PROXY STATEMENT

GENERAL

This Proxy Statement and accompanying proxy card are available beginning April 13, 2017 in connection with the solicitation of proxies by the Board of Directors of Rexford Industrial Realty, Inc., for use at the 2017 Annual Meeting of Stockholders, which we may refer to as the “Annual Meeting.” We may refer to ourselves in this Proxy Statement alternatively as the “Company,” “we,” “us” or “our” and we may refer to our Board of Directors as the “Board.” A copy of our Annual Report to Stockholders for the 2016 fiscal year, including financial statements, is being made available simultaneously with this Proxy Statement to each stockholder.

Important Notice Regarding Internet Availability of Proxy Materials for the Stockholder Meeting to be Held on May 23, 2017: The Notice of Annual Meeting of Stockholders, the Proxy Statement and our 2016 Annual Report are available at www.voteproxy.com. Website addresses referred to in this Proxy Statement are not intended to function as hyperlinks, and the information contained on any such website is not a part of this Proxy Statement.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Why am I receiving these materials? Our Board of Directors is making these materials available to you over the Internet or by delivering paper copies to you by mail in connection with the Annual Meeting. As a stockholder, you are invited to attend the Annual Meeting and are entitled and requested to vote on the items of business described in this Proxy Statement. This Proxy Statement includes information that we are required to provide under Securities and Exchange Commission (“SEC”) rules and is designed to assist you in voting your shares.

Why did I receive a notice in the mail regarding Internet availability of proxy materials instead of a paper copy of the proxy materials? Pursuant to Rule 14a-16 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), we have elected to provide access to our proxy materials over the Internet. Accordingly, on or about April 13, 2017, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to our stockholders of record as of March 31, 2017 while brokers, banks and other nominees who hold shares on behalf of beneficial owners will be sending their own similar notice to the beneficial owners. All stockholders will have the ability to access the proxy materials, including this Proxy Statement and our 2016 Annual Report, on the website referred to in the Notice or to request to receive a printed copy of the proxy materials. Instructions on how to request a printed copy by mail or electronically, including an option to request paper copies on an ongoing basis, may be found in the Notice and on the website referred to in the Notice. We intend to mail this Proxy Statement, together with a proxy card, to those stockholders entitled to vote at the Annual Meeting who have properly requested paper copies of such materials, within three business days of such request.

How do I vote? If you hold your shares of common stock as a record holder and you are viewing this Proxy Statement on the Internet, you may vote your shares by submitting a proxy over the Internet by following the instructions on the website referred to in the Notice previously mailed to you. You may also authorize a proxy by telephone or by mail as described below.

If you plan to attend the Annual Meeting and wish to vote in person, we will give you a ballot at the Annual Meeting. However, if your shares of common stock are held in the name of your broker, bank or other nominee, and you want to vote in person, you will need to obtain a legal proxy from the institution that holds your common stock.

If your common stock is held in your name, there are three ways for you to authorize a proxy:

(1) If you received a paper copy of the proxy materials by mail, sign, date and mail the proxy card in the enclosed return envelope;

(2) Call 1-800-776-9437; or

Log on to the Internet at www.voteproxy.com and follow the instructions at that site. The website address for (3) authorizing a proxy by Internet is also provided on your Notice, as well as your unique 12 digit control number needed to access the Company's annual meeting information located at www.voteproxy.com.

Telephone and Internet proxy authorizations will close at 11:59 p.m. (Eastern Time) on May 22, 2017. If you authorize a proxy, unless you indicate otherwise, the persons named as your proxies will cast your votes FOR the election of all of the nominees named in this Proxy Statement; FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm; and FOR the advisory resolution on the Company's executive compensation. The persons named as proxies will vote in their discretion on any other business properly introduced at the Annual Meeting or any postponement or adjournment of the Annual Meeting.

If your shares of common stock are held in the name of your broker, bank or other nominee, you should receive separate instructions from the holder of your common stock describing how to provide voting instructions.

Even if you plan to attend the Annual Meeting, we recommend that you authorize a proxy in advance as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Can I vote my shares by completing and returning the Notice? No. The Notice will, however, provide instructions on how to authorize a proxy to vote your shares by telephone, by internet, by requesting and returning a paper proxy card or voting instruction card, or by submitting a ballot in person at the Annual Meeting.

Where and when is the Annual Meeting? The Annual Meeting will be held at 8:00 a.m. (Pacific Time) on Tuesday, May 23, 2017, at the offices of Rexford Industrial Realty, Inc. at 11620 Wilshire Boulevard, Suite 1000, Los Angeles, California, 90025.

What is the purpose of the Annual Meeting of Stockholders? At the Annual Meeting, stockholders will consider and vote upon matters described in the Notice of Annual Meeting and this Proxy Statement, including without limitation the election of directors and the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. In addition, once the business of the Annual Meeting is concluded, members of management will respond to questions raised by stockholders, as time permits.

Who can attend the Annual Meeting? All of our stockholders as of the close of business on March 31, 2017, the record date for the Annual Meeting, or individuals holding their duly appointed proxies, may attend the Annual Meeting.

You should be prepared to present proper photo identification for admittance. Authorizing a proxy in response to this solicitation will not affect a stockholder's right to attend the Annual Meeting and to vote in person. Please note that if you hold your common stock in "street name" (that is, through a broker, bank or other nominee), you will need to provide proof of beneficial ownership as of March 31, 2017, such as a copy of a brokerage statement reflecting your stock ownership as of March 31, 2017, a copy of the Notice of Internet Availability of Proxy Materials or voting instruction form provided by your broker, banker or other nominee, or other similar evidence of ownership, as well as your photo identification, to gain admittance to the Annual Meeting. If you hold your common stock in "street name" and you wish to vote in person at the Annual Meeting, you must obtain a "legal proxy" from your bank, broker or other nominee.

What am I voting on? At the Annual Meeting, you may consider and vote on:

- (1) the election of seven directors;
- (2) the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017;
- (3) an advisory resolution to approve the Company's executive compensation for the fiscal year ended December 31, 2016, as more fully described in this Proxy Statement;
- (4) the approval of amendments to our Bylaws and Corporate Governance Guidelines to provide for a majority vote standard in uncontested elections of directors; and
- (5) any other business properly introduced at the Annual Meeting.

What are the Board's recommendations? The Board recommends a vote:

FOR the election of each nominee named in this Proxy Statement (see Proposal No. 1);

FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017 (see Proposal No. 2);

FOR the advisory approval of the Company's executive compensation (see Proposal No. 3); and

FOR the amendments to our Bylaws and Corporate Governance Guidelines providing for a majority vote standard in uncontested elections of directors (see Proposal No. 4).

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board and in their discretion on any other business properly introduced at the Annual Meeting.

Who may vote? You may vote if you owned shares of our common stock at the close of business on March 31, 2017, which is the record date for the Annual Meeting. You are entitled to cast one vote in the election of directors for as many individuals as there are directors to be elected at the Annual Meeting and to cast one vote on each other matter properly presented at the Annual Meeting for each share of common stock you owned as of the record date. As of March 31, 2017, we had 66,708,752 shares of common stock outstanding.

Who counts the votes? A representative of American Stock Transfer & Trust Company, LLC will tabulate the votes and will act as the inspector of the election.

What is a quorum for the Annual Meeting? The presence in person or by proxy of stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting on any matter will constitute a quorum at the Annual Meeting. No business may be conducted at the Annual Meeting if a quorum is not present.

If a quorum is not present at the Annual Meeting, the Chairman of the meeting may adjourn the Annual Meeting to another date, time or place, not later than 120 days after the original record date of March 31, 2017, without notice other than announcement at the meeting. We may also postpone the Annual Meeting by making a public announcement of the postponement before the time scheduled for the Annual Meeting.

What vote is required to approve an item of business at the Annual Meeting? To be elected as a director (Proposal No. 1), a nominee must receive a plurality of all the votes cast in the election of directors (meaning that the seven director nominees who receive the highest number of votes "FOR" their election are elected).

To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm (Proposal No. 2), to adopt the advisory resolution on executive compensation (Proposal No. 3) and to approve amendments to our Bylaws and Corporate Governance Guidelines providing for a majority vote standard in uncontested elections of directors (Proposal No. 4), the affirmative vote of a majority of the votes cast on the proposal is required (meaning the number of shares voted “FOR” a proposal must exceed the number of shares voted “AGAINST” such proposal).

If you are a stockholder of record as of the record date for the Annual Meeting and you authorize a proxy (whether by Internet, telephone or mail) without specifying a choice on any given matter to be considered at this Annual Meeting, the proxy holders will vote your shares according to the Board’s recommendation on that matter. If you are a stockholder of record as of the record date for the Annual Meeting and you fail to authorize a proxy or vote in person, assuming that a quorum is present at the Annual Meeting, it will have no effect on the result of the vote on any of the matters to be considered at the Annual Meeting.

If you hold your shares through a broker, bank or other nominee, under the rules of the New York Stock Exchange (“NYSE”), your broker or other nominee may not vote with respect to certain proposals unless you have provided voting instructions with respect to that proposal. A “broker non-vote” results when a broker, bank or other nominee properly executes and returns a proxy but indicates that the nominee is not voting with respect to a particular matter because the nominee has not received voting instructions from the beneficial owner. A broker non-vote is not considered a vote cast on a proposal; however, stockholders delivering a properly-executed broker non-vote will be counted as present for purposes of determining whether a quorum is present.

If you hold your shares in a brokerage account, then, under NYSE rules and Maryland law:

With respect to Proposal No. 1 (Election of Directors), your broker, bank or other nominee is not entitled to vote your shares on this matter if no instructions are received from you. Broker non-votes will have no effect on the election of directors.

With respect to Proposal No. 2 (Ratification of Independent Registered Public Accounting Firm), your broker is not entitled to vote your shares on this matter if no instructions are received from you.

With respect to Proposal No. 3 (Advisory Resolution on Executive Compensation), your broker, bank or other nominee is not entitled to vote your shares on this matter if no instructions are received from you. Broker non-votes will have no effect on the result of the vote on this proposal.

With respect to Proposal No. 4 (Approval of Amendments to our Bylaws and Corporate Governance Guidelines Providing for Majority Vote Standard in Uncontested Elections of Directors), your broker, bank or other nominee is not entitled to vote your shares on this matter if no instructions are received from you. Broker non-votes will have no effect on the result of the vote on this proposal.

Because an abstention is not a vote cast, if you instruct your proxy or broker to “abstain” or “withhold” on any matter, it will have no effect on the vote on any of the matters to be considered at the Annual Meeting. However, you will still be counted as present for purposes of determining whether a quorum is present.

Can I revoke my proxy? Yes, if your shares of common stock are held on record in your name, you can revoke your proxy by:

• Filing written notice of revocation with our Secretary before the Annual Meeting at the address shown on the front of this Proxy Statement or at the Annual Meeting;

• signing a proxy bearing a later date; or

attending and voting in person at the Annual Meeting.

Attendance at the Annual Meeting will not, by itself, revoke a properly-executed proxy. If your shares of common stock are held in the name of your broker, bank or other nominee, please follow the voting instructions provided by the holder of your common stock regarding how to revoke your proxy.

What happens if additional matters are presented at the Annual Meeting? Other than the four proposals described in this Proxy Statement, we are not aware of any business that may properly be brought before the Annual Meeting. If any other matters are properly introduced for a vote at the Annual Meeting and if you properly authorize a proxy, the persons named as proxy holders will vote in their discretion on any such additional matters. As of the date of this Proxy Statement, our Board is not aware of any other individual who may properly be nominated for election as a director at the Annual Meeting or of any nominee who is unable or unwilling to serve as director. If any nominee named in this Proxy Statement is unwilling or unable to serve as a director, our Board may nominate another individual for election as a director at the Annual Meeting, and the persons named as proxy holders will vote for the election of any substitute nominee.

Who pays for this proxy solicitation? We will bear the expense of preparing, printing and mailing this Proxy Statement and the proxies we solicit. Proxies may be solicited by mail, telephone, personal contact and electronic means and may also be solicited by directors and officers in person, by the Internet, by telephone or by facsimile transmission, without additional remuneration.

We will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of our common stock as of the record date and will reimburse them for the cost of forwarding the proxy materials in accordance with customary practice. Your cooperation in promptly voting your shares and submitting your proxy by the Internet or telephone, or by completing and returning the enclosed proxy card (if you received your proxy materials in the mail), will help to avoid additional expense.

Where can I find corporate governance materials? Our Corporate Governance Guidelines and Code of Business Conduct and Ethics and the charters for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are available on the Company Information—Governance Documents page of the Investor Relations section on our website at www.rexfordindustrial.com.

NO PERSON IS AUTHORIZED ON OUR BEHALF TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS WITH RESPECT TO THE PROPOSALS TO BE VOTED ON AT THE ANNUAL MEETING, OTHER THAN THE INFORMATION AND REPRESENTATIONS CONTAINED IN THIS PROXY STATEMENT, AND, IF GIVEN OR MADE, SUCH INFORMATION AND/OR REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED. THE DELIVERY OF THIS PROXY STATEMENT SHALL UNDER NO CIRCUMSTANCES CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN OUR AFFAIRS SINCE THE DATE OF THIS PROXY STATEMENT.

The date of this Proxy Statement is April 13, 2017.

INFORMATION ABOUT THE BOARD

PROPOSAL NO. 1

NOMINEES FOR ELECTION TO THE BOARD

At the Annual Meeting, our stockholders will elect seven directors to serve until our next annual meeting of stockholders and until their respective successors are elected and qualify. The Board seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board’s deliberations and decisions. In nominating candidates, the Board considers a diversified membership in the broadest sense, including persons diverse in experience, gender and ethnicity. The Board does not discriminate on the basis of race, color, national origin, gender, religion, disability or sexual preference. Our director nominees were nominated by the Board based on the recommendation of the Nominating and Corporate Governance Committee, or Governance Committee. They were selected on the basis of outstanding achievement in their professional careers, broad experience, personal and professional integrity, their ability to make independent analytical inquiries, financial literacy, mature judgment, high performance standards, familiarity with our business and industry, and an ability to work collegially. We also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. All nominees are presently directors of Rexford Industrial Realty, Inc. and each of the nominees has consented, if elected as a director, to serve until his term expires.

Your proxy holder will cast your votes for each of the Board’s nominees, unless you instruct otherwise. If a nominee is unable to serve as a director, your proxy holder will vote for any substitute nominee proposed by the Board.

The Board of Directors unanimously recommends that the stockholders vote “FOR” the seven nominees listed below.

Richard Ziman	250,000	50,003	300,003
Robert L. Antin	77,000	50,003	127,003

Peter E. Schwab	74,000	50,003	124,003
Tyler H. Rose	74,000	50,003	124,003

Howard Schwimmer and Michael S. Frankel, our Co-Chief Executive Officers, are not included in this table as they are employees of our Company and do not receive compensation for their services as directors. All (1) compensation paid to Messrs. Schwimmer and Frankel for the services they provide to us is reflected in the Summary Compensation Table.

