To whom it may concern:

As the President of the Sponsor of the Van Eck Merk Gold Trust (NYSE: OUNZ,

On Wednesday, October 28, 2015, I conducted an on-site inspection of the Trust's gold at the London vault of JPMorgan Chase Bank, N.A. (Custodian). My inspection included

Edgar Filing: Van Eck Merk Gold Trust - Form FWP

a complete count of the gold bars held in the Trust allocated account.

At the time of my inspection, 171 Gold Bars were held by the Custodian on behalf of the Trust on an allocated basis.

In total, according to the records of the Custodian, 69,161.302 fine troy ounces of Gold were held on an allocated basis. The Gold Bars weighed between 374.05 and 429.139 fine ounces of Gold with a purity between 99.53% and 99.99%. These records are consistent with those of Bank of New York Mellon (the Trustee) and my inspection.

No anomalies were identified during my inspection.
