/2/18
Real Estate Income Fund	—	1.15%	1.40%	1/2/18

Edgar Filing: SCM Trust - Form N-CSRS

SCM Trust Notes to Financial Statements (Unaudited) (Continued) June 30, 2017

At December 31, 2016, the remaining cumulative unreimbursed amount paid and/or waived by the Advisor on behalf of the Funds that may be reimbursed was \$2,406,648. The Advisor may recapture a portion of the above amount no later than the dates as stated below.

Fund	Expires 12/31/17	Expires 3/31/18	Expires 12/31/18	Expires 3/31/19	Expires 12/31/19	Expires 3/31/20	Total
Greater China Fund	\$ 74,912	\$—	\$ 58,370	\$—	\$ 75,439	\$—	\$ 208,721
BDC Income Fund	—	286,420	—	281,806	160,178	128,502	856,906
Real Estate Income Fund	—	425,681	—	305,545	154,139	98,824	984,189
Total	\$ 74,912	\$ 712,101	\$ 58,370	\$ 587,351	\$ 389,756	\$ 227,326	\$ 2,049,816

A Fund must pay its current ordinary operating expenses before the Advisor is entitled to any reimbursement of fees and/or expenses. Any such reimbursement is contingent upon Board of trustee review and approval prior to the time the reimbursement is initiated.

As compensation for administrative duties not covered by the management agreement, Shelton Capital receives an administration fee, which was revised on January 1, 2011. The administration fee is based on assets held, in aggregate, by the SCM Trust and other funds within the same “family” of investment companies managed and administered by Shelton Capital. The fee rates are 0.10% on the first \$500 million, 0.08% on the next \$500 million, and 0.06% on combined assets over \$1 billion. Administration fees are disclosed on the Statement of Operations. For the period of April 1, 2016 to November 4, 2016 and the year ended March 31, 2016, Gemini Fund Services was the administrator for the BDC Income Fund and the Real Estate Income Fund. For the period of November 5, 2016 to December 31, 2016, Shelton Capital received \$6,403 and \$3,434 from the Real Estate and BDC Income Funds, respectively.

Certain officers and trustees of the Trust are also partners of Shelton Capital. Gregory T. Pusch has served as the Chief Compliance Officer (“CCO”) of the Trust since March 2017. Mr. Pusch is also employed by Shelton Capital, the Advisor and Administrator to the Trust. The Trust is responsible for the portion of his salary allocated to his duties as the CCO of the Trust during his employment, and Shelton Capital is reimbursed by the Trust for this portion of his salary. The level of reimbursement is reviewed and determined by the Board of Trustees at least annually.

The SCM Trust adopted a Distribution Plan (the “Plan”), as amended (date), pursuant to Rule 12b-1 under the Investment Company Act of 1940, whereby the Investor Shares of each Fund of the Trust pays the RFS Partners for expenses that relate to the promotion and distribution of shares. Under the Plan, the Advisor Shares of the Funds will pay RFS Partners a fee at an annual rate of 0.25%, payable monthly, of the daily net assets attributable to such Fund’s Investor Shares.

For the six months ended June 30, 2017, the following were paid by the Investor Class shares of each Fund of the Trust:

Fund	Class Investor 12b-1 Fees
BDC Income Fund	\$ 17,216
Real Estate Income Fund	16,013

Edgar Filing: SCM Trust - Form N-CSRS

From April 1, 2015 to December 31, 2015, Realty Capital Securities, LLC was the Distributor for the Funds. For this period, the Board adopted a Distribution Plan (the “Plan”) pursuant to Rule 12b1 under the 1940 Act for the BDC Income Fund and Real Estate Income Fund (the “Funds”). The Plan provided that a monthly service and/or distribution fee (the “12b1” Fee) be calculated by the Funds at an annual rate of 0.25% and 1.00% of the average daily NAV of the Class A and Class C shares, respectively, for the Funds. With respect to the Class A shares of the Real Estate Income Fund and the BDC Income Fund, 0.25% is paid for distribution services. This payment is fixed at 0.25% and is not based on expenses incurred by the Distributor. With respect to Class C shares of the Funds, 0.25% was paid for certain ongoing individual shareholder and administrative services and 0.75% was paid for distribution services, including past distribution services incurred. This payment was fixed at 1.00% and was not based on expenses incurred by the Distributor.