Amounts reflect, as applicable, annual cash retainers, committee chair fees and meeting fees paid in respect of (2) 2016 services. With respect to Mr. Ziman, amount includes fees paid in December 2016 for services performed in the fourth quarter of 2016. For the other directors, fourth quarter 2016 fees were paid in January 2017.

Amounts reflect the full grant-date fair value of restricted stock awards granted with respect to services performed in 2016, computed in accordance with ASC Topic 718, rather than the amounts paid to or realized by the named (3) individual. Amounts ultimately realized in respect of these awards may be greater or less than the amounts shown in the table, and may equal zero in the event that the awards do not vest. We provide detailed information regarding the assumptions used to calculate the value of all restricted stock awards made to directors in Note 14 to our consolidated financial statements contained in our Annual

Report on Form 10-K filed on February 23, 2017. As of December 31, 2016, Messrs. Ziman, Antin, Good, Schwab and Rose held 19,350, 2,514, 2,514, 2,514 and 2,514 shares, respectively, of our restricted common stock.

Narrative Disclosure to Director Compensation Table

Our Board has approved a compensation program for our non-employee directors, which was in effect for calendar year 2016. The program consists of annual retainer fees and long-term equity awards. The material terms of the program are described below.

Cash Compensation

Under the program, for 2016, (i) each non-employee director, other than Mr. Ziman, was entitled to receive an annual cash retainer equal to \$40,000, (ii) Mr. Ziman was entitled to receive an annual cash retainer equal to \$250,000, (iii) each committee chair was entitled to receive an additional annual cash retainer of \$20,000 (Audit), \$15,000 (Compensation) or \$10,000 (Nominating and Corporate Governance). We did not have a lead independent director in 2016, but in the event we engage a lead independent director in the future, he or she will be entitled to receive an additional annual cash retainer equal to \$25,000. Annual retainers for 2016 were paid in cash, quarterly in arrears. In addition, each non-employee director, other than Mr. Ziman, was entitled in 2016 to receive a \$2,000 meeting fee for attendance at any Board or committee meeting (whether present in person or telephonically).

Equity Compensation

Under the program, each non-employee director who is initially elected to serve on the Board is granted (on the date of such initial election or appointment) restricted stock with a value of \$40,000; provided, that if such initial election or appointment does not occur at an annual meeting of stockholders, the value of the restricted stock grant is prorated accordingly. This initial grant vests in full on the earlier of (1) the date of the annual meeting of stockholders next following the grant date (regardless of whether the director is re-elected at such meeting, so long as the director serves through such meeting) and (2) the first anniversary of the grant date, subject to continued service through such first anniversary. All of our directors served on our Board prior to 2016 and, accordingly, did not receive initial restricted stock grants with respect to 2016 service.

In addition, each director serving on the Board as of the date of each annual meeting of stockholders who is re-elected for another year of service at such annual meeting is granted restricted stock with a value of approximately \$50,000 on the date of the applicable annual meeting (the "Annual Grant"). Each Annual Grant vests in full on the earlier of (1) the date of the annual meeting next following the grant date (regardless of whether the director is re-elected at such meeting, so long as the director serves through such meeting) and (2) the first anniversary of the grant date, subject to continued service through such first anniversary. Each of our directors (other than Messrs. Schwimmer and Frankel) received Annual Grants of restricted stock for their 2016 services.

Director Stock Ownership Guidelines

We have adopted stock ownership guidelines for our non-employee directors, pursuant to which our non-employee directors are required to hold a number of shares of Company stock having a market value equal to or greater than three times their annual cash retainer (not including any additional committee retainers and/or lead independent director retainers). Our current non-employee directors have until December 2020 to achieve these stock ownership requirements or, in the case of a new non-employee director, five years from the commencement of his or her election to the Board.

BOARD STRUCTURE, LEADERSHIP AND RISK MANAGEMENT

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance structure include the following:

- our Board is not classified, with each of our directors subject to re-election annually;
- of the seven persons who serve on our Board, our Board has determined that four, or 57%, of our directors satisfy the listing standards for independence of the NYSE and Rule 10A-3 under the Exchange Act;
- two of our directors qualify as “audit committee financial experts” as defined by the SEC;
- we have opted out of the business combination and control share acquisition statutes in the Maryland General Corporation Law (the “MGCL”); and
- we do not have a stockholder rights plan.

Our directors stay informed about our business by attending meetings of our Board of Directors and its committees and through supplemental reports and communications. Our independent directors meet regularly in executive sessions without the presence of our corporate officers or non-independent directors.

Our Board is currently chaired by Mr. Ziman, our Chairman. Our Board believes that Mr. Ziman’s service as our Chairman is in the best interests of our Company and our stockholders because Mr. Ziman possesses detailed and in-depth knowledge of the issues, opportunities and challenges we face. Our Board believes that his role as Chairman enables decisive leadership, ensures clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to stockholders, employees and tenants.

There are no material legal proceedings to which any director, officer or affiliate of the Company, any owner of record or beneficially of more than five percent of the Company’s voting securities, or any associate of any such director, officer, affiliate of the Company or security holder is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries.

EXECUTIVE SESSIONS OF NON-MANAGEMENT DIRECTORS

Our non-management, independent directors typically meet without management present each time the full Board convenes for a meeting, or, to the extent present, each time a Board committee convenes for a regularly scheduled meeting. If the Board convenes for a special meeting, the non-management, independent directors will meet in executive session if circumstances warrant. We currently do not have a lead independent director. Our independent directors have selected Peter Schwab to preside over executive sessions of the Board.

The Board welcomes communications from stockholders. For information on how to communicate with our independent directors, please refer to the information set forth under the heading “—Communications with the Board.”

BOARD MEETINGS

The Board held six regularly scheduled and special meetings in 2016 to review significant developments, engage in strategic planning, and act on matters requiring Board approval. Each incumbent director attended an aggregate of at least 75 percent of the Board meetings and the meetings of committees on which he served, during the period that he served in 2016. The Board also acted by unanimous written consent on four occasions.

BOARD COMMITTEES

Our Board has established three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The principal functions of each committee are briefly described below. We comply with the listing requirements and other rules and regulations of the NYSE, as amended or modified from time to time, with respect to each of these committees, and each of these committees is comprised exclusively of independent directors. Additionally, our Board may from time to time establish other committees to facilitate the management of our company.

Audit Committee

Our Audit Committee consists of three of our independent directors. We have determined that the Chairman and one additional member of our Audit Committee qualify as an “audit committee financial expert” as that term is defined by applicable SEC regulations and NYSE corporate governance listing standards. Our Board has determined that each of our Audit Committee members is “financially literate” as that term is defined by NYSE corporate governance listing standards. We have adopted an Audit Committee charter, which details the principal functions of the Audit Committee, including oversight related to:

- our accounting and financial reporting processes;
- the integrity of our consolidated financial statements and financial reporting process;
- our disclosure controls and procedures and internal control over financial reporting;
- our compliance with financial, legal and regulatory requirements;
- the evaluation of the qualifications, independence and performance of our independent registered public accounting firm;
- the performance of our internal audit function; and
- our overall risk profile.

The Audit Committee is also responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, including all audit and non-audit services, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. The Audit Committee is also responsible for the Audit Committee report included in this Proxy Statement. Mr. Good is Chairman and Messrs. Rose and Schwab are members of the Audit Committee. Both Mr. Good and Mr. Rose qualify as audit committee financial experts.

Additionally, our Board has determined that Mr. Good's simultaneous service on the audit committees of OSIS, KYN and KYE will not impair his ability to effectively serve as a member of the Company's Audit Committee. During 2016, the Audit Committee met a total of four times. The Audit Committee also acted by unanimous written consent on one occasion.

Compensation Committee

Our Compensation Committee consists of three independent directors. We adopted a Compensation Committee charter, which details the principal functions of the Compensation Committee, including:

- reviewing and approving, at least annually, the performance goals and objectives relevant to our Co-Chief Executive Officers' compensation, evaluating our Co-Chief Executive Officers' performance in light of such goals and objectives and determining and approving the remuneration of our Co-Chief Executive Officers based on such evaluation;
- reviewing and approving the compensation of all of our other officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our Proxy Statement and annual report disclosure requirements;
- producing a report on executive compensation to be included in our annual Proxy Statement (if required); and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The Compensation Committee may delegate its responsibilities to a subcommittee of the Compensation Committee, provided that such responsibilities do not pertain to matters involving executive compensation or certain matters determined to involve compensation intended to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Mr. Antin is Chairman and Messrs. Good and Schwab are members of the Compensation Committee. During 2016, the Compensation Committee met a total of three times. The Compensation Committee also acted by unanimous written consent on two occasions.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee, or Governance Committee, consists of three independent directors. We adopted a Nominating and Corporate Governance Committee charter, which details the principal functions of the Governance Committee, including:

- identifying and recommending to the full Board qualified candidates for election as directors to fill vacancies on the Board or at any annual meeting of stockholders;
- developing and recommending to the Board corporate governance guidelines and implementing and monitoring such guidelines;
- reviewing and making recommendations on matters involving the general operation of the Board, including Board size and composition, and committee composition and structure;
- recommending to the Board nominees for each committee of the Board of Directors;

• facilitating the annual assessment of the Board's performance as a whole and of the individual directors, as required by applicable law, regulations and NYSE corporate governance listing standards; and
• overseeing the Board's evaluation of the performance of management.

Mr. Rose is Chairman and Messrs. Good and Schwab are members of the Governance Committee. During 2016, our Governance Committee met a total of two times. The Governance Committee also acted by unanimous written consent on one occasion.

AUDIT COMMITTEE REPORT

The information contained in this Report of the Audit Committee shall not be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing (except to the extent that we specifically incorporate this information by reference) and shall not otherwise be deemed "soliciting material" or "filed" with the SEC or subject to Regulation 14A or 14C, or to the liabilities of Section 18 of the Exchange Act (except to the extent that we specifically incorporate this information by reference).

Although the Audit Committee of the Board of Directors (the "Audit Committee") oversees the financial reporting process of Rexford Industrial Realty, Inc., a Maryland corporation (the "Company"), on behalf of the Board of Directors of the Company (the "Board"), consistent with the Audit Committee's written charter, management has the primary responsibility for preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles and the reporting process, including disclosure controls and procedures and the system of internal control over financial reporting. The Company's independent registered public accounting firm is responsible for auditing the annual financial statements prepared by management.

The Audit Committee has reviewed and discussed with management and the Company's independent registered public accounting firm, Ernst & Young LLP, the Company's December 31, 2016 audited financial statements. Prior to the commencement of the audit, the Audit Committee discussed with the Company's management and independent registered public accounting firm the overall scope and plans for the audit. Subsequent to the audit and each of the quarterly reviews, the Audit Committee discussed with the independent registered public accounting firm, with and without management present, the results of their examinations or reviews, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of specific judgments and the clarity of disclosures in the consolidated financial statements.

In addition, the Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statements on Auditing Standards No. 16, "Communication with Audit Committees," as amended. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm its independence from the Company and considered the compatibility of non-audit services with its independence.

Based upon the reviews and discussions referred to in the foregoing paragraphs, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 filed with the Securities and Exchange Commission.

The foregoing report has been furnished by the Audit Committee as of April 13, 2017.

In accordance with the Corporate Governance Guidelines, the Board and each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee conducts an annual performance self-assessment with the purpose of increasing effectiveness of the Board and its committees. (The Company's website address provided above and elsewhere in this Proxy Statement is not intended to function as a hyperlink, and the information on the Company's website is not and should not be considered part of this Proxy Statement and is not incorporated by reference herein.)

CODE OF BUSINESS CONDUCT AND ETHICS

Our Board formally approved a Code of Business Conduct and Ethics that applies to our officers, directors and employees. Among other matters, our Code of Business Conduct and Ethics is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or potential conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in our SEC reports and other public communications;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the code to appropriate persons identified in the code; and
- accountability for adherence to the code.

Any waiver of the Code of Business Conduct and Ethics for our directors, executive officers and other principal financial officers must be approved by the Board or the appropriate committee thereof, and any such waiver shall be promptly disclosed as required by law or NYSE regulations.

ROLE OF THE BOARD IN RISK OVERSIGHT

One of the key functions of our Board is informed oversight of our risk management process. Our Board administers this oversight function directly, with support from its three standing committees, the Audit Committee, the Governance Committee and the Compensation Committee, each of which addresses risks specific to their respective areas of oversight.

In particular, our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. In addition, our Audit Committee is responsible for reviewing related party transactions as described below under “Review and Approval of Transaction with Related Persons.”

Our Governance Committee oversees Board processes and oversees governance-related risks and monitors the effectiveness of our Corporate Governance Guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct.

Our Compensation Committee, with input from our management, assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. In considering our employee compensation policies and practices, the Compensation Committee reviews our policies related to payment of salaries and wages, benefits, bonuses, stock-based compensation and other compensation-related practices and considers the relationship between risk management policies and practices, corporate strategy and compensation. We do not believe that our compensation program creates risks that are reasonably likely to have a material adverse effect on the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Since the date of our IPO, there have been no insider participations or Compensation Committee interlocks of the Compensation Committee. At all times since the completion of our IPO, the Compensation Committee has been comprised solely of independent, non-employee directors.

COMMUNICATIONS WITH THE BOARD

Stockholders and other interested parties may write to the entire Board or any of its members at Rexford Industrial Realty, Inc., c/o David Lanzer, General Counsel and Secretary, 11620 Wilshire Boulevard, Suite 1000, Los Angeles, California 90025. Stockholders and other interested parties also may e-mail the Chairman, the entire Board or any of its members c/o David Lanzer, General Counsel and Secretary, at dlanzer@rexfordindustrial.com. The Board may not be able to respond to all stockholder inquiries directly. Therefore, the Board has developed a process to assist it with managing inquiries.

The General Counsel and Secretary will perform a review in the normal discharge of his duties to ensure that communications forwarded to the Chairman, the Board or any of its members preserve the integrity of the process. While the Board oversees management, it does not participate in day-to-day management functions or business operations, and is not normally in the best position to respond to inquiries with respect to those matters. For example, items that are unrelated to the duties and responsibilities of the Board such as spam, junk mail and mass mailings, ordinary course disputes over fees or services, personal employee complaints, business inquiries, new product or service suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements will not be forwarded to the Chairman or any other director. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Chairman or any other director and will not be retained. Such material may be forwarded to local or federal law enforcement authorities.

Any communication that is relevant to the conduct of our business and is not forwarded will be retained for one year and made available to the Chairman and any other independent director on request. The independent directors grant

the General Counsel and Secretary discretion to decide what correspondence will be shared with our management and any personal employee communications may be shared with our human resources department if deemed appropriate. If a response on behalf of the Board is appropriate, we gather any information and documentation necessary for answering the inquiry and provide the information and documentation, as well as a proposed response, to the appropriate director(s). We also may attempt to communicate with the stockholder for any necessary clarification. Our General Counsel and Secretary (or his designee) reviews and approves responses on behalf of the Board in consultation with the applicable director(s), as appropriate.

