1. Description of Business

Professional Diversity Network, Inc. is both the operator of the Professional Diversity Network (the “Company,” “we,” “our,” “us,” “PDN Network,” “PDN” or the “Professional Diversity Network”) and a holding company for NAPW, Inc., a wholly-owned subsidiary of the Company and the operator of the National Association of Professional Women (the “NAPW Network” or “NAPW”), Noble Voice LLC and Compliant Lead LLC (collectively, “Noble Voice”), PDN (Hong Kong) International Education Ltd, PDN(Hong Kong)International Education Information Co., Ltd, and PDN (China) International Culture Development Co. Ltd in March 2017, each of which is a wholly-owned subsidiary of the Company and together provide career consultation services. In November 2017, Jiangxi PDN Culture Media Co.,Ltd became a consolidated variable interest entity (VIE). Laws and regulations of the People’s Republic of China (“PRC”) prohibit or restrict companies with foreign ownership from certain activities and benefits including eligibility for certain government grants and certain rebates related to commercial activities. To provide the Company the expected residual returns of the VIE, the Company, through its wholly-owned subsidiary PDN (China) International Culture Development Co., Ltd., entered into a series of contractual arrangements with the VIE and its registered shareholders to enable the Company, to exercise effective control over the VIE, receive substantially all of the economic benefits and residual returns, and absorb substantially all the risks of the VIE as if it was the sole shareholder; and have an exclusive option to purchase all of the equity interests in the VIE. Please refer to footnote #3 for more details about the VIE entity. The PDN Network operates online professional networking communities with career resources specifically tailored to the needs of different diverse cultural groups including: Women, Hispanic-Americans, African-Americans, Asian-Americans, Disabled, Military Professionals, Lesbians, Gay, Bisexual and Transgender (LGBT), and Students and Graduates seeking to transition from education to career. The networks’ purposes, among others, are to assist its registered users in their efforts to connect with like-minded individuals, identify career opportunities within the network and connect with prospective employers. The Company’s technology platform is integral to the operation of its business. The NAPW Network is an exclusive women-only professional networking organization, whereby its members can develop their professional networks, further their education and skills, and promote their business and career accomplishments. NAPW provides its members with opportunities to network and develop valuable business relationships with other professionals through its website, as well as at events hosted at its local chapters across the country. Noble Voice monetizes these consultations by using proprietary technology to drive inexpensive online traffic to our offline call center and generating value-added leads for the Company’s strategic partners who provide continuing education and career services. The Company established business operations in China in 2017. Our business activities, similar to those in the United States, will be focused on providing tools, products and services in China, which will assist in personal and professional development.

2. Liquidity, Financial Condition and Management’s Plans

At March 31, 2018, the Company’s principal sources of liquidity were its cash and cash equivalents.

The Company had an accumulated deficit of approximately \$71,780,000 at March 31, 2018. During the three months ended March 31, 2018, the Company generated a net loss of approximately \$2,034,000, used cash in operations of approximately \$1,822,000, and the Company expects that it will continue to generate operating losses for the foreseeable future. At March 31, 2018, the Company had a cash balance of approximately \$2,738,000. Total revenues were approximately \$3,548,000 and \$5,634,000 for the three months ended March 31, 2018 and 2017, respectively. The Company had working deficit of approximately \$1,088,000 and \$1,140,000 at March 31, 2018 and December 31, 2017, respectively.

The Company is closely monitoring operating costs and capital requirements and has developed an operating plan for 2018. Management of the Company also made efforts in 2017 and first quarter of 2018 to contain and reduce cost, including implementing new approval process over travel and other expenses, significantly reducing the cash compensation for independent board directors, terminating non-performing employees and eliminating certain positions, replacing and negotiating with certain vendors, and consolidating our PDN and Noble Voice operations into one location. If we are not successful in reducing our costs we may then need to dispose of certain of these assets or discontinue certain business lines.

On January 29, 2018, the Company sold 380,295 shares of common stock at a price of \$3.91 per share for gross proceeds of \$1,486,953. The per share purchase price reflected the closing price of the Company's common stock on January 24, 2018. The purchaser is Mr. Shengqi Cai, an individual and a resident of the People's Republic of China.

Management believes that its available funds will be sufficient to meet its working capital requirements through May 2019. However, there can be no assurances that the plans and actions proposed by management will be successful, that the Company will generate anticipated revenues, or that unforeseen circumstances will not require additional funding sources in the future or effectuate plans to conserve liquidity. Future efforts to raise additional funds may not be successful or they may not be available on acceptable terms, if at all. Due to China's foreign currency control, the Company cannot move money between China and the U.S. freely. The People's Bank of China (PBOC) and State Administration of Foreign Exchange (SAFE) regulate the flow of foreign exchange in and out of the country. We need to get approval from the Chinese government to move money from China to the U.S. which might take extra time. As of March 31, 2018 we had \$2,140,000 cash balance in China.

3. Summary of Significant Accounting Policies

Basis of Presentation – The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and pursuant to the instructions to Form 10-Q and Article 8 of Regulation S-X of the United States Securities and Exchange Commission (“SEC”). Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. It is management’s opinion, however, that the accompanying unaudited interim condensed consolidated financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the periods presented.

The accompanying unaudited interim condensed consolidated financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2017 as filed with the SEC on March 30, 2018, as amended on April 30, 2018 (the “Annual Report”), which contains the audited financial statements and notes thereto, together with Management’s Discussion and Analysis, for the years ended December 31, 2017 and 2016. The financial information as of December 31, 2017 is derived from the audited financial statements presented in the Annual Report. The interim results for the three months ended March 31, 2018 are not necessarily indicative of the results to be expected for the year ending December 31, 2018 or for any future interim periods.

Use of Estimates – The preparation of unaudited condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the unaudited condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the unaudited interim condensed consolidated financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future intervening events. Accordingly, the actual results could differ significantly from estimates.

Significant estimates underlying the financial statements include the fair value of acquired assets and liabilities associated with acquisitions; assessment of goodwill impairment, other intangible assets and long-lived assets for

impairment; allowances for doubtful accounts and assumptions related to the valuation allowances on deferred taxes, the valuation of stock-based compensation and the valuation of stock warrants.

Principles of Consolidation – The accompanying unaudited condensed consolidated financial statements include the accounts of the Company, its wholly-owned subsidiaries and its variable interest entity, Jiangxi PDN Culture & Media Co. All significant intercompany balances and transactions have been eliminated in consolidation.

Goodwill and Intangible Assets - The Company accounts for goodwill and intangible assets in accordance with ASC 350, Intangibles – Goodwill and Other (“ASC 350”). ASC 350 requires that goodwill and other intangibles with indefinite lives should be tested for impairment annually or on an interim basis if events or circumstances indicate that the fair value of an asset has decreased below its carrying value.

Goodwill is tested for impairment at the reporting unit level on an annual basis (December 31 for the Company) and between annual tests if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying value. The Company considers its market capitalization and the carrying value of its assets and liabilities, including goodwill, when performing its goodwill impairment test.

When conducting its annual goodwill impairment assessment, the Company initially performs a qualitative evaluation of whether it is more likely than not that goodwill is impaired. If it is determined by a qualitative evaluation that it is more likely than not that goodwill is impaired, the Company then compares the fair value of the Company’s reporting unit to its carrying or book value. If the fair value of the reporting unit exceeds its carrying value, goodwill is not impaired and the Company is not required to perform further testing. If the carrying value of a reporting unit exceeds its fair value, the Company will measure any goodwill impairment losses as the amount by which the carrying amount of a reporting unit exceeds its fair value, not to exceed the total amount of goodwill allocated to that reporting unit.

Variable Interest Entity – (VIE)

Financial Information of VIE

In November 2017, Jiangxi PDN Culture Media Co.,Ltd became a consolidated VIE. Liabilities recognized as a result of consolidating this VIE do not represent additional claims on the Company's general assets. VIE assets can be used to settle obligations of the primary beneficiary. The financial information of Jiangxi PDN Culture & Media Co., which was included in the accompanying condensed financial statements, is presented as follows:

Revenue Recognition – Revenue is recognized when all of the following conditions exist: (1) persuasive evidence of an arrangement exists, (2) services are performed, (3) the sales price is fixed or determinable, and (4) collectability is reasonably assured.

