**Item 1.02 Termination of a Material Definitive Agreement.**

Dais Analytic Corporation (the "Company") originally entered into a Share Exchange Agreement (the "Agreement"), dated as of December 24, 2015 but effective as of December 1, 2015, with Open Systems Control, a California corporation (the "Shareholder"), and Synpower Corporation. Ltd., a Hong Kong corporation ("Synpower"). Pursuant to the Agreement, the Company purchased from the Shareholder all of their equity ownership in Synpower. As a result of the transaction, the Company owned 100% of Synpower. At the time of the Agreement, Synpower was the owner of 62% of Jixiun-Cast Ltd., an engineering company organized in the People's Republic of China ("Cast"). The Company's plan was to use Cast for its operations in China.

On March 7, 2016, the Company and Synpower rescinded the Agreement, as of December 1, 2015, as a result of an event related to Cast's ability to function in China as an operating entity for the Company. Cast's status breached the representations, warranties and covenants made by the Shareholder and Synpower in the Agreement as the result of an undisclosed event not discoverable by the Company's due diligence. As a result of the rescission, which was agreed to by the Shareholder, the transaction will be unwound as of December 1, 2015, the Company will return the equity interest in Synpower to an entity identified by the Shareholder, and the shares issued to the Shareholder will be cancelled.