Certain circumstances may require that the Board depart from the procedures described above, such as the receipt of threatening letters or e-mails or voluminous inquiries with respect to the same subject matter. Nevertheless, the Board considers stockholder questions and comments important, and endeavors to respond promptly and appropriately.

NOMINATION PROCESS FOR DIRECTOR CANDIDATES

The Governance Committee is, among other things, responsible for identifying and evaluating potential candidates and recommending candidates to the Board for nomination. The Governance Committee is governed by a written charter, a copy of which is available on the Company Information—Governance Documents page of the Investor Relations section on our website at www.rexfordindustrial.com.

The Governance Committee regularly reviews the composition of the Board and whether the addition of directors with particular experiences, skills, or characteristics would make the Board more effective. When a need arises to fill a vacancy, or it is determined that a director possessing particular experiences, skills, or characteristics would make the Board more effective, the Governance Committee initiates a search. As a part of the search process, the Governance Committee may consult with other directors and members of senior management, and may hire a search firm to assist in identifying and evaluating potential candidates.

When considering a candidate, the Governance Committee reviews the candidate's experiences, skills, and characteristics. The Governance Committee also considers whether a potential candidate would otherwise qualify for membership on the Board, and whether the potential candidate would likely satisfy the independence requirements of the NYSE as described below.

Candidates are selected on the basis of outstanding achievement in their professional careers, broad experience, personal and professional integrity, their ability to make independent analytical inquiries, financial literacy, mature judgment, high performance standards, familiarity with our business and industry, and an ability to work collegially. Other factors include having members with various and relevant career experience and technical skills, and having a Board that is, as a whole, diverse. Where appropriate, we will conduct a criminal and background check on a candidate. In addition, at least one member of the Board should have the qualifications and skills necessary to be considered an "audit committee financial expert," as this term has been defined by the SEC in Item 407(d)(5)(ii) of Regulation S-K.

All potential candidates are interviewed by the Chairman of the Board and Governance Committee Chairman, and, to the extent practicable, the other members of the Governance Committee, and may be interviewed by other directors and members of senior management as desired and as schedules permit. In addition, the General Counsel and Secretary conducts a review of the director questionnaire submitted by the candidate and, as appropriate, a background and reference check is conducted. The Governance Committee then meets to consider and approve the final candidates, and either makes its recommendation to the Board to fill a vacancy, or add an additional member,

or recommends a slate of candidates to the Board for nomination for election as directors. The selection process for candidates is intended to be flexible, and the Governance Committee, in the exercise of its discretion, may deviate from the selection process when particular circumstances warrant a different approach.

Stockholders may recommend candidates to our Board. The stockholder must submit a detailed resume of the candidate and an explanation of the reasons why the stockholder believes the candidate is qualified for service on our Board of Directors and how the candidate satisfies the Board's criteria. The stockholder must also provide such other information about the candidate as would be required by the SEC rules to be included in a Proxy Statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. The stockholder must submit proof of the stockholder's holding of our common stock. All communications are to be directed to the Chairman of the Nominating and Corporate Governance Committee, c/o Rexford Industrial Realty, Inc., 11620 Wilshire Boulevard, Suite 1000, Los Angeles, California 90025, Attention: General Counsel and Secretary. For any annual meeting, recommendations received after 120 days prior to the anniversary of the date of the Proxy Statement for the prior year's annual meeting will likely not be considered timely for consideration by the Governance Committee for that annual meeting.

OTHER COMPANY PROPOSALS

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed Ernst & Young LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2017. Pursuant to this appointment, Ernst & Young LLP will serve as our independent registered public accounting firm and report on our consolidated financial statements for the fiscal year ending December 31, 2017.

We expect that representatives of Ernst & Young LLP will attend the Annual Meeting and will have the opportunity to make a statement if they so desire and to respond to appropriate questions.

Although stockholder ratification is not required, the appointment of Ernst & Young LLP is being submitted for ratification at the Annual Meeting with a view towards soliciting stockholders' opinions, which the Audit Committee will take into consideration in future deliberations. If Ernst & Young LLP's selection is not ratified at the Annual Meeting, the Audit Committee will consider the engagement of another independent registered accounting firm. The Audit Committee may terminate Ernst & Young LLP's engagement as our independent registered public accounting firm without the approval of our stockholders whenever the Audit Committee deems termination appropriate.

Recommendation of the Board of Directors:

Our Board of Directors recommends a vote "FOR" the ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

PROPOSAL NO. 3

ADVISORY VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS ("SAY-ON-PAY VOTE")

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, our stockholders are entitled to vote at the Annual Meeting to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC. Pursuant to the Dodd-Frank Act, the stockholder vote on executive compensation is an advisory recommendation only, and it is not binding on the Company or our Board or Compensation Committee.

Although the approval is non-binding, our Compensation Committee and Board value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions.

Summary¹

2016 Business Highlights

During 2016, the executive officers led the Company to achieve strong operational and financial results, including the following:

Generated a 45.4% total stockholder return in 2016, exceeding the MSCI US REIT Index, SNL US REIT Index (\$1 billion - \$ 2 billion Implied Cap) and the Executive Compensation Peer Group. Since our IPO in 2013, our total stockholder return of 84.1% has far outpaced all three comparative indices (MSCI US REIT Index, SNL US REIT Index (\$1 billion - \$2 billion Implied Cap) and the Executive Compensation Peer Group).

• Achieved Core FFO of \$0.88 per diluted share.

• Achieved Same Property Portfolio occupancy of 96.1%, which represents an increase of 310 basis points year over year.

• Achieved Stabilized Same Property Portfolio occupancy of 96.9%, which represents an increase of 360 basis points year over year.

• Achieved aggregate GAAP re-leasing spreads of 17.5%.

• Increased Same Property Portfolio net operating income (“NOI”) by 8.0% on a GAAP basis and by 8.1% on a cash basis.

Our Same Property Portfolio is a subset of our consolidated portfolio and includes properties that were wholly-owned by us as of January 1, 2015 and still owned by us as of December 31, 2016. Our Stabilized Same Property Portfolio represents the properties included in our Same Property Portfolio, adjusted to exclude spaces that were under repositioning.

2016 Executive Compensation Highlights

The fundamental principles that drive the compensation decisions of our Compensation Committee are to encourage high performance, promote accountability and assure that the interests of our executives are aligned with the interests of our stockholders. In 2016, the Compensation Committee took into account a number of operational and financial factors in setting compensation, including the factors described above in 2016 Business Highlights.

The Company believes that our current executive compensation program represents a balanced, pay-for-performance structure, based on its inclusion of the following key features:

¹ See Appendix A for the definitions of “NOI,” “Same Property Portfolio NOI” and “Same Property Portfolio Cash NOI” and a reconciliation of Same Property Portfolio NOI to net income computed in accordance with U.S. generally accepted accounting principles (“GAAP”), as well as the definitions of “FFO,” “Core FFO” and “Core FFO per share” and a reconciliation of FFO and Core FFO to net income computed in accordance with GAAP.

We continued use of a performance-based long-term incentive award program in 2016 that only provides tangible value to our executives upon the creation of significant absolute stockholder value and upon outperforming the median of our Executive Compensation Peer Group (discussed below) as to total stockholder return over a three-year performance period.

In early 2016, we adopted (and continue to have in place) minimum stock ownership guidelines for certain of our named executive officers to further ensure that the interests of the Company's executives are aligned with those of stockholders.

In early 2016, we adopted (and continue to have in place) an anti-hedging policy that prohibits our executive officers from engaging in any transaction that might allow them to gain from declines in the Company's stock and raise potential risks to stockholder value and an anti-pledging policy that prohibits pledging or using as collateral the Company's stock in order to secure certain obligations (including holding Company stock in a margin account).

Approximately 84% of the 2016 compensation awarded to our Co-Chief Executive Officers was variable and/or at risk subject to the achievement of meaningful Company and individual performance goals.

In 2016, we implemented a formulaic cash bonus program that directly tied annual cash bonus payments to pre-established performance goals and included stated threshold, target and maximum payouts for each executive.

As described more fully in the "Compensation Discussion and Analysis" section of this Proxy Statement, our executive compensation program is designed to enable us to attract, motivate and retain individuals with superior ability, experience and leadership capability to deliver on our annual and long-term business objectives necessary to create long-term stockholder value. We encourage stockholders to read the "Compensation Discussion and Analysis" section of this Proxy Statement, which describes in detail how our executive compensation policies and procedures operate and are intended to operate in the future.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. As an advisory approval, this proposal is not binding upon us or our Board. However, the Compensation Committee, which is responsible for the design and administration of our executive compensation program, values the opinions of our stockholders expressed through the vote on this proposal. The Compensation Committee will consider the outcome of this vote in making future compensation decisions for our named executive officers.

Accordingly, we ask that our stockholders vote "FOR" the following resolution:

"RESOLVED, that the stockholders of Rexford Industrial Realty, Inc. approve, on an advisory basis, the compensation of Rexford Industrial Realty's named executive officers, for the year ended December 31, 2016, as described in the Compensation Discussion & Analysis and disclosed in the Summary Compensation Table and related compensation tables and narrative disclosure set forth in Rexford Industrial Realty's Proxy Statement."

Recommendation of the Board of Directors:

Our Board of Directors unanimously recommends that stockholders vote “FOR” the advisory resolution approving the compensation of the named executive officers for the fiscal year ended December 31, 2016, as more fully disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC.

PROPOSAL NO. 4

APPROVAL OF AMENDMENTS TO BYLAWS AND CORPORATE GOVERNANCE GUIDELINES
PROVIDING FOR MAJORITY VOTE STANDARD IN UNCONTESTED ELECTIONS OF DIRECTORS

Our Bylaws currently provide that directors are elected by a plurality of the votes cast in the election of directors. Under a plurality vote standard, the director nominees who receive the highest number of affirmative votes cast are elected to our Board, whether or not votes “FOR” a director nominee constitute a majority of all votes cast with respect to the nominee and regardless of how many stockholders “WITHHOLD” their vote with respect to the nominee. We are voluntarily seeking stockholder approval at the Annual Meeting of amendments to our Bylaws and Corporate Governance Guidelines to replace the plurality vote standard with a majority vote standard in uncontested elections of directors and require any incumbent director that fails to attain a majority of votes cast on his or her election in an uncontested election to tender his or her resignation to the Board, subject to the acceptance of such resignation by the Board.

We believe that the implementation of a majority vote standard represents a more equitable election standard that would further strengthen director accountability to our stockholders by providing our stockholders with a more meaningful role in director elections.

If Proposal No. 4 is approved, an amendment to Article II, Section 7 of our Bylaws to establish a majority vote standard for uncontested elections of directors will become effective. As a result, at each meeting of stockholders at which the election of directors is uncontested, a nominee will be elected as a director only if the number of votes cast “FOR” election of the nominee exceeds the number of votes cast “AGAINST” election of the nominee. A plurality vote standard will continue to apply in contested elections. An election will be considered to be contested if (1) the Company’s Secretary has received one or more notices that a stockholder has nominated or proposes to nominate one or more persons for election as a director and the notice(s) purports to be in compliance with Article II, Section 11 of our Bylaws and (2) the nomination has not been withdrawn at least fourteen days prior to the date on which the proxy statement related to the relevant meeting is first released to shareholders, and such nomination will cause the total number of director nominees to exceed the number of directors to be elected at the meeting.

Under Maryland law, if an incumbent director is not re-elected at a meeting of stockholders at which he or she stands for re-election, then the incumbent director continues to serve in office as a “holdover” director until his or her successor is elected. Rather than permit directors who were not re-elected under the majority voting standard required under the amended Bylaws to automatically remain in office, our Corporate Governance Guidelines would be amended to require that, if an incumbent director is not re-elected due to his or her failure to receive a majority of the votes cast in an uncontested election, the director will promptly tender his or her resignation as a director, subject to acceptance by the Board. The Nominating and Corporate Governance Committee would be charged with making a recommendation to the Board as to whether to accept or reject the tendered resignation, or whether other action should be taken. The Board would be required to publicly disclose within 90 days of certification of the stockholder

vote its decision and rationale regarding whether it accepted or rejected the resignation or describe what other action it took in response to the tendered resignation.

The foregoing summaries of the proposed amendments to Article II, Section 7 of our Bylaws and to our Corporate Governance Guidelines are qualified in their entirety by reference to the full text of the proposed amendments, which are attached as Appendix B and Appendix C to this Proxy Statement.

Our Board has approved the amendments to Article II, Section 7 of our Bylaws, to adopt a majority vote standard in uncontested elections of directors, and to our Corporate Governance Guidelines, to add a mandatory resignation policy, in each case, subject to and conditioned upon stockholder approval of such amendments at the Annual Meeting. If approved, the amendments to our Bylaws and Corporate Governance Guidelines will become effective immediately following the Annual Meeting and will apply to any uncontested election of directors occurring at a meeting of stockholders after the Annual Meeting at which directors are to be elected. If the amendments to our Bylaws and Corporate Governance Guidelines are not approved, Article II, Section 7 of the Bylaws will remain as currently in effect and a plurality vote standard would continue to apply to all elections of directors, and our Corporate Governance Guidelines will remain as currently in effect.

Recommendation of the Board of Directors:

Our Board of Directors recommends a vote “FOR” the amendments to our Bylaws and Corporate Governance Guidelines providing for a majority voting standard in uncontested elections of directors.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE COMPENSATION

Introduction

The “Executive Compensation” section of this Proxy Statement presents the detailed compensation arrangements for our named executive officers (“NEOs”) for fiscal year 2016, which were determined by the Compensation Committee. For the fiscal year ended December 31, 2016, our NEOs and their titles were as follows:

• Howard Schwimmer, Co-Chief Executive Officer

• Michael S. Frankel, Co-Chief Executive Officer

• Adeel Khan, Chief Financial Officer

• David Lanzer, General Counsel and Secretary

The Compensation Discussion and Analysis includes the following sections:

• Executive Summary

• Compensation Program Objectives

• Elements of Compensation

• Governance Policies Relating to Compensation

• Executive Summary

• Stockholder Say-on-Pay Vote

At the Company's 2016 annual meeting of stockholders, stockholders were provided the opportunity to cast an advisory vote approving the compensation programs for our NEOs (“say-on-pay”). That say-on-pay proposal received support from approximately 98% of the shares present and entitled to vote at the annual meeting, indicating strong stockholder approval of the compensation paid to our NEOs. Given the high level of support for our say-on-pay proposal, the Compensation Committee did not change its approach to executive compensation as a result of such vote. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our NEOs.

