CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Amount to be Registered (1)	Proposed Maximum Offering Price per Share (2)	Proposed Maximum Aggregate Offering Price (3)	Amount of Registration Fee (4)
Common stock, par value \$0.01 per share	160,720,300	\$0.00033	\$41,210	\$4.15

Represents the estimated maximum number of shares of common stock of the registrant to be issued in connection with the merger described herein. The number of shares of common stock of the registrant is based on 123,631,000 shares of Tellurian Investments Inc. common stock, representing those outstanding as of September 29, 2016 and (1) the maximum amount that may be issued prior to the merger, and the exchange of each such share for 1.300 shares of common stock of the registrant pursuant to the Agreement and Plan of Merger, dated as of August 2, 2016, by and among the registrant, Tellurian Investments Inc., and River Merger Sub, Inc., as it may be amended from time to time (the "merger agreement").

Inasmuch as there is no market for the Tellurian Investments Inc. common stock to be cancelled in the merger and Tellurian Investments Inc. has an accumulated capital deficit, the proposed maximum offering price per share was (2) calculated using one-third of the par value of Tellurian Investments Inc. common stock in accordance with Rule 457(f)(2) promulgated under the Securities Act of 1933, as amended (the "Securities Act"). The par value of Tellurian Investments Inc. common stock is \$0.001, one-third of which is equal to approximately \$0.00033.

Estimated solely for the purpose of calculating the registration fee in accordance with Rule 457(f)(2) promulgated under the Securities Act, the proposed maximum aggregate offering price was calculated by multiplying (3) (A) one-third of the par value per share of the Tellurian Investments Inc. common stock, by (B) 123,631,000 shares, representing the aggregate number of shares of Tellurian Investments Inc. common stock to be cancelled in the merger.

(4) Determined in accordance with Section 6(b) of the Securities Act at a rate equal to \$100.70 per \$1,000,000 of the proposed maximum aggregate offering price.

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act or until the registration statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

The information in this joint proxy statement/prospectus is not complete and may be changed. We may not distribute the common stock of Magellan Petroleum Corporation being registered pursuant to this joint proxy statement/prospectus until the registration statement filed with the U.S. Securities and Exchange Commission is effective. This joint proxy statement/prospectus does not constitute an offer to distribute or a solicitation of an offer to receive any securities in any jurisdiction where an offer or solicitation is not permitted.

JOINT PROXY STATEMENT/PROSPECTUS

MERGER PROPOSED-YOUR VOTE IS VERY IMPORTANT

On August 2, 2016, Magellan Petroleum Corporation, a Delaware corporation (“Magellan”), Tellurian Investments Inc., a Delaware corporation (“Tellurian Investments”), and River Merger Sub, Inc., a Delaware corporation and a direct wholly owned subsidiary of Magellan (“Merger Sub”), entered into an Agreement and Plan of Merger (the “merger agreement”). Pursuant to the merger agreement, each outstanding share of common stock, par value \$0.001 per share, of Tellurian Investments will be converted into the right to receive 1.300 shares of common stock of Magellan, and Merger Sub will merge with and into Tellurian Investments (the “merger”), with Tellurian Investments continuing as the surviving corporation and a direct wholly owned subsidiary of Magellan. Except for adjustments made to reflect stock splits, share issuances and similar changes, this exchange ratio is fixed and will not be adjusted to reflect stock price changes prior to the closing of the merger. Based on the closing price of Magellan common stock on the NASDAQ Capital Market on August 2, 2016, the last trading day before public announcement of the merger, the aggregate value of the merger consideration payable to Tellurian Investments stockholders was approximately \$159.3 million. Shares of Magellan common stock outstanding before the merger is completed will remain outstanding and will not be exchanged, converted or otherwise changed in the merger. Magellan common stock is currently traded on the NASDAQ Capital Market under the symbol “MPET.” Tellurian Investments is a private company, and thus Tellurian Investments common stock is not traded on any established market. We urge you to obtain current market quotations of Magellan common stock.

We intend for the merger to qualify as a “reorganization” and/or a non-taxable exchange under U.S. federal tax law. Accordingly, Tellurian Investments stockholders are not expected to recognize any gain or loss for U.S. federal income tax purposes upon the exchange of shares of Tellurian Investments common stock for shares of Magellan common stock pursuant to the merger.

Based on the estimated number of shares of Magellan and Tellurian Investments common stock that will be outstanding immediately prior to the closing of the merger, we estimate that, upon such closing, existing Magellan stockholders will own approximately 4.3% of Magellan following the merger and former Tellurian Investments stockholders will own approximately 95.4% of Magellan following the merger.

Magellan and Tellurian Investments believe that the merger will be beneficial to their stockholders. In order to complete the transactions contemplated by the merger agreement, the Magellan stockholders and the Tellurian Investments stockholders must approve the merger and the other transactions contemplated by the merger agreement. At a special meeting of Magellan stockholders to be held on [•], 2016, at [•] local time in the Lobby Conference Room of the Denver Financial Center, located at 1775 Sherman Street, Denver, Colorado 80203, Magellan stockholders will be asked to vote on (1) a proposal to approve the issuance of shares of Magellan

common stock to Tellurian Investments stockholders in connection with the merger; (2) a proposal to approve the Magellan Petroleum Corporation 2016 Omnibus Incentive Compensation Plan (the “Magellan 2016 Plan”), including the material terms of the performance goals set forth in the Magellan 2016 Plan for purposes of Section 162(m) of the Internal Revenue Code; (3) a proposal to approve, on a non-binding advisory basis, the compensation that may become payable to Magellan’s named executive officers in connection with the completion of the merger; and (4) a proposal to approve the adjournment of the Magellan special meeting, if necessary or appropriate, to permit further solicitation of proxies. Approval of Magellan Proposals 1, 2 and 3 requires the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting and entitled to vote on each respective proposal, assuming that a quorum is present. Approval of Magellan Proposal 4 requires the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting, regardless of whether there is a quorum. Only stockholders who hold shares of Magellan common stock at the close of business on [•], 2016, the record date for the Magellan special meeting, are entitled to vote at the meeting.

At a special meeting of Tellurian Investments stockholders to be held on [•], 2016, at [•] local time at the Petroleum Club located at 1201 Louisiana Street, 35th Floor, Houston, Texas 77002, Tellurian Investments stockholders will be asked to vote on a proposal to approve and adopt the merger agreement and the transactions contemplated by the merger agreement, including the merger. Approval of the proposal requires the affirmative vote of holders of a majority of the outstanding shares of Tellurian Investments common stock entitled to vote thereon. Only stockholders who hold shares of Tellurian Investments common stock at the close of business on [•], 2016, the record date for the Tellurian Investments special meeting, are entitled to vote at the meeting.

Attached to this letter is an important document, a joint proxy statement/prospectus, containing detailed information about Magellan, Tellurian Investments, the proposed merger and the other transactions contemplated by the merger agreement, as well as the other matters to be considered at the Magellan and Tellurian Investments special meetings of stockholders. QUESTIONS AND ANSWERS ABOUT VOTING PROCEDURES AND THE MEETINGS

The following are some questions that you, as a Magellan stockholder or a Tellurian Investments stockholder, may have regarding the merger and the other matters being considered at the special meetings, as well as the answers to those questions. Magellan and Tellurian Investments urge you to read carefully the remainder of this joint proxy statement/prospectus-including any documents incorporated by reference-and the Annexes in their entirety because the information in this section does not provide all of the information that might be important to you with respect to the merger agreement, the merger and the other matters being considered at the special meetings. See “Where You Can Find More Information” beginning on page 105.

Q: Why am I receiving this joint proxy statement/prospectus?

Magellan and Tellurian Investments have entered into a merger agreement, pursuant to which each outstanding share of common stock, par value \$0.001 per share, of Tellurian Investments will be converted into the right to A: receive 1.300 shares of common stock of Magellan, and Merger Sub will merge with and into Tellurian Investments (the “merger”), with Tellurian Investments continuing as the surviving corporation and a direct wholly owned subsidiary of Magellan.

In order to complete the merger, among other conditions,

• Magellan stockholders must approve the issuance of shares of Magellan common stock to Tellurian Investments stockholders in connection with the merger; and

• Tellurian Investments stockholders must approve and adopt the merger agreement and the transactions contemplated by the merger agreement, including the merger.

Magellan and Tellurian Investments will hold separate special meetings of their stockholders to obtain these approvals. This joint proxy statement/prospectus contains and incorporates by reference important information about Magellan and Tellurian Investments, the merger agreement, the merger, the other transactions contemplated by the merger agreement, and the Magellan and Tellurian Investments special meetings of stockholders. You should read all of the available information carefully and in its entirety.

Q: What effect will the merger have?

A: If the merger is completed, Tellurian Investments will become a wholly owned subsidiary of Magellan and Tellurian Investments stockholders will become stockholders of Magellan.

Following the merger, the stockholders of Magellan and Tellurian Investments will be the stockholders of the combined company.

Q: What will I receive in the merger?

Magellan stockholders: Regardless of whether the merger is completed, Magellan stockholders will retain the A: Magellan common stock that they currently own. They will not receive any merger consideration, and they will not receive any additional shares of Magellan common stock in the merger.

Tellurian Investments stockholders: If the merger is completed, Tellurian Investments stockholders will receive 1.300 shares of Magellan common stock for each share of Tellurian Investments common stock that they hold immediately prior to the effective time of the merger (other than shares of Tellurian Investments common stock held by any holder who has properly exercised appraisal rights of such shares in accordance with Section 262 of the General Corporation Law of the State of Delaware, which we refer to as the DGCL or Delaware law, as described in this joint proxy statement/prospectus). If a holder of Tellurian Investments stock is entitled to receive any fractional shares of Magellan stock, such holder will receive such fractional share.

Q: How will Magellan equity awards be treated?

Certain current and former Magellan employees, officers and directors hold equity compensation plan awards under the Magellan Petroleum Corporation 1998 Stock Incentive Plan (the “Magellan 1998 Plan”) or the Magellan Petroleum Corporation 2012 Omnibus Incentive Compensation Plan (the “Magellan 2012 Plan”). At the closing of the transactions contemplated by the merger agreement, any outstanding options held by Magellan current and former employees, officers and directors will remain exercisable for such period of time as provided in the applicable award agreement and the Magellan 1998 Plan or the Magellan 2012 Plan. The vesting of awards to current and former Magellan employees, officers and directors will be accelerated as a result of the merger, in accordance with the terms of the applicable award agreement and the merger agreement.

Q: What is the value of the merger consideration?

Because Magellan will issue 1.300 shares of Magellan common stock in exchange for each share of Tellurian Investments common stock outstanding immediately prior to the merger, the value of the merger consideration that Tellurian Investments stockholders receive will depend on the price per share of Magellan common stock at the effective time of the merger. That price will not be known at the time of the special meetings and may be greater or less than the current price or the price at the time of the special meetings. We urge you to obtain current market quotations of Magellan common stock. See “Risk Factors” beginning on page 23.

Q: What are the principal conditions of the proposed merger?

The merger and the other transactions contemplated by the merger agreement require the approval of Magellan and Tellurian Investments stockholders. Magellan and Tellurian Investments are holding special meetings of stockholders to obtain the requisite approval. The other principal conditions of the merger include the following: the accuracy of each party’s representations and warranties contained in the merger agreement and each party’s compliance with its covenants and agreements contained in the merger agreement in all material respects; all directors and officers of Magellan and each Magellan subsidiary shall have resigned, except for any person(s) that might be designated by Tellurian Investments;

Antoine Lafargue, Magellan’s current President and Chief Executive Officer, shall have released any and all contractual or similar obligations payable to him from Magellan or its affiliates, or otherwise owed to him as a result of his services as an officer, director, agent or employee of Magellan or its affiliates, provided that such release (i) will be subject to receipt by Mr. Lafargue of an offer of employment by Magellan, effective as of the effective time of the merger, providing for terms and conditions substantially similar to those set forth in the Tellurian Investments disclosure schedule to the merger agreement and (ii) will not affect any right of Mr. Lafargue to indemnification and insurance as provided in the merger agreement; and

- shares of Magellan common stock to be issued in the merger shall have been approved for listing on the NASDAQ Capital Market, subject to official notice issuance.

For a description of the other terms and conditions of the merger, please see “The Merger Agreement” beginning on page 70 of this joint proxy statement/prospectus. A copy of the merger agreement is attached to this joint proxy statement/prospectus as Annex A.

Q: Will the proposed transactions result in a change in control of Magellan?

Yes. Assuming the transactions contemplated by the merger agreement are completed, all of Magellan’s board of directors positions will be nominees of Tellurian Investments, and Magellan’s executive officers will be comprised primarily of the present executive officers of Tellurian Investments. The present holders of Magellan common stock, former Tellurian Investments stockholders and Petrie Partners Securities, LLC (Magellan’s financial advisor) will own approximately 4.3%, 95.4% and 0.3%, respectively, of Magellan common stock after the merger.

Q: Who will serve on the Magellan board of directors following the completion of the merger?

The merger agreement provides that, upon completion of the merger, all directors of Magellan will have resigned, and Magellan will appoint to its board of directors three members of the Tellurian Investments board of directors and two other persons designed by Tellurian Investments. It is anticipated that, following the completion of the

merger, the Magellan board of directors will have seven members, consisting of the Tellurian Investments designees described above plus two additional members designated by Tellurian Investments.

Q: Who will serve as executive management of Magellan following the completion of the merger?

The combined company will be led by its Chairman, Charif Souki; Executive Vice Chairman, Martin Houston; President and Chief Executive Officer, Meg A. Gentle; Executive Vice President and Chief Operating Officer, R. A: Keith Teague; Senior Vice President and Chief Financial Officer, Antoine Lafargue; General Counsel and Corporate Secretary, Christopher Daniels; Senior Vice President - Projects, Howard Candelet; Senior Vice President - Gas Supply, Mark Evans; and Senior Vice President - LNG Trading, Tarek Souki.

Q: What am I voting on?

Magellan stockholders: Magellan stockholders are voting on (1) a proposal to approve the issuance of shares of Magellan common stock to Tellurian Investments stockholders in connection with the merger; (2) a proposal to approve the Magellan 2016 Plan, including the material terms of the performance goals set forth in the Magellan A: 2016 Plan for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"); (3) a proposal to approve, on a non-binding advisory basis, the compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger; and (4) a proposal to approve the adjournment of the Magellan special meeting, if necessary or appropriate, to permit further solicitation of proxies. Tellurian Investments stockholders: Tellurian Investments stockholders are voting on a proposal to approve and adopt the merger agreement, the merger and the other transactions contemplated by the merger agreement.

Q: What vote is required to approve these proposals?

Magellan stockholders: In order for the proposals to be voted on at the Magellan special meeting, a "quorum" of the shares must be present. A quorum is 33 % of the issued and outstanding shares of Magellan common stock. All shares of Magellan common stock held by stockholders who are present in person or by proxy will count towards a A: quorum, including Magellan shares held by stockholders who are present in person at the Magellan special meeting but not voting, and Magellan shares for which Magellan has received proxies indicating that their holders have abstained. Shares of Magellan common stock held by stockholders who are not present in person or by proxy will not be counted towards a quorum.

Each of Magellan Proposal 1 (to approve the issuance of shares of Magellan common stock to Tellurian Investments stockholders in connection with the merger), Magellan Proposal 2 (to approve the Magellan 2016 Plan, including the material terms of the performance goals set forth in the Magellan 2016 Plan for purposes of Section 162(m) of the Code), and Magellan Proposal 3 (to approve, on a non-binding advisory basis, the compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger) will require the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting and entitled to vote on each respective proposal, assuming that a quorum is present. Magellan Proposal 2 is referred to as the "plan proposal," and Magellan Proposal 3 is referred to as the "compensation proposal." Magellan Proposal 4 (to approve the adjournment of the Magellan special meeting, if necessary or appropriate, to permit further solicitation of proxies) will require the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting and entitled to vote on the proposal, regardless of whether there is a quorum. See "The Magellan Meeting-Quorum" for a description of the effect of "broker non-votes" and abstentions on the outcome of each vote.

Tellurian Investments stockholders: In order for the proposal to be voted on at the Tellurian Investments special meeting, a "quorum" of the shares must be present. A quorum is a majority of the issued and outstanding shares of Tellurian Investments common stock. All shares of Tellurian Investments common stock held by stockholders who are present in person or by proxy will count towards a quorum, including Tellurian Investments shares held by stockholders who are present in person at the Tellurian Investments special meeting but not voting, and Tellurian Investments shares for which Tellurian Investments has received proxies indicating that their holders have

abstained. Shares of Tellurian Investments common stock held by stockholders who are not present in person or by proxy will not be counted towards a quorum.

Tellurian Investments Proposal 1-to approve and adopt the merger agreement, the merger and the other transactions contemplated by the merger agreement-will require the affirmative vote of holders of a majority of the outstanding shares of Tellurian Investments common stock entitled to vote thereon. See “The Tellurian Investments Meeting-Quorum” for a description of the effect of abstentions on the outcome of each vote.

Q: When do you expect the merger to be completed?

A: The parties will complete the transactions contemplated by the merger agreement when all of the conditions to the completion of the transactions, as provided in the merger agreement, are satisfied or waived. The parties anticipate closing the transactions as soon as possible after approval by the Magellan and Tellurian Investments stockholders of the proposal regarding the transactions contemplated by the merger agreement.

Q: What happens if the merger is not completed?

A: If the merger is not completed, the Tellurian Investments common stock will not be converted into the right to receive Magellan common stock, and Tellurian Investments stockholders will continue to hold Tellurian Investments common stock.

If the merger agreement is terminated by Magellan to accept a “superior proposal,” or by Tellurian Investments because Magellan has breached its obligation not to solicit an alternative proposal after the execution of the merger agreement or because the Magellan board of directors has changed its recommendation that stockholders approve the merger, then Magellan will be required to pay a termination fee to Tellurian Investments for any and all third-party transaction fees and expenses incurred by Tellurian Investments with the drafting, negotiation, execution and delivery of the merger agreement and related documents (including fees and expenses for attorneys, accountants and other advisors), subject to a maximum of \$1,000,000 in the aggregate. A termination fee may also be payable by Magellan to Tellurian Investments in some circumstances in which an alternative proposal is made, the merger fails to close and Magellan subsequently agrees to an alternative proposal.

If the merger agreement is terminated by Magellan or Tellurian Investments because the Tellurian Investments stockholders do not approve the merger at their special meeting, or by Magellan because Tellurian Investments does not use commercially reasonable efforts to secure the approval for the listing of the Magellan shares on the NASDAQ Capital Market, then Tellurian Investments will be required to pay a reverse termination fee to Magellan of \$1,000,000.

In addition, should the merger with Tellurian Investments not close, Magellan will need to pursue other alternatives, including other potential merger candidates, in order to continue as a going concern.

See the sections entitled “The Merger Agreement-Termination of the Merger Agreement,” “The Merger Agreement-Termination Fee” and “The Merger Agreement-Reverse Termination Fee” of this joint proxy statement/prospectus for a discussion of these and other rights of each of Magellan and Tellurian Investments to terminate the merger agreement.

Q: Do I need to do anything with my shares of common stock other than vote for proposals at the special meetings of stockholders?

A: Magellan stockholders: If you are a Magellan stockholder, after the merger is completed, you are not required to take any action with respect to your shares of Magellan common stock.

Tellurian Investments stockholders: If you are a Tellurian Investments stockholder, after the merger is completed, each share of Tellurian Investments common stock that you hold will be converted automatically into the right to receive 1.300 shares of Magellan common stock. You do not need to take any action at this time. After the merger is completed, you will receive instructions on how to exchange your shares.

Q: Are stockholders entitled to appraisal rights?

A: The holders of Magellan common stock are not entitled to appraisal rights in connection with the merger under Delaware law. Tellurian Investments stockholders are entitled to appraisal rights under Section 262 of the DGCL, provided they satisfy the special criteria and conditions set forth in Section 262 of the DGCL. Tellurian Investments common stock held by stockholders that do not vote for approval of the merger and make a demand for appraisal in accordance with Delaware law will not be converted into Magellan stock, but will be converted into the right to receive from the combined company consideration determined in accordance with Delaware law.

For more information regarding appraisal rights, see "The Merger-Appraisal Rights" beginning on page 66 of this joint proxy statement/prospectus. In addition, a copy of Section 262 of the DGCL is attached to this joint proxy statement/prospectus as Annex D.

Q: Why are Magellan stockholders being asked to approve the Magellan 2016 Plan?

A: The Magellan 2016 Plan is being proposed to revise and replace the Magellan 2012 Plan. The primary updates will include increasing the number of shares available for issuance, changing the material terms of the performance goals under the Magellan 2016 Plan, and making additional changes that the Magellan board of directors believes will better align Magellan's incentive compensation with the proposed direction of Magellan after the merger. As part of the plan proposal and as required under Section 162(m) of the Code and related regulations, Magellan's stockholders are being asked to approve the material terms of the performance goals (including the business criteria on which any qualified performance goals are based) under the Magellan 2016 Plan so that awards made by the Compensation, Nominating and Governance Committee of the board of directors of the combined company (the "CNG Committee") to employees and officers can qualify as performance-based compensation deductible under Section 162(m) of the Code. For more information regarding the Magellan 2016 Plan, see "Proposals for the Magellan Special Meeting-Magellan Proposal 2: Approval of Magellan 2016 Plan" beginning on page 80 of this joint proxy statement/prospectus.

Q: In making awards intended to meet the standards of Section 162(m) of the Code, what may the CNG Committee base performance goal(s) on?

A: For purposes of Section 162(m) of the Code, the business criteria upon which any qualified performance goals are based are:

Financial Goals:	Earnings	Earnings per share	Net income
	Revenues	Cash flow from operations	Free cash flow
	Debt level	Equity ratios	Expenses
	Cost reduction targets	Capital expended	Working capital
	Interest-sensitivity gap levels	Weighted average cost of capital	Operating or profit margin
	EBITDAX or adjusted EBITAX	Return on assets	Return on equity or capital employed
Operating Goals:		Receipt of and compliance with regulatory approvals	Completion of construction milestones
	Engineering milestones	Receipt of a commitment of financing or refinancing	Achievement of safety standards
	Construction milestones	Closing of financing or refinancing	Operating efficiency
	Regulatory milestones	Reaching Final Investment Decision	Production targets
	Execution of engineering, procurement and construction agreements	Execution of commercial agreements	Fuel usage
	Completion of regulatory filings		Cost of production
			Management of risk

Corporate and Other Goals:	Total stockholder return	Market share	Charge-offs
	Asset quality levels	Assets	Non-performing assets
	Investments	Asset sale targets	Fair market value of common stock
	Satisfactory internal or external audits	Value of assets	Regulatory compliance
	Achievement of balance sheet or income statement objectives	Employee retention/attrition rates	Safety targets
		Improvements of financial ratings	Economic value added MMBTU growth per net debt adjusted share

Q: Why are Magellan stockholders being asked to cast a non-binding advisory vote on the compensation proposal?

In accordance with the rules promulgated by the U.S. Securities and Exchange Commission (the "SEC") under Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), Magellan is providing its stockholders with the opportunity to approve, on a non-binding advisory basis, the compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger, as disclosed in "The Merger-Interests of Magellan Directors and Executive Officers in the Merger" and "Proposals for the Magellan Special Meeting-Magellan Proposal 3: Advisory (Non-Binding) Vote on Golden Parachute Compensation."

Q: What will happen if Magellan stockholders do not approve the compensation proposal?

The vote on the compensation proposal is a vote separate and apart from the vote on the merger proposal. Accordingly, Magellan stockholders may vote to approve and adopt the merger proposal and vote not to approve the compensation proposal, and vice versa. Because the vote on the compensation proposal is advisory only, it will not be binding on either Magellan or Tellurian Investments. Accordingly, if the merger agreement is approved and adopted and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the vote on the compensation proposal.

Q: What are the material U.S. federal income tax consequences of the merger to U.S. holders of Tellurian Investments common stock?

A: The merger is intended to be treated for U.S. federal income tax purposes as a "reorganization" within the meaning of Section 368(a) of the Code, and/or an exchange under Section 351 of the Code. Assuming the merger qualifies as such a reorganization or exchange, a U.S. holder of Tellurian Investments common stock will not recognize any gain or loss for U.S. federal income tax purposes upon the exchange of the holder's shares of Tellurian Investments common stock for shares of Magellan common stock pursuant to the merger. For further information, see "Material U.S. Federal Income Tax Consequences" beginning on page 92.

The U.S. federal income tax consequences described above may not apply to all holders of Tellurian Investments common stock. Your tax consequences will depend on your individual situation. The Parties to the Merger Agreement Magellan Petroleum Corporation, a Delaware corporation;
Tellurian Investments Inc., a Delaware corporation; and
River Merger Sub, Inc., a Delaware corporation.

See “The Merger Agreement” beginning on page 70.

Background of the Parties Magellan is a publicly traded, independent oil and gas exploration and production company that owns interests in the Horse Hill-1 well and related licenses in the Weald Basin, onshore United Kingdom, and an exploration block, NT/P82, in the Bonaparte Basin, offshore Northern Territory, Australia. Magellan common stock trades on the NASDAQ Capital Market under the trading symbol “MPET.”

Tellurian Investments is a privately held company with plans to own, develop and operate natural gas liquefaction facilities, storage facilities and loading terminals along the United States Gulf Coast and to pursue complementary business lines in the energy industry.

See “The Merger-Background of the Merger” beginning on page 47.

The Merger If the merger is completed, each outstanding share of common stock, par value \$0.001 per share, of Tellurian Investments, other than shares for which appraisal rights held by Tellurian Investments stockholders have been perfected, will be converted into the right to receive 1.300 shares of common stock of Magellan, and Merger Sub will merge with and into Tellurian Investments, with Tellurian Investments continuing as the surviving corporation and a direct wholly owned subsidiary of Magellan.

See “The Merger Agreement” beginning on page 70.

Reasons for the Merger Magellan: Each of the special committee of the Magellan board of directors (the “Special Committee”) and the Magellan board of directors considered the following material factors, among others, that it believes support its determinations:

the benefit to holders of Magellan common stock resulting from their ability to participate in the growth of the combined company, taking into account (i) the business plan of Tellurian Investments, (ii) the experience and credentials of Tellurian Investments’ senior management as recognized global leaders in the liquefied natural gas (“LNG”) business and (iii) the track records of the members of Tellurian Investments’ management in building value for shareholders of their prior employers;

the long-term prospects for the LNG industry, which the Special Committee and the Magellan board of directors believe to be favorable (although the Special Committee and the Magellan board of directors recognize that the near- and medium-term prospects for the industry will likely be more challenging);

that although Magellan retains assets it believes have certain potential value, none of these assets currently generates revenue and therefore, pursuant to Magellan's announced strategy, it will need to pursue a business combination transaction in the relatively near future;

the belief of the Magellan board of directors that the combined company will be able to benefit stockholders by executing on Tellurian Investments' business plan and taking advantage of Magellan's remaining assets and its public reporting platform;

most of the alternative candidates Magellan considered as potential merger partners are in the upstream or midstream sectors of the energy industry and are experiencing varying degrees of financial stress as a result of the current commodity price environment, while Tellurian Investments' business plan contemplates that it will not be directly exposed to commodity price risk for a number of years;

that Magellan, under the direction of the Special Committee, conducted a publicly disclosed and active strategic alternatives process over a lengthy period of time, in which it solicited interest regarding a variety of potential transactions and structures, and that since the formation of the Special Committee in June 2015, Magellan had contacted several dozen potentially interested parties regarding a transaction involving a merger or sale of Magellan or its assets;

the financial presentation and opinion, dated August 2, 2016, of Petrie Partners Securities, LLC ("Petrie") to the Magellan board of directors as to the fairness, from a financial point of view and as of the date of such opinion, of the exchange ratio to Magellan, which opinion was based upon and subject to the factors, assumptions, limitations and qualifications set forth in its opinion;

the terms of the merger agreement that permit Magellan to discuss and negotiate an unsolicited acquisition proposal should one be made, and permit Magellan to terminate the merger agreement in order to accept a "superior proposal," in each case in certain circumstances;

the fact that the merger agreement allows the Magellan board of directors, under specified circumstances, to change or withdraw its recommendation to the Magellan stockholders with respect to the approval of the merger; and

the fact that if Tellurian Investments' controlling stockholders cause the merger agreement to be terminated by voting against the approval of the merger at the Tellurian Investments meeting, Magellan will receive a termination fee of \$1 million.

Tellurian Investments: The board of directors of Tellurian Investments believes the merger is fair to and in the best interest of its stockholders. In the course of reaching this decision, the Tellurian Investments board considered a number of factors, including:

access to public securities markets; and

the ability of the combined company to more easily attract and retain skilled personnel.

The completion of the merger is conditioned upon, among other things:

Shares of Magellan common stock to be issued in the merger shall have been approved for listing on the NASDAQ Capital Market, subject to official notice issuance.

See "The Merger Agreement-Conditions to the Completion of the Merger" beginning on page 74.

Opinion of
Magellan's
Financial
Advisor

Formed to conduct a strategic alternatives process for Magellan, the Special Committee of the Magellan board of directors retained Petrie to serve as Magellan's financial advisor in connection with the merger and to provide the Magellan board of directors with an opinion with respect to the fairness, from a financial point of view, to Magellan of the exchange ratio. The full text of Petrie's written opinion, dated August 2, 2016, is attached hereto as Annex B and sets forth the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Petrie in preparing its opinion. This summary and the description of Petrie's opinion are qualified in their entirety by reference to the full text of the opinion.

See "The Merger-Opinion of Magellan's Financial Advisor" beginning on page 53.

Termination of
the Merger

The merger agreement may be terminated:

Agreement

14

By mutual written consent of the board of directors of each of Magellan and Tellurian Investments;

By Magellan or Tellurian Investments if (i) the merger has not been completed by December 31, 2016, subject to certain conditions; (ii) if a governmental injunction, judgment or ruling preventing consummation of the transactions contemplated by the merger agreement is in effect and becomes final and nonappealable, subject to certain exceptions; (iii) the Magellan meeting has concluded and the Magellan stockholders have not approved the transactions contemplated by the merger agreement; or (iv) the Tellurian Investments meeting has concluded and the Tellurian Investments stockholders have not approved the transactions contemplated by the merger agreement;

By Magellan if (i) the Magellan board of directors receives a “superior proposal” and determines to accept the offer; however, Tellurian Investments will have the right to negotiate with the Magellan board of directors for a five business day period following notice from Magellan to Tellurian Investments of such superior proposal prior to Magellan’s acceptance of such superior proposal; or (ii) Tellurian Investments has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (A) would cause the failure by Tellurian Investments to satisfy its closing conditions, and (B) is not cured or is not curable within 30 days; and

By Tellurian Investments if (i) the Magellan board of directors withdraws, modifies or qualifies, or proposes publicly to withdraw, modify or qualify, in a manner adverse to Tellurian Investments, its recommendation that stockholders approve the merger agreement, or publicly recommends the approval or adoption of, or publicly approves or adopts, or proposes to publicly recommend, approve or adopt, any alternative proposal; or (ii) Magellan or Merger Sub has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (A) would cause the failure by Magellan to satisfy its closing conditions, and (B) is not cured or is not curable within 30 days.

See “The Merger Agreement-Termination of the Merger Agreement” beginning on page 75.

Termination
Fee

A termination fee will be payable by Magellan to Tellurian Investments for any and all third-party transaction fees and expenses incurred by Tellurian Investments with the drafting, negotiation, execution and delivery of the merger agreement and related documents (including fees and expenses for attorneys, accountants and other advisors), subject to a maximum of \$1,000,000 in the aggregate, in the following circumstances:

(i) an alternative proposal has been publicly proposed and not withdrawn at the date of the Magellan special meeting, (ii) either party terminates the merger agreement because (A) the merger has not occurred by December 31, 2016, or (B) Magellan stockholders do not approve the merger, and (iii) Magellan enters into a definitive agreement with respect to, or consummates a transaction that constitutes, an alternative proposal within 12 months of the termination of the merger agreement;

the merger agreement is terminated by Tellurian Investments if the Magellan board of directors changes its recommendation that the Magellan stockholders vote in favor of the merger;

the merger agreement is terminated by Tellurian Investments if Magellan or Merger Sub has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (i) would cause the failure by Magellan or Merger Sub to satisfy its closing conditions, and (ii) is not cured or is not curable within 30 days; or

the merger agreement is terminated by Magellan in order to accept a “superior proposal.”

See “The Merger Agreement-Termination Fee” beginning on page 76.

Reverse Termination Fee

A termination fee of \$1,000,000 will be payable by Tellurian Investments to Magellan in the following circumstances:

the merger agreement is terminated by Magellan or Tellurian Investments because Tellurian Investments stockholders do not approve the merger at their special meeting; or

Tellurian Investments has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (i) would cause the failure by Tellurian Investments to satisfy its closing conditions, and (ii) is not cured or is not curable within 30 days.

See “The Merger Agreement-Reverse Termination Fee” beginning on page 76.

U.S. Federal Income Tax Consequences

The merger is intended to be non-taxable to Magellan, Tellurian Investments and their stockholders, provided it qualifies as a “reorganization” within the meaning of Section 368(a) of the Code and/or an exchange under Section 351 of the Code. The holders of Tellurian Investments common stock are not expected to recognize any gain or loss for U.S. federal income tax purposes on the exchange of shares of Tellurian Investments common stock for shares of Magellan common stock in the merger.

See “Material U.S. Federal Income Tax Consequences” beginning on page 92.

Risk Factors

In evaluating the proposals to be considered at the special meetings of stockholders, holders of Magellan common stock and Tellurian Investments common stock should carefully read this joint proxy statement/prospectus and especially consider the factors discussed in the section entitled “Risk Factors” beginning on page 23 of this joint proxy statement/prospectus.

Share Ownership of Magellan Directors and Executive Officers

890,539 shares (including options to acquire 293,748 shares), or 14.4% of the outstanding Magellan common stock.

Share Ownership of Tellurian Investments Directors and Executive Officers

58,615,000 shares or 55.4% of the outstanding Tellurian Investments common stock.

Interests of Executive Officers and Directors of Magellan in the Merger

Certain of Magellan’s current and former directors and executive officers have interests that differ from, and may be in conflict with, those of the stockholders of Magellan with respect to the merger agreement. These interests include the following:

as a condition to the completion of the merger, Antoine Lafargue, Magellan's current President and Chief Executive Officer, shall have released any and all contractual or similar obligations payable to him from Magellan or its affiliates, or otherwise owed to him as a result of his services as an officer, director, agent or employee of Magellan or its affiliates, provided that such release, among other things, will be subject to receipt by Mr. Lafargue of an offer of employment by Magellan, effective as of the effective time of the merger, providing for terms and conditions substantially similar to those set forth in the Tellurian Investments disclosure schedule to the merger agreement;

J. Thomas Wilson, former President and Chief Executive Officer of Magellan, for his termination for "Good Reason" (as defined in his employment agreement) in connection with the merger will receive (i) monthly severance payments amounting to \$300,000 in the aggregate, for a period of 12 months, (ii) payment of his accrued vacation amounting to approximately \$106,000, (iii) reimbursement of medical benefits for a period of up to 18 months, estimated to amount to approximately \$35,000 in the aggregate, and (iv) reimbursement of outstanding expenses;

pursuant to the merger agreement, any and all contractual or similar obligations payable to Magellan directors from Magellan or its affiliates, or otherwise owed to the Magellan directors as a result of their services as Magellan directors, shall have been released, except for (A) 100,000 shares of Magellan common stock, which will be issued to and divided among the Magellan directors as of the closing of the merger and (B) the total sum of \$150,000, to be divided among the Magellan directors and payable in cash at the closing of the merger, provided that such release shall not affect any right of the Magellan directors to indemnification and insurance as provided in the merger agreement;

Magellan's directors and executive officers hold equity compensation plan awards under the Magellan 1998 Plan or the Magellan 2012 Plan, the vesting of which awards will be accelerated as a result of the merger, in accordance with the terms of those awards and the merger agreement; and

Magellan's directors and executive officers are entitled to continued indemnification and insurance coverage under the merger agreement, as more fully described in "The Merger Agreement-Indemnification and Insurance" beginning on page 74.

Each member of the board of directors of Magellan was aware of these interests and considered them in making its recommendations in this joint proxy statement/prospectus.

See "The Merger-Interests of Magellan's Directors and Executive Officers in the Merger" beginning on page 58.

Interests of Executive Officers and Directors of Tellurian Investments in the Merger	Certain executive officers and directors of Tellurian Investments possess unrestricted shares of Tellurian Investments common stock and/or restricted shares of Tellurian Investments common stock issued pursuant to the Tellurian Investments 2016 Omnibus Incentive Plan. At the effective time of the merger, each outstanding share of Tellurian Investments common stock, including unrestricted shares outstanding under the Tellurian Investments 2016 Omnibus Incentive Plan, will be converted into the right to receive 1.300 shares of Magellan common stock. Effective immediately prior to the effective time of the merger, each restricted share of Tellurian Investments common stock granted and then outstanding under the Tellurian Investments 2016 Omnibus Incentive Plan and any associated restricted stock agreements and notices of grant will be converted into 1.300 shares of comparable restricted stock of Magellan.

See “The Merger-Interests of Tellurian Investments’ Directors and Executive Officers in the Merger” beginning on page 60.

Changes to Exchange Ratio

The exchange ratio will be adjusted prior to the effective time of the merger to provide Tellurian Investments common stockholders the same economic effect as contemplated by the merger agreement to account for any stock split, reverse stock split, stock dividend, subdivision, reclassification, recapitalization, combination, exchange of shares or the like that occurs with respect to the shares of either Magellan common stock or Tellurian Investments common stock outstanding after the date of the merger agreement and prior to the effective time of the merger.

POST-MERGER BUSINESS STRATEGY

The combined company plans to own, develop and operate, through Tellurian LNG LLC, a Delaware limited liability company and wholly owned subsidiary of Tellurian Investments (“Tellurian LNG”), natural gas liquefaction facilities, storage facilities and loading terminals (collectively, the “LNG Facilities”) at one or more sites along the United States Gulf Coast and plans to sell LNG produced at its LNG Facilities to creditworthy customers, and to pursue complementary business lines in the energy industry.

The combined company plans to be a low-cost provider of LNG Facilities and plans to minimize construction costs through utilization of proven technology and a modular design process that reduces installation and interconnection costs throughout the facility. Tellurian LNG, through its wholly owned subsidiaries, Driftwood LNG LLC and Driftwood LNG Pipeline LLC, is developing a 26 million tonnes per annum (“mtpa”) LNG Facility and related pipeline in Calcasieu Parish, Louisiana, with estimated construction costs of \$450 to \$550 per tonne, before owners’ cost, pipeline cost, financing cost, and contingencies, and expects to begin producing LNG in 2022 (the “Driftwood LNG Project”). The combined company also plans to pursue business that is complementary to its LNG business.

The combined company plans to purchase gas supply for its LNG Facilities from the North American natural gas market and contract for pipeline and storage services upstream of the LNG Facilities in order to maximize its access to low-cost gas supply.

For certain risks associated with the combined company’s post-merger business strategy, see “Risk Factors” beginning on page 23.

MARKET PRICE INFORMATION

Magellan common stock is currently traded on the NASDAQ Capital Market under the symbol “MPET.” The following table provides the lowest and highest sales prices for Magellan common stock as reported by the NASDAQ Capital Market as of August 2, 2016, the last full trading day preceding public announcement that Magellan and Tellurian Investments had entered into the merger agreement, and on September 29, 2016, the last full trading day for which such prices were available at the time of this joint proxy statement/prospectus.

August 2, 2016	\$1.22	\$1.14
September 29, 2016	\$5.50	\$5.06

Because Tellurian Investments common stock is not traded on any established market, no equivalent market price data is available for Tellurian Investments.

