PROXY STATEMENT

These proxy materials are being furnished to you in connection with the solicitation of proxies by the Board of Directors (the Board) of Goodrich Petroleum Corporation, a Delaware corporation (we or the Company or Goodrich) for use at the 2017 Annual Meeting of Stockholders and any adjournments or postponements of the meeting (the Annual Meeting). The Annual Meeting will be held at The Coronado Club, located at 919 Milam, Suite 500, Houston, Texas, 77010, on May 23, 2017, at 11:00 a.m. local time. The Notice of Annual Meeting, this proxy statement, the enclosed proxy card and our Annual Report to Stockholders for the fiscal year ended December 31, 2016 (the Annual Report) are being mailed to stockholders beginning on or about April 24, 2017.

GENERAL INFORMATION

Q. What am I voting on?

- A. 1. The election of two Class I directors to our Board of Directors;
2. The ratification of the selection of Hein & Associates LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017;
3. Approve, on an advisory basis, the compensation of our Named Executive Officers as described in Compensation Discussion and Analysis; and
4. The transaction of such other business as may properly come before such meeting.

Q. Who can vote?

- A. Stockholders as of the close of business on April 7, 2017, the record date, are entitled to vote at the Annual Meeting

Q. How do I vote my shares?

- A. You may vote your shares either in person or by proxy. To vote by proxy, you may vote via telephone by using the toll-free number listed on the proxy card, via Internet at the website for Internet voting listed on the proxy card, or you may mark, date, sign, and mail the enclosed proxy card in the prepaid envelope. Giving a proxy will not affect the right to vote the shares if you attend the Annual Meeting and want to vote in person – by voting in person you automatically revoke the proxy. If you vote the shares in person, you must present proof that you own the shares as of the record date through brokers' statements or similar proof and identification. You also may revoke the proxy at any time before the meeting by giving the Corporate Secretary written notice of the revocation or by submitting a later-dated proxy. If you return the signed proxy card but do not mark your voting preference, the individuals named as proxies will vote the shares in accordance with the recommendations of the Board of Directors as set forth below.

Q. What are the recommendations of the Board?

- A. 1. The Board unanimously recommends that you vote FOR the election of the nominated slate of Class I directors.

Q. How many shares can I vote?

- A. As of the record date, April 7, 2017, Goodrich had outstanding 9,108,826 shares of common stock. Each share of common stock is entitled to one (1) vote.

TABLE OF CONTENTS

Q. What happens if I withhold my vote for an individual director?

- A. Because the individual directors are elected by plurality of the votes cast at the meeting, a withheld vote will not have an effect on the outcome of the election of an individual director.

Q. How many votes must be present to hold the Annual Meeting?

There must be a quorum for the Annual Meeting to be held. A quorum is the presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting on the record date. The presence of the holders of at least 4,554,414 shares of common stock is required to establish a quorum for the Annual Meeting. Proxies that are voted FOR, AGAINST or WITHHELD a matter are treated as being present at the Annual Meeting for purposes of establishing a quorum and also treated as shares represented and voting at the Annual Meeting with respect to such matter.

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business.

Q. How many votes are needed to approve each of the proposals?

- A. The nominees for election as directors at the Annual Meeting who received the highest number of for votes will be elected as directors. This is called plurality voting. Broker non-votes and votes marked WITHHOLD AUTHORITY or FOR ALL EXCEPT (with respect to the nominees for which authority is withheld) will have no legal effect on the election of directors under Delaware law.

The ratification of the appointment of the independent registered public account firm requires the affirmative vote of a majority of shares represented in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal.

The approval, on an advisory basis, of the compensation of our Named Executive Officers, requires the affirmative vote of a majority of shares represented in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal.

Q. Can I vote on other matters?

- A. We do not expect any other matter to come before the meeting. We did not receive any stockholder proposals by the date required for such proposals to be considered. If any other matter is presented at the Annual Meeting, the signed proxy gives the individuals named as proxies authority to vote the shares on such matters at their discretion.

Q. Who is soliciting my proxy?

- A. The Board of Directors of Goodrich Petroleum Corporation is sending you this Proxy Statement in connection with the solicitation of proxies for use at Goodrich's 2017 Annual Meeting of Stockholders. Certain directors, officers and employees of Goodrich may also solicit proxies on our behalf by mail, phone, fax or in person.

**PROPOSAL NO. 2 – RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED ACCOUNTING FIRM**

Although stockholder approval is not required for the appointment of Hein & Associates LLP, the Board and the Audit Committee have determined that it is desirable as a good corporate governance practice. Ratification requires the affirmative vote of a majority of the shares entitled to vote and represented in person or by proxy at the Annual Meeting. If our stockholders do not ratify the appointment, the Audit Committee may reconsider the appointment. However, even if the appointment is ratified, the Audit Committee, in its discretion, may select different independent auditors if it subsequently determines that such a change would be in the best interest of us and our stockholders.

On November 9, 2016 (the Dismissal Date), we dismissed Ernst & Young LLP (E & Y) from serving as our independent registered public accounting firm and engaged Hein & Associates LLP (Hein) as our new independent registered public accounting firm. Our Audit Committee unanimously approved and authorized the change, directed the process of review of candidate firms to replace E&Y and made the final decision to engage Hein.