Compensation Highlights

Based on the following elements of compensation, we believe that our current executive compensation program represents a balanced, state-of-the-art structure, appropriately focused on pay-for-performance:

Strong approval of our 2016 say-on-pay vote. Approximately 98% of the of the shares present and entitled to vote at our 2016 annual meeting were cast in favor of the 2016 say-on-pay proposal. We continue to proactively monitor and review our compensation program in an effort to ensure that it reflects best practices, takes into account the views of our shareholders and ties significant components of pay to performance.

Significant variable pay linked to performance. For 2016, approximately 84% of our CEO's total direct compensation was variable pay subject to the achievement of meaningful Company and individual performance goals. Of this, approximately 28% of our CEO's 2016 compensation reflected at-risk compensation that was earned based solely on the achievement of absolute and relative TSR goals (see "CEO Pay Mix" below for a detailed breakdown of CEO 2016 compensation elements).

Use of formulaic cash bonus program. Our 2016 annual cash bonus program for NEOs (other than Mr. Lanzer) was tied (i) 80% to key objective corporate measures (relating to FFO per share, occupancy, re-leasing, NOI growth and General and Administrative expenses), for which applicable goals were pre-determined at the beginning of the year, and (ii) 20% to individual performance. We believe that these goals align our compensation program with our strategic direction, which further exemplifies our pay-for-performance philosophy.

Long-Term Incentive—Performance-Vesting and Service-Vesting LTIP Units. In 2016, we continued our practice of granting both service- and performance-based long-term incentive awards. Performance-based awards are earned based on the achievement of both absolute and relative TSR hurdles over a prospective three-year performance period, while service-based awards are earned based on continued employment through the applicable vesting date. We believe that our use of rigorous performance hurdles that incorporate both absolute and relative TSR is consistent with market practice.

The key elements of our 2016 compensation program for our NEOs are as follows:

Pay Element	Compensation Type	Objective and Key Features
		<p>Objective</p> <p>Salaries are set at a level that are commensurate with our NEOs' positions and provide competitive fixed pay to attract and retain our NEOs.</p>
Base Salary	Fixed Cash	<p>Key Features</p> <p>NEO base salaries remained unchanged from 2013 through 2016, except for Mr. Khan who received a market-based increase in 2014. In 2017, NEO base salaries were increased by approximately 11% for Messrs. Schwimmer, Frankel and Khan, and by approximately 20% for Mr. Lanzer, to account for performance and the fact that they had not been increased since 2013 for Messrs. Schwimmer and Frankel and since 2014 for Mr. Khan, and to more closely align Mr. Lanzer's base salary level with his performance, title and responsibilities.</p> <p>Objective</p> <p>To incentivize the attainment of short-term Company objectives and individual contributions to the achievement of those objectives for the year.</p> <p>Key Features</p> <p>In 2016, annual cash bonuses were designed to incentivize management to attain Company and/or individual performance goals for the year in a manner that further aligns the interests of our NEOs with those of our stockholders.</p> <p>In 2016, annual cash bonuses for Messrs. Schwimmer, Frankel and Khan were determined in accordance with the following:</p>
Annual Cash Bonus	Variable Incentive Cash	<ul style="list-style-type: none"> • 80% of each such executive's bonus opportunity under the 2016 program was formulaic and determined by the achievement of financial performance hurdles, with the remaining 20% determined based on the Compensation Committee's review of individual performance criteria. • The performance criteria, described in detail below, were designed to motivate the achievement of annual goals that we believe will ultimately translate into an increase in the equity value of the Company. The targets (also described below) were designed to be challenging and difficult to attain, but achievable with significant effort and skill. <p>In 2016, Mr. Lanzer's annual cash bonus was determined based on Company performance and Mr. Lanzer's individual performance, as determined at the discretion of the Compensation Committee following the completion of the 2016 calendar year.</p>
Annual Long-Term Incentives and Sign-On Incentive Awards (Time-Vesting)	Variable Incentive Equity	<p>Objective</p> <p>Structured to reward long-term stock price performance and to promote retention by requiring continued employment over a multi-year period as a condition to vesting. These awards are subject to the same market and stock price fluctuations as stockholders experience and thereby serve to motivate the creation of long-term stockholder value while enhancing alignment between our NEOs and our stockholders.</p>

2016 grants to Messrs. Schwimmer, Frankel and Khan were made in the form of service-vesting LTIP units in Rexford Industrial Realty, L.P., our operating partnership (the “Service-Vesting LTIP Units”).

The 2016 sign-on incentive award granted to Mr. Lanzer was made in the form of a restricted stock award.

Key Features

- The Service-Vesting LTIP Unit grant size was determined based on a detailed retrospective review of the Company’s overall annual performance and the compensation levels of the individual NEO in comparison to our Executive Compensation Peer Group. Service-Vesting LTIP Units vest ratably over a four-year period.
- Number of shares subject to sign-on restricted stock award granted to Mr. Lanzer was determined based on a fixed grant date fair value of \$100,000. Time-based restricted stock vests ratably over a four-year period.

Pay Element	Compensation Type	Objective and Key Features
		<p>Objective</p> <p>Designed to enhance the overall pay-for-performance structure of our executive compensation program and stockholder alignment, while motivating and rewarding superior TSR performance based on rigorous absolute TSR hurdles and outperforming relative to our peers' TSR over a multi-year performance period.</p>
		<p>2016 grants to Messrs. Schwimmer, Frankel and Khan were made in the form of performance-vesting LTIP units in Rexford Industrial Realty, L.P., our operating partnership (the "Performance-Vesting LTIP Units"). Mr. Lanzer was not granted Performance-Vesting LTIP Units in 2016.</p>
Annual Long-Term Incentives (Performance-Vesting)	Variable Incentive At-Risk Equity	<p>Key Features</p> <ul style="list-style-type: none"> • Only provides tangible value upon the creation of meaningful stockholder value above specified hurdles over a three-year performance period. • 2016 awards allocated 40% based on achievement of absolute TSR hurdles and 60% based on achievement of relative TSR hurdles. • Threshold payout under the absolute TSR performance metric requires that our TSR equal or exceed 21% over a three-year performance period. A 50% absolute TSR level must be achieved to earn the maximum payout under the absolute TSR performance metric. • Threshold payout under the relative TSR performance metric requires that our TSR equal or exceed the 50th percentile of the constituents of the SNL US Equity REIT Index (for companies with an implied market cap of \$1 billion - \$2 billion) over a three-year performance period; performance equal to or above the 75th percentile must be achieved to earn the maximum payout under the relative TSR performance metric. • Maximum payout is earned only if both the absolute and relative TSR hurdles are achieved.
		<p>Objective</p> <p>In 2016, policy features were implemented to further alignment between our NEOs and our stockholders, and to discourage behavior that could lead to excessive risk-taking.</p>
Compensation Governance	Risk Management	<p>Key Features</p> <ul style="list-style-type: none"> • Limits on incentive compensation provide that cash bonuses cannot exceed set percentages of base salary (150% for the Co-CEOs; 125% for the CFO). • Minimum stock ownership guidelines for NEOs, with a 6x base salary requirement for our Co-CEOs and 3x base salary requirement for our CFO. • Anti-hedging policy that prohibits any NEO or director from trading in puts, calls, options or similar derivative securities with respect to Company shares.

CEO Pay Mix

The Compensation Committee believes that compensation should be at-risk and heavily dependent upon the achievement of rigorous and objective performance requirements. As illustrated below, approximately 84% of the Co-CEOs' total direct compensation is variable and/or at risk subject to the Company's performance results. Although the Compensation Committee does not target any particular percentile of our Executive Compensation Peer Group, the overall compensation program is designed so that if the Company's performance exceeds expectations and is above that of our peers, it is intended to result in total direct compensation that is at the high end of the peer range and attractive relative to compensation available at successful competitors. Conversely, if the Company's performance is below expectations and peer levels, it is intended to result in total direct compensation that is at the low end of the peer range and is less than those amounts paid at more successful competitors.

Total direct compensation refers to the compensation required to be disclosed in our Summary Compensation Table for 2016, but disregards additional compensation amounts identified as “all other compensation” because such amounts are not typically considered in the Compensation Committee’s annual compensation decisions in light of the relative size of such amounts as compared to overall CEO compensation.

For 2016 performance, total direct compensation was allocated as follows for the Co-Chief Executive Officers:

Compensation Program Objectives

Compensation Program Objectives and Rewards

The objectives of the Company’s executive compensation program are as follows:

- Motivate, attract and retain qualified executives who drive, and who are committed to, the Company’s mission, performance and culture;

- Create a fair, reasonable and balanced compensation program that rewards NEOs’ performance and contributions to the Company while closely aligning the interests of the NEOs with those of stockholders; and

- Provide total direct compensation to our NEOs that is competitive with total direct compensation paid by comparable real estate firms similar to our Company in order to enhance the Company’s retention of key executives and to contribute towards the maintenance of a positive, team-oriented corporate culture.

What Our Compensation Program is Designed to Reward and Promote

The Company’s compensation program rewards superior corporate performance as well as individual NEO contributions to the Company’s annual and long-term goals. Annual cash incentives focus on retention and driving value over a shorter-term period, while long-term equity-based awards are designed to promote retention, further align pay with performance and contribute towards long-term stockholder value accretion.

We believe that the Company's executive compensation program design features assist in rewarding and promoting the following:

- Goals aligned with stockholders' long-term interests as well as the Company's annual operating and strategic plans in a manner designed to avoid excessive risk taking;
- Base salaries consistent with each executive's responsibilities and competitive with peer salary levels, furthering retention objectives and providing a reasonable level of financial security (thus discouraging excessive risk-taking);
- A significant portion of each executive's compensation tied to the future share performance of the Company, thus aligning their long-term interests with those of our stockholders;
- Equity compensation and vesting periods for equity awards that encourage executives to remain employed and focus on sustained, long-term share price appreciation; and
- A balanced mix between cash and equity compensation designed to encourage strategies and actions that are in the long-term best interests of the Company and stockholders.

Role of Management and the Chief Executive Officer in Setting Executive Compensation

On an annual basis, our Compensation Committee and Co-CEOs consider market competitiveness, business results, experience and individual performance in evaluating executive compensation. Our Co-CEOs are engaged in setting compensation for our other NEOs and for other executives, including discussing individual performance of the other executives and recommending Compensation Committee approval of the compensation for their executive team. All decisions affecting executive compensation are ultimately made by the Compensation Committee.

Role of the Compensation Consultant and Use of Aggregate Peer Group Data

In 2016, the Compensation Committee again engaged the services of an outside independent compensation consultant, FTI Consulting, Inc. ("FTI Consulting"), to assist it in determining the appropriate amounts, types and mix of compensation for our executive officers in order to achieve the overall objectives as described above. The Compensation Committee, with the help of FTI Consulting, reviews the compensation practices of other REITs in order to evaluate market trends and compare our compensation programs with our competitors. Based in part on this data and analysis provided by FTI Consulting, the Compensation Committee develops a compensation plan that is intended to maintain the link between corporate performance and stockholder returns while being generally competitive within our industry.

In its report relating to 2016 compensation, FTI Consulting recommended, based on its review of the Executive Compensation Peer Group analysis, current industry trends, existing employment agreements and other factors specifically related to the Company, the level of base and incentive cash bonus compensation to be set for each NEO as well as the amount of equity awards to be granted to each NEO. Based on the Company's and each individual's overall performance relative to the Executive Compensation Peer Group and the unique circumstances associated with any individual executive, the Compensation Committee in consultation with FTI Consulting determines an appropriate level of annual compensation, although no particular Executive Compensation Peer Group percentile is targeted for any of our NEOs. The Compensation Committee considered FTI Consulting recommendations and peer group analysis when determining base salaries, annual incentives and long-term incentives.

Based upon the recommendations of FTI Consulting, the Company considered the following parameters in selecting our Executive Compensation Peer Group:

• Include industrial-focused REITs that invest in properties in high barrier-to-entry markets, including diversified REITs with a large industrial portfolio; and

• Include additional REITs comparable in terms of size within an approximate range of 0.3x to 3.0x the size of the Company (approximately \$500 million to \$4.5 billion) in terms of implied equity market capitalization.

The following table provides a list of each company in our Executive Compensation Peer Group and a summary of the parameter that qualifies each company as an appropriate peer. The implied equity market capitalizations are based on the values at the time at which the Compensation Committee reviewed the Executive Compensation Peer Group market data in October 2016:

Company	Implied Equity Market Cap (\$ million)	Peer Based on Size Parameter of \$500M - \$4.5B	Peer Based on Industrial Portfolio Parameter
Agree Realty Corp.	1,185.4	ü	-

Determination of Compensation Consultant's Objectivity

The Compensation Committee recognizes that it is essential to receive objective advice from its outside compensation consultant. As a result, in 2016 the Company did not engage FTI Consulting in matters unrelated to executive compensation. In addition, the Compensation Committee has the sole authority to retain and terminate FTI Consulting as its compensation consultant and approve fees and other engagement terms. Other than providing the advice as described above, FTI Consulting did not provide any services to the Company in 2016. The Compensation Committee has considered the independence of FTI, consistent with the requirements of NYSE, and has determined that FTI is independent. Further, pursuant to SEC rules, the Company conducted a conflicts of interest assessment and determined that there is no conflict of interest resulting from retaining FTI Consulting.

Elements of Compensation

The Company's primary components of compensation for its executive officers continued in 2016 to be base salary, annual incentive cash bonuses and annual grants of long-term equity-based incentive compensation. We have no pre-established policy or target for the allocation between cash and non-cash incentive compensation or between short-term and long-term compensation, although the Company attempts to keep total cash compensation within the Company's fiscal year budget while reinforcing its pay-for-performance philosophy. Although historically our annual long-term equity incentive compensation has been granted in the form of time-vesting equity awards, beginning in 2015 (and continuing in 2016), Performance-Vesting LTIP Units were added as a compensation vehicle that would further bolster our pay-for-performance philosophy.

The Company seeks to maintain a competitive total compensation package that aligns the economic interest of the executives with that of stockholders while maintaining sensitivity to multiple factors including the Company's fiscal year budget, annual accounting cost and the impact to share dilution.

Base Salary

Consistent with the Company's philosophy of tying pay to performance, executives receive a majority of their overall targeted compensation in a form other than base pay. Although the Compensation Committee does not set base salary levels equal to any specific percentile of base salaries paid to comparable officers in the Executive Compensation Peer Group, the NEOs are paid an amount in the form of base pay within a competitive range of base salaries paid to such comparable officers in the Executive Compensation Peer Group and sufficient to attract skilled executive talent and maintain a stable management team.

After a review of NEO base salaries and total cash compensation as compared to our Executive Compensation Peer Group, it was concluded that it would be appropriate to maintain the same NEO base salary levels for 2016 as were in effect for 2015. The Compensation Committee subsequently approved increases to the 2017 base salaries of our NEOs. The Compensation Committee concluded that these increases were appropriate given the Company's overall performance and as base salaries have not been increased since 2013 for Messrs. Schwimmer and Frankel and since 2014 for Mr. Khan, and to more closely align Mr. Lanzer's base salary level with his performance, title and responsibilities.

