Forward-looking statements in this document are subject to known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of Gaming and Leisure Properties, Inc. ("GLPI") and its subsidiaries (collectively, the "Company") to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Forward-looking statements include information concerning the Company's business strategy, plans, and goals and objectives.

Statements preceded by, followed by or that otherwise include the words "believes," "expects," "anticipates," "intends," "projects," "estimates," "plans," "may increase," "may fluctuate," and similar expressions or future or conditional verbs such a "will," "should," "would," "may" and "could" are generally forward-looking in nature and not historical facts. You should understand that the following important factors could affect future results and could cause actual results to differ materially from those expressed in such forward-looking statements:

the ability to receive, or delays in obtaining, the regulatory approvals required to own, develop and/or operate our properties, or other delays or impediments to completing our planned acquisitions or projects;

the outcome of our lawsuit against Cannery Casino Resorts LLC ("CCR"), the owner of the Meadows Racetrack and Casino, alleging among other things, fraud, breach of the agreement and breach of the related consulting agreement;

the resolution of our jointly requested Pre-Filing Agreement from the IRS to confirm the appropriate allocation of Penn's historical earnings and profits between GLPI and Penn; the outcome of this request will affect the amount of the dividend required to be paid by GLPI to its shareholders prior to December 31, 2014;

our ability to qualify as a real estate investment trust ("REIT"), given the highly technical and complex Internal Revenue Code ("Code") provisions for which only limited judicial and administrative authorities exist, where even a technical or inadvertent violation could jeopardize REIT qualification and where requirements may depend in part on the actions of third parties over which the Company has no control or only limited influence;

the satisfaction of certain asset, income, organizational, distribution, shareholder ownership and other requirements on a continuing basis in order for the Company to maintain its intended election of REIT status;

the ability and willingness of our tenants, operators and other third parties to meet and/or perform their obligations under their respective contractual arrangements with us, including, in some cases, their obligations to indemnify, defend and hold us harmless from and against various claims, litigation and liabilities;

the ability of our tenants and operators to maintain the financial strength and liquidity necessary to satisfy their respective obligations and liabilities to third parties, including without limitation obligations under their existing credit facilities and other indebtedness;

the ability of our tenants and operators to comply with laws, rules and regulations in the operation of our properties, to deliver high quality services, to attract and retain qualified personnel and to attract customers;

the availability and the ability to identify suitable and attractive acquisition and development opportunities and the ability to acquire and lease the respective properties on favorable terms;

the degree and nature of our competition;

the ability to generate sufficient cash flows to service our outstanding indebtedness;

the access to debt and equity capital markets;

fluctuating interest rates;

the availability of qualified personnel and our ability to retain our key management personnel;

GLPI's duty to indemnify Penn National Gaming, Inc. and its subsidiaries ("Penn") in certain circumstances if the spin-off transaction described in Note 1 to the condensed consolidated financial statements fails to be tax-free;

• changes in the United States tax law and other state, federal or local laws, whether or not specific to real estate, real estate investment trusts or to the gaming, lodging or hospitality industries;

changes in accounting standards;

the impact of weather events or conditions, natural disasters, acts of terrorism and other international hostilities, war or political instability;

other risks inherent in the real estate business, including potential liability relating to environmental matters and illiquidity of real estate investments; and

additional factors as discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K as filed with the United States Securities and Exchange Commission.

Certain of these factors and other factors, risks and uncertainties are discussed in the "Risk Factors" section in the Company's Annual Report on Form 10-K for the year ended December 31, 2013. Other unknown or unpredictable factors may also cause actual results to differ materially from those projected by the forward-looking statements. Most of these factors are difficult to anticipate and are generally beyond the control of the Company.

You should consider the areas of risk described above, as well as those set forth in the "Risk Factors" section in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, in connection with considering any forward-looking statements that may be made by the Company generally. Except for the ongoing obligations of the Company to disclose material information under the federal securities laws, the Company does not undertake any obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events unless required to do so by law.

Gaming and Leisure Properties, Inc. Notes to the Condensed Consolidated Financial Statements (unaudited)

1. Organization and Operations

On November 15, 2012, Penn announced that it intended to pursue a plan to separate the majority of its operating assets and real property assets into two publicly traded companies including an operating entity, and, through a tax-free spin-off of its real estate assets to holders of its common and preferred stock, a newly formed publicly traded REIT, Gaming and Leisure Properties, Inc. (the "Spin-Off").