The E&Y reports on the financial statements of the Company for the years ended December 31, 2015 and 2014 contained no adverse opinion or disclaimer of opinion and were not qualified, except for the 2015 report which included an explanatory paragraph that described conditions that raised substantial doubt about our ability to continue as a going concern as described in Note 1 to the financial statements. In connection with its audits of the years ended December 31, 2015 and 2014 and reviews of our financial statements through the Dismissal Date there were no disagreements with E&Y on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of E&Y, would have caused them to make reference thereto in their reports on the financial statements.

A representative of Hein & Associates LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions from stockholders at the Annual Meeting.

Recommendation of the Board

TABLE OF CONTENTS

PROPOSAL NO. 3 – ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board recognizes that executive compensation is an important matter for our stockholders. As described in detail in the Compensation Discussion and Analysis (CD&A) section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been and continues to be to pay our executive officers based on our performance. In particular, the Compensation Committee strives to attract, retain and motivate exceptional executives, to reward past performance measured against established goals and provide incentives for future performance, and to align executives' long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives' commitment to our long-range, strategic business goals.

Advisory Vote on Executive Compensation

We obtained 90% support for our annual advisory vote on executive compensation (the Say-On-Pay Proposal) at the Company's last annual meeting of stockholders held in May 2015. The Company filed for reorganization under Chapter 11 of the Bankruptcy Code on April 15, 2016, and emerged from bankruptcy on October 12, 2016 upon meeting the conditions of its First Amended Joint Chapter 11 Plan of Reorganization (the Plan) and therefore did not hold an Annual Meeting in 2016.

As described in the CD&A, we believe our compensation program is effective and strongly aligned with the long-term interests of our stockholders and that the total compensation packages provided to the named executive officers are reasonable in the aggregate. As you consider this Proposal No. 3, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of the named executive officers, and to review the tabular disclosures regarding named executive officer compensation together with the accompanying narrative disclosures in the Executive Compensation section of this proxy statement.

As an advisory vote, Proposal No. 3 is not binding on the Board or the Compensation Committee, will not overrule any decisions made by the Board or the Compensation Committee, and will not require the Board or the Compensation Committee to take any action. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our stockholders, and will carefully consider the outcome of the vote when making future compensation decisions for executive officers.

This vote is required pursuant to Schedule 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act.).

We are asking stockholders to vote **FOR** the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation philosophy, policies and procedures and the compensation of the named executive officers as disclosed in this Proxy Statement for Goodrich Petroleum Corporation's 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table for 2016 and the other related tables and disclosure required by Item 402 of Regulation S-K.

Recommendation of the Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS, AS DISCLOSED

IN THIS PROXY STATEMENT.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis contains statements regarding future company performance targets and goals. These targets and goals are disclosed in the limited context of our executive compensation program and should not be understood to be statements of management's expectations or estimates of results or other guidance. We specifically caution investors not to apply these statements to other contexts.

Summary of 2016 Executive Compensation

The Company filed for reorganization under Chapter 11 of the Bankruptcy Code on April 15, 2016, and emerged from bankruptcy on October 12, 2016 upon meeting the conditions of its First Amended Joint Chapter 11 Plan of Reorganization (the Plan). The bankruptcy proceeding had the following direct effects on our executive compensation program:

- base salaries were reduced 20% from March 1, 2016 through December 1, 2016;
- no payout under the Non-Equity Incentive Plan to our NEOs for 2016;
- equity awards granted prior to the Company's emergence from bankruptcy were cancelled pursuant to the Plan; and
- grants of stock and time-vested restricted stock were made to our NEOs in October 2016, upon emergence from bankruptcy, and in December 2016, pursuant to a Management Incentive Plan (the MIP) approved pursuant to the Plan.

Overview of Our Executive Compensation Program and Compensation Philosophy

We provide fair and competitive compensation for our executive officers by structuring our executive compensation program principally around three goals:

- 1) Maintaining compensation at competitive market levels, targeting the median of comparative pay of our peer group for similar positions;
Rewarding executive officers for executing performance goals designed to generate returns for our
- 2) stockholders. As a result, we historically tied selected elements of our executive compensation program to company performance goals; and
Retaining and motivating our executives through a combination of grants of time-vested and
- 3) performance-based awards of phantom stock, which vest over a three-year period commencing on the first anniversary after the grant date, or upon achievement of the event on which the award is based,

In October 2016, the Compensation Committee engaged Longnecker & Associates as compensation consultants to provide a market analysis of our executive compensation program. Throughout this filing, the individuals who served as our CEO and our Interim Chief Financial Officer during the fiscal year ended December 31, 2016, as well as the other individuals included in the Summary Compensation Table, are referred to as Named Executive Officers or NEOs.

Elements of Executive Compensation

The elements of overall compensation for executive management include (1) base salary levels that are generally near the median of our peer group, (2) an annual bonus plan with payouts (if any) based on achievement of objectives approved by the Board and (3) a combination of long-term equity based incentives in the form of time-vested and performance-based awards of phantom stock. The Compensation Committee targeted overall compensation to reflect the approximate median for similar positions as determined through comparison to peer group proxies and independent compensation surveys. After researching and analyzing a list of potential peer companies, L&A identified the following companies for inclusion to Goodrich's 2017 peer group consideration:

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

Approach Resources, Inc.
Callon Petroleum Company
Comstock Resources, Inc.

Bill Barrett Corp.
Carrizo Oil & Gas, Inc.