Named Executive Officer	2015 Base Salaries	2016 Base Salaries	2017 Base Salaries
Howard Schwimmer, Co-CEO	\$495,000	\$495,000	\$550,000
Michael S. Frankel, Co-CEO	\$495,000	\$495,000	\$550,000
Adeel Khan, CFO	\$315,000	\$315,000	\$350,000
David Lanzer, General Counsel ⁽¹⁾	N/A	\$250,000	\$300,000

(1) Mr. Lanzer was hired and appointed General Counsel in 2016 and thus does not have an applicable 2015 base salary.

Annual Cash Incentives

During 2016, all NEOs were eligible for an annual cash bonus.

2016 Cash Bonus Program – Messrs. Schwimmer, Frankel and Khan

In 2016, Messrs. Schwimmer, Frankel and Khan were each eligible to receive an annual cash bonus payment under the 2016 formulaic cash bonus program (the "2016 Cash Bonus Program"). With respect to each of Messrs. Schwimmer,

Frankel and Khan, 80% of such NEO's bonus opportunity was based upon achieving certain formulaic Company performance criteria during the year as determined by reference to the attainment of financial performance hurdles (the "Company Performance Criteria"), and 20% of such NEO's bonus opportunity was based on individual performance criteria (the "Individual Performance Criteria") (each, as described below).

Under the 2016 Cash Bonus Program, each Messrs. Schwimmer, Frankel and Khan is eligible for an annual bonus opportunity that is targeted as a certain percentage of base salary as follows:

Named Executive Officer	Threshold	Target	Maximum
Howard Schwimmer, Co-CEO	50%	100%	150%
Michael S. Frankel, Co-CEO	50%	100%	150%
Adeel Khan, CFO	50%	100%	125%

2016 Discretionary Performance Bonus – Mr. Lanzer

Mr. Lanzer's offer letter with the Company provides for a discretionary annual bonus opportunity of 35% to 60% of his base salary; however, the amount of any annual bonus may be less than such target (and may be zero) if the Compensation Committee determines that the applicable performance goals were not attained. In 2016, Mr. Lanzer was eligible to receive an annual cash bonus payment based upon achieving certain Company and individual performance criteria during the year, as determined in the discretion of the Compensation Committee. Mr. Lanzer's discretionary annual incentive cash bonus for the 2016 fiscal year was determined and paid in the 2017 fiscal year.

Actual 2016 Annual Cash Bonuses – Messrs. Schwimmer, Frankel and Khan

In determining actual 2016 annual cash bonuses under the 2016 Cash Bonus Program for Messrs. Schwimmer, Frankel and Khan, the Compensation Committee reviewed Company performance in 2016 against the Company Performance Criteria. The following chart shows each performance metric within the Company Performance Criteria, identifies the range of performance between threshold and maximum payout with respect to each metric and the weighting of each metric as a component of overall annual cash bonus, as well as actual 2016 results determined by the Compensation Committee with respect to each metric:

Performance Criteria ³	Weighting	Threshold	Target	Maximum	Actual 2016 Results
Core FFO per Share	30%	\$0.82	\$0.84	\$0.86	\$0.88
Year-end Same Property Portfolio Occupancy	15%	93.0%	94.0%	95.0%	96.1%
Aggregate Re-Leasing Spreads	15%	6.0%	9.0%	12.0%	17.5%
Same Property Portfolio NOI Growth	10%	3.0%	5.0%	7.0%	8.0%
General & Administrative Expenses	10%	16.0%	15.5%	15.0%	13.8%

³ See Appendix A for the definition of "Same Property Portfolio NOI" and a reconciliation of Same Property Portfolio NOI to net income computed in accordance with GAAP, as well as the definition of "FFO," "Core FFO" and "Core FFO per share" and a reconciliation of FFO and Core FFO to net income computed in accordance with GAAP.

Based on the Company’s achievement of the Company Performance Criteria, as described above, and in consideration of each NEO’s individual contributions and performance, which exceeded the Individual Performance Criteria and led to payouts of the Individual Performance Criteria based annual cash bonus opportunity at maximum, the actual cash bonuses paid to Messrs. Schwimmer, Frankel and Khan under the 2016 Cash Bonus Program for 2016 performance were as follows:

Named Executive Officer	2016
	Annual Cash Bonuses
Howard Schwimmer, Co-CEO	\$742,500
Michael S. Frankel, Co-CEO	\$742,500
Adeel Khan, CFO	\$393,750

Actual 2016 Annual Cash Bonuses – Mr. Lanzer

During 2016, the Compensation Committee reviewed and considered Mr. Lanzer’s performance, the performance of the Company against its business plan and budgets in determining Mr. Lanzer’s 2016 cash bonus. Based on the Company’s performance, and in consideration of Mr. Lanzer’s individual contributions and performance, the actual cash bonus paid to Mr. Lanzer for 2016 performance was \$140,000, approximately 56% of Mr. Lanzer’s annual base salary.

Long-Term Incentives

The Company’s long-term incentive compensation program consists of equity-based awards under our 2013 Incentive Award Plan (the “Incentive Award Plan”). Equity incentive awards incentivize our NEOs to work to deliver stock price performance while providing valuable retention incentives. Further, equity-based awards linked to TSR performance goals deliver value only when the value of our common stock increases above certain thresholds. The Compensation Committee administers our Incentive Award Plan, which provides for the issuance of equity-based awards to our NEOs and other officers, directors and employees. The Compensation Committee authorizes the awards and establishes the terms and conditions of the awards under the Incentive Award Plan, as it deems appropriate.

In 2016, our Compensation Committee granted awards to our NEOs, other than David Lanzer, in the form of Service-Vesting LTIP Units and Performance-Vesting LTIP Units, which may ultimately be exchanged on a one-for-one basis into shares of our common stock (if earned).

Further, in 2016, in connection with the commencement of his employment, the Compensation Committee granted to Mr. Lanzer a restricted stock award subject to time-based vesting.

2016 Service-Vesting LTIP Units

Based on the foregoing considerations, including the TSR and operational performance highlighted on page 31, in December 2016, the Compensation Committee approved a grant of Service-Vesting LTIP Units to Messrs. Schwimmer, Frankel and Khan. The dollar-denominated values of the Service-Vesting LTIP Units were the same as the dollar-denominated values of Service-Vesting LTIP Units granted to these NEOs in 2015, as shown in the following table:

Named Executive Officer	2015 Service-Vesting LTIP Units	2016 Service-Vesting LTIP Units	% Change
Howard Schwimmer, Co-CEO	\$1,000,000	\$1,000,000	0%
Michael S. Frankel, Co-CEO	\$1,000,000	\$1,000,000	0%
Adeel Khan, CFO	\$650,000	\$650,000	0%

The table below sets forth the total number of Service-Vesting LTIP Units awarded to Messrs. Schwimmer, Frankel and Khan in December 2016:

Named Executive Officer	Total Service-Vesting LTIP Units
Howard Schwimmer, Co-CEO	44,034
Michael S. Frankel, Co-CEO	44,034
Adeel Khan, CFO	28,622

The Service-Vesting LTIP Units vest, and the restrictions cease to apply, with respect to twenty-five percent of the Service-Vesting LTIP Units underlying each award on December 29 of each year over a four-year period, beginning on December 29, 2017, subject to continued employment through the applicable vesting date. The Compensation Committee believes that Service-Vesting LTIP Units provide the desired incentive to increase the Company's share price and, therefore, serve to drive value for our stockholders, over a four-year period. If the Company experiences poor performance that results in poor stockholder return, then the value of the Service-Vesting LTIP Units, and likewise the individual NEO's total realized compensation, will decline as a result. If the Company has superior performance that results in superior stockholder returns, then the value of the Service-Vesting LTIP Units, and likewise the individual NEO's total realized compensation, will correspondingly increase.

Distributions are paid on all Service-Vesting LTIP Units, whether vested or unvested, as and when dividends are declared on our common stock.

2016 Performance-Vesting LTIP Units

On December 29, 2016, the Compensation Committee approved Performance-Vesting LTIP Unit awards to Messrs. Schwimmer, Frankel and Khan which vest, subject to the achievement of the goals described below, based on both the Company's absolute TSR and TSR performance relative to a peer group, in each case, over the three-year performance period from December 29, 2016 through December 28, 2019. The maximum number of Performance-Vesting LTIP Units will be earned only if the Company both (a) achieves 50% or higher absolute TSR, inclusive of all dividends paid, over the three-year performance period and (b) finishes in the 75th or greater percentile of the peer group for TSR over the three-year performance period.

Each award of Performance-Vesting LTIP Units is comprised of a number of units designated as "absolute TSR base units," a number of units designated as "relative TSR base units" and a number of "distribution equivalent units." The Performance-Vesting LTIP Units, exclusive of any distribution equivalent units thereon (described below), are allocated 40% to absolute TSR performance metrics (the "Absolute TSR Base Units") and 60% to relative TSR performance (the "Relative TSR Base Units"). The table below sets forth the total number of Performance-Vesting LTIP Units awarded to Messrs. Schwimmer, Frankel, and Khan (which equals the sum of the Absolute TSR Base Units, the Relative TSR Base Units, and distribution equivalents on the Performance-Vesting LTIP Units that will vest, if at all, following

the end of the performance period based upon the number of Absolute TSR Base Units and Relative TSR Base Units that become vested in accordance with their terms).

Named Executive Officer	Total Performance-Vesting Units	Absolute TSR Base Units	Relative TSR Base Units
Howard Schwimmer, Co-CEO	84,575	31,450	47,175
Michael S. Frankel, Co-CEO	84,575	31,450	47,175
Adeel Khan, CFO	29,850	11,100	16,650

Listed below are the grant date values and the number of Performance-Vesting LTIP Units each of Messrs.

Schwimmer, Frankel and Khan will be eligible to receive under the Performance-Vesting LTIP Unit awards upon achieving threshold, target and maximum goals for both the absolute TSR and relative TSR performance metrics (but excluding any distribution equivalent units):

Named Executive Officer	Threshold Award (# Units)	Target Award (# Units)	Maximum Award (# Units) ⁽¹⁾	Grant Date Value (\$) ⁽²⁾
Howard Schwimmer, Co-CEO	19,656	47,175	78,625	\$744,893
Michael S. Frankel, Co-CEO	19,656	47,175	78,625	\$744,893
Adeel Khan, CFO	6,938	16,650	27,750	\$262,904

(1) Represents the maximum Performance-Vesting LTIP Units that may vest, excluding any distribution equivalent units.

(2) Represents the grant date fair value was based on probable outcome of the performance conditions, computed in accordance with FASB ASC 718.

Any Performance-Vesting LTIP Units that are ultimately earned will vest in full on December 28, 2019, contingent upon continued employment with the Company through the end of the performance period (with certain exceptions in the event of a change in control of the Company and/or certain qualifying terminations of employment, each as discussed below under the heading “—Potential Payments Upon Termination or Change in Control”).

With respect to the Absolute TSR Base Units, if the following hurdles are achieved over the three-year performance period, the Absolute TSR Base Units will become vested as follows (generally subject to continued service through the applicable performance period):

	Absolute TSR Performance	% of Absolute TSR Base Units Vested
“Threshold Level”	21%	25%
“Target Level”	35.5%	60%
“Maximum Level”	50%	100%

With respect to the Relative TSR Base Units, if the following hurdles are achieved over the three-year performance period, the Relative TSR Base Units will become vested as follows (generally subject to continued service through the applicable performance period):

Relative TSR Performance (based on the SNL US \$1B - \$2B Implied Cap. REIT Index)	% of Relative TSR Base Units Vested
“Threshold Level” 50th percentile of the peer group	25%
“Target Level” 62.5th percentile of the peer group	60%
“Maximum Level” 75th percentile of the peer group	100%

If performance falls between the levels specified in either or both of the two tables above, the applicable portion of the Performance-Vesting LTIP Unit awards to be earned will be determined by straight-line interpolation between the specified levels.

To the extent that common stock dividends are declared with an ex-dividend date that occurs during the applicable Performance-Vesting LTIP Unit performance period, Performance-Vesting LTIP Units (whether vested or unvested) will entitle their holders to a cash payment equal to 10% of such dividends. In addition, a number of distribution equivalent units having a value equal to total common stock dividends with ex-dividend dates that occur during the performance period with respect to Performance-Vesting LTIP Units that are earned and become vested (less the distributions made with respect to such Performance-Vesting LTIP Units during the performance period as described in the immediately preceding sentence) will vest following the completion of the applicable performance period, up to the maximum number of distribution equivalent units that are included in the Performance-Vesting LTIP Units. For purposes of calculating the number of distribution equivalent units, the dividend amount will be adjusted (i) (plus or minus) to reflect the gain or loss on such amount had the dividends been reinvested in common stock on the applicable ex-dividend date and (ii) to reflect the value of any notional dividends on the notional shares resulting from such hypothetical reinvestment of distributions with an ex-dividend date occurring on or after the hypothetical issuance of such notional shares and on or prior to the last day of the performance period.

2016 Restricted Stock Award

In April 2016, the Compensation Committee approved an award of 5,495 shares of restricted common stock to Mr. Lanzer in connection with his commencement of employment with the Company. This restricted stock award vests with respect to twenty-five percent of the award on April 2 of each year over a four-year period, beginning on April 2, 2017, subject to Mr. Lanzer’s continued employment through the applicable vesting date. The Compensation Committee believes that this restricted stock award provides appropriate retentive and motivational value as the award is subject to multi-year vesting and future fluctuations in stock price.

Retirement Plans

The Internal Revenue Code of 1986, as amended, allows eligible employees to defer a portion of their compensation, within prescribed limits, on a pre-tax basis through contributions to a 401(k) plan. We established a 401(k) retirement savings plan for our employees, including our NEOs, who satisfy certain eligibility requirements. Our NEOs are eligible to participate in the 401(k) plan on the same terms as other full-time employees. In 2016, we did not match our NEOs’ contributions to the 401(k) plan or otherwise make any employer contributions to the 401(k) plan.

Employee Benefits and Perquisites

Our full-time employees, including our NEOs, are eligible to participate in health and welfare benefit plans, which provide medical, dental, prescription and other health and related benefits. We may also implement additional benefit and other perquisite programs as our Compensation Committee determines appropriate, though we do not expect any such additional benefits and perquisites to constitute a material component of our NEOs’ compensation package.