- the ability of the combined company's vendors to meet their contractual obligations;
- the uncertain nature of the anticipated value and underlying prospects of Magellan's U.K. acreage position;
- government regulation and oversight of drilling and completion activity in the United Kingdom;
- the uncertainty of drilling and completion conditions and results;
- the availability of drilling, completion, and operating equipment and services;
- the results and interpretation of 2-D and 3-D seismic data related to Magellan's NT/P82 interest in offshore Australia and Magellan's ability to obtain an attractive farmout arrangement for NT/P82;
- uncertainties regarding Magellan's ability to maintain the NASDAQ Capital Market listing of Magellan common stock;
- risks and uncertainties inherent in management estimates of future operating results, liquidity, and cash flows;
- risks and uncertainties associated with litigation matters;
- risk factors consistent with comparable companies within the oil and gas or LNG industry, especially companies with similar market capitalization and/or employee base; and
- other matters discussed in the "Risk Factors" section of this joint proxy statement/prospectus.

Furthermore, forward-looking statements are made based on Magellan and Tellurian Investments management's current assessment available at the time. Subsequently obtained information may result in revisions to Magellan and Tellurian Investments management's expectations and intentions and, thus, Magellan and Tellurian Investments may alter their plans. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this joint proxy statement/prospectus. Magellan and Tellurian Investments do not undertake any obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this joint proxy statement/prospectus or to reflect the occurrence of unanticipated events, except as required by law.

RISK FACTORS

In addition to the other information included and incorporated by reference into this joint proxy statement/prospectus, including the matters addressed in the section entitled “Cautionary Statement Regarding Forward-Looking Statements,” you should carefully consider the following risks before deciding whether to vote for any of the proposals described in this joint proxy statement/prospectus. In addition, you should read and consider the risks associated with each of the businesses of Magellan and Tellurian Investments because these risks will also affect the combined company following the merger. In the case of Magellan, these risks can be found in the Annual Report on Form 10-K for the fiscal year ended June 30, 2016, as those risks may be updated or supplemented in Magellan’s subsequently filed Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, to the extent incorporated by reference into this joint proxy statement/prospectus. You should also read and consider the other information in this joint proxy statement/prospectus and the other documents incorporated by reference into this joint proxy statement/prospectus. See “Where You Can Find More Information” beginning on page 105.

Risks Relating to the Merger

Except for customary adjustments to reflect stock splits and similar share issuances, the exchange ratio is fixed and will not be adjusted to reflect stock price changes prior to the closing of the merger.

At the effective time, each share of Tellurian Investments common stock outstanding immediately prior to the effective time, other than the shares for which appraisal rights held by Tellurian Investments stockholders have been perfected, will be converted into the right to receive 1.300 shares of Magellan common stock. This exchange ratio will not be adjusted for changes in the market price of Magellan common stock between the date of signing the merger agreement and completion of the merger, but will be adjusted to reflect stock splits and similar share issuances.

Changes in the price of Magellan common stock prior to the merger will affect the value of Magellan common stock that Tellurian Investments common stockholders will receive on the date of the merger. The exchange ratio will be adjusted proportionally to reflect the effect of any stock split, reverse stock split, stock dividend, subdivision, reclassification, recapitalization, combination, exchange of shares, or the like with respect to Magellan common stock between the date of signing the merger agreement and completion of the merger.

The price of Magellan common stock at the closing of the merger may vary from its price on the date the merger agreement was executed, on the date of this joint proxy statement/prospectus, and on the date of the special meeting of stockholders of each of Magellan and Tellurian Investments. As a result, the value represented by the exchange ratio will also vary, and you will not know or be able to calculate the market value of the merger consideration you will receive upon completion of the merger.

In addition, the merger might not be completed until a significant period of time has passed after the Magellan or Tellurian Investments special meeting of stockholders. Because the exchange ratio will not be adjusted to reflect any changes in the market value of Magellan common stock or Tellurian Investments common stock, the market value of the Magellan common stock issued in connection with the merger and the Tellurian Investments common stock surrendered in connection with the merger may be higher or lower than the values of those shares on earlier dates. Stock price changes may result from, among other things, changes in the business, operations or prospects of Tellurian Investments or Magellan prior to or following the merger, litigation or regulatory considerations, general business, market, industry or economic conditions and other factors both within and beyond the control of Magellan and Tellurian Investments. Neither Magellan nor Tellurian Investments is permitted to terminate the merger agreement solely because of changes in the market price of either company’s common stock.

Current Magellan stockholders will have a reduced ownership and voting interest in the combined company after the merger.

Based on the estimated number of shares of Tellurian Investments common stock that will be outstanding immediately prior to the closing of the merger, we estimate that Magellan will issue approximately 132,770,300 shares of Magellan common stock to Tellurian Investments stockholders in the merger. As a result of these issuances, current Magellan and Tellurian Investments stockholders and Petrie are expected to hold approximately 4.3%, 95.4% and 0.3%, respectively, of the combined company’s outstanding common stock immediately following completion of the

merger. However, under the terms of the merger agreement, Tellurian Investments may issue up to approximately 21,500,000 additional shares of its common stock prior to the closing of the merger (representing approximately 27,950,000 additional shares of the combined company's common stock immediately following the merger), which would reduce the percentage ownership of the combined company held by Magellan's current stockholders.

Magellan stockholders currently have the right to vote for their respective directors and on other matters affecting Magellan. Each Magellan stockholder will remain a stockholder of Magellan with a percentage ownership of the combined company that will be substantially smaller than the stockholder's percentage of Magellan prior to the merger. As a result of these reduced ownership percentages, Magellan stockholders will have materially less voting power in the combined company than they now have with respect to Magellan.

Uncertainties associated with the merger may cause a loss of management personnel and other key employees, which could adversely affect the future business and operations of the combined company.

Magellan and Tellurian Investments are dependent on the experience and industry knowledge of their directors, officers and other key employees to execute their business plans. Each company's success until the merger and the combined company's success after the merger will depend in part upon the ability of Magellan and Tellurian Investments to retain key management personnel and other key employees. Current and prospective employees of Magellan and Tellurian Investments may experience uncertainty about their roles within the combined company following the merger, which may have an adverse effect on the ability of each of Magellan and Tellurian Investments to attract or retain key management and other key personnel. Accordingly, no assurance can be given that the combined company will be able to attract or retain key management personnel and other key employees of Magellan and Tellurian Investments to the same extent that Magellan and Tellurian Investments have previously been able to attract or retain their own employees.

The merger is subject to conditions, including certain conditions that may not be satisfied, or completed on a timely basis, if at all.

The merger is subject to a number of conditions beyond Magellan's and Tellurian Investments' control that may prevent, delay or otherwise materially adversely affect its completion. We cannot predict whether and when these conditions will be satisfied. Any delay in completing the merger could cause the combined company not to realize some or all of the benefits that we expect to achieve if the merger is successfully completed within its expected time frame. See "The Merger Agreement-Conditions to the Completion of the Merger" beginning on page 74.

Failure to complete the merger could negatively impact the future business and financial results of Magellan and Tellurian Investments.

Neither Magellan nor Tellurian Investments can make any assurances that it will be able to satisfy all of the conditions to the merger or succeed in any litigation if brought in connection with the merger. If the merger is not completed, the financial results of Magellan and/or Tellurian Investments may be adversely affected and Magellan and/or Tellurian Investments will be subject to several risks, including but not limited to the following:

- being required to pay a termination fee of up to \$1,000,000 under certain circumstances provided in the merger agreement;
- payment of costs relating to the merger, such as legal, accounting, financial advisor and printing fees, regardless of whether the merger is completed;
- having had the focus of each company's management on the merger instead of on pursuing other opportunities that could have been beneficial to each company;
- being subject to litigation related to any failure to complete the merger; and
- in the case of Magellan, (i) the current market price of Magellan common stock may reflect a market assumption that the merger will occur, and a failure to complete the merger could result in negative market perception and a decline in the market price of Magellan common stock; and (ii) continuing to face the

risks that it currently faces as an independent company, including limited capital and limited human resources. In addition, Magellan and Tellurian Investments would not realize any of the expected benefits of having completed the merger. If the merger is not completed, Magellan and Tellurian Investments cannot assure their stockholders that these risks will not materialize and will not materially and adversely affect the business, financial results and market value of Magellan or Tellurian Investments.

The merger agreement limits Magellan's ability to pursue alternatives to the merger.

The merger agreement contains provisions that restrict Magellan's ability to solicit, initiate or knowingly facilitate or encourage competing third-party proposals to acquire all or a significant part of Magellan. These provisions generally prohibit Magellan from soliciting any acquisition proposal or offer for a competing transaction and would require Magellan to pay a termination fee of up to \$1,000,000 in cash if the merger agreement is terminated in specified circumstances in connection with an alternative transaction. In addition, even if the Magellan board of directors determines that a competing proposal is superior, Magellan may not exercise its right to terminate the merger agreement unless it notifies Tellurian Investments of its intention to do so and gives Tellurian Investments at least five business days to propose revisions to the terms of the merger agreement or to make another proposal in response to the competing proposal. See "The Merger Agreement-Conduct of Business by Magellan and Tellurian Investments Pending Closing" beginning on page 73.

Magellan agreed to these provisions as a condition to Tellurian Investments' willingness to enter into the merger agreement. These provisions, however, might discourage a third party that might have an interest in acquiring Magellan from considering or proposing such an acquisition, even if that party were prepared to pay consideration with a higher value than the proposed merger consideration. Furthermore, the termination fee may result in a potential competing acquirer proposing to pay a lower price to acquire Magellan than it might otherwise have proposed to pay. Certain of Magellan's current and former directors and executive officers have interests in the merger that may be different from, or in addition to, the interests of Magellan stockholders generally.

Certain of Magellan's current and former directors and executive officers have financial interests in the merger that may be different from, or in addition to, the interests of the Magellan stockholders generally. The members of the Magellan board of directors were aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the merger, and in recommending to Magellan stockholders that the merger agreement be approved. These interests include the following:

as a condition to the completion of the merger, Antoine Lafargue, Magellan's current President and Chief Executive Officer, shall have released any and all contractual or similar obligations payable to him from Magellan or its affiliates, or otherwise owed to him as a result of his services as an officer, director, agent or employee of Magellan or its affiliates, provided that such release, among other things, will be subject to receipt by Mr. Lafargue of an offer of employment by Magellan, effective as of the effective time of the merger, providing for terms and conditions substantially similar to those set forth in the Tellurian Investments disclosure schedule to the merger agreement;

J. Thomas Wilson, former President and Chief Executive Officer of Magellan, for his termination for "Good Reason" (as defined in his employment agreement) in connection with the merger will receive (i) monthly severance payments amounting to \$300,000 in the aggregate, for a period of 12 months, (ii) payment of his accrued vacation amounting to approximately \$106,000, (iii) reimbursement of medical benefits for a period of up to 18 months, estimated to amount to approximately \$35,000 in the aggregate, and (iv) reimbursement of outstanding expenses;

pursuant to the merger agreement, any and all contractual or similar obligations payable to Magellan directors from Magellan or its affiliates, or otherwise owed to the Magellan directors as a result of their services as Magellan directors, shall have been released, except for (A) 100,000 shares of Magellan common stock, which will be issued to and divided among the Magellan directors as of the closing of the merger and (B) the total sum of \$150,000, to be divided among the Magellan directors and payable in cash

at the closing of the merger, provided that such release shall not affect any right of the Magellan directors to indemnification and insurance as provided in the merger agreement;

Magellan's directors and executive officers hold equity compensation plan awards under the Magellan 1998 Plan or the Magellan 2012 Plan, the vesting of which awards will be accelerated as a result of the merger, in accordance with the terms of those awards and the merger agreement; and

Magellan's directors and executive officers are entitled to continued indemnification and insurance coverage under the merger agreement, as more fully described in "The Merger Agreement-Indemnification and Insurance" beginning on page 74.

If you are a Magellan stockholder, these interests may cause certain of Magellan's current or former directors and executive officers to view the merger proposal differently and more favorably than you may view it. See "The Merger-Interests of Magellan Directors and Executive Officers in the Merger" beginning on page 58 for more information.

If the merger does not qualify as a reorganization under Section 368(a) of the Code or an exchange under Section 351 of the Code, the stockholders of Tellurian Investments may be required to pay substantial U.S. federal income taxes. Although Magellan and Tellurian Investments intend that the merger will be treated for U.S. federal income tax purposes as a "reorganization" within the meaning of Section 368(a) of the Code and/or an exchange under Section 351 of the Code, it is possible that the Internal Revenue Service (the "IRS") may assert that the merger fails to qualify as such. If the IRS were to be successful in such assertion, or if for any other reason the merger were to fail to qualify as a "reorganization," or an exchange under Section 351 of the Code, each U.S. holder of shares of Tellurian Investments common stock would recognize gain or loss with respect to its shares of Tellurian Investments common stock based on the difference between (i) that U.S. holder's tax basis in such shares and (ii) the fair market value of the shares of Magellan common stock received. See "Material U.S. Federal Income Tax Consequences" beginning on page 92.

Magellan's ability to utilize its net operating loss and foreign tax credit carryforwards likely will be limited.

As of June 30, 2016, Magellan had U.S. net operating loss carryforwards of approximately \$22.0 million and approximately \$9.1 million of U.S. foreign tax credit carryforwards. Under Sections 382 and 383 of the Code, Magellan's net operating loss and foreign tax credit carryforwards would become subject to the "section 382 limitation" if Magellan were to experience an "ownership change." For this purpose, the term "ownership change" refers to an increase in ownership of at least 50% of Magellan's shares by certain groups of stockholders during any three-year period, as determined under certain conventions. Magellan believes that the merger with Tellurian Investments will result in an ownership change for purposes of Sections 382 and 383 of the Code. As a result, upon the closing of the merger with Tellurian Investments, (i) Magellan's net operating loss carryforwards may only be used to offset an amount of income equal to the "section 382 limitation" in each taxable year, and (ii) Magellan's foreign tax credit carryforwards may only be used to offset tax liability attributable to an amount of income equal to the unused portions of Magellan's "section 382 limitation" in each taxable year. Any net operating loss or general business tax credits that could not be used as a result of the section 382 limitation would carry forward to future years, still subject to the same "section 382 limitation," unless and until they expire unused. Magellan's "section 382 limitation" would generally equal the fair market value of Magellan's outstanding equity (as of the date of the ownership change) multiplied by a certain interest rate (as of the date of the ownership change) published monthly by the U.S. Treasury Department and known as the "long-term tax exempt rate." In addition, to the extent that Magellan does not continue its business enterprise following the merger with Tellurian Investments, Magellan's "section 382 limitation" could be zero.

Magellan or Tellurian Investments may waive one or more of the conditions to the merger without re-soliciting stockholders.

Each of the conditions in the merger agreement to Magellan's or Tellurian Investments' obligations to complete the merger may be waived, in whole or in part, by Magellan or Tellurian Investments. The Magellan or Tellurian Investments board of directors may evaluate the materiality of any such waiver to determine whether amendment of this joint proxy statement/prospectus and re-solicitation of proxies is necessary. If the Magellan or

Tellurian Investments board of directors were to determine that a waiver would materially alter the relative values of the consideration to be given or received in the merger, Magellan or Tellurian Investments would likely re-solicit proxies. In the event that any such waiver is not determined to be significant enough to require re-solicitation of stockholders, Magellan or Tellurian Investments will have the discretion, subject to limitations under Delaware law, to complete the merger without seeking further stockholder approval.

Risks Relating to Magellan's Business

Magellan's business is and will be subject to the risks described in Magellan's Annual Report on Form 10-K for the fiscal year ended June 30, 2016, as such risks may be updated or supplemented in Magellan's subsequently filed Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, to the extent incorporated by reference into this joint proxy statement/prospectus. See "Where You Can Find More Information" beginning on page 105.

Risks Relating to Tellurian Investments' Business

As discussed below, Tellurian Investments' business is subject to numerous risks and uncertainties. If the merger is completed, Tellurian Investments' business will comprise a substantial majority of the business of the combined company. Therefore, all of the risks described in this section will apply to the combined company if the merger is completed.

Tellurian Investments is the sole interest holder of Tellurian LNG, which together with Tellurian LNG's subsidiaries, will develop the Driftwood LNG Project. Tellurian Investments does not expect to generate sufficient cash to pay dividends until the completion of construction of the Driftwood LNG Project by Tellurian LNG and its wholly owned subsidiaries, and any dividends will be attributable to distributions made by Tellurian LNG to Tellurian Investments. Tellurian Investments' only assets include its 100% membership or ownership interests in each of Tellurian LNG, Tellurian Services LLC and Tellurian LNG UK Ltd ("Tellurian UK"), and cash held for certain start-up and operating expenses. Tellurian Investments' cash flow and consequently its ability to distribute earnings is solely dependent upon the cash flow Tellurian LNG receives from the Driftwood LNG Project and the transfer of funds by Tellurian LNG to Tellurian Investments in the form of distributions or otherwise. Tellurian LNG's ability to complete the Driftwood LNG Project, as discussed further below, is dependent upon its, its subsidiaries and Tellurian Investments' ability to obtain necessary regulatory approvals and raise the capital necessary to fund the development of the project.

Although Tellurian Investments anticipates that cash distributions from Tellurian LNG will be made to Tellurian Investments when profits are available, the Tellurian LNG limited liability company agreement provides that Tellurian Investments, as the sole member of Tellurian LNG, and therefore Tellurian Investments' board of directors, will determine when distributions can be made. There is no assurance that such a determination will be made or can be obtained.

Although Tellurian Investments anticipates that cash distributions from Tellurian UK will be made to Tellurian Investments when profits are available, the Tellurian UK limited liability company agreement provides that Tellurian Investments, as the sole member of Tellurian UK, and therefore Tellurian Investments' board of directors, will determine when distributions can be made. There is no assurance that such a determination will be made or can be obtained.

In addition, because Tellurian Investments' business will have limited asset and geographic diversification, adverse developments in the natural gas and LNG industry, or to the Driftwood LNG Project, will have a greater impact on Tellurian Investments' financial condition than if it maintained a more diverse asset and geographic profile.

Tellurian Investments will be required to seek additional debt and equity financing in the future to complete the Driftwood LNG Project, and may not be able to secure such financing on acceptable terms, or at all.

Because Tellurian Investments will be unable to generate any revenue from its operations and expects to be in the development stage for multiple years, Tellurian Investments will need additional financing to provide the capital required to execute its business plan. Tellurian Investments will need significant funding to develop the Driftwood LNG Project as well as for working capital requirements and other operating and general corporate purposes.

There can be no assurance that Tellurian Investments will be able to raise sufficient capital on acceptable terms, or at all. If such financing is not available on satisfactory terms, or is not available at all, Tellurian Investments may be required to delay, scale back or eliminate the development of business opportunities, and its operations and financial condition may be adversely affected to a significant extent.

Debt financing, if obtained, may involve agreements that include liens on its assets and covenants limiting or restricting the ability to take specific actions, such as paying dividends or making distributions, incurring additional debt, acquiring or disposing of assets and increasing expenses. Debt financing would also be required to be repaid regardless of Tellurian Investments' operating results.

Funding from any source may be unavailable to Tellurian Investments on acceptable terms, or at all. If Tellurian Investments does not have sufficient capital to fund operations and expenses, it may not be able to continue as a going concern and its business could fail.

In addition, the ability to obtain financing for the proposed Driftwood LNG Project is expected to be contingent upon, among other things, Tellurian Investments' ability to enter into sufficient long-term commercial agreements prior to the commencement of construction. To date, Tellurian Investments has not entered into any definitive third-party agreements for the proposed Driftwood LNG Project, and it may not be successful in negotiating and entering into such agreements.

Tellurian Investments and Tellurian LNG have only a limited operating history.

Both Tellurian Investments and Tellurian LNG were formed in 2016, and only recently commenced development.

Although Tellurian Investments' current and anticipated directors, managers and officers have prior professional and industry experience, Tellurian Investments and Tellurian LNG have a limited prior operating history, track record and historical financial information upon which you may evaluate prospects.

Tellurian LNG has not yet commenced the construction of the Driftwood LNG Project. Accordingly, Tellurian Investments expects to incur significant additional costs and expenses through completion of development and construction of the Driftwood LNG Project. As a result, Tellurian Investments expects operating losses will increase substantially in the remainder of 2016 and thereafter, and expects to continue to incur operating losses and experience negative operating cash flow through at least 2022.

Failure to retain and attract key executive officers and other skilled professional and technical employees could have an adverse effect on Tellurian Investments' business, results of operations, financial condition, liquidity and prospects. The success of Tellurian Investments' business relies heavily on its executive officers. Should Tellurian Investments' executive officers be unable to perform their duties on behalf of Tellurian Investments, or should Tellurian Investments be unable to retain or attract other members of management, Tellurian Investments' business, results of operations, financial condition, liquidity and prospects could be materially impacted.

Tellurian Investments will be subject to risks related to doing business in, and having counterparties based in, foreign countries.

Tellurian Investments may engage in operations or make substantial commitments and investments, or enter into agreements with counterparties, located outside the United States, which would expose Tellurian Investments to political, governmental, and economic instability and foreign currency exchange rate fluctuations.

Any disruption caused by these factors could harm Tellurian Investments' business, results of operations, financial condition, liquidity and prospects. Risks associated with operations, commitments and investments outside of the United States include but are not limited to risks of:

- currency fluctuations;

- war or terrorist attack;
- expropriation or nationalization of assets;
- renegotiation or nullification of existing contracts;
- changing political conditions;
- changing laws and policies affecting trade, taxation, and investment;
- multiple taxation due to different tax structures;
- general hazards associated with the assertion of sovereignty over areas in which operations are conducted; and
- the unexpected credit rating downgrade of countries in which Tellurian Investments' LNG customers are based.

Because Tellurian Investments' reporting currency is the United States dollar, any of the operations conducted outside the United States or denominated in foreign currencies would face additional risks of fluctuating currency values and exchange rates, hard currency shortages and controls on currency exchange. In addition, Tellurian Investments would be subject to the impact of foreign currency fluctuations and exchange rate changes on its financial reports when translating its assets, liabilities, revenues and expenses from operations outside of the United States into U.S. dollars at then-applicable exchange rates. These translations could result in changes to the results of operations from period to period.

Tellurian Investments is currently classified as a United States real property holding company ("USRPHC") under applicable tax laws, and non-U.S. investors may be subject to tax withholding and other tax consequences upon a disposition of their shares, as set forth further below under "Material U.S. Federal Income Tax Consequences." Tellurian Investments is a USRPHC under applicable tax laws, which subjects non-U.S. investors to tax withholding and other tax consequences upon a disposition of their shares. If the merger closes, Magellan will likely be classified in the same manner, which subjects non-U.S. investors to tax withholding and other tax consequences upon a disposition of their Magellan shares. Non-U.S. investors should consult their tax advisors with respect to the application of this to their investment and other U.S. tax rules, as set forth further below under "Material U.S. Federal Income Tax Consequences."

Tellurian Investments is a defendant in a lawsuit that could result in equitable relief and/or monetary damages that could have a material adverse effect on Tellurian Investments' operating results and financial condition.

Tellurian Investments and Tellurian Services LLC, along with each of Messrs. Houston and Daniels and certain entities in which each of them owned membership interests, as applicable, have been named as defendants in two recently initiated lawsuits. Although Tellurian Investments believes the plaintiffs' claims are without merit, Tellurian Investments may not ultimately be successful and any potential liability Tellurian Investments may incur is not reasonably estimable. However, even if Tellurian Investments is successful in the defense of this litigation, Tellurian Investments could incur costs and suffer both an economical loss and an adverse impact on its reputation, which could have a material adverse effect on its business. In addition, any adverse judgment or settlement of the litigation could have an adverse effect on its operating results and financial condition. See "The Companies-Tellurian Investments Inc.-Legal Proceedings" beginning on page 36.

Tellurian Investments' estimated costs for the Driftwood LNG Project may not be accurate and are subject to change due to various factors.

Tellurian Investments currently estimates that the construction costs for the Driftwood LNG Project will be between approximately \$11.7 and \$14.3 billion. However, cost estimates are only an approximation of the actual costs of construction and are before owners' costs, financing costs, pipeline construction costs and contingencies. Moreover, cost estimates may change due to various factors, such as the final terms of any definitive request for services with its engineering, procurement and construction ("EPC") service provider, as well as change orders, delays in construction,

legal and regulatory requirements, site issues, increased component and material costs, escalation of labor costs, labor disputes, increased spending to maintain Tellurian Investments' construction schedule and other factors.

The construction and operation of the Driftwood LNG Project remains subject to further approvals, and some approvals may be subject to further conditions, review and/or revocation.

The design, construction and operation of LNG export terminals is a highly regulated activity. The approval of the U.S. Federal Energy Regulatory Commission ("FERC") under Section 3 of the Natural Gas Act, as well as several other material governmental and regulatory approvals and permits, is required in order to construct and operate an LNG terminal. Although the necessary authorizations to operate the proposed LNG Facilities may be obtained, such authorizations are subject to ongoing conditions imposed by regulatory agencies, and additional approval and permit requirements may be imposed.

Tellurian Investments will be required to obtain governmental approvals and authorizations to implement its proposed business strategy, which includes the construction and operation of the Driftwood LNG Project. In particular, authorization from FERC and the U.S. Department of Energy is required to construct and operate the proposed LNG Facilities. In addition to seeking approval for export to countries with which the United States has a Free Trade Agreement ("FTA"), Tellurian Investments will seek to obtain approval for export to non-FTA countries. There is no assurance that Tellurian Investments will obtain and maintain these governmental permits, approvals and authorizations, and failure to obtain and maintain any of these permits, approvals or authorizations could have a material adverse effect on its business, results of operations, financial condition and prospects.

Tellurian Investments will be dependent on third-party contractors for the successful completion of the Driftwood LNG Project, and these contractors may be unable to complete the Driftwood LNG Project.

There is limited recent industry experience in the United States regarding the construction or operation of large-scale liquefaction facilities. The construction of the Driftwood LNG Project is expected to take several years, will be confined to a limited geographic area and could be subject to delays, cost overruns, labor disputes and other factors that could adversely affect financial performance or impair Tellurian Investments' ability to execute its scheduled business plan.

Timely and cost-effective completion of the Driftwood LNG Project in compliance with agreed-upon specifications will be highly dependent upon the performance of third-party contractors pursuant to their agreements. However, Tellurian Investments has not yet entered into definitive agreements with certain of the contractors, advisors and consultants necessary for the development and construction of the Driftwood LNG Project. Tellurian Investments may not be able to successfully enter into such construction contracts on terms or at prices that are acceptable to it.

Further, faulty construction that does not conform to Tellurian Investments' design and quality standards may have an adverse effect on Tellurian Investments' business, results of operations, financial condition and prospects. For example, improper equipment installation may lead to a shortened life of Tellurian Investments' equipment, increased operations and maintenance costs or a reduced availability or production capacity of the affected facility. The ability of Tellurian Investments' third-party contractors to perform successfully under any agreements to be entered into is dependent on a number of factors, including force majeure events and such contractors' ability to:

design, engineer and receive critical components and equipment necessary for the Driftwood LNG Project to operate in accordance with specifications and address any start-up and operational issues that may arise in connection with the commencement of commercial operations;

attract, develop and retain skilled personnel and engage and retain third-party subcontractors, and address any labor issues that may arise;

post required construction bonds and comply with the terms thereof, and maintain their own financial condition, including adequate working capital;

adhere to any warranties the contractors provide in their EPC contracts; and

respond to difficulties such as equipment failure, delivery delays, schedule changes and failure to perform by subcontractors, some of which are beyond their control, and manage the construction process generally, including engaging and retaining third-party contractors, coordinating with other contractors and regulatory agencies and dealing with inclement weather conditions.

Furthermore, Tellurian Investments may have disagreements with its third-party contractors about different elements of the construction process, which could lead to the assertion of rights and remedies under the related contracts, resulting in a contractor's unwillingness to perform further work on the relevant project. Tellurian Investments may also face difficulties in commissioning a newly constructed facility. Any significant project delays in the development of the Driftwood LNG Project could materially and adversely affect Tellurian Investments' business, results of operations, financial condition and prospects.

Tellurian Investments' ability to generate cash is substantially dependent upon it entering into contracts with third parties and the performance of those customers under those contracts.

Tellurian Investments has not yet entered into, and may never be able to enter into, satisfactory commercial arrangements with third-party customers for products and services at the Driftwood LNG Project.

Tellurian Investments' business strategy may change regarding how and when the proposed Driftwood LNG Project's export capacity is marketed. Also, Tellurian Investments' business strategy may change due to the inability to enter into agreements with customers or based on views regarding future prices, supply and demand of LNG, natural gas liquefaction capacity, and worldwide regasification capacity. If the efforts to market the proposed Driftwood LNG Project are not successful, Tellurian Investments' business, results of operations, financial condition and prospects may be materially and adversely affected.

Tellurian LNG's construction and operations activities are subject to a number of development risks, operational hazards, regulatory approvals and other risks, which could cause cost overruns and delays and could have a material adverse effect on its business, results of operations, financial condition, liquidity and prospects.

Siting, development and construction of the Driftwood LNG Project will be subject to the risks of delay or cost overruns inherent in any construction project resulting from numerous factors, including, but not limited to, the following:

- Difficulties or delays in obtaining, or failure to obtain, sufficient debt or equity financing on reasonable terms;
- Failure to obtain all necessary government and third-party permits, approvals and licenses for the construction and operation of any of the contemplated LNG Facilities;
- Failure to obtain sale and purchase agreements that generate sufficient revenue to support the financing and construction of the Driftwood LNG Project;
- Difficulties in engaging qualified contractors necessary to the construction of the contemplated Driftwood LNG Project or other LNG Facilities;
- Shortages of equipment, material or skilled labor;
- Natural disasters and catastrophes, such as hurricanes, explosions, fires, floods, industrial accidents and terrorism;
- Unscheduled delays in the delivery of ordered materials;
- Work stoppages and labor disputes;
- Competition with other domestic and international LNG export terminals;
- Unanticipated changes in domestic and international market demand for and supply of natural gas and LNG, which will depend in part on supplies of and prices for alternative energy sources and the discovery of new sources of natural resources;

Unexpected or unanticipated additional improvements; and

Adverse general economic conditions.

Delays beyond the estimated development periods, as well as cost overruns, could increase the cost of completion beyond the amounts that are currently estimated, which could require Tellurian Investments to obtain additional sources of financing to fund the activities until the proposed Driftwood LNG Project is constructed and operational (which could cause further delays). Any delay in completion of the Driftwood LNG Project may also cause a delay in the receipt of revenues projected from the Driftwood LNG Project or cause a loss of one or more customers. As a result, any significant construction delay, whatever the cause, could have a material adverse effect on Tellurian Investments' business, results of operations, financial condition, liquidity and prospects.

Technological innovation may render Tellurian Investments' anticipated competitive advantage or its processes obsolete.

Tellurian Investments' success will depend on its ability to create and maintain a competitive position in the natural gas liquefaction industry. In particular, although Tellurian Investments plans to construct the Driftwood LNG Project using proven technologies that it believes provides it with certain advantages, Tellurian Investments does not have any exclusive rights to any of the technologies that it will be utilizing. In addition, the technology Tellurian Investments anticipates using in the Driftwood LNG Project may be rendered obsolete or uneconomical by legal or regulatory requirements, technological advances, more efficient and cost-effective processes or entirely different approaches developed by one or more of its competitors or others, which could materially and adversely affect Tellurian Investments' business, results of operations, financial condition, liquidity and prospects.

Decreases in the demand for and price of natural gas could lead to reduced development of LNG projects worldwide. Tellurian Investments is subject to risks associated with the development, operation and financing of domestic LNG facilities. The development of domestic LNG facilities and projects are generally based on assumptions about the future price of natural gas and LNG and the conditions of the global natural gas and LNG markets. Natural gas and LNG prices have been, and are likely to remain in the future, volatile and subject to wide fluctuations that are difficult to predict. Such fluctuations may be caused by factors such as the competitive liquefaction capacity in North America; the international supply and receiving capacity of LNG; LNG tanker capacity; weather conditions; domestic and global demand for natural gas; the effect of government regulation on the production, transportation and sale of natural gas; oil and natural gas exploration and production activities; the development of and changes in the cost of alternative energy sources for natural gas and political and economic conditions worldwide.

Further, the development of liquefaction facilities takes a substantial amount of time, requires significant capital investment, may be delayed by unforeseen and uncontrollable factors and is dependent on the financial viability and ability of Tellurian Investments to market LNG internationally.

Competition in the liquefied natural gas industry is intense, and some of Tellurian Investments' competitors have greater financial, technological and other resources.

Tellurian Investments plans to operate in the highly competitive area of liquefied natural gas production and faces intense competition from independent, technology-driven companies as well as from both major and other independent oil and natural gas companies and utilities.

Many competing companies have secured access to, or are pursuing development or acquisition of, LNG facilities to serve the North American natural gas market, including other proposed liquefaction facilities in North America.

Tellurian Investments may face competition from major energy companies and others in pursuing its proposed business strategy to provide liquefaction and export products and services at its proposed Driftwood LNG Project. In addition, competitors have and are developing additional LNG terminals in other markets, which also compete with the proposed LNG Facilities. Almost all of these competitors have longer operating histories, more development experiences, greater name recognition, larger staffs and substantially greater financial, technical and marketing resources than Tellurian Investments currently possesses. The superior resources that these competitors have available

for deployment could allow them to compete successfully against Tellurian Investments, which could have a material adverse effect on Tellurian Investments' business, results of operations, financial conditions, liquidity and prospects. There may be shortages of LNG vessels worldwide, which could have a material adverse effect on Tellurian Investments' business, results of operations, financial condition, liquidity and prospects.

The construction and delivery of LNG vessels requires significant capital and long construction lead times, and the availability of the vessels could be delayed to the detriment of Tellurian Investments' business and customers due to the following:

- an inadequate number of shipyards constructing LNG vessels and a backlog of orders at these shipyards;
- political or economic disturbances in the countries where the vessels are being constructed;
- changes in governmental regulations or maritime self-regulatory organizations;
- work stoppages or other labor disturbances at the shipyards;
- bankruptcies or other financial crises of shipbuilders;
- quality or engineering problems;
- weather interference or catastrophic events, such as a major earthquake, tsunami, or fire; or
- shortages of or delays in the receipt of necessary construction materials.

A terrorist or military incident involving an LNG carrier could result in delays in, or cancellation of, construction or closure of the proposed LNG Facilities.

A terrorist or military incident involving an LNG carrier may result in delays in, or cancellation of, construction of new LNG facilities, including the proposed LNG Facilities, which would increase Tellurian Investments' costs and decrease cash flows. A terrorist incident may also result in temporary or permanent closure of Tellurian Investments' proposed LNG Facilities, including the Driftwood LNG Project, which could increase costs and decrease cash flows, depending on the duration of the closure. Operations at the proposed LNG Facilities, including the Driftwood LNG Project, could also become subject to increased governmental scrutiny that may result in additional security measures at a significant incremental cost. In addition, the threat of terrorism and the impact of military campaigns may lead to continued volatility in prices for natural gas that could adversely affect Tellurian Investments' business and customers, including the ability of Tellurian Investments' suppliers or customers to satisfy their respective obligations under Tellurian Investments' commercial agreements.

Changes in legislation and regulations relating to the LNG industry could have a material adverse impact on Tellurian Investments' business, results of operations, financial condition, liquidity and prospects.

Future legislation and regulations, such as those relating to the transportation and security of LNG exported from the proposed LNG Facilities through the Calcasieu Ship Channel, could cause additional expenditures, restrictions and delays in connection with the proposed LNG Facilities and their construction, the extent of which cannot be predicted and which may require Tellurian Investments to limit substantially, delay or cease operations in some circumstances. Revised, reinterpreted or additional laws and regulations that result in increased compliance costs or additional operating costs and restrictions could have a material adverse effect on Tellurian Investments' business, results of operations, financial condition, liquidity and prospects.

Tellurian Investments' operations will be subject to a number of environmental laws and regulations that impose significant compliance costs, and existing and future environmental and similar laws and regulations could result in increased compliance costs or additional operating restrictions.

Tellurian Investments' business will be subject to extensive federal, state and local regulations and laws, including regulations and restrictions on discharges and releases to the air, land and water and the handling, storage and disposal of hazardous materials and wastes in connection with the development, construction and operation of its liquefaction facilities. These regulations and laws will require Tellurian Investments to maintain permits, provide

governmental authorities with access to its facilities for inspection and provide reports related to its compliance. Violation of these laws and regulations could lead to substantial fines and penalties or to capital expenditures related to pollution control equipment that could have a material adverse effect on Tellurian Investments' business, results of operations, financial condition, liquidity and prospects. Federal and state laws impose liability, without regard to fault or the lawfulness of the original conduct, for the release of certain types or quantities of hazardous substances into the environment. As the owner and operator of the Driftwood LNG Project, Tellurian Investments could be liable for the costs of cleaning up hazardous substances released into the environment and for damage to natural resources.

In addition, future federal, state and local legislation and regulations may impose unforeseen burdens and increased costs on Tellurian Investments' business that could have a material adverse effect on Tellurian Investments' financial results, such as regulations regarding greenhouse gas emissions and the transportation of LNG.

The operation of the proposed Driftwood LNG Project may be subject to significant operating hazards and uninsured risks, one or more of which may create significant liabilities and losses that could have a material adverse effect on Tellurian Investments' business, results of operations, financial condition, liquidity and prospects.

The plan of operations for the proposed Driftwood LNG Project is subject to the inherent risks associated with LNG operations, including explosions, pollution, release of toxic substances, fires, hurricanes and other adverse weather conditions, and other hazards, each of which could result in significant delays in commencement or interruptions of operations and/or result in damage to or destruction of the proposed Driftwood LNG Project and assets or damage to persons and property. In addition, operations at the proposed Driftwood LNG Project and vessels of third parties on which Tellurian Investments' operations are dependent face possible risks associated with acts of aggression or terrorism.

Tellurian Investments does not, nor does it intend to, maintain insurance against all of these risks and losses. Tellurian Investments may not be able to maintain desired or required insurance in the future at rates that it considers reasonable. The occurrence of a significant event not fully insured or indemnified against could have a material adverse effect on Tellurian Investments' business, contracts, financial condition, operating results, cash flow, liquidity and prospects.

Risks Relating to the Combined Company Relating to the Merger

Magellan's stock price is volatile and the value of the Magellan common stock to be issued in the merger will depend on its market price at the time of the merger; no adjustment in the number of shares of Magellan common stock to be issued in the merger will be made as a result of changes in the market price of Magellan common stock prior to the merger.

At the closing of the merger, each share of Tellurian Investments common stock, other than shares for which appraisal rights held by Tellurian Investments stockholders are perfected, will be converted into the right to receive shares of Magellan common stock, as more particularly described herein. The number of shares to be issued will not be adjusted for changes in the market price of Magellan common stock. Consequently, the specific dollar value of Magellan common stock that Tellurian Investments stockholders will receive upon the completion of the merger will depend on the market value of Magellan common stock at that time and may vary from the date that any stockholder executes a proxy with respect to approval of the merger, or the date of the respective meetings of the stockholders. You are urged to obtain recent market quotations for Magellan common stock. Neither Magellan nor Tellurian Investments can predict or give any assurances as to the market price of Magellan common stock at any time before or after the merger.

There can be no assurance that the business operations and personnel of Magellan and Tellurian Investments can be successfully integrated on a timely basis, if at all. As a result, the business and results of operations of the combined company could be materially and adversely affected.

There can be no assurance that the integration will be completed on a timely basis, or that the anticipated benefits of the merger can be achieved. The respective boards of directors of Magellan and Tellurian Investments approved the merger based, in part, upon the expectation that the merger would produce a more valuable combined

business. The integration process will divert the attention of senior management. Any unexpected difficulties in implementing the integration could cause a disruption in the ongoing business affairs of the combined company. Further, the process of combining Magellan and Tellurian Investments could negatively affect employee morale and the ability of the combined company to retain key employees after the merger.

In connection with the merger, the combined company will incur certain transaction costs, as well as consolidation and integration expenses that cannot be accurately estimated at this time, either of which may negatively affect the combined company's financial condition and operating results.