Base Salaries. The Company provides its executive officers with assured cash compensation in the form of a base salary that is generally near the median for similar positions as determined through comparison to peer group proxies and independent compensation surveys. However, as a result of the bankruptcy filing, the Company reduced base salaries by 20% from March 1, 2016 through December 1, 2016. On December 1, 2016, the salaries for Mr. Goodrich and Mr. Turnham were partially reinstated by the Compensation Committee, and the salaries for Mr. Ferchau and Mr. Killelea were fully reinstated. The base salaries paid to top executive officers during 2016 are shown in the Summary Compensation Table under the Salary column. The Compensation Committee expects to continue to review executive base salaries annually and to approve changes as appropriate.

Salaries as of January 1,

Named Executive Officers	Position	2015 (\$)	2016 (\$)⁽¹⁾	2017 (\$)
Walter G. Goodrich	Vice Chairman and CEO	515,000	515,000	462,500
Robert C. Turnham, Jr.	President and COO	486,000	486,000	462,500
Mark E. Ferchau	Executive Vice President	380,000	380,000	380,000
Michael J. Killelea	Executive Vice President, General Counsel & Corporate Secretary	307,000	307,000	307,000
Robert T. Barker ⁽²⁾	Vice President, Controller and Interim CFO	180,000	180,000	200,000
Joseph T. Leary ⁽³⁾	Interim CFO		250,000	

Effective March 1, 2016, salaries for Mr. Goodrich, Mr. Turnham, Mr. Ferchau and Mr. Killelea were reduced by 20%. On December 1, 2016, the salaries of Mr. Goodrich and Mr. Turnham were increased by approximately

- (1) 10% of their pre-reduction base salary amount and each became eligible for a one-time bonus of \$140,625 payable in 2017 in the event the Company raises certain new capital in 2017. On December 1, 2016, the salaries for Mr. Ferchau and Mr. Killelea were fully reinstated.
- (2) Mr. Barker was appointed interim Chief Financial Officer in April 2016 and named Chief Financial Officer in January 2017.
- (3) Mr. Leary resigned as interim Chief Financial Officer in March 2016.

Incentive Bonus. Incentive bonuses, considered for payment annually, ensure that the executive officers focus on the achievement of near-term goals that are approved by the Board. Bonuses may be earned if the Company achieves its objectives in key performance metrics and executes on strategic achievements. Bonus targets as a percentage of base salary have historically been set near the median for similar positions. No incentive bonuses were awarded in 2016. Mr. Goodrich and Mr. Turnham are each eligible for a potential one-time special bonus in 2017 associated with certain new capital and balance sheet objectives set by the Compensation Committee.

Long-Term Equity-Based Incentives. The specific objectives of our long-term equity-based compensation plan are to attract, motivate, and retain the services of key employees and enhance a sense of ownership, as well as to encourage those persons to assist in our development, growth and financial success. To align the compensation of our executive officers with the attainment of our business goals and an increase in stockholder value, we have historically awarded time-vested and performance-based grants of phantom stock as part of our total compensation package.

We believe that providing grants of phantom stock focuses the named executives on delivering long-term value to our stockholders, while providing value to the executives in the form of equity awards. A grant of phantom stock offers executives the opportunity to receive shares of our common stock on the date the forfeiture restriction lapses. In this regard, phantom stock serves both to reward and retain executives, as the value of the phantom stock is linked to the price of our common stock on the date the forfeiture restrictions lapses. Our non-performance based phantom stock awards vest in three equal annual installments beginning one year after the grant date. We believe that these vesting schedules aid us in retaining executives and motivating long-term performance. Annual long-term equity-based incentives were awarded in December 2016 pursuant to the MIP.

TABLE OF CONTENTS

Severance Benefits

We have severance agreements with Messrs. Goodrich, Turnham, and Ferchau. Mr. Killelea and Mr. Barker are covered by the Goodrich Petroleum Officer Severance Plan. We believe that the severance payments and other benefits provided under these agreements and the severance plan are appropriate and that change in control protection allows management to focus their attention and energy on the business transaction at hand without any distractions regarding the effects of a change in control. Under the agreements and the severance plan, each officer is eligible for severance payments and other benefits if the officer's employment is terminated without cause or such officer resigns due to a change in duties (as defined in the applicable plan or agreement) following the occurrence of a change of control (each a Triggering Event) as described in further detail under Potential Payments Upon Termination or Change in Control below.

- *Without Cause.* Payments and other benefits are provided under the separation agreements and the plan if the officer is terminated without cause. The payments and other benefits provided upon this Triggering Event are intended to ease the consequences to the separated officer of an unexpected termination that under different circumstances would not have occurred and which is beyond the control of the officer.
- *Change in Duties following Change of Control.* Recognizing the importance of avoiding the distraction and loss of key management personnel that may occur in connection with rumored or actual fundamental corporate changes, we provide payments and other benefits under the separation agreements in certain instances in which an officer is terminated or resigns due to a change in duties following a change of control. We believe that use of this Triggering Event protects stockholder interests by enhancing employee focus during rumored or actual change of control activity by (1) providing incentives to our executive officers to remain employed by us despite uncertainties while a transaction is under consideration or pending and (2) assuring severance and benefits for involuntarily or constructively terminated officers.