Membership Fees and Related Services

Membership fees are collected up-front and member benefits become available immediately; however those benefits must remain available over the 12 month membership period. At the time of enrollment, membership fees are recorded as deferred revenue and are recognized as revenue ratably over the 12 month membership period. Members who are enrolled in this plan may cancel their membership in the program at any time and receive a partial refund (amount remaining in deferred revenue) or due to consumer protection legislation, a full refund based on the policies of the member's credit card company.

Starting January 2, 2018, we also offer a monthly membership for which we collect fees on a monthly basis and we recognize revenue in the same month as we collect the monthly fees.

Revenue from related membership services are derived from fees for development and set-up of a member's personal on-line profile and/or press release announcements. Fees related to these services are recognized as revenue at the time the on-line profile is complete and press release is distributed.

Deferred Revenue – Deferred revenue includes customer deposits received prior to performing services which are recognized as revenue when revenue recognition criteria are met, and membership fees for annual memberships that are collected at the time of enrollment and are recognized as revenue ratably over the 12 month membership period.

Lead Generation

Professional Diversity Network provides career opportunities to our registered users. Our Career Advisors suggest job opportunities for our registered users based on their location and profile. In certain circumstances our Career Advisors offer career support services to our registered users, including resume writing, education opportunities and economic consultations. In certain circumstances we receive compensation from various business partners resulting from our job seeker referrals. The Company derives lead generation revenues pursuant to arrangements with its business partners. Under these arrangements, the Company matches its business partners with potential candidates, pursuant to specific parameters defined in each arrangement. The Company invoices on a monthly basis based upon the number of leads provided. Revenues related to lead generation are recognized in the month when the leads are sent to its business partners.

Condensed Consolidated Notes to Financial Statements (Unaudited)

Recruitment Services

The Company's recruitment services revenue is derived from the Company's agreements through single and multiple job postings, recruitment media, talent recruitment communities, basic and premier corporate memberships, hiring campaign marketing and advertising, e-newsletter marketing and research and outreach services. Recruitment revenue includes revenue recognized from direct sales to customers for recruitment services and events, as well as revenue from the Company's direct e-commerce sales. Direct sales to customers are most typically a twelve month contract for services and as such the revenue for each contract is recognized ratably over its twelve month term. Event revenue is recognized in the month that the event takes place and e-commerce sales are for one month job postings and the revenue from those sales are recognized in the month the sale is made. Our recruitment services mainly consist of the following products:

On-line job postings to our diversity sites and to our broader network of websites including the National Association for the Advancement of Colored People and the National Urban League

OFCCP job promotion and recordation services

Diversity job fairs, both in person and virtual fairs

Diversity recruitment job advertising services

Cost per application, a service that employers can purchase whereby PDN sources qualified candidates and charges only for those applicants who meet the employers' minimum qualifications

Diversity executive staffing services

Product Sales and Other Revenue

Products offered to members relate to custom made plaques. Product sales are recognized as deferred revenue at the time the initial order is placed. Revenue is then recognized at the time these products are shipped. The Company's shipping and handling costs are included in cost of sales in the accompanying consolidated statements of operations.

Education and Training

The Company works with its business partners to provide education and training seminars to business people in China. Revenues are recognized in the month when the seminar takes place.

Consumer Advertising and Marketing Solutions

The Company provides career opportunity services to its various partner organizations through advertising and job postings on their websites. The Company works with its partners to develop customized websites and job boards where the partners can generate advertising, job postings and career services to their members, students and alumni. Consumer advertising and marketing solutions revenue is recognized as jobs are posted to their hosted sites.

The Company's partner organizations include NAACP and National Urban League, VetJobs, among others.

Advertising and Marketing Expenses – Advertising and marketing expenses are expensed as incurred or the first time the advertising takes place. The production costs of advertising are expensed the first time the advertising takes place. For the three months ended March 31, 2018 and 2017, the Company incurred advertising and marketing expenses of approximately \$609,000 and \$922,300, respectively. These amounts are included in sales and marketing expenses in the accompanying condensed consolidated statements of comprehensive loss. At March 31, 2018 and December 31, 2017, there were no prepaid advertising expenses recorded in the accompanying condensed consolidated balance sheets.

Net Loss per Share – The Company computes basic net loss per share by dividing net loss per share available to common stockholders by the weighted average number of common shares outstanding for the period and excludes the effects of any potentially dilutive securities. Diluted earnings per share, if presented, would include the dilution that would occur upon the exercise or conversion of all potentially dilutive securities into common stock using the “treasury stock” and/or “if converted” methods as applicable. The computation of basic net loss per share for the three months ended March 31, 2018 and 2017 excludes the potentially dilutive securities summarized in the table below because their inclusion would be anti-dilutive.

Recently Issued Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, “Revenue from Contracts with Customers,” which was subsequently modified in August 2015 by ASU No. 2015-14, “Revenue from Contracts with Customers: Deferral of the Effective Date.” As a result, the ASU No. 2014-09 is effective retrospectively for fiscal years and interim periods within those years beginning after December 15, 2017. The core principle of ASU No. 2014-09 is that companies should recognize revenue when the transfer of promised goods or services to customers occurs in an amount that reflects what the company expects to receive. It requires additional disclosures to describe the nature, amount, timing and uncertainty of revenue and cash flows from contracts with customers. In 2016, the FASB issued additional ASUs that clarify the implementation guidance on principal versus agent considerations (ASU 2016-08), on identifying performance obligations and licensing (ASU 2016-10), and on narrow-scope improvements and practical expedients (ASU 2016-12) as well as on the revenue recognition criteria and other technical corrections (ASU 2016-20). Since the Company is an Emerging Growth Company “EGC”, it will adopt the standard on January 1, 2019, using the modified retrospective transition method, which may result in a cumulative-effect adjustment for deferred revenue to the opening balance sheet for 2019 and the restatement of the financial statements for all prior periods presented. The Company continues to evaluate the impact of adoption of this standard on its consolidated financial statements and disclosures.

In February 2016, the FASB issued new lease accounting guidance ASU No. 2016-02, “Leases” (“ASU 2016-02”). Under the new guidance, at the commencement date, lessees will be required to recognize a lease liability, which is a lessee’s obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee’s right to use, or control the use of, a specified asset for the lease term. The new guidance is not applicable for leases with a term of 12 months or less. Lessor accounting is largely unchanged. Public business entities should apply the amendments in ASU 2016-02 for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted upon issuance. Lessees (for capital and operating leases) and lessors (for sales-type, direct financing, and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. Lessees and lessors may not apply a full retrospective transition approach. The Company is currently evaluating the impact of the new guidance on its consolidated financial statements.

In June 2016, the FASB issued ASU 2016-13, “Financial Instruments – Credit Losses” (“ASU 2016-13”). ASU 2016-13 introduces a new model for estimating credit losses for certain types of financial instruments, including loans receivable, held-to-maturity debt securities and net investments in direct financing leases, amongst other financial instruments. ASU 2016-13 also modifies the impairment model for available-for-sale debt securities and expands the disclosure requirements regarding an entity’s assumptions, models, and methods for estimating the allowance for losses. ASU 2016-13 is effective for public business entities in fiscal years beginning after December 15, 2019,

including interim periods within those fiscal years, with early application of the guidance permitted. The Company is currently evaluating the impact of the new guidance on its consolidated financial statements.

In August 2016, the FASB issued ASU No. 2016-15, “Statement of Cash Flows: Clarification of Certain Cash Receipts and Cash Payments” (“ASU 2016-15”), which eliminates the diversity in practice related to the classification of certain cash receipts and payments in the statement of cash flows, by adding or clarifying guidance on eight specific cash flow issues: debt prepayment or debt extinguishment costs; settlement of zero-coupon debt instruments or other debt instruments with coupon interest rates that are insignificant in relation to the effective interest rate of the borrowing; contingent consideration payments made after a business combination; proceeds from the settlement of insurance claims; proceeds from the settlement of corporate-owned life insurance policies (including bank-owned life insurance policies); distributions received from equity method investees; beneficial interests in securitization transactions; and separately identifiable cash flows and application of the predominance principle. ASU 2016-15 is effective for annual periods beginning after December 15, 2018 and interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted. ASU 2016-15 provides for retrospective application for all periods presented. The Company is currently evaluating the impact of the new guidance on its consolidated financial statements.