The combined company will incur certain transaction costs as a result of the merger, including legal and accounting fees. In addition, the combined company will incur consolidation and integration expenses and expenses relating to the continued operations of Magellan, which cannot be accurately estimated at this time. These costs could include the possible relocation of certain operations and employees from Colorado to other offices of the combined company as well as costs associated with terminating existing office leases and the loss of benefits of certain favorable office leases. It is expected that the combined company will charge consolidation and integration expenses to operations in Magellan's fiscal years 2016 and 2017. Magellan and Tellurian Investments have estimated an aggregate of approximately \$2,000,000 of transaction costs and less than \$1,000,000 of consolidation and integration costs. Actual transaction costs may substantially exceed the combined company's estimates and may have an adverse effect on the combined company's financial condition and operating results.

In the event that the merger is not completed on a timely basis, it could have a material adverse effect on both companies, including the loss of key employees and business opportunities.

The completion of the merger is subject to a number of important conditions, including the conditions precedent to the merger described under "The Merger Agreement-Conditions to the Completion of the Merger." If these conditions precedent to the merger are not satisfied on a timely basis and the merger is significantly delayed, then such delays could have a material adverse effect on both companies, including the loss of key employees and business opportunities.

Magellan was founded in 1957 and incorporated in Delaware in 1967. Its common stock has traded on the NASDAQ Stock Market since 1972 under the ticker symbol “MPET.” Magellan’s principal offices are located at 1775 Sherman Street, Suite 1950, Denver, Colorado, 80203, and its telephone number is (720) 484-2400.

Additional information about Magellan and its subsidiaries is included in documents incorporated by reference into this joint proxy statement/prospectus. See “Where You Can Find More Information” on page 105.

River Merger Sub, Inc.

River Merger Sub, Inc., a Delaware corporation and a wholly owned subsidiary of Magellan, was formed on August 2, 2016 for the sole purpose of effecting the merger. If the merger is completed, River Merger Sub, Inc. will merge with and into Tellurian Investments, with Tellurian Investments surviving as a wholly owned subsidiary of Magellan.

Tellurian Investments Inc.

General Overview of the Business

Tellurian Investments plans to own, develop and operate natural gas liquefaction facilities, storage facilities and loading terminals and to pursue complementary business lines in the energy industry. Tellurian Investments owns a 100% membership interest in Tellurian LNG LLC, a Delaware limited liability company (“Tellurian LNG”), a 100% membership interest in Tellurian Services LLC (f/k/a Parallax Services LLC), a Delaware limited liability company (“Tellurian Services”), and a 100% ownership interest in Tellurian UK. Tellurian Investments’ only assets are its 100% membership or ownership interests in each of Tellurian LNG, Tellurian Services and Tellurian UK, and cash held for certain start-up and operating expenses. Tellurian Investments was incorporated in Delaware in 2016. Tellurian Investments’ principal offices are located at 1201 Louisiana Street, Suite 3100, Houston, Texas 77002, and its telephone number is (832) 962-4000.

Description of the Business

Tellurian Investments is planning on developing, through Tellurian LNG and Tellurian LNG’s wholly owned subsidiaries, an LNG facility with liquefaction capacity of 26 million tonnes per annum on a single site in Calcasieu Parish, Louisiana. Assuming approximately two years of permitting work and receipt of the appropriate regulatory approvals and financing commitments necessary to commence construction, followed by a four-year construction schedule, the Driftwood LNG Project could deliver its first LNG as soon as 2022. Tellurian Investments also plans to pursue business that is complementary to its LNG business.

Competition

The combined company plans to operate in the highly competitive area of liquefied natural gas production and faces intense competition from independent, technology-driven companies as well as from both major and other independent oil and natural gas companies and utilities.

Many competing companies have secured access to, or are pursuing development or acquisition of, LNG facilities, including other proposed liquefaction facilities in North America. The combined company may face competition from major energy companies and others in pursuing its proposed business strategy to provide liquefaction and export products and services at the proposed Driftwood LNG Project. In addition, competitors have and are developing additional LNG terminals in other markets, which also compete with the proposed LNG Facilities. Almost all of these competitors have longer operating histories, more development experiences, greater name recognition, larger staffs and substantially greater financial, technical and marketing resources than the combined company would possess upon completion of the merger. The superior resources that these competitors have available for deployment could allow them to compete successfully against the combined company, which could have a material adverse effect on the combined company’s business, results of operations, financial conditions, liquidity and prospects.

Environmental Regulations

The combined company's business will be subject to extensive federal, state and local regulations and laws, including regulations and restrictions on discharges and releases to the air, land and water and the handling, storage and disposal of hazardous materials and wastes in connection with the development, construction and operation of its liquefaction facilities. These regulations and laws will require the combined company to maintain permits, provide governmental authorities with access to facilities for inspection and provide reports related to its compliance. Violation of these laws and regulations could lead to substantial fines and penalties or to capital expenditures related to pollution control equipment that could have a material adverse effect on the combined company's business, results of operations, financial condition, liquidity and prospects. Federal and state laws impose liability, without regard to fault or the lawfulness of the original conduct, for the release of certain types or quantities of hazardous substances into the environment. As the owner and operator of the Driftwood LNG Project, the combined company or one or more of its subsidiaries could be liable for the costs of cleaning up hazardous substances released into the environment and for damage to natural resources.

In addition, future federal, state and local legislation and regulations may impose unforeseen burdens and increased costs on the combined company's business that could have a material adverse effect on the combined company's financial results, such as regulations regarding greenhouse gas emissions and the transportation of LNG.

Employees

The employees working on behalf of Tellurian Investments are employed by Tellurian Services and have been working on behalf of Tellurian Investments since its inception pursuant to a services agreement. As of September 29, 2016, Tellurian Services had 30 employees.

Properties

Tellurian LNG, through its wholly owned subsidiary Driftwood LNG LLC, purchased and entered into leases for certain tracts of land and buildings in Calcasieu Parish, Louisiana such that Tellurian LNG controls approximately 790 acres of land which is capable of accommodating an LNG facility with at least 26 mtpa of liquefaction capacity.

Legal Proceedings

On May 23, 2016, Simon Bonini and Paul Kettlety ("Bonini and Kettlety") filed a lawsuit in the 129th Judicial District Court of Harris County, Texas (Cause No. 2016-33947) against Tellurian Investments and Tellurian Services, along with each of Messrs. Martin Houston and Christopher Daniels and certain entities in which each of Messrs. Houston and Daniels own membership interests, as applicable, alleging among other things, breach of contract, promissory estoppel, quantum meruit, fraud/fraudulent concealment, negligent misrepresentation, breach of fiduciary duty, usurpation/diversion of corporate opportunity, conversion, civil conspiracy and implied partnership.

Bonini and Kettlety allege that there was a binding agreement between each of Bonini and Kettlety and Messrs. Houston and Daniels to sell an interest in Parallax Enterprises, LLC ("Parallax Enterprises") to Bonini and Kettlety and that the ultimate proposed ownership of Parallax Enterprises which was agreed to by Messrs. Houston, Daniels and two other members of Parallax Enterprises did not reflect the parties' agreement. Bonini and Kettlety allege that their agreed upon ownership in Parallax Enterprises (14.3% each) exceeded what was ultimately offered to them (9.9% each) and that the ultimate proposal subjected them to certain management, ownership and redemption terms to which they had not agreed. Bonini and Kettlety are seeking damages in excess of \$168 million.

Although Tellurian Investments believes the claims of Bonini and Kettlety are without merit, and Tellurian Investments intends to engage in a vigorous defense of this litigation, Tellurian Investments may not ultimately be successful and any potential liability Tellurian Investments may incur is not reasonably estimable. Even if Tellurian Investments is successful, however, in the defense of this litigation, Tellurian Investments could incur costs, and suffer both an economical loss and an adverse impact on reputation, which could have a material adverse effect on the combined company's business.

On June 7, 2016, Akkida Group, L.P. ("Akkida") filed a lawsuit against Tellurian Services, Parallax Energy LLC and Mr. Houston in the 333rd District Court of Harris County, Texas (Cause No. 2016-38686), alleging among other things, breach of contract, quantum meruit, unjust enrichment, negligent misrepresentation, fraud, fraudulent inducement, piercing the corporate veil/alter ego and conspiracy.

Akkida alleges that there was a binding agreement between Akkida and Tellurian Services for Tellurian Services to use Akkida's consulting services for the duration of two LNG projects of Parallax Energy. Akkida also alleges that its consulting services were terminated prematurely, and the compensation received for the consulting services it provided did not reflect the parties' agreement and was less than the value to which the parties had agreed to for such services.

Tellurian Investments believes Akkida's claims are without merit and Tellurian Services and Mr. Houston intend to engage in a vigorous defense of this litigation. However, Tellurian Services may not ultimately be successful and any potential liability Tellurian Services may incur is not reasonably estimable.

THE MAGELLAN MEETING

Date, Time and Place

The Magellan meeting will take place at [•] local time, on [•], in the Lobby Conference Room of the Denver Financial Center, located at 1775 Sherman Street, Denver, Colorado 80203.

Purpose of the Magellan Meeting

At the Magellan special meeting, holders of Magellan shares will be asked to consider and vote upon four proposals. The first proposal will be to approve the issuance of shares of Magellan common stock to Tellurian Investments stockholders in connection with the merger. The second proposal will be to approve the Magellan 2016 Plan, including the material terms of the performance goals set forth in the Magellan 2016 Plan for purposes of Section 162(m) of the Code. The third proposal will be to approve, on a non-binding advisory basis, the compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger. The fourth proposal will be to approve the adjournment of the Magellan special meeting, if necessary or appropriate, to permit further solicitation of proxies.

Holders of Magellan shares may also be asked to consider and vote upon an adjournment or postponement of the meeting. As of the mailing date of this joint proxy statement/prospectus, the Magellan board of directors knows of no other matter to be presented at the Magellan special meeting. If, however, other matters incident to the conduct of the meeting are properly brought before the meeting, or any adjournment or postponement of the meeting, the persons named in the proxy will vote the proxies in accordance with their best judgment with respect to those matters.

Recommendation of the Magellan Board of Directors

The Magellan board of directors has carefully reviewed and considered the terms and conditions of each of the matters to be considered at the Magellan special meeting. Based on its review, Magellan's board of directors has approved (1) the merger agreement, the merger and the other transactions contemplated by the merger agreement; (2) the Magellan 2016 Plan, including the material terms of the performance goals set forth in the Magellan 2016 Plan for purposes of Section 162(m) of the Code; and (3) the compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger. In addition, the Magellan board of directors has declared that the merger agreement and the merger are fair, advisable, expedient and in the best interests of Magellan and its stockholders. Accordingly, Magellan's board of directors recommends that you vote (1) "FOR" the approval of the issuance of shares of Magellan common stock to Tellurian Investments stockholders in connection with the merger; (2) "FOR" the approval of the Magellan 2016 Plan, including the material terms of the performance goals set forth in the Magellan 2016 Plan for purposes of Section 162(m) of the Code; (3) "FOR" the approval, on a non-binding advisory basis, of the compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger; and (4) "FOR" the proposal to approve the adjournment of the Magellan special meeting, if necessary or appropriate, to permit further solicitation of proxies.

Record Date and Voting

Each holder of record of Magellan common stock at the close of business on [•], the record date, is entitled to notice of and to vote at the Magellan special meeting. Each such stockholder is entitled to cast one vote for each share of Magellan common stock on each matter properly submitted for the vote of stockholders at the Magellan special meeting. As of the record date, there were [•] shares of Magellan common stock issued and outstanding and entitled to vote at the Magellan special meeting.

Quorum; Voting

Quorum Required

A quorum of Magellan stockholders is necessary to hold the Magellan special meeting. In accordance with Magellan's bylaws, the holders of 33 % of the total number of shares issued and outstanding and entitled to be voted at the Magellan special meeting, present in person or by proxy, will constitute a quorum for the transaction of business. Stockholders are counted as present at the Magellan special meeting if they are present in person or have authorized a proxy. The presence of holders of at least [•] shares of Magellan common stock will constitute a quorum. Under

Delaware law, abstentions and “broker non-votes” are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Magellan special meeting. Shares of Magellan common stock held by stockholders who are not present in person or by proxy will not be counted towards a quorum.

If a quorum is not present at the Magellan special meeting, or if a quorum is present at the Magellan special meeting but there are not sufficient votes at the time of the Magellan special meeting to approve Magellan Proposals 1, 2 and 3, then the chairman of the meeting has the power to adjourn the meeting, or, alternatively, Magellan stockholders may be asked to vote on a proposal to adjourn the Magellan special meeting in order to permit the further solicitation of proxies. No notice of an adjourned meeting need be given unless the date, time and place of the resumption of the meeting are not announced at the adjourned meeting, the adjournment is for more than 30 days, or, if after the adjournment, a new record date is fixed for the adjourned meeting, in which cases a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. At any adjourned meeting, all proxies will be voted in the same manner as they would have been voted at the original convening of the Magellan special meeting, except for any proxies that have been effectively revoked or withdrawn prior to the adjourned meeting.

Broker Non-Votes and Abstentions

Broker non-votes occur when a nominee holding Magellan shares for a beneficial owner returns a properly executed proxy but has not received voting instructions from the beneficial owner, and such nominee does not possess or does not choose to exercise discretionary authority with respect to such shares. Brokers are not allowed to exercise their voting discretion with respect to the approval of matters which are considered “non-routine” under applicable rules without specific instructions from the beneficial owner. Except for Magellan Proposal 4 (the proposal to approve the adjournment of the Magellan special meeting), all of the matters to be voted on at the Magellan special meeting are considered non-routine. Accordingly, your broker will not be entitled to vote your shares on Magellan Proposal 1, 2 or 3 unless you provide instructions on how to vote by filling out the voter instruction form sent to you by your broker with this joint proxy statement/prospectus.

Under Delaware law, an “abstention” represents a stockholder’s affirmative choice to decline to vote on a proposal.

Effects of Broker Non-Votes and Abstentions

An abstention will have the same effect as a vote “AGAINST” Magellan Proposals 1, 2, 3 and 4. Broker non-votes and shares of Magellan common stock held by stockholders who are not present in person or by proxy will have no effect on the outcome of voting on Magellan Proposals 1, 2, 3 and 4.

Voting by Magellan Directors and Executive Officers

As of the record date, the directors and executive officers of Magellan beneficially owned and were entitled to vote 890,539 shares of Magellan common stock (including options to acquire 293,748 shares), which represent approximately 14.4% of the voting power of the Magellan capital stock. The directors and executive officers of Magellan are expected to vote “FOR” all of the proposals being considered at the Magellan special meeting.

Required Vote

Approval of each of Magellan Proposal 1, 2 and 3 requires the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting and entitled to vote on each respective proposal, assuming that a quorum is present. Approval of Magellan Proposal 4 requires the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting and entitled to vote on the proposal, regardless of whether there is a quorum.

Adjournment and Postponement

Adjournments and postponements of the Magellan special meeting may be made for the purpose of, among other things, soliciting additional proxies. The Magellan special meeting may be adjourned by the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the meeting and entitled to vote on the proposal, regardless of whether there is a quorum.

Voting Methods

Voting by Proxy Card

All Magellan shares entitled to vote and represented by properly executed proxies received prior to the Magellan special meeting, and not revoked, will be voted at the meeting in accordance with the instructions indicated on the proxy card accompanying this joint proxy statement/prospectus. If no direction is given and the proxy is validly executed, the stock represented by the proxy will be voted in favor of each proposal described herein. The persons authorized under the proxies will vote upon any other business that may properly come before the Magellan special meeting according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. Magellan does not anticipate that any other matters will be raised at the Magellan special meeting.

If you are a holder of record, there are two additional ways to vote your proxy:

Vote by telephone-call toll free 1-800-690-6903.

•Vote your proxy 24 hours a day, 7 days a week, until 11:59 p.m. Eastern Standard Time on [•], 2016.

•Please have your proxy card and the last four digits of your Social Security Number or Tax Identification Number available. Follow the simple instructions the voice provides you.

Vote by the Internet-<http://www.proxyvote.com>.

•Use the Internet to vote your proxy 24 hours a day, 7 days a week, until 11:59 p.m. Eastern Standard Time on [•], 2016.

•Please have your proxy card and the last four digits of your Social Security Number or Tax Identification Number available. Follow the simple instructions to obtain your records and create an electronic ballot.

Your telephone or Internet vote authorizes the named proxies to vote your shares in the same manner as if you had marked, signed and returned your proxy card. The law of Delaware, where Magellan is incorporated, allows a proxy to be sent electronically, so long as it includes or is accompanied by information that lets the inspector of elections know that it has been authorized by the stockholder.

If your shares are held in "street name," your broker or nominee may provide the option of voting through the Internet or by telephone instead of by mail. Please check the voting instruction card provided by your broker or nominee to see which options are available and the procedures to be followed.

Voting by Attending the Meeting

Holders of record of Magellan shares and their authorized proxies may also vote their shares in person at the Magellan special meeting. If a stockholder attends the Magellan special meeting, he or she may submit his or her vote in person, and any previous votes or proxies authorized by the stockholder by mail will be superseded by the vote that such stockholder casts at the meeting.

Revocability of Proxies

You may revoke your proxy at any time before the vote is taken at the Magellan special meeting. If you have not voted through your broker, you may revoke your proxy by:

1. giving written notice of revocation no later than the commencement of the Magellan special meeting to Magellan's Corporate Secretary, Antoine Lafargue:
 - if before commencement of the meeting on the date of the meeting, by personal delivery in the Lobby Conference Room of the Denver Financial Center, located at 1775 Sherman Street, Denver, Colorado 80203; and
 - if delivered before the date of the meeting, at Magellan's offices, 1775 Sherman Street, Suite 1950, Denver, Colorado 80203;
2. delivering no later than the commencement of the Magellan special meeting a properly executed, later-dated proxy;
 - or
3. voting in person at the Magellan special meeting; however, simply attending the meeting without voting will not revoke an earlier proxy.

Delivering a proxy will in no way limit your right to vote at the Magellan special meeting if you later decide to attend in person. If your stock is held in the name of a broker or other nominee, you must obtain a proxy, executed in your favor, to be able to vote at the Magellan special meeting, and must follow instructions provided to you by your broker or nominee to revoke or change your vote. If no direction is given and the proxy is validly executed, the stock represented by the proxy will be voted in favor of each proposal described herein. The persons authorized under the proxies will vote upon any other business that may properly come before the Magellan special meeting according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. Other than the matters described herein, Magellan does not anticipate that any matters will be raised at the Magellan special meeting.

Solicitation of Proxies

The entire expense of preparing and mailing this joint proxy statement/prospectus and any other soliciting material (including, without limitation, costs, if any, related to advertising, printing, fees of attorneys, financial advisors, and solicitors, public relations, transportation, and litigation) will be borne by Magellan. In addition to the use of the mail, Magellan or certain of its employees may solicit proxies by telephone, telegram, and personal solicitation; however, no additional compensation will be paid to those employees in connection with such solicitation. In addition, Magellan has engaged The Proxy Advisory Group, LLC, in a non-solicitation stand-by advisory role. In the event Magellan deems it necessary to actively pursue proxy solicitation, The Proxy Advisory Group, LLC, may be retained to assist in the distribution of proxy solicitation materials for a services fee and the reimbursement of customary expenses, which are not expected to exceed \$20,000 in the aggregate. Magellan has also retained Broadridge Corporate Issuer Solutions, Inc. ("Broadridge") to provide or coordinate specified telephone and Internet voting, mailing, handling, inspector of election, tabulation, and document hosting services. The estimated fees and expenses payable to Broadridge by Magellan for these services are approximately \$50,000, plus per item charges for each registered or beneficial stockholder vote, per document charges for the hosting services, and reimbursement of Broadridge's mailing costs and expenses, of which \$0 has been spent to date.

Banks, brokerage houses, and other custodians, nominees, and fiduciaries will be requested to forward solicitation material to the beneficial owners of Magellan common stock that such institutions hold of record, and Magellan will reimburse such institutions for their reasonable out-of-pocket disbursements and expenses.

No Exchange of Certificates

There will be no change in stock certificates for Magellan in connection with the merger, and Magellan stockholders will keep their existing certificate(s).

THE MERGER

This discussion of the merger is qualified in its entirety by reference to the merger agreement, which is attached to this joint proxy statement/prospectus as Annex A. Stockholders are encouraged to read the merger agreement carefully and in its entirety, as it is the definitive legal document that governs the merger.

Effects of the Merger

At the effective time of the merger, Merger Sub, a wholly owned subsidiary of Magellan that was formed for the sole purpose of effecting the merger, will merge with and into Tellurian Investments. Tellurian Investments will survive the merger and become a wholly owned subsidiary of Magellan. In the merger, each share of Tellurian Investments common stock outstanding immediately prior to the effective time will be converted at the effective time into the right to receive 1.300 shares of Magellan common stock. If a holder of Tellurian Investments stock is entitled to receive any fractional shares of Magellan stock, such holder will receive such fractional share. Except for adjustments made to reflect stock splits, share issuances and similar changes, the exchange ratio is fixed and will not be adjusted to reflect stock price changes prior to the closing of the merger. Magellan stockholders will continue to hold their existing Magellan shares.

Background of the Merger

The Magellan board of directors continuously reviews Magellan's strategic goals, alternatives, performance and prospects as part of its ongoing evaluation of its business in an effort to enhance shareholder value. From time to time, this review has included consideration of a wide range of possible strategic alternatives. The summary below provides the background of the proposed merger.

Magellan was founded in 1957 and its assets and operations have changed substantially over the course of its history. In recent years, Magellan has focused on the development of a CO₂-EOR project in the Poplar field, located in Montana. It has also pursued the development of exploration acreage it held in the Weald Basin, onshore United Kingdom, and an exploration block it holds, NT/P82, in the Bonaparte Basin, offshore Northern Territory, Australia. While Magellan believes that its assets may ultimately have considerable value, none currently produces revenue. Therefore, in order to continue to develop and ultimately monetize the projects, Magellan has depended on sales of oil production from shallow conventional wells in the Poplar field, proceeds from sales of certain other assets, and proceeds from financing transactions. Financing transactions included the issuance to One Stone Holdings II LP ("One Stone") of Magellan Series A Preferred Stock (the "Preferred Stock") in May 2013 for proceeds of approximately \$23.5 million. A second financing transaction was completed in September 2014, when Magellan's Poplar subsidiary entered into a loan agreement with West Texas State Bank. Magellan guaranteed Poplar's obligations under the loan agreement. The amount outstanding under the loan agreement at the time of closing of the One Stone transaction described below was \$5.5 million.

In the last four years, Magellan has focused on the development of the CO₂-EOR project at the Poplar field primarily by implementing a five-well pilot project. In May 2015, Magellan determined that CO₂-EOR is a technically viable technique for recovery of hydrocarbons from the Charles formation at the Poplar field. Beginning in mid-2014, worldwide oil prices declined from highs over \$100 per barrel in June 2014 to lows under \$30 per barrel in early 2016. This dramatic decline had a variety of adverse effects on Magellan, including reducing both the revenues from Poplar's shallow conventional wells and the value of all of Magellan's projects. The availability of additional sources of financing and the market value of Magellan's common stock decreased significantly as well. In mid-2015, as it began to become increasingly apparent that oil prices were not going to recover quickly, Magellan's management and its board of directors considered various options for addressing the situation, including sales of significant assets or Magellan as a whole. Recognizing that One Stone, which had two representatives on the Magellan board of directors, might be interested in participating in any sale process as a buyer, the Magellan board of directors formed the Special Committee on June 5, 2015. The Special Committee was comprised of independent directors Brendan S. MacMillan, Ronald P. Pettirossi and J. Robinson West, with Mr. West acting as chairperson. The Magellan board of directors authorized the Special Committee to, among other things, investigate, negotiate and pursue all strategic alternatives reasonably available to Magellan, including by evaluating potential strategic transactions, soliciting offers regarding potential strategic transactions and negotiating the terms of any such offers, negotiating the terms of any definitive agreements relating to any strategic transaction, approving, or, to the extent required by Delaware law, recommending that the Magellan board of directors approve, any strategic transaction or execution of definitive agreements or

documents relating thereto, engaging any financial, legal or other advisors it deemed appropriate, and taking such other actions as the Special Committee deemed necessary or appropriate in connection with the strategic alternatives review process. In addition, the Special Committee was given the authority to reject any offer, bid or proposal that arose from or related to the strategic alternatives review process which it deemed to be inadequate or otherwise not in the best interests of Magellan stockholders, and the Magellan board of directors resolved to uphold and act in accordance with any such rejection by the Special Committee. The formation of the Special Committee and the commencement of the strategic alternatives review process was announced in a press release issued on July 6, 2015. The Special Committee retained Petrie as its financial advisor and Davis Graham & Stubbs LLP (“DGS”) as its legal advisor.

At the direction of the Special Committee, Magellan and Petrie then began a process of attempting to solicit interest in a business combination or other strategic transaction involving Magellan as a whole or a substantial amount of its assets. Petrie contacted 23 companies (including One Stone) over a five-month period, focusing on those Magellan and Petrie believed might have an interest in Magellan’s CO₂-EOR projects. This process resulted in five introductory meetings, three companies being provided with access to Magellan’s virtual data room and three companies being provided with technical reviews and data relating to the Poplar CO₂-EOR project. However, none of the contacted companies submitted an indicative proposal for a strategic transaction, and each terminated discussions by or before January 2016, except (i) One Stone, as described below, and (ii) one private company (“Company A”), which expressed potential interest in a corporate transaction involving Magellan if Poplar, the Preferred Stock and the West Texas State Bank loan were removed from Magellan’s corporate structure. The Special Committee referred to the potential transaction with Company A, and any potential transaction similarly predicated on the elimination of the Preferred Stock and the West Texas State Bank loan, as the “Black Transaction,” and referred to a potential transaction involving Poplar, the Preferred Stock and the West Texas State Bank loan as the “Green Transaction.”

The Special Committee met 29 times between June 15, 2015 and March 30, 2016, and received regular updates from Petrie and management on the status of the process. The Special Committee was focused primarily during this period on a Green Transaction with One Stone because (i) none of the companies contacted by Petrie had expressed an interest in acquiring the entire company, (ii) eliminating the negative cash flows associated with the Poplar properties and the liabilities associated with the West Texas State Bank loan was a high priority given Magellan’s strained liquidity position and (iii) it believed completing a Green Transaction would be a necessary prerequisite to a successful Black Transaction process, which the Special Committee believed had the greatest potential to provide value to Magellan common stockholders. However, in the initial stages of the process, the Special Committee did consider pursuing the Green and Black Transactions on a simultaneous basis. In mid-September 2015, at the direction of the Special Committee, Petrie approached One Stone to assess its potential interest in acquiring Poplar, which Magellan and Petrie believed to be the Magellan asset in which One Stone had the greatest interest. One Stone indicated its interest in a potential transaction involving an exchange of the Preferred Stock for Poplar or the Poplar field. On September 22, 2015, the Special Committee met to discuss a possible transaction structure in which the One Stone transaction would be completed in conjunction with the proposed Black Transaction with Company A, and stockholder approval for both transactions would be sought simultaneously. At the direction of the Special Committee, Petrie pursued negotiations with both One Stone and Company A regarding such a coordinated approach. One Stone expressed to Petrie and to Antoine Lafargue, Magellan’s then-Chief Financial Officer, that One Stone desired the two transactions to be approached on a combined basis, and the Founding Partner of Company A expressed a similar desire.

For the next several weeks, there were relatively few communications between Magellan or Petrie and either One Stone or Company A, as Company A was engaged in an effort to determine which of its assets it might contribute to the resulting company in a potential business combination transaction with Magellan and to further assess its strategic alternatives and board support for such a transaction with Magellan. In November 2015, Company A communicated to Petrie that it had decided not to pursue the Black Transaction further.

Negotiations regarding the Green Transaction continued with One Stone. The negotiation process with respect to the Green Transaction is described in more detail in the “Background of the Exchange” section of Magellan’s definitive proxy statement filed with the SEC on June 6, 2016. On March 30, 2016, the Special Committee held a telephonic meeting at which it approved an exchange agreement with One Stone pursuant to which, among other things,

Magellan would transfer its interest in Poplar to One Stone in exchange for all of the outstanding shares of Preferred Stock and a cash payment. The parties entered into the exchange agreement on March 31, 2016. In a press release announcing the exchange agreement, Magellan indicated that it would focus on “generating additional value

for shareholders by monetizing [its] international assets and pursuing business combination opportunities, possibly with private companies or international parties interested in accessing United States capital markets.” Magellan stockholders approved the transactions contemplated by the exchange agreement on July 13, 2016, and those transactions closed on August 1, 2016.

Between the execution of the exchange agreement and July 2016, Petrie contacted 30 companies with respect to a potential Black Transaction. Most, but not all, of these companies are involved in the upstream or midstream sectors of the energy industry. Of the 30 companies contacted, six became actively engaged in discussions, and four were selected to present their management teams and business plans to the Special Committee. Tellurian Investments was one of the companies contacted in April 2016, but it indicated to Petrie at that time that it was not interested in pursuing a transaction.

The principal of one of the four companies that presented its business plan to the Special Committee was the Founding Partner of Company A, although the focus of discussions at this time was on a different company controlled by the Founding Partner (“Company B”). Company B is in the process of developing a project that would provide water for drilling activities in an area of active oil and gas development. The Special Committee believed that Company B had an attractive business plan because it had access to a substantial water resource with attractive cost characteristics and the preliminary support of a large, financially stable company that would provide most of the necessary financing. On May 19, 2016, members of Magellan’s management met with representatives of Company B and Petrie to discuss a potential business combination. On May 24, 2016, the Special Committee held a meeting to discuss potentially interested parties, including the five most active companies in the process, which included Company B. Magellan and Company B began a mutual due diligence process, and DGS and counsel for Company B began drafting transaction documents.

During this time, Company B indicated to Mr. Lafargue that it might be interested in retaining him following the completion of the business combination transaction in a CFO or similar role. Mr. Lafargue promptly reported this conversation to the Special Committee. On June 20, 2016 the Special Committee considered this issue, recognizing that while allowing Mr. Lafargue to negotiate the terms of his potential employment with Company B could create a conflict of interest with respect to the business combination transaction negotiations, prohibiting him from doing so could lead him to conclude that he had to consider other employment options. After deliberation, in light of the critical role Mr. Lafargue was playing and was expected to continue to play in both the Green and Black Transaction processes, the Special Committee instructed Mr. Lafargue that he would be permitted to discuss his potential future employment with Company B, but that he would be required to promptly report to Mr. West the substance of all such discussions.

In late June 2016, Tellurian Investments indicated to Petrie that Tellurian Investments was interested in discussing a potential business combination transaction with Magellan notwithstanding Tellurian Investments’ statement to the contrary in April 2016. Petrie informed the Special Committee of this interest, and disclosed to the Special Committee that it had a number of relationships with Tellurian Investments: (i) it had assisted Tellurian Investments with a recent private placement of common stock, (ii) one of its principals, Michael Bock, is a member of Tellurian Investments’ board of directors and (iii) several of its principals had personal investments in Tellurian Investments common stock, none of which was material to the personal net worth of the principal. The Special Committee considered these issues and their potential impact on the negotiation process with Tellurian Investments and the fairness opinion Petrie would be expected to give in connection with any transaction with Tellurian Investments. After deliberation, the Special Committee concluded that these issues would not likely have a material effect on the process but that it would consider them in its overall evaluation of the potential transaction.

On July 7, 2016, the Special Committee and Tellurian Investments met telephonically to discuss Tellurian Investments management’s experience, its business plan, and the proposed terms of a business combination. Between July 7 and July 9, 2016, Petrie negotiated with Tellurian Investments the exchange ratio representing the number of shares of Magellan common stock that would be issued to Tellurian Investments stockholders per issued and outstanding share of Tellurian Investments common stock, and tentatively agreed that the exchange ratio would be 1.300. In the meantime, discussions continued with Company B. During this period, Tellurian Investments indicated to Mr. Lafargue that it was interested in retaining him as CFO of the combined company. Mr. Lafargue reported this interest to the Special Committee, which instructed him to report to Mr. West on any discussions regarding his

employment, as he had done with respect to Company B.

On Friday, July 8, 2016, the Special Committee met with the intention of deciding which of the potential transactions to pursue. It initially concluded that, although both proposals were attractive, Magellan should pursue the transaction with Company B. Later that day, however, Company B indicated to Mr. Lafargue that in conjunction with the business combination with Magellan, Company B would seek to raise additional financing and that the transfer of the water rights supporting the project would be subject to the success of the capital raising efforts, which differed from what Magellan had previously understood. Management and the Special Committee discussed these issues informally over that weekend. On Monday, July 11, 2016, the Special Committee met again and, in light of these discussions, unanimously decided to pursue the transaction with Tellurian Investments. On July 12, 2016, Magellan and Petrie indicated to Company B that it was pursuing negotiations with another party.

Magellan and Tellurian Investments entered into a confidentiality agreement on July 13, 2016. Initial reciprocal due diligence was conducted in Petrie's office on July 21, 2016, and additional due diligence continued until the execution of the merger agreement on August 2, 2016. DGS provided to Tellurian Investments and its counsel, Gray Reed & McGraw, P.C. ("GRM"), an initial draft of a merger agreement on July 15, 2016. GRM provided a revised draft of the merger agreement on July 26, 2016, which the parties discussed on July 28, 2016. The parties continued to exchange drafts of the merger agreement and related disclosure schedules until the execution of the merger agreement.

After the exchange ratio in the merger agreement had been determined, the parties discussed three compensation- and governance-related issues. First, the parties considered the terms of Mr. Lafargue's potential employment with the combined company and the effect of Mr. Lafargue's then-existing compensation arrangements. Those arrangements would have provided Mr. Lafargue with a potentially significant severance payment in connection with the Black Transaction depending on Magellan's stock price performance following the announcement of such a transaction. For example, assuming a price per share of Magellan common stock of \$3.00 immediately following the closing of the Black Transaction, Mr. Lafargue would have been entitled to approximately \$2.4 million, excluding a severance payment of approximately \$600,000. As Mr. Lafargue reported to Mr. West, Tellurian Investments desired Mr. Lafargue to surrender his right to that payment in exchange for the compensation to be provided him pursuant to a new contractual arrangement. Second, the parties considered whether Mr. Wilson would resign as Magellan's CEO in connection with the merger and what severance he would receive. Third, the parties considered the fact that the members of the Special Committee had not received any board fees or other compensation, whether in stock or in cash, since June 2015. After discussion, Tellurian Investments proposed to resolve the issues regarding Mr. Wilson and the members of the Special Committee in the manner described in "The Merger-Interests of Magellan Directors and Executive Officers in the Merger." With respect to Mr. Lafargue, he and Tellurian Investments agreed on the terms of his future employment as set forth in a schedule to the merger agreement and described in "The Merger Agreement-Summary of Employment Contract Term Sheet of Mr. Lafargue." As instructed, Mr. Lafargue promptly disclosed the substance of these negotiations to the Special Committee.

On August 1, 2016, the Special Committee held a telephonic meeting, with representatives of Petrie and DGS and Messrs. Wilson and Lafargue attending. At this meeting, management reported that the transactions contemplated by the exchange agreement with One Stone closed on August 1, 2016. In addition, DGS reviewed with the Special Committee the key terms of the draft merger agreement, and Petrie presented the analyses underlying its fairness opinion process, in each case referring to written materials that had been circulated to the Special Committee prior to the meeting.

On August 2, 2016, the Magellan board of directors met to further consider the proposed merger agreement. Because the Green Transaction with One Stone had closed the day before, the Magellan board of directors no longer considered it necessary to conduct the process through the Special Committee. At this meeting, the Magellan board of directors discussed the current status of negotiations regarding the merger and the due diligence review of certain aspects of Tellurian Investments' business as conducted by DGS and Magellan. Petrie then orally delivered its fairness opinion to the Magellan board of directors to the effect that the consideration contemplated in the merger agreement was fair, from a financial point of view, to Magellan, which was followed by delivery of its written opinion dated August 2, 2016. The full text of the written opinion of Petrie, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with such opinion, is attached as Annex B hereto. Following discussion and deliberation, the Magellan board of directors then unanimously (i) determined that it was in the best interests of Magellan and its stockholders to enter into the merger agreement and

the merger, (ii) approved the merger agreement and the merger, (iii) submitted the merger agreement

for a vote of the Magellan stockholders and (iv) recommended approval of the merger agreement and the merger by the Magellan stockholders.

Magellan's Reasons for the Merger; Recommendation of the Magellan Board of Directors and Special Committee
On June 5, 2015, the Magellan board of directors created the Special Committee, comprised of independent directors Brendan S. MacMillan, Ronald P. Pettirossi, and J. Robinson West, with Mr. West acting as chairperson, and authorized the Special Committee to investigate, negotiate and pursue all strategic alternatives reasonably available to Magellan, including by evaluating potential strategic transactions, soliciting offers regarding potential strategic transactions and negotiating the terms of such offers, negotiating the terms of any definitive agreements relating to any strategic transaction, approving, or, to the extent required by Delaware law, recommending that the Magellan board of directors approve, any strategic transaction or definitive agreements or documents relating thereto, engaging any financial, legal or other advisors it deemed appropriate, and taking such other actions as the Special Committee deemed necessary or appropriate in connection with the strategic alternatives review process. In addition, the Special Committee was given the authority to reject any offer, bid or proposal that may arise from or relate to the strategic alternatives review process which it deemed to be inadequate or otherwise not in the best interests of Magellan stockholders, and the Magellan board of directors resolved to uphold and act in accordance with any such rejection by the Special Committee. After careful consideration, the Magellan board of directors (which assumed the functions of the Special Committee following the closing of the Green Transaction with One Stone) unanimously determined that the merger is in the best interests of Magellan and the holders of its common stock. This explanation of the reasons of the Special Committee and the Magellan board of directors for recommending the merger and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under "Cautionary Statement Regarding Forward-Looking Statements."

Each of the Special Committee and the Magellan board of directors considered the following material factors that it believes support its determinations:

Strategic Considerations and Benefits from the Merger

the benefit to holders of Magellan common stock resulting from their ability to participate in the growth of the combined company, taking into account (i) the business plan of Tellurian Investments, (ii) the experience and credentials of Tellurian Investments' senior management as recognized global leaders in the LNG business and (iii) the track records of the members of Tellurian Investments' management in building value for shareholders of their prior employers;

the long-term prospects for the LNG industry, which the Special Committee and the Magellan board of directors believe to be favorable (although the Special Committee and the Magellan board of directors recognize that the near- and medium-term prospects for the industry will likely be more challenging);

that although Magellan retains assets it believes have certain potential value, none of these assets currently generates revenue and therefore, pursuant to Magellan's announced strategy, it will need to pursue a business combination transaction in the relatively near future;

the belief of the Magellan board of directors that the combined company will be able to benefit stockholders by executing on Tellurian Investments' business plan and taking advantage of Magellan's remaining assets and public reporting platform;

most of the alternative candidates Magellan considered as potential merger partners are in the upstream or midstream sectors of the energy industry and are experiencing varying degrees of financial stress as a result of the current commodity price environment, while Tellurian Investments' business plan contemplates that it will not be directly exposed to commodity price risk for a number of years;

that the business plan of Company B, while attractive in some respects, is at an early stage of implementation and will require the support of a third party that is not obligated at present to provide such support;

that Magellan, under the direction of the Special Committee, conducted a publicly disclosed and active strategic alternatives process over a lengthy period of time, in which it solicited interest regarding a variety

of potential transactions and structures, and that since the formation of the Special Committee in June 2015, Magellan had contacted several dozen potentially interested parties regarding a transaction involving a merger or sale of Magellan or its assets;

Opinion of Petrie Partners Securities, LLC

the financial presentation and opinion, dated August 2, 2016, of Petrie to the Magellan board of directors as to the fairness, from a financial point of view and as of the date of such opinion, of the exchange ratio to Magellan, which opinion was based upon and subject to the factors, assumptions, limitations and qualifications set forth in its opinion, as more fully described in “Opinion of Magellan’s Financial Advisor” below;

Favorable Terms of the Merger Agreement

the terms of the merger agreement that permit Magellan to discuss and negotiate an unsolicited acquisition proposal should one be made, and permit Magellan to terminate the merger agreement in order to accept a “superior proposal,” in each case in certain circumstances;

the fact that the merger agreement allows the Magellan board of directors, under specified circumstances, to change or withdraw its recommendation to the Magellan stockholders with respect to the approval of the merger; and

the fact that if Tellurian Investments’ controlling stockholders cause the merger agreement to be terminated by voting against the approval of the merger at the Tellurian Investments meeting, Magellan will receive a termination fee of \$1 million.