Severance and Change in Control Benefits

The Company's business is competitive and the Compensation Committee believes that it is extremely important for the Company to maintain employment agreements with its most senior executives. The employment agreements covering our Co-CEOs and CFO generally provide for severance payments and benefits if the executive terminates his employment for "good reason" or is terminated by the Company without "cause", as those terms are defined in each agreement. In addition, our Co-CEOs are eligible to receive severance if our Company elects not to renew the term of their respective employment agreements, provided that they were willing to continue employment on similar terms. Our Compensation Committee believes that these severance arrangements promote stability and continuity of senior management. These employment agreements also provide for equity award acceleration (excluding performance unit awards) upon a change in control (as defined in our Incentive Award Plan) in order to ensure that our Co-CEOs and CFO realize the value of their time-based equity incentive awards if they bring us through a successful sale transaction (accelerated vesting with respect to performance unit awards is governed by the terms of those awards, as described below under the heading "—Potential Payments Upon Termination or Change in Control"). By including these severance and change in control arrangements in the employment agreements, our Compensation Committee believes we can reinforce and encourage the continued attention and dedication of these NEOs to their assigned duties without distraction in the face of an actual or threatened transaction and ensure that these NEOs are motivated to negotiate the best acquisition consideration for our stockholders.

For a description of the material terms of these NEO employment agreements, as well as the treatment of outstanding equity awards in connection with a change in control or qualifying termination, see "—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2016 Table" and "—Potential Payments Upon Termination or Change in Control" below.

Governance Policies Relating to Compensation

Minimum Ownership Guidelines

The Company's Board of Directors expects the Co-CEOs and the CFO to own a meaningful equity interest in the Company to more closely align the interests of our executive officers with those of stockholders. Accordingly, the Board has established equity ownership guidelines for the Co-CEOs and the CFO. The executives are required to hold common equity with a value equivalent to a multiple of their salary as listed in the table below:

Title	Multiple
Co-CEOs	6 x Base Salary
CFO	3 x Base Salary

These NEOs have until December 2020 to meet the share ownership guidelines. Vested and unvested restricted common stock and LTIP Units count toward the equity ownership guidelines (in addition to shares of common stock and units in our operating partnership), excluding unearned Performance-Vesting LTIP Units.

Anti-Hedging Policy

The Board has established an anti-hedging policy applicable to our officers, directors, other employees and their family members. The policy prohibits any director, officer or other employee of the Company and his or her family members from trading in puts, calls or other derivative securities based on the Company's securities. In addition, certain forms of hedging or monetization transactions, such as zero-cost collars and forward sale contracts, allow a stockholder to lock in much of the value of his or her holdings, often in exchange for all or part of the potential upside appreciation

in the share holdings. These transactions allow the stockholder to continue to own the covered securities, but without the full risks and rewards of ownership. When that occurs, the owner may no longer have the same objectives as the Company's other stockholders. Therefore, directors, officers, other employees and their family members are prohibited from engaging in any such transactions with respect to the common stock owned.

Anti-Pledging Policy

The Board has established an anti-pledging policy applicable to our officers, directors, other employees and their family members. The policy prohibits any director, officer or other employee of the Company and his or her family members from pledging or using as collateral, the Company's securities in order to secure personal loans, lines of credit or other obligations, including holding Company securities in a margin account. Exceptions to this policy are granted where (i) the securities pledged are not needed to satisfy the minimum ownership level required by the Company's stock ownership guidelines, (ii) such individual has and maintains a sufficient amount of immediately available cash or securities at all times to prevent a sale of the Company's securities during a time when such sale would be prohibited and (iii) the securities pledged are not utilized as part of any hedging transaction prohibited by the Company's anti-hedging policy described above.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Code disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for our chief executive officer and each of the other named executive officers (other than our chief financial officer), unless compensation is performance based. We believe that we qualify as a REIT under the Code and generally are not subject to federal income taxes, provided we distribute to our stockholders at least 90% of our taxable income each year. As a result of the Company's tax status as a REIT, the loss of a deduction under Section 162(m) of the Code may not affect the amount of federal income tax payable by the Company. In approving the amount and form of compensation for our named executive officers in the future, our Compensation Committee will consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m) of the Code, if any. However, our Compensation Committee may, in its judgment, authorize compensation payments that are subject to deduction limitations under Section 162 (m) of the Code when it believes that such payments are appropriate to attract and retain executive talent.

Section 280G of the Internal Revenue Code

Section 280G of the Code disallows a tax deduction with respect to excess parachute payments to certain executives of companies that undergo a change in control. In addition, Section 4999 of the Code imposes a 20% penalty on the individual receiving the excess payment.

Parachute payments are compensation that is linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Section 280G of the Code based on the executive's prior compensation. In approving the compensation arrangements for our named executive officers in the future, our Compensation Committee will consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 280G of the Code. However, our Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Section 280G of the Code and the imposition of excise taxes under Section 4999 of the Code when it believes that such arrangements are appropriate to attract and retain executive talent.

Note that none of our NEOs (or other executives or employees) are entitled to any tax gross-up or similar payments with respect to any excise taxes imposed in accordance with the foregoing.

Accounting Standards

ASC Topic 718 requires us to calculate the grant date “fair value” of our stock-based awards using a variety of assumptions. ASC Topic 718 also requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of restricted stock, Service-Vesting LTIP Units and Performance-Vesting LTIP Units under our equity incentive award plans will be accounted for under ASC Topic 718. Our Compensation Committee will regularly consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align the accounting expense of our equity awards with our overall executive compensation philosophy and objectives.

(1) Amounts shown in the “Salary” column reflect the base salary earned by each NEO during the applicable year.

(2) Amounts shown in the “Bonus” column reflect the payment of discretionary bonuses awarded to the NEOs with respect to performance during the applicable year.

Amounts shown in the “Non-Equity Incentive Plan Compensation” column reflect annual cash bonus awards earned (3) for performance in 2016. Prior to 2016, we awarded discretionary performance bonuses to our NEOs, which are reflected in the “Bonus” column.

Amounts shown in the “All Other Compensation” column reflect medical insurance premiums paid by or reimbursed (4) to the NEO by the Company during 2016, 2015 and 2014, respectively, for the direct or indirect benefit of the NEO that are not generally available to all other employees of the Company.

Amounts for 2016 reflect the full grant-date fair value of Service-Vesting LTIP Units, Performance-Vesting LTIP Units and restricted stock awards granted in 2016 computed in accordance with ASC Topic 718, rather than the (5) amounts paid to or realized by the named individual. We provide detailed information regarding the assumptions used to calculate the value of Service-Vesting LTIP Units and Performance-Vesting LTIP Units made to executive officers in Note 14 to our consolidated financial statements

contained in our Annual Report on Form 10-K filed February 23, 2017. There can be no assurance that awards will vest (in which case no value will be realized by the individual). The Performance-Vesting LTIP Unit awards are treated as market condition shares as defined under ASC Topic 718, and as a result, the grant date values will not differ from the fair values.

Amount reflects (i) medical insurance premiums of \$9,572 paid by the Company during 2016 for the direct or (6) indirect benefit of the NEO that are not generally available to all other employees of the Company and (ii) reimbursement of relocation expenses and temporary housing expense of \$27,406.

(1) Represents threshold, target and maximum annual cash bonus opportunities for performance in 2016.

Represents awards of Performance-Vesting LTIP Units in our operating partnership. The amounts in the threshold, target and maximum columns correspond to the number of base Performance-Vesting LTIP Units that would be earned in the event that specified threshold, target and maximum goals, respectively, are achieved. These amounts (2) exclude distribution equivalent units which are eligible to vest upon the conclusion of the applicable performance period based on the number of performance units actually earned. For more information on these performance unit awards, see “Compensation Discussion and Analysis—Elements of Compensation-Long-Term Incentives”.

Represents awards of Service-Vesting LTIP Units in our operating partnership. For more information on these (3) Service-Vesting LTIP Unit awards, see “Compensation Discussion and Analysis—Elements of Compensation—Long-Term Incentives”.

(4) Represents a time-based award of restricted common stock in the Company.

Amounts for 2016 reflect the full grant-date fair value of Service-Vesting LTIP Units, Performance-Vesting LTIP Units and restricted stock awards granted in 2016 computed in accordance with ASC Topic 718, rather than the amounts paid to or realized by the named individual. We provide detailed information regarding the assumptions

(5) used to calculate the value of Service-Vesting LTIP Units and Performance-Vesting LTIP Units granted to executive officers in Note 14 to our consolidated financial statements contained in our Annual Report on Form 10-K filed February 23, 2017. There can be no assurance that awards will vest (in which case no value will be realized by the individual).

Executive Compensation Arrangements

Below are summaries of the key terms of the employment and letter agreements applicable to our NEOs. The employment agreements for Messrs. Schwimmer, Frankel and Khan also provide for certain severance and change-in-control payments and benefits, as described below under “Potential Payments upon Termination or Change in Control.”

Howard Schwimmer and Michael Frankel

In July 2013, we entered into employment agreements with Messrs. Schwimmer and Frankel, which became effective upon the completion of our IPO. The following is a summary of the material terms of the agreements.

Under the employment agreements, Messrs. Schwimmer and Frankel each serve as a Co-Chief Executive Officer of our Company and report directly to our Board. The initial term of the employment agreements will end on the fourth anniversary of the completion of our IPO, or July 24, 2017. On that date, and on each subsequent one year anniversary of such date, the term of the employment agreements will automatically be extended for one year, unless earlier terminated. Pursuant to the employment agreements, during the terms of Messrs. Schwimmer’s and Frankel’s employment, we will nominate each for election as a director.

Under the employment agreements, Messrs. Schwimmer and Frankel each receive initial annual base salaries of \$495,000, which are subject to increase at the discretion of our Compensation Committee. In addition, each of Messrs. Schwimmer and Frankel will be eligible to receive an annual discretionary cash performance bonus targeted at 100% of the executive’s then-current annual base salary. The actual amount of any such bonuses will be determined by reference to the attainment of applicable company and/or individual performance objectives, as determined by our Compensation Committee.

In connection with entering into the employment agreements and as described below, Messrs. Schwimmer and Frankel were each granted an award of 285,715 shares of our restricted common stock (of which 281,395 shares subject to each award were cancelled as of December 31, 2013 in connection with the Accommodation, as further described in our Annual Report on Form 10-K filed on February 25, 2016). These restricted stock awards vest in four equal, annual installments on each of the first four anniversaries of the date of grant, subject to each executive’s continued service through the applicable vesting date. In addition, beginning in calendar year 2014 and for each calendar year thereafter, Messrs. Schwimmer and Frankel are each eligible to receive an annual equity award, as determined by our Compensation Committee in its sole discretion. Messrs. Schwimmer and Frankel are also eligible

to participate in customary health, welfare and fringe benefit plans, and, subject to certain restrictions, healthcare benefits will be provided to them and their eligible dependents at our sole expense. Each of Messrs. Schwimmer and Frankel accrues four weeks of paid vacation per year.

Adeel Khan

In November 2014, we entered into an employment agreement with Mr. Khan. The following is a summary of the material terms of the agreement.

Under the employment agreement, Mr. Khan continues to serve as Chief Financial Officer of our Company and reports directly to the Co-Chief Executive Officers of our Company or their designee. The initial term of the employment agreement will end on the third anniversary of the effective date, or November 25, 2017.

Under the employment agreement, Mr. Khan receives an annual base salary of \$315,000, which is subject to annual review and increase at the discretion of our Compensation Committee. In addition, Mr. Khan will be eligible to receive an annual discretionary cash performance bonus targeted at 80% of Mr. Khan's base salary actually paid for such year. The actual amount of any such bonus will be determined by reference to the attainment of applicable Company and/or individual performance objectives, as determined by our Compensation Committee, and may be greater or less than the target amount, or zero.

Mr. Khan is eligible to participate in customary health, welfare and fringe benefit plans, and, subject to certain restrictions, healthcare benefits will be provided to him and his eligible dependents at our sole expense. Mr. Khan accrues four weeks of paid vacation per year.

David Lanzer

In December 2015, we entered into an employment offer letter with Mr. Lanzer. The following is a summary of the material terms of the offer letter.

Under the offer letter, Mr. Lanzer serves as General Counsel and Secretary of our Company and reports directly to the Co-Chief Executive Officers of our Company or their designee.

Under the offer letter, Mr. Lanzer receives an initial annual base salary of \$250,000. In addition, Mr. Lanzer is eligible to receive an annual discretionary cash performance bonus and an annual discretionary equity bonus, each targeted at 35%-60% of Mr. Lanzer's base salary. The actual amount of any such bonuses will be determined by reference to the attainment of applicable Company and/or individual performance objectives, as determined by our Compensation Committee, and may be greater or less than the target amount, or zero.

As described above, under "—Long-Term Incentives", in connection with his commencement of employment, Mr. Lanzer was granted an award of 5,495 shares of our restricted common stock on April 2, 2016. This restricted stock award vests in four equal, annual installments on each of the first four anniversaries of the date of grant, subject to Mr. Lanzer's continued service through the applicable vesting date.

Mr. Lanzer is eligible to participate in customary health, welfare and fringe benefit plans, and, subject to certain restrictions, healthcare benefits will be provided to him and his eligible dependents at our sole expense. Mr. Lanzer accrues up to four weeks of paid vacation per year.

Further, under his employment offer letter, Mr. Lanzer was entitled to reimbursement of relocation expenses associated with his permanent relocation of up to \$15,000, and temporary housing expenses of up to \$2,000 per month through October 31, 2016.

(1) In addition to the vesting schedules described below, each equity award may be subject to accelerated vesting in certain circumstances, as described in “Potential Payments upon Termination or Change in Control” below.

(2) The market value of shares of restricted stock and Service- and Performance-Vesting LTIP Units that have not vested is calculated by multiplying the fair market value of a share of our common stock on December 31, 2016 (\$23.19) by the number of unvested shares of restricted stock or unvested Service- or Performance-Vesting LTIP Units outstanding under the applicable award.

(3) The market value of unearned Performance-Vesting LTIP Units is calculated by multiplying the fair market value of a share of our common stock on December 31, 2016 (\$23.19) by the number of unearned shares disclosed in accordance with SEC rules and footnotes 7 and 9.

(4) Each restricted stock award will vest as to 25% of the number of shares subject to the award on each of the first, second, third and fourth anniversaries of the date of grant, subject to the executive's continued service with us through the applicable vesting date. The unvested portion of these awards is scheduled to vest in one remaining installment on July 24, 2017.

(5) Each restricted stock award will vest as to 25%, 25% and 50% of the number of shares subject to the award on each of the first, second and third anniversaries of the date of grant, subject to the executive's continued service with us through the applicable vesting date. The unvested portion of these awards is scheduled to vest in one remaining installment on October 23, 2017.

(6) Each Service-Vesting LTIP Unit award will vest as to 25% of the number of Service-Vesting LTIP Units subject to the award on each of the first, second, third and fourth anniversaries of the date of grant, subject to the executive's continued employment with us through the applicable vesting date. The unvested portions of these awards are scheduled to vest in three remaining installments on December 15, 2017, December 15, 2018, and December 15, 2019.

(7) Represents the number of Performance-Vesting LTIP Units, excluding distribution equivalent units, that would become earned and vested at the end of the performance period, assuming that the Company's absolute and relative TSR performance for the three-year performance period continues at the same rate as we experienced from December 15, 2015 (the first day of the performance period) through December 31, 2016.

