**Item 9. Regulation FD Disclosure****Richardson Posts Profitable First Quarter of Fiscal 2003**

**LaFox, IL, Monday September 30, 2002:** Richardson Electronics, Ltd. (NASDAQ: RELL) today reported results for the first quarter of fiscal 2003, which ended August 31, 2002. Revenues in the first quarter of 2003 were \$108.6 million, an increase of 3.8% from the previous year. Revenue from continuing operations, excluding the sale of Medical Glassware, increased 7.4% from the prior year. Net earnings were \$0.3 million, or \$0.02 per share, compared to a net loss of \$0.4 million, or a loss of \$0.03 per share for the same quarter last year.

Gross margins were 25.0%, compared to 24.9% in the fourth quarter of fiscal 2002, and 25.3% in the prior year. The stability in gross margins is the direct result of the broad product offering and continued emphasis on engineered solutions.

Edward J. Richardson, Chairman of the Board and Chief Executive Officer, said, "We are pleased with our ability to remain profitable in a difficult economic environment. Regional revenue growth, particularly in Asia Pacific, has helped offset declines in other regions. Margin pressure in the Wireless market has been mitigated by strength in our other business units, coupled with higher value added from engineered solutions."

Mr. Richardson concluded, "Bookings in the fiscal first quarter of 2003 were up 3% sequentially, driven primarily by strength in Wireless and Asia Pacific. Our design wins continue to be strong, but the uncertain outlook for the economy has delayed volume consumption. We believe our business model will continue to promote stability in the short term, and continued growth, through market share gains."

On Tuesday, October 1, 2002 at 9:00 a.m. CST, Mr. Edward J. Richardson, Chairman and Chief Executive Officer will host a conference call to discuss the release. A question and answer session will be included as part of the call's agenda. To listen to the