Risks and Potentially Negative Factors

The Special Committee and the Magellan board of directors also considered a variety of risks and other potentially negative factors concerning the merger agreement and the merger, including the following:

the fact that Magellan’s existing stockholders will own only a minority interest in the combined company, and will therefore experience a high degree of dilution in terms of their current ownership as a result of the merger;

the fact that Tellurian Investments’ business plan does not contemplate the combined company generating revenues from operations for several years, and that implementation of that plan is subject to numerous risks and uncertainties;

the fact that, while Magellan expects the merger will be consummated, there can be no guarantee that all conditions to the parties’ obligations to consummate the merger will be satisfied, in particular because Tellurian Investments’ stockholders could elect to vote against approval of the merger at the Tellurian Investments meeting;

the fact that, under certain circumstances, Magellan may be required to pay a termination fee upon termination of the merger agreement in specified circumstances;

the fact that the analyses and projections on which the Magellan board of directors made its determinations are uncertain; and

the fact that actual or potential conflicts of interest existed relating to Messrs. Wilson and Lafargue and Petrie as discussed in “The Merger-Interests of Magellan Directors and Executive Officers in the Merger,” “The Merger-Background of the Merger” and “The Merger-Opinion of Magellan’s Financial Advisor,” although the Special Committee and the Magellan board of directors concluded that these conflicts were either not material to the negotiating process and/or were appropriately addressed during the process.

The Magellan board of directors unanimously concluded that the benefits of the transaction to Magellan and its common stockholders outweighed the perceived risks. In view of the wide variety of factors considered, and the complexity of these matters, the Magellan board of directors did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors it considered. Rather, the Magellan board of directors

viewed the decisions as being based on the totality of the information available to it. In addition, individual members of the Special Committee and the Magellan board of directors may have given differing weights to different factors.

Opinion of Magellan's Financial Advisor

Opinion of Petrie Partners Securities, LLC to the Magellan Board of Directors

On June 29, 2015, Magellan and Petrie entered into an engagement letter (such engagement letter was amended in certain respects as of March 14, 2016) pursuant to which Petrie is acting as financial advisor to Magellan. On August 2, 2016, at a meeting of the Magellan board of directors, Petrie rendered its oral opinion, subsequently confirmed by delivery of its written opinion, that, as of August 2, 2016, and based upon and subject to the factors, procedures, assumptions, qualifications and limitations set forth in its opinion, the exchange ratio was fair, from a financial point of view, to Magellan.

The full text of the written opinion of Petrie, dated as of August 2, 2016, which sets forth, among other things, the procedures followed, assumptions made, matters considered and qualifications and limitations on the scope of review undertaken in rendering its opinion, is attached as Annex B to this joint proxy statement/prospectus and is incorporated by reference in its entirety into this joint proxy statement/prospectus. In addition, Petrie did not assume any obligation to conduct, nor did Petrie conduct, any physical inspection of the properties or facilities of Magellan or Tellurian Investments.

For purposes of rendering its opinion, Petrie assumed, in all respects material to its analysis, that the representations and warranties of each party contained in the merger agreement were true and correct, that each party will perform all of the covenants and agreements required to be performed by it under the merger agreement and that all conditions to consummation of the merger will be satisfied without material waiver or modification thereof. Petrie further assumed, upon the advice of Magellan, that all governmental, regulatory or other consents, approvals or releases necessary for the consummation of the merger will be obtained without any material delay, limitation, restriction or condition that would have an adverse effect on Magellan or on the consummation of the merger or that would materially reduce the benefits of the merger to Magellan.

Petrie's opinion relates solely to the fairness, from a financial point of view, of the exchange ratio to Magellan. Petrie did not express any view on, and its opinion does not address, the fairness of the merger to, or any consideration received in connection with the merger by, any creditors or other constituencies of Magellan, nor does it address the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of Magellan, or any class of such persons. Petrie assumed that any modification to the structure of the merger would not vary in any material respect from what was assumed in its analysis and that the final merger agreement was, in all material respects, the same as the draft of the merger agreement reviewed by Petrie. Petrie's advisory services and the opinion expressed herein were provided for the information and benefit of the Magellan board or directors in connection with its consideration of the transactions contemplated by the merger agreement, and Petrie's opinion does not constitute a recommendation to any holder of Magellan common stock as to how such holder should vote with respect to any of the transactions contemplated by the merger agreement. Petrie's opinion does not address the relative merits of the merger as compared to any alternative business transaction or strategic alternative that might be available to Magellan, nor does it address the underlying business decision of Magellan to engage in the merger. Petrie was not asked to consider, and its opinion does not address, the prices at which Magellan common stock will actually trade at any time, including following the announcement or consummation of the merger. Petrie did not render any legal, accounting, tax or regulatory advice and understands that Magellan is relying on other advisors as to legal, accounting, tax and regulatory matters in connection with the merger.

Petrie acted as financial advisor to Magellan, and Petrie has received a fee from Magellan for its services related to the rendering of its opinion, regardless of the conclusions expressed therein. In addition, Magellan agreed to reimburse Petrie's expenses, and Petrie will be entitled to receive a success fee if the merger is consummated. In addition, Magellan has agreed to indemnify Petrie for certain liabilities possibly arising out of Petrie's engagement. During the two-year period prior to the date of its written opinion, certain of Petrie's affiliates provided financial advisory services to Magellan, and received fees from Magellan in connection with an exchange transaction involving Magellan and One Stone. In 2016, certain of Petrie's affiliates provided financial advisory services to Tellurian Investments, and received fees from Tellurian Investments in connection with a private placement of equity securities by Tellurian Investments (the "Private Placement"). Several of Petrie's principals are beneficial owners of an aggregate of approximately 1,550,000 shares of Tellurian Investments common stock (representing 1.7% of the Tellurian Investments common stock currently outstanding), the beneficial interests in which were acquired in connection with the Private Placement. On March 24, 2016 one of Petrie's principals, Michael Bock, was appointed to, and currently serves on, the board of directors of Tellurian Investments. Otherwise, during the two-year period prior to the date hereof, no material relationship existed between Petrie and its affiliates, on the one hand, and Magellan or Tellurian Investments and their applicable affiliates, on the other hand, pursuant to which Petrie or any of its affiliates received

Petrie's opinion was rendered on the basis of conditions in the securities markets and the oil and gas markets as they existed and could be evaluated on August 2, 2016 and the conditions and prospects, financial and otherwise, of Magellan and Tellurian Investments as they were represented to Petrie as of August 2, 2016 or as they were reflected in the materials and discussions described above. Regardless of any subsequent developments, Petrie does not have any obligation to update, revise or reaffirm its opinion.

Set forth below is a summary of the material financial analyses performed and reviewed by Petrie with the Magellan board of directors in connection with rendering its oral opinion on August 2, 2016, and the preparation of its written opinion letter dated August 2, 2016. Each analysis was provided to the Magellan board of directors. In connection with arriving at its opinion, Petrie considered all of its analyses as a whole, and the order of the analyses described and the results of such analyses do not represent any relative importance or particular weight given to such analyses by Petrie. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data that existed on August 2, 2016 and is not necessarily indicative of current market conditions. Considering the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Petrie's financial analyses.

Reference Value Analyses

Petrie performed a series of analyses to derive a range of implied exchange ratios by utilizing the following methodologies to arrive at per share equity value ranges for Magellan and Tellurian Investments.

Sum-of-the-Parts Analysis of Magellan

Petrie performed a sum-of-the-parts analysis. A sum-of-the-parts analysis is a method of valuing a company by determining what its aggregate assets would be worth if they were acquired by another company. As of August 2, 2016, Magellan's principal assets consisted of cash and cash equivalents, securities available for sale, oil and gas assets in the United Kingdom and Australia and rights to a contingent bonus payment related to a hydrocarbon field in Australia.

For the value of Magellan's cash and cash equivalents, Petrie reviewed Magellan's cash balance as of March 31, 2016, pro forma for the exchange agreement with One Stone and the cash proceeds from the sale of the Mereenie bonus and Central Weald Basin assets. For the value of Magellan's securities available for sale, consisting of common stock of Central Petroleum Limited and common stock of UK Oil & Gas Investments PLC, Petrie used the most recent trading price for each security.

For the value of Magellan's oil and gas assets in the United Kingdom, Petrie reviewed selected publicly available information for five oil and gas transactions announced between August 2014 and April 2016 that included interests in Horse Hill Development Limited, Magellan's 65% working interest partners in the Horse Hill-1 well and the Petroleum Exploration and Development Licenses 137 and 246.

08/13/14	UK Oil & Gas Investments PLC	Undisclosed Seller

For the value of Magellan's oil and gas assets in Australia, Petrie reviewed Magellan management's evaluation of the potential farm-out value of the NT/P82 exploration license and the potential sales value of the contingent Palm Valley bonus based on Magellan management's knowledge of the assets and ongoing discussions with potential counterparties.

From the enterprise reference values implied by this analysis, Petrie subtracted liabilities including accounts payable and accrued liabilities and notes payable as of March 31, 2016 to determine a composite equity value reference range of \$1.35 to \$2.30 per share of Magellan common stock.

Public Market Premium Analysis of Magellan

Petrie reviewed publicly available information for selected completed corporate transactions, announced since January 1, 2010, wherein the target was a publicly traded U.S. company, to determine the equity prices paid in transactions relative to the trading prices of the target companies prior to announcement of the transaction. Petrie reviewed publicly available information, including, but not limited to, SEC filings, databases and industry reports for these selected transactions, to arrive at premiums paid for a group of companies, which, in Petrie's judgment, were generally comparable to Magellan, based upon criteria set forth below. In each specific transaction, Petrie determined the premium or discount paid based on the value of the per share consideration received in the transaction, relative to the closing price of the target company (i) on the day prior to the announcement, (ii) 30 days prior to the announcement and (iii) 60 days prior to the announcement.

Petrie selected transactions by applying the following criteria:

- Target companies that were publicly traded U.S. corporations;
- Target companies in the oil and gas industry;
- Transactions that were announced after January 1, 2010; and
- Transaction values of less than \$1.0 billion.

Petrie analyzed the following nine comparable public company transactions:

- Earthstone Energy, Inc. acquisition of Oak Valley Resources LLC
- Stratex Oil & Gas Holdings, Inc. acquisition of Richfield Oil & Gas Co.
- Contango Oil & Gas Co. acquisition of Crimson Exploration, Inc.
- Forestar Group, Inc. acquisition of CREDO Petroleum Corp.
- Halcon Resources LLC acquisition of Ram Energy Resources, Inc.
- Denver Parent Corp. acquisition of Venoco, Inc.
- Magnum Hunter Resources Corp. acquisition of NGAS Resources, Inc.
- Hess Corp. acquisition of American Oil & Gas, Inc.
- CONSOL Energy, Inc. acquisition of CNX Gas Corporation

The following table sets forth the maximum, mean, median and minimum premiums for the per share consideration received in the transaction, relative to the closing price of the target company (i) on the day prior to the announcement, (ii) 30 days prior to the announcement and (iii) 60 days prior to the announcement.

	One Day Prior	30 Days Prior	60 Days Prior
Maximum	66%	62%	57%
Mean	29%	29%	26%
Median	29%	28%	23%
Minimum	8%	6%	5%

Petrie selected ranges and applied those to Magellan's closing price (i) on the day prior to the announcement, (ii) 30 days prior to the announcement and (iii) 60 days prior to the announcement to determine a composite equity value reference range of \$1.45 to \$1.75 per share of Magellan common stock.

Going Concern Analysis of Tellurian Investments

Petrie analyzed the potential standalone financial performance of Tellurian Investments, without giving effect to the merger, for the fiscal years 2016-2025. The management and staff of Tellurian Investments provided the financial and operating projections and estimates upon which this analysis was based. Petrie applied terminal cash flow capitalization rates of 9.0%, 8.0% and 7.0% to estimated 2025 cash flow and utilized discount rates ranging from 12.0% to 16.0%. From the equity reference values implied by this analysis, Petrie determined a composite equity value reference range of \$2.25 to \$5.25 per share of Tellurian Investments common stock.

From the results of the analyses described above, Petrie divided the lowest Tellurian Investments per share equity value implied by going concern analysis by the highest Magellan per share equity values implied by the sum-of-the-parts analysis and public market premium analysis and divided the highest Tellurian Investments per share equity value implied by the going concern analysis by the lowest Magellan per share equity values implied by the sum-of-the-parts analysis and public market premium analysis to determine a range of implied exchange ratios of 0.979 to 3.892 and 1.286 to 3.621 shares of Magellan common stock per share of Tellurian Investments common stock, respectively, and compared these implied exchange ratios to the exchange ratio of 1.300.

Miscellaneous

The foregoing summary of certain material financial analyses does not purport to be a complete description of the analyses or data presented by Petrie. In connection with the review of the merger by the Magellan board of directors, Petrie performed a variety of financial and comparative analyses for purposes of rendering its opinion. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary described above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Petrie's opinion. In arriving at its fairness determination, Petrie considered the results of all the analyses and did not draw, in isolation, conclusions from, or with regard to, any one analysis or factor considered by it for purposes of its opinion. Rather, Petrie made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all the analyses. In addition, Petrie may have given various analyses and factors more or less weight than other analyses and factors and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis or combination of analyses described above should not be taken to be the view of Petrie with respect to the actual value of the Magellan common stock. No company reviewed or considered in the above analyses for comparison purposes is directly comparable to Magellan or Tellurian Investments, and no transaction reviewed or considered is directly comparable to the merger. Furthermore, Petrie's analyses involved complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the merger, public trading or other values of the companies or transactions considered, including judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Magellan or Tellurian Investments or their respective management team, staff and advisors.

Petrie prepared these analyses solely for the purpose of providing an opinion to the Magellan board of directors as to the fairness, from a financial point of view, of the exchange ratio to Magellan. These analyses do not purport to be appraisals or to necessarily reflect the prices at which the businesses or securities actually may be sold. Any estimates contained in these analyses are not necessarily indicative of actual future results, which may be significantly more or less favorable than those suggested by such estimates. Accordingly, estimates used in, and the results derived from, Petrie's analyses are inherently subject to substantial uncertainty, and Petrie assumed no responsibility if future results are materially different from those forecasted in such estimates.

The issuance of the fairness opinion was approved by Petrie's opinion committee.

The exchange ratio was determined through arm's-length negotiations between Magellan and Tellurian Investments and was approved by the Magellan board of directors. Petrie provided advice to the Magellan board of directors during these negotiations. Petrie did not, however, recommend any specific exchange ratio to the Magellan board of directors or Magellan or that any specific exchange ratio constituted the only appropriate consideration for the merger. Petrie's opinion to the Magellan board of directors was one of many factors taken into consideration by the Magellan board of directors in deciding to approve Magellan entering into the merger agreement. Consequently, the analyses as described above should not be viewed as determinative of the opinion of the Magellan board of directors with respect to the exchange ratio or of whether the Magellan board of directors would have been willing to agree to different consideration.

Under the terms of Petrie's engagement letter with Magellan, Petrie provided Magellan and the Magellan board of directors financial advisory services and a fairness opinion in connection with the merger. Pursuant to the terms of that engagement letter (as amended), Magellan has agreed to pay Petrie customary fees for its services in connection with its engagement, including a success fee that is payable to Petrie if the merger is consummated. The total compensation earned by Petrie in connection with the contemplated transaction is a success fee of \$1,250,000, payable in shares of Magellan common stock based on the 10-day volume weighted average price of Magellan common stock prior to the execution of the merger agreement and against which the following payments have been credited: (i) a fairness opinion fee of \$300,000 already paid to Petrie following delivery of its fairness opinion to the Magellan board of directors, which fee would have been earned by Petrie regardless of the conclusion regarding fairness expressed in the opinion; and (ii) the success fee of \$450,000 already paid to Petrie in connection with the exchange transaction. In addition, Magellan has agreed to reimburse Petrie for its reasonable out-of-pocket expenses (including reasonable legal fees, expenses and disbursements) incurred in connection with its engagement and to indemnify Petrie and its affiliates and their respective directors, officers, employees, agents and controlling persons from and against certain potential liabilities and expenses arising out of its engagement and any related transaction.

Magellan engaged Petrie to act as a financial advisor to Magellan and the Magellan board of directors based on its qualifications, experience and reputation. Petrie is a nationally recognized investment banking firm and is regularly engaged in the valuation of businesses in connection with mergers and acquisitions, restructurings, competitive sales processes, private placements and other purposes.

Interests of Magellan Directors and Executive Officers in the Merger

Certain of Magellan's current and former directors and executive officers have interests that differ from, and may be in conflict with, those of the stockholders of Magellan with respect to the merger agreement. Each member of the Magellan board of directors was aware of these interests and considered them in making its recommendations in this joint proxy statement/prospectus.

Mr. Lafargue

As discussed in "Background of the Merger," one topic addressed in the negotiations between Magellan and Tellurian Investments related to Tellurian Investments' desire for Mr. Lafargue, now Magellan's President and Chief Executive Officer, to have a continuing role with the combined company following the completion of the merger. Under Mr. Lafargue's existing compensation arrangements, Mr. Lafargue would have been entitled to a potentially significant severance payment in connection with the merger depending on Magellan's stock price performance following the announcement of the merger. For example, assuming a price per share of Magellan common stock of \$3.00 immediately following the closing of the merger, Mr. Lafargue would have been entitled to a payment of approximately \$2.4 million, excluding a severance payment of approximately \$600,000. Tellurian Investments desired Mr. Lafargue to surrender his right to that payment in exchange for the compensation to be provided him pursuant to

a new contractual arrangement. Following discussions between Mr. Lafargue and Tellurian Investments about the terms of Mr. Lafargue's future employment and the determination of the exchange ratio, Magellan and Tellurian Investments agreed that, as a condition to the completion of the merger, Mr. Lafargue shall have released any and all contractual or similar obligations payable to him from Magellan or its affiliates, or otherwise owed to him as a result of his services as an officer, director, agent or employee of Magellan or its affiliates, provided that such release, among other things, will be subject to receipt by Mr. Lafargue of an offer of employment by Magellan, effective as of the effective time of the merger, providing for terms and conditions substantially similar to those set forth in the section entitled "The Merger Agreement-Summary of Employment Contract Term Sheet of Mr. Lafargue."

Mr. Wilson

Magellan and Tellurian Investments also considered whether Mr. Wilson, who was until recently Magellan's President and Chief Executive Officer, would resign from Magellan in connection with the merger and what severance he would receive. After determination of the exchange ratio, Tellurian Investments and Magellan agreed that a result of his termination for "Good Reason" (as defined in his employment agreement) in connection with the merger, Magellan would pay Mr. Wilson (i) monthly severance payments amounting to \$300,000 in the aggregate, for a period of 12 months, (ii) payment of his accrued vacation amounting to approximately \$106,000, (iii) reimbursement of medical benefits for a period of up to 18 months, estimated to amount to approximately \$35,000 in the aggregate, and (iv) reimbursement of outstanding expenses.

Golden Parachute Compensation Table

The following table sets forth the amounts of "golden parachute" compensation (for purposes of Item 402(t) of Regulation S-K) that each named executive officer of Magellan could receive in connection with the merger. For purposes of calculating such amounts, Magellan has (i) taken into account Mr. Wilson's termination of employment for "good reason" and his associated severance benefits, (ii) assumed that all contractual or similar obligations payable to Mr. Lafargue from Magellan or its affiliates related to the merger are released, and that Mr. Lafargue will instead receive compensation pursuant to a new employment agreement to be entered into between him and Tellurian Investments, as described below in the section entitled "The Merger Agreement-Summary of Employment Contract Term Sheet of Mr. Lafargue," and (iii) used the average of the closing prices of Magellan common stock for the first five (5) business days following the date of the first announcement of the merger as the per share price of Magellan common stock.

Name	Cash (\$ (1))	Equity (\$ (2))	Perquisites/ benefits (\$ (2))	Other (\$ (3))	Total (\$)
J. Thomas Wilson	300,000	-(4)	142,648	—	442,648
Antoine J. Lafargue	—	—	—	3,695,600	3,695,600

(1) Represents cash severance payable to Mr. Wilson as a result of his termination for "good reason" on August 5, 2016.

(2) Represents (i) the payment to Mr. Wilson of his accrued vacation amounting to approximately \$106,000, (ii) the reimbursement of medical benefits for a period of up to 18 months, estimated to amount to approximately \$35,000 in the aggregate, and (iii) the reimbursement of certain outstanding expenses of \$1,648, in each case pursuant to his termination for "good reason" on August 5, 2016.

(3) Represents the following compensation payable to Mr. Lafargue pursuant to his expected new employment agreement with Tellurian Investments: (i) \$990,000 cash payment upon closing of the merger, and (ii) the value (assuming the five-day average share price described above, which is \$3.38 per share), of the 800,000 shares of stock expected to be issued to Mr. Lafargue, of which 150,000 will vest in equal quarterly installments over an 18-month period and the remaining 650,000 will not vest until the affirmative final investment decision by the combined company's board of directors to move forward with a project ("FID").

(4) None of Mr. Wilson's stock options are "in-the-money." Accordingly, no amounts are included in this table in respect of Mr. Wilson's equity awards.

Members of the Special Committee

In their negotiations, Magellan and Tellurian Investments also addressed the fact that the members of the Special Committee had not received any board fees or other compensation, whether in stock or in cash, since June 2015. After the exchange ratio had been determined, the parties agreed that at the closing of the merger, any and all contractual or similar obligations payable to Magellan directors from Magellan or its affiliates, or otherwise owed to the Magellan directors as a result of their services as Magellan directors, shall have been released, except for (i) 100,000 shares of Magellan common stock, which will be issued to and divided among the Magellan directors as of the closing of the merger and (ii) the total sum of \$150,000, to be divided among the Magellan directors and payable in cash at the closing of the merger, provided that such release shall not affect any right of the Magellan directors to indemnification and insurance as provided in the merger agreement.

Other Issues

In addition, Magellan's directors, executive officers and employees hold equity compensation plan awards under the Magellan 1998 Plan or the Magellan 2012 Plan, the vesting of which awards will be accelerated as a result of the merger, in accordance with the terms of those awards and the merger agreement. In total, the vesting of 6,250 options with an exercise price of \$6.91 and 4,166 shares of Magellan restricted stock will be accelerated as a result of and upon the closing of the merger with Tellurian. Finally, Magellan's directors and executive officers are entitled to continued indemnification and insurance coverage under the merger agreement, as more fully described in "The Merger Agreement-Indemnification and Insurance" beginning on page 74.

Tellurian Investments' Reasons for the Merger; Recommendation of the Tellurian Investments Board of Directors

The board of directors of Tellurian Investments believes that the merger is fair to and in the best interest of its stockholders. In the course of reaching this decision, the Tellurian Investments board considered a number of factors, including:

- Access to public securities markets; and

- The ability of the combined company to more easily attract and retain skilled personnel.

Interests of Tellurian Investments Directors and Executive Officers in the Merger

Certain executive officers and directors of Tellurian Investments possess unrestricted shares of Tellurian Investments common stock and/or restricted shares of Tellurian Investments common stock issued pursuant to the Tellurian Investments 2016 Omnibus Incentive Plan. The merger agreement provides that, on the terms and subject to the conditions set forth in the merger agreement and in accordance with Delaware law, at the effective time of the merger, Merger Sub will merge with and into Tellurian Investments. Tellurian Investments will be the surviving corporation in the merger and will become a wholly owned subsidiary of Magellan. At the effective time of the merger, each outstanding share of Tellurian Investments common stock, including unrestricted shares outstanding under the Tellurian Investments 2016 Omnibus Incentive Plan, will be converted into the right to receive 1.300 shares of Magellan common stock. Effective immediately prior to the effective time of the merger, each restricted share of Tellurian Investments common stock granted and then outstanding under the Tellurian Investments 2016 Omnibus Incentive Plan and any associated restricted stock agreements and notices of grant will be converted into 1.300 shares of comparable restricted stock of Magellan.

If a holder of Tellurian Investments stock is entitled to receive any fractional shares of Magellan stock, such holder will receive such fractional share.

The exchange ratio will be adjusted prior to the effective time of the merger to provide Tellurian Investments common stockholders the same economic effect as contemplated by the merger agreement to account for any stock split, reverse stock split, stock dividend, subdivision, reclassification, recapitalization, combination, exchange of shares or the like that occurs with respect to the shares of either Magellan common stock or Tellurian Investments common stock outstanding after the date of the merger agreement and prior to the effective time of the merger.

Combined Company's Board of Directors and Management Following the Merger

Additionally, on April 19, 2016, Tellurian Investments' board of directors allowed Mr. Candelet to purchase 850,000 shares of Tellurian Investments common stock for \$0.50 per share. Any fair value of Tellurian Investments common stock in excess of this purchase price will be recognized as compensation to Mr. Candelet.

Overview of Compensation for Mark Evans, Senior Vice President-Gas Supply and Business Development

Mr. Evans' Employment Agreement with Tellurian Services dated April 15, 2016 (the "Evans Employment Agreement") provides for an annual base salary of \$350,000. Beginning on January 1, 2017, Tellurian Services has the right to increase the base salary. Mr. Evans received a signing bonus of \$43,749.99 upon entering into the Evans Employment Agreement. The Evans Employment Agreement also provides for an annual target bonus of 150% of Mr. Evans' base salary with a stretch target of 200%. The annual bonus is purely discretionary on the part of Tellurian Services and will be based on achievement of various performance milestones of Tellurian Services, Tellurian Investments and Mr. Evans. If Mr. Evans terminates his employment for "Good Reason" or Tellurian Services terminates Mr. Evans without "Cause" (each as defined in the Evans Employment Agreement), then Tellurian Services must pay to Mr. Evans the salary that would have otherwise been owed to Mr. Evans up to and including the expiration of the Evans Employment Agreement and any unvested shares held by him shall automatically vest. The Evans Employment Agreement provides for an initial term of five years and automatically renews for successive one-year terms unless either party elects not to renew or the Evans Employment Agreement is earlier terminated in accordance with its terms. On April 15, 2016, Mr. Evans was granted 500,000 shares of Tellurian Investments restricted common stock pursuant to the Tellurian Investments 2016 Omnibus Incentive Plan. Such restricted shares do not vest until FID. Further, on March 10, 2016, Tellurian Investments' board of directors granted Mr. Evans (through an entity controlled by Mr. Evans) 500,000 shares of Tellurian Investments common stock. Any fair value of Tellurian Investments common stock on such date in excess of zero will be recognized as compensation to Mr. Evans. Additionally, on April 19, 2016, Tellurian Investments' board of directors allowed Mr. Evans (through an entity controlled by Mr. Evans) to purchase 200,000 shares of Tellurian Investments common stock for \$0.50 per share. Any fair value of Tellurian Investments common stock in excess of this purchase price will be recognized as compensation to Mr. Evans.

Overview of Compensation for Tarek Souki, Senior Vice President-LNG Trading

Mr. Souki's Employment Agreement (under U.K. law) with Tellurian UK dated August 5, 2016 (the "T. Souki Employment Agreement") provides for an annual base salary of £267,000. Mr. Souki received a signing bonus of £89,000 upon entering into the T. Souki Employment Agreement. The T. Souki Employment Agreement also provides for an annual target bonus of 150% of Mr. Souki's base salary with a stretch target of 200%. The annual bonus is purely discretionary on the part of Tellurian UK and will be based on achievement of various performance milestones of Tellurian UK, Tellurian Investments and Mr. Souki. The T. Souki Employment Agreement is terminable by either party upon six months' written notice and by Tellurian UK for "Cause" (as defined in the T. Souki Employment Agreement). In connection with the T. Souki Employment Agreement, Mr. Souki was granted 500,000 shares of Tellurian Investments restricted common stock pursuant to the Tellurian Investments 2016 Omnibus Incentive Plan. Such restricted shares do not vest until FID. If the T. Souki Employment Agreement is terminated for any reason other than "Cause", any unvested shares held by Mr. Souki shall automatically vest. The T. Souki Employment Agreement does not have a fixed term and is continuous subject to termination under the terms of the T. Souki Employment Agreement.

Pension/Retirement Benefits

Tellurian Investments and Tellurian Services do not provide qualified pension benefits or any supplemental executive retirement benefits to any of its executive officers or directors. Tellurian Services has a defined contribution plan ("401(k) Plan") which allows eligible employees, including its executive officers, to contribute up to 100% of their compensation up to the IRS maximum. Tellurian Services matches each employee's salary deferrals (contributions at 100%) up to 6% of compensation and may make additional contributions at its discretion. Employees are immediately vested in the contributions made by Tellurian Services. Tellurian Services has made no discretionary contributions to the 401(k) Plan to date.

Additional Benefit Programs

Certain officers and directors are entitled to the following benefits: certain club memberships, parking, health insurance, and cell phone reimbursement.

Equity-Based Compensation

Tellurian Investments has granted stock and restricted stock to employees under the Tellurian Investments Inc. 2016 Omnibus Incentive Plan. The maximum number of shares of Tellurian Investments' common stock reserved for issuance under such plan is 30,000,000. As of September 29, 2016, there were 19,955,000 shares remaining available for issuance.

Regulatory Clearances Required for the Merger

Neither Magellan nor Tellurian Investments is aware of any material governmental or regulatory approvals required for the completion of the merger or compliance with the applicable corporate law of the State of Delaware. While not a regulatory agency, NASDAQ has listing requirements which must be complied with in order to be listed on that exchange, which listing requirement is a condition to closing under the merger agreement.

Treatment of Magellan Equity Awards

Certain current and former Magellan employees, officers and directors hold equity compensation plan awards under the Magellan 1998 Plan or the Magellan 2012 Plan. At the closing of the transactions contemplated by the merger agreement, any outstanding options held by Magellan current and former employees, officers and directors will remain exercisable for such period of time as provided in the applicable award agreement and the Magellan 1998 Plan or the Magellan 2012 Plan. The vesting of awards to current and former Magellan employees, officers and directors will be accelerated as a result of the merger, in accordance with the terms of the applicable award agreement and the merger agreement.

Treatment of Tellurian Investments Equity Awards

Pursuant to the Tellurian Investments 2016 Omnibus Incentive Plan, Tellurian Investments has issued and outstanding both restricted and unrestricted shares of Tellurian Investments common stock. In addition, Tellurian Investments issued shares of unrestricted Tellurian Investments common stock to members of management. The merger agreement provides that, on the terms and subject to the conditions set forth in the merger agreement and in accordance

with Delaware law, at the effective time of the merger, Merger Sub will merge with and into Tellurian Investments. Tellurian Investments will be the surviving corporation in the merger and will become a wholly owned subsidiary of Magellan. At the effective time of the merger, each outstanding share of Tellurian Investments common stock, including unrestricted shares outstanding under the Tellurian Investments 2016 Omnibus Incentive Plan, will be converted into the right to receive 1.300 shares of Magellan common stock. Effective immediately prior to the effective time of the merger, each restricted share of Tellurian Investments common stock granted and then outstanding under the Tellurian Investments 2016 Omnibus Incentive Plan and any associated restricted stock agreements and notices of grant will be converted into 1.300 shares of comparable restricted stock of Magellan. If a holder of Tellurian Investments stock is entitled to receive any fractional shares of Magellan stock, such holder will receive such fractional share.

The exchange ratio will be adjusted prior to the effective time of the merger to provide Tellurian Investments common stockholders the same economic effect as contemplated by the merger agreement to account for any stock split, reverse stock split, stock dividend, subdivision, reclassification, recapitalization, combination, exchange of shares or the like that occurs with respect to the shares of either Magellan common stock or Tellurian Investments common stock outstanding after the date of the merger agreement and prior to the effective time of the merger.

Dividend Policies

Magellan has never paid a cash dividend on its common stock. The merger agreement prohibits Magellan from paying dividends to holders of Magellan common stock until the earlier of the effective time of the merger and the termination of the merger agreement in accordance with its terms. Any future dividends on Magellan common stock will be at the discretion of the reconstituted board of directors and will be dependent upon Magellan's earnings, financial condition and other factors.

The declaration and payment of future dividends to holders of common stock will be at the sole discretion of the reconstituted board of directors and will depend on many factors, including actual results of operations, financial condition, capital requirements, contractual restrictions, restrictions in debt agreements, and other factors deemed relevant by the reconstituted board of directors. The reconstituted board of directors does not currently contemplate making dividend payments on common stock in the near future.

Listing of Shares of Magellan Common Stock

It is a condition to the completion of the merger that the shares of Magellan common stock to be issued to Tellurian Investments stockholders pursuant to the merger be authorized for listing to be traded on the NASDAQ Capital Market, subject to official notice of issuance.

Appraisal Rights

Magellan

The holders of Magellan common stock are not entitled to appraisal rights in connection with the merger under Delaware law.

Tellurian Investments

Under Delaware law, Tellurian Investments stockholders have the right to dissent from the merger and to receive payment in cash for the fair value of their shares of Tellurian Investments common stock as determined by the Delaware Court of Chancery, together with interest, if any, as determined by the court, in lieu of the consideration Tellurian Investments stockholders would otherwise be entitled to pursuant to the merger agreement. These rights are known as appraisal rights. Tellurian Investments stockholders electing to exercise appraisal rights must comply with the provisions of Section 262 of the DGCL in order to perfect their rights. Tellurian Investments will require strict compliance with the statutory procedures.

The following is intended as a brief summary of the material provisions of the Delaware statutory procedures required to be followed by a Tellurian Investments stockholder in order to dissent from the merger and perfect appraisal rights. This summary, however, is not a complete statement of all applicable requirements and is qualified in its entirety by reference to Section 262 of the DGCL, the full text of which appears in Annex D to this joint proxy statement/prospectus. Failure to precisely follow any of the statutory procedures set forth in Section 262 of the DGCL may result

in a termination or waiver of appraisal rights. All references in this summary to a “stockholder” are to the record holder of shares of Tellurian Investments common stock unless otherwise indicated.

Section 262 requires that stockholders for whom appraisal rights are available be notified not less than 20 days before the stockholders’ meeting to vote on the merger that appraisal rights will be available. A copy of Section 262 must be included with such notice. This joint proxy statement/prospectus constitutes notice to Tellurian Investments stockholders of the availability of appraisal rights in connection with the merger in compliance with the requirements of Section 262. If a Tellurian Investments stockholder wishes to consider exercising appraisal rights, such stockholder should carefully review the text of Section 262 contained in Annex D to this joint proxy statement/prospectus because failure to timely and properly comply with the requirements of Section 262 will result in the loss of appraisal rights under Delaware law.

If you elect to demand appraisal of your shares, Tellurian Investments stockholders must satisfy each of the following conditions:

You must deliver to Tellurian Investments a written demand for appraisal of your shares before the vote with respect to the merger is taken. This written demand for appraisal must be in addition to and separate from any proxy or vote abstaining from or voting against the adoption and approval of the merger agreement and the merger. Voting against or failing to vote for the adoption and approval of the merger agreement and the merger by itself does not constitute a demand for appraisal within the meaning of Section 262.

You must not vote in favor of, or consent in writing to, the adoption and approval of the merger agreement and the merger. A vote in favor of the adoption and approval of the merger agreement and merger, by proxy or in person, will constitute a waiver of your appraisal rights in respect of the shares so voted and will nullify any previously filed written demands for appraisal. A proxy which does not contain voting instructions will, unless revoked, be voted in favor of the adoption and approval of the merger agreement and the merger. Therefore, a Tellurian Investments stockholder who votes by proxy and who wishes to exercise appraisal rights must vote against the merger agreement and the merger or abstain from voting on the merger agreement and the merger.

You must continue to hold your shares of Tellurian Investments common stock through the effective date of the merger. Therefore, a stockholder who is the record holder of shares of Tellurian Investments common stock on the date the written demand for appraisal is made but who thereafter transfers the shares prior to the effective date of the merger will lose any right to appraisal with respect to such shares.

If you fail to comply with any of these conditions and the merger is completed, you will be entitled to receive the merger consideration, but you will have no appraisal rights with respect to your shares of Tellurian Investments common stock.

All demands for appraisal should be addressed to Tellurian Investments Inc., 1201 Louisiana Suite 3100, Houston, Texas 77002, Attention: Corporate Secretary, and must be delivered before the vote on the merger agreement is taken at the special meeting of Tellurian Investments stockholders and should be executed by, or on behalf of, the record holder of the shares of Tellurian Investments common stock. The demand must reasonably inform Tellurian Investments of the identity of the stockholder and the intention of the stockholder to demand appraisal of his, her or its shares.

To be effective, a demand for appraisal by a holder of common stock must be made by, or in the name of, such registered stockholder, fully and correctly, as the stockholder’s name appears on his, her or its stock certificate(s). Beneficial owners who do not also hold the shares of record may not directly make appraisal demands to Tellurian Investments. The beneficial holder must, in such cases, have the registered owner, such as a broker, bank or other nominee, submit the required demand in respect of those shares. If shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, execution of a demand for appraisal should be made by or for the fiduciary; and if the shares are owned of record by more than one person, as in a joint tenancy or tenancy in common, the demand should be executed by or for all joint owners. An authorized agent, including an authorized agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; however, the agent must identify the record owner or owners and expressly disclose the fact that, in executing the demand, he or she is acting as agent for the record owner. A record owner, such as a broker, who holds shares as a nominee for others, may exercise his or her right of appraisal with respect to the shares held for one or more beneficial owners, while not exercising this right for

other beneficial owners. In that case, the written demand should state the number of shares as to which appraisal is sought. Where no number of shares is expressly mentioned, the demand will be presumed to cover all shares held in the name of the record owner.

If a Tellurian Investments stockholder holds shares of common stock in a brokerage account or in other nominee form and wishes to exercise appraisal rights, such stockholder should consult with his, her or its broker or the other nominee to determine the appropriate procedures for the making of a demand for appraisal by the nominee.

Within 10 days after the effective time of the merger, Tellurian Investments, as the surviving corporation, must give written notice that the merger has become effective to each former Tellurian Investments stockholder who has properly filed a written demand for appraisal and who did not vote in favor of the merger agreement and the merger. Within 120 days after the effective date of the merger, any stockholder who has complied with Section 262 will, upon written request to Tellurian Investments as the surviving corporation, be entitled to receive a written statement setting forth the aggregate number of shares not voted in favor of the merger agreement and the merger and with respect to which demands for appraisal rights have been received and the aggregate number of holders of such shares. A person who is the beneficial owner of shares of common stock held in a voting trust or by a nominee on behalf of such person may, in such person's own name, request from the surviving corporation the statement described in the previous sentence. Such written statement will be mailed to the requesting Tellurian Investments stockholder within 10 days after such written request is received by the surviving corporation or within 10 days after expiration of the period for delivery of demands for appraisal, whichever is later. Within 120 days after the effective time, either the surviving corporation or any Tellurian Investments stockholder who has complied with the requirements of Section 262 and who is otherwise entitled to appraisal rights may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares held by all Tellurian Investments stockholders entitled to appraisal. A person who is the beneficial owner of shares of Tellurian Investments common stock held in a voting trust or by a nominee on behalf of such person may, in such person's own name, file the petition described in the previous sentence. Upon the filing of the petition by a Tellurian Investments stockholder, service of a copy of such petition shall be made upon Tellurian Investments, as the surviving corporation. The surviving corporation has no obligation to file such a petition in the event there are dissenting Tellurian Investments stockholders. Accordingly, the failure of a Tellurian Investments stockholder to file such a petition within the period specified could nullify the Tellurian Investments stockholder's previously written demand for appraisal. There is no present intent on the part of Tellurian Investments to file an appraisal petition, and Tellurian Investments stockholders seeking to exercise appraisal rights should not assume that Tellurian Investments will file such a petition or that Tellurian Investments will initiate any negotiations with respect to the fair value of such shares. Accordingly, Tellurian Investments stockholders who desire to have their shares appraised should initiate any petitions necessary for the perfection of their appraisal rights within the time periods and in the manner prescribed in Section 262.