(8) Each Service-Vesting LTIP Unit award will vest as to 25% of the number of Service-Vesting LTIP Units subject to the award on each of the first, second, third and fourth anniversaries of the date of grant, subject to the executive's continued employment with us through the applicable vesting date. The unvested portions of these awards are scheduled to vest in four installments on December 29, 2017, December 29, 2018, December 29, 2019, and December 29, 2020.

(9) Represents the number of Performance-Vesting LTIP Units, excluding distribution equivalent units, that would become earned and vested at the end of the performance period, assuming that the Company's absolute TSR performance for the three-year performance period continues at the same rate as we experienced from December 29, 2016 (the first day of the performance period) through December 31, 2016, and the Company's relative TSR performance for the three-year performance period is achieved at the threshold level.

(10) This restricted stock award will vest in substantially equal 1/3 installments on each of the first, second and third anniversary of the date of grant, subject to Mr. Khan's continued service with us through the applicable vesting date. The unvested portion of this award is scheduled to vest on July 17, 2017.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Agreements

Pursuant to the terms of the employment agreements for Messrs. Schwimmer and Frankel, if Mr. Schwimmer's or Mr. Frankel's employment is terminated by our Company without "cause," by the executive for "good reason" (each, as defined in the applicable employment agreement) or because our Company elects not to renew the term of the employment agreement then, in addition to any accrued amounts, the executive will be entitled to receive the following:

A lump-sum payment in an amount equal to three times the sum of (i) the executive's annual base salary then in effect, (ii) the average annual bonus earned by the executive for the three prior fiscal years (substituting target bonus in the average for any fiscal year not yet completed if fewer than three fiscal years have been completed) and (iii) the average value of any annual equity awards(s) made to the executive during the prior three fiscal years (excluding the initial grant of restricted stock granted pursuant to the employment agreements, any award(s) granted pursuant to a multi-year, outperformance or long-term performance program and any other non-recurring awards), or if fewer than three years have elapsed, over such lesser number of years;

a lump-sum payment in an amount equal to (i) any annual bonus relating to the year immediately preceding the year in which the termination date occurs that remains unpaid on the termination date (if any), and (ii) a pro rata portion of the executive's target bonus for the partial fiscal year in which the termination date occurs;

other than with respect to the performance units (discussed below), accelerated vesting of all outstanding equity awards held by the executive as of the termination date; and

company-paid continuation healthcare coverage for 18 months after the termination date.

Upon a termination of employment by reason of death or disability, Messrs. Schwimmer and Frankel or their respective estates will be entitled to accelerated vesting of all outstanding equity awards held by the executive as of the termination date other than the performance units (discussed below), in addition to any accrued amounts. In addition, upon a change in control of our Company (as defined in the Incentive Award Plan), Messrs. Schwimmer

and Frankel will be entitled to accelerated vesting of all outstanding equity awards held by such executive, other than the performance units (discussed below), as of the date of the change in control.

Pursuant to the terms of the employment agreement for Mr. Khan, if Mr. Khan's employment is terminated by our Company without "cause," or by Mr. Khan for "good reason" (each, as defined in Mr. Khan's employment agreement) then, in addition to any accrued amounts, Mr. Khan will be entitled to receive the following:

• a lump-sum payment in an amount equal to Mr. Khan's annual base salary then in effect;

• a pro rata portion of Mr. Khan's annual bonus for the partial fiscal year in which the termination date occurs, payable in a lump sum on the date on which annual bonuses are paid to our Company's senior executives generally for such year;

• other than with respect to the performance units (discussed below), accelerated vesting of all outstanding equity awards that vest based solely on the passage of time held by Mr. Khan as of the termination date; and

• company-paid continuation healthcare coverage for up to 18 months after the termination date.

Upon a termination of employment by reason of death or disability, Mr. Khan or his estate will be entitled to accelerated vesting of all outstanding equity awards that vest based solely on the passage of time held by Mr. Khan as of the termination date, in addition to any accrued amounts. In addition, upon a "change in control" of our Company (as defined in the Incentive Award Plan), Mr. Khan will be entitled to accelerated vesting of all outstanding equity awards held by him, other than the performance units (discussed below), as of the date of the change in control.

Messrs. Schwimmer, Frankel and Khan's right to receive their respective severance payments and benefits described above is subject to the applicable executive's delivery and non-revocation of an effective general release of claims in favor of our Company. The employment agreements with Messrs. Schwimmer, Frankel and Khan also contain customary confidentiality and non-solicitation provisions.

In addition, each of Messrs. Schwimmer, Frankel and Khan's employment agreements provide that, to the extent that any change in control payment or benefit to the applicable executive would be subject to an excise tax imposed in connection with Section 4999 of the Code, such payments and/or benefits may be subject to a "best pay cap" reduction to the extent necessary so that the executive receives the greater of the (i) net amount of the change in control payments and benefits reduced such that such payments and benefits will not be subject to the excise tax and (ii) net amount of the change in control payments and benefits without such reduction. No NEO (or other employee) is entitled to any tax gross-up payment in connection with change in control payments (or otherwise).

Service-Vesting LTIP Units and Performance-Vesting LTIP Units

Termination of Employment. If Messrs. Schwimmer, Frankel or Khan's employment is terminated by the Company other than for "cause," by the executive for "good reason," or due to the executive's death or "disability" (each as defined in the applicable award agreement) or, in the case of Messrs. Schwimmer or Frankel, upon the Company's non-renewal of the executive's employment agreement, in any case, then:

• his Service-Vesting LTIP Units will vest in full; and

• his Performance-Vesting LTIP Units will remain outstanding and eligible to vest based on the achievement of the performance goals during the performance period.

Change in Control. In the event of a change in control, Messrs. Schwimmer, Frankel and Khan's Service-Vesting LTIP Units will vest in full. In addition, if a change in control occurs before the end of a performance period, then: If the change in control occurs on or prior to the first anniversary of the grant date of the Performance-Vesting LTIP Units, the number of Performance-Vesting LTIP Units that vest will depend on whether the Company's absolute TSR is attained at or above the threshold level as of the change in control. If it is not attained at or above the threshold level, then the number of Performance-Vesting LTIP Units that vest will equal the sum of (i) (x) the number of Absolute TSR Base Units which vest based on the achievement of pro-rated absolute TSR performance goals (determined by reference to the shortened performance period through the date of the change in control), plus (y) the number of Relative TSR Base Units which vest based on achievement of the relative TSR performance goals, pro-rated to reflect the shortened performance period through the change in control date (such number, the "Year 1 CIC base units"), plus (ii) the distribution equivalent units (calculated with respect to the Year 1 CIC base units). If the Company's absolute TSR is attained at or above the threshold level as of the change in control, then the same calculation will apply, except that the number of Absolute TSR Base Units comprising the total vested amount will equal the greater of the number of Absolute TSR Base Units that vest based on the achievement of pro-rated absolute TSR performance goals (determined by reference to the shortened performance period through the date of the change in control) and the number of Absolute TSR Base Units that vest based on the achievement of Company's absolute TSR. Any Performance-Vesting LTIP Units that vest as described in this paragraph will vest immediately prior to the change in control, subject to the NEO's continued employment until immediately prior to the change in control (except in the case of an earlier qualifying termination, as discussed above).

If the change in control occurs following the first anniversary of the grant date of the performance units, a number of Performance-Vesting LTIP Units equal to the sum of (i) (x) the number of Absolute TSR Base Units that vest based on the achievement of pro-rated absolute TSR performance goals (determined by reference to the shortened performance period as of the date of the change in control) plus (y) the number of Relative TSR Base Units that vest based on achievement of the relative TSR performance goals (such number of base units, the "Year 2/3 CIC base units"), plus (ii) the distribution equivalent units (calculated with respect to the Year 2/3 CIC base units), will vest immediately prior to the change in control, subject to the NEO's continued employment until immediately prior to the change in control (or an earlier qualifying termination as discussed above).

Summary of Potential Payments Upon Termination or Change in Control

The following table summarizes the payments that would be made to Messrs. Schwimmer, Frankel and Khan upon the occurrence of certain qualifying terminations of employment or a change in control, in any case, occurring on December 31, 2016. Amounts shown do not include (i) accrued but unpaid base salary through the date of termination, or (ii) other benefits earned or accrued by the NEO during his employment that are available to all salaried employees, such as accrued vacation. For purposes of the table, a “qualifying termination” refers to a termination by the executive for “good reason” or by the Company without “cause” or, with respect to Messrs. Schwimmer and Frankel, a termination due to Company non-renewal of the executive’s employment agreement. Mr. Lanzer is not entitled to any payments or benefits in connection with his termination of employment or upon a change in control and, as such, is not listed in this table.

In accordance with the employment agreement terms, if any payments made in connection with a change in control would otherwise be subject to an excise tax under Section 4999 of the Code by reason of the “golden parachute” rules contained in Section 280G of the Code, such payments will be reduced if and to the extent that doing so will result in net after-tax payments and benefits for the NEO that are more favorable than the net after-tax payments and benefits payable to the NEO in the absence of such a reduction after the imposition of the excise tax. The figures reported in this column do not reflect any such reductions as a result of Code Section 280G limits. No NEO (or other employee) is entitled to any tax gross-up payment in connection with change in control payments (or otherwise).

⁽¹⁾ Represents, for each NEO, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock and all outstanding Service-Vesting LTIP Units held by the NEO as of December 31, 2016 and (ii) the number of Performance-Vesting LTIP Units that would

become earned and vested at the end of the performance period, assuming absolute and relative TSR performance continues at the same rate as we experienced from the first day of the applicable performance period through December 31, 2016, including the assumed number of distribution equivalent units that will be allocated in connection with those units. Note, however, that the value of the Performance-Vesting LTIP Unit awards would ultimately reflect actual performance and, accordingly, if our actual TSR results vary, the amounts payable in respect of these awards under this scenario could be greater or less than the amounts reported. As required by applicable disclosure rules, these values reflect a hypothetical termination of the executive's employment occurring on December 31, 2016.

Represents, for each NEO, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock and all outstanding Service-Vesting LTIP Units held by the NEO as of December 31, 2016 and (ii) the accelerated vesting of the NEO's Performance-Vesting LTIP Unit award as described in the narrative above. The Performance-Vesting LTIP Unit awards were valued for each NEO by multiplying (i) the number of Performance-Vesting LTIP Units that would have been earned as if the date of the change in control occurred on December 31, 2016, by (ii) the fair market value of a share of our common stock on December 31, 2016 (\$23.19). The number of Performance-Vesting LTIP Units that would have been earned as of December 31, 2016 is based on the Company's actual TSR performance from the first day of the applicable performance period through December 31, 2016. As required by applicable disclosure rules, these values reflect a hypothetical change in control occurring on December 31, 2016.

Represents, for each NEO, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock and all outstanding Service-Vesting LTIP Units held by the NEO as of December 31, 2016 and (ii) the accelerated vesting of the NEO's Performance-Vesting LTIP Unit award as described in the narrative above with respect to a change in control. The Performance-Vesting LTIP Unit awards were valued for each NEO by multiplying (i) the number of Performance-Vesting LTIP Units that would have been earned as if the date of the change in control occurred on December 31, 2016, by (ii) the fair market value of a share of our common stock on December 31, 2016 (\$23.19). The number of Performance-Vesting LTIP Units that would have been earned as of December 31, 2016 is based on the Company's actual TSR performance from the first day of the applicable performance period through December 31, 2016. As required by applicable disclosure rules, these values reflect a hypothetical change in control and qualifying termination occurring on December 31, 2016.

STOCK OWNERSHIP

PRINCIPAL STOCKHOLDERS

The following table sets forth certain information regarding the beneficial ownership of shares of our common stock and shares of common stock into which common units of limited partnership held in our operating partnership (“common units”) are exchangeable as of March 31, 2017 for (i) each person who is the beneficial owner of 5% or more of our outstanding common stock, (ii) each of our directors and NEOs, and (iii) all of our directors and executive officers as a group. Each person named in the table has sole voting and investment power with respect to all of the shares of our common stock shown as beneficially owned by such person, except as otherwise set forth in the notes to the table. The extent to which a person holds shares of common stock as opposed to units is set forth in the footnotes below.

The SEC has defined “beneficial ownership” of a security to mean the possession, directly or indirectly, of voting power and/or investment power over such security. A stockholder is also deemed to be, as of any date, the beneficial owner of all securities that such stockholder has the right to acquire within 60 days after that date through (a) the exercise of any option, warrant or right, (b) the conversion of a security, (c) the power to revoke a trust, discretionary account or similar arrangement, or (d) the automatic termination of a trust, discretionary account or similar arrangement. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options or other rights (as set forth above) held by that person that are exercisable as of March 31, 2017, or will become exercisable within 60 days thereafter, are deemed outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person.

Unless otherwise indicated, the address of each named person is c/o Rexford Industrial Realty, Inc., 11620 Wilshire Boulevard, Suite 1000, Los Angeles, California 90025.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. SEC regulations require us to identify anyone who failed to file a required report or filed a late report during the most recent fiscal year. Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no Forms 5 were required for such persons, we believe that, during the fiscal year ended December 31, 2016, our executive officers, directors and 10% stockholders complied with all Section 16(a) filing requirements applicable to them, with the following exceptions: a delinquent Form 4 filing for David Lanzer covering one transaction with respect to a restricted stock grant in April 2016 and a delinquent Form 4 filing for Adeel Khan relating to an open market purchase of shares of Series A Preferred Stock in November 2016.

RELATED-PARTY AND OTHER TRANSACTIONS INVOLVING OUR OFFICERS AND DIRECTORS

We describe below transactions and series of similar transactions, during our last fiscal year, to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and
any of our directors, executive officers, holders of more than 5% of our outstanding common stock or any member of their immediate family had or will have a direct or indirect material interest.

REGISTRATION RIGHTS

In connection with the completion of our IPO, we entered into a registration rights agreement with the various persons receiving shares of our common stock and/or common units in the formation transactions and concurrent private placement, including certain of our executive officers. Pursuant to the registration rights agreement, we filed a registration statement on Form S-3 covering the resale of the shares of our common stock issued in the formation transactions and the concurrent private placement and the resale of the shares of our common stock issued or issuable, at our option, in exchange for common units issued in the formation transactions. We may, at our option, register the issuance by us of shares of our common stock under the Securities Act of 1933, as amended, in lieu of our operating partnership's obligation to pay cash for such units. We agreed to pay all of the expenses relating to the securities registrations described above.