In October 2016, the FASB issued ASU No. 2016-16, “Income Taxes (Topic 740)” (“ASU 2016-16”), which reduces the complexity in the accounting standards by allowing the recognition of current and deferred income taxes for an intra-entity asset transfer, other than inventory, when the transfer occurs. This guidance is effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019, with early adoption permitted using a modified retrospective transition approach. The Company is currently assessing the impact of the adoption of this guidance on its consolidated financial statements.

In January 2017, the FASB issued ASU 2017-01, “Business Combinations (Topic 805) Clarifying the Definition of a Business” (“ASU 2017-01”). The amendments in ASU 2017-01 is to clarify the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The guidance is effective for annual periods beginning after December 15, 2018, including interim periods within annual periods beginning after December 15, 2019. The Company is currently evaluating the impact of adopting this guidance.

Professional Diversity Network, Inc.
Condensed Consolidated Notes to Financial Statements (Unaudited)

In May 2017, the FASB issued ASU 2017-09, “Compensation - Stock Compensation (Topic 718): Scope of Modification Accounting” (“ASU 2017-09”). ASU 2017-09 provides clarity and reduces both (i) diversity in practice and (ii) cost and complexity when applying the guidance in Topic 718, Compensation-Stock Compensation, to a change to the terms or conditions of a share-based payment award. The amendments in ASU 2017-09 provide guidance about which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting in Topic 718. ASU 2017-09 is effective for all annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted. The adoption of ASU 2017-09 has no impact on the Company’s financial position or results of operations.

In July 2017, the FASB issued ASU 2017-11, “Earnings Per Share (Topic 260); Distinguishing Liabilities from Equity (Topic 480); Derivatives and Hedging (Topic 815): (Part I) Accounting for Certain Financial Instruments with Down Round Features, (Part II) Replacement of the Indefinite Deferral for Mandatorily Redeemable Financial Instruments of Certain Nonpublic Entities and Certain Mandatorily Redeemable Noncontrolling Interests with a Scope Exception” (“ASU 2017-11”). ASU 2017-11 eliminates the requirement to consider “down round” features when determining whether certain equity-linked financial instruments or embedded features are indexed to an entity’s own stock. It is effective for annual periods beginning after December 31, 2018. Early adoption is permitted. The Company is currently evaluating the impact of adopting this guidance.

In February 2018, the FASB issued ASU No. 2018-02, “Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income” (“ASU 2018-02”). ASU 2018-02 allows for the reclassification of certain income tax effects related to the Tax Cuts and Jobs Act between “Accumulated other comprehensive income” and “Retained earnings.” This ASU relates to the requirement that adjustments to deferred tax liabilities and assets related to a change in tax laws or rates to be included in “Income from continuing operations”, even in situations where the related items were originally recognized in “Other comprehensive loss” (rather than in “Loss from operations”). ASU 2018-02 is effective for all entities for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years, with early adoption permitted. Adoption of ASU 2018-02 is to be applied either in the period of adoption or retrospectively to each period in which the effect of the change in the tax laws or rates were recognized. The Company is evaluating the effect of this guidance.

6. Commitments and Contingencies

Lease Obligations – The Company leases office space, a corporate apartment, office furniture and equipment under various operating lease agreements, including an office for its headquarters, as well as office spaces for its events business, sales and administrative offices under non-cancelable lease arrangements that provide for payments on a graduated basis with various expiration dates.

Rent expense, amounting to approximately \$266,000 and \$272,000 for the three months ended March 31, 2018 and 2017, respectively, is included in general and administrative expense in the condensed consolidated statements of operations and comprehensive loss. Included in rent expense is sublease income of approximately \$96,000 for the three months ended March 31, 2017.

Legal Proceedings

The Company and its wholly-owned subsidiary, NAPW, Inc., are parties to a proceeding captioned In re Professional Diversity Network, Cases 31-CA-159810 and 31-CA-162904, filed with the National Labor Relations Board (“NLRB”) in June 2015 and alleging violations of the National Labor Relations Act (“NLRA”) against the Company and its wholly-owned subsidiary, NAPW, Inc., where employee was allegedly terminated for asserting rights under Section 7 of the NLRA. While the Company disputes that any rights were impacted, the NLRB has issued its order requiring the Company to take certain remedial actions in the form of posting notices and revising certain policies, as well as to pay the claimant certain back pay and offer reinstatement. The Company has complied with the order by posting notices, revising certain policies and offering the claimant reinstatement. In April of 2018 the Company settled the remaining backpay portion of the case.

The Company is a party to a proceeding captioned Paul Sutcliffe v. Professional Diversity Network, Inc., No. 533-2016-00033 (EEOC), filed with the Equal Employment Opportunity Commission (“EEOC”) in April 2016 and alleging violations of Title VII and the Age Discrimination in Employment Act, where employee was allegedly terminated due to his race (Caucasian) and his age (over 40). The EEOC has not yet notified the Company that it has issued a right-to-sue letter, and the complainant has not yet filed a lawsuit.

In a letter dated October 12, 2017, White Winston Select Asset Funds (“White Winston”) threatened assertion of a claim against the Company. The letter alleges that White Winston suffered \$2,241,958 in damages as a result of the

Company's alleged conduct that caused a delay in White Winston's ability to sell shares in the Company during a period when the Company's stock price was generally falling. The Company investigated the assertions in the letter and communicated to White Winston that the Company denies liability for any such claim. The Company has since received a copy of a complaint filed by White Winston on May 1, 2018 in the United States District Court for the District of Massachusetts making similar claims, alleging that it suffered a loss of \$1,708,233 as a result of the delay in selling shares and seeking unspecified damages and attorneys' fees. The Company has not yet been served with the complaint.

NAPW is a named Respondent in a Nassau County District Court Landlord/Tenant Summary Proceeding, and is being sued by TL Franklin Avenue Plaza LLC. The Petitioner, TL Franklin Avenue Plaza LLC, is alleging that NAPW is in breach of its Lease Agreement, and the matter involves the payment of back rent owing to Petitioner. The case is on-going, and settlement discussions are underway.

NAPW and PDN are two of the named Respondents in a Nassau County District Court Landlord/Tenant Summary Proceeding, and they are being sued by Hoegh Autoliners Inc. The Petitioner in this matter, Hoegh Autoliners Inc., is alleging that both NAPW and PDN are in breach of its Lease Agreement, and the matter involves the payment of back rent owing to the Petitioner. In this matter, Intercontinental Capital Group, Inc., an Under-Subtenant of PDN, is also named in the action. The case is on-going, and settlement discussions are taking place in an effort to bring any rental obligations current.

The Company is a party to a proceeding captioned Gerbie, et al. v. Professional Diversity Network, Inc. (Cook County Cir. Ct.), a putative class action alleging violations of the Telephone Consumer Protection Act. This matter is in a very early stage and the Company has not yet had any discovery to allow it to assess the quality of the plaintiff's claims. However, the Company generally believes that its practices and procedures are compliant with the Telephone Consumer Protection Act.

General Legal Matters

From time to time, the Company is involved in legal matters arising in the ordinary course of business. While the Company believes that such matters are currently not material, there can be no assurance that matters arising in the ordinary course of business for which the Company is, or could be, involved in litigation, will not have a material adverse effect on its business, financial condition or results of operations.

7. CFL Transaction

On January 13, 2017, the Company entered into a stock purchase agreement (the "Purchase Agreement") with Cosmic Forward Ltd. ("CFL"), pursuant to which, the Company agreed to issue and sell to CFL (the "Second Share Issuance"),

and CFL agreed to purchase, at a price of \$9.60 per share (the “Per Share Price”), upon the terms and subject to the conditions set forth in the Purchase Agreement, 312,500 shares of the Company’s common stock. On January 18, 2017, the Company consummated the Second Share Issuance. As a result of the completion of the Second Share Issuance, as of January 18, 2017, CFL beneficially owned 54.64% of the Company’s outstanding shares of common stock, on a fully diluted basis.

The Company received total gross proceeds of \$3,000,000 from the Second Share Issuance, or approximately \$2,821,000 in net proceeds after payment of transaction-related expenses. The Company retained Aegis Capital Corp. (“Aegis”) as the exclusive placement agent in connection with the transaction. Aegis received a cash placement fee of \$144,000 in connection with the transaction. The Company accounted for the fee paid to Aegis as a cost of the transaction resulting in a charge directly to stockholders’ equity.