If a petition for appraisal is duly filed by a Tellurian Investments stockholder and a copy of the petition is delivered to the surviving corporation, the surviving corporation will then be obligated, within 20 days after receiving service of a copy of the petition, to provide the Delaware Court of Chancery with a duly verified list containing the names and addresses of all Tellurian Investments stockholders who have demanded an appraisal of their shares and with whom agreements as to the value of their shares have not been reached by the surviving corporation. After notice to dissenting stockholders who demanded appraisal of their shares, the Delaware Court of Chancery is empowered to conduct a hearing upon the petition, and to determine those Tellurian Investments stockholders who have complied with Section 262 and who have become entitled to the appraisal rights provided thereby. The Delaware Court of Chancery may require the Tellurian Investments stockholders who have demanded appraisal for their shares to submit their stock certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any Tellurian Investments stockholder fails to comply with that direction, the Delaware Court of Chancery may dismiss the proceedings as to that stockholder.

After determination of the Tellurian Investments stockholders entitled to appraisal of their shares of common stock, the Delaware Court of Chancery will appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger, together with interest, if any. Unless the Delaware Court of Chancery in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5%

over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period

68

between the effective date of the merger and the date of payment of the judgment. Notwithstanding the foregoing, at any time before the entry of judgment in the proceedings, Tellurian Investments may pay to each stockholder entitled to appraisal an amount in cash, in which case interest shall accrue thereafter as provided herein only upon the sum of (i) the difference, if any, between the amount so paid and the fair value of the shares as determined by the Delaware Court of Chancery, and (ii) interest theretofore accrued, unless paid at that time. When the value is determined, the Delaware Court of Chancery will direct the payment of such value, with interest thereon accrued during the pendency of the proceeding, if the Delaware Court of Chancery so determines, to the Tellurian Investments stockholders entitled to receive the same, upon surrender by such holders of the certificates representing those shares.

In determining fair value, and, if applicable, interest, the Delaware Court of Chancery is required to take into account all relevant factors. In *Weinberger v. UOP, Inc.*, the Delaware Supreme Court discussed the factors that could be considered in determining fair value in an appraisal proceeding, stating that “proof of value by any techniques or methods which are generally considered acceptable in the financial community and otherwise admissible in court” should be considered, and that “fair price obviously requires consideration of all relevant factors involving the value of a company.”

Section 262 provides that fair value is to be “exclusive of any element of value arising from the accomplishment or expectation of the merger.” In *Cede & Co. v. Technicolor, Inc.*, the Delaware Supreme Court stated that such exclusion is a “narrow exclusion [that] does not encompass known elements of value,” but which rather applies only to the speculative elements of value arising from such accomplishment or expectation. In *Weinberger*, the Delaware Supreme Court construed Section 262 to mean that “elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered.”

Tellurian Investments stockholders should be aware that the fair value of Tellurian Investments shares as determined under Section 262 could be more than, the same as, or less than the value that such Tellurian Investments stockholder is entitled to receive under the terms of the merger agreement.

Costs of the appraisal proceeding may be imposed upon the surviving corporation and the Tellurian Investments stockholders participating in the appraisal proceeding by the Delaware Court of Chancery as the Court deems equitable in the circumstances. Upon the application of a Tellurian Investments stockholder, the Delaware Court of Chancery may order all or a portion of the expenses incurred by any Tellurian Investments stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorneys’ fees and the fees and expenses of experts, to be charged pro rata against the value of all shares entitled to appraisal. Any Tellurian Investments stockholder who had demanded appraisal rights will not, after the effective time of the merger, be entitled to vote shares subject to that demand for any purpose or to receive payments of dividends or any other distribution with respect to those shares, other than with respect to payment as of a record date prior to the effective time; however, if no petition for appraisal is filed within 120 days after the effective time of the merger, or if the Tellurian Investments stockholder delivers a written withdrawal of such stockholder’s demand for appraisal and an acceptance of the terms of the merger within 60 days after the effective time of the merger, then the right of that Tellurian Investments stockholder to appraisal will cease and that Tellurian Investments stockholder will be entitled to receive 1.300 shares of Magellan stock for shares of his, her or its shares of Tellurian Investments common stock pursuant to the merger agreement. No appraisal proceeding in the Delaware Court of Chancery will be dismissed as to any Tellurian Investments stockholder without the prior approval of the Court, and such approval may be conditioned upon such terms as the Delaware Court of Chancery deems just; provided, however, that any Tellurian Investments stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party will maintain the right to withdraw its demand for appraisal and to accept the cash that such holder would have received pursuant to the merger agreement within 60 days after the effective date of the merger.

In view of the complexity of Section 262, Tellurian Investments stockholders who may wish to dissent from the merger and pursue appraisal rights should consult their legal advisors.

THE MERGER AGREEMENT

The following section summarizes material provisions of the merger agreement, which is included in this joint proxy statement/prospectus as Annex A and is incorporated herein by reference in its entirety. The rights and obligations of Magellan and Tellurian Investments are governed by the express terms and conditions of the merger agreement and not by this summary or any other information contained in this joint proxy statement/prospectus. Magellan and Tellurian Investments stockholders are urged to read the merger agreement carefully and in its entirety-as well as this joint proxy statement/prospectus-before making any decisions regarding the merger, including the approval and adoption of the merger agreement, and the transactions contemplated by the merger agreement, including the merger, and the approval of the issuance of shares of Magellan common stock to Tellurian Investments stockholders pursuant to the merger.

The merger agreement is included in this joint proxy statement/prospectus to provide you with information regarding its terms and is not intended to provide any factual information about Magellan or Tellurian Investments. The merger agreement contains representations and warranties by each of the parties to the merger agreement. These representations and warranties have been made solely for the benefit of the other parties to the merger agreement and are not necessarily intended as statements of fact, but rather as a way of allocating the risk between the parties in the event that the statements therein prove to be inaccurate;

have been qualified by certain disclosures that were made between the parties in connection with the negotiation of the merger agreement, which disclosures are not reflected in the merger agreement; and
may apply standards of materiality in a way that is different from what may be viewed as material by you or other investors.

Accordingly, the representations and warranties and other provisions of the merger agreement should not be read alone, but instead should be read together with the information provided elsewhere in this joint proxy statement/prospectus and in the documents incorporated by reference into this joint proxy statement/prospectus. See “Where You Can Find More Information” beginning on page 105.

This summary is qualified in its entirety by reference to the merger agreement.

Terms of the Merger; Merger Consideration

The merger agreement provides that, on the terms and subject to the conditions set forth in the merger agreement and in accordance with Delaware law, at the effective time of the merger, Merger Sub will merge with and into Tellurian Investments. Tellurian Investments will be the surviving corporation in the merger and will become a wholly owned subsidiary of Magellan. At the effective time of the merger, each outstanding share of Tellurian Investments common stock will be converted into the right to receive 1.300 shares of Magellan common stock. Effective immediately prior to the effective time of the merger, each restricted share of Tellurian Investments common stock granted and then outstanding under the Tellurian Investments 2016 Omnibus Incentive Plan and any associated restricted stock agreements and notices of grant will be converted into 1.300 shares of comparable restricted stock of Magellan. If a holder of Tellurian Investments stock is entitled to receive any fractional shares of Magellan stock, such holder will receive such fractional share.

The exchange ratio will be adjusted prior to the effective time of the merger to provide Tellurian Investments common stockholders the same economic effect as contemplated by the merger agreement to account for any stock split, reverse stock split, stock dividend, subdivision, reclassification, recapitalization, combination, exchange of shares or the like that occurs with respect to the shares of either Magellan common stock or Tellurian Investments common stock outstanding after the date of the merger agreement and prior to the effective time of the merger.

Completion of the Merger

The parties will complete the transactions contemplated by the merger agreement when all of the conditions to the completion of the transactions, as provided in the merger agreement, are satisfied or waived. The merger will become effective at the date and time the parties file the certificate of merger with the Delaware Secretary of State or at such subsequent time as agreed to in writing by Magellan and Tellurian Investments and specified in the certificate of merger.

Magellan and Tellurian Investments currently expect the closing of the merger to occur in the fourth calendar quarter of 2016. However, as the merger is subject to the satisfaction or waiver of other conditions described in the merger agreement, it is possible that factors outside the control of Magellan and Tellurian Investments could result in the merger being completed at an earlier time, a later time or not at all.

Exchange of Shares in the Merger

Prior to the effective time of the merger, Magellan will appoint an exchange agent reasonably acceptable to Tellurian Investments for the purpose of exchanging shares of Tellurian Investments common stock in connection with the merger. At the effective time of the merger, each share of Tellurian Investments common stock will be converted into the right to receive 1.300 shares of Magellan common stock.

Promptly after the effective time of the merger, the exchange agent will mail to each holder of one or more Tellurian Investments stock certificates or shares of Tellurian Investments common stock represented by book-entry, a letter of transmittal specifying, among other things, that delivery will be effected, and risk of loss and title to any certificates will pass, only upon proper delivery of such certificates to the exchange agent, or in the case of book-entry shares, upon adherence to the procedures set forth in the letter of transmittal. That letter of transmittal will also include instructions explaining the procedure for surrendering Tellurian Investments stock certificates or, in the case of book-entry shares, the surrender of such shares for payment of the merger consideration.

After the effective time of the merger, shares of Tellurian Investments common stock will no longer be outstanding. At the effective time, those shares will be automatically canceled and will cease to exist, and each certificate or book-entry share, if any, that previously represented shares of Tellurian Investments common stock will represent only the right to receive the merger consideration as described above, and any dividends or other distributions to which the holders of the certificates become entitled upon surrender of such certificates or book-entry shares. With respect to those shares of Magellan common stock deliverable upon the surrender of Tellurian Investments stock certificates or book-entry shares, until holders of such Tellurian Investments stock certificates or book-entry shares have surrendered those stock certificates or book-entry shares to the exchange agent, those holders will not receive dividends or distributions declared or made with respect to such shares of Magellan common stock with a record date after the effective time of the merger.

Representations and Warranties

The merger agreement contains representations and warranties made by each party to the merger agreement regarding aspects of such party's business, financial condition, structure and other facts pertinent to the merger. Each of Magellan and Tellurian Investments has made representations and warranties regarding, among other things:

- due organization, organizational power, and qualification to do business;
- capitalization and due authorization of outstanding equity;
- authorization in connection with the merger agreement and related agreements;
- non-contravention of the merger agreement with organizational documents and material agreements;
- ownership of subsidiaries and their jurisdiction of incorporation or organization;
- absence of required governmental consents or filings in connection with the merger agreement;
- accuracy of financial statements and absence of material changes after latest unaudited financial statements;
- absence of undisclosed liabilities or brokerage fees;
- conduct of operations in the ordinary course of business and in compliance with applicable laws, including tax, property and environmental laws, and maintenance of necessary government permits;
- absence of material legal proceedings;
- regulatory, environmental, and employee matters;
- material contracts;
- intellectual property;

hedging;

compliance with and exemption from securities laws; and

required stockholder approval to adopt the merger agreement.

Magellan has also made additional representations and warranties relating to:

legal title to material real property, leaseholds, and personal property, and the absence of material encumbrances on owned and leased property;

insurance matters;

absence of non-consent, undisclosed non-current payments or undisclosed royalties;

compliance with anti-corruption and money laundering laws;

receipt of the fairness opinion; and

compliance of benefit plans with applicable law.

Tellurian Investments has also made additional representations and warranties relating to:

compliance of benefit plans with applicable law;

absence of ownership of Magellan stock by Tellurian Investments, its affiliates and associates; and

certain investment representations and acknowledgements.

Tellurian Investments also made a representation and warranty relating to its lack of ownership of Magellan common stock that would cause it to be an “interested stockholder” as such term is defined in Section 203 of the DGCL.

The merger agreement also contains certain representations and warranties of Magellan with respect to its wholly owned subsidiary, Merger Sub, including, without limitation, representations about Merger Sub’s organizational power, corporate authority with respect to the execution, delivery and performance of the merger agreement, and absence of conflicts and violations.

Many of the representations and warranties in the merger agreement are qualified by a “materiality” or “material adverse effect” standard (that is, they will not be deemed to be untrue or incorrect unless their failure to be true or correct, individually or in the aggregate, would, as the case may be, be material or have a material adverse effect). For purposes of the merger agreement, a “material adverse effect” means, with respect to a person, a change, effect, event or occurrence that is materially adverse to the business, financial condition, or results of operations of that person and its subsidiaries, taken as a whole, but excluding:

any change, effect, event or occurrence in general economic or financial market conditions (but any such change,

effect, event or occurrence will be taken into account to the extent it disproportionately affects that person compared to other persons in the same industry);

any change, effect, event or occurrence resulting from or relating to the announcement or pendency of the transactions contemplated by the merger agreement;

any change in the market price or trading volume of Magellan common stock;

the outbreak or escalation of war or terrorism or the occurrence of natural disasters (but any such outbreak, escalation or occurrence will be taken into account to the extent it disproportionately affects that person compared to other persons in the same industry);

any change in any applicable laws or regulations applicable to such person or applicable accounting regulations or principles or the interpretation thereof (but any such change will be taken into account to the extent it disproportionately affects that person compared to other persons in the same industry);

any litigation arising from any alleged breach or other violation of applicable law relating to the merger agreement or the transactions contemplated by the merger agreement; and

any change, effect, event or occurrence that generally affects the prices of oil, gas, natural gas, natural gas liquids or other commodities.

Conduct of Business by Magellan and Tellurian Investments Pending Closing

Each of Magellan and Tellurian Investments has agreed to certain covenants in the merger agreement restricting the conduct of its business between the date of the merger agreement and the effective time of the merger. In general, each of Magellan and Tellurian Investments has agreed to conduct its business in the ordinary course consistent with past practice and to use commercially reasonable efforts to preserve intact its present business organization and the goodwill of those having business relationships with it, retain its officers and key employees, and comply in all material respects with applicable law.

In addition, each of Magellan and Tellurian Investments has agreed to specific restrictions relating to the conduct of its business between the date of the merger agreement and the effective time, including, without limitation, to not do any of the following (subject, in each case, to exceptions specified below and in the merger agreement or previously disclosed in writing as provided in the merger agreement or as agreed in writing by the parties, or as required by law):

- issue or redeem equity or declare dividends;
- issue notes or other debt securities or enter into borrowing agreements or other financing arrangements;
- sell or otherwise dispose of any the properties with a fair market value in excess of \$50,000 in the aggregate;
- make capital expenditures in excess of \$50,000 in the aggregate for any fiscal year;
- merge with any entity or acquire assets outside the ordinary course of business;
- make any loans to any person;
- enter into, terminate or amend certain material agreements;
- make certain accounting and tax-related changes;
- amend its organizational documents;
- adopt a plan of liquidation, dissolution, restructuring or other reorganization;
- fail to use commercially reasonable efforts to maintain insurance;
- enter into certain litigation settlements; or
- commit or agree to take any of the foregoing actions.

See Section 5.2 of the merger agreement for the full list of activities that Magellan and Tellurian Investments are prohibited from engaging in prior to closing.

No Solicitation

The merger agreement provides that Magellan will not (i) solicit, facilitate, encourage or induce any inquiries or proposals that could reasonably be expected to lead to or constitute the submission of an alternative merger with a person or entity other than Tellurian Investments (an “Alternative Proposal”), (ii) furnish any confidential information in connection with an Alternative Proposal, (iii) approve, recommend or enter into any agreement relating to an Alternative Proposal, or (iv) withdraw or modify the recommendation to vote for the proposed merger.

However, Magellan’s non-solicitation obligations are qualified by “fiduciary out” provisions which provide that Magellan may take certain otherwise prohibited actions with respect to an unsolicited Alternative Proposal if the board of directors determines that the failure to take such action would be reasonably likely to be inconsistent with its fiduciary duties and certain other requirements are satisfied. Magellan shall promptly advise Tellurian Investments of any Alternative Proposal. Magellan may recommend to its stockholders that it accept the Alternative Proposal under circumstances set forth in Section 5.3 of the merger agreement. In particular, if at any time prior to stockholder approval of the merger agreement Magellan’s board of directors receives an Alternative Proposal that (i) the board of directors deems to be bona fide and (ii) the board of directors, after consultation with its financial and legal advisors, determines to be more favorable to Magellan stockholders from a financial point of view than the transactions contemplated by

the merger agreement (a "Superior Proposal"), then the board of directors may change its recommendation that the Magellan stockholders approve the merger agreement and may enter into negotiations and execute a definitive agreement with respect to the Superior Proposal, subject to (A) providing five business days' notice to Tellurian Investments of the Superior Proposal and (B) at Tellurian Investments' request, negotiating in good faith with Tellurian Investments during such five business day period in connection with an alternative transaction.

Indemnification and Insurance

Following the merger, Magellan and Tellurian Investments will be responsible for jointly and severally indemnifying officers, directors and employees of the Magellan to the extent that such persons were subject to indemnification prior to the merger. Magellan shall purchase six years of "tail insurance" to provide for indemnification of existing Magellan directors, officers and employees for acts committed prior to the date of the merger.

Additional Covenants

Included among the obligations of the parties are the following:

Magellan is obligated to file this joint proxy statement/prospectus with the SEC and give notice of and convene a special meeting of stockholders as provided in this joint proxy statement/prospectus to approve the merger and the other transactions contemplated by the merger agreement;

Magellan is obligated to file with the SEC a registration statement containing this joint proxy statement/prospectus, and Magellan and Tellurian Investments are obligated to use all reasonable best efforts to have the registration statement declared effective by the SEC;

Magellan and Tellurian Investments shall use commercially reasonable efforts (i) to consummate the closing of the merger and (ii) to cause Magellan common stock to be eligible for continued listing on the NASDAQ Capital Market following the effective time of the merger; and

all fees and expenses incurred in connection with the transactions contemplated by the merger agreement are the obligation of the respective party incurring such fees.

Conditions to the Completion of the Merger

Conditions to Magellan's and Tellurian Investments' obligations to effect the merger, as set forth in the merger agreement, include the following:

Magellan stockholder approval of the merger and the other transactions contemplated by the merger agreement; Tellurian Investments stockholder approval of the merger and the other transactions contemplated by the merger agreement;

Absence of any governmental injunction, judgment or ruling preventing consummation of the transactions contemplated by the merger agreement; and

All representations and warranties of the parties shall be true and correct as of the closing of the merger (subject to certain materiality qualifiers) and all obligations of the parties to be accomplished at or prior to the closing have been completed.

In addition, Tellurian Investments' obligation to effect the merger, as set forth in the merger agreement, is conditioned on the following:

The resignation of all directors and officer of Magellan and each Magellan subsidiary, except for any person(s) that might be designated by Tellurian Investments;

Antoine Lafargue shall have released any and all contractual or similar obligations payable to him from Magellan or its affiliates, or otherwise owed to him as a result of his services as an officer, director, agent or employee of Magellan or its affiliates, provided that such release (i) will be subject to receipt by Mr. Lafargue of an offer of employment by Magellan, effective as of the effective time of the merger, providing for terms and conditions substantially similar to those set forth in the Tellurian Investments disclosure schedule to the merger agreement and (ii) will not affect any right of Mr. Lafargue to indemnification and insurance as provided in the merger agreement; and

¶The Magellan shares to be issued in the merger shall have been approved for listing on the NASDAQ Capital Market.
Summary of Employment Contract Term Sheet of Mr. Lafargue

As noted above, Tellurian Investments' obligation to effect the merger is conditioned on the release by Antoine Lafargue of any and all contractual or similar obligations payable to him from Magellan or its affiliates, or otherwise owed to him as a result of his services as an officer, director, agent or employee of Magellan or its affiliates, which release will be subject to receipt by Mr. Lafargue of an offer of employment by Magellan, effective as of the effective time of the merger, providing for terms and conditions substantially similar to those set forth in the Tellurian Investments disclosure schedule to the merger agreement, the principal terms and conditions of which are summarized below.

Mr. Lafargue's title will be Senior Vice President and Chief Financial Officer of Magellan. His initial salary will be set at an annual rate of \$350,000, subject to annual merit-based increases beginning on January 1, 2018. Beginning on January 1, 2017, Mr. Lafargue will be eligible to receive an annual target cash bonus of 150% of his annual salary (with a stretch target cash bonus of 200% of his annual salary) that will be discretionary and based on company and personal performance milestones which will be agreed between the President of the combined company and Mr. Lafargue within one month of his start date. The employment agreement will have a three-year term, and Mr. Lafargue's employment will be subject to termination by Magellan for "cause." Mr. Lafargue will receive a signing bonus of (i) \$990,000 in cash, payable on the day after the closing of the transactions contemplated by the merger agreement, subject to the release by Mr. Lafargue of any and all contractual or similar obligations payable to him from Magellan or its affiliates, or otherwise owed to him as a result of his services as an officer, director, agent or employee of Magellan or its affiliates; and (ii) 800,000 shares of Magellan stock expected to be issued to Mr. Lafargue, of which 150,000 will vest in equal installments over an 18-month period and the remaining 650,000 will not vest until FID. Mr. Lafargue will also be entitled to participate in the employee benefit programs of the combined company. The terms and conditions of Mr. Lafargue's employment agreement remain subject to further negotiation and approval by the board of directors of Tellurian Investments.

Termination of the Merger Agreement

The merger agreement may be terminated for reasons that include the following:

- By mutual written consent of the board of directors of each of Magellan and Tellurian Investments;
- By Magellan or Tellurian Investments if (i) the merger has not been completed by December 31, 2016, subject to certain conditions; (ii) if a governmental injunction, judgment or ruling preventing consummation of the transactions contemplated by the merger agreement is in effect and becomes final and nonappealable, subject to certain exceptions; (iii) the Magellan meeting has concluded and the Magellan stockholders have not approved the transactions contemplated by the merger agreement; or (iv) the Tellurian Investments meeting has concluded and the Tellurian Investments stockholders have not approved the transactions contemplated by the merger agreement;
- By Magellan if (i) the Magellan board of directors receives a Superior Proposal and determines to accept the Superior Proposal; however, Tellurian Investments will have the right to negotiate with the Magellan board of directors for a five business day period following notice from Magellan to Tellurian Investments of such Superior Proposal prior to Magellan's acceptance of such Superior Proposal; or (ii) Tellurian Investments has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (A) would cause the failure by Tellurian Investments to satisfy its closing conditions, and (B) is not cured or is not curable within 30 days; and
- By Tellurian Investments if (i) the Magellan board of directors withdraws, modifies or qualifies, or proposes publicly to withdraw, modify or qualify, in a manner adverse to Tellurian Investments, its recommendation that stockholders approve the merger agreement, or publicly recommends the approval or adoption of, or publicly approves or adopts, or proposes to publicly recommend, approve or adopt, any Alternative Proposal; or (ii) Magellan or Merger Sub has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (A) would cause the failure by Magellan to satisfy its closing conditions, and (B) is not cured or is not curable within 30 days.

Termination Fee

A termination fee will be payable by Magellan to Tellurian Investments for any and all third-party transaction fees and expenses incurred by Tellurian Investments with the drafting, negotiation, execution and delivery of the merger agreement and related documents (including fees and expenses for attorneys, accountants and other advisors), subject to a maximum of \$1,000,000 in the aggregate, in the following circumstances:

an Alternative Proposal has been publicly proposed and not withdrawn at the date of the Magellan special meeting, (ii) either party terminates the merger agreement because (A) the merger has not occurred by December 31, 2016, or (B) Magellan stockholders do not approve the merger, and (iii) Magellan enters into a definitive agreement with respect to, or consummates a transaction that constitutes, an Alternative Proposal within 12 months of the termination of the merger agreement (except that references to 20% in the definition of "Alternative Proposal" in the merger agreement shall be deemed references to 50%);

the merger agreement is terminated by Tellurian Investments if the Magellan board of directors changes its recommendation that the Magellan stockholders vote in favor of the merger;

- the merger agreement is terminated by Tellurian Investments if Magellan or Merger Sub has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (i) would cause the failure by Magellan or Merger Sub to satisfy its closing conditions, and (ii) is not cured or is not curable within 30 days; or

the merger agreement is terminated by Magellan in order to accept a Superior Proposal.

Reverse Termination Fee

A termination fee of \$1,000,000 will be payable by Tellurian Investments to Magellan in the following circumstances: the merger agreement is terminated by Magellan or Tellurian Investments because Tellurian Investments stockholders do not approve the merger at their special meeting;

- Tellurian Investments has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the merger agreement, which breach or failure (i) would cause the failure by Tellurian Investments to satisfy its closing conditions, and (ii) is not cured or is not curable within 30 days; or

the merger agreement is terminated by Magellan because Tellurian Investments does not use commercially reasonable efforts to secure the approval for listing the Magellan shares to be issued in the merger.

Amendment of the Merger Agreement

The merger agreement may be amended or supplemented in any and all respects by written consent of both Magellan and Tellurian Investments, with the exception that, following receipt of Magellan or Tellurian Investments stockholder approval, no provision in the merger agreement can be amended if it would require further approval by the Magellan or Tellurian Investments stockholders, without such approval.

PROPOSALS FOR THE MAGELLAN SPECIAL MEETING

Magellan Proposal 1: Issuance of Shares of Magellan Common Stock

For a summary and detailed information regarding this proposal, see the information about the merger and issuance of shares of Magellan common stock in connection with the merger contained throughout this joint proxy statement/prospectus, including the information set forth in the sections entitled “The Merger” beginning on page 47. A copy of the merger agreement is attached to this joint proxy statement/prospectus as Annex A.

Under the merger agreement, approval of this proposal is a condition to the completion of the merger. If the proposal is not approved, the transactions will not be completed even if the other proposals related to the transactions are approved.

Under the NASDAQ rules, the proposed issuance of Magellan common stock requires the affirmative vote of holders of a majority of the total votes cast on the proposal but Delaware law requires the affirmative vote of holders of a majority of the shares present in person or represented by proxy at the Magellan special meeting and entitled to vote on the proposal.

The Magellan board of directors has approved the merger and the merger agreement and recommends that Magellan stockholders vote “FOR” the proposal to approve the issuance of shares of Magellan common stock to Tellurian Investments stockholders in connection with the merger.

Magellan Proposal 2: Approval of the Magellan 2016 Plan

On September 26, 2016, the Magellan board of directors approved the Magellan Petroleum Corporation 2016 Omnibus Incentive Compensation Plan, subject to stockholder approval, including the material terms of the performance goals set forth in the Magellan 2016 Plan for purposes of Section 162(m) of the Code. The effective date for the Magellan 2016 Plan will be the date it is approved by Magellan’s stockholders.

Why You Should Vote in Favor of the Plan

General

The Magellan board of directors believes that the Magellan 2016 Plan will play an important role in the combined company’s human resource and business strategy by allowing it to continue to appropriately attract, motivate, and retain experienced and highly qualified individuals who are in a position to contribute materially to the success and long-term objectives of the combined company. Consistent with the combined company’s compensation philosophy, the Magellan board of directors believes that stock-based compensation fosters and strengthens a sense of proprietorship and personal involvement in the combined company’s success. By holding a personal stake in the combined company, these individuals are encouraged to devote their best efforts towards the achievement of the combined company’s business objectives and success, thereby advancing the interests of the combined company and its stockholders.

With the approval of the Magellan 2016 Plan, the combined company will be able to use equity in its compensation arrangements, and it will have a broader array of equity award design alternatives available to use in structuring those arrangements. Except for 800,000 shares of Magellan restricted stock expected to be issued to Mr. Lafargue upon the closing of the merger, the combined company is not proposing that any shares be awarded to any specific individuals at this time.

The combined company intends to use shares under the Magellan 2016 Plan to implement the broad objectives of its compensation philosophy, including (i) compensating executives for their willingness to accept lower than prevailing market rate salaries, (ii) implementing a performance-based stock incentive program to incentivize valuable company personnel, and (iii) attracting necessary executives and other key personnel. Additionally, approval of the Magellan 2016 Plan will permit the combined company to compensate its directors with stock. The use of equity as part of the combined company’s compensation program is important because it fosters a pay-for-performance culture, which is an important element of the combined company’s overall compensation philosophy. The Magellan board of directors believes that equity compensation motivates individuals to create shareholder value, since the value realized

from the equity compensation is based on the combined company's stock performance. At the same time, management and the board of directors of Magellan are cognizant of the expense attributable to compensatory stock awards, as well as potential dilution to existing stockholders and strive to maintain both at appropriate levels.

162(m) Compliance

The Magellan 2016 Plan is also designed to allow the combined company to issue awards that qualify as "performance based compensation" that is exempt from the deduction limitations of Section 162(m) of the Code. As background, Section 162(m) limits the combined company's ability to deduct for federal income tax purposes any compensation in excess of \$1 million paid to its chief executive officer and certain other highly compensated officers, unless the compensation qualifies as performance-based compensation. Awards that are intended to qualify as "performance-based compensation" under Section 162(m) of the Code must be issued pursuant to a stockholder approved plan and must vest and be payable upon achievement of one or more of the types of performance goals set forth in the plan, with the exact performance metrics of individual awards to be determined in advance by the CNG Committee in accordance with the Code Section 162(m) rules. The combined company intends to award equity compensation to employees and officers under the Magellan 2016 Plan that qualifies as performance-based compensation deductible under Section 162(m) of the Code. Accordingly, and as part of the plan proposal and as required under Section 162(m) and related regulations, Magellan stockholders are being asked to approve the material terms under which the remuneration is to be paid, including the performance goals (including the business criteria on which any qualified performance goals are based) under the Magellan 2016 Plan so that awards made by the CNG Committee to employees and officers can qualify as performance-based compensation deductible under Section 162(m).

Existing Equity Compensation Plans

As of September 29, 2016, Magellan had 726,973 stock options outstanding, with a weighted average exercise price of \$11.32. In addition, as of September 29, Magellan had 66,666 shares of unvested restricted stock outstanding. The closing price of a share of Magellan common stock as reported by the NASDAQ Capital Market on September 29, 2016, was \$5.26.

Magellan currently has the Magellan 2012 Plan, from which it makes equity-based awards to employees and directors. As of September 29, 2016, there were approximately 306,481 shares of Magellan common stock reserved and available for future awards under the Magellan 2012 Plan. Accordingly, if the Magellan 2016 Plan is not approved by the stockholders, the combined company will be limited in its ability to make future equity awards to employees and directors. Thus, the combined company's ability to attract and retain executives and other key personnel will be significantly impaired. If the proposed Magellan 2016 Plan is approved by stockholders, future equity awards to employees and directors will be made from the Magellan 2016 Plan. Except for 800,000 shares of Magellan restricted stock expected to be issued to Mr. Lafargue upon the closing of the merger, the combined company will not grant any additional awards under the Magellan 2012 Plan. Equity awards previously granted under the Magellan 2012 Plan will remain outstanding in accordance with their terms. In addition, equity awards previously granted under the Magellan 1998 Plan will remain outstanding in accordance with their terms.

Description of the Magellan Petroleum Corporation 2016 Omnibus Incentive Compensation Plan

The Magellan 2016 Plan provides for the granting of the following types of awards:

• Stock options

• Stock appreciation rights

• Restricted stock and/or restricted stock units

• Performance shares and/or performance units

• Incentive awards

• Cash awards

• Other stock-based awards

The various types of awards that may be granted under the Magellan 2016 Plan are designed to allow the combined company to respond to changes in compensation trends and practices, tax laws, accounting standards, and the size and diversity of its business.

Magellan is seeking stockholder approval for a maximum share authorization of 40,000,000 common shares under the Magellan 2016 Plan. Provisions have also been included to meet the requirements to allow for deductibility of executive compensation under Section 162(m) of the Code with respect to performance-based compensation awarded to applicable participants.

The following is a general summary of the material provisions of the Magellan 2016 Plan and is qualified in its entirety by the full text of the Magellan 2016 Plan, which is attached to this joint proxy statement/prospectus as Annex C. Capitalized terms not defined in the summary are defined in the plan document.

Term of Plan. The Magellan 2016 Plan will expire 10 years from the date of its adoption by the Magellan board of directors.

Participants. Employees, directors, officers and consultants are considered eligible participants under the Magellan 2016 Plan. As of September 29, 2016, there were approximately 28 full-time employees and three non-employee directors of the combined company that would be eligible to participate in the Magellan 2016 Plan if it were to become effective.

Shares Authorized. Subject to stockholder approval, the maximum share authorization reserved for issuance under the Magellan 2016 Plan is 40,000,000 common shares, plus any remaining authorized common shares available under the Magellan 2012 Plan (and not subject to outstanding awards under the Magellan 2012 Plan) immediately before the effective date of the Magellan 2016 Plan. The shares to be delivered under the Magellan 2016 Plan may be made available from any combination of shares held in the combined company's treasury or authorized but unissued shares of the combined company's common stock.

Shares are counted against the authorization only to the extent they are actually issued. Shares related to awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of the shares, or are settled in cash in lieu of shares, will again be available for grant under the Magellan 2016 Plan. In addition, any shares related to grants or awards made under the Magellan 2012 Plan that after the effective date of the Magellan 2016 Plan may lapse, expire, terminate, or are cancelled or surrendered, without having been exercised in full, shall become available for grant under the Magellan 2016 Plan. The full number of stock appreciation rights granted that are to be settled by the issuance of shares will be counted against the number of shares authorized for award under the Magellan 2016 Plan, regardless of the number of shares actually issued upon settlement of such stock appreciation rights.

The number of shares authorized to be issued under the Magellan 2016 Plan, as well as individual limitations and exercise prices, will be subject to adjustments for stock dividends, stock splits, recapitalizations, mergers, or similar corporate events. No adjustments will be made with respect to a participant's award if such adjustments would result in adverse taxation under Section 409A of the Code.

Administration. Unless otherwise specified by the board of directors of the combined company, the CNG Committee will be the plan administrator for the Magellan 2016 Plan (the "Plan Administrator"). The Plan Administrator is responsible for administering the Magellan 2016 Plan and has the discretionary power to interpret the terms and intent of the Magellan 2016 Plan and any related documentation, to determine eligibility for awards and the terms and conditions of awards, to adopt rules, regulations, forms, instruments, and guidelines for the Magellan 2016 Plan, and to exercise such powers and perform such acts as are deemed necessary or advisable to promote the best interests of the combined company with respect to the Magellan 2016 Plan. Determinations of the Plan Administrator made under the Magellan 2016 Plan are final and binding. The Plan Administrator may designate the appropriate employees or other agents of the combined company to handle the day-to-day administrative matters of the Magellan 2016 Plan.

Award Terms. All awards to participants under the Magellan 2016 Plan are subject to the terms, conditions, and limitations as determined by the Plan Administrator. Under the Magellan 2016 Plan, participants may be granted either incentive stock options that comply with the requirements of Section 422 of the Code (if they are employees) or nonqualified stock options that do not comply with those requirements (which may be granted to all eligible participants). Stock options must have an exercise price per share that is not less than the fair market value of the

combined company's common stock on the date of grant, except in the case of stock options granted in assumption of, or in substitution for, outstanding awards previously granted by an acquired company or a company with which the combined company combines. Specifically, the Plan Administrator may not amend the terms of an outstanding stock option to reduce the exercise price, cancel it, and replace it with a new stock option with a lower exercise price, or cancel an outstanding option with an exercise price above the then-current fair market value of the combined company's common stock in exchange for another type of award. Stock options have a maximum term of ten (10) years from the date of grant. Employees may pay the exercise price with cash or its equivalent, by means of a broker-assisted cashless exercise, with previously acquired shares of the combined company's common stock, by a net exercise arrangement, or by any other means approved by the Plan Administrator.

Stock appreciation rights may be granted under the Magellan 2016 Plan in tandem with a stock option, in whole or in part, or may be granted separately. The exercise price of a stock appreciation right may not be less than the fair market value of the combined company's common stock on the date of grant, except in the case of stock appreciation rights granted in assumption of, or in substitution for, outstanding awards previously granted by an acquired company or a company with which the combined company combines. Specifically, the Plan Administrator may not amend the terms of an outstanding stock appreciation right to reduce the grant price, cancel it and replace it with a new stock appreciation right with a lower grant price, or cancel an outstanding stock appreciation right with a grant price above the then-current fair market value of the combined company's common stock in exchange for another type of award. Stock appreciation rights have a maximum term of ten (10) years from the date of grant.

A restricted stock award consists of shares of stock that are transferred to the participant subject to restrictions that may result in forfeiture if specified conditions are not satisfied. A holder of restricted stock is treated as a current stockholder and is entitled to voting rights and to receive dividends. The Plan Administrator may require that the dividend be paid in cash or shares on the dividend payment date, or accrued and/or reinvested in additional shares and paid at the time the restricted stock vests and settles. A restricted stock unit award results in the transfer of shares of stock or cash to the participant only after specified conditions are satisfied. Rights to dividend equivalents, payable in cash or shares on the dividend payment date or accrued and/or reinvested in additional shares and paid at the time the restricted stock units vest and are settled, may be extended to and made part of any restricted stock unit award, at the discretion of the Plan Administrator. A holder of a restricted stock unit award is treated as a stockholder with respect to the award only when the shares of common stock are delivered upon vesting and settlement of the award. Except as permitted by the Plan Administrator and specified in the award agreement, restricted stock and restricted stock unit awards settled in stock that are not performance-based will vest over a minimum period of one (1) year, and restricted stock and restricted stock unit awards settled in stock that are performance-based will vest over a minimum period of one (1) year.

A performance award (whether granted as a performance share or a performance unit) consists of a grant made subject to the attainment of one or more performance goals for a specified performance period (as determined by the Plan Administrator but not less than one year) and may be intended to meet the requirements for qualified performance-based compensation under Section 162(m) of the Code. Performance awards will only be earned by participants if the performance goals are met for the performance period. At the discretion of the Plan Administrator and as prescribed in the award agreement, payment may be made in the form of cash, shares, or a combination of cash and shares. Rights to dividend equivalents, payable in cash and/or shares (including reinvestment in additional shares) and paid at the time the performance award vests and settles, may be extended to and made part of any performance award, at the discretion of the Plan Administrator.

Cash awards may be made to participants as determined by the Plan Administrator. The Plan Administrator will determine the terms and conditions of such cash awards, including whether the payout of such awards is subject to the achievement of performance goals.

Other stock-based awards may be equity-based or equity-related awards other than stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, or performance units. The terms and conditions of other stock-based awards will be determined by the Plan Administrator. Payment under any other stock-based awards may be made in common stock or cash, as determined by the Plan Administrator.

Termination of Employment. Except in the event of a participant's death or disability or termination without cause or with good reason, and unless otherwise specified in the Magellan 2016 Plan or a participant's award agreement, all

unvested and/or unexercisable awards will automatically be forfeited upon termination of employment. With respect

83

to stock options or stock appreciation rights, unless otherwise specified in the participant's award agreement, the participant will have at least three (3) months following termination in which to exercise the vested portion of the awards; provided, however, that in the event of the death of an optionholder, such exercise must be made on the earlier of (a) the date 12 months following the date of death or (b) the expiration of the term of such option as set forth in the award agreement. In the event (a) of the death or disability of the participant or (b) that a participant's employment is terminated without cause or by the participant for good reason, (i) all of such participant's outstanding stock options and stock appreciation rights become fully exercisable, and remain exercisable for a period of one (1) year or until the earlier expiration of the original term of the stock option or stock appreciation right, (ii) all time-based vesting restrictions on the participant's outstanding awards lapse as of the date of such termination, and (iii) the payout opportunities attainable under all of the participant's outstanding performance-based awards shall be determined as provided in the award agreement or any special Magellan 2016 Plan document governing the award, or any employment, consulting, change of control severance, or similar service agreement with such participant. In the event of a termination for cause (as defined in the Magellan 2016 Plan), all of a participant's awards, whether vested or unvested, exercisable or unexercisable, will automatically be forfeited. The Plan Administrator will have sole discretion for determining termination provisions for awards.