Other Benefits

In addition to base pay, annual incentive bonuses, long-term equity-based incentives and severance benefits, we provide the following forms of compensation:

- *401(k) Savings Plan.* We have a defined contribution profit sharing 401(k) plan designed to assist our eligible officers and employees in providing for their retirement. We have a plan that allows us to match the contributions of our employees to the plan in cash, up to a maximum of 6% of eligible deferrals. When matching occurs, employees are immediately 100% vested in company contributions. Matching contributions were suspended effective April 1, 2016 and have not to date been reinstated.
- *Health and Other Welfare Benefits.* Our executive officers are eligible to participate in medical, dental, vision, disability insurance and life insurance to meet their health and welfare needs. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. This is a fixed component of compensation and the benefits are provided on a non-discriminatory basis to all employees.
- *Perquisites.* We do not provide perquisites to our executive officers.

Other Matters

Policy on Recovery of Compensation and Clawbacks

In December 2014, the Board adopted a clawback policy under which the Board, or a committee of the Board, has the right to cause the reimbursement by an executive officer of the Company of certain incentive compensation if the compensation was predicated upon the achievement of certain financial results that were subsequently the subject of a required restatement of the Company's financial statements and the executive officer engaged in fraudulent or intentional illegal conduct that caused the need for the restatement.

Tax Treatment of Executive Compensation

Compensation payable to our CEO and our three other most highly compensated employees other than our chief financial officer is subject to the limitations of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), which limits our ability to deduct compensation in excess of \$1,000,000. While the

13

TABLE OF CONTENTS

deductibility of compensation is important to us and actions will, when deemed appropriate, be taken to ensure the deductibility of compensation, the Committee has also determined that flexibility in determining the appropriate amount of compensation is required, notwithstanding the statutory and regulatory provisions, in negotiating and implementing incentive compensation programs. Accordingly, the Compensation Committee retains the discretion to award compensation that exceeds the deductibility limit under Section 162(m).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our Compensation Committee is comprised of Messrs. Leuliette, Coleman and Leight. During the fiscal year ended December 31, 2016, no member of the Compensation Committee (1) was an officer or employee, (2) was formerly an officer or (3) had any relationship requiring disclosure under the rules and regulations of the SEC.

During the fiscal year ended December 31, 2016, none of our executive officers served as (1) a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the Compensation Committee of our Board; (2) a director of another entity, one of whose executive officers served on the Compensation Committee of our Board; or (3) a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Board.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed with management the disclosures set forth in this proxy statement under the heading Compensation Discussion and Analysis. Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the disclosures set forth in this proxy statement under the heading Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into Goodrich Petroleum Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

Respectfully submitted by the Compensation Committee of the Board of Directors,

Timothy D. Leuliette, Chairman
Ronald F. Coleman
K. Adam Leight

The amounts included in the *Stock Awards* column reflect the grant date fair value of the awards under Financial Accounting Standards Board's Accounting Standards Codification Topic 718, assuming the completion of the service-based vesting conditions to which such awards are subject. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The grant date fair value for the December 8, 2016 award was calculated using the closing stock price on that date of \$12.00.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a discussion of material factors necessary to an understanding of the information disclosed in the Summary Compensation Table and the Grants of Plan-Based Awards Table.

Management Incentive Plan.

Pursuant to the Plan, our NEOs were granted shares by the Compensation Committee and approved by the board of directors in October 2016 under the MIP, with certain exit award shares being granted upon emergence from bankruptcy on October 12, 2016, and other shares vesting over time or being granted upon the conversion of certain second lien notes or the exercise of outstanding warrants. See the Outstanding Equity Awards Value at the Fiscal Year-End Table section below for further detail.

The phantom stock awarded in December 2016 pursuant to the MIP vests in one-third increments on December 8, 2017, December 8, 2018 and December 8, 2019. The phantom stock awards will vest earlier upon the grantee's termination of employment due to his death or disability. In addition, the phantom stock will vest earlier upon a change in control of the Company (see the Potential Payments Upon Termination or Change in Control section below for definitions). Payment of vested phantom stock may be made in cash, shares of our common stock or any combination thereof, as determined by the Committee in its discretion. Any payment to be made in cash will be based on the fair market value of a share of common stock on the payment date.

Non-Equity Incentive Plan Compensation.

As a result of the bankruptcy filing there were no awards granted under the Non-Equity Incentive Plan for 2016.

Salary in Proportion to Total Compensation. The percentage of each NEO's total compensation that was paid and awarded for 2016 in the form of base salary was approximately 15% for each of Messrs. Goodrich and Turnham; 23% for Messrs. Ferchau and Killelea; and 44% for Mr. Barker.

Potential Payments Upon Termination or Change in Control

The discussion below discloses the amount of compensation and/or other benefits potentially due to Messrs. Goodrich, Turnham, Ferchau, Killelea, and Barker, in the event of a change in control, or a termination of their employment, including, but not limited to, in connection with a change in control of the Company. The amounts shown assume that such termination was effective as of December 31, 2016, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their respective termination or upon a change in control. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company or upon a change in control of the Company. We believe that change in control protection allows management to focus their attention and energy on the business transaction at hand without any distractions regarding the effects of a change in control. Likewise, post-termination payments allow management to focus their attention and energy on making the best objective business decisions that are in the interest of the company without allowing personal considerations to cloud the decision-making process.