GLPI (together with its subsidiaries, the "Company") was incorporated on February 13, 2013, as a wholly-owned subsidiary of Penn. In connection with the Spin-Off, which was completed on November 1, 2013, Penn contributed to GLPI, through a series of internal corporate restructurings, substantially all of the assets and liabilities associated with Penn's real property interests and real estate development business, as well as the assets and liabilities of Hollywood Casino Baton Rouge and Hollywood Casino Perryville, which are referred to as the "TRS Properties," in a tax-free distribution. The Company intends to elect on its United States ("U.S.") federal income tax return for its taxable year beginning on January 1, 2014 to be treated as a REIT and the Company, together with an indirectly wholly-owned subsidiary of the Company, GLP Holdings, Inc., intend to jointly elect to treat each of GLP Holdings, Inc., Louisiana Casino Cruises, Inc. and Penn Cecil Maryland, Inc. as a "taxable REIT subsidiary" (a "TRS") effective on the first day of the first taxable year of GLPI as a REIT. As a result of the Spin-Off, GLPI owns substantially all of Penn's former real property assets and leases back most of those assets to Penn for use by its subsidiaries, under a master lease, a "triple-net" operating lease with an initial term of 15 years with no purchase option, followed by four 5 year renewal options (exercisable by Penn) on the same terms and conditions (the "Master Lease"), and GLPI also owns and operates the TRS Properties through an indirect wholly-owned subsidiary, GLP Holdings, Inc.

Prior to the Spin-Off, GLPI and Penn entered into a Separation and Distribution Agreement setting forth the mechanics of the Spin-Off, certain organizational matters and other ongoing obligations of Penn and GLPI. Penn and GLPI or their respective subsidiaries, as applicable, also entered into a number of other agreements prior to the Spin-Off to provide a framework for the restructuring and for the relationships between GLPI and Penn after the Spin-Off.

GLPI's primary business consists of acquiring, financing, and owning real estate property to be leased to gaming operators in "triple net" lease arrangements. As of September 30, 2014, GLPI's portfolio consisted of 21 gaming and related facilities, which included the TRS Properties, the real property associated with 18 gaming and related facilities operated by Penn and the real property associated with the Casino Queen in East St. Louis, Illinois, that was acquired in January 2014. These facilities are geographically diversified across 12 states.

In connection with the Spin-Off, Penn allocated its accumulated earnings and profits (as determined for U.S. federal income tax purposes) for periods prior to the consummation of the Spin-Off between Penn and GLPI. In connection with its election to be taxed as a REIT for U.S. federal income tax purposes, GLPI declared a special dividend to its shareholders to distribute any accumulated earnings and profits relating to the real property assets and attributable to any pre-REIT years, including any earnings and profits allocated to GLPI in connection with the Spin-Off, to comply with certain REIT qualification requirements (the "Purging Distribution"). The Purging Distribution, which was paid on February 18, 2014, totaled approximately \$1.05 billion and was comprised of cash and GLPI common stock. GLPI and Penn have jointly requested a Pre-Filing Agreement from the Internal Revenue Service pursuant to Revenue Procedure 2009 -14 to confirm the appropriate allocation of Penn's historical earnings and profits between GLPI and Penn. The outcome of this request will affect the amount of the dividend required to be paid by GLPI to its shareholders prior to December 31, 2014. See Note 9 for further details.

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information and with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete consolidated financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included.

The condensed consolidated financial statements include the accounts of GLPI and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the

date of the financial statements, and the reported amounts of revenue and expenses for the reporting periods. Actual results could differ from those estimates.

Operating results for the three and nine months ended September 30, 2014 are not necessarily indicative of the results that may be expected for the year ending December 31, 2014. The notes to the consolidated financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2013 (our "Annual Report") should be read in conjunction with these condensed consolidated financial statements. The December 31, 2013 financial information has been derived from the Company's audited consolidated financial statements.

