ABOUT THIS PROSPECTUS

This prospectus relates to the resale, from time to time, of up to 14,372,970 shares of our common stock by our majority-owned subsidiary NL Industries, Inc. and by NL's wholly-owned subsidiary NL Environmental Management Services, Inc.

This prospectus is part of a shelf registration statement that we filed with the Securities and Exchange Commission, or the SEC, utilizing a "shelf" registration process. Under this shelf registration process, the selling stockholders may offer and sell, from time to time, a total of 14,372,970 shares of our common stock under this shelf registration statement. This prospectus provides you with a general description of the common stock the selling stockholders may offer. We may provide a prospectus supplement containing specific information about the terms of a particular offering by the selling stockholders. We may also authorize one or more free writing prospectuses to be provided to you that may contain material information relating to these offerings. Each such prospectus supplement and any related free writing prospectus that we may authorize to be provided to you may also add, update or change information contained in this prospectus or in documents incorporated by reference into this prospectus. To the extent the information in any prospectus supplement is inconsistent with this prospectus, you should rely on the prospectus supplement. You should read this prospectus, any prospectus supplement and any related free writing prospectus, together with the information incorporated by reference as described under the headings "Where You Can Find More Information" and "Incorporation of Certain Information by Reference."

You should rely only on the information we have provided or incorporated by reference in this prospectus, any prospectus supplement and any related free writing prospectus that we may authorize to be provided to you. We have not authorized anyone to provide you with information different from that contained or incorporated by reference in this prospectus. No dealer, salesperson or other person is authorized to give any information or to represent anything not contained or incorporated by reference in this prospectus. You must not rely on any unauthorized information or representation. This prospectus is an offer to sell only the securities offered hereby, but only under circumstances and in jurisdictions where it is lawful to do so. You should assume that the information in this prospectus, any prospectus supplement or related free writing prospectus is accurate only as of the date on the front of the document and that any information we have incorporated by reference is accurate only as of the date of the document incorporated by reference, regardless of the time of delivery of this prospectus or any sale of a security.

This prospectus contains summaries of certain provisions contained in some of the documents described herein, but reference is made to the actual documents for complete information. All of the summaries are qualified in their entirety by reference to the actual documents. Copies of some of the documents referred to herein have been filed, will be filed or will be incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below under the heading "Where You Can Find More Information." If any contract, agreement or other document is filed or incorporated by reference as an exhibit to the registration statement of which this prospectus is a part, you should read the exhibit for a more complete understanding of the document or matter involved. The representations, warranties and covenants contained in any agreement that we have filed or incorporated by reference as an exhibit to the registration statement of which this prospectus is a part were made solely for purposes of such agreements and as of specific dates, were solely for the benefit of the parties to such agreements, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to such agreements instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to holders of our common stock. Holders of our common stock are not third-party beneficiaries under such agreements and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of us and our subsidiaries. Moreover, information concerning the subject matter of the representations and warranties may change after the date of such agreements, which subsequent information may or may not be fully reflected in our public disclosures.

Unless otherwise indicated, the terms "Valhi, Inc.," "Valhi," "the Company," "we," "our" and "us" are used in this prospectus refer to Valhi, Inc., and not to any one or more of our consolidated subsidiaries or to all of them taken as a whole.

RISK FACTORS

An investment in our securities involves a high degree of risk. Before you decide whether to purchase any of our securities, in addition to the other information, documents or reports included in or incorporated by reference into this prospectus and any accompanying prospectus supplement or other offering materials, you should carefully consider the risk factors below and the risk factors in the section entitled “Risk Factors” in any prospectus supplement as well as in our most recent annual report on Form 10-K and any subsequent quarterly reports on Form 10-Q or current reports on Form 8-K, which are incorporated by reference into this prospectus and any prospectus supplement, as the same may be amended, supplemented or superseded from time to time by our filings under the Securities Exchange Act of 1934, as amended, or the Exchange Act. For more information please see the section entitled “Incorporation by Reference.” The risks described in these documents are not the only ones we face, but those that we consider to be material. There may be other unknown or unpredictable economic, business, competitive, legal, regulatory or other factors that could have material adverse effects on our future results. Past financial performance may not be a reliable indicator of future performance, and historical trends should not be used to anticipate results or trends in future periods. If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be seriously harmed. This could cause the trading price of our common stock to decline, resulting in a loss of all or part of your investment. Please also read carefully the section below entitled “Forward-Looking Statements.”