For the year ended March 31, 2016, the following were paid by each Fund of the Trust:

Fund	Class C	Class A
	12b-1 Fees	12b-1 Fees
BDC Income Fund	\$36,975	\$29,942
Real Estate Income Fund	81,725	36,449

For the period April 1, 2016 to December 31, 2016, the following were paid by each Fund of the Trust:

Fund	Class C	Class
	12b-1 Fees	Investor 12b-1 Fees
BDC Income Fund	\$28,692	\$23,357
Real Estate Income Fund	36,768	20,649

From the period April 1, 2015 through December 31, 2015, Realty Capital Securities, LLC received underwriting commissions as shown in the table below for sales of Class A shares and Class C shares respectively, and the amounts retained by the principal underwriter or other affiliated broker dealers from the sales of Class A shares and Class C shares, respectively. The amounts as of March 31, 2016 were as follows:

June 30,
2017

For the period January 1, 2016 until March 24, 2016, the Funds did not have a distributor and were not able to offer shares. Effective March 25, 2016, RFS Partners (“RFS”) serves as the principal underwriter for the Funds pursuant to a principal underwriting agreement between the Trust and RFS. For the period discussed above, the Distributor acted as the Funds’ principal underwriter in a continuous public offering of the Funds’ Investor class and Institutional class shares. The Distributor is an affiliate of the Advisor.

For the April 1, 2016 to November 4, 2016 period, the Distributor acted as the Funds’ principal underwriter in a continuous public offering of the Funds’ Class A, Class C and Advisor Class shares. The Distributor is an affiliate of Shelton and received underwriting commissions as shown in the table below for sales of Class A shares and Class C shares respectively, and the amounts retained by the principal underwriter or other affiliated broker-dealers from the sales of Class A shares and Class C shares, respectively. Effective November 5, 2016, the Funds were no longer subject to underwriting commissions.

Fund	Class A	Class A Retained	Class C	Class C Retained
Real Estate Income	\$40	\$ 3	\$1,389	\$ 1,389
BDC Income	7,933	888	1,320	1,320
Global Real Estate Income	40	2	332	332

NOTE 3 – PURCHASES AND SALES OF SECURITIES

Purchases and sales of securities other than short-term instruments for the period ended June 30, 2017 were as follows:

Fund	Purchases	Sales
Greater China Fund	\$371	\$199,665
BDC Income Fund	12,275,417	10,330,165
Real Estate Income Fund	868,237	5,082,654

NOTE 4 – TAX CHARACTER

Reclassifications: Accounting principles generally accepted in the United States of America require certain components of net assets be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. For the year ended December 31, 2016, permanent differences resulting from different book and tax accounting for net operating losses, expiration of capital loss carryforwards and treatment of foreign currency gains have been reclassified. The reclassifications were as follows:

	Increase (Decrease)	Increase (Decrease)	Increase (Decrease)
	Paid-In Capital	Undistributed Net Investment Income (Loss)	Accumulated Gain (Loss)
Greater China Fund	\$—	\$ (12,488)	\$ 12,488
BDC Income Fund	(1,426)	1,426	—
Real Estate Income Fund	1,650,155	(65,610)	(1,584,545)

Edgar Filing: SCM Trust - Form N-CSRS

Tax Basis of Distributable Earnings: The tax character of distributable earnings at December 31, 2016 was as follows:

	Undistributed Ordinary Income	Undistributed Long-Term Capital Gain	Capital Loss Carry Forwards	Unrealized Appreciation (Depreciation)	Post October and Other Losses ^(b)	Total Distributable Earnings
Greater China Fund	\$ 3,991	\$ —	\$(12,362,955)	\$ 979,403	\$—	(11,379,561)
BDC Income Fund	863	—	(3,460,813)	645,211	(303,820)	(3,118,559)
Real Estate Income Fund	—	—	(1,548,373)	514,582	(6,168)	(1,039,959)

The difference between book basis and tax basis unrealized appreciation/(depreciation) is attributable primarily to wash sales and PFICs.