2. New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers (Topic 606) ("ASU 2014-09"). This new standard will replace all current U.S. GAAP guidance on this topic and eliminate all industry-specific guidance. ASU 2014-09 provides a unified model to determine when and how revenue is recognized. The core principle is that a company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration for which the entity expects to be entitled in exchange for those goods or services. This guidance will be effective for annual reporting periods beginning after December 15, 2016 and can be applied either retrospectively to each period presented or as a cumulative-effect adjustment as of the date of adoption. The Company is evaluating the impact of adopting this new accounting standard on its financial statements and internal revenue recognition policies.

In April 2014, the FASB issued ASU 2014-08, Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360): Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity ("ASU 2014 -08"). This new standard raises the threshold for a disposal to qualify as a discontinued operation and requires new disclosures for both discontinued operations and certain other disposals that do not meet the definition of a discontinued operation. Under the new guidance, only disposals representing a strategic shift that will have a major effect on operations and financial results should be presented as discontinued operations. ASU 2014 -08 is effective for fiscal years beginning on or after December 15, 2014. Early adoption is permitted but only for disposals that have not been reported in previously issued financial statements. The impact of the adoption of ASU 2014-08 on the Company's results of operations, financial position, cash flows and disclosures will be based on the Company's future disposal activity.

3. Summary of Significant Accounting Policies

Fair Value of Financial Instruments

The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate:

Cash and Cash Equivalents

The fair value of the Company's cash and cash equivalents approximates the carrying value of the Company's cash and cash equivalents, due to the short maturity of the cash equivalents.

Long-term Debt

The fair value of the senior unsecured notes and senior unsecured credit facility is estimated based on quoted prices in active markets and as such is a Level 1 measurement as defined under Accounting Standards Code ("ASC") 820 "Fair Value Measurements and Disclosures."

The estimated fair values of the Company's financial instruments are as follows (in thousands):

	September 30, 2014		December 31, 2013	
	Carrying	Fair	Carrying	Fair
	Amount	Value	Amount	Value
Financial assets:				
Cash and cash equivalents	\$31,334	\$31,334	\$285,221	\$285,221
Financial liabilities:				
Long-term debt				
Senior unsecured credit facility	496,000	474,920	300,000	294,750
Senior notes	2,050,000	2,101,000	2,050,000	2,058,750

Comprehensive Income

Comprehensive income includes net income and all other non-owner changes in shareholders' equity during a period. The Company did not have any non-owner changes in shareholders' equity for the three and nine months ended September 30, 2014 and 2013, and comprehensive income for the three and nine months ended September 30, 2014 and 2013 was equivalent to net income for those time periods.

Revenue Recognition and Promotional Allowances

The Company recognizes rental revenue from tenants, including rental abatements, lease incentives and contractually fixed increases attributable to operating leases, on a straight-line basis over the term of the related leases when collectability is reasonably assured. Contingent rental income is recognized once the lessee achieves the specified target. Recognition of rental income commences when control of the facility has been transferred to the tenant. For facilities being jointly developed with the tenant, the Company retains control of the assets to be leased until operations commence and control is transferred to the tenant.

As of September 30, 2014, all but three of the Company's properties were leased to a subsidiary of Penn under the Master Lease. The obligations under the Master Lease are guaranteed by Penn and by most Penn subsidiaries that occupy and operate the facilities leased under the Master Lease. A default by Penn or its subsidiaries with regard to any facility will cause a default with regard to the Master Lease. In January 2014, GLPI completed the asset acquisition of Casino Queen in East St. Louis, Illinois. GLPI subsequently leased the property back to Casino Queen on a "triple net" basis on terms similar to those in the Master Lease.

The rent structure under the Master Lease with Penn includes a fixed component, a portion of which is subject to an annual 2% escalator if certain rent coverage ratio thresholds are met, and a component that is based on the performance of the facilities, which is adjusted, subject to certain floors (i) every five years by an amount equal to 4% of the average change to net revenues of all facilities under the Master Lease (other than Hollywood Casino Columbus and Hollywood Casino Toledo) during the preceding five years, and (ii) monthly by an amount equal to 20% of the change in net revenues of Hollywood Casino Columbus and Hollywood Casino Toledo during the preceding month. In addition to rent, all properties under the Master Lease with Penn are required to pay the following: (1) all facility maintenance, (2) all insurance required in connection with the leased properties and the business conducted on the leased properties, (3) taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor) and (4) all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties.