Risks Related to This Offering

Sales of our common stock by the selling stockholders will dilute existing stockholders’ proportionate voting power and their proportionate share of our earnings, and may cause our stock price to decline.

The shares of our common stock being registered under the registration statement of which this prospectus is a part are held by majority-owned subsidiaries of ours, and pursuant to Delaware law we treat these shares of our common stock as treasury stock for voting purposes. For financial reporting purposes, only our proportional interest (i.e., based on our 83% ownership interest of NL) in the shares of our common stock being registered under this registration statement is treated as treasury stock. As a result, our common shares outstanding for voting purposes differs from those outstanding for financial reporting purposes.

As of March 8, 2019, we had 339,185,449 shares of common stock outstanding for voting purposes, and such number of shares excludes the shares being registered under the registration statement of which this prospectus is a part. Assuming that all of the shares being registered under the registration statement of which this prospectus is a part are sold, there would be 353,558,419 shares of common stock outstanding for voting purposes. As of March 8, 2019, approximately 28.8 million shares of our outstanding common stock were held by stockholders who are not affiliates of us. If sold into the public markets, the shares being registered under the registration statement of which this prospectus is a part would represent a significant portion of our public float following such sale (approximately 33%). In addition, approximately 11.9 million of the shares of our common stock being registered under the registration statement of which this prospectus is a part (representing our proportional interest in such shares) are currently excluded from the calculation of earnings per share because they are not considered outstanding for financial reporting purposes, and upon the sale of such shares, the number of shares used in the calculation of earnings per share would be increased. Sales of substantial amounts of our common stock in the public market by the selling stockholders, or the perception that those sales may occur, could cause the market price of our common stock to decline. In addition, the sale of these shares could impair our ability to raise capital through the sale of additional common stock.

Purchasers may be unable to sell their common shares at or above their purchase price, and our stock price may be volatile.

Even if all of the shares being registered under the registration statement of which this prospectus is a part are sold into the public markets, most of our shares will be held by one of our parent companies and we will have relatively few common shares outstanding in the public float. During the three months ended February 28, 2019, the average daily trading volume for our common stock as reported by the NYSE was approximately 345,000 shares. A more active market for our common stock may not develop or may not be sustained. The market price of our common stock could be subject to significant fluctuations, and you may not be able to resell your shares at or above your purchase price.

FORWARD-LOOKING STATEMENTS

This prospectus, any accompanying prospectus supplement and the documents we incorporate by reference include “forward-looking statements” within the meaning of Section 27A of the Securities Act, and Section 21E of the Exchange Act. Statements included in this prospectus, any accompanying prospectus supplement and the documents we incorporate by reference that are not historical facts (including any statements concerning plans and objectives of management for future operations or economic performance, or assumptions or forecasts related thereto), are forward-looking statements. These statements can be identified by the use of forward-looking terminology including “forecast,” “may,” “believe,” “will,” “expect,” “anticipate,” “estimate,” “continue” or other similar words. These statements discuss future expectations, contain projections of results of operations or of financial condition or state other “forward-looking” information. We and our representatives may from time to time make other oral or written statements that are also forward-looking statements.

These forward-looking statements are made based upon management’s current plans, expectations, estimates, assumptions and beliefs concerning future events impacting us and therefore involve a number of risks and uncertainties. We caution that forward-looking statements are not guarantees and that actual results could differ materially from those expressed or implied in the forward-looking statements.

Because these forward-looking statements involve risks and uncertainties, actual results could differ materially from those expressed or implied by these forward-looking statements for a number of important reasons, including, but not limited to, the matters discussed under “Risk Factors” and elsewhere in this prospectus, any accompanying prospectus supplement and the documents we incorporate by reference herein. If one or more of these risks or uncertainties materialize (or the consequences of such a development changes), or should underlying assumptions prove incorrect, actual outcomes may vary materially and adversely from those forecasted or expected. We caution you not to place undue reliance on our forward-looking statements. We undertake no responsibility to update forward-looking statements for changes related to these or any other factors that may occur subsequent to this filing for any reason.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the common stock offered by the selling stockholders pursuant to this prospectus.