Severance Agreement

Each of Messrs. Goodrich, Turnham, and Ferchau has entered into a severance agreement with the Company providing for a cash lump sum payment to each of them in the event of their termination of employment without cause or due to a change in duties, during the eighteen (18) month period immediately following a change in control, or the executive is terminated without cause by the Company at any time (each term as defined below). The amount to which each is entitled is equal to two (2) times his then current annual rate of total compensation, to be paid within a ninety (90) day period following the applicable termination of employment, or in the event the executive is a specified employee as defined in Section 409A of the Code at the time of termination, on the first business day following the six (6) month period immediately following the executive's termination of employment. Each severance agreement provides for continued health and life insurance coverage under the Company plans (or the equivalent thereof) for each of them through the second anniversary of their respective termination of employment date, but only to the extent that the continuation of benefits is exempt from Section 409A of the Code. In the event that payments pursuant to the severance agreements create excise taxes for the executive pursuant to Section 4999 of the Code, we will provide the executive with an additional payment solely to compensate him for such excise tax payment.

The severance agreements define "cause" as (1) a material failure to perform expected duties, (2) the commission of fraud, embezzlement, or misappropriation against us, (3) a material breach by the executive of his fiduciary duty, or (4) a conviction of a felony offense or a crime involving moral turpitude.

The executive's current annual rate of total compensation is comprised of the executive's annual base salary, the annual cash bonus last awarded to the executive prior to the change of control, and the value of the equity-based compensation awards granted to the executive during the twelve (12) months immediately prior to the change of control. All equity awards to be included in this calculation will be valued as of the date of grant.

TABLE OF CONTENTS

A change of control of the Company will be deemed to have occurred upon the occurrence of the following events: (1) a sale or other transfer of all or substantially all of our assets, (2) our liquidation or dissolution, (3) a person or group becomes the beneficial owner of fifty percent (50%) or more of our voting power, or (4) a merger or consolidation, unless for at least six (6) months after the transaction, we own at least fifty percent (50%) of the total voting power of all the voting securities.

The executives may voluntarily resign upon a change in duties upon (1) a reduction in the executive's duties or responsibilities, (2) a reduction in the executive's current annual rate of total compensation or (3) a change in location of the executive's principal place of business of more than fifty (50) miles.

Officer Severance Plans

Mr. Killelea and Mr. Barker are covered under the Goodrich Petroleum Officer Severance Plan, which provides for a lump sum cash payment to each of them in the event of their termination of employment without cause or due to a change in duties, during the eighteen (18) month period immediately following a change in control, each term as defined below. Prior to any payments under the Officer Severance Plan becoming payable, however, the executive will be required to file a general release in the Company's favor. The amount to which each is entitled is equal to two (2) times the sum of his annual base salary, bonus amount and equity award value, as each term is defined below, to be paid no later than the ten (10) day period following the executive's release becoming irrevocable, or in the event the executive is a specified employee as defined in Section 409A of the Code at the time of termination, on the first business day following the six (6) month period immediately following the executive's termination of employment. The severance plan also provides for continued health coverage under the Company plans (or the equivalent thereof) for each of Mr. Killelea and Mr. Barker for up to 18 months from the date of his respective termination of employment, but only to the extent that the continuation of benefits is exempt from Section 409A of the Code. In the event that payments pursuant to the severance plan create excise taxes for the executive pursuant to Section 4999 of the Code, we will provide the executive with an additional payment solely to compensate them for such excise tax payment.

If Mr. Killelea or Mr. Barker incurs an involuntary termination other than following a change in control, then each executive is entitled to receive 100% of the sum of his annual base salary and bonus amount as well as up to twelve months of continued health benefits.

A change in duties and a change in control under the severance plan are defined similarly to a change in duties and a change in control under our individual severance agreements.

The severance plan defines cause as (1) a material failure to perform expected duties, (2) a conviction of a felony offense or a crime involving moral turpitude, or (3) gross negligence or willful misconduct in the performance of duties.

The executive's annual base salary shall mean the highest rate of base salary in effect during the six-month period ending immediately prior to the change in control or involuntary termination and the executive's bonus amount shall mean the annual cash bonus last awarded to the executive for the preceding fiscal year, or if greater, the annual cash bonus awarded for the fiscal year immediately prior to the fiscal year in which the change of control occurs.

An involuntary termination shall mean any termination of the executive's employment with the Company that results from either (i) termination (whether before, on or following a change of control) by the Company other than for cause; or (ii) upon a change in duties by the executive on or within 18 months following a change of control.

TABLE OF CONTENTS

A summary of the possible cash severance payments and continuation of health and life insurance coverage, as well as the accelerated vesting or settlement of the options and phantom stock, are detailed below for each of the named executive officers. The value of all equity awards is based upon the closing price of our stock on December 31, 2016, or \$12.40. None of our NEOs held unvested stock options at the end of 2016; therefore, there is no value associated with accelerated vesting of stock options in the table below.

Risk Assessment Related to our Compensation Structure

We believe our compensation plans for all employees, including the Named Executive Officers, are appropriately structured and are not reasonably likely to have a material adverse effect on the Company. We believe our approach to goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results, assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk management practices. We set performance goals that we believe are reasonable in light of past performance and market conditions. We also believe we have allocated our compensation among base salary and short- and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. Further, with respect to our incentive compensation programs, the metrics that determine payouts for our employees are Company-wide metrics only. This is based on our belief that applying Company-wide metrics encourages decision-making that is in the best long-term interests of the Company and our stockholders. We use phantom stock rather than stock options for equity awards because phantom stock retains value even in a depressed market so that employees are less likely to take unreasonable risks to get, or keep, options in-the-money. Finally, the time-based vesting over three years for our long-term incentive awards, even after achievement of any performance criteria, ensures that our employees' interests align with those of our stockholders for the long-term performance of the Company.