Tax Matters Agreement

We entered into a tax matters agreement with certain limited partners of our operating partnership, including Messrs. Ziman, Schwimmer and Frankel, (in such capacity, the "Tax Matters Representatives"). Under this agreement, our operating partnership will indemnify such limited partners for their tax liabilities (plus an additional amount equal to the taxes incurred as a result of such indemnity payment) attributable to their share of the built-in gain, as of the completion of the formation transactions, with respect to their interest in certain properties in our portfolio as of the date of our IPO if the operating partnership, without the consent of at least two of the Tax Matters Representatives, disposes of any interest with respect to such properties in a taxable transaction during the shorter of the seven-year period after the completion of our formation transactions and the date on which more than 50% of the common units originally received by any such limited partner in our formation transactions have been sold, exchanged or otherwise disposed of by the limited partner, subject to certain exceptions and limitations. In addition, if during the period ending on the twelfth anniversary of the completion of the formation transactions we fail to offer certain limited partners an opportunity to guarantee, in the aggregate, up to approximately \$19 million of our outstanding indebtedness, or if we fail to make commercially reasonable efforts to provide such partners who continue to own at least 50% of the common units originally received by such partners in the formation transactions with an opportunity to guarantee debt after this period, our operating partnership will be required to indemnify such limited partners against their resulting tax liabilities (plus an additional amount equal to the taxes they incur as a result of such indemnity payment). Messrs. Ziman, Schwimmer and Frankel will have the opportunity to guarantee up to approximately \$1.2 million, \$5.5 million and \$3.1 million respectively, of our outstanding indebtedness pursuant to the tax matters agreement. Among other things, this opportunity to guarantee debt is intended to allow the participating limited partners to defer the recognition of gain in connection with our formation transactions. The sole and exclusive rights and remedies of any limited partner under the tax matters agreement shall be a claim against our operating partnership for such limited partner's tax liabilities as calculated in the tax matters agreement, and no limited partner shall be entitled to pursue a claim for specific performance or bring a claim against any person that acquires a property from our operating partnership in violation of the tax matters agreement.

Employment Agreements

We entered into employment agreements with certain of our NEOs, which will provide for salary, bonus and other benefits, including severance upon a termination of employment under certain circumstances. The material terms of the employment agreements with our NEOs are described above under the heading “Executive Compensation.”

Property Management Agreements

Prior to the formation transactions, Rexford Industrial Realty and Management, Inc. (our “services company”) provided management services to the Rexford Funds. As part of the formation transactions, our services company became a wholly owned subsidiary of our operating partnership. Mr. Schwimmer owns interests in 18 properties representing approximately 1.0 million rentable square feet that are not part of the Rexford Funds portfolio. Mr. Schwimmer’s investments in these properties are more than a decade old and pre-date the formation of the Rexford Funds. These properties have been managed by our services company since completion of the IPO pursuant to property management agreements. In 2016, these management services generated revenues of \$318,000 for the services company. Conflicts of interest may exist or could arise in the future as a result of this relationship, including the decision of whether to extend, terminate or re-negotiate these property management agreements.

Equity Incentive Award Plan

In connection with the formation transactions, we adopted a cash and equity-based incentive award plan for our directors, officers, employees and consultants. The material terms of equity awards granted pursuant to the plan are described above under the heading “Executive Compensation.”

Indemnification of Officers and Directors

Upon completion of our IPO, our charter and Bylaws provided for certain indemnification rights for our directors and officers and we entered into indemnification agreements with each of our executive officers and directors, providing for procedures for indemnification and advancements by us of certain expenses and costs relating to claims, suits or proceedings arising from their service to us or, at our request, service to other entities, as officers, directors, partners, trustees, managers or members to the maximum extent permitted by Maryland law. We also entered into indemnification agreements with Messrs. Schwab and Rose upon their appointment by the Board to serve as directors.

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

We have operated under our Code of Business Conduct and Ethics policy since our IPO in July 2013. As part of our Code of Business Conduct and Ethics, our officers, directors and employees are expected to engage in honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships.

We have adopted a written policy regarding the review, approval and ratification of any related party transaction. Under this policy, our Audit Committee will review the relevant facts and circumstances of each related party transaction, including if the transaction is on terms comparable to those that could be obtained in arm’s-length dealings with an unrelated third party before approving such transaction. Any related party transaction shall be consummated and shall continue only if the Audit Committee or our Board of Directors has approved or ratified the transaction in accordance with the guidelines set forth in the policy. For purposes of our policy, a “Related Party Transaction” is (i) a transaction, arrangement or relationship, including any indebtedness or guarantee of

indebtedness, (or any series of similar transactions, arrangements or relationships) in which we (including any of our subsidiaries) was, is or will be a participant, and in which any Related Party (as defined below) had, has or will have a direct or indirect interest or (b) any amendment or modification to such a transaction, arrangement or relationship, regardless of whether such transaction, arrangement or relationship has previously been approved in accordance with our policy. For purposes of this policy, a “Related Party” is:

- any person who is, or at any time since the beginning of our last fiscal year was, a director or executive officer of ours or a nominee to become a director of ours;
- any person who is (or was) the beneficial owner of more than 5% of any class of our voting securities when the Related Party Transaction in question is expected to occur or exist (or when it occurred or existed);
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of such director, executive officer, nominee or more than 5% beneficial owner, and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than 5% beneficial owner; and
- any firm, corporation or other entity in which any of the foregoing persons is employed or is a director, officer, general partner or principal or serves in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Nothing in this section shall be deemed to require us to include in our Proxy Statement or our proxy relating to any annual meeting any stockholder proposal that does not meet all of the requirements for inclusion established by the SEC.

In addition, our Bylaws currently require that we be given advance written notice of nominations for election as directors and other matters that stockholders wish to present for action at an annual meeting of stockholders (other than matters included in our proxy materials in accordance with Rule 14a-8 under the Exchange Act). Our Secretary must receive such notice at the address set forth on the first page of this Proxy Statement not later than the close of business on December 14, 2017 and no earlier than November 14, 2017 for nominations and other matters to be presented at the 2018 annual meeting of our stockholders. If any other matters are properly brought before the Annual Meeting or any continuation, postponement or adjournment of the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their discretion. It is important that the proxies be returned promptly and that you be represented. APPENDIX A - RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

FFO, Core FFO and Core FFO Per Share

FFO

We calculate FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts (“NAREIT”). FFO represents net income (loss) (computed in accordance with GAAP, excluding gains (or losses) from sales of depreciable operating property, real estate related depreciation and amortization (excluding amortization of deferred financing costs), impairment write-downs of depreciable real estate, and after adjustments for unconsolidated partnerships and joint ventures.

Management uses FFO as a supplemental performance measure because, in excluding real estate related depreciation and amortization, gains and losses from property dispositions, and asset impairments, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that, as a widely recognized measure of performance used by other REITs, FFO may be used by investors as a basis to compare our operating performance with that of other REITs.

However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effects and could materially impact our results from operations, the utility of FFO as a measure of our performance is limited. Other equity REITs may not calculate or interpret FFO in accordance with the NAREIT definition as we do, and, accordingly, our FFO may not be comparable to such other REITs’ FFO. FFO should not be used as a measure of our liquidity, and is not indicative of funds available for our cash needs, including our ability to pay dividends.

Core FFO

We also present Core FFO by adjusting FFO to exclude the impact of certain items that we do not consider indicative of our on-going operating performance. These adjustments consist of non-recurring legal fees related to litigation involving certain of the Company’s pre-IPO investors and acquisitions expenses. We believe that Core FFO is a useful supplemental measure as it provides a more meaningful and consistent comparison of our operating performance and allows investors to more easily compare our operating results.

Core FFO per share

Core FFO per share is calculated as Core FFO available to common stockholders divided by the weighted average shares of common stock outstanding – diluted.

The following table presents our FFO, Core FFO and Core FFO per share for the year ended December 31, 2016 (unaudited and in thousands, except per share amounts):

	Year Ended December 31, 2016
Net income	\$ 25,876
Add:	
Depreciation and amortization	51,407
Depreciation and amortization from unconsolidated joint ventures ⁽¹⁾	10
Deduct:	
Gain on sale of real estate	(17,377)
Gain on sale of real estate from unconsolidated joint venture	(1,332)
FFO	58,584
Add:	
Legal reimbursements	(1,032)
Acquisition expenses	1,855
Core FFO	59,407
Less: preferred stock dividends	(1,983)
Less: Core FFO attributable to noncontrolling interests ⁽²⁾	(1,774)
Less: Core FFO attributable to participating securities ⁽³⁾	(480)
Core FFO available to common stockholders	\$ 55,170
Core FFO per diluted share	\$ 0.88
Weighted-average shares of common stock outstanding - diluted	62,966

(1) Amount represents our 15% ownership interest in a joint venture that owned the property located at 3233 Mission Oaks Boulevard.

(2) Noncontrolling interests represent holders of outstanding common units of the Company's operating partnership that are owned by unit holders other than us.

(3) Participating securities include unvested shares of restricted stock, unvested Service-Vesting LTIP Units and unvested Performance-Vesting LTIP Units.

NOI and Cash NOI (Including our Same Property Portfolio)

NOI

NOI is a non-GAAP measure, which includes the revenue and expense directly attributable to our real estate properties. NOI is calculated as total rental revenues from real estate operations including i) rental income, ii) tenant reimbursements, and iii) other income less property expenses (before interest expense, depreciation and amortization). We use NOI as a supplemental performance measure because, in excluding real estate depreciation and amortization expense and gains (or losses) from property dispositions, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that NOI will be useful to investors as a basis to compare our operating performance with that of other REITs. However, because NOI excludes depreciation and amortization expense and captures neither the changes in the value of our properties that result from use or market conditions, nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties (all of which have real economic effect and could materially impact our results from operations), the utility of NOI as a measure of our performance is limited. Other equity REITs may not calculate NOI in a similar manner and, accordingly, our NOI may not be comparable to such other REITs' NOI. Accordingly, NOI should be considered only as a supplement to net income as a measure of our performance. NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs. NOI should not be used as a substitute for cash flow from operating activities in accordance with GAAP.

Cash NOI

NOI on a cash-basis ("Cash NOI") is a non-GAAP measure, which we calculate by adding or subtracting from NOI (i) fair value lease revenue and (ii) straight-line rent adjustment. We use Cash NOI, together with NOI, as a supplemental performance measure. Cash NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs. Cash NOI should not be used as a substitute for cash flow from operating activities computed in accordance with GAAP.

Same Property Portfolio NOI and Same Property Portfolio Cash NOI

Same Property Portfolio NOI represents the NOI for a subset of our consolidated portfolio and includes the NOI attributable to properties that were wholly-owned by us as of January 1, 2015 and still owned by us as of December 31, 2016. Same Property Portfolio Cash NOI represents the Cash NOI for a subset of our consolidated portfolio and includes the Cash NOI attributable to properties that were wholly-owned by us as of January 1, 2015 and still owned by us as of December 31, 2016.

APPENDIX B - PROPOSED AMENDMENTS TO AMENDED AND RESTATED BYLAWS, AS AMENDED
If Proposal No. 4 is approved by stockholders, Section 7 of Article II of the Company's Bylaws would be amended as set forth below. Proposed additions are indicated by underline and proposed deletions are indicated by strike-out.
Section 7. VOTING.

(a) General. A plurality of all the votes cast at a meeting of stockholders duly called and at which a quorum is present shall be sufficient to elect a director. Each share may be voted for as many individuals as there are directors to be elected and for whose election the share is entitled to be voted. A majority of the votes cast at a meeting of stockholders duly called and at which a quorum is present shall be sufficient to approve any matter which may properly come before the meeting, except as otherwise provided in Section 7(b) of this Article II with respect to the election of directors, unless more than a majority of the votes cast is required by statute or by the Charter. Unless otherwise provided by statute or by the Charter, each outstanding share, regardless of class, shall be entitled to one vote on each matter submitted to a vote at a meeting of stockholders. Voting on any question or in any election may be viva voce unless the chairman of the meeting shall order that voting be by ballot or otherwise.

(b) Election of Directors. Except as otherwise provided in the Charter, a nominee for election as a director shall be elected as a director only if such nominee receives the affirmative vote of a majority of all the votes cast "for" and "against" the election of such nominee at any meeting of stockholders duly called and at which a quorum is present and directors are to be elected; provided, however, that directors shall be elected by a plurality of the votes cast at any meeting of the stockholders duly called and at which a quorum is present and directors are to be elected if, in connection with such meeting (a "Contested Election") (i) the secretary of the Corporation shall have received one or more notices that a stockholder has nominated or proposes to nominate one or more individuals for election as a director, which notice(s) purports to be in compliance with the requirements set forth in Section 11 of this Article II, irrespective of whether the Board of Directors at any time determines that any such notice(s) is not in compliance with such requirements, and (ii) as of the 14 day preceding the date of the proxy statement (as defined in Section 11(3)(c) of this Article II), such nomination or proposed nomination has not been withdrawn by such stockholder and the nomination of any such individual would cause the number of nominees to exceed the number of directors to be elected at such meeting, as determined by the secretary of the Corporation, irrespective of whether such nomination or proposed nomination is thereafter withdrawn by such stockholder.

APPENDIX C - PROPOSED AMENDMENTS TO CORPORATE GOVERNANCE GUIDELINES

If Proposal No. 4 is approved by stockholders, the following will be added after the first paragraph under the heading “Directors Who Resign or Materially Change Their Current Positions With Their Company” in our Corporate Governance Guidelines:

If, in any election of directors of the Company that is not a Contested Election (as defined in the Company's Bylaws), an incumbent director nominated for re-election is not re-elected in accordance with the Company's Bylaws, such incumbent director shall promptly offer to tender his or her resignation as a director, subject to acceptance thereof by the Board. The Nominating and Corporate Governance Committee must promptly consider any such offer to resign and make a recommendation to the Board as to whether such offer to resign should be accepted or rejected, or whether other action should be taken with respect to such offer to resign. Any incumbent director whose offer to resign is under consideration may not participate in any deliberation or vote of the Nominating and Corporate Governance Committee or the Board regarding such offer to resign. Notwithstanding the foregoing, in the event that (a) no nominee for election as a director receives the required vote, the Nominating and Corporate Governance Committee must make a final recommendation to the Board as to whether the Company will accept any or all resignations, including those resignations from the members of the Nominating and Corporate Governance Committee or (b) no nominee for election as a director that is a member of the Nominating and Corporate Governance Committee receives the required vote, but one or more nominees for election as a director receives the required vote, such elected director(s) shall make a final determination as to whether the Company shall accept any or all resignations, without the need for a recommendation by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, the elected directors (if applicable), and the Board may consider any factors they deem relevant in deciding whether to accept, reject or take other action with respect to any such offer to resign. Within 90 days after the date on which certification of the stockholder vote on the election of directors is made, the Board must publicly disclose its decision and rationale regarding whether to accept, reject or take other action with respect to such offer in a press release, a periodic or current report filed with the Securities and Exchange Commission or by other public announcement. If any director's offer to resign is not accepted by the Board, such director will continue to serve until his or her successor is duly elected and qualifies or his or her earlier death, retirement, resignation or removal. If any director's offer to resign is accepted by the Board, then such director will cease to be a director of the Company at the time specified in the resignation (or, if no such time is specified, immediately upon the Board's determination to accept the director's offer to resign).
