

Item 2.02. Results of Operations and Financial Condition

On August 29, 2018, the Board of Directors of Vector Group Ltd. (the “Company”) declared a 5% stock dividend to stockholders of record as of September 18, 2018. The stock dividend was paid on September 27, 2018. The Company is filing updated Selected Financial Data to reflect the stock dividend as Exhibit 99.1.

Non-GAAP Financial Measures

Adjusted Net Income, Adjusted Operating Income, Tobacco Adjusted Operating Income and Tobacco Adjusted EBITDA (hereafter referred to as “the Non-GAAP Financial Measures”) are financial measures not prepared in accordance with generally accepted accounting principles (“GAAP”).

The Company is also filing this Current Report on Form 8-K to revise previously reported Non-GAAP Financial Measures to reflect the impact of its recent 5% stock dividend, which was paid on September 27, 2018 to stockholders of record on September 18, 2018, in calculating its Non-GAAP financial measure of Adjusted Net Income (related to Earnings Per Share). The Company is also filing this Current Report on Form 8-K to revise previously reported Non-GAAP financial measures to reflect the impact of its adoption of ASU 2017-07 during the first quarter of 2018 and the recasting of the Corporate and Other Segment to included the results of the Company's E-cigarette operations. All Non-GAAP financial measures and their reconciliations to GAAP measures have been presented as part of Exhibit 99.2. The Non-GAAP financial measures included in Exhibit 99.2 were previously reported in the Current Reports on Form 8-K, which were filed on August 7, 2018, June 14, 2018, May 9, 2018, March 1, 2018, November 24, 2017, November 7, 2017, March 8, 2016 and March 2, 2015.

Exhibit 99.2 contains the Non-GAAP Financial Measures discussed below.

Tables 1 through 6 of Exhibit 99.2 contain information relating to the Company's Non-GAAP Financial Measures for the years ended December 31, 2017, 2016, 2015, 2014 and 2013 and the three months ended June 30, 2018, March 31, 2018, December 31, 2017, September 30, 2017, June 30, 2017 and March 31, 2017.

Non-GAAP Financial Measures include adjustments for the one-time non-cash benefit from the Tax Cuts and Jobs Act of 2017 arising out of the remeasurement of certain tax assets and liabilities, purchase accounting associated with the Company's acquisition of its additional 20.59% interest in Douglas Elliman Realty, LLC, as well as the related purchase accounting adjustments. Non-GAAP Financial Measures also include adjustments for litigation settlement and judgment expenses in the Tobacco segment, settlements of long-standing disputes related to the Master Settlement Agreement (“MSA”) in the Tobacco segment, restructuring and pension settlement expense in the Tobacco segment, non-cash stock compensation expense (for purposes of Adjusted EBITDA only) and non-cash interest items associated with the Company's convertible debt.

The Company believes that the Non-GAAP Financial Measures are important measures that supplement discussions and analysis of its results of operations and enhances an understanding of its operating performance. The Company believes the Non-GAAP Financial Measures provide investors and analysts with a useful measure of operating results unaffected by differences in capital structures and ages of related assets among otherwise comparable companies.

Management uses the Non-GAAP Financial Measures as measures to review and assess operating performance of the Company's business, and management and investors should review both the overall performance (GAAP net income) and the operating performance (the Non-GAAP Financial Measures) of the Company's business. While management considers the Non-GAAP Financial Measures to be important, they should be considered in addition to, but not as substitutes for or superior to, other measures of financial performance prepared in accordance with GAAP, such as operating income, net income and cash flows from operations. In addition, the Non-GAAP Financial Measures are susceptible to varying calculations and the Company's measurement of the Non-GAAP Financial Measures may not be comparable to those of other companies.