Treatment of Awards Upon a Change of Control. Unless otherwise provided in a participant's award agreement, in the event of a change of control of the combined company, any outstanding stock option or stock appreciation right will become fully exercisable, any outstanding performance share, performance unit, restricted stock, restricted stock unit, other stock-based award, or other cash award that was forfeitable will become non-forfeitable and fully vest, and to the extent applicable, will be converted into shares of the combined company's common stock or cash.

Clawback Provision. Each participant's award shall be subject to repayment or forfeiture in accordance with any policy of the combined company, any provision of applicable law, including the Sarbanes-Oxley Act of 2002 and/or the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, and any relevant provisions in the related award agreement.

Transferability of Awards. Award rights may not be transferred, assigned, pledged, or hypothecated in any manner other than by will or by the applicable laws of descent and distribution, unless the participant has received the Plan Administrator's prior written consent. However, the Magellan 2016 Plan provides that certain transfers may be made to permitted transferees upon approval of the Plan Administrator.

Amendment to the Plan. Subject to approval of the Magellan board of directors with respect to amendments that are required by law or regulation or stock exchange rules to be submitted to the stockholders of the combined company for approval, the Magellan board of directors or the CNG Committee may amend the Magellan 2016 Plan as it may deem proper and in the best interests of Magellan. However, to the extent required by applicable law, regulation, or stock exchange rule, stockholder approval will be required. No change can be made to any award granted under the Magellan 2016 Plan without the consent of the participant if such change would impair the right of the participant under the provisions of the award to acquire or retain common stock or cash that the participant may have otherwise acquired.

162(m) Performance Goals

The plan proposal includes the approval of the material terms of the Code Section 162(m) performance goals under the plan, including (i) the participants eligible to receive compensation under the Magellan 2016 Plan; (ii) a description of the business criteria on which the performance goal is based; and (iii) the maximum amount of compensation that can be paid to a participant if the performance goal is achieved. These aspects of the Magellan 2016 Plan are described below. This summary is qualified in its entirety by reference to the complete text of the Magellan 2016 Plan, which is attached to this joint proxy statement/prospectus as Annex C.

Eligibility

As described above, all of the combined company's directors, officers, employees and certain consultants are eligible to receive awards under the Magellan 2016 Plan.

Performance Goals

For any awards intended to meet the requirements of Section 162(m) of the Code, the grant or vesting of such awards may be based upon one or more performance goals that apply to the specified participant, one or more business units of the combined company, or the combined company as a whole. The Plan Administrator will determine the performance goals applicable to any such awards at the time the awards are granted. Prior to the payment of any award based on the achievement of performance goals intended to qualify under Section 162(m) of the Code, the CNG Committee must certify in writing that the applicable performance goals and any material terms were, in fact, satisfied. The CNG Committee cannot adjust an award intended to meet the requirements of Section 162(m) of the Code upward for a participant, but retains the discretion to adjust any such award downward. In making awards intended to meet the standards of Section 162(m) of the Code, the CNG Committee may base a performance goal on:

Financial Goals:	Earnings	Earnings per share	Net income
	Revenues	Cash flow from operations	Free cash flow
	Debt level	Equity ratios	Expenses
	Cost reduction targets	Capital expended	Working capital
	Interest-sensitivity gap levels	Weighted average cost of capital	Operating or profit margin
Operating Goals:	EBITDAX or adjusted EBITAX	Return on assets	Return on equity or capital employed
			Completion of construction milestones
	Engineering milestones	Receipt of and compliance with regulatory approvals	Achievement of safety standards
	Construction milestones	Receipt of a commitment of financing or refinancing	Operating efficiency
	Regulatory milestones	Closing of financing or refinancing	Production targets
Corporate and Other Goals:	Execution of engineering, procurement and construction agreements	Reaching Final Investment Decision	Fuel usage
	Completion of regulatory filings	Execution of commercial agreements	Cost of production
			Management of risk
			Charge-offs
			Non-performing assets
Corporate and Other Goals:	Total stockholder return	Market share	Fair market value of common stock
	Asset quality levels	Assets	Regulatory compliance
	Investments	Asset sale targets	Safety targets
	Satisfactory internal or external audits	Value of assets	Economic value added
	Achievement of balance sheet or income statement objectives	Employee retention/attrition rates	MMBTU growth per net debt adjusted share
Corporate and Other Goals:		Improvements of financial ratings	

Any performance measure(s) may be used in comparison to the performance of a group of peer companies, or a published or special index that the CNG Committee, in its sole discretion, deems appropriate.

Maximum Payment Limitation

Under the Magellan 2016 Plan, no employee may be granted during any calendar year performance shares or performance units in excess of 10,000,000 shares of common stock, or if settled in cash, cash in excess of the value of 10,000,000 shares of common stock (as of the time of settlement).

United States Federal Income Tax Consequences

The following is a brief description of the U.S. federal income tax treatment that will generally apply to awards made under the Magellan 2016 Plan, based on U.S. federal income tax laws and regulations currently in effect. The summary is not intended to be exhaustive and, among other things, does not describe state, local, or foreign income and other tax consequences. The exact U.S. federal income tax treatment of an award will depend on the specific nature and form of such award.

Incentive Stock Options. An employee generally will not recognize taxable income upon the grant or exercise of an incentive stock option. However, the amount by which the fair market value of the shares on the exercise date of an incentive stock option exceeds the exercise price of the shares generally will constitute an item of adjustment

for alternative minimum tax purposes, and may therefore result in alternative minimum tax liability to the participant. Incentive stock option tax treatment will be available only if the participant has been an employee of the combined company or its subsidiaries within three months of the date of exercise. The combined company will not be entitled to any business expense deduction upon the grant or exercise of an incentive stock option. If the employee has held the shares acquired upon exercise of an incentive stock option for at least two years after the date of grant and for at least one year after the date of exercise, upon disposition of the shares by the employee, the difference, if any, between the sales price of the shares and the exercise price of the option will be treated as a long-term capital gain or loss. If the employee does not satisfy these holding period requirements (resulting from a disqualifying disposition), the employee will generally recognize ordinary income for the year of disposition, in an amount equal to the excess of the fair market value of the shares on the date the option was exercised over the option exercise price (or, if less, the amount realized upon disposition over the exercise price). Any excess of the amount realized by the employee on the disqualifying disposition over the fair market value of the shares on the date of exercise of the option will be long-term or short-term capital gain, depending on the holding period of the shares. The combined company generally will be entitled to a deduction in the year of disposition equal to the amount of ordinary income recognized by the employee. The employee's basis in the shares acquired upon exercise of an incentive stock option is equal to the exercise price paid, plus any amount includible as ordinary income as a result of a disqualifying disposition. A disqualifying disposition of shares acquired upon exercise of an incentive stock option will eliminate the alternative minimum taxable income adjustment if the disposition occurs in the same taxable year as the exercise. A disqualifying disposition in a subsequent taxable year will not affect the alternative minimum tax computation in the earlier year.

Nonqualified Stock Options. A participant will not recognize any income at the time of grant of a nonqualified stock option, and the combined company will not be entitled to a tax deduction with respect to such grant. Generally, upon exercise of a nonqualified stock option, the participant will recognize ordinary income in an amount equal to the amount by which the fair market value of the shares on the date of exercise exceeds the exercise price of the option. Subject to any deduction limitation under Section 162(m) of the Code (which is discussed below), the combined company will be entitled to a U.S. federal income tax deduction in the year of exercise in the same amount as the taxable compensation recognized by the participant. The participant's basis in the stock for purposes of measuring the amount of gain will be the exercise price paid to the combined company plus the amount of compensation includible in income at the time of exercise. A participant's subsequent disposition of shares acquired upon the exercise of a nonqualified stock option will ordinarily result in long-term or short-term capital gain or loss, depending on the holding period of the shares.

Generally, the shares received upon exercise of an option or stock appreciation right under the Magellan 2016 Plan are not subject to restrictions on transfer or risks of forfeiture and, therefore, the participant will recognize income on the date of exercise of a nonqualified stock option or stock appreciation right. However, if the optionee is subject to Section 16(b) of the Exchange Act, the Section 16(b) restriction will be considered a substantial risk of forfeiture for tax purposes. Under current law, participants who are either directors or officers of the combined company will be subject to restrictions under Section 16(b) of the Exchange Act during their term of service and for up to six months after termination of service. Exchange Act Rule 16b-3 provides an exemption from the restrictions of Section 16(b) for the grant of derivative securities, such as stock options, under qualifying plans. The Magellan 2016 Plan is intended to satisfy the requirements for exemption under Exchange Act Rule 16b-3. Therefore, the grant of awards will not be considered a purchase and the exercise of the awards to acquire the underlying shares of the combined company's common stock will not be considered a purchase or a sale. Therefore, ordinary income will be recognized and measured on the date of exercise.

Payment of Option Exercise Price in Shares. If a nonqualified option is exercised by tendering previously owned shares of the combined company's common stock in payment of the exercise price, then, instead of the treatment described above, the tender generally will not be considered a taxable disposition of the previously owned shares and no gain or loss will be recognized with respect to the equivalent number of new shares (the exchanged shares) acquired at the time of exercise. The participant's basis and holding period for the exchanged shares will be the same as the previously owned shares exchanged. The participant will, however, have ordinary income equal to the fair market value on the date of exercise of the new additional shares received in excess of the number of exchanged shares. The participant's basis in the new additional shares will be equal to the amount of such compensation income,

and the holding period will begin on the date of exercise. However, if an incentive stock option is exercised by tendering previously owned shares of the combined company's common stock in payment of the exercise price and the previously

owned shares were acquired upon the exercise of an incentive stock option and have not satisfied statutory holding period requirements, a disqualifying disposition will occur and the employee will recognize income and be subject to other basis allocation and holding period adjustments with respect to the exchanged shares.

Stock Appreciation Rights and Performance Awards. When stock appreciation rights are exercised or when performance awards are settled or paid, the amount of cash and the fair market value of property received by the employee (including shares) will be ordinary income, unless the property is subject to transfer restrictions or forfeiture. For the potential tax consequences of transfer restrictions or forfeiture conditions, see “Magellan Proposal 2: Approval of the Magellan 2016 Plan-United States Federal Income Tax Consequences-Restricted Stock” below.

Restricted Stock. Restricted stock granted under the Magellan 2016 Plan may, in the determination of the Plan Administrator, be subject to rights of repurchase, forfeiture, and other transfer restrictions. The tax consequences of stock granted under the Magellan 2016 Plan depend on whether the stock is subject to restrictions and, if so, whether the restrictions are deemed to create a substantial risk of forfeiture under Section 83 of the Code (for example, stock granted under the Magellan 2016 Plan that is subject to forfeiture if the employee terminates employment prior to the time the restrictions lapse, which restrictions lapse over a period of continued employment, is considered a substantial risk of forfeiture under Section 83 of the Code). If stock is not subject to a substantial risk of forfeiture, the participant normally will recognize taxable ordinary income equal to the value of the stock on the date on which the stock is granted, less any amount paid for that stock. If the stock is subject to a substantial risk of forfeiture, the employee normally will recognize taxable ordinary income as and when the substantial risk of forfeiture lapses, in the amount equal to the fair market value of the shares at the time they are no longer subject to the substantial risk of forfeiture, less any amount paid for the stock. Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of any amount paid for the stock plus any amount recognized as ordinary income upon grant or vesting of the stock. The gain or loss will be long-term or short-term, depending on how long the participant held the stock.

A recipient of stock subject to a substantial risk of forfeiture may make an election under Section 83(b) of the Code to recognize ordinary income on the date the participant receives the restricted stock, rather than waiting until the substantial risk of forfeiture lapses. If the participant makes a Section 83(b) election, the participant will be required to recognize as ordinary income on the date the participant receives the stock grant the difference, if any, between the fair market value of the stock on the award date without regard to the substantial risk of forfeiture and any purchase price paid. If the participant makes a Section 83(b) election, the participant will not be required to recognize any income when the substantial risk of forfeiture lapses.

The shares acquired will have a cost basis equal to the fair market value of the shares on the date the risk of forfeiture lapses (or the date of grant if a Section 83(b) election is made). When the participant disposes of the shares acquired, any amount received in excess of the share’s cost basis will be treated as long-term or short-term capital gain, depending on the holding period of the shares. If the amount the participant receives is less than the cost basis of the shares, the loss will be treated as long-term or short-term capital loss, depending on the holding period of the shares.

Other Awards. In addition to the types of awards described above, the Magellan 2016 Plan authorizes certain other awards that may include payments in cash, common stock, or a combination of cash and common stock. The tax consequences of such awards will depend on the specific terms of such awards. Generally, however, a participant who receives an award payable in cash will recognize ordinary income with respect to such award when paid, and the combined company will be entitled to a corresponding deduction at that time. In general, the grant of stock to a participant under the Magellan 2016 Plan will be a taxable event at the time of the grant if such stock at that time is not subject to a substantial risk of forfeiture or is transferable within the meaning of Section 83 of the Code in the hands of the participant (for such purposes, stock is ordinarily considered to be transferable if it can be transferred to another person who takes the stock free of any substantial risk of forfeiture). In such case, the participant will recognize ordinary income, and the combined company will be entitled to a deduction, equal to the excess of the fair market value of such stock on the date of the grant over the amount, if any, paid for such stock. Stock that at the time of receipt by a participant is subject to a substantial risk of forfeiture and that is not transferable within the meaning of Section 83 of the Code, generally will be taxed under the rules applicable to restricted stock as described above.

Other Tax Issues. The terms of awards granted under the Magellan 2016 Plan may provide for accelerated vesting or payment of an award in connection with a change of control of the combined company. In that event, and

depending upon the individual circumstances of the recipient, certain amounts with respect to such awards may constitute excess parachute payments under the golden parachute provisions of the Code. Pursuant to these provisions, a participant will be subject to a 20% excise tax on any excess parachute payments, and the combined company will be denied any deduction with respect to such payments.

In general, Section 162(m) of the Code imposes a \$1,000,000 limit on the amount of compensation that may be deducted by the combined company in any tax year with respect to the combined company's named executive officers (excluding the combined company's Chief Financial Officer), including any compensation relating to an award granted under the Magellan 2016 Plan. Compensation that is considered to be performance-based will not have to be taken into account for purposes of the \$1,000,000 limitation, and, accordingly, should be deductible by the combined company without limitation under Section 162(m) of the Code. Provided that (i) an option is approved by a committee comprised of two or more outside directors and has an exercise price of at least the fair market value of the underlying shares on the date of grant, (ii) the plan under which the option is granted imposes a per person limit on the number of shares covered by awards, and (iii) the material terms of the plan under which the option is granted have been disclosed to and approved by stockholders, any compensation deemed paid by the combined company in connection with the disqualifying disposition of incentive stock option shares or the exercise of nonqualified options will qualify as performance-based compensation for purposes of Section 162(m). An award may also qualify as performance-based compensation if the Plan Administrator conditions the grant, vesting, or exercisability of such an award on the attainment of pre-established objective performance goals.

If any award granted under the Magellan 2016 Plan is considered deferred compensation under Section 409A of the Code, then certain requirements must be met for the deferral to be effective for U.S. federal tax purposes. These requirements include ensuring that any election to defer made by the participant is done within the time period(s) permitted by Section 409A; imposing certain limitations on distributions; and prohibiting the acceleration of the time or schedule of any payment of deferred amounts, except in certain permitted circumstances. If these requirements are not met, the participant will be immediately taxable on such purportedly deferred amounts, a 20% penalty tax will be imposed, and interest will accrue at the underpayment rate plus 1% on the tax underpayments that would have occurred had the compensation been includible in the taxable year in which the amounts were first deferred or, if later, the first taxable year in which such deferred compensation is not subject to a substantial risk of forfeiture.

The taxable income resulting from awards under the Magellan 2016 Plan, other than incentive stock options, will constitute wages subject to withholding, and the combined company will be required to make whatever arrangements are necessary to ensure that funds equaling the amount of tax required to be withheld are available for payment, including the deduction of required withholding amounts from the participant's other compensation and requiring payment of withholding amounts as part of the exercise price or as a condition to receiving shares pursuant to an award. The combined company will generally be required to withhold applicable taxes with respect to any ordinary income recognized by a participant in connection with awards made under the Magellan 2016 Plan. Whether or not such withholding is required, the combined company will report such information to the IRS as may be required with respect to any income attributable to transactions involving awards.

Any dividends paid on restricted shares granted under the Magellan 2016 Plan prior to the lapse of restrictions will be taxable as additional compensation income to the recipient in the year received, and subject to withholding.

New Plan Benefits

All awards granted under the Magellan 2016 Plan are subject to the discretion of the CNG Committee or the board of directors of the combined company, as appropriate. Except for 800,000 shares of Magellan restricted stock expected to be issued to Mr. Lafargue upon the closing of the merger, the total benefits that will be received by any particular person or group under the Magellan 2016 Plan are not determinable at this time. To date, no awards have been made under the Magellan 2016 Plan. The grant of restricted stock to Mr. Lafargue set forth in the table below is contemplated contingent upon stockholder approval of the plan proposal.

New Plan Benefits Table

	Dollar Value (1)	Number of Restricted Stock
Antoine J. Lafargue, President, Chief Executive Officer, Chief Financial Officer, Treasurer and Corporate Secretary	\$4,200,000	\$ 800,000

(1) The dollar value of the award is calculated based on an assumed \$5.25 per share price of Magellan's common stock as reported by the NASDAQ Capital Market on September 29, 2016. The actual value would be determined based on the fair market value of Magellan common stock on the grant date.

Vote Required for Approval

Approval of the plan proposal, including the material terms under which the remuneration is to be paid and the performance goals (including the business criteria on which any qualified performance goals are based), will require the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting and entitled to vote on the matter, provided that a quorum exists.

For the plan proposal, abstentions will be counted towards the vote total and will have the same effect as a vote "AGAINST" the proposal, but broker non-votes (which are not "entitled to vote" on the matter) will not be counted and will have no effect.

Board Recommendation

The Magellan board of directors unanimously recommends that Magellan stockholders vote "FOR" the proposal to approve the Magellan 2016 Plan, and a vote "FOR" approval of the Magellan 2016 Plan shall in fact include approval of the material terms of the performance goals of the Magellan 2016 Plan.

Magellan Proposal 3: Advisory (Non-Binding) Vote on Golden Parachute Compensation

Under Section 14A of the Exchange Act and the applicable SEC rules issued thereunder, Magellan is required to submit a proposal to its stockholders for a non-binding, advisory vote to approve certain compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger. This proposal gives Magellan stockholders the opportunity to vote, on a non-binding advisory basis, on the compensation that may be paid or become payable to Magellan's named executive officers in connection with the merger. This compensation is summarized in the table on page 58 in the section entitled "The Merger-Interests of Magellan Directors and Executive Officers in the Merger-Golden Parachute Compensation Table," and in the footnotes to the table.

The Magellan board or directors encourages you to review carefully the named executive officer merger-related compensation information disclosed in this joint proxy statement/prospectus. The Magellan board or directors unanimously recommends that Magellan stockholders approve, by advisory vote, the compensation that may become payable to Magellan's named executive officers in connection with the completion of the merger.

The vote on the compensation proposal is a vote separate and apart from the vote on the merger proposal.

Accordingly, you may vote to approve and adopt the merger proposal and vote not to approve the compensation proposal, and vice versa. Because the vote on the compensation proposal is advisory only, it will not be binding on either Magellan or Tellurian Investments. Accordingly, if the merger agreement is approved and adopted and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the vote on the compensation proposal.

Approval of the compensation proposal requires the affirmative vote of holders of a majority of the shares of Magellan common stock present in person or represented by proxy at the Magellan special meeting and entitled to vote on the proposal, assuming that a quorum is present.

If you fail to submit a proxy or fail to instruct your broker to vote, it will have no effect on the compensation proposal, assuming that a quorum is present. If you mark your proxy or voting instructions to abstain, it will have the same effect as a vote "AGAINST" the compensation proposal, assuming that a quorum is present.

The Magellan board of directors unanimously recommends that Magellan stockholders vote “FOR” the proposal to approve, on a non-binding advisory basis, the compensation that may become payable to Magellan’s named executive officers in connection with the completion of the merger.

Magellan Proposal 4: Possible Adjournment of the Magellan Special Meeting

If Magellan fails to receive a sufficient number of votes to approve Magellan Proposal 1, 2 or 3, Magellan may propose to adjourn the Magellan special meeting, even if a quorum is present, for the purpose of soliciting additional proxies to approve Magellan Proposal 1, 2 or 3. Magellan currently does not intend to propose adjournment of the Magellan special meeting if there are sufficient votes to approve Magellan Proposals 1, 2 and 3.

The proposal to adjourn the Magellan special meeting, if necessary or appropriate to solicit additional proxies, requires the affirmative vote of holders of a majority of the shares of Magellan common stock, present in person or represented by proxy at the Magellan special meeting and entitled to vote on the proposal, regardless of whether there is a quorum.

The Magellan board of directors unanimously recommends that Magellan stockholders vote “FOR” the proposal to adjourn the Magellan special meeting, if necessary or appropriate, to solicit additional proxies.

PROPOSAL FOR THE TELLURIAN INVESTMENTS SPECIAL MEETING

Tellurian Investments Proposal 1: Approval of Merger Agreement

For a summary and detailed information regarding this proposal, see the information about the merger contained throughout this joint proxy statement/prospectus, including the information set forth in the sections entitled “The Merger” beginning on page 47.

A copy of the merger agreement is attached to this joint proxy statement/prospectus as Annex A.

Under the merger agreement, approval of this proposal is a condition to the completion of the merger. If the proposal is not approved, the transactions will not be completed even if the other proposals related to the transactions are approved.

Approval of Tellurian Investments Proposal 1 requires the affirmative vote of holders of a majority of the outstanding shares of Tellurian Investments common stock entitled to vote thereon.

The Tellurian Investments board of directors has approved the merger and the merger agreement and recommends that Tellurian Investments stockholders vote “FOR” the proposal to approve the merger agreement and the transactions contemplated by the merger agreement, including the merger.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a general discussion of the U.S. federal income tax consequences of the merger to “U.S. holders” (as defined below) of Tellurian Investments common stock who exchange their shares of Tellurian Investments common stock for shares of Magellan common stock in the merger. The following discussion is based upon the Code, the U.S. Treasury regulations promulgated thereunder and judicial and administrative authorities, rulings and decisions, all as in effect as of the date of this joint proxy statement/prospectus. These authorities may change, possibly with retroactive effect, and any such change could affect the accuracy of the statements and conclusions set forth in this discussion. This discussion does not address any tax consequences arising under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010, nor does it address any tax consequences arising under the laws of any state, local or foreign jurisdiction, or under any U.S. federal laws other than those pertaining to the income tax.

The following discussion applies only to U.S. holders of shares of Tellurian Investments common stock who hold such shares as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). Further, this discussion does not purport to consider all aspects of U.S. federal income taxation that might be relevant to U.S. holders in light of their particular circumstances and does not apply to U.S. holders subject to special treatment under the U.S. federal income tax laws (such as, for example, dealers or brokers in securities, commodities or foreign currencies, traders in securities that elect to apply a mark-to-market method of accounting, banks and certain other financial institutions, insurance companies, mutual funds, tax-exempt organizations, holders subject to the alternative minimum tax provisions of the Code, partnerships, S corporations or other pass-through entities or investors in partnerships, regulated investment companies, real estate investment trusts, controlled foreign corporations, passive foreign investment companies, former citizens or residents of the United States, U.S. expatriates, holders whose functional currency is not the U.S. dollar, holders who hold shares of Tellurian Investments common stock as part of a hedge, straddle, constructive sale or conversion transaction or other integrated investment, holders who acquired Tellurian Investments common stock pursuant to the exercise of employee stock options, through a tax qualified retirement plan or otherwise as compensation, holders who exercise appraisal rights, or holders who actually or constructively own more than 5% of Tellurian Investments common stock).

For purposes of this discussion, the term “U.S. holder” means a beneficial owner of Tellurian Investments common stock that is for U.S. federal income tax purposes (i) an individual citizen or resident of the United States, (ii) a corporation, or entity treated as a corporation for U.S. federal income tax purposes, organized in or under the laws of the United States or any state thereof or the District of Columbia, (iii) a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes or (iv) an estate, the income of which is includible in gross income for U.S. federal income tax purposes, regardless of its source.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds Tellurian Investments common stock, the tax treatment of a partner in such partnership generally will depend on the status of the partner and the activities of the partnership. Any entity treated as a partnership for U.S. federal income tax purposes that holds Tellurian Investments common stock, and any partners in such partnership, should consult their own independent tax advisors regarding the tax consequences of the merger and the special cash dividend to their specific circumstances. The parties intend for the merger to be treated as a “reorganization” within the meaning of Section 368(a) of the Code and/or an exchange under Section 351 of the Code for U.S. federal income tax purposes. Assuming that the merger qualifies as a “reorganization” within the meaning of Section 368(a) of the Code and/or an exchange under Section 351 of the Code, upon the exchange of Tellurian Investments common stock for Magellan common stock, the U.S. federal income tax consequences will be as follows:

Upon exchanging your Tellurian Investments common stock for Magellan common stock, you generally will not recognize gain or loss. The aggregate tax basis of the Magellan common stock that you receive in the merger (including any fractional shares received) will equal your aggregate adjusted tax basis in the shares of Tellurian Investments common stock you surrender in the merger. Your holding period for the shares of Magellan common stock that you receive in the merger (including any fractional share received) will include your holding period for the shares of Tellurian Investments common stock that you surrender in the merger. If you acquired different blocks of

Tellurian Investments common stock at different times or at different prices, the Magellan common stock you receive will be allocated pro rata to each block of Tellurian Investments common stock, and the basis and holding period of each block of Magellan common stock you receive will be determined on a block-for-block basis depending on the basis and holding period of the blocks of Tellurian Investments common stock exchanged for such Magellan common stock.

Determining the actual tax consequences of the merger to you may be complex and will depend on your specific situation and on factors that are not within our control. You should consult your own independent tax advisor as to the specific tax consequences of the merger in your particular circumstances, including the applicability and effect of the alternative minimum tax and any state, local, foreign and other tax laws and of changes in those laws.

ACCOUNTING TREATMENT

Each of Magellan and Tellurian Investments prepares its financial statements in accordance with generally accepted accounting principles in the United States. The merger will be accounted for using the acquisition method of accounting with Tellurian Investments being considered the acquirer of Magellan for accounting purposes. This means that Tellurian Investments will allocate the purchase price to the fair value of Magellan's tangible and intangible assets and liabilities at the acquisition date, with the excess purchase price being recorded as goodwill. Under the acquisition method of accounting, goodwill is not amortized but is tested for impairment at least annually.

Tellurian Investments Inc.

Notes to Financial Statements

NOTE 1 - ORGANIZATION AND DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Tellurian Investments Inc. (“Tellurian Investments” or “Successor”), formerly PLX Holdings LLC, was organized under Delaware law as a limited liability company on December 29, 2015, filed for conversion from a limited liability company to a privately-held Delaware corporation on February 23, 2016, and incurred less than five hundred dollars of costs related to its formation at inception.

Tellurian Investments owns a 100% membership interest in Tellurian LNG LLC, a Delaware limited liability company (“Tellurian LNG”), a 100% membership interest in Tellurian Services LLC, a Delaware limited liability company and a 100% ownership interest in Tellurian LNG UK Ltd. (“Tellurian LNG UK”). Tellurian LNG owns a 100% membership interest in Driftwood LNG LLC and Driftwood LNG Pipeline LLC (“Driftwood pipeline”).

Tellurian Investments is planning on developing, through Tellurian LNG and Tellurian LNG’s wholly owned subsidiaries, a liquefied natural gas (“LNG”) facility with liquefaction capacity of 26 million tonnes per annum on a single site in Calcasieu Parish, Louisiana (“Driftwood LNG”). Tellurian LNG UK had no operations from inception through June 30, 2016.

On June 3, 2016 Tellurian Investments, through its wholly-owned subsidiary Driftwood LNG LLC entered into an option agreement (the “Option”) for certain tracts of land and associated river frontage in connection with the Land Acquisition. The Option provides for an approximately three and one half year option period whose exercise would provide for a 20-year lease term with six additional five-year extension options (see “Note 8, Commitments and Contingencies”).

On April 13, 2016, Tellurian Investments entered into a ground lease (the “Lease”) for a port facility adjacent to its Calcasieu Parish, Louisiana land providing for a four-year term, subject to a 50-year extension exercisable at the option of Tellurian Investments (see “Note 8, Commitments and Contingencies”).

On March 24, 2016, Tellurian Investments purchased certain tracts of land in Calcasieu Parish, Louisiana (the “Land Acquisition”), for a total consideration of \$10 million, of which \$9 million was paid in cash at closing and an additional \$1 million is due in December 2016. Transaction costs related to this purchase totaled \$39 thousand.

At this time, the liabilities of Tellurian Investments, other than those arising from the Land Acquisition, the Lease, the Option and property plant and equipment are obligations related to organizational and operating expenses, primarily for management, investment banking, legal and accounting services.

Tellurian Services LLC, formerly known as Parallax Services LLC (“Tellurian Services” or the “Predecessor”), organized under Delaware law as a limited liability company, was formed on December 18, 2013. Tellurian Services was formed primarily to engage in LNG-specific consulting services as well as back-office and general and administrative support services to Parallax Enterprises LLC (“Parallax Enterprises”) and Parallax Energy LLC (“Parallax Energy”) (see “Note 4, Transactions with Related Parties”).

On April 9, 2016 Tellurian Investments acquired Tellurian Services in an all-stock transaction with consideration totaling \$1.234 million and acquisition costs of approximately \$30 thousand (“the acquisition”). Tellurian Services has been deemed to be the accounting predecessor in this transaction (see “Note 3, Acquisition”).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from these estimates. Changes in estimates are recorded prospectively.

Interim financial statements

The condensed consolidated Successor financial statements for the six months ended June 30, 2016 and condensed Predecessor financial statements for the six months ended June 30, 2015 included herein have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Management believes that the interim financial statements reflect all adjustments necessary for a fair presentation of the results of the interim periods. Such adjustments are considered to be of a normal recurring nature. Results of operations for the six months ended June 30, 2016 are not necessarily indicative of the results of operations that will be realized for the year ended December 31, 2016.

Cash and Cash Equivalents

Tellurian Investments considers all highly liquid investments with an original maturity of three months or less to be cash equivalents and typically exceed federally insured limits.

Accounts Receivable

Accounts receivable are generated primarily from cost reimbursements as a result of back-office and general and administrative support services with related parties. Tellurian Investments routinely reviews outstanding balances, assesses the financial strength of its customers, and records a reserve for amounts not expected to be fully recovered. Tellurian Investments has not provided an allowance for doubtful accounts based on management's expectations that all receivables will be fully collected. The need for an allowance is determined based upon reviews of individual accounts, historical losses, existing economic conditions and other pertinent factors. No bad debt expense was recorded for the six months ended June 30, 2016 or the six months ended June 30, 2015.

Transactions with Related Parties

Tellurian Investments has receivables with related parties as a result of back-office and general and administrative support services provided and payables as a result of timing of deposits made in advance of services to be provided. Tellurian Investments does not consider the accounts or notes receivable from related parties to be uncollectible.

Concentration of Credit Risk

Financial instruments that potentially subject us to a concentration of credit risk consist principally of cash and cash equivalents. Tellurian Investments maintains cash balances at financial institutions, which may at times be in excess of federally insured levels. Tellurian Investments has not incurred losses related to these balances to date.

Property, Plant and Equipment

Property, plant and equipment are recorded at cost. Expenditures for construction activities, major renewals and betterments that extend the useful life of an asset are capitalized, while expenditures for maintenance and repairs and general and administrative activities are expensed as incurred. Tellurian Investments depreciates property, plant and equipment using the straight-line depreciation method. Upon retirement or other disposition of property, plant and equipment, the cost and related accumulated depreciation are removed from the account, and the resulting gains or losses are recorded in operating expenses.

Management tests property, plant and equipment for impairment whenever events or changes in circumstances have indicated that the carrying amount of property, plant and equipment might not be recoverable. Assets are grouped at the lowest level for which there are identifiable cash flows that are largely independent of the cash flows of other groups of assets for purposes of assessing recoverability. Recoverability generally is determined by comparing the carrying value of the asset to the expected undiscounted future cash flows of the asset. If the carrying value of the asset is not recoverable, the amount of impairment loss is measured as the excess, if any, of the carrying value of the asset over its estimated fair value.

At June 30, 2016, property plant and equipment consisted primarily of land, buildings, leasehold improvements, office furniture and equipment. At December 31, 2015 property plant and equipment consisted primarily of leasehold improvements related to Tellurian Services' office lease, office furniture and equipment

(see “Note 6, Property, Plant and Equipment”).

Income Taxes

Tellurian Investments accounts for income taxes in accordance with Accounting Standards Codification (“ASC”) Topic 740, “Accounting for Income Taxes” (“ASC 740”), which requires an asset and liability approach for financial accounting and reporting of income taxes. Under ASC 740, deferred tax assets and liabilities are determined based on the differences between the financial reporting and tax basis of assets and liabilities and net operating loss and credit carryforwards using enacted tax rates in effect for the year in which the differences are expected to impact taxable income. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date.

Tellurian Investments recognizes deferred tax assets to the extent that it believes that these assets are more likely than not to be realized. In making such determination, Tellurian Investments considers all available positive and negative evidence, including scheduled reversals of deferred tax liabilities, projected future taxable income, tax planning strategies and recent financial operations. In projecting future taxable income, Tellurian Investments begins with historical results adjusted for the results of changes in accounting policies and Tellurian Investments incorporates assumptions including the amount of future state, federal and foreign pretax operating income, the reversal of temporary differences, and the implementation of feasible and prudent tax planning strategies. These assumptions require significant judgment about the forecasts of future taxable income. The assumptions Tellurian Investments uses are consistent with the plans and estimates Tellurian Investments uses to manage the underlying businesses. If Tellurian Investments determines that it would be able to realize its deferred tax assets in the future in excess of their net recorded amount, Tellurian Investments would make an adjustment to the deferred tax asset valuation allowance, which would reduce the provision for income taxes.

Tellurian Investments recognizes tax liabilities in accordance with ASC 740, and adjusts those liabilities when judgments change as a result of evaluation of new information not previously available. Significant judgment is required in assessing, among other things, the timing and amounts of deductible and taxable items. Due to the complexity of some of these uncertainties, the ultimate resolution may result in payment that is materially different from Tellurian Investments’ current estimate of its tax liabilities. These differences are reflected as increases or decreases to income tax expense in the period in which they are determined.

As required by the uncertain tax position guidance in ASC 740, Accounting for Uncertainty in Income Taxes, Tellurian Investments recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. At the adoption date, Tellurian Investments applied the uncertain tax position guidance in ASC 740 to all tax positions for which the statute of limitations remained open.

Tellurian Investments recognizes interest and penalties related to unrecognized tax benefits on the income tax expense line in the accompanying consolidated statement of operations. Accrued interest and penalties are included on the related tax liability line in the consolidated balance sheet.

Accounting for LNG Activities

Although the Driftwood LNG has incurred costs as of June 30, 2016, the funding necessary to complete the projects has not been secured. Until the affirmative final investment decision (“FID”) by Tellurian Investments’ Board of Directors to move forward with the project occurs, Tellurian Investments does not consider the project probable to occur, and project-related start-up costs are expensed as incurred.

FID represents a decision by Tellurian Investments’ Board of Directors to move forward with the Driftwood LNG, the project site and construction thereon.

Tellurian Investments will begin capitalizing the costs of its LNG terminals and related pipelines once the Driftwood LNG’s FID criteria have been met. Prior to meeting these criteria, most of the costs associated with a project are expensed as incurred. These costs primarily include professional fees associated with front-end engineering and design work, costs of securing necessary regulatory approvals, and other preliminary investigation and development activities related to Tellurian Investments’ LNG terminals and related pipelines.

F- 8

Generally, costs that are capitalized prior to a project meeting the criteria otherwise necessary for capitalization include: land costs that are capitalized as property, plant and equipment, the Lease prepayments are included in Prepaid expenses and other current assets, and the Option payments have been capitalized in Other non-current assets. Any prepaid costs of the Lease and the Option will be capitalized and reclassified to property plant and equipment and subsequently amortized over the life of the lease once obtained. If no lease is obtained, the costs are expensed.

Goodwill

At June 30, 2016 Tellurian Investments had \$1.190 million of goodwill associated with the acquisition of the Predecessor. Goodwill represents the excess of purchase price over fair value of the assets of the business acquired (see “Note 3, Acquisition”).

Tellurian Investments determines its reporting unit by identifying each unit that engaged in business activities from which it may earn revenues and incur expenses, had operating results regularly reviewed by the chief operating decision maker for purposes of resource allocation and performance assessment, and had discrete financial information.

Tellurian Investments tests goodwill for impairment annually on October 1, or more frequently as circumstances dictate. Tellurian Investments utilizes the optional qualitative assessment to determine the likelihood of whether the fair value of the reporting unit is greater than its carrying amount. Tellurian Investments considers the results of this assessment as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. If the results of the qualitative test indicate potential impairment, Tellurian Investments may compare its estimate of the fair value of a reporting unit with its carrying value, including goodwill. If the carrying value of the reporting unit exceeds its fair value, Tellurian Investments performs the second step of the goodwill impairment test to measure the amount of goodwill impairment loss to be recorded, as necessary. The second step compares the implied fair value of the reporting unit’s goodwill to the carrying value, if any, of that goodwill. Tellurian Investments determines the implied fair value of the goodwill in the same manner as determining the amount of goodwill to be recognized in a business combination.

As discussed above regarding Tellurian Investments’ use of estimates, Tellurian Investments’ judgments and assumptions are inherent in its estimate of future cash flows used to determine the estimate of the reporting unit’s fair value. The use of alternate judgments and/or assumptions could result in the recognition of impairment charges in the financial statements. A lower fair value estimate in the future could result in an impairment of goodwill. Factors that could trigger a lower fair value estimate include significant negative industry or economic trends, cost increases, disruptions to Tellurian Investments’ business, regulatory or political environment changes or other unanticipated events.

Share-based Compensation

Tellurian Investments has awarded share-based compensation in the form of stock and restricted stock units that are more fully described in “Note 7, Share-Based Compensation”. Tellurian Investments recognizes share-based compensation at fair value on the date of grant. The fair value is recognized as expense over the requisite service period. For equity-classified share-based compensation awards (unrestricted stock grants, restricted stock to employees and discounted share purchases for executive officers), compensation cost is recognized based on the grant-date fair value of Tellurian Investments’ common stock and not subsequently remeasured. The fair value is recognized as expense using the straight-line basis for awards that vest based on service and market conditions and using the accelerated recognition method for awards that vest based on performance conditions. Tellurian Investments estimates the service periods for performance awards utilizing a probability assessment based on when it expects to achieve the performance conditions. Compensation cost is subsequently adjusted quarterly to reflect the updated estimated payout levels based on the changes in Tellurian Investments’ stock price.

Recently Adopted Guidance

In March 2016, the FASB issued Accounting Standards Update (“ASU”) 2016-09, Compensation-Stock Compensation (Topic 718). This ASU simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or

liabilities, and classification on the statement of cash flows. The amendments in this ASU are effective for public entities for annual and interim periods beginning after December 15, 2016. Various transition methods are prescribed depending on the aspect of accounting impacted by the amended guidance. Early adoption is permitted. The retroactive adoption to January 1, 2016 of this amendment did not have a material impact on Tellurian Investments' condensed consolidated financial statements and did not apply to historical periods of the Predecessor.

Accounting Guidance Issued but Not Adopted as of June 30, 2016

In May 2014, the Financial Accounting Standards Board ("FASB") issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). The update provides guidance concerning the recognition and measurement of revenue from contracts with customers. Its objective is to increase the usefulness of information in the financial statements regarding the nature, timing, and uncertainty of the use of revenues. The update, after a deferral by one year in August 2015 by the FASB, subsequently issued as ASU 2015-14 Revenue from Contracts with Customers (Topic 606), is effective for Tellurian Investments for the annual period ending after December 15, 2017. The standard permits the use of either the retrospective or cumulative effect transition method. Tellurian Investments has not yet selected a transition method and is evaluating the potential impact this standard will have on its condensed consolidated financial statements and related disclosures.