Additionally, in accordance with ASC 605, "Revenue Recognition," the Company records revenue for the real estate taxes paid by its tenants on the leased properties under the Master Lease with an offsetting expense in real estate taxes within the consolidated statement of income as the Company has concluded it is the primary obligor under the Master Lease.

Gaming revenue generated by the TRS Properties mainly consists of video lottery gaming revenue, and to a lesser extent, table game and poker revenue. Video lottery gaming revenue is the aggregate net difference between gaming wins and losses with liabilities recognized for funds deposited by customers before gaming play occurs, for "ticket-in, ticket-out" coupons in the customers' possession, and for accruals related to the anticipated payout of progressive jackpots. Progressive slot machines, which contain base jackpots that increase at a progressive rate based on the number of coins played, are charged to revenue as the amount of the jackpots increases. Table game gaming revenue is the aggregate of table drop adjusted for the change in aggregate table chip inventory. Table drop is the total dollar amount of the currency, coins, chips, tokens, outstanding counter checks (markers), and front money that are removed from the live gaming tables. Additionally, food and beverage revenue is recognized as services are performed.

The following table discloses the components of gaming revenue within the condensed consolidated statements of income for the three and nine months months ended September 30, 2014 and 2013:

Gaming and Admission Taxes

For the TRS Properties, the Company is subject to gaming and admission taxes based on gross gaming revenues in the jurisdictions in which it operates. The Company primarily recognizes gaming tax expense based on the statutorily required percentage of revenue that is required to be paid to state and local jurisdictions in the states where or in which wagering occurs. At Hollywood Casino Baton Rouge, the gaming admission tax is based on graduated tax rates. The Company records gaming and admission taxes at the Company's estimated effective gaming tax rate for the year, considering estimated taxable gaming revenue and the applicable rates. Such estimates are adjusted each interim period. If gaming tax rates change during the year, such changes are applied prospectively in the determination of gaming tax expense in future interim periods. For the three and nine months ended September 30, 2014, these expenses, which are primarily recorded within gaming expense in the condensed consolidated statements of income, totaled \$16.7 million and \$51.9 million, respectively, as compared to \$17.3 million and \$55.6 million for the three and nine months ended September 30, 2013, respectively.

Earnings Per Share

The Company calculates earnings per share ("EPS") in accordance with ASC 260, "Earnings Per Share." Basic EPS is computed by dividing net income applicable to common stock by the weighted-average number of common shares outstanding during the period, excluding net income attributable to participating securities (unvested restricted stock awards). Diluted EPS reflects the additional dilution for all potentially-dilutive securities such as stock options, unvested restricted shares and unvested performance-based restricted shares. Basic and diluted EPS for the three and nine months ended September 30, 2013 were retroactively restated for the number of GLPI basic and diluted shares outstanding immediately following the Spin-Off

and to include the shares issued as part of the purging distribution dividend paid to its shareholders to distribute any accumulated earnings and profits relating to the real property assets and attributable to any pre-REIT years, including any earnings and profits allocated to GLPI in connection with the Spin-Off, to comply with certain REIT qualification requirements (the "Purging Distribution").

The following table reconciles the weighted-average common shares outstanding used in the calculation of basic EPS to the weighted-average common shares outstanding used in the calculation of diluted EPS for the three and nine months ended September 30, 2014 and 2013 (in thousands):

Options to purchase 17,158 and 12,155 shares were outstanding during the three and nine months ended September 30, 2014, respectively, but were not included in the computation of diluted EPS because of being antidilutive. There were no outstanding options to purchase shares of common stock during the three and nine months ended September 30, 2013 that were not included in the computation of diluted EPS because of being antidilutive.

Stock-Based Compensation

The Company accounts for stock compensation under ASC 718, "Compensation - Stock Compensation," which requires the Company to expense the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. This expense is recognized ratably over the requisite service period following the date of grant. The fair value for stock options is estimated at the date of grant using the Black-Scholes option- pricing model.