Elective Deferrals: The BDC Fund has elected to defer \$303,820 of capital losses recognized during the period November 1, 2016-December 31, 2016.

The Real Estate Fund has elected to defer \$6,168 of ordinary losses to the period ending December 31, 2017.

Capital Losses: Capital loss carry forwards, as of December 31, 2016, available to offset future capital gains, if any, are as follows:

	Greater China Fund	BDC Income Fund	Real Estate Income Fund
Expiring 2017	\$10,930,578	\$—	\$—
Long Term with No Expiration	235,607	763,025	114,152 *
Short Term with No Expiration	1,196,770	2,697,788	1,434,221 *
Total	\$12,362,955	\$3,460,813	\$1,548,373

*Subject to limitations under §382 of the Code

Distributions to Shareholders: Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences and differing characterization of distributions made by each Fund.

Assuming the acquisition had been completed on April 1, 2016, the beginning of the annual reporting period, of the Shelton Real Estate Income Fund's pro forma results of operations for the period ended December 31, 2016 are as follows:

	Shelton Real Estate Income Fund
Net Investment Income	\$412,918
Net gain on Investments	164,093
Net increase in net assets resulting from operations	577,011

Because the combined investment portfolios have been managed as a single integrated portfolio since the acquisition was completed, it is not practicable to separate the amounts of revenue and earnings of the former AR Capital Global Real Estate Income Fund that have been included in the Shelton Real Estate Income Fund's statement of operations since November 4, 2016.

Board Approval of the Advisory Agreement (Unaudited)
June 30, 2017

SCM TRUST BOARD APPROVAL OF THE MANAGEMENT AGREEMENT – SHELTON GREATER CHINA FUND

The 1940 Act requires that the full Board and a majority of the Independent Trustees annually approve the continuation of the Trust’s Management Agreement dated June 12, 2011 between SCM Trust and CCM Partners D/B/A Shelton Capital Management (“SCM”) (the “Management Agreement”), with respect to the Shelton Greater China Fund. At a meeting held in-person on February 9, 2017, the Board, including a majority of the Independent Trustees of the SCM Trust, on behalf of the Shelton Greater China Fund (the “Fund”), considered and approved the continuance of the Management Agreement with respect to the Fund with CCM Partners D/B/A Shelton Capital Management for an additional one-year period ending March 31, 2018.

Prior to the meeting, the Independent Trustees requested information from SCM. This information, together with other information provided by SCM, and the information provided to the Independent Trustees throughout the course of the year, formed the primary (but not exclusive) basis for the Board’s determinations as summarized below. In addition to the information identified above, other material factors and conclusions that formed the basis for the Board’s subsequent approval are described below.

Information Received

Materials Received. During the course of each year, the Independent Trustees receive a wide variety of materials relating to the services provided by SCM, including reports on the Fund’s investment results; portfolio composition; third party fund rankings; investment strategy; portfolio trading practices; shareholder services; and other information relating to the nature, extent and quality of services provided by SCM. In addition, the Board requests and reviews supplementary information that includes materials regarding the Fund’s investment results, advisory fee and expense comparisons, the costs of operating the Fund and financial and profitability information regarding SCM (the principal business activity of which is managing the Fund and other investment companies and separately managed accounts), description of various functions such as compliance monitoring and portfolio trading practices, and information about the personnel providing investment management services to the Fund.

Review Process. The Board received assistance and advice regarding legal and industry standards from independent legal counsel to the Independent Trustees. The Board discussed the renewal of the Management Agreement with SCM representatives and in a private session with independent legal counsel at which representatives of SCM were not present. In deciding to approve the renewal of the Management Agreement, the Independent Trustees considered the total mix of information requested by and made available to them and did not identify any single issue or particular information that, in isolation, was the controlling factor. This summary describes the most important, but not all, of the factors considered by the Board.