SELLING STOCKHOLDERS

Our majority-owned subsidiary NL Industries, Inc. and NL’s wholly-owned subsidiary NL Environmental Management Services, Inc. (“NLEMS”) acquired their shares of our common stock in open market purchases prior to 2010 (with most purchases made prior to 1995) or in connection with the merger of Tremont Corporation into us in 2003. NL had acquired its ownership in Tremont Corporation in open market purchases prior to 2000. We are registering these shares of our common stock in order to permit the selling stockholders to offer the shares for resale from time to time. NL has requested that we register the resale of these shares by the selling stockholders, and we have agreed to do so in exchange for the selling stockholders’ agreement to reimburse us for our expenses of registration of the common stock offered hereby.

As noted above, the 14,372,970 shares of our common stock being registered under the registration statement of which this prospectus is a part are held by majority owned subsidiaries of ours, and pursuant to Delaware law we treat these shares of our common stock as treasury stock for voting purposes. Kronos Worldwide also owns 1,724,916 shares of our common stock, and pursuant to Delaware law we also treat these shares of our common stock as treasury stock for voting purposes. For voting purposes per Delaware law, 339,185,449 shares of our common stock were issued and outstanding as of March 8, 2019, and such number of shares excludes the shares being registered under the registration statement of which this prospectus is a part as well as the shares of our common stock held by Kronos Worldwide. Upon sales by the selling stockholders of our common stock under this prospectus to purchasers who are not our subsidiaries, the shares sold will become issued and outstanding shares for all purposes. The shares of our common stock owned by Kronos Worldwide are not being registered for sale under the registration statement of which this prospectus is a part.

The following table sets forth the number of shares of our common stock owned directly by the selling stockholders immediately prior to the offering for resale of any of the shares of our common stock being registered by the registration statement of which this prospectus is a part; the number of such shares that may be offered for resale by the selling stockholders under this prospectus; and the number and percent of shares of our common stock to be directly owned by each selling stockholder after the offering for resale of the shares being registered by the registration statement of which this prospectus is a part, assuming all of the shares are sold by the selling stockholders and that the selling stockholders do not acquire any other shares of our common stock prior to the assumed sales.

Selling Stockholder	Number of Shares Owned Directly Prior to the Registration	Percentage of Outstanding Stock (1)	Number of Shares Covered by this Registration Statement	Shares of Common Stock Owned Directly After the Shares are Sold	
				Number	Percent
NL Industries, Inc.	10,814,370	3.1%	10,814,370	-0-	-0-
NL Environmental Management Services, Inc.	3,558,600	1.0%	3,558,600	-0-	-0-
-					

(1) As described elsewhere in this prospectus, the 14,372,970 shares of our common stock registered for sale hereunder are not considered outstanding for Delaware law voting purposes. The shares will be considered outstanding for all purposes if and when they are sold to purchasers who are not our subsidiaries. For purposes of this table only, the percentage ownership shown is based on 353,558,419 shares of our common stock deemed outstanding, which is the sum of 339,185,449 (the number of shares of our common stock outstanding for Delaware voting purposes as of March 8, 2019) and 14,372,970 (the number of shares of our common stock being registered by the registration statement of which this prospectus is a part, which shares are assumed sold by the selling stockholders to purchasers who are not our subsidiaries).

As set forth in the table below, NL and NLEMS and certain related entities and persons may be deemed to beneficially own additional shares of our common stock. The table below sets forth information regarding beneficial ownership of our common stock by such related entities and persons. Beneficial ownership as reported in the table below has been determined in accordance with Rule 13d-3 under the Exchange Act, and is not necessarily indicative of beneficial ownership for any other purpose.

Name of Beneficial Owner	Number of Shares Beneficially Owned Prior to the Registration (1)	Beneficial Ownership of Shares of Common Stock After the Shares Being Registered pursuant to the Registration Statement to which this Prospectus is a part are Sold	
		Number (1)	Percent (2)
Harold C. Simmons Family Trust No. 2; Lisa K. Simmons and Serena Simmons Connelly as co-trustees	310,346,282 (3)(4)	310,346,282 (3)	87.78%

Serena Simmons Connelly	56,136	56,136	(3) *
-------------------------	--------	--------	-------

* Less than 1%.

The shares reported as beneficially owned in this table do not include shares of our common stock that are owned by NL, NLEMS and Kronos Worldwide, as discussed above, since those shares are not deemed outstanding for the (1) purposes of calculating beneficial ownership percentages for the purposes of Section 13 of the Exchange Act, nor for Delaware voting purposes. Accordingly, the number of shares reflected in this table is not affected by the assumed sale of shares by the selling stockholders.