Additionally, the cash-settled phantom stock units ("PSU") entitle employees to receive cash based on the fair value of the Company's common stock on the vesting date. These PSUs are accounted for as liability awards and are re-measured at fair value each reporting period until they become vested with compensation expense being recognized over the requisite service period in accordance with ASC 718-30, "Compensation-Stock Compensation, Awards Classified as Liabilities."

In addition, the Company's stock appreciation rights ("SAR") are accounted for as liability awards since they will be settled in cash. The fair value of these awards is calculated during each reporting period and estimated using the Black-Scholes option pricing model.

In connection with the Spin-Off of GLPI, employee stock options and cash settled stock appreciation rights of Penn were converted through the issuance of GLPI employee stock options and GLPI cash settled stock appreciation rights and an adjustment to the exercise prices of their Penn awards. The number of options and cash settled stock appreciation rights and the exercise price of each converted award was adjusted to preserve the same intrinsic value of the awards that existed immediately prior to the Spin-Off.

Holders of outstanding restricted stock awards and cash settled phantom stock unit awards received an additional share of restricted stock or cash settled phantom stock unit awards in GLPI common stock at the Spin-Off so that the intrinsic value of these awards were equivalent to those that existed immediately prior to the Spin-Off.

The adjusted options and SARs, as well as the restricted stock awards and PSUs, otherwise remain subject to their original terms, except that for purposes of the adjusted Penn awards (including in determining exercisability and the post-termination exercise period), continued service with GLPI following the distribution date shall be deemed continued service with Penn.

The unrecognized compensation relating to both Penn and GLPI's stock options, SARs, restricted stock awards and PSUs held by GLPI employees will be amortized to expense over the awards' remaining vesting periods.

As of September 30, 2014, there was \$3.8 million of total unrecognized compensation cost for stock options that will be recognized over the grants remaining weighted average vesting period of 1.10 years. For the three and nine months ended September 30, 2014, the Company recognized \$1.5 million and \$4.3 million, respectively of compensation expense associated with these awards. In addition, the Company also recognized \$3.2 million and \$9.7 million of compensation expense for the three and nine months ended September 30, 2014, relating to each of the first, second and third quarter \$0.52 per share dividends paid on vested employee stock options.

As of September 30, 2014, there was \$10.4 million of total unrecognized compensation cost for restricted stock awards that will be recognized over the grants remaining weighted average vesting period of 2.51 years. For the three and nine months ended September 30, 2014, the Company recognized \$1.1 million and \$2.6 million, respectively, of compensation expense associated with these awards.

The following table contains information on restricted stock award activity for the nine months ended September 30, 2014.

	Number of Award

Outstanding at September 30, 2014	468,341	

On April 25, 2014, the Company awarded market performance-based restricted stock awards with a three-year cliff vesting. The amount of restricted shares vested at the end of the three-year period will be determined based on the

Company's performance as measured against its peers. More specifically, the percentage of shares vesting at the end of the measurement period will be based on the Company's three-year total shareholder return measured against the three-year return of the MSCI US REIT index. The Company utilized a third party valuation firm to measure the fair value of the awards at grant date using the Monte Carlo model. As of September 30, 2014, there was \$10.4 million of total unrecognized compensation cost, which will be recognized over the awards remaining weighted average vesting period of 2.57 years for performance-based restricted stock awards. For the three and nine months ended September 30, 2014 the Company recognized \$1.1 million and \$1.8 million, respectively of compensation expense associated with these awards.

As of September 30, 2014, there was \$5.9 million of total unrecognized compensation cost, which will be recognized over the awards remaining weighted average vesting period of 1.91 years, for Penn and GLPI PSUs held by GLPI employees that will be cash-settled by GLPI. For the three and nine months ended September 30, 2014, the Company recognized \$0.5 million and \$1.6 million, respectively of compensation expense associated with these awards. In addition, the Company also recognized \$0.1 million and \$0.6 million for the three and nine months ended September 30, 2014, respectively relating to the purging distribution dividend and the first, second and third quarter \$0.52 per share dividends paid on unvested PSUs.

As of September 30, 2014, there was \$0.3 million of total unrecognized compensation cost, which will be recognized over the grants remaining weighted average vesting period of 1.44 years, for Penn and GLPI SARs held by GLPI employees that will be cash-settled by GLPI. For the three and nine months ended September 30, 2014, the Company recognized \$38 thousand and \$59 thousand, respectively of compensation expense associated with these awards.