Nature, Extent and Quality of Services

The Board considered the depth and quality of SCM’s investment management process; the experience, capability and integrity of its senior management and other personnel; operating performance and the overall financial strength and stability of its organization. The Board also considered that SCM made available to its investment professionals a variety of resources relating to investment management, compliance, trading, performance and portfolio accounting. The Board further considered SCM’s continuing need to attract and retain qualified personnel and, noting SCM’s additions over recent years, determined that SCM was adequately managing matters related to the Fund.

The Board considered, in connection with the performance of its investment management services to the Fund, the following: SCM's policies, procedures and systems to ensure compliance with applicable laws and regulations and its commitment to these programs; its efforts to keep the Trustees informed; and its attention to matters that may involve conflicts of interest with the Fund. As a point of comparison, the Board also considered the nature, extent, quality and cost of certain non-investment related administrative services provided by SCM to the Fund under the Restated Fund Administration Servicing Agreement.

The Board concluded that SCM had the quality and depth of personnel and investment methods essential to performing its duties under the Management Agreement, and that the nature, extent and overall quality of such services are satisfactory and reliable.

Investment Performance

The Board considered the Fund's investment results in comparison to its stated investment objectives. The Trustees reviewed the short-term and long-term performance of the Fund on both an absolute basis and in comparison to benchmark indices. The Trustees also reviewed Morningstar rankings for the Fund, as applicable. In assessing performance of the Fund, the Trustees took into consideration the fact that Fund performance is expected to mirror the appropriate benchmark as closely as possible given certain practical constraints imposed by the 1940 Act, the Fund's investment restrictions, the Fund's size and similar factors. Among the factors considered in this regard was that the Fund's performance was in the first quartile for the 1-year period, the second quartile for the 3-year period, and in the fourth quartile over the 5-year and 10-year periods.

The Board received a satisfactory explanation of the reasons underlying the long-term performance of the Fund. The Board ultimately concluded that SCM's performance record in managing the Fund was satisfactory, supporting the determination that SCM's continued management under the Management Agreement would be consistent with the best interests of the Fund and its shareholders.

Management Fees and Total Operating Expenses

The Board reviewed the management fees and total operating expenses of the Fund and compared such amounts with the management fees and total operating expenses of other funds in the industry that are found within the same style category, or peer group, as defined by Bloomberg. While the Board recognized that comparisons between the Fund and peer group funds may be imprecise, given the different service levels and characteristics of mutual funds and the different business models and cost structures of their investment advisors, the comparative information assisted the Board in evaluating the reasonableness of the Fund's management fees and total operating expenses. The Board considered the advisory fees and total fees and expenses of the Fund in comparison to the advisory fees and other fees and expenses of other funds in the Fund's relevant peer group. The Trustees considered both the gross advisory fee rates, as well as the effective advisory rates charged by SCM after taking into consideration the expense limitation arrangements and voluntary fee waivers. The Board noted the voluntary advisory fee limitation that SCM had put into effect with respect to the Fund.

Board Approval of the Advisory Agreement (Unaudited) (Continued)
June 30, 2017

Adviser Costs, Level of Profits, Economies of Scale and Ancillary Benefits

The Board reviewed information regarding SCM's costs of providing services to the Fund, as well as the resulting level of profits to SCM. The Independent Trustees received financial and other information from SCM, in addition to a representation from SCM that its profits were not excessive and that SCM's profitability was low by industry standards. The Board noted its intention to continue to monitor assets under management, and the resulting impact on SCM's profitability, in order to ensure that SCM has sufficient resources to continue to provide the services that shareholders in the Fund require. The Board considered SCM's need to invest in technology, data services, infrastructure and staff to provide the expected quality of investment advisory services to the Fund. The Trustees also noted that SCM has contractually agreed to limit its advisory fees on the Fund so that the Fund does not exceed its specified operating expense limitations, and that SCM has imposed a voluntary fee limitation. Such voluntary fee limitation may be decreased or eliminated by SCM upon approval of the Board. The Board also considered that SCM does not receive substantial indirect benefits from managing the Fund (one example of an indirect benefit is research paid for by Fund brokerage commissions – SCM currently does not utilize soft-dollar arrangements or enjoy the benefit of such arrangements). On the basis of the foregoing, together with the other information provided to it at the meeting and throughout the year, the Board concluded that the Fund's cost structure was reasonable.

