Cash EBITDA, defined as cash resales plus all other cash revenues other than from data acquisitions, plus gains on sales of marketable securities obtained as part of licensing our seismic data, less cost of goods sold and recurring cash selling, general and administrative expenses, is expected by the Company to be approximately \$32 million for the quarter ended March 31, 2012, an increase of more than 47% from Cash EBITDA of \$21.7 million in the first quarter of 2011.

As of March 31, 2012, the Company's cash balance was approximately \$63.4 million.

In addition, the Company received an appraisal of its data library as of March 7, 2012, which values the Company's existing library, including data in progress, at a fair market value of \$467.0 million.