In August 2014, the FASB issued ASU 2014-15, Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern. The update provides guidance in GAAP about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern and to provide related footnote disclosures. The update is effective for financial statements issued for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. The standard will be adopted prospectively, and Tellurian Investments does not expect the update to have a significant impact on its condensed consolidated financial statements.

In November 2015, the FASB issued ASU 2015-17, Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes. The amendments in this ASU eliminate the current requirement for entities to present deferred taxes as a net current asset or liability and net noncurrent asset or liability. Under the new guidance, all deferred tax assets and liabilities, along with the related valuation allowances, should be classified as noncurrent on the balance sheet. The amendments in this update may be applied either prospectively or retrospectively and is effective for annual and interim periods beginning after December 15, 2016 with early adoption permitted. Tellurian Investments is evaluating the potential impact this new standard will have on its condensed consolidated financial statements and related disclosures.

In February 2016, the FASB issued ASU 2016-02, Leases. The update requires lessees to recognize lease assets and lease liabilities on the statement of financial position. The update is effective for financial statements issued for annual periods beginning after December 15, 2019 and for interim periods within fiscal years beginning after December 15, 2020. Early adoption is permitted. Tellurian Investments is evaluating the potential impact this new standard will have on its condensed consolidated financial statements and related disclosures.

In August 2016, the FASB issued ASU 2016-15 Statement of Cash Flows (Topic 230) Classification of Certain Cash Receipts and Cash Payments. This update addresses eight specific cash flow issues with the objective of reducing the existing diversity in practice. The update is effective for financial statements issued for annual periods beginning after December 15, 2017 and for interim periods within those fiscal years. The amendments in this update will be applied using a retrospective transition method to each period presented. Early adoption is permitted. Tellurian Investments is evaluating the potential impact this new standard will have on its consolidated financial statements and related disclosures.

NOTE 2 -LIQUIDITY CONSIDERATIONS AND GOING CONCERN

Tellurian Investments' business does not have sufficient working capital to sustain operations for the next 12 months, which raises substantial doubt about its ability to continue as a going concern. At present, Tellurian Investments' cash flow is solely dependent upon the funds received from outside investors. Tellurian Investments' management expects the ability to access capital markets as a result of the planned merger with Magellan Petroleum Corporation ("Magellan") (see "Note 13, Subsequent Events").

Management believes the ability to raise additional capital will alleviate the substantial doubts about its ability to continue as a going concern. Tellurian Investments will need significant funding to develop the Driftwood LNG terminal and the Driftwood pipeline, as well as for working capital requirements and other operating and general corporate purposes.

The significant risks and uncertainties described above raise substantial doubt about Tellurian Investments' ability to continue as a going concern. The condensed consolidated financial statements have been prepared on a going concern basis of accounting, which contemplates continuity of operations, realization of assets, and satisfaction of liabilities and commitments in the normal course of business. The condensed consolidated financial statements do not include any adjustments that might result from the outcome of the going concern uncertainty.

NOTE 3 - ACQUISITION

On April 9, 2016, Tellurian Investments acquired Tellurian Services in consideration totaling \$1.234 million and acquisition costs of approximately \$30 thousand related primarily to legal and accounting services. Tellurian Services was formed primarily to engage in LNG-specific consulting services as well as back-office and general and administrative support services to Parallax Enterprises and Parallax Energy. The transaction has been accounted for using the acquisition method in accordance with ASC 805, Business Combinations. The purchase price was allocated to the assets acquired and liabilities assumed as follows (in thousands):

Equity purchase price	1,000
Total consideration	1,234

Fair values of liabilities assumed:

Equity consideration related to the acquisition was valued at April 9, 2016 at \$2.00 per share of common stock. A total of 500,000 shares of common stock were exchanged for the entire members' equity of Tellurian Services. Additionally, a related party payable due to Tellurian Investments by a Tellurian Services member was eliminated.

An allocation of purchase consideration related to the Tellurian Services acquisition was prepared with an effective date of April 9, 2016 utilizing the cost approach to determine the replacement cost of certain tangible fixed assets, using sources including valuation services providers, the Bureau of Labor Statistics, discussions with management, and other published data. The fair value of the remaining assets was determined to approximate fair value.

The following pro forma amounts represent Tellurian Investments' results of operations with appropriate adjustments which are expected to have a continuing impact, resulting from the application of

acquisition method accounting. The unaudited pro forma information is provided for information purposes only and is not necessarily indicative of what Tellurian Investments' results of operation would have been if the acquisition occurred on January 1, 2016:

Under each Agreement, Tellurian Investments is compensated by each entity for its services with a fee equal to \$25 thousand, paid annually. The total revenue recorded under the Agreements for the six months ended June 30, 2016 and 2015 were approximately \$11 and \$128 thousand, respectively, recorded within Other income for the Successor period and Revenue, related parties for the Predecessor period within the Condensed Consolidated Statements of Operation.

All activity conducted under the Agreements is included in Accounts receivable due from related parties and Accounts payable due to related parties on the Condensed Consolidated Balance Sheets and within Revenues from related parties and Other income on the Condensed Consolidated Statements of Operations.

The outstanding balances as of June 30, 2016 in Accounts receivable due from related parties and Accounts payable due to related parties are related to the general administrative and management services provided to Parallax Energy and its subsidiaries. Parallax Energy and its subsidiaries are 100% owned entities of Mr. Martin Houston, a shareholder and Executive Vice Chairman of Tellurian Investments. The balance in Accounts receivable due from related parties is a result of the acquisition of the Predecessor and a result of service fees earned. The balance in Accounts payable due to related parties is a result of the acquisition of the Predecessor (see "Note 3, Acquisition").

The outstanding balance as of June 30, 2016 in Accounts payable due to related parties for Parallax Enterprises and its subsidiaries is a result of the acquisition of the Predecessor. Parallax Enterprises is owned by executive officers of Tellurian Investments (see "Note 3, Acquisition").

The outstanding balances as of December 31, 2015 in Accounts receivable due from related parties and Accounts payable due to related parties are related to general administrative and management services provided to Parallax Enterprises and its subsidiaries. The Predecessor also provided general administrative and management services to Tellurian Investments in which Mr. Martin Houston, a member of the Predecessor, is a shareholder and Executive Vice Chairman. Parallax Enterprises and its subsidiaries are owned by four executive officers of the Predecessor. Two of the four officers, Mr. Martin Houston and Mr. Christopher Daniels, were also members of the Predecessor.

On November 2015, the Predecessor issued an interest-free \$251 thousand note receivable to Mr. Martin Houston, a 50% member of the Predecessor. The note was used to provide the collateral required to secure a \$500 thousand line of credit as part of a covenant related to the office lease. See “Note 8, Commitments and Contingencies,” for additional information about the office lease.

NOTE 5 - STOCKHOLDERS' EQUITY

Tellurian Investments' operations are governed by the provisions of its Articles of Incorporation. There are no current outstanding equity commitments of the stockholders.

All stockholders' equity at June 30, 2016 resulted from various private placements of Tellurian Investments' common stock, the acquisition of Tellurian Services (see “Note 3, Acquisition”) and discounted purchases by employees (see “Note 7, Share-based Compensation”). Private placements and initial funding provided proceeds of \$37.887 million. Equity offering costs of \$1.513 million were incurred related to the private placements that occurred during the six months ended June 30, 2016. Equity offering costs are represented within Additional paid-in capital on the balance sheet.

NOTE 6 - PROPERTY PLANT AND EQUIPMENT

Property, plant and equipment consists of the following:

Tellurian Investments, through its wholly-owned subsidiary Driftwood LNG LLC, purchased certain tracts of land in Calcasieu Parish, Louisiana in exchange for \$10 million in consideration (the “Land

F- 13

Acquisition”) on March 24, 2016. Approximately \$1 million of the total consideration is due and payable December 2016 and was accrued within Note payable, current, on the balance sheet. The Land Acquisition has been accounted for as an asset purchase and recorded at the purchase price and allocated between land and buildings based upon their relative fair values at the date of acquisition. Fair value was determined based on a replacement cost approach which contemplates the cost to construct improvements with equivalent utility to the subject, using modern materials and current standards, design, and layout. Estimates of replacement cost for the purpose of developing a market value opinion include three components: direct costs, indirect costs (also known as soft costs) and entrepreneurial profit. In making estimates of fair value, Tellurian Investments used published results of an appraisal report provided by third party valuation experts. Due to the significance of the of unobservable inputs utilized, Tellurian Investments has determined that such fair value measures are classified as Level 3 of the fair value hierarchy. At June 30, 2016 the allocation between land and buildings was \$9.491 million and \$549 thousand, respectively.

Property plant and equipment is depreciated using the straight-line depreciation method. Depreciation expense of \$24 thousand and \$8 thousand for the six months ended June 30, 2016 and 2015, respectively, is recorded within Operating expenses on the income statements. The estimated useful lives within property, plant and equipment are between 3 and 30 years, as follows:

Buildings - 30 years

Leasehold improvements - 10 years

Computer and office equipment - 3-5 years

Furniture and fixtures - 5-15 years

NOTE 7 -SHARE-BASED COMPENSATION

Tellurian Investments has granted stock and restricted stock to employees under the Tellurian Investments Inc. 2016 Omnibus Incentive Plan (the “Plan”). The maximum number of shares of Tellurian Investments’ common stock reserved for issuance under the Plan is 30,000,000. As of June 30, 2016, there were 28,475,000 shares remaining available for issuance.

Stock Compensation Granted In Conjunction with the Plan

In April 2016, 1,500,000 restricted shares and 25,000 shares of unrestricted common stock were granted and issued to four executive officers under the Plan. The restricted stock awards vest upon FID. As of June 30, 2016, Tellurian Investments does not believe this event is considered probable of occurring at this time and therefore has not recorded share-based compensation expense related to the restricted stock awards.

The restrictions on all of the restricted stock awards will expire upon the affirmative final investment decision provided; however, such restrictions will expire on such date only if:

- the employee maintains continuous service from the date of the grant through the applicable vesting date; or
- the employee’s continuous service is terminated by Tellurian Investments without cause or by the employee for good reason and in either event the FID occurs within five years after such termination.

For purposes of the restricted stock, FID means a decision by Tellurian Investments’ Board of Directors to move forward with a project, the project site and construction thereon, following (i) determination by Tellurian Investments that such site has met the appropriate suitability criteria, (ii) Tellurian Investments securing a long-term option on such site, (iii) Tellurian Investments securing financing deemed sufficient by the Board of Directors, and (iv) the completion of the front-end engineering and design process.

Stock Compensation Granted Outside the Plan

In March 2016, Tellurian Investments' Board of Directors granted a total of 1,750,000 shares of vested stock to various employees. The vested stock was granted prior to the existence of the Plan.

In April 2016, Tellurian Investments' Board of Directors allowed 1,050,000 shares to be purchased at a discount by two executive officers as a form of compensation. The difference between the purchase price of \$0.50 and the estimated fair value is recorded as compensation to the officers.

For the six months ended June 30, 2016, Tellurian Investments recognized stock-based compensation expense related to unrestricted stock and equity-classified share-based compensation awards of \$5.125 million. The estimated fair value of all share-based compensation granted in the six months ended June 30, 2016 is \$2.00 per share, which represents the private placement price for all equity sales at this time. Stock-based compensation expense is reflected in General and administrative expenses in Tellurian Investments' Condensed Consolidated Statements of Operations.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

Leases and Contractual Commitments

Tellurian Investments' contractual obligations pertain to land and office leases, sponsorship agreements, and subscription agreements. Future non-cancelable commitments related to these obligations as of June 30, 2016 are presented below (in thousands):

Office Lease

Tellurian Investments entered into a ten-year lease for its corporate headquarters located in Houston, Texas. In connection with this lease, Tellurian Investments has two, five-year renewal options. Amounts noted in the tabular disclosure above do not include the two potential renewal periods. Rent expense of \$97 thousand was recognized for the six months ended June 30, 2016 in General and administrative within the Condensed Consolidated Statements of Operations.

Land Lease and Option

On April 13, 2016, Tellurian Investments, through its wholly-owned subsidiary Driftwood LNG LLC, entered into a ground lease (the "Lease") for a port facility adjacent to the land acquired in the Land Acquisition. The Lease provides for a four-year term, subject to a 50-year extension.

On June 3, 2016 Tellurian Investments, through its wholly-owned subsidiary Driftwood LNG LLC, entered into an option agreement (the "Option") for certain tracts of land and associated river frontage in connection with the Land Acquisition. The Option provides for an approximately three and one half year option period whose exercise would provide for a 20-year lease term with six additional five-year extension options.

Notes Payable

Tellurian Investments has a note payable of \$1 million due December 2016 related to the Land Acquisition.

Sponsorship Agreements

Tellurian Investments has committed to participate and sponsor certain industry summits and trade shows in Europe and Asia throughout remainder of 2016, 2017 and 2018. In conjunction with the events, Tellurian Investments engaged a design firm to create the booth, promotional materials and other miscellaneous marketing items.

Subscription Agreements

Tellurian Investments entered into a three-year subscription agreement for market intelligence services as well as quarterly management briefings. In addition, Tellurian Investments has subscriptions with various industry trade publications and pricing services to provide general market intelligence and commodity price data.

Legal Matters

Bonini-Kettlety Lawsuit

On May 23, 2016, Simon Bonini and Paul Kettlety (“Bonini and Kettlety”) filed a lawsuit against Tellurian Investments and Tellurian Services, along with each of Messrs. Houston and Daniels and certain entities in which each of Messrs. Houston and Daniels own membership interests, as applicable, in the District Court of Harris County, Texas, alleging among other things, breach of contract, promissory estoppel, quantum meruit, fraud/fraudulent concealment, negligent misrepresentation, breach of fiduciary duty, usurpation/diversion of corporate opportunity, conversion, civil conspiracy and implied partnership.

Bonini and Kettlety allege that there was a binding agreement between Bonini and Kettlety and Messrs. Houston and Daniels to sell an interest in Parallax Enterprises to Bonini and Kettlety and that the ultimate proposed ownership of Parallax Enterprises which was agreed to by Messrs. Houston, Daniels and two other members of Parallax Enterprises did not reflect the parties’ agreement. Bonini and Kettlety allege that their agreed upon ownership in Parallax Enterprises (14.3%, each) exceeded what was ultimately offered to them (9.9%, each) and that the ultimate proposal subjected them to certain management, ownership and redemption terms to which they had not agreed. Bonini and Kettlety are seeking damages in excess of \$168 million.

Although Tellurian Investments believes the claims of Bonini and Kettlety are without merit, and Tellurian Investments intends to engage in a vigorous defense of this litigation, Tellurian Investments may not ultimately be successful and any potential liability Tellurian Investments may incur is not reasonably estimable. Even if Tellurian Investments is successful, however, in the defense of this litigation, Tellurian Investments could incur costs, and suffer both an economical loss and an adverse impact on reputation, which could have a material adverse effect on Tellurian Investments’ business.

Akkida Lawsuit

On June 7, 2016, Akkida Group, L.P. (“Akkida”) filed a lawsuit against Tellurian Services, Parallax Energy and Mr. Houston, in the 333rd District Court of Harris County, Texas, alleging among other things, breach of contract, quantum meruit, unjust enrichment, negligent misrepresentation, fraud, fraudulent inducement, piercing the corporate veil/alter ego and conspiracy.

Akkida alleges that there was a binding agreement between Akkida and Tellurian Services for Tellurian Services to use Akkida’s consulting services for the duration of two LNG projects of Parallax Energy. Akkida also alleges that its consulting services were terminated prematurely, and the compensation received for the consulting services it provided did not reflect the parties’ agreement and was less than the value to which the parties had agreed to for such services.

Tellurian Investments believes Akkida’s claims are without merit and Tellurian Services and Mr. Houston intend to engage in a vigorous defense of this litigation. However, Tellurian Services may not ultimately be successful and any potential liability Tellurian Services may incur is not reasonably estimable.

NOTE 9 - ACCOUNTS PAYABLE AND ACCRUED LIABILITITES

At June 30, 2016, approximately \$2.747 million of accounts payable related to engineering procurement and construction related to Driftwood LNG and approximately \$631 thousand of legal fees.

At December 31, 2015, approximately \$81 thousand of accounts payable related to expenses to be reimbursed to employees.

Accrued expenses

At June 30, 2016, approximately \$1.453 million was accrued related to payroll and amounts related to employee bonuses.

At December 31, 2015, approximately \$6 thousand related to accrued state taxes and \$4 thousand related to accounting professional fees.

NOTE 10 - EMPLOYEE BENEFITS

Tellurian Investments has a defined contribution plan ("401(k) Plan") which allows eligible employees to contribute up to 100% of their compensation up to the IRS maximum. Tellurian Investments matches each employee's salary deferrals (contributions at 100%) up to 6% of compensation and may make additional contributions at its discretion. Employees are immediately vested in the contributions made by us. The Predecessor's 401(k) plan was implemented in September 2015. Tellurian Investments has made no discretionary contributions to the 401(k) Plan to date.

NOTE 11 - EARNINGS PER COMMON SHARE DATA

Basic earnings per share are based upon the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share include the effect of certain stock awards and other equity-based compensation awards. There are 1.5 million restricted common shares that are excluded from the calculation of net loss per share, as their effect would be anti-dilutive for the six months ended June 30, 2016.

NOTE 12 - INCOME TAXES

No income taxes existed for the six months ended June 30, 2016 as the Predecessor was formed as a limited liability company and elected to be taxed as a partnership. The sources of loss from operations before income taxes for both Successor and Predecessor for the six months ended June 30, 2016 and 2015, respectively, were as follows:

	Six Months Ended June 30, 2016 2015 (in thousands)

Total loss before income taxes	\$(23,640)	\$ —

Effective and Statutory Rate Reconciliation

The differences between income taxes expected at the U.S. federal statutory income tax rate of 35% and the reported income tax (benefit) expense are summarized as follows:

	Six Months Ended June 30, 2016 2015 (in thousands)	
Income tax benefit at federal statutory rate	\$(8,274)	\$ —
Non-deductible expenses	9	—
Increase (decrease) in valuation allowance	8,095	—
Tax benefit	\$(170)	\$ —

Deferred Income Taxes

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. These items are stated at the enacted tax rates that are expected to be in effect when taxes are actually paid or recovered.

Significant components of deferred tax assets and liabilities are comprised of the following:

	Six Months Ended June 30,	
	2016	2015
	(in thousands)	
Property, plant and equipment	\$ (148)	\$ —
Capitalized start-up costs	3,018	—
Compensation accruals	275	—
Capitalized engineering costs	4,950	—
	8,095	—
Less valuation allowance	(8,095)	—
Deferred tax assets, net	\$ —	\$ —

Deferred income tax assets and liabilities resulted principally from capitalized engineering cost, capitalized start-up costs, property plant and equipment and compensation accruals. Deferred tax assets and deferred tax liabilities are classified as non-current in Tellurian Investments' balance sheet.

ASC 740 requires that Tellurian Investments reduce its deferred income tax assets by a valuation allowance if, based on the weight of the available evidence, it is more likely than not that all or a portion of a deferred tax asset will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences are deductible.

Management assesses the available positive and negative evidence to estimate whether sufficient future taxable income will be generated to permit use of the existing deferred tax assets. As Tellurian Investments has not yet begun generating revenues or performing the activities for which it was organized, Tellurian Investments established a full valuation allowance of \$8.1 million in the period ended June 30, 2016, against its net deferred tax assets in excess of the deferred tax liabilities. Tellurian Investments does not have any naked credit, i.e., deferred tax liabilities associated with tax amortization of goodwill and indefinite lived intangible assets that are not amortized for financial reporting purposes.

As of June 30, 2016, Tellurian Investments had no unrecognized tax benefits. Tellurian Investments is subject to income taxes in the U.S. federal and various states jurisdictions. Tax regulations within each jurisdiction are subject to the interpretation of the related tax laws and regulations and require significant judgment to apply. Tellurian Investments reviews income tax positions expected to be taken in income tax returns to determine if there are any income tax uncertainties. Tellurian Investments recognizes tax benefits from uncertain tax positions only if it is more likely than not that the tax positions will be sustained on examination by taxing authorities, based on technical merits of the positions. Tellurian Investments has identified no income tax uncertainties. Tellurian Investments recognizes interest and penalties, if any, in the period in which they occur in income tax expense.

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Tellurian Services LLC

Notes to Financial Statements

NOTE 1 - ORGANIZATION AND DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Tellurian Services LLC (“Tellurian Services”), organized under Delaware law as a limited liability company, was formed on December 18, 2013. Tellurian Services was formerly known as Parallax Services LLC prior to its membership interests being purchased and it being renamed in April 2016. Tellurian Services was formed primarily to engage in liquefied natural gas (“LNG”)-specific consulting services as well as back-office and general and administrative support services to Parallax Enterprises LLC (“Parallax Enterprises”) and its 100% owned subsidiaries as well as Parallax Energy LLC (“Parallax Energy”) and its 100% owned subsidiaries (see “Note 2 - Transactions with Related Parties”).

On July 1, 2014, Tellurian Services entered into a contract with Origin Energy to provide quarterly market intelligence related to the LNG markets. The contract provided for quarterly payments of approximately \$688 thousand for each report. This contract represented the majority of Tellurian Services’ revenues for both 2014 and 2015. This contract was terminated in July 2015. As a result, there were no third party revenues in the period ended April 9, 2016.

On April 9, 2016 Tellurian Investments Inc. acquired Tellurian Services in an all-stock transaction with consideration totaling \$1.2 million and acquisition costs of \$30 thousand.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from these estimates.

Changes in estimates are recorded prospectively.

Cash and Cash Equivalents

Tellurian Services considers all highly liquid investments with an original maturity of three months or less to be cash equivalents and typically exceed federally insured limits.

Accounts Receivable

Accounts receivable are primarily from cost reimbursements as a result of back-office and general and administrative support services with related parties. Tellurian Services routinely reviews outstanding balances, assesses the financial strength of its customers, and records a reserve for amounts not expected to be fully recovered. The need for an allowance is determined based upon reviews of individual accounts, historical losses, existing economic conditions and other pertinent factors. Tellurian Services recognized related party bad debt expense of \$102 thousand for the year ended December 31, 2015. No bad debt expense was recorded for the period ended April 9, 2016 or the year ended December 31, 2014. See Note 2, Transactions with Related Parties, for additional information related to bad debt expense recognized.

Transactions with Related Parties

Tellurian Services has receivables with related parties as a result of back-office and general and administrative support services provided and payables as a result of timing of deposits made in advance of services to be provided. Tellurian Services does not consider the accounts or notes receivable from related parties to be uncollectible.

Property, Plant and Equipment

Property, plant and equipment are recorded at cost. Expenditures for construction activities, major renewals and betterments that extend the useful life of an asset are capitalized, while expenditures for maintenance and repairs and general and administrative activities are expensed as incurred. Tellurian Services depreciates its property, plant and equipment using the straight-line depreciation method. Upon retirement or other disposition of property, plant and equipment, the cost and related accumulated depreciation are removed from the account, and the resulting gains or losses are recorded in other operating costs and expenses.

Management tests property, plant and equipment for impairment whenever events or changes in circumstances have indicated that the carrying amount of property, plant and equipment might not be recoverable. Assets are grouped at the lowest level for which there are identifiable cash flows that are largely independent of the cash flows of other groups of assets for purposes of assessing recoverability. Recoverability generally is determined by comparing the carrying value of the asset to the expected undiscounted future cash flows of the asset. If the carrying value of the asset is not recoverable, the amount of impairment loss is measured as the excess, if any, of the carrying value of the asset over its estimated fair value.

At April 9, 2016, and December 31, 2015 and 2014, property plant and equipment consisted primarily of leasehold improvements related to the Tellurian Services office lease and associated office furniture, fixtures and equipment. The estimated useful lives are 10 years and 5 to 15 years for the leasehold improvements and office furniture, fixtures and equipment, respectively. Amounts recorded to depreciation expense for the period ended April 9, 2016 and the years ended December 31, 2015 and 2014, was \$8 thousand, \$18 thousand and \$4 thousand, respectively.

Accumulated depreciation as of April 9, 2016, December 31, 2015, and December 31, 2014 was \$30 thousand, \$22 thousand and \$4 thousand, respectively. Depreciation expense is recorded within General and administrative on the statements of operations.

Revenue Recognition

Tellurian Services recognizes consulting-related revenues over the contractual term of the arrangement or the expected period during which those specified services will be performed, whichever is longer, unless evidence suggests that the revenue is earned or obligations are fulfilled in a different pattern.

Income Taxes

Tellurian Services was organized as a Delaware limited liability company and is treated as a flow-through entity for U.S. federal income tax purposes. Under U.S. federal income tax law, limited liability companies that elect partnership taxation are not taxable entities. Therefore, a provision for income tax has not been recorded in the accompanying financial statements. The owners as of the time of the accompanying financial statements were individually responsible for reporting their share of Tellurian Services' income or loss on their income tax returns. Although Tellurian Services is a non-taxpaying entity for federal income tax purposes, certain states require a tax similar to an income tax. Texas imposes a franchise tax (commonly referred to as the Texas margin tax) on gross revenues less certain deductions, as specifically set forth in the Texas margin tax statute. The Texas margin tax applies to corporations and limited liability companies, general and limited partnerships (unless otherwise exempt), limited liability partnerships, trusts (unless otherwise exempt), business trusts, business associations, professional associations, joint stock companies, holding companies, joint ventures and certain other business entities having limited liability protection. Tellurian Services' Texas margin tax for the period ended April 9, 2016, December 31, 2015 and December 31, 2014 was insignificant (less than ten thousand dollars in each period presented) and thus was not separately presented in the financial statements. Tax expense is recorded within General and administrative on the statements of operations.

As required by the uncertain tax position guidance in ASC 740, Accounting for Uncertainty in Income Taxes, Tellurian Services recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. Tellurian Services does not have any uncertain tax positions.

Tellurian Services files a U.S. Return of Partnership Income along with various other state filings. In the normal course of business, Tellurian Services may be audited by any of these taxing authorities. As of April 9, 2016, Tellurian Services is not currently undergoing any tax examinations.

Net Income Per Unit

Tellurian Services has omitted net income per unit due to no units being issued. In lieu of issuing units, the members' percentage interest set forth in Tellurian Services' operating agreement is a 50% interest to each member as of the time of the accompanying financial statements.

Comprehensive Income

Tellurian Services has no elements of comprehensive income other than net income.

Recently Issued Accounting Standards

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers (Topic 606). The update provides guidance concerning the recognition and measurement of revenue from contracts with customers. Its objective is to increase the usefulness of information in the financial statements regarding the nature, timing, and uncertainty of the use of revenues. The update, after a deferral by one year in August 2015 by the FASB, subsequently titled ASU 2015-14 Revenue from Contracts with Customers (Topic 606) is effective for Tellurian Services for the annual period ending after December 15, 2017. The standard permits the use of either the retrospective or cumulative effect transition method. Tellurian Services has not yet selected a transition method and is evaluating the potential impact this standard will have on its financial statements and related disclosures.

In August 2014, the FASB issued ASU 2014-15, Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern. The update provides guidance in GAAP about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern and to provide related footnote disclosures. The update is effective for financial statements issued for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. Tellurian Services is evaluating the potential impact this new standard will have on its financial statements and related disclosures.

In February 2016, the FASB issued ASU 2016-02, Leases. The update requires lessees to recognize lease assets and lease liabilities on the statement of financial position. A modified retrospective transition approach is required for annual and interim periods beginning on or after December 15, 2018. Early adoption is permitted. Tellurian Services is evaluating the potential impact this new standard will have on its financial statements and related disclosures.

In August 2016, the FASB issued ASU 2016-15 Statement of Cash Flows (Topic 230) Classification of Certain Cash Receipts and Cash Payments. This update addresses eight specific cash flow issues with the objective of reducing the existing diversity in practice. The update is effective for financial statements issued for annual periods beginning after December 15, 2017 and for interim periods within those fiscal years. The amendments in this update will be applied using a retrospective transition method to each period presented. Early adoption is permitted. Tellurian Services is evaluating the potential impact this new standard will have on its financial statements and related disclosures.

NOTE 2 -TRANSACTIONS WITH RELATED PARTIES

As of April 9, 2016, Tellurian Services had entered into agreements with entities to provide certain general administrative and management services for a term of one year with automatic yearly extensions, including, without limitation, the sourcing, structuring and negotiation of potential business acquisitions and customer contracts ("the Agreements").

All activity conducted under the Agreements are included in Accounts receivable due from related parties and Accounts payable due to related parties on the balance sheets. Salary expense allocated to related parties is recorded within Operating expenses on the statements of operations. Salary expense for employees working on behalf of the related parties recorded for the period ended April 9, 2016 and the year ended December 31, 2015 was \$52 thousand and \$105 thousand, respectively. No salary expense was incurred to related parties for the year ended December 31, 2014.

The outstanding balances in Accounts receivable due from related parties and Accounts payable due to related parties are related to general administrative and management services provided to Parallax Enterprises and its 100% owned subsidiaries as well as Parallax Energy and its 100% owned subsidiaries. Two of the four officers of Parallax Enterprises, Mr. Martin Houston and Mr. Christopher Daniels, were also members of Tellurian Services until Tellurian Services was acquired by Tellurian Investments Inc. on April 9, 2016. Parallax Energy and its 100% owned subsidiaries are wholly owned by Mr. Martin Houston, a member of Tellurian Services.

The total revenue recorded under these Agreements for the period ended April 9, 2016 and for the years ended December 31, 2015 and 2014 was approximately \$31 thousand, \$311 thousand, and \$84 thousand, respectively. On behalf of Parallax Enterprises, Tellurian Services paid legal expenses of \$68 thousand, LNG project modelling costs of \$24 thousand, engineering costs of \$14 thousand, insurance costs of \$5 thousand and a land option payment of \$162 thousand. On behalf of Parallax Fund V Investco LLC, Tellurian Services received payments in the amount of \$125 thousand that was then later deposited into Parallax Fund V Investco LLC's operating accounts. The transactions on behalf of Parallax Enterprises occurred before the effective date of the Agreement and are represented in Accounts receivable due from related parties on the balance sheets. The transactions on behalf of Parallax Fund V Investco LLC occurred before the effective date of the Agreement and are represented in Accounts payable due to related parties on the balance sheets.

On November 2015, Tellurian Services issued an interest free \$251 thousand note receivable to Mr. Martin Houston, a 50% member of Tellurian Services. The note was used to provide the collateral required to secure a \$500 thousand line of credit as part of a covenant related to Tellurian Services' office lease. NOTE 4- COMMITMENTS AND CONTINGENCIES**Leases and contractual commitments**

Tellurian Services' contractual obligations pertain to office leases. Future non-cancelable commitments related to these obligations as of April 9, 2016 are presented below (in thousands):

On June 12, 2014 Tellurian Services entered into a lease with a term of approximately five years with Brookfield Properties Corporation for its corporate headquarters located in Houston, Texas. In connection with this lease, Tellurian Services has one five-year renewal option. Amounts noted in the tabular disclosure above do not include the optional renewal period. Rent expense of \$53 thousand was recognized for the period ended April 9, 2016 in General and administrative with Statements of Operations.

Legal Matters**Bonini-Kettlety Lawsuit**

On May 23, 2016, Simon Bonini and Paul Kettlety ("Bonini and Kettlety") filed a lawsuit against Tellurian Investments and Tellurian Services, along with each of Messrs. Houston and Daniels and certain entities in which each of Messrs. Houston and Daniels own membership interests, as applicable, in the District Court of Harris County, Texas, alleging among other things, breach of contract, promissory estoppel, quantum meruit, fraud/fraudulent concealment, negligent misrepresentation, breach of fiduciary duty, usurpation/diversion of corporate opportunity, conversion, civil conspiracy and implied partnership.

Bonini and Kettlety allege that there was a binding agreement between Bonini and Kettlety and Messrs. Houston and Daniels to sell an interest in Parallax Enterprises to Bonini and Kettlety and that the ultimate proposed ownership of Parallax Enterprises which was agreed to by Messrs. Houston, Daniels and two other members of Parallax Enterprises did not reflect the parties' agreement. Bonini and Kettlety allege that their agreed upon ownership in Parallax Enterprises (14.3%, each) exceeded what was ultimately offered to them (9.9%, each) and that the ultimate proposal subjected them to certain management, ownership and redemption terms to which they had not agreed. Bonini and Kettlety are seeking damages in excess of \$168 million.

Although Tellurian Services believes the claims of Bonini and Kettlety are without merit, and Tellurian Services intends to engage in a vigorous defense of this litigation, Tellurian Services may not ultimately be successful and any potential liability Tellurian Services may incur is not reasonably estimable. Even if Tellurian Services is successful, however, in the defense of this litigation, Tellurian Services could incur costs and suffer both an economical loss and an adverse impact on reputation, which could have a material adverse effect on Tellurian Services' business.

NOTE 5 - SUBSEQUENT EVENTS

Tellurian Services has evaluated subsequent events for potential recognition and disclosure through September 30, 2016, the date the financial statements were available to be issued. No events were noted that required adjustment to or disclosures in the financial statements.

Management's Discussion and Analysis of Financial Condition and Results of Operations of Tellurian Investments Inc. Introduction

The following discussion and analysis presents Tellurian Investments Inc. ("Tellurian Investments") management's view of the business, financial condition and overall performance of Tellurian Investments and its subsidiaries and should be read in conjunction with Tellurian Services LLC's Audited Financial Statements for the period ended April 9, 2016 and the years ended December 31, 2015 and 2014, as well as Tellurian Investments' unaudited condensed consolidated Financial Statements for the six months ended June 30, 2016 and 2015, contained elsewhere in this joint proxy statement/prospectus.

The discussion includes certain forward-looking statements. For a discussion of important factors which could cause actual results to differ materially from the results referred to in the forward-looking statements, see "Risk Factors Risks Relating to Tellurian Investments' Business" and "Cautionary Statement Concerning Forward-Looking Statements."

Overview of Business

Tellurian Investments is a privately-held Delaware corporation headquartered in Houston, Texas and was formed on December 29, 2015. Tellurian Investments owns a 100% membership interest in Tellurian LNG LLC, a Delaware limited liability company ("Tellurian LNG"), a 100% membership interest in Tellurian Services LLC, a Delaware limited liability company previously known as Parallax Services LLC ("Tellurian Services"), and a 100% ownership interest in Tellurian LNG UK Ltd. Tellurian LNG owns 100% membership interest in each of Driftwood LNG LLC and Driftwood LNG Pipeline LLC.

Tellurian Investments is planning on developing, through Tellurian LNG and Tellurian LNG's wholly owned subsidiaries, a liquefied natural gas ("LNG") facility with liquefaction capacity of 26 million tonnes per annum in Calcasieu Parish, Louisiana ("Driftwood LNG"), and pursuing complementary business lines in the energy industry. Tellurian Investments estimates construction costs of \$450 to \$550 per tonne for Driftwood LNG before owners' costs, financing costs, pipeline costs, and contingencies. Tellurian Investments expects that the permitting process, regulatory approval and securing the necessary financing will take approximately two years followed by a four-year construction period, resulting in the delivery of the first cargoes of LNG in 2022. Tellurian Investments also plans to pursue business that is complementary to its LNG business.

Tellurian Services, was formed in December 2013, by Martin J. Houston and Christopher B. Daniels to provide LNG-specific consulting services, as well as back-office and general and administrative support services for related party entities. On April 9, 2016, Tellurian Investments purchased 100% of the membership interests of Tellurian Services from Mr. Houston and Mr. Daniels, in return for 500,000 shares of common stock and \$10 cash, and renamed it Tellurian Services LLC.

Recent Events

On March 24, 2016, Tellurian Investments purchased certain tracts of land in Calcasieu Parish, Louisiana, for a total consideration of \$10 million, of which \$9 million was paid in cash at closing and an additional \$1 million is due in December 2016. Transaction costs related to this purchase totaled \$39 thousand.

On February 5, 2016, Tellurian Investments entered into a ground lease for a port facility adjacent to its Calcasieu Parish, Louisiana land providing for a four-year term, subject to a 50-year extension exercisable at the option of Tellurian Investments.

On August 2, 2016, Tellurian Investments, Magellan Petroleum Corporation, a Delaware corporation ("Magellan"), and River Merger Sub, Inc., a Delaware corporation and a direct wholly owned subsidiary of Magellan ("Merger Sub"), entered into an Agreement and Plan of Merger (the "Merger Agreement"). Pursuant to the Merger Agreement, each outstanding share of common stock, par value \$0.001 per share, of Tellurian Investments will be exchanged for 1,300 shares of common stock, par value \$0.01 per share, of Magellan, and Merger Sub will merge with and into Tellurian Investments (the "Merger"), with Tellurian Investments continuing as the surviving corporation and a direct wholly owned subsidiary of Magellan. Despite Magellan being the parent entity following the merger, Tellurian Investments is the accounting acquirer for financial accounting purposes.

Tellurian Services

Set forth below is a discussion of Tellurian Services' results of operations for the period from January 1, 2016 to April 9, 2016 (the date of acquisition by Tellurian Investments) and the years ended December 31, 2015 and 2014.

Period Ended April 9, 2016 Compared to Year Ended December 31, 2015

	January 1, 2016 through April 9, 2016 (in thousands)	2015
Revenue	\$—	\$1,375
Revenue, related party	31	311
Total revenue	31	1,686
Costs and expenses:		
Operating expenses	52	263
General and administrative	617	1,318
Total operating expenses	669	1,581
(Loss) income from operations	(638)	105
Net (loss) income	\$(638)	\$105

Revenue

Tellurian Services' 2016 revenues decreased by \$1.375 million, or 100%, from \$1.375 million in 2015 to zero in 2016 due to the termination of the contract related to the creation and distribution of an LNG industry analyst report delivered to Origin Energy Ltd. The termination of the contract was effective July 1, 2015. Tellurian Services did not have any other revenue generating contracts during 2015 or 2016.

Revenue, related party

Tellurian Services' 2016 related party revenues decreased \$280 thousand, or 90.0%, from \$311 thousand in 2015 to \$31 thousand in 2016, primarily due to the loss of revenue previously recognized for its largest related party customer due to concerns regarding collectability. This was partially offset by the addition of new related party revenue service contracts from Tellurian Investments and its subsidiaries. The remaining difference is due to the allocation of annual fees over the shortened reporting period in 2016.

General and administrative expenses

G&A expenses decreased by \$701 thousand, or 53.2%, from \$1.318 million in 2015 to \$617 thousand in 2016. The decrease is driven by the shortened reporting period in 2016.

Operating expenses

Operating expenses decreased by \$211 thousand, or 80.2%, from \$263 thousand for 2015 to \$52 thousand operating expenses in 2016 due to the termination of the contract related to the creation and distribution of an LNG industry analyst report delivered to Origin Energy Ltd. The termination of the contract was effective July 1, 2015.

Year Ended December 31, 2015 Compared to Year Ended December 31, 2014

	2015	2014
	(in thousands)	
Revenue	\$1,375	\$1,376
Revenue, related party	311	84
Total revenue	1,686	1,460

Costs and expenses:

Operating expenses	263	129
General and administrative	1,318	700
Total operating expenses	1,581	829
Income from operations	105	631

Net income	\$105	\$631
------------	-------	-------

Revenue

Tellurian Services' 2015 revenues decreased by \$1 thousand, or less than 1%, from \$1.376 million in 2014 to \$1.375 million for 2015 due to the timing of the allocation of the contract revenue related to the creation and distribution of an LNG Industry analyst report delivered to Origin Energy Ltd.

Revenue, related party

Tellurian Services' 2015 related party revenues increased \$227 thousand, or 270.2%, from \$84 thousand in 2014 to \$311 thousand in 2015, due to the addition of new related party revenue streams from Parallax Enterprises LLC and its subsidiaries.

Operating expenses

Operating expenses increased by \$134 thousand, or 103.9%, from \$129 thousand for 2014 to \$263 thousand in 2015 due to increase in salary expense related to operations and the timing of expenses incurred to create and distribute the LNG industry analyst report delivered to Origin Energy Ltd.