The percentage ownership is based on 353,558,419 shares outstanding, which is the sum of 339,185,449 (the number of shares of our common stock outstanding for Delaware voting purposes as of March 8, 2019) and (2) 14,372,970 (the number of shares being registered by the registration statement of which this prospectus is a part, which shares are assumed sold by the selling stockholders, and which once sold to purchasers who are not our subsidiaries will be issued and outstanding for all purposes).

(3) The following terms used in this table are defined as follows:

Contran is the sole owner of 100% of our outstanding shares of non-voting preferred stock. Contran is also the holder of the sole membership interest of Dixie Rice and may be deemed to control Dixie Rice.

Ms. Simmons disclaims beneficial ownership of all shares of our common stock except to the extent of her pecuniary interest in such shares, if any.

(4) The shares attributable to the Family Trust and co-trustees consist of the 310,346,282 shares of our common stock held directly by Dixie Rice.

Although we have assumed for purposes of the two tables above that the selling stockholders will sell all of the shares offered by this prospectus, all decisions regarding the timing and amount of any sales of shares are solely at the discretion of the selling stockholders, who may offer from time to time all or some of their shares covered under this prospectus, or in another permitted manner. NL and NLEMS have represented to us that there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares of common stock covered by the registration statement of which this prospectus is a part. Accordingly, no assurances can be given as to the actual number of shares that will be sold by the selling stockholders or that will be held by the selling stockholders after completion of the sales.

Other than as disclosed in this prospectus or in the documents incorporated herein by reference, none of the selling stockholders has, or within the past three years has had, any position, office or other material relationship with us or, insofar as we are aware, any of our affiliates. Information concerning the selling stockholders may change from time to time and changed information will be presented in a supplement to this prospectus if and when necessary and required. Each of the selling stockholders has represented to us that it is not, nor is it affiliated with, a broker-dealer.

PLAN OF DISTRIBUTION

We are registering the shares to permit the resale of the shares by selling stockholders from time to time after the date of this prospectus. Selling stockholders may sell all or a portion of the shares from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares are sold through underwriters or broker-dealers, such selling stockholders will be responsible for underwriting discounts or commissions or agents' commissions. The shares may be sold in one or more transactions at fixed prices, prevailing market prices determined at the time of the sale, varying prices determined at the time of sale or negotiated prices (in each case as determined by the selling stockholders). These sales may be effected:

- through the NYSE or on any other national securities exchange or quotation service on which the shares may be listed or quoted at the time of sale;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- in underwritten transactions through an underwriter on a firm commitment or best efforts basis;
- in ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- in block trades (which may involve crosses) in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- in purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- in privately negotiated transactions;
- where broker-dealers may agree with selling stockholders to sell a specified number of shares at a stipulated price per share;
- "at the market" or through market makers or into an existing market for the shares;
- through any other method permitted pursuant to applicable law; and
- through any combination of any such methods of sale.

If a selling stockholder effects such transactions by selling shares of our common stock to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from such selling stockholder or commissions from purchasers of the shares for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved).

In connection with sales of our common stock or otherwise, selling stockholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the shares in the course of hedging the positions they assume.

Selling stockholders and any broker-dealer participating in the sale of the shares may be deemed to be “underwriters” within the meaning of the Securities Act, and any commissions paid to, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. At the time a particular offering of the shares is made, a prospectus supplement may be distributed setting forth the aggregate amount of the shares being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from selling stockholders and any discounts, commissions or concessions allowed or re-allowed or paid to broker-dealers. Underwriters are subject to certain statutory liabilities including, but not limited to, sections 11, 12 and 17 under the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

6

There can be no assurance that any selling stockholder will sell any or all of the shares of our common stock registered pursuant to the registration statement of which this prospectus forms a part.

Selling stockholders and any other person participating in the sale of the shares may be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares by selling stockholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities with respect to the shares. All of the foregoing may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to such shares.

Once sold under the registration statement of which this prospectus forms a part, the shares sold thereunder will be freely tradable in the hands of persons other than our affiliates.

Selling stockholders may directly solicit offers to purchase shares. In this case, no underwriters or agents would be involved.

To the extent required to supplement the information contained in this prospectus, the place and time of delivery for the shares described in this prospectus may be set forth in an applicable prospectus supplement.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the proceeds from any sales made pursuant to this prospectus and any applicable prospectus supplement.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of business.