AUDIT COMMITTEE MATTERS

Audit Committee Report

The Audit Committee was established to implement and to support oversight function of the Board of Directors with respect to the financial reporting process, accounting policies, internal controls and independent registered public accounting firm of Goodrich Petroleum Corporation.

Each member of the Audit Committee is an independent director and financially literate as determined by the Board, based on the listing standards of the New York Stock Exchange. Each member of the Audit Committee also satisfies the Securities and Exchange Commission's additional independence requirements for members of audit committees. In addition, the Board has designated Mr. Leight, the Chairman of the Audit Committee, as an audit committee financial expert, as defined by the Securities and Exchange Commission's rules and regulations.

In fulfilling its responsibilities, the Audit Committee:

- reviewed and discussed the audited financial statements with management and our independent auditors;
- discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended;
- received from the independent registered public accounting firm the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence; and
- considered the compatibility of non-audit services with the independent registered public accounting firm's independence and has discussed with the independent accounting firm its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements of Goodrich Petroleum Corporation be included in its Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the Securities and Exchange Commission.

The information contained in this Audit Committee Report shall not be deemed to be soliciting material to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Respectfully submitted by the Audit Committee of the Board of Directors,

K. Adam Leight, Chairman

CORPORATE GOVERNANCE

Emergence from Bankruptcy: Reconstituted Board of Directors

On April 15, 2016 Goodrich Petroleum Corporation (the Company), and its wholly-owned subsidiary filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Southern District of Texas, Houston Division. On September 28, 2016, the Bankruptcy Court entered an order confirming the terms of the First Amended Joint Chapter 11 Plan of Reorganization (the Plan of Reorganization) for the Company and its subsidiary. On October 12, 2016, pursuant to the terms of the Plan of Reorganization, the Company emerged from bankruptcy. In addition, pursuant to the Plan of Reorganization, on October 12, 2016 (the Effective Date), Messrs. Josiah T. Austin, Michael J. Perdue, Arthur A. Seeligson, Stephen M. Straty, and Gene Washington departed from the Board. As of the Effective Date, we consummated our reorganization under Chapter 11 pursuant to the Plan of Reorganization and we exited bankruptcy.

On the Effective Date, pursuant to the Plan of Reorganization, our Board was reconstituted to consist of Messrs. Walter G. Goodrich (Chairman), Ronald F. Coleman, Eugene I. Davis, K. Adam Leight, Timothy D. Leuliette, Thomas M. Souers, and Robert C. Turnham, Jr. Further, in accordance with the Plan of Reorganization, our certificate of incorporation and bylaws were amended and restated in their entirety. Our Second Amended and Restated Certificate of Incorporation, or Certificate of Incorporation, and Second Amended and Restated Bylaws became effective on the Effective Date. Effective March 14, 2017, Mr. Davis resigned from the Board and Mr. Pully was subsequently appointed to the Board.

Governance Practices

General

Our Board believes that adherence to sound corporate governance policies and practices is important in ensuring that we are governed and managed with the highest standards of responsibility, ethics and integrity and in the best interests of our stockholders. As a result, our Board has adopted key governance documents, including Corporate Governance Guidelines, Corporate Code of Business Conduct and Ethics and committee charters, which are intended to reflect a set of core values that provide the foundation for our governance and management systems and our interactions with others.

Copies of these documents are available on our website at www.goodrichpetroleum.com/about.us/corporate.governance.htm and are also available in print, free of charge, to any stockholder who requests them.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines, which can be viewed on our website at www.goodrichpetroleum.com/pdf/CorporateGovernanceGuidelines.pdf.

Among other things, the Corporate Governance Guidelines address the following matters:

- director qualification standards,
- director responsibilities,
- director access to management and independent advisors,
- director compensation,
- director orientation and continuing education,

- management succession, and
- annual performance evaluations of our Board.

Corporate Code of Business Conduct and Ethics

Our Corporate Code of Business Conduct and Ethics, which is applicable to our directors, employees, agents and representatives, can be viewed on our website at

www.goodrichpetroleum.com/pdf/CodeofBusinessConductandEthics.pdf.

TABLE OF CONTENTS

Any change to, or waiver from, our Corporate Code of Business Conduct and Ethics may be made only by our independent directors and will be disclosed as required by applicable securities laws and listing standards.

Our Board***Board Size; Director Independence***

Our Board consists of seven members. Of the current seven directors, two are currently seeking re-election at the Annual Meeting.

In determining director independence, the Nominating and Corporate Governance Committee reviews the relationships between the Company and each director and reports the results of its review to the Board. The Board uses this information to aid it in making its determination of independence. The Board has determined that to be considered independent, an outside director may not have a direct or indirect material relationship with the Company. A material relationship is one which impairs or inhibits – or has the potential to impair or inhibit – a director’s exercise of critical and disinterested judgment on behalf of the Company and its stockholders. In determining whether a material relationship exists, the Board considers, for example, any transactions between the Company and an entity with which a director is affiliated (as an executive officer, partner or substantial stockholder) and whether a director is a current or former employee or consultant of the Company. The Board consults with the Company’s legal counsel to ensure that the Board’s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent director, including but not limited to those set forth in pertinent listing standards of the NYSE and SEC rules as in effect from time to time.