Upon the declaration of the Purging Distribution, GLPI options and GLPI SARs were adjusted in a manner that preserved both the pre-distribution intrinsic value of the options and SARs and the pre-distribution ratio of the stock price to exercise price that existed immediately before the Purging Distribution. Additionally, upon declaration of the Purging Distribution, holders of GLPI PSUs were credited with the special dividend, which will accrue and be paid, if applicable, on the vesting date of the related PSU. Holders of GLPI restricted stock were entitled to receive the special dividend with respect to such restricted stock on the same date or dates that the special dividend was payable on GLPI common stock to shareholders of GLPI generally.

Segment Information

Consistent with how the Company's Chief Operating Decision Maker reviews and assesses the Company's financial performance, the Company has two reportable segments, GLP Capital, L.P. (a wholly-owned subsidiary of GLPI through which GLPI owns substantially all of its assets) ("GLP Capital") and the TRS Properties. The GLP Capital reportable segment consists of the leased real property and represents the majority of the Company's business. The TRS Properties reportable segment consists of Hollywood Casino Perryville and Hollywood Casino Baton Rouge. See Note 10 for further information with respect to the Company's segments.

4. Acquisitions

In January 2014, the Company completed the asset acquisition of the real property associated with the Casino Queen in East St. Louis, Illinois for \$140.7 million, including transaction fees of \$0.7 million. Simultaneously with the acquisition, GLPI also provided Casino Queen with a \$43 million, five year term loan at 7% interest, pre-payable at any time, which, together with the sale proceeds, completely refinanced and retired all of Casino Queen's outstanding long-term debt obligations. As of September 30, 2014, principal and interest payments reduced the balance of this loan to \$35.0 million. GLPI leased the property back to Casino Queen on a "triple net" basis on terms similar to those in the Master Lease and will result in approximately \$14 million in annual rent. The lease has an initial term of 15 years, and the tenant has an option to renew it at the same terms and conditions for four successive five year periods. On May 14, 2014, the Company announced that it had entered into an agreement with CCR to acquire The Meadows Racetrack and Casino located in Washington, Pennsylvania, a suburb of Pittsburgh, Pennsylvania. The agreement provides that closing of the acquisition is subject to, among other things, the accuracy of CCR's representations and its compliance with the covenants set forth in the agreement, as well as the approval of the Pennsylvania Gaming Control Board and Pennsylvania Racing Commission. On October 27, 2014, the Company filed a lawsuit in the Southern District of New York against CCR alleging, among other things, fraud, breach of the agreement and breach of the related consulting agreement entered into at the same time. The Company is seeking a declaratory judgment that CCR has breached the agreements, return of \$10 million paid pursuant to the consulting agreement and an unspecified amount of additional damages. The Company will further evaluate and consider all other remedies available to it,

including termination of the agreements.

Although the Company intends to pursue its claims vigorously, there can be no assurances that the Company will prevail on any of the claims in the action, or, if the Company does prevail on one or more of the claims, of the amount of recovery that may be awarded to the Company for such claim(s). In addition, the timing and resolution of the claims set forth in the lawsuit are unpredictable and the Company is not able to currently predict any effect this suit may have on closing of the transaction.

5. Real Estate Investments

Real estate investments, net, represents investments in 19 properties and is summarized as follows:

	September 30, December 31, 2014 2013
	(in thousands)
Land and improvements	\$454,175 \$382,581
Building and improvements	2,287,853 2,050,533
Construction in progress	1,214 61,677
Total real estate investments	2,743,242 2,494,791
Less accumulated depreciation	(541,386) (484,488)
Real estate investments, net	\$2,201,856 \$2,010,303

The decrease in construction in progress and related increase in building and improvements is primarily due to the placement of the Hollywood Gaming at Dayton Raceway and Hollywood Gaming at Mahoning Valley assets into service upon commencement of operations on August 28, 2014 and September 17, 2014, respectively. Both properties were jointly developed with Penn and were added to the Master Lease upon commencement of operations. The Company's acquisition of the real estate assets of Casino Queen for \$140.7 million in January 2014 also contributed to the increase in building and improvements, as well as land and improvements.