Professional Diversity Network, Inc.

Condensed Consolidated Notes to Financial Statements (Unaudited)

At the closing of the Second Share Issuance, and as contemplated by the Purchase Agreement, the Company entered into an amendment, dated as of January 18, 2017 (the “Amendment”), to the Stockholders’ Agreement with CFL and the Buyer Parties (as defined in the Stockholders’ Agreement). The Amendment increased the cap on the amount of common stock that the CFL Shareholders and their respective controlled affiliates (collectively, the “CFL Group”) may, directly or indirectly acquire, agree to acquire or publicly propose or offer to acquire from the Company, or pursuant to a tender or exchange offer for any shares of common stock, from 51% of the then outstanding shares of common stock, on a fully-diluted basis, to 54.64% of the then outstanding shares of common stock, on a fully-diluted basis. The Amendment also clarifies that the 312,500 shares of common stock purchased by CFL in the Second Share Issuance are subject to all of the restrictions contained in the Stockholders’ Agreement, as amended. All other terms and conditions of the Stockholders’ Agreement remain in full force and effect and were ratified and affirmed by the parties in the Amendment.

8. Employment Agreements

On March 6, 2018, Jim Kirsch, the Co-Executive Chairman of the Board, notified the Company of his intent to resign as Co-Executive Chairman of the Board. This notification triggered a ninety-day notice period at the expiration of which Mr. Kirsch shall no longer serve as Co-Executive Chairman. During the ninety-day notice period, Mr. Kirsch shall continue to serve at the discretion of the Company. As such, Mr. Kirsch’s last day as Co-Executive Chairman shall be June 4, 2018 unless earlier terminated by the Company. Following Mr. Kirsch’s resignation as Co-Executive Chairman he shall continue to serve as a director and non-executive Chairman of the Company and Mr. James Song shall be sole Executive Chairman of the Board.

9. Income Taxes

The effective income tax rate for the three months ended March 31, 2018 and 2017 was 12.3% and 16.3%, respectively, resulting in a \$284,000 and \$602,000 income tax benefit, respectively. The difference in the effective income tax rate for the three months ended March 31, 2018, compared to the three months ended March 31, 2017, is mainly attributable to the change in the valuation allowance and the foreign tax rate differential due to the Company’s China Operations. In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred income tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Based on the consideration of these items, management has determined that enough uncertainty exists relative to the realization of the deferred income tax asset balances to warrant the application of a valuation allowance as of March 31, 2018 and December 31, 2017.

The Company has not provided deferred income taxes on the undistributed earnings of its foreign subsidiaries. These earnings have been permanently reinvested and the Company does not plan to initiate action that would precipitate the payment of income taxes thereon.

Beginning in 2018, the Tax Act includes a new U.S. tax base erosion provision designed to tax the global intangible low-taxed income (“GILTI”). The GILTI provisions require us to include in our U.S. income tax return foreign subsidiary earnings in excess of an allowable return on the foreign subsidiary’s tangible assets. We do not expect GILTI to be material in the future.

10. Stock-Based Compensation

Equity Incentive Plans – The Company’s 2013 Equity Compensation Plan (the “2013 Plan”) was adopted for the purpose of providing equity incentives to employees, officers, directors and consultants including options, restricted stock, restricted stock units, stock appreciation rights, other equity awards, annual incentive awards and dividend equivalents. The Company amended the 2013 Plan to increase the number of authorized shares of common stock under the 2013 Plan by 390,000 shares, which the Company’s stockholders approved on June 26, 2017. The Company is now authorized to issue 615,000 shares under the amended 2013 Plan.

Stock-Based Compensation

On April 19, 2018 (the “Effective Date”), the Company granted 75,000 options to each of the two co-executive chairmen of the Board, Mr. Jim Kirsch and Mr. James Song, 70,000 options to the CEO, Mr. Michael Wang, and

30,000 options plus 5,000 shares of restricted stock (the “Restricted Stock”) to the CFO, Mr. Gary Xiao, in each case pursuant to the 2013 Plan of the Company. The options issued to the executives will vest in accordance with the following schedule: (i) 1/3 of the shares underlying the option will vest immediately on the Effective Date, (ii) 1/3 of the shares underlying the option will vest on the one-year anniversary of the Effective Date, and (iii) 1/3 of the shares underlying the option will vest on the two-year anniversary of the Effective Date. The options are exercisable at an exercise price of \$2.82 per share. Restricted stock to Mr. Xiao will vest on April 19, 2019.

On April 19, 2018, the Company granted 8,865 restricted stock units (“RSUs”) to its non-employee directors, including Mr. Michael Belsky, Xin He, Hao Zhang and Xianfang Liu. The RSUs will vest on April 19, 2019. The RSUs have no voting or dividend rights. The fair value of the common stock on the date of grant was \$2.82 per share.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

*Unless we specify otherwise, all references in this Quarterly Report on Form 10-Q (the "**Quarterly Report**") to "PDN," "the Company," "we," "our," and "us" refer to Professional Diversity Network, Inc. and its consolidated subsidiaries. The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our consolidated financial statements and the related notes thereto in Item 1, "Financial Statements," in Part I of this Quarterly Report. This discussion contains forward-looking statements, which are based on our assumptions about the future of our business. Our actual results will likely differ materially from those contained in the forward-looking statements. Please read "Special Note Regarding Forward-Looking Statements" for additional information regarding forward-looking statements used in this Quarterly Report.*

Overview

We are an operator of professional networks with a focus on diversity, employment, education and training. We use the term "diversity" (or "diverse") to describe communities, or "affinities," that are distinct based on a wide array of criteria, including ethnic, national, cultural, racial, religious or gender classification. We serve a variety of such communities, including Women, Hispanic-Americans, African-Americans, Asian-Americans, Disabled, Military Professionals, and Lesbian, Gay, Bisexual and Transgender (LGBT+).

We operate in four business segments: (i) Professional Diversity Network ("**PDN Network**"), which includes online professional networking communities with career resources tailored to the needs of various diverse cultural groups and employers looking to hire members of such groups, (ii) National Association of Professional Women ("**NAPW Network**"), a women-only professional networking organization, (iii) Noble Voice operations ("**Noble Voice**"), a career consultation and lead generation service, and (iv) China operations ("**China Operations**"), which focuses on providing tools, products and services in China which will assist women, students and business professionals in personal and professional development.

Our value proposition is simple: (i) we provide a robust online and in-person network for our women members to make professional and personal connections for our diverse audience of women: African Americans, Hispanics, Asians, Veterans, individuals with disabilities and members of the Gay community (with the ability to roll out to our other affinities); (ii) we assist our registered users, or members, in their efforts to connect with like-minded individuals and identify career opportunities within the network; (iii) we help employers address their workforce diversity needs by connecting them with the right candidates; and (iv) we leverage our U.S. expertise and China connections to deliver these values to China, one of the world's fastest-growing markets for professional networking.

Edgar Filing: Professional Diversity Network, Inc. - Form 10-Q

In January of 2017, the Company established PDN Hong Kong through its two wholly-owned subsidiaries there and in March of 2017 the Company established PDN China through its subsidiary there. We are currently executing our strategic plan to build in China entirely new networking, training and education businesses. We believe that coupling the Company's expertise in networking and careers with our Chinese executives' expertise in the China market will provide us with an opportunity for success with our overseas expansion. During the first two quarters of 2017, we held seven events as part of our education and training business line's "Shared Economy" summit series, attracting over 7,800 paid attendees. Additionally, during the second quarter of 2017, we held a selective marketing event to introduce IAW, the PDN China women's networking business.

In the third quarter of 2017, PDN China began to transact IAW memberships in China, ranging from RMB 20,000 to RMB 200,000 (Approximately \$3,000 to \$30,000 annual memberships). Additionally IAW China held its first IAW VIP China event at the Women's Forum Global Meeting, in Paris, France. Also, on December 2, 2017, PDN China held its largest education and training event of the year. The event, "The International Capital Leadership Summit", took place in Beijing, China. Amongst many notable speakers, Mr. Bruce Aust, Vice Chairman of the Nasdaq Exchange was featured at the event. In the fourth quarter of 2017, PDN China began to transact business club memberships in China, ranging from RMB 20,000 to RMB 100,000 (Approximately \$3,000 to \$15,000 annual memberships).