Consistent with these considerations, the Board has reviewed all the relationships between the Company and the members of the Board and affirmatively has determined that all directors are independent directors except Mr. Walter G. Goodrich and Mr. Robert C. Turnham, Jr., who are employees of the Company.

The chart below describes the basis for the Board’s determination that the director is independent. Although service as a director of another company alone is not a material relationship that would impair a director’s independence, those relationships have been reviewed and are set forth below.

Director	Relationships Considered	Determination Basis
Ronald F. Coleman	Former Energy Executive Various Board positions	Independent
Walter G. Goodrich	Chairman, CEO & Director of Goodrich Petroleum Corporation	Not Independent Employee of Company
K. Adam Leight	Managing Member of Ansonia Advisors LLC	Independent
Timothy D. Leuliette	Director of Visteon Corporation, Business Leaders of Michigan, and The Detroit Economic Club	Independent
Thomas M. Souers	Retired, Petroleum Engineer	Independent
Steven J. Pully	Consultant, Investment Banker, Restructuring Advisor	Independent
Robert C. Turnham, Jr.	President, COO & Director of Goodrich Petroleum Corporation	Not Independent Employee of Company

Board Meetings, Annual Meeting Attendance

Our Board held four meetings from October 12, 2016, our emergence from bankruptcy, through December 31, 2016. Each director attended 100% of the meetings of the Board and the committees of which each is a member. We do not

have a formal policy regarding director attendance at Board meetings. Board members are requested and encouraged to attend the Annual meeting. We did not hold an annual meeting in 2016, but expect that each of our Board members will attend the 2017 Annual Meeting.

Executive Sessions and Presiding Director

To facilitate candid discussion by our non-management directors, the agenda for certain Board and committee meetings provides for a meeting of non-management directors in executive session without any

TABLE OF CONTENTS

members of management present. Timothy D. Leuliette has been designated as the director to preside over executive sessions of non-management directors. Our independent directors meet separately at least once a year in accordance with the listing standards of the NYSE.

Limitation on Public Company Board Service

To ensure that each director is able to devote sufficient time to performing his or her duties, the number of other public company boards on which a director may serve is subject to a case-by-case review by the Nominating and Corporate Governance Committee. In addition, the Audit Committee's Charter prohibits committee members from serving on the audit committee of more than two other public company boards unless our Board determines that such simultaneous service does not impair the ability of the director to effectively serve on the Audit Committee.

Chairman and Chief Executive Officer

Our Board has determined that a leadership structure consisting of a combined role of Chairman of the Board and Chief Executive Officer, together with a strong Lead Independent Director, is appropriate for our Company. As Mr. Goodrich bears the primary responsibility for managing our day-to-day business, the combination of the role of Chairman and Chief Executive Officer ensures that key business issues and stockholder interests are brought to the attention of our Board. In addition, as a result of his role as the Chief Executive Officer of the Company, Mr. Goodrich has Company-specific experience that can benefit his role as Chairman of the Board in identifying strategic priorities, leading the discussion and execution of strategy, and facilitating the flow of information between management and the Board.

To give a significant voice to our independent, non-management directors and to reinforce effective, independent leadership on the Board, and in recognition of his demonstrated leadership skills, the Board has appointed Mr. Leuliette as Lead Independent Director.

We believe that the above structure, when combined with the Company's other governance policies and procedures, provide for appropriate oversight, discussion and evaluation of decisions and direction from the Board, and are in the best interest of our stockholders.

Our Board's Role in Risk Oversight

Our Board generally administers its risk oversight function through the board as a whole. Our Chief Executive Officer, who reports to the Board, and the other executives named in this proxy statement, who report to our Chief Executive Officer, have day-to-day risk management responsibilities. Each of these executives attends the meetings of our Board, where the Board routinely receives reports on our financial results, the status of our operations and our safety performance, and other aspects of implementation of our business strategy, with ample opportunity for specific inquiries of management. The Audit Committee provides additional risk oversight through its quarterly meetings, where it receives a report from our Chief Financial Officer, and reviews our contingencies, significant transactions and subsequent events, among other matters, with management and our independent auditors. In addition, our Hedging Committee assists management in establishing pricing and production guidelines to be used by management in entering into oil and gas hedging contracts in order to manage the commodity price risk for a portion of our oil and gas production.

Annual Board Evaluation

The Nominating and Corporate Governance Committee is responsible for the Board evaluation process. Following the end of each fiscal year, the Nominating and Corporate Governance Committee requests that the Chairman of each

committee report to the full Board about the committee's annual evaluation of its performance and evaluation of its charter. In addition, the Nominating and Corporate Governance Committee receives comments from all directors and reports to the full Board with an assessment of the Board's and management's performance each fiscal year.

Director Orientation and Continuing Education

Our Board takes measures as it deems appropriate to ensure that its members may act on a fully informed basis. The Nominating and Corporate Governance Committee evaluates general education and orientation

TABLE OF CONTENTS

programs for our directors. Newly appointed directors are required to become knowledgeable (if not already) about the responsibilities of directors for publicly traded companies. In addition, we provide our directors with information regarding changes in our business and industry as well as the responsibilities of the directors in fulfilling their duties.

Director Nomination Process

Director Qualifications

When identifying prospective director nominees, our Board, with assistance from the Nominating and Corporate Governance Committee, considers the following:

- the prospective nominee's reputation, integrity and independence;
- the prospective nominee's skills and business, government or other professional experience and acumen,
- bearing in mind the composition of our Board and the current state of and the energy industry generally at the time of determination; and
- the number of other public companies for which the prospective nominee serves as a director and the availability of the prospective nominee's time and commitment to us.