Conclusions

Based on their review, including but not limited to their consideration of each of the factors referred to above, the Board concluded that the Management Agreement, taking into account the separate administration fees, is and would be fair and reasonable to the Fund and its shareholders, that the Fund's shareholders received or should receive reasonable value in return for the advisory fees and other amounts paid to SCM by the Fund, and that the renewal of the Management Agreement was in the best interests of the Fund and its shareholders.

SCM TRUST BOARD APPROVAL OF THE INVESTMENT ADVISORY AGREEMENT – SHELTON BDC INCOME FUND, SHELTON REAL ESTATE INCOME FUND

The Board, including a majority of the Independent Trustees, on behalf of each of the Funds, considered and approved the Investment Advisory Agreement with respect to each Fund to become effective upon launch of each Fund. The Board's decision to approve the Investment Advisory Agreement reflects the exercise of its business judgment on whether to authorize the creation and offering of these new series of the Trust which comprise the Funds, as proposed by, and based on information requested by the Board and provided by, Shelton and based on Shelton's recommendation to go forward with each of the Funds.

Prior to the meeting, the Independent Trustees requested information from Shelton. This information formed the primary (but not exclusive) basis for the Board's determinations as summarized below. In addition to the information identified above, other material factors and conclusions that formed the basis for the Board's subsequent approval are described below.

Materials Received. During the course of each year, the Independent Trustees receive a wide variety of materials relating to the services provided by Shelton to the other series of the Trust, and to funds advised by Shelton in a related trust for which the Board also serves. That information includes reports on each such fund's investment results; portfolio composition; third party fund rankings; investment strategy; portfolio trading practices; shareholder services; and other information relating to the nature, extent and quality of services provided by Shelton to those funds. In addition, the Board requests and reviews supplementary information that includes materials regarding each such fund's investment results, advisory fee and expense comparisons, the costs of operating those funds and financial and

profitability information regarding Shelton (the principal business activity of which is managing the funds), description of various functions such as compliance monitoring and portfolio trading practices, and information about the personnel providing investment management services to each fund. As such, the Board, and the Independent Trustees, are acquainted with Shelton and its performance of investment management services for registered investment companies. For the meeting at which the Advisory Agreement was approved, the Independent Trustees requested information regarding Shelton's financial condition and profitability, services, operations and personnel, and compliance procedures.

Review Process. The Board received assistance and advice regarding legal and industry standards from independent legal counsel to the Independent Trustees. The Board discussed the approval of the Investment Advisory Agreement both with Shelton representatives and in a private session with independent legal counsel at which representatives of Shelton were not present. In deciding to approve the Investment Advisory Agreement, the Independent Trustees considered the total mix of information requested by and made available to them and did not identify any single issue or particular information that, in isolation, was the controlling factor. This summary describes the most important, but not all, of the factors considered by the Board.

Nature, Extent and Quality of Services

Shelton, its Personnel and its Resources. The Board considered the depth and quality of Shelton's investment management process; the experience, capability and integrity of its senior management and other personnel; operating performance and the overall financial strength and stability of its organization. The Board also considered that Shelton made available to its investment professionals a variety of resources relating to investment management, compliance, trading, performance and portfolio accounting. The Board further considered Shelton's continuing need to attract and retain qualified personnel and, noting Shelton's additions over recent years, determined that Shelton was adequately managing matters related to the existing series of the Trust and would be expected to make appropriate investments for the Funds. Because each of the Funds will employ the same investment strategy of the predecessor funds and, except for the Shelton BDC Income Fund, the same key management personnel, the nature and quality of the management of each Fund is expected to reflect that of the predecessor fund. This, in turn, assisted the Board in reaching a conclusion that the nature, extent and quality of Shelton's services were such as to warrant approval of the Investment Advisory Agreement.