Through the first quarter of 2018, our PDN Network, NAPW Network, Noble Voice and China Operations businesses represented 19.5%, 43.8%, 34.8% and 1.9% of our revenues, respectively. As of March 31, 2018, we had approximately 10.5 million registered users in our PDN Network; approximately 955,000 registered users, or members, in the NAPW Network; and over 1,000 companies utilizing our products and services in our combined PDN Network and Noble Voice operations. We believe that the combination of our solutions allows us to approach recruiting and professional networking in a unique way and thus create enhanced value for our members and customers.

Sources of Revenue

We generate revenue from (i) paid membership subscriptions and related services, (ii) lead generation, (iii) recruitment services, (iv) product sales, (v) education and training and (vi) consumer advertising and consumer marketing solutions. The following table sets forth our revenues from each product as a percentage of total revenue for the periods presented. The period-to-period comparison of financial results is not necessarily indicative of future results.

	Three Months Ended March 31, 2018 2017	
Percentage of revenue by product:		
Membership fees and related services	45.4 %	50.0 %
Lead generation	34.8 %	30.6 %

Edgar Filing: Professional Diversity Network, Inc. - Form 10-Q

Recruitment services	17.5 %	11.7 %
Education and training	0.2 %	5.7 %
Consumer advertising and consumer marketing solutions	2.0 %	1.2 %
Products sales and other	0.1 %	0.8 %

Paid Membership Subscriptions and Related Services. We offer paid membership subscriptions through our NAPW Network, a women-only professional networking organization, operated by our wholly-owned subsidiary. Members gain access to networking opportunities through a members-only website at www.napw.com and “virtual” eChapter events which occur in a webcast setting as well as through in-person networking at approximately 209 local chapters nationwide, additional career and networking events such as the National Networking Summit Series, Power Networking Events and the PDN Network events. NAPW members also receive ancillary (non-networking) benefits such as educational discounts, shopping, and other membership perks. Upgraded packages include (i) the VIP membership, which provides members with additional promotional and publicity tools as well as free access (including guest) to the National Networking Summits and free continuing education programs and (ii) the press release package, which provides members with the opportunity to work with professional writers to publish personalized press releases and thereby secure valuable online presence. NAPW Membership is renewable and fees are payable on an annual basis, with the first annual fee payable at the commencement of the membership. NAPW Membership subscriptions represented approximately 99.8% and 98.4% of revenue attributable to the NAPW Network business segment for the three months ended March 31, 2018 and 2017.

As part of the launch of IAW in the United States the Company began to offer a monthly membership option in January 2018, in addition to an annual membership option. While this has increased our performance in registering new members, membership revenue is received on a monthly basis rather than an annual basis. Monthly membership sales is a new strategy for our company and we cannot predict what the monthly renewal rate will be or what the life time value of a member will be going forward. The new IAW has focused on delivering member benefits and providing value to those who join as paid members. The company will be tracking and reporting on the renewal rates and projected LTV, life time value, of our registered members going forward.

In the third quarter of 2017, PDN China began to transact IAW memberships in China, ranging from RMB 20,000 to RMB 200,000 (Approximately \$3,000 to \$30,000 annual memberships). In the fourth quarter of 2017, PDN China began to transact business club memberships in China, ranging from RMB 20,000 to RMB 100,000 (Approximately \$3,000 to \$15,000 annual memberships). IAW memberships represented approximately 90.6% of revenue attributable to China Operations for the three months ended March 31, 2018.

Lead Generation. We monetize our career consultations conducted by our Noble Voice business segment by generating and selling value-added leads to our strategic partners who provide continuing education and career services. We also generate revenue from sales of data not used in the lead generation process. Lead generation sales represented 100% of the revenue attributable to the Noble Voice business segment for the three months ended March 31, 2018 and 2017. The business flow of lead generation also provides value for our recruitment services, because job seekers who are interested in our career opportunities engage with our career advisers on open positions we are offering from companies who sponsor our diversity recruitment network. Our plan is to increase conversions of both lead generation offers from our educational and career services partners and our recruitment partners seeking to employ diverse talent.

Recruitment Services. We provide recruitment services to medium and large employers seeking to diversify their employment ranks. Our recruitment services include recruitment advertising, job postings, semantic search technology and paid access to, and placement in, or advertising around our career and networking events. The majority of recruitment services revenue comes from job recruitment advertising. We also offer to businesses subject to the regulations and requirements of the Equal Employment Opportunity Office of Federal Contract Compliance Program (“**OFCCP**”) our OFCCP compliance product, which combines diversity recruitment advertising with job postings and compliance services. For the three months ended March 31, 2018 and 2017, recruitment advertising revenue constituted approximately 89.9% and 90.9%, respectively, of the revenue attributable to the PDN Network business segment.

Product Sales. We offer to new purchasers of our NAPW memberships the opportunity to purchase a commemorative wall plaque at the time of purchase. They may purchase up to two plaques at that time. Product sales represented approximately 0.2% and 1.6% of revenue attributable to the NAPW Network business segment for the three months ended March 31, 2018 and 2017, respectively.

Education and Training. In March of 2017 we began our China Operations by creating a Shared Economy summit series designed to provide education and training to Chinese business people. Our initial event was a paid event which generated revenue through paid event admission fees. Education and training represented 9.4% of the revenue attributable to China Operations for the three months ended March 31, 2018 and 100% of the revenue attributable to China Operations for the three months ended March 31, 2017.

Consumer Advertising and Consumer Marketing Solutions. We work with partner organizations to provide them with integrated job boards on their websites which offer their members or customers the ability to post recruitment advertising and job openings. We generate revenue from fees charged for those postings. For the for the three months ended March 31, 2018 and 2017, consumer advertising and marketing represented approximately 10.1% and 9.1%, respectively, of the revenue attributable to the PDN Network business segment.

Cost of Revenue

Cost of revenue primarily consists of data and related costs to generate leads for our Noble Voice customers, costs of producing job fair and other events, revenue sharing with partner organizations, costs of web hosting and operating our websites for the PDN Network, and costs of producing education and training events and serving IAW members for our China business. Costs of producing wall plaques, hosting member conferences and local chapter meetings are also included in the cost of revenue for NAPW Network.

Financial Overview

During the three months ended March 31, 2018, we experienced losses as we continued our efforts to develop China Operations, reduce costs and streamline our business. For the three months ended March 31, 2018, we realized a net loss of approximately \$2,034,000, a \$1,067,000, or 34.4% decrease from the comparable prior year period. This decrease in net loss for the quarter is primarily related to a decrease in legal expense, stock-based compensation, and sales and marketing expenses, offset by a decrease in revenue, primarily decreases in membership fees and related services.

Key Metrics

We believe that one of the key metrics in evaluating and measuring our performance is the number of registered users. We define the number of registered users as (i) the number of individual job seekers who affirmatively visited one of PDN Network's properties, opted into an affinity group and provided us with demographic or contact information

enabling us to match them with employers and/or jobs (PDN Network registered users); and (ii) the number of consumers who have viewed our marketing material, opted into membership in the NAPW Network, provided demographic information and engaged in an onboarding call with a membership coordinator (NAPW Network registered users). We believe that a higher number of registered users will result in increased sales of our products and services, as customers will have access to a larger pool of professional talent. However, a higher number of registered users will not immediately translate to increased revenue, as there is a lag between the time we acquire a registered user through our lead-generation process and the time we generate revenue from a registered user by selling them one of our paid products or services.

The following table sets forth the number of registered users on our PDN Network and total membership on our NAPW Network as of the periods presented:

	As of March 31, 2018 2017 (in thousands)		Change (Percent)	
PDN Network Registered Users (1)	10,529	9,490	10.9	%
NAPW Network Total Membership (2)	955	936	2.0	%

The number of registered users may be higher than the number of actual users due to various factors. For more information, see " *Risk Factors page #13 —The reported number of our registered users is higher than the number of actual individual users, and a substantial majority of our visits are generated by a minority of our users* " in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 (the "2017 Annual Report").

