Explanatory Note

The undersigned registrant hereby files Amendment No. 1 to amend the following Items with respect to its Quarterly Report on Form 10-Q for the period ended September 30, 2003:

## Edgar Filing: AT&T CORP - Form 10-Q/A

- 1) We have amended Item 4, "Controls and Procedures," to revise the language and to provide greater details concerning changes in our internal controls.
- 2) The registrant has amended Item 6, "Exhibits and Reports on Form 8-K," to correct the numbering of the Exhibits. We have also refurnished with different Exhibit numbers the certifications provided pursuant to Section 906 of the Sarbanes Oxley Act of 2002 and filed new certifications pursuant to Section 302 of the Act.

### Item 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, we completed an evaluation, under the supervision and with the participation of our management including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 or 15d-15. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective in alerting them timely to material information required to be included in our Exchange Act filings. Other than as described below, there have not been any changes in our internal controls over financial reporting identified in connection with the evaluation required by Exchange Act Rules 13a-15 or 15d-15 or otherwise that occurred during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.

In September 2003, in conjunction with our review of accounting and internal control systems, the Company determined that the liability on the balance sheet (included in accounts payable) relating to costs incurred in 2001 and 2002 pertaining to access and other connection expense was understated by \$125 million. Since the impact to prior years' annual financial statements was not material, the Company recorded an additional expense of \$125 million (\$77 million after-tax) in the third quarter of 2003 to reflect the proper estimate of the liability.

A review was conducted by outside legal counsel, under the direction of the Audit Committee. This review found that two employees, one lower-level and one mid-level management employee, circumvented the internal controls process resulting in the financial impacts noted above. The Company made the appropriate personnel changes and enhanced its internal controls accordingly. The principal focus of these enhancements included higher skill levels of those performing the function (CPA required for mid-level manager), changes in the approval process for accruing access expense, as well as additional reviews of such expense and related reconciliations by higher levels of management (Business Unit Controller and AT&T Controller). In addition, actual access payments are reviewed quarterly to further substantiate the recorded liability.