Although we do not have a formal policy for the consideration of diversity in identifying director nominees, the Nominating and Corporate Governance Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of skills, knowledge, attributes and experiences that cover the spectrum of areas that affect our business. The Nominating and Corporate Governance Committee regularly assesses whether the mix of skills, experience and background of our Board as a whole is appropriate for us.

In the case of directors being considered for reelection, our Board also takes into account the director's history of attendance and participation at Board and committee meetings, and the director's tenure as a member of our Board.

Director Nominations

In connection with its governance function, the Nominating and Corporate Governance Committee identifies individuals qualified to become Board members and recommends those individuals for election as directors, either at the annual meeting of stockholders or to the Board to fill any vacancies. When the need to fill a vacancy arises, the Nominating and Corporate Governance Committee solicits recommendations from existing directors and from senior management. These recommendations are considered along with any recommendations made by stockholders. There have been no material changes to the procedures by which stockholders may nominate director candidates to the Nominating and Corporate Governance Committee since the Company last provided this disclosure.

The Board did not retain, and we did not pay a fee to, any third party to assist in the process of identifying or evaluating prospective director nominees for election at the Annual Meeting, nor did we receive any director nominees put forward by a stockholder or group of stockholders who beneficially own more than 5% of our common stock.

Communications with our Board

Our Board welcomes communications from our stockholders and other interested parties. Stockholders and any other interested parties may send communications to our Board, to any Board committee, to the Chairman of our Board, or to any director in particular, to:

Audit Committee

Pursuant to its charter, our Audit Committee functions in an oversight role and has the following purposes:

- overseeing the quality, integrity and reliability of the financial statements and other financial information we provide to any governmental body or the public;

TABLE OF CONTENTS

In connection with these purposes, the Audit Committee recommends to our Board the independent registered public accounting firm to be engaged to audit our financial statements, annually reviews the independent auditor's independence and quality control procedures, meets with the auditors and our financial management to review with them our significant accounting policies and its internal controls, provides opportunities for the auditors to meet with the Audit Committee and management, discusses matters discussed at Audit Committee meetings with the full Board, investigates any matters brought to its attention within the scope of its duties, reviews and assesses the adequacy of the Audit Committee charter on an annual basis, and has general responsibility in connection with related matters.

Our Board has determined that each member of the Audit Committee is independent under the SEC's rules and regulations, the listing standards of the NYSE and our Corporate Governance Guidelines. In addition, our Board has determined that each member of the Audit Committee has the requisite accounting and related financial management expertise under the listing standards of the NYSE. TRANSACTIONS WITH RELATED PERSONS

Policies and Procedures

Introduction

The Board of Directors recognizes that related person transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted a policy that requires the following in connection with all related person transactions involving the Company.

Any Related Person Transaction shall be consummated or shall continue only if:

the Audit Committee shall approve or ratify such transaction in accordance with the guidelines set forth in

1. the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party;
2. the transaction is approved by the disinterested members of the Board of Directors; or
3. the transaction involves compensation approved by the Compensation Committee.

For these purposes, a Related Person is:

1. a senior officer (which shall include at a minimum each executive vice president and Section 16 officer) or director;
2. a shareholder owning in excess of five percent of the Company (or its controlled affiliates);
3. a person who is an immediate family member of a senior officer or director; or
4. an entity which is owned or controlled by someone listed in 1, 2 or 3 above, or an entity in which someone listed in 1, 2 or 3 above has a substantial ownership interest or control of such entity.

For these purposes, a Related Person Transaction is a transaction between us and any Related Person (including any transactions requiring disclosure under Item 404 of Regulation S-K), other than:

1. transactions available to all employees generally; or
2. transactions involving less than \$5,000 when aggregated with all similar transactions.

Audit Committee Approval

The Board of Directors has determined that the Audit Committee of the Board is best suited to review and approve Related Person Transactions. Management shall present any proposed Related Person Transactions to the Committee for review prior to consummation of the transaction. After review, the Audit Committee shall approve or disapprove such transactions and at each subsequently scheduled meeting, management shall update the Audit Committee as to any material change to those proposed transactions.

Corporate Opportunity

The Board recognizes that situations exist where a significant opportunity may be presented to management or a member of the Board of Directors that may equally be available to us, either directly or via referral. An example is a potential property acquisition which could become available to us. Before such opportunity may be consummated by a Related Person (other than an otherwise unaffiliated 5% shareholder), such opportunity shall be presented to the Board of Directors for consideration. The intent is for members of management, directors, or employees who become aware of opportunities (such as potential acquisitions) in an area in which we are currently active to present those opportunities to us before the individual is free to pursue it in his personal capacity. For example, through his/her contacts Director X becomes aware of a land acquisition in the Haynesville Shale, and knows this is something that we might also be interested in buying. Thus, before he/she can buy the land or lease the property, he/she must put it

before the Board and we must pass on the opportunity before Director X may take action.

Furthermore, all Related Person Transactions shall be disclosed to the Audit Committee of the Board and any material Related Person Transaction shall be disclosed to the full Board of Directors.

Other Agreements

Management shall assure that all Related Person Transactions are approved in accordance with any requirements of the Company's financing agreements.