Non-GAAP Financial Measure

Adjusted EBITDA

We believe Adjusted EBITDA provides a meaningful representation of our operating performance that provides useful information to investors regarding our financial condition and results of operations. Adjusted EBITDA is commonly used by financial analysts and others to measure operating performance. Furthermore, management believes that this non-GAAP financial measure may provide investors with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. However, while we consider Adjusted EBITDA to be an important measure of operating performance, Adjusted EBITDA and other non-GAAP financial measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP. Further, Adjusted EBITDA, as we define it, may not be comparable to EBITDA, or similarly titled measures, as defined by other companies.

The following table provides a reconciliation of Adjusted EBITDA to Net Loss, the most directly comparable GAAP measure reported in our consolidated financial statements:

Total revenues decreased \$2,086,000, or 37.0% for the three months ended March 31, 2018, compared to the same prior year period, due primarily to management focus on cost reduction efforts and rebranding the NAPW business, including the reduction in the salesforce and decreased spending on digital advertising and data purchases.

Revenues by Segment

The following table sets forth each operating segment's revenues for the periods presented. The period-to-period comparison is not necessarily indicative of future results.

Edgar Filing: Professional Diversity Network, Inc. - Form 10-Q

Three Months Ended					
	March 31, 2018	2017	Change (Dollars)	Change (Percent)	
(in thousands)					
NAPW Network	\$1,554	\$2,861	\$ (1,307)	(45.7)%	
PDN Network	691	725	(34)	(4.7)%	
Noble Voice	1,235	1,724	(489)	(28.4)%	
China	69	324	(255)	(78.7)%	
Total revenues	\$3,548	\$5,634	\$ (2,086)	(37.0)%	

During the three months ended March 31, 2018, our NAPW Network generated \$1,554,000 in revenue from membership fees and related services and product sales and other, compared to \$2,861,000 for the same period in the prior year, a decrease of \$1,307,000, or 45.7%. The decrease was mainly attributable to reductions of the NAPW sales staff from 48 sales representatives in Q1 2017 to 21 sales representatives in Q1 2018. As a part of rebranding the NAPW business, the Company also re-tooled its lead-generation and other marketing activities. We also expect the NAPW Network to have decreased revenues, period-over-period compared to 2017, for at least the remainder of 2018, with anticipated increases in 2019 and 2020 as a result of increased investments in product, marketing and salesforce development.

During the three months ended March 31, 2018, our PDN Network generated \$691,000 in revenue, compared to \$725,000 for the same period in the prior year, a slight decrease of \$34,000, or 4.7%. The decrease was mainly a result of a reduction in staff in year 2017. Additionally, sales strategy and operational changes implemented in year 2017 are expected to result in an increase in revenue in the second half of year 2018 and beyond.

During the three months ended March 31, 2018, our Noble Voice business generated \$1,235,000 of lead generation revenue, compared to \$1,724,000 for the same period in the prior year, a decrease of \$489,000, or 28.4%. The decrease was mainly attributable to an average monthly staffing decrease of 34.9% and a corresponding average monthly call volume decline of 25.3%. Revenue generation is directly dependent on call volume and staff to handle those calls. The Noble Voice business continues to recoil from business disruptions in mid-2017. It has greatly improved its efficiencies and is optimizing partnerships to maximize revenue generation as is seen in a smaller decline in revenue compared to staffing and call volume.

During the three months ended March 31, 2018, our China Operations generated \$69,000 of revenues, compared \$324,000 for the same period in the prior year, a decrease of \$255,000, or 78.7%. We launched our China Operations during the three months ended March 31, 2017, and during that period we held our initial event which was a paid event which generated revenue through paid event admission fees. During the three months ended March 31, 2018 our revenue was primarily IAW memberships, and did not hold any major paid events due to Chinese New Year and also most efforts were devoted to future business development.

Costs and Expenses

The following tables set forth our costs and expenses for the periods presented. The period-to-period comparison of financial results is not necessarily indicative of future results.

Total costs and expenses	\$5,890	\$9,326	\$ (3,436)	(36.8)%	

Total costs and expenses decreased in the three months ended March 31, 2018 to \$5,890,000 compared to \$9,326,000 for the same period in the prior year, a decrease of \$3,436,000, or 36.8%. The decrease was mainly attributable to a \$1,671,000 decrease in general and administrative expenses due to a \$624,000 decrease in legal expenses, \$397,000 decrease in stock-based compensation, a \$221,000 decrease in general and administrative personnel expense for our NAPW and Noble Voice segments, and a \$159,000 decrease in compensation to independent board directors, and a \$1,540,000 decrease in sales and marketing expenses as a result of \$586,000 decrease in salaries and wages due to salesforce reduction in our NAPW segment and NV segment, a \$533,000 decrease in lead spending in our NAPW segment, and a \$186,000 decrease in commissions expense.

Operating Expenses

Cost of revenue : Cost of revenues decreased in the three months ended March 31, 2018 to \$611,000, compared to \$701,000 for the same period in the prior year, a decrease of \$90,000, or 12.8%. The decrease is mainly a result of lower revenues.

Sales and marketing expense : Sales and marketing expense decreased in the three months ended March 31, 2018 to \$1,715,000, compared to \$3,255,000 for the same period in the prior year, a decrease of 1,540,000, or 47.3%. The decrease was mainly attributable to \$586,000 decrease in salaries and wages, due to salesforce reduction in the NAPW segment from 48 sales representatives in the three months ended March 31, 2017 to 21 in the three months ended March 31, 2018, and salesforce reduction in NV segment. We also achieved significant costs savings in advertising and marketing, primarily a \$533,000 decrease in lead spending in our NAPW segment. Also, as a result of lower revenues, the Commissions expense decreased by approximately \$186,000.

General and administrative expense : General and administrative expenses decreased in the three months ended March 31, 2018 to \$2,863,000, compared to \$4,534,000 for the same period in the prior year, a decrease of \$1,671,000 or 36.9%. The decrease was mainly attributable to a \$624,000 decrease in legal expenses, a \$397,000 decrease in stock-based compensation, a \$159,000 decrease in compensation to independent board directors, and a \$221,000 decrease in general and administrative personnel expense for our NAPW and Noble Voice segments.

Depreciation and amortization expense : Depreciation and amortization expense decreased in the three months ended March 31, 2018 to \$701,000, compared to \$836,000 for the same period in the prior year, a decrease of \$135,000, or 16.1%. The decrease was mainly attributable to a reduction in amortization expense resulting from the amortization of the capitalized technology costs.

Income Tax Benefit

March 31, 2018	2017	Change (Dollars)	Change (Percent)
(in thousands)			
Total	\$(284)	\$(602)	\$ 318 (52.8)%

The effective income tax rate for the three months ended March 31, 2018 and 2017 was 12.3% and 16.3%, respectively, resulting in a \$284,000 and \$602,000 income tax benefit, respectively. The difference in the effective income tax rate for the three months ended March 31, 2018, compared to the three months ended March 31, 2017, is mainly attributable to the change in the valuation allowance and the foreign tax rate differential due to the Company's China Operations. Management has determined that enough uncertainty exists relative to the realization of the deferred income tax asset balances to warrant the application of a valuation allowance as of March 31, 2018 and December 31, 2017.

Net Loss

The following table sets forth each operating segment's net loss and the consolidated net loss for the periods presented. The period-to-period comparison is not necessarily indicative of future results.

Corporate Overhead	(782)	(1,817)	1,035 (57.0)%

Consolidated Net Loss \$(2,034) \$(3,102) \$ 1,068 (34.4)%

As the result of the factors discussed above, during the three months ended March 31, 2018, we incurred \$2,034,000 of net losses, a decrease of \$1,068,000 or 34.4%, over the same period in the prior year. The decrease was a result of our cost cutting efforts, primarily a decrease of \$1,671,000 in overall general and administrative expenses, and a decrease of \$1,540,000 of overall sales and marketing expenses. It was offset by a reduction in revenues by \$2,086,000.

During the three months ended March 31, 2018, we incurred a net loss of \$656,000 attributable to the NAPW Network segment, compared to \$1,026,000 for the prior year period. The decrease in net loss was primarily attributable to overall decrease in spending, mainly a \$469,000 reduction in overall salaries and wages, and a \$533,000 decrease in lead spending, offset by a decrease of \$1,203,000 in NAPW segment revenues from membership fees, related services and product sales.