In connection with the sale of the shares, certain underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the shares. Specifically, underwriters may overallocate an offering, creating a short position. In addition, underwriters may bid for, and purchase, the shares in the open market to cover short positions or to stabilize the price of the shares. Any of these activities may stabilize or maintain the market price of the shares above independent market levels. Underwriters will not be required to engage in these activities and may end any of these activities at any time.

LEGAL MATTERS

The validity of the common stock offered in this prospectus will be passed upon for us by Jane R. Grimm, our vice president, associate general counsel and assistant secretary. If certain legal matters in connection with an offering of the common stock made by this prospectus and a related prospectus supplement are passed on by counsel for the underwriters of such offering, that counsel will be named in the applicable prospectus supplement related to that offering.

INCORPORATION OF CERTAIN INFORMATION BY REFERENCE

The SEC allows us to "incorporate by reference" into this prospectus the information we have filed with the SEC. This means that we can disclose important information to you without actually including the specific information in this prospectus by referring you to other documents filed separately with the SEC. These other documents contain important information about us, our financial condition and results of operations. The information incorporated by reference is an important part of this prospectus. Information that we file later with the SEC will automatically update and supersede the information that is either contained, or incorporated by reference, in this prospectus, and will be considered to be a part of this prospectus from the date those documents are filed.

We have filed with the SEC and incorporate by reference in this prospectus the documents listed below:

- our annual report on Form 10-K for the year ended December 31, 2018, as filed on March 11, 2019; and

We also incorporate by reference all additional documents that we file with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, that are made after the filing of the registration statement of which this prospectus is a part, as well as between the date of this prospectus and the termination of any offering of shares offered by this prospectus. We are not, however, incorporating, in each case, any documents or information that we are deemed to furnish and not file in accordance with SEC rules.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Delaware General Corporation Law, our third amended and restated certificate of incorporation, and our amended and restated bylaws contain provisions relating to the limitation of liability and indemnification of our directors and officers.

Our certificate of incorporation provides that our directors are not personally liable to us or our stockholders for monetary damages for breach of their fiduciary duties as directors, except for such liability as is expressly not subject to limitation under Delaware corporate law, as the same exists or may be amended to further limit or eliminate such liability. Existing Delaware law permits the elimination or limitation of directors' personal liability to us or our stockholders for monetary damages for breach of their fiduciary duties as directors, except liability for:

- any breach of a director's duty of loyalty to us or our stockholders;
- acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law;
- any transaction from which a director derived improper personal benefit;
- the unlawful payment of dividends; and
- unlawful stock repurchases or redemptions.

Because of these exculpation provisions, stockholders may be unable to recover monetary damages against directors for actions taken by them that constitute negligence or that otherwise violate their fiduciary duties as directors, although it may be possible to obtain injunctive or other equitable relief with respect to such actions. If equitable remedies are not available to stockholders, stockholders may not have an effective remedy against a director in connection with the director's conduct.

Our third amended and restated certificate of incorporation provides that we must, to the fullest extent permitted by law, indemnify any and all of our officers and directors, and provides that the provision in the certificate of incorporation does not limit the power of the Company to indemnify and advance expenses as authorized in the bylaws of the corporation.

Our amended and restated bylaws provide as follows:

- we must indemnify our directors and officers to the fullest extent permitted under Delaware law;
- we must advance reasonable expenses (including attorneys' fees) of a director or officer for an indemnifiable claim
- upon receipt of a written undertaking by or on behalf of the director or officer to repay such amount if it is ultimately determined that he or she is not entitled to be indemnified by us as authorized in our bylaws;
- if we receive a claim for indemnification of expenses of an indemnifiable claim and do not pay the claim within 30 days of its receipt, the claimant may bring suit to recover the unpaid amount and, if successful in whole or in part, the claimant will also be entitled to be paid the expenses of prosecuting such claim; and
- we may grant rights of indemnification and advancement of expenses to any person who is not at the time our current director or officer.

As permitted by Delaware law, we have entered into indemnity agreements with each of our directors and executive officers that require us to indemnify such persons from and against all expenses, liabilities or other matters arising out of their status as such or their acts, omissions or services rendered by such persons in such capacities or otherwise while serving at the request of the Company in any other capacity, to the fullest extent permitted by applicable Delaware law. The indemnification agreements generally provide our officers and directors with the same level of indemnification rights as currently provided in our governing documents, and sets forth the processes and procedures by which such indemnification is provided.

Additionally, we have in effect director and officer liability insurance.

ITEM 17. UNDERTAKINGS

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

10

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification

against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
