This document contains and incorporates by reference forward-looking statements including statements regarding expected performance, including, but not limited to, the Company's belief that cash flows from operations, along with funds available from the revolving line of credit, will be adequate to meet the operational and debt servicing needs of the Company, as well as other statements relating to expectations with respect to sales, the timing of orders, research and development expenditures, earnings per share, capital expenditures, the outcome of pending litigation (including environmental proceedings and remediation investigations) and related estimates of potential liability, acquisitions, divestitures, collaborations or other expansion opportunities. These statements may be identified by the fact that they use words such as "may," "will," "could," "should," "would," "expect," "anticipate," "intend," "estimate," "believe" or similar. Any forward-looking statements contained herein are based on current plans and expectations and involve risks and uncertainties that could cause actual outcomes and results to differ materially from current expectations. The factors described in Item 1A of Part I contained in the Company's Annual Report on Form 10-K for the period ended December 31, 2015, captioned "Risk Factors," or otherwise described in the Company's filings with the Securities and Exchange Commission, provide examples of such risks and uncertainties that may cause the Company's actual results to differ materially from the expectations the Company describes in its forward-looking statements, including, but not limited to, pharmaceutical outsourcing trends, competitive pricing or product developments, government legislation and regulations (particularly environmental issues), tax rates, interest rates, technology, manufacturing and legal issues, including the outcome of outstanding litigation, changes in foreign exchange rates, uncollectible receivables, the timing of orders, loss on disposition of assets, cancellation or delays in renewal of contracts, lack of suitable raw materials or packaging materials, the Company's ability to receive regulatory approvals for its products and continued demand in the U.S. for late stage clinical products or the successful outcome of the Company's investment in new products.

The forward-looking statements are based on the beliefs and assumptions of Company management and the information available to Company management as of the date of this report. The Company cautions investors not to place significant reliance on expectations regarding future results, levels of activity, performance, achievements or other forward-looking statements. The information contained in this Quarterly Report on Form 10-Q is provided by the Company as of the date hereof, and, unless required by law, the Company does not undertake and specifically disclaims any obligation to update these forward-looking statements contained in this Quarterly Report on Form 10-Q as a result of new information, future events or otherwise.