During the three months ended March 31, 2018, we incurred a net loss of \$53,000 attributable to the PDN Network segment, compared to \$73,000 for the prior year period. The slight reduction in net loss was a result of \$30,000 decrease in depreciation and amortization costs, and a \$26,000 decrease in cost of sales due to \$33,000 reduction in revenues.

During the three months ended March 31, 2018, we incurred a net loss of \$210,000 attributable to the Noble Voice segment, compared to \$177,000 for the prior year period. The slight increase in net loss was primarily attributable to a 28.4% decrease in sales, from \$1,724,000 in the first quarter of 2017 to \$1,235,000 in the first quarter of 2018 partially offset by lower spending, mainly in salaries and wages.

During the three months ended March 31, 2018, we incurred a net loss of \$334,000 attributable to our China operations, compared to \$8,000 for the prior year period. The increase of \$325,000 was mainly a result of \$255,000 decrease in revenue.

During the three months ended March 31, 2018, we incurred a net loss of \$782,000 attributable to Corporate Overhead segment, compared to \$1,817,000 for the prior year period, a decrease of \$1,035,000 or 57.0%. The decrease was mainly attributable to a \$624,000 decrease in legal expenses, a \$397,000 decrease in stock-based compensation, and a \$159,000 decrease in compensation to independent board directors, offset by a \$69,000 increase in audit related expenses.

Liquidity and Capital Resources

Edgar Filing: Professional Diversity Network, Inc. - Form 10-Q

The following table summarizes our liquidity and capital resources as of March 31, 2018 and December 31, 2017, respectively, and is intended to supplement the more detailed discussion that follows:

	March 31, 2018	December 31, 2017
	(in thousands)	
Cash and cash equivalents	\$2,738	\$ 3,014
Working capital (deficiency)	\$(1,088)	\$ (1,140)

Our principal sources of liquidity are our cash and cash equivalents, including the net proceeds from the issuances of Common Stock to CFL and other investors. As of March 31, 2018 and December 31, 2017, we had working deficiency of approximately \$1,088,000 and \$1,140,000, respectively. During the three months ended March 31, 2018, we generated a net loss of approximately \$2,034,000, used cash in operations of approximately \$1,822,000, and we expect that we will continue to generate operating losses for the foreseeable future.

We are closely monitoring operating costs and capital requirements and have developed an operating plan for 2018. We have had cost reductions in the areas of staffing levels and operating budgets.

On January 29, 2018, the Company sold 380,295 shares of common stock at a price of \$3.91 per Share for gross proceeds of \$1,486,953. The per Share purchase price reflected the closing price of the Company's common stock on January 24, 2018. The purchaser is Mr. Shengqi Cai, an individual and a resident of the People's Republic of China.

We currently anticipate that our available funds will be sufficient to meet our working capital requirements through May of 2019. Since the Company expects that it will continue to generate operating losses for the mid-term, the Company may require additional funding sources or need to further decrease expenses in order to conserve liquidity. Future efforts to raise additional funds may not be successful or they may not be available on acceptable terms, if at all. In addition, due to China's foreign currency control, the Company cannot move money between China and the U.S. freely. The People's Bank of China (PBOC) and State Administration of Foreign Exchange (SAFE) regulate the flow of foreign exchange in and out of the country. We need to get approval from Chinese government to move money from China to the U.S. which might take extra time.

We collect membership fees generally at the commencement of the membership term or at renewal periods thereafter. The memberships we sell are for one year and we defer recognition of the revenue from membership sales and renewals and recognize it ratably over the twelve month period. Starting January 2, 2018, we also offer a monthly membership for IAW USA for which we collect a fee on a monthly basis. Our PDN Network also sells recruitment services to employers, generally on a one year contract basis. This revenue is also deferred and recognized over the life of the contract. Our payment terms for PDN Network and Noble Voice customers range from 30 to 60 days. We consider the difference between the payment terms and payment receipts a result of transit time for invoice and payment processing and to date have not experienced any liquidity issues as a result of the payments extending past the specified terms. Cash and cash equivalents and short term investments consist primarily of cash on deposit with banks and investments in money market funds, corporate and municipal debt and U.S. government and U.S. government agency securities.

Net Cash Used in Operating Activities

Net cash used in operating activities for the three months ended March 31, 2018 was \$1,822,000. We had a net loss of \$2,034,000 during the three months ended March 31, 2018 and a deferred income tax benefit of \$284,000, which were partially offset by depreciation and amortization of \$701,000, and a stock-based compensation expense of \$118,000. Changes in operating assets and liabilities used \$389,000 of cash during the three months ended March 31, 2018.

Net cash used in operating activities for the three months ended March 31, 2017 was \$3,356,000. We had a net loss of \$3,102,000 during the three months ended March 31, 2017 and a deferred income tax benefit of \$655,000, which were partially offset by depreciation and amortization of \$836,000, stock-based compensation expense of \$516,000 and a provision for bad debt expense of \$146,000. Changes in operating assets and liabilities used \$1,097,000 of cash during the three months ended March 31, 2017, which includes \$1,450,000 paid to LinkedIn related to litigation that was settled in 2016.

Net Cash Used in Investing Activities

Net cash used in investing activities for the three months ended March 31, 2018 was \$28,000, almost entirely consisting of \$28,000 invested to develop technology.

Net cash used in investing activities for the three months ended March 31, 2017 was \$7,000, consisting of \$11,000 invested to develop technology, \$42,000 in purchases of property and equipment and \$45,000 of returned security deposits.

Net Cash Provided by Financing Activities

Net cash provided by financing activities during the three months ended March 31, 2018 was \$1,487,000, consisting of the \$1,487,000 in gross proceeds from January 29, 2018 issuance and sale of 380,295 shares of common stock at a price of \$3.91 per Share to Mr. Shengqi Cai, an individual and a resident of the People's Republic of China.

Net cash provided by financing activities during the three months ended March 31, 2017 was \$2,856,000, consisting of the \$3,000,000 in gross proceeds from the January 18, 2017 issuance and sale of 312,500 shares of common stock to CFL, partially offset by the \$144,000 payment of offering costs to third-party professionals.

Off-Balance Sheet Arrangements

Since inception, we have not engaged in any off-balance sheet activities as defined in Regulation S-K Item 303(a)(4).

Critical Accounting Policies and Estimates

Pursuant to the provisions of the Jumpstart Our Business Startups Act (the “**JOBS Act**”), as an “emerging growth company,” we may delay adoption of new or revised accounting standards applicable to public companies until the earlier of the date that (i) we are no longer an emerging growth company or (ii) we affirmatively and irrevocably opt out of the extended transition period for complying with such new or revised accounting standards. We have elected to take advantage of the benefits of this extended transition period. Our consolidated financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards. Upon issuance of new or revised accounting standards that apply to our consolidated financial statements, we will disclose the date on which adoption is required for non-emerging growth companies and the date on which we will adopt the recently issued accounting guidelines.

Our management's discussion and analysis of financial condition and results of operations is based on our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States, or U.S. GAAP. The preparation of these consolidated financial statements requires us to exercise considerable judgment with respect to establishing sound accounting policies and in making estimates and assumptions that affect the reported amounts of our assets and liabilities, our recognition of revenues and expenses, and disclosure of commitments and contingencies at the date of the consolidated financial statements.

We base our estimates on our historical experience, knowledge of our business and industry, current and expected economic conditions, the attributes of our products, the regulatory environment, and in certain cases, the results of outside appraisals. We periodically re-evaluate our estimates and assumptions with respect to these judgments and modify our approach when circumstances indicate that modifications are necessary. These estimates and assumptions form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

While we believe that the factors we evaluate provide us with a meaningful basis for establishing and applying sound accounting policies, we cannot guarantee that the results will always be accurate. Since the determination of these estimates requires the exercise of judgment, actual results could differ from such estimates.

There have been no material changes to the Company's critical accounting policies and estimates as compared to the critical accounting policies and estimates described in the 2017 Annual Report, which we believe are the most critical to our business and the understanding of our results of operations and affect the more significant judgments and estimates that we use in the preparation of our financial statements.

Special Note Regarding Forward-Looking Statements

This Quarterly Report contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements concern expectations, beliefs, projections, plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. Specifically, this Quarterly Report contains forward-looking statements regarding:

- our beliefs regarding our ability to create enhanced value for our members and customers;
- our beliefs regarding the relation between the number of members or registered users and our revenues;
- our expectations regarding future changes in our salesforce;
- our expectations regarding the changes in revenues in 2018, 2019 and 2020;
- our expectations regarding future increases in sales and marketing costs and general and administrative expenses; and
- our beliefs regarding our liquidity requirements, the availability of cash and capital resources to fund our business in the future and intended use of liquidity.

