Item 2.06 Material Impairments.

On October 5, 2018, Rexnord Corporation (the “Company”) entered into a Sale and Purchase Agreement (the “Agreement”) with AURELIUS Equity Opportunities SE & Co. KGaA for the sale of the Company’s VAG business which is within its Water Management platform (the “VAG business”). Based on the terms of the Agreement, the Company anticipates receiving approximately \$25 million of cash proceeds upon closing. The Agreement contains an additional purchase price provision of up to \$20 million based on the attainment of Earn-out EBITDA, as defined in the Agreement, in the Company’s fiscal years ending March 31, 2019, 2020 and 2021. The sale price for the VAG business is subject to customary working capital and cash balance adjustments at closing. The transaction is anticipated to close in the third quarter of the Company’s fiscal 2019 and is subject to the satisfaction of customary closing conditions, including antitrust approval in Germany and Austria. The Company has been accounting for the VAG business as a discontinued operation as a result of its previously announced decision to divest of the VAG business.

As a result of the Company’s entry into the Agreement, the Company will adjust the assets related to the VAG business to their fair value, less expected costs incurred in connection with the sale. Based on the estimated cash proceeds the Company will receive in connection with the Agreement, the Company currently expects it will record a non-cash impairment charge in discontinued operations of approximately \$75 million to \$85 million in the second quarter of the Company’s fiscal 2019. As noted above, the sale price for the VAG business is subject to customary working capital and cash balance adjustments, and therefore the impairment charge is subject to change.

Additionally, although these and other Company statements are based upon reasonable assumptions, including projections of orders, sales, operating margins, earnings, cash flows, research and development costs, working capital and capital expenditures, they are subject to risks and uncertainties that are described more fully in the Company’s Annual Report on Form 10-K for the year ended March 31, 2018 in Part I, Item 1A, “Risk Factors” and in Part I under the heading “Cautionary Notice Regarding Forward-Looking Statements.” Accordingly, the Company can give no assurance that it will achieve the results anticipated or implied by its forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statements, or the status of the transaction contemplated by the Agreement, whether as a result of new information, future events, or otherwise, until the transaction is closed or if it is abandoned, except as required by law.
