F.N.B. Corporation Progress Savings
401(k) Plan
Hermitage, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of the F.N.B. Corporation Progress Savings 401(k) Plan as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates

Edgar Filing: FNB CORP/FL/ - Form 10-K/A

made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2000 and 1999, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets held at end of year as of December 31, 2000, and reportable transactions for the year then ended, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

F.N.B. Corporation Progress Savings
401(k) Plan

Notes to Financial Statements

December 31, 2000

1. Description of the Plan

The following description of the F.N.B. Corporation Progress Savings 401(k) Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan, substantially covering all

Edgar Filing: FNB CORP/FL/ - Form 10-K/A

salaried employees of the following subsidiaries of F.N.B. Corporation (the "Corporation"): First National Bank of Pennsylvania; Metropolitan National Bank; Reeves Bank; Regency Finance Company; The Customer Service Center of F.N.B., LLC PA Division; and F.N.B. Affiliate Services. Participants who have completed six months of service and are age twenty-one or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the Plan, participating employees may make voluntary pretax and after-tax contributions to their accounts of up to 14% of annual base compensation. The Corporation, at its discretion, may make a matching contribution equal to a percentage of participants' savings contributions and/or after-tax voluntary contributions.

Participants' savings contributions and employer matching contributions are designated under a qualified deferral arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants may direct employee contributions in the following 20 investment options: Principal Stable Value Fund, Principal Government Securities Account, Principal Bond Emphasis Balanced Account, Principal Stock Emphasis Balanced Account, Principal Large Capital Stock Index Account, Principal Medium Company Value Account, Principal Small Company Blend Account, Principal International Stock Account, Principal High Quality Intermediate-Term Account, Principal High Quality Long-Term Account, Principal Large Company Blend Account, Principal Putnam Voyager Account, Principal Total Market Stock Index Account, Principal Medium Company Growth Account, Principal Mid-Cap Stock Index Account, Principal Small Cap Stock Index Account, Principal Small Company Value Account, Principal American

Contributions (continued)

Century Income & Growth Account, Invesco Small Company Growth Account, and the F.N.B. Corporation Common Stock Fund. Principal Financial Group (Principal) is the custodian of all of the Plan's assets, with the exception of the F.N.B. Corporation Common Stock Fund.

The employer's matching contributions are used to purchase the Corporation's common stock. Participants who have attained age 59 1/2 are permitted to direct the trustee to invest the Corporation's matched portion of their account into any other investment that may be permitted under the Plan.

Participant Accounts

Each participant's account is credited with their voluntary contribution and the employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Edgar Filing: FNB CORP/FL/ - Form 10-K/A

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contributions and actual earnings thereon after five years of service (see vesting schedule below):

Vesting Schedule	
Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

F.N.B. Corporation Progress Savings 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five-year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions.

Payment of Benefits

Upon termination of service, a participant with a vested account balance of less than \$5,000 will receive a lump-sum amount equal to the vested value of his or her accounts. A participant who terminates service with a vested account balance of greater than \$5,000 has two options: he or she may leave his or her account under the Plan or he or she may request a lump-sum distribution of the vested account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan also permits distributions in the event of the participant's permanent disability, death, or attainment of normal retirement age as defined in the Plan.

2. Summary of Accounting Policies

Valuation of Investments

The Principal pooled separate accounts investments are valued using accumulation units and are stated at fair value. The dividends, interest, and realized and unrealized gains for the underlying funds are factored into the value of the separate account funds. The dollar value per unit of participation is determined by dividing the total value of the separate account by the total number of units of participation held in the separate account. Investments in shares of registered investment companies and common/collective trusts are stated at their net asset value, based on the quoted market prices of the securities held in such funds. The Corporation's common stock is traded on the Nasdaq Stock Market under the trading symbol "FBAN" and is valued using the closing price on the

last business day of the Plan year.

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

	December 31

Transfers to participant-directed investments	(399,502)	(63,316)
	\$133,032	\$ (422,365)

5. Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 25, 1999, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan Sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.