These forward-looking statements reflect our current views about future events and are subject to risks, uncertainties and assumptions. We wish to caution readers that certain important factors may have affected and could in the future affect our actual results and could cause actual results to differ significantly from those expressed in any forward-looking statement. The most important factors that could prevent us from achieving our goals, and cause the assumptions underlying forward-looking statements and the actual results to differ materially from those expressed in or implied by those forward-looking statements include, but are not limited to, the following:

- our ability to raise funds in the future to support operations failure to realize synergies and other financial benefits from mergers and acquisitions within expected time frames, including increases in expected costs or difficulties related to integration of merger and acquisition partners;
- inability to identify and successfully negotiate and complete additional combinations with potential merger or acquisition partners or to successfully integrate such businesses;
- our history of operating losses;
- we may not be able to reverse the significant decline in our revenues;
- our limited operating history in a new and unproven market;
- increasing competition in the market for online professional networks;
- our ability to comply with increasing governmental regulation and other legal obligations related to privacy;
- our ability to adapt to changing technologies and social trends and preferences;
- our ability to attract and retain a sales and marketing team, management and other key personnel and the ability of that team to execute on the Company's business strategies and plans;
- our ability to obtain and maintain protection for our intellectual property;
- any future litigation regarding our business, including intellectual property claims;
- general and economic business conditions; and
- legal and regulatory developments.

The foregoing list of important factors may not include all such factors. You should consult other disclosures made by the Company (such as in our other filings with the SEC or in company press releases) for additional factors, risks and uncertainties that may cause actual results to differ materially from those projected by the Company. Please refer to Part I, Item 1A, " *Risk Factors* " of our 2017 Annual Report for additional information regarding factors that could affect our results of operations, financial condition and cash flow. You should consider these factors, risks and uncertainties when evaluating any forward-looking statements and you should not place undue reliance on any forward-looking statement. Forward-looking statements represent our views as of the date of this Quarterly Report, and we undertake no obligation to update any forward-looking statement to reflect the impact of circumstances or events that arise after the date of this Quarterly Report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As of March 31, 2018, our management conducted an evaluation, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”). Based upon that evaluation and because of the material weaknesses related to our internal controls as described below, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this Quarterly Report in ensuring that information required to be disclosed was recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and to provide reasonable assurance that information required to be disclosed by us in such reports is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

During the first quarter of 2018, we continued to undertake certain initiatives to improve and remediate material weaknesses related to our internal control over financial reporting that were identified for the year ended December 31, 2017. Specifically, we continued implementing policies to more fully segregate incompatible duties within our accounting and financial reporting functions and enhance the overall internal control structure, including a more rigorous and transparent expense approval process, and segregating check signing ability for finance personnel; we continued to implement more effective financial reporting process that included monthly and quarterly closing check-lists and monthly review of the financial reports by the Company’s Finance Department. leadership. We also continued to implement certain measures to help remediate material weaknesses in our China operations that we identified near the end of the fourth quarter of 2017, primarily improving standard processes and controls over revenue recognition of service income. There have been no other changes in our internal control over financial reporting during the first quarter of 2018 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

Our management had concluded that, as of March 31, 2018, we did not maintain effective controls over the preparation, review, presentation and disclosure of our financial statements. Specifically, we noted the following:

The Company lacks sufficient qualified personnel with the relative U.S. GAAP knowledge to review conclusions reached regarding the accounting for complex transactions and related analyses to record amounts resulting from such transactions in our financial records.

We did not maintain an effective financial reporting process to prepare financial statements in accordance with U.S. GAAP. Specifically, our process lacked timely and complete financial statement reviews and procedures to ensure all required disclosures were made in our financial statements.

With regard to service income in our China operations, a material weakness existed in control design related to contract administration, ensuring that completed contracts were in place and revenue recognition principles were satisfied before the revenue was recorded. This material weakness was identified by management in the fourth quarter of 2017.

We anticipate that the actions described above and resulting improvements in controls will strengthen the Company's internal control over financial reporting and will, over time, address the related material weaknesses. However, because many of the controls in the Company's system of internal controls rely extensively on manual review and approval, the successful operation of these controls may be required for several quarters prior to management being able to conclude that the material weaknesses have been remediated.

PART II

ITEM 1. LEGAL PROCEEDINGS

The Company and its wholly-owned subsidiary, NAPW, Inc., are parties to a proceeding captioned In re Professional Diversity Network, Cases 31-CA-159810 and 31-CA-162904, filed with the National Labor Relations Board (“NLRB”) in June 2015 and alleging violations of the National Labor Relations Act (“NLRA”) against the Company and its wholly-owned subsidiary, NAPW, Inc., where employee was allegedly terminated for asserting rights under Section 7 of the NLRA. While the Company disputes that any rights were impacted, the NLRB has issued its order requiring the Company to take certain remedial actions in the form of posting notices and revising certain policies, as well as to pay the claimant certain back pay and offer reinstatement. The Company has complied with the order by posting notices, revising certain policies and offering the claimant reinstatement. In April of 2018 the Company settled the remaining backpay portion of the case.

The Company is a party to a proceeding captioned Paul Sutcliffe v. Professional Diversity Network, Inc., No. 533-2016-00033 (EEOC), filed with the Equal Employment Opportunity Commission (“EEOC”) in April 2016 and alleging violations of Title VII and the Age Discrimination in Employment Act, where employee was allegedly terminated due to his race (Caucasian) and his age (over 40). The EEOC has not yet notified the Company that it has issued a right-to-sue letter, and the complainant has not yet filed a lawsuit.

In a letter dated October 12, 2017, White Winston Select Asset Funds (“White Winston”) threatened assertion of a claim against the Company. The letter alleges that White Winston suffered \$2,241,958 in damages as a result of the Company’s alleged conduct that caused a delay in White Winston’s ability to sell shares in the Company during a period when the Company’s stock price was generally falling. The Company investigated the assertions in the letter and communicated to White Winston that the Company denies liability for any such claim. The Company has since received a copy of a complaint filed by White Winston on May 1, 2018 in the United States District Court for the District of Massachusetts making similar claims, alleging that it suffered a loss of \$1,708,233 as a result of the delay in selling shares and seeking unspecified damages and attorneys’ fees. The Company has not yet been served with the complaint.

NAPW is a named Respondent in a Nassau County District Court Landlord/Tenant Summary Proceeding, and is being sued by TL Franklin Avenue Plaza LLC. The Petitioner, TL Franklin Avenue Plaza LLC, is alleging that NAPW is in breach of its Lease Agreement, and the matter involves the payment of back rent owing to Petitioner. The case is on-going, and settlement discussions are underway.

NAPW and PDN are two of the named Respondents in a Nassau County District Court Landlord/Tenant Summary Proceeding, and they are being sued by Hoegh Autoliners Inc. The Petitioner in this matter, Hoegh Autoliners Inc., is

alleging that both NAPW and PDN are in breach of its Lease Agreement, and the matter involves the payment of back rent owing to the Petitioner. In this matter, Intercontinental Capital Group, Inc., an Under-Subtenant of PDN, is also named in the action. The case is on-going, and settlement discussions are taking place in an effort to bring any rental obligations current.

The Company is a party to a proceeding captioned Gerbie, et al. v. Professional Diversity Network, Inc. (Cook County Cir. Ct.), a putative class action alleging violations of the Telephone Consumer Protection Act. This matter is in a very early stage and the Company has not yet had any discovery to allow it to assess the quality of the plaintiff's claims. However, the Company generally believes that its practices and procedures are compliant with the Telephone Consumer Protection Act.

General Legal Matters

From time to time, the Company is involved in legal matters arising in the ordinary course of business. While the Company believes that such matters are currently not material, there can be no assurance that matters arising in the ordinary course of business for which the Company is, or could be, involved in litigation, will not have a material adverse effect on its business, financial condition or results of operations.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Other than as previously reported in our current report on Form 8-K filed on February 2, 2018, we did not sell any equity securities in transactions that were not registered under the Securities Act of 1933 during the three months ended March 31, 2018.