Other Services. The Board considered, in connection with the performance of its investment management services to the other series of the Trust, and the services to be provided to the Funds, the following: Shelton's policies, procedures and systems to ensure compliance with applicable laws and regulations and its commitment to these programs; its efforts to keep the Board informed; and its attention to matters that may involve conflicts of interest with the Funds. As a point of comparison, the Board also considered the nature, extent, quality and cost of certain non-investment related administrative services provided by Shelton to the Funds under the administration servicing agreements.

Board Approval of the Advisory Agreement (Unaudited) (Continued)
June 30, 2017

The Board concluded that Shelton had the quality and depth of personnel and investment methods essential to performing its duties under the Investment Advisory Agreement, and that the nature, extent and overall quality of such services are satisfactory and reliable.

Investment Performance. The Board considered that there is no performance history at the time of the meeting for the Funds.

Management Fees and Total Operating Expenses. The Board reviewed the proposed management fees and proposed total operating expenses of each Fund with Shelton, and compared such amounts with the management fees and total operating expenses of other funds in the industry. The Trustees considered both the gross advisory fee rates, as well as the effective advisory rates proposed to be charged by Shelton after taking into consideration the expense limitation arrangements and voluntary fee waivers. The Board noted that the total net management fees charged to each Fund, after taking into account these expense limitations and voluntary waivers, appeared to be competitive with comparable funds. The Trustees noted the Funds would be paying for certain administrative services provided to the Funds by Shelton under the fund administration servicing agreement that would take effect upon the transition of the Funds to the SCM Trust.

Adviser, Costs, Level of Profits, Economies of Scale and Ancillary Benefits. The Board reviewed information regarding Shelton's anticipated costs of providing services to the Funds, as well as the resulting level of profits to Shelton. The Independent Trustees received financial and other information from Shelton, in addition to a representation from Shelton that its profits were not excessive and that Shelton's profitability was low by industry standards. The Board noted its intention to monitor assets under management, and the resulting impact on Shelton's profitability, in order to ensure that Shelton has sufficient resources to provide the services that shareholders in the Funds require. The Board considered Shelton's need to invest in technology, data services, infrastructure and staff to provide the expected quality of investment advisory services to the Funds. The Board also noted that Shelton has contractually agreed to limit its advisory fees on the Funds so that those Funds do not exceed their respective specified operating expense limitations. Such voluntary fee limitations may be decreased or eliminated at the option of Shelton in the future, a factor that was also considered by the Board. The Board considered possible indirect benefits that may accrue to Shelton as a result of the acquisition, and concluded that it was very difficult to determine whether any such benefits would accrue before the Funds have experienced any meaningful operating history. Nevertheless, in connection with its governance of the other series of the Trust, the Board regularly receives financial information regarding Shelton and the compensation and benefits that Shelton derives from its relationship with that fund, and noted that Shelton does not presently receive substantial indirect benefits from managing the other series of the Trust (one example of an indirect benefit is research paid for by Fund brokerage commissions – Shelton currently does not utilize soft-dollar arrangements or enjoy the benefit of such arrangements). On the basis of the foregoing, together with the other information provided to it at the June 28th, 2016 meeting and throughout the year, the Board concluded that the advisory fee to be charged to each Fund was reasonable in relation to the services to be provided.

Conclusions. Based on their review of the totality of the circumstances and relevant factors, the Board's decision to approve the proposed Investment Advisory Agreement with respect to each of the Funds reflected its determination that, based upon the information requested and supplied, Shelton's proposal to establish and maintain each Fund, and its past performance and actions in providing services to other mutual funds (which the Board has found to be satisfactory), provide a reasonable basis to support the business judgment to approve the proposed Investment Advisory Agreement and other proposed arrangements.
