Note 1 - Plan Description and Summary of Significant Plan Provisions

The Board of Directors of Lowe's Companies, Inc. (the Company) adopted the Lowe's Companies, Inc. Employee Stock Purchase Plan-Stock Options for Everyone (the Plan) on December 2, 1999 and the Plan was approved by the Company's shareholders at the Annual Meeting of Shareholders on May 26, 2000. The Plan became effective on May 26, 2000. No option may be granted under the Plan more than ten years after the date the Plan was adopted unless the Plan is extended before such date. There were 5,000,000 shares of the Company's common stock reserved under the Plan with 4,087,746 remaining available at May 31, 2001. The Company's Board of Directors approved a two-for-one stock split effective on June 29, 2001. As a result of the stock split, 10,000,000 shares of the Company's common stock were reserved under the Plan with 8,175,492 shares remaining available after the split.

The Plan is intended to assist the Company in recruiting and retaining individuals with ability and initiative by enabling employees to participate in the future success of the Company and to associate their interests with those of the Company and its shareholders. All full-time employees are eligible to participate in the Plan at their date of employment. Part-time employees are eligible after one year of service. There are two six-month offering periods each year. The periods are June 1 through November 30, and December 1 through May 31. Employees must be eligible on the first day of the offering period in order to participate in that particular offering period. Participation in the Plan by eligible employees is voluntary.

Participants in the Plan are allowed to purchase discounted stock through the use of payroll deductions only (no lump sum purchases are allowed). The Company makes no contributions to the Plan. Payroll deductions in the amount of 1% to 20% of base pay may be contributed to the plan, provided that the contribution does not exceed the maximum amount of \$10,625. Payroll deductions will continue automatically until the participant elects to stop his or her deductions. If the participant elects to stop payroll deductions during an offering period, all contributions are refunded. Each Plan participant, at all times, is considered to be fully vested in the Plan and has a right to all cash amounts withheld from their paychecks. Cash proceeds collected from participant payroll deductions are remitted directly to the Company's operating cash account and are used for general corporate purposes of the Company.

The purchase price per share offered under the Plan with respect to any grant date is the lower of 85% of the fair market value of the share on such grant date or 85% of the fair market value of the share at the end of the offering period. Payroll deductions that have been accumulated during a particular offering period will be used to purchase shares of the Company's common stock at the discounted rate. The Plan will purchase only whole shares of the Company's common stock. Residual amounts in a Plan participant's account shall be applied to the next offering period.

E*TRADE is the Broker/Administrator of the Plan. Shares are recorded as purchased on the trade date. Once shares are purchased, they are distributed to each Plan participant's E*TRADE account. At the end of each offering period, E*TRADE sends participants a confirmation of shares purchased and the

Edgar Filing: LOWES COMPANIES INC - Form 11-K

purchase price for that offering period. They also provide a statement of each participant's account on a quarterly basis.

The Plan is a stock plan as defined in Section 423 of the Internal Revenue Code of 1986, as amended. The Plan is not subject to federal income taxes. Substantial tax benefits are provided to participants with respect to the treatment of stock purchased within the Plan, if certain holding period requirements are met.

All costs to administer the Plan are paid by the Company.

Note 2 - Summary of Significant Accounting Policies

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 3 - Income Taxes

The right to purchase shares of common stock under this Plan is intended to be an option granted by the Company in accordance with an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code, and such shares shall be treated in accordance with these provisions for tax purposes.

Employees participating in the Plan are not considered to have income for federal income tax purposes from the granting of an option to purchase shares. Deductions from an employee's compensation do not reduce the amount of their income for tax purposes.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan subject to certain restrictions. In the event of plan termination, participants would be 100% vested in their accounts and any payroll withheld between offering periods would be refunded.