General and administrative expenses

G&A expenses increased \$618 thousand, or 88.3%, from \$700 thousand in 2014 to \$1.318 million in 2015.

Approximately \$560 thousand of this increase is attributable to the increase in staff employed. In addition, Tellurian Services incurred a one-time bad debt expense of \$102 thousand, a \$154 thousand increase in office operating expenses and \$68 thousand increase in information technology cost. The increases were partially offset by a decrease of \$147 thousand related to travel expenses, \$61 thousand in advertising costs and \$66 thousand in legal fees. The remainder of the increase was primarily attributable to other general expenses.

Liquidity and Capital Resources

Tellurian Investments' principal requirements for cash, in addition to general and administrative expenses and working capital, will be for the development of Driftwood LNG.

Tellurian Investments expects that the permitting process, regulatory approval, and securing the necessary financing will take approximately two years and that such expenditures will total \$100 to \$150 million and be funded by private offerings of Tellurian Investments common stock prior to the consummation of the Merger or public and private offerings of equity or debt securities of Magellan subsequent to the Merger or credit facilities. Following the permitting and regulatory process, Tellurian Investments expects a four-year construction period with estimated engineering, procurement and construction costs of \$450 to \$550 per tonne, resulting in total capital construction costs of \$11.7 to \$14.3 billion. Tellurian Investments expects to begin generating revenues with delivery of the first LNG cargoes in 2022.

Tellurian Investments does not have any firm funding commitments, other than those previously described, and there can be no assurances that additional resources will be provided. These risks and uncertainties raise substantial doubt about its ability to continue as a going concern. Tellurian Investments will need significant funding to develop the Driftwood LNG and its associated Driftwood pipeline, as well as for working capital requirements and other operating and general corporate purposes. At present, Tellurian Investments' cash flow is solely dependent upon the funds received from outside investors. Tellurian Investments' management expects the ability to access capital markets as a result of the planned merger with Magellan. Management believes the ability to raise additional capital will alleviate the substantial doubts about its ability to continue as a going concern.

Critical Accounting Policies and Estimates

The discussion and analysis of Tellurian Services' and Tellurian Investments' financial condition and results of operations are based on their respective financial statements, which have been prepared in accordance with U.S. generally accepted accounting principles. The preparation of these financial statements requires management of Tellurian Services and Tellurian Investments to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. These estimates and assumptions are based on managements' best estimates and judgement. Tellurian Services' and Tellurian

Investments' management evaluate their estimates and assumptions on an ongoing basis using historical experience and other factors that are believed to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. Actual results may differ from these estimates and assumptions used in the preparation of the financial statements.

Additional critical accounting policies include those related to accounting for LNG activities, the valuation of goodwill and share-based compensation.

Accounting for LNG activities - Tellurian Investments will begin capitalizing the costs of its LNG terminals and related pipelines once the Driftwood LNG's affirmative final investment decision criteria have been met. Prior to meeting these criteria, most of the costs associated with a project are expensed as incurred.

Goodwill - Tellurian Investments determines its reporting unit by identifying each unit that engaged in business activities from which it may earn revenues and incur expenses, had operating results regularly reviewed by the chief operating decision maker for purposes of resource allocation and performance assessment, and had discrete financial information. Tellurian Investments tests goodwill for impairment annually on October 1, or more frequently as circumstances dictate.

Share-based compensation - Tellurian Investments recognizes share-based compensation at fair value on the date of grant. The fair value is recognized as expense over the requisite service period. For equity-classified share-based compensation awards (unrestricted stock grants, restricted stock to employees and discounted share purchases for executive officers), compensation cost is recognized based on the grant-date fair value of Tellurian Investments' common stock and not subsequently remeasured. The fair value is recognized as expense using the straight-line basis for awards that vest based on service and market conditions and using the accelerated recognition method for awards that vest based on performance conditions.

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED COMBINED FINANCIAL INFORMATION OF MAGELLAN PETROLEUM CORPORATION

Introduction

On August 2, 2016, Magellan Petroleum Corporation, a Delaware corporation (“Magellan”), Tellurian Investments Inc., a Delaware corporation (“Tellurian”), and River Merger Sub, Inc., a Delaware corporation and a direct wholly owned subsidiary of Magellan (“Merger Sub”), entered into an Agreement and Plan of Merger (the “Merger Agreement”). Pursuant to the Merger Agreement, each outstanding share of common stock, par value \$0.001 per share, of Tellurian will be exchanged for 1.300 shares of common stock, par value \$0.010 per share, of Magellan, and Merger Sub will merge with and into Tellurian (the “Merger”), with Tellurian continuing as the surviving corporation and a direct wholly owned subsidiary of Magellan. Following these actions, approximately 95.4% of the combined company’s common stock will be owned by Tellurian. Upon closing, there will be an aggregate of approximately 139.2 million shares of the combined company’s common stock outstanding.

The Merger Agreement and the Merger have been approved by the board of directors of Magellan and the board of directors of Tellurian. Stockholders of Magellan and Tellurian will be asked to vote on the approval of the Merger and the transactions contemplated by the Merger Agreement at a special meeting that will be held on a date to be announced. The Boards of both Magellan and Tellurian have recommended that their stockholders approve the Merger.

As a condition to closing of the Merger, all directors of Magellan and each Magellan subsidiary must resign, except for any person(s) that might be designated by Tellurian. Further, the Merger Agreement provides that the directors of the combined company will be the three existing directors of Tellurian, and the two remaining directors will be appointed by Tellurian. It is anticipated that the Merger Agreement will be accounted for as a “reverse acquisition” and recapitalization since Tellurian will have control over the combined company through their post-Merger ownership of approximately 95.4% of the common stock of Magellan, majority representation on the combined company’s board of directors, and control of a majority of management positions of the combined company.

The Merger has been treated as a reverse acquisition, pursuant to which Tellurian is the accounting acquirer, and contemporaneously with the closing of the Merger, Tellurian is recapitalized through Magellan’s public company capital structure. Because Tellurian did not have material operations until January 1, 2016, the unaudited pro forma financial statements only include Tellurian’s historical financial results for that respective period. Tellurian’s predecessor, Parallax Services LLC (“Parallax” or the “Predecessor”), was acquired by Tellurian on April 9, 2016. The Predecessor historical financial results have been included for the periods prior to April 9, 2016 in the unaudited pro forma condensed statements of operations.

The following unaudited pro forma condensed consolidated combined financial statements reflect the combination of the historical consolidated results of Magellan, Tellurian, and Parallax on a pro forma basis to give effect to the following transactions, which are described in further detail below, as if they had occurred on June 30, 2016 for pro forma condensed consolidated combined balance sheet purposes, and on January 1, 2015 for pro forma condensed consolidated combined statement of operations purposes:

Tellurian Equity Offerings. Four Tellurian equity offerings occurred subsequent to June 30, 2016. In aggregate, 13.5 million Tellurian shares of common stock, par value \$0.001, were issued for \$21.0 million in cash proceeds.

Additional detail on the equity offerings is included in the “Notes to the Unaudited Condensed Consolidated Combined Pro Forma Financial Statements.”

Exchange Transaction and Weald Asset Transfer Agreement. The exchange transaction between Magellan and One Stone was signed on March 31, 2016, and closed on August 1, 2016. As a result, One Stone transferred to Magellan 100% of the outstanding shares of Magellan Series A Preferred Stock, in consideration for the assignment to and assumption by One Stone of 100% of the outstanding membership interests in Nautilus Poplar LLC, and 51% of the outstanding common units in Utah CO2 LLC (the “Exchange Transaction”). Refer to “Note 2 - One Stone Exchange” in Magellan’s Annual Report on Form 10-K for the fiscal year ended June 30, 2016 filed with the Securities and Exchange Commission on September 14, 2016 for additional information. The sale of the Weald Basin exploration licenses in the United Kingdom and the related settlement of litigation with Celtique, which was signed on June 10, 2016,

F- 40

was completed on August 11, 2016 (the “Weald ATA”). Refer to “Note 3 - Sale of Weald Basin Assets” in Magellan’s Annual Report for the fiscal year ended June 30, 2016 filed with the Securities and Exchange Commission on September 14, 2016 for additional information.

Merger Adjustments. Adjustments reflect the reincorporation and merger of Magellan and Tellurian by which Merger Sub will merge with and into Tellurian with Tellurian continuing as the surviving corporation and a direct wholly owned subsidiary of Magellan. Although Magellan is the legal acquirer, Tellurian is the accounting acquirer.

Accordingly, the assets and liabilities of Magellan are recorded at their preliminary estimated fair values. The actual adjustments to the consolidated financial statements upon consummation of the Merger Agreement and allocation of the final purchase price will depend on a number of factors, including additional financial information available at such time, changes in the fair value of Magellan’s common stock transferred at the closing date, and changes in the estimated fair value of Magellan’s assets and liabilities as of the closing date. Accordingly, the final allocations of the Merger Agreement consideration and the effects of such allocations on the results of operations may differ materially from the preliminary allocations and unaudited pro forma combined amounts included herein.

The unaudited pro forma condensed consolidated combined balance sheet of the combined company is based on (i) the audited historical consolidated balance sheet of Magellan as of June 30, 2016 and (ii) the unaudited historical consolidated balance sheet of Tellurian as of June 30, 2016, and includes pro forma adjustments to give effect to the Tellurian Equity Offerings, the Exchange Transaction and Weald ATA, and Merger Adjustments as if they had occurred on June 30, 2016.

Notes to the Unaudited Pro Forma Condensed Consolidated Combined Financial Statements

1. Basis of Presentation

The unaudited pro forma condensed consolidated combined balance sheet as of June 30, 2016 is based on the audited consolidated balance sheet of Magellan and the unaudited consolidated balance sheet of Tellurian as adjusted to reflect the following items as though they had occurred on June 30, 2016:

• Tellurian Equity Offerings;

• Exchange Transaction and Weald ATA; and

• Merger Adjustments.

The unaudited pro forma condensed consolidated combined statement of operations for the twelve months ended December 31, 2015 is based on Magellan's historical books and records and the Predecessor's audited consolidated statement of operations for such period, with adjustments made to present such historical operations as if the Merger had occurred on January 1, 2015. The unaudited pro forma condensed consolidated combined statement of operations for the six months ended June 30, 2016 is based on Magellan's and Tellurian's unaudited consolidated statement of operations for such period and the Predecessor's audited consolidated statement of operations for the period from January 1, 2016 through April 9, 2016, with adjustments made to present such historical operations as if the Merger had occurred on January 1, 2015.

2. Pro Forma Adjustments

The following adjustments were made in the preparation of the unaudited pro forma condensed consolidated combined balance sheet and unaudited pro forma condensed consolidated combined statements of operations:

(a) Adjustments to reflect the following Tellurian Investments equity offerings that occurred subsequent to June 30, 2016:

• The purchase of 5.0 million shares of Tellurian Investments common stock, par value \$0.001 and having an offering price of \$10 million, on July 29, 2016 by a private investor.

• The purchase of 4.5 million shares of Tellurian Investments common stock, par value \$0.001 and having an offering price of \$9 million, on August 30, 2016 by an investor that subsequently became an employee of the company.

The purchase of 2.0 million shares of Tellurian Investments common stock, par value \$0.001 and having an offering price of \$1 million, on September 14, 2016 by an employee of the company. Due to this offering, stock based compensation of \$3.0 million would have been recorded assuming an estimated fair value at grant date of the common stock of \$2.00 per share, which has been reflected as an adjustment in the unaudited pro forma financial statements. Tellurian Investments has not finalized its assessment of the fair value of the common stock at grant date. Assuming the fair value of the stock price increased or decreased by \$1.00 and adjusting that price for the exchange ratio, stock-based compensation would have increased or decreased by \$2.6 million.

The purchase of 2.0 million shares of Tellurian Investments common stock, par value \$0.001 and having an offering price of \$1 million, on September 23, 2016 by an employee of the company. Due to this offering, stock based compensation of \$3.0 million would have been recorded assuming an estimated fair value at grant date of the common stock of \$2.00 per share, which has been reflected as an adjustment in the unaudited pro forma financial statements. Tellurian Investments has not finalized its assessment of the fair value of the common stock at grant date. Assuming the fair value of the stock price increased or decreased by \$1.00 and adjusting that price for the exchange ratio, stock-based compensation would have increased or decreased by \$2.6 million.

• Transaction costs incurred of \$0.01 million. The transaction costs were directly attributable to the equity offerings noted above.

The fiscal year end of Magellan, which is June 30, has been conformed to the fiscal year end of Tellurian, which is (b) December 31, for the purpose of presenting pro forma condensed consolidated combined financial statements, pursuant to Rule 11-02(c)(3) of Regulation S-X, because the two fiscal years are separated by more

than 93 days. In order to conform Magellan's fiscal year end to that of Tellurian, Magellan's unaudited historical statements of operations presented in the unaudited condensed consolidated combined pro forma financial statements have been derived from the accounting records of Magellan. No adjustments were required to conform Magellan's audited historical consolidated balance sheet as of June 30, 2016.

Adjustments to reflect the cash amount (as defined in the Exchange Transaction agreement) of \$0.9 million, which was paid to Magellan at closing of the Exchange Transaction and takes into account the \$0.6 million that Magellan (c) borrowed from One Stone on April 15, 2016 under a Secured Promissory Note. The cash amount represents the loss from operations of Nautilus Poplar LLC from the September 30, 2015 effective date of the Exchange Transaction, adjusted for certain transaction costs and other amounts paid by Magellan prior to closing.

Adjustments to reflect the transaction costs related to the Exchange Transaction of \$0.5 million, which were paid at (d) closing on August 1, 2016.

Adjustments to reflect the pro forma effect of the cash proceeds of \$0.6 million and the \$0.9 million value of the (e) 50.9 million shares of UKOG received at closing of the Weald ATA on August 11, 2016.

Adjustments to reflect the elimination of the assets and liabilities held for sale of Nautilus Poplar LLC and Utah (f) CO2 LLC and the elimination of the preferred stock, related dividends and adjustments to redemption value related to the Exchange Transaction.

Adjustments to reflect the pro forma effects of the elimination of the assets and liabilities held for sale related to (g) the Weald ATA.

Adjustments to reflect the pro forma effect of the removal of collateral held by Magellan for certain surety bonds (h) that were transferred to One Stone at closing of the Exchange Transaction.

Adjustments to reflect the pro forma effect of the removal of accrued director fees for the One Stone directors, (i) which were forgiven at the closing of the Exchange Transaction.

Unless otherwise noted, adjustments to reflect the elimination of Magellan's total equity, the estimated value of consideration to be paid in the Merger and to adjust, where required, the historical book values of Magellan's assets and liabilities as of June 30, 2016 to the preliminary estimated fair value, in accordance with the acquisition method (j) of accounting. The preliminary valuations were determined as of September 23, 2016 and, where applicable, are based on the 15-day volume weighted average share price of Magellan's common stock. At Merger closing, the fair value of the consideration given and assets and liabilities acquired will be determined based on the underlying fair values as of that date.

The estimated fair value of the consideration to be transferred, assets acquired, and liabilities assumed is described below (in thousands):

Purchase Consideration:

Common stock ⁽¹⁾	\$33,964
Stock options exercisable ⁽²⁾	1,502
Restricted stock ⁽³⁾	24
Net purchase consideration to be allocated	\$35,490

Estimated Fair Value of Assets Acquired⁽⁴⁾:

Cash	\$3,211
Securities available for sale	1,801
Other current assets	2,103
Unproved properties	12,500
Wells in progress	337
Land, buildings and equipment, net	86
Other long-term assets	19
Total assets acquired	20,057

Estimated Fair Value of Liabilities Assumed:

Accounts payable, accrued and other liabilities	4,243
Notes payable	158
Total liabilities assumed	4,401

Total net assets acquired	15,656
---------------------------	--------

Goodwill as a result of the Merger	\$19,834
------------------------------------	----------

- 5.9796 million shares of Magellan common stock were effectively transferred in connection with the Merger.
- (1) Those shares were valued at \$5.68 per share, which was Magellan's 15-day volume weighted average share price.
- (2) Magellan's 0.47 million stock options were valued using the Black-Scholes model.
- (3) 0.004 million restricted shares will vest as a result of the change-in-control event. Those restricted shares were valued at \$5.68 per share, which was Magellan's 15-day volume weighted average share price.
- (4) Includes a \$21.1 million deferred tax asset, with an offsetting \$21.1 million valuation allowance.

Adjustments to reflect approximately \$1.28 million in employee severance and retention costs and \$4.83 million in legal and advisory transaction fees directly related to the Merger that were not reflected in the historical financial (k) statements. \$2.25 million of the legal and advisory costs are payable to Petrie in approximately 0.4 million shares as a success fee related to the Merger. As these costs are non-recurring in nature, they have only been reflected within the pro forma balance sheet.

- Adjustments to reflect the recapitalization of Magellan upon closing of the Merger, after which, approximately 139.2 million shares of common stock with a par value of \$0.01 per share will be outstanding. In accordance with the acquisition method of accounting, Tellurian's existing common stock and capital in excess of par value, including amounts presented for the Tellurian Equity Offerings, less the par value of the combined company's common stock outstanding subsequent to the Merger (excluding shares attributable to the Petrie success fee) will be (1) reclassified to capital in excess of par value of the combined company. The effects of the 0.4 million shares attributable to the Petrie success fee have been adjusted for in footnote (k) above. Additionally, Tellurian Investments' accumulated deficit will be carried forward to the accumulated deficit of the combined company subsequent to the Merger. A reconciliation of the pro forma adjustment to capital in excess of par of the combined company is included below.

Calculation of adjustment to capital in excess of par to reclassify Tellurian equity:

Tellurian common stock ¹	\$ 101
Tellurian capital in excess of par ¹	69,388
Total Tellurian common stock and capital in excess of par	69,489
Less par value of the combined company's shares outstanding subsequent to the Merger	(1,388)
Adjustment to capital in excess of par	\$68,101

¹ Represents the total of the amounts presented in Tellurian Historical and Tellurian Equity Offerings

A reconciliation of Magellan common shares outstanding as of June 30, 2016 to the combined company's common stock outstanding following the Merger is included below.

Magellan common stock outstanding as of June 30, 2016	5,880
Magellan common stock to be issued to Tellurian as a result of the Merger ¹	132,770
Directors' awards	100

- (m) Tellurian Investments' operating expenses in the unaudited condensed consolidated combined statement of operations for the six months ended June 30, 2016 has been disaggregated and reclassified into the engineering expense and other operating expenses line items.
- (n) Adjustments to reflect the pro forma effect of an increase in compensation expense associated with the addition of three new directors. The addition of the new directors was directly attributable to the Merger.
- (o) Adjustments to reflect the incremental salary of an employee of Magellan that will be retained as an employee of the combined company as a direct result of the Merger.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth in this Agreement and intending to be legally bound hereby, the Parties agree as follows:

ARTICLE I

The Merger

Section 1.1 The Merger. At the Effective Time, upon the terms and subject to satisfaction or valid waiver of the conditions set forth in this Agreement, and in accordance with the DGCL, Merger Sub shall be merged with and into Tellurian. As a result of the Merger, the separate corporate existence of Merger Sub shall cease and Tellurian shall continue as the corporation surviving the Merger (the “Surviving Corporation”).

Section 1.2 Closing. Upon the terms and subject to the conditions of this Agreement, the closing of the Merger (the “Closing”) shall take place on a day that is a Business Day (a) at the offices of Magellan, no later than the second Business Day following the satisfaction of the conditions set forth in ARTICLE VII (other than (i) those conditions that are waived in accordance with the terms of this Agreement by the Party or Parties for whose benefit such conditions exist and (ii) any such conditions that, by their terms, are not capable of being satisfied until the Closing) or (b) at such other place, time and/or date as the Parties may otherwise agree; provided, however, that this Agreement may be terminated pursuant to and in accordance with Section 7.1 such that the Parties shall not be required to effect the Closing. The date upon which the Closing shall occur is referred to herein as the “Closing Date.”

Section 1.3 Effective Time. Subject to the provisions of this Agreement, at the Closing, Magellan, Tellurian and Merger Sub shall cause a certificate of merger (the “Certificate of Merger”) to be executed, acknowledged and filed with the Secretary of State of Delaware in accordance with the relevant provisions of the DGCL and shall make all other filings or recordings required by the DGCL. The Merger will become effective at such time as the Certificate of Merger has been duly filed with the Secretary of State of Delaware or at such later date or time as may be agreed by Magellan and Tellurian in writing and specified in the Certificate of Merger in accordance with the DGCL (the effective time of the Merger being hereinafter referred to as the “Effective Time”).

Section 1.4 Effect of the Merger. At the Effective Time, the effect of the Merger shall be as provided in this Agreement and the applicable provisions of the DGCL. Without limiting the generality of the foregoing, at the Effective Time, all the property, rights, privileges, immunities, powers, franchises, licenses and authority of Tellurian and Merger Sub shall vest in the Surviving Corporation, and all debts, liabilities, obligations, restrictions and duties of Tellurian and Merger Sub shall become the debts, liabilities, obligations, restrictions and duties of the Surviving Corporation.

Section 1.5 Certificate of Incorporation; Bylaws. At the Effective Time, and pursuant to the Certificate of Merger, Article Fourth of the certificate of incorporation of Tellurian, as in effect on the date hereof, shall be amended to reduce the number of authorized shares to five thousand (5000) shares of Common Stock, and, as so amended, shall be the certificate of incorporation of the Surviving Corporation, until thereafter amended as provided therein and by applicable Law. At the Effective Time, the bylaws of Merger Sub in effect immediately prior to the Effective Time shall be the bylaws of the Surviving Corporation, until thereafter amended as provided therein and by applicable Law.

Section 1.6 Directors and Officers. The directors of Tellurian immediately prior to the Effective Time shall be the directors of the Surviving Corporation, each to hold office in accordance with the certificate of incorporation and bylaws of the Surviving Corporation. The officers of the Surviving Corporation shall be designated by Tellurian prior to the Effective Time, each to hold office in accordance with the certificate of incorporation and bylaws of the Surviving Corporation.

Section 1.7 Directors and Officers of Magellan. Prior to the Effective Time, Magellan shall take all necessary corporate action to appoint, effective immediately after the Effective Time, (a) three (3) members of the current Tellurian Board and two (2) other persons designated by Tellurian and (b) the persons designated by Tellurian as officers of Magellan.

ARTICLE II

Conversion of Securities; Exchange of Certificates

Section 2.1 Conversion of Securities. At the Effective Time, by virtue of the Merger and without any action on the part of Magellan, Merger Sub, Tellurian or any of their stockholders, the following shall occur:

(a) **Conversion Generally.** Each share of common stock of Tellurian, par value \$0.001 per share (“Tellurian Stock”), issued and outstanding immediately prior to the Effective Time (other than any shares of Tellurian Stock to be canceled pursuant to Section 2.1(b)), shall be converted into the right to receive 1.300 (the “Exchange Ratio”) shares of Magellan Stock (the “Magellan Shares” or the “Merger Consideration”). All shares of Tellurian Stock that have been converted into the right to receive the Merger Consideration as provided in this Section 2.1(a) shall as of the Effective Time no longer be outstanding and shall automatically be canceled and retired and shall cease to exist, and each Certificate and each Book-Entry Share which immediately prior to the Effective Time represented such shares shall thereafter represent only the right to receive the Merger Consideration therefor in accordance with the terms of this Agreement. Certificates and Book-Entry Shares previously representing shares of Tellurian Stock (other than any shares of Tellurian Stock to be canceled pursuant to Section 2.1(b)) shall be exchanged for the Merger Consideration, without interest, upon the surrender of such Certificates or Book-Entry Shares in accordance with the provisions of Section 2.3.

(b) **Cancellation of Certain Shares.** Each share of Tellurian Stock held (i) by Magellan, Merger Sub, any Subsidiary of Magellan or Merger Sub, (ii) in the treasury of Tellurian, or (iii) by any Subsidiary of Tellurian immediately prior to the Effective Time shall be automatically canceled and retired and shall cease to exist, and no consideration shall be delivered in exchange therefor.

(c) **Merger Sub.** Each share of common stock, par value \$0.01 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into and become one newly issued, fully paid and non-assessable share of common stock of the Surviving Corporation so that, after the Effective Time, Magellan shall be the holder of all of the issued and outstanding shares of the Surviving Company’s common stock.

(d) **Change in Shares.** If between the date of this Agreement and the Effective Time the outstanding shares of Tellurian Stock or Magellan Stock, or securities convertible or exchangeable into or exercisable for shares of Tellurian Stock or Magellan Stock, shall have been changed into a different number of shares or a different class in accordance with this Agreement, by reason of any stock dividend (excluding, for the avoidance of doubt, cash dividends), subdivision, reclassification, recapitalization, split, reverse split, combination, conversion, exchange of shares or any other similar transaction, the Exchange Ratio shall be correspondingly adjusted to reflect such stock dividend, subdivision, reclassification, recapitalization, split, reverse split, combination, exchange of shares or other similar transaction.

Section 2.2 Treatment of Equity Compensation Awards. Immediately prior to the Effective Time, each restricted share of Tellurian Stock (the “Tellurian Restricted Stock”) granted and then outstanding under the Tellurian 2016 Omnibus Incentive Plan and any associated Restricted Stock Agreements and Notices of Grant shall, without any action on the part of the holder thereof, Tellurian, Magellan or Merger Sub, be converted into 1.300 shares of comparable restricted stock of Magellan.

Section 2.3 Exchange of Certificates.

(a) **Exchange Agent.** Prior to the Closing Date, Magellan shall appoint an exchange agent reasonably acceptable to Tellurian (the “Exchange Agent”) for the purpose of exchanging shares of Tellurian Stock for Merger Consideration. Prior to the Effective Time, Magellan shall make available to the Exchange Agent, for the benefit of the holders of shares of Tellurian Stock, shares of Magellan Stock and, if applicable, cash in an amount equal to the aggregate Merger Consideration to be paid pursuant to this ARTICLE II (the certificates representing the shares of Magellan Stock comprising such aggregate Merger Consideration and, if applicable, cash in lieu of fractional shares, being referred to hereinafter as the “Stock Merger Exchange Fund”). The Exchange Agent shall, pursuant to irrevocable

instructions, deliver the Merger Consideration out of the Stock Merger Exchange Fund. The Stock Merger Exchange Fund shall not be used for any purpose other than as set forth in this Agreement.

(b) Exchange Procedures. Promptly following the Effective Time, the Exchange Agent shall mail to each holder of record of a certificate or certificates which immediately prior to the Effective Time represented outstanding shares of Tellurian Stock (the "Certificates") or of non-certificated shares of Tellurian Stock represented by book-entry ("Book-Entry Shares") (i) a letter of transmittal in form approved by Tellurian prior to the Effective Time, and (ii) instructions for use in effecting the surrender of Certificates (or affidavits of loss in lieu thereof) or Book-Entry Shares in exchange for the Merger Consideration. Upon surrender of Certificates (or affidavits of loss and, if reasonably requested by Magellan, appropriate bonds in lieu thereof), or in the case of Book-Entry Shares, upon adherence to the applicable procedures set forth in the letter of transmittal, for cancellation to the Exchange Agent together with such letter of transmittal, properly completed and duly executed in accordance with the instructions thereto, and such other documents as may be reasonably required by the Exchange Agent or pursuant to such instructions, the holder of such Certificates or Book-Entry Shares shall be entitled to receive in exchange therefor the Merger Consideration, without interest, allocable to such Certificates or Book-Entry Shares, and the Certificates or Book-Entry Shares so surrendered shall forthwith be canceled. In the event of a transfer of ownership of shares of Tellurian Stock which is not registered in the transfer records of Tellurian, the Merger Consideration may be issued to a transferee if the Certificate representing such shares of Tellurian Stock is presented to the Exchange Agent (or in the case of Book-Entry Shares, upon adherence to the applicable procedures set forth in the letter of transmittal), accompanied by all documents required to evidence and effect such transfer and by evidence that any applicable stock transfer Taxes have been paid. Until surrendered as contemplated by this Section 2.3, each Certificate and each Book-Entry Share shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the Merger Consideration allocable to such Certificates or Book-Entry Shares. No dividends or other distributions with respect to Magellan Stock issued in the Merger having a record date after the Effective Time and payable to the holders of record thereof after the Effective Time will be paid to Persons entitled by reason of the Merger to receive Magellan Stock until such Persons surrender their Certificates (or in the case of Book-Entry Shares, upon adherence to the applicable procedures set forth in the letter of transmittal) as provided in this Section 2.3(b). Upon such surrender, there shall be paid to the Person in whose name the Merger Consideration is issued any dividends or other distributions having a record date after the Effective Time and payable with respect to such Magellan Stock between the Effective Time and the time of such surrender. After such surrender, at the appropriate payment date, there shall be paid to the Person in whose name the Merger Consideration is issued any dividends or other distributions on such Magellan Stock with a payment date after such surrender which shall have a record date after the Effective Time. In no event shall the Persons entitled to receive such dividends or other distributions be entitled to receive interest on such dividends or other distributions.

(c) Further Rights in Tellurian Stock. All Merger Consideration paid in accordance with the terms hereof shall be deemed to have been issued in full satisfaction of all rights pertaining to such shares of Tellurian Stock.

(d) Termination of Stock Exchange Fund. Any portion of the Stock Merger Exchange Fund (including any interest received with respect thereto) which remains undistributed to the holders of Tellurian Stock on the day that is six months after the Effective Time shall be delivered to Magellan upon demand, and any holders of Tellurian Stock who have not theretofore complied with this ARTICLE II shall thereafter look only to Magellan (subject to abandoned property, escheat or other similar Laws) for payment of the Merger Consideration, without any interest thereon.

(e) No Liability. Neither the Exchange Agent nor any of the Parties shall be liable to any holder of shares of Tellurian Stock entitled to payment of the Merger Consideration under this ARTICLE II for any Merger

Consideration (including any interest or cash in lieu of fractional shares) from the Stock Merger Exchange Fund properly delivered to a public official pursuant to any abandoned property, escheat or similar Law. The Exchange Agent shall not be entitled to vote or exercise any rights of ownership with respect to the Magellan Stock held by it from time to time hereunder, except that it shall receive and hold all dividends or other distributions paid or distributed with respect to such Magellan Stock for the account of the Persons entitled thereto.

(f) Lost Certificates. If any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed in the form required by the Exchange Agent and, if reasonably required by Magellan, the posting by such Person of a bond, in such reasonable and customary amount as Magellan may direct, as indemnity against any claim that may be made with respect to such lost, stolen or destroyed Certificate, the Exchange Agent will issue in exchange for such lost, stolen or destroyed Certificate the applicable Merger Consideration without any interest thereon.

(g) Withholding. Each of Magellan, the Surviving Corporation and the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of Tellurian Stock such amounts as Magellan, the Surviving Corporation, or the Exchange Agent are required to deduct and withhold under the Code, or any applicable provision of state, local or foreign Tax Law, with respect to the making of such payment. To the extent that amounts are so withheld by Magellan, the Surviving Corporation, or the Exchange Agent and paid over to the applicable Governmental Authority, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of Tellurian Stock in respect of whom such deduction and withholding was made by Magellan, the Surviving Corporation or the Exchange Agent, as the case may be.

Section 2.4 Fractional Shares. If a holder of shares of Tellurian Stock is entitled to receive any fractional share of Magellan Stock based on application of the Exchange Ratio to the total number of shares of Tellurian Stock held by such holder immediately prior to the Effective Time, such holder will be entitled to receive, at Tellurian's option, either (i) such fractional share or (ii) cash in lieu of such fractional shares based on the closing price of Magellan Stock on Nasdaq on the trading day immediately preceding the Effective Time multiplied by the Exchange Ratio.

Section 2.5 Stock Transfer Books. At the Effective Time, the stock transfer books of Tellurian shall be closed and thereafter there shall be no further registration of transfers of shares of Tellurian Stock outstanding on the records of Tellurian prior to the Effective Time. From and after the Effective Time, the holders of Certificates and Book-Entry Shares shall cease to have any rights with respect to the shares of Tellurian Stock represented thereby except as otherwise provided herein or by Law. From and after the Effective Time, any Certificates presented to the Exchange Agent, Magellan or the Surviving Corporation for transfer or any other reason shall be canceled and exchanged for the applicable Merger Consideration as provided in, and in accordance with, this ARTICLE II.

ARTICLE III

The Magellan Board, at a meeting duly called and held, has duly and unanimously adopted resolutions (A) approving this Agreement and the transactions contemplated hereby, (B) declaring this Agreement and the transactions contemplated hereby advisable and (C) recommending that the Magellan Stockholders adopt this Agreement. As of the date of this Agreement, such resolutions have not been amended or withdrawn.

Except for the receipt of the Magellan Stockholder Approval and as otherwise indicated in Section 3.4 of the Magellan Disclosure Schedule, the execution, delivery and performance by Magellan and Merger Sub of this Agreement and the consummation by Magellan and Merger Sub of the transactions contemplated hereby do not and will not (i) conflict with or result in a violation of any provision of the Magellan Organizational Documents or the organizational documents of any Subsidiary of Magellan, (ii) materially conflict with or result in a material violation of any provision of, or constitute (with or without the giving of notice or the passage of time or both) a material default under, or give rise (with or without the giving of notice or the passage of time or both) to any right of termination, cancellation or acceleration under, any bond, debenture, note, mortgage, indenture, lease, contract, agreement or other instrument or obligation to which Magellan or any of its Subsidiaries is a party or by which Magellan, any of its Subsidiaries or any of their properties may be bound, (iii) result in the creation or imposition of any material Encumbrance upon the properties of Magellan or any of its Subsidiaries, except for Permitted Encumbrances and Encumbrances set forth in Section 3.4 of the Magellan Disclosure Schedule or (iv) assuming compliance with the matters referred to in Section 3.6, violate, in any material respect, any applicable Law binding upon Magellan or any of its Subsidiaries.

Neither Magellan nor any of its Subsidiaries has any material liability or obligation of any nature (whether accrued, absolute, contingent, unliquidated or otherwise) that would be required to be set forth on a balance sheet of Magellan prepared in accordance with GAAP, except (i) liabilities reflected in the latest unaudited interim financial statements of Magellan filed with the SEC on Form 10-Q for the quarter ended March 31, 2016 (the “Magellan Interim Financial Statements”), (ii) liabilities which have arisen since the date of the Magellan Interim Financial Statements in the ordinary course of business (none of which is a material liability for breach of contract, tort or infringement), (iii) liabilities arising under executory provisions of contracts entered into in the ordinary course of business (none of which is a material liability for breach of contract) and (iv) liabilities disclosed in Section 3.8 of the Magellan Disclosure Schedule. At the Effective Time, neither Magellan nor any of its Subsidiaries will have any short-term or long-term debt for borrowed money outstanding, except as disclosed in Section 3.8 of the Magellan Disclosure Schedule.

Section 3.9 Absence of Certain Changes. Section 3.10 Title to Properties; Encumbrances. Section 3.10 of the Magellan Disclosure Schedule contains a complete and accurate list of all material real property, leaseholds, or other interests therein owned by Magellan and any of its Subsidiaries. All material properties and assets reflected in the Magellan Balance Sheet and the Magellan Interim Balance Sheet are free and clear of all material Encumbrances and are not, in the case of real property, subject to any rights of way, building use restrictions, exceptions, variances, reservations, or limitations of any nature except, with respect to all such properties and assets, (a) mortgages or security interests shown on the Magellan Balance Sheet or the Magellan Interim Balance Sheet as securing specified liabilities or obligations, with respect to which no default (or event that, with notice or lapse of time or both, would constitute a default) exists, (b) mortgages or security interests incurred in connection with the purchase of property or assets after the date of the Magellan Interim Balance Sheet (such mortgages and security interests being limited to the property or assets so acquired), with respect to which no default (or event that, with notice or lapse of time or both, would constitute a default) exists, (c) liens for current Taxes not yet due, and (d) with respect to real property, (i) minor imperfections of title, if any, none of which is substantial in amount, materially detracts from the value or impairs the use of the property subject thereto, or impairs the operations of Magellan or any of its Subsidiaries, and (ii) zoning Laws and other land use restrictions that do not impair the present or anticipated use of the property subject thereto. All buildings, plants, and structures owned by Magellan and any of its Subsidiaries lie wholly within the boundaries of the real property owned by Magellan and any of its Subsidiaries and do not encroach upon the property of, or otherwise conflict with the property rights of, any other Person.

Section 3.11 Compliance with Laws. Except as disclosed in Section 3.11 of the Magellan Disclosure Schedule, Magellan and its Subsidiaries have complied in all material respects with all applicable Laws, except Applicable Environmental Laws which are specifically addressed in Section 3.16, relating to any aspect of the business of Magellan and its Subsidiaries. (a) All material Tax Returns of Magellan and its Subsidiaries have been timely filed (taking into account applicable extensions of time to file) with the appropriate Taxing Authority and all such Tax Returns are true, correct and complete in all material respects. All material Taxes due and owing by Magellan and its Subsidiaries have been paid and all such Taxes incurred but not yet due and owing have either been paid or properly accrued on the books and records of Magellan in accordance with U.S. generally accepted accounting principles and on the books and records of its Subsidiaries in accordance with generally accepted accounting principles in effect in the domicile of each Subsidiary.

Magellan's Knowledge, threatened with respect to Magellan or any of its Subsidiaries in respect of any Tax. No issue has been raised by a Taxing Authority in any prior action or examination of Magellan or any of its Subsidiaries which, by application of the same or similar principles, could reasonably be expected to result in a proposed deficiency for any subsequent taxable period. No claim has been made in writing by any Governmental Authority in a jurisdiction where Magellan or any of its Subsidiaries does not file Tax Returns that Magellan or any of its Subsidiaries is, or may be, subject to taxation by that jurisdiction.

(d) There are no Encumbrances for Taxes on any of the assets of Magellan or any of its Subsidiaries. There are no Encumbrances for Taxes, other than Encumbrances with respect to current period Taxes not yet due or payable, on any of the assets of Magellan or any of its Subsidiaries.

(e) None of Magellan or any of its Subsidiaries is a party to, or subject to, any Tax sharing or similar agreement, Tax indemnity obligation or similar agreement, or other agreement or arrangement (whether or not written) with respect to Taxes that could affect the Tax liability of Magellan or any of its Subsidiaries. Magellan and its Subsidiaries have no liability for Taxes of any other Person under Treasury Regulations Section 1.1502-6 (or similar provision of state, local or non-U.S. law) as a transferee or successor, by contract or otherwise.

(xi) adopt a plan or agreement of complete or partial liquidation, dissolution, restructuring, recapitalization, merger, consolidation or other reorganization;

- (xii) fail to use commercially reasonable efforts to maintain, with financially responsible insurance companies, insurance in such amounts and against such risks and losses as is maintained by it at present;
- (xiii) except as provided under any agreement entered into prior to the date of this Agreement and disclosed in the Magellan Disclosure Schedule or the Tellurian Disclosure Schedule, as applicable, pay, discharge, waive, settle or satisfy any Claim seeking damages or injunction or other equitable relief, that would, (A) require the payment of monetary damages or (B) involve any injunctive or other non-monetary relief which, in either case, imposes material restrictions on the business operations of Magellan or Tellurian or any of their respective Subsidiaries, in each case, without the consultation and consent of the other Parties, which consent shall not be unreasonably withheld, delayed or conditioned; or
- (xiv) agree, in writing or otherwise, to take any of the foregoing actions, or take any action or agree, in writing or otherwise, to take any action which would in any material respect impede or delay the ability of the Parties to satisfy any of the conditions to the transactions contemplated hereby, other than as permitted in Section 5.3.

Section 5.3 No Solicitation by Magellan, Etc.

- (a) Except as otherwise permitted by this Section 5.3, Magellan shall not, and shall use its best efforts to cause its directors, officers, employees, investment bankers, financial advisors, attorneys, accountants, agents and other representatives (collectively, “Representatives”) not to, directly or indirectly (i) solicit, initiate, knowingly facilitate, knowingly encourage or knowingly induce any inquiries or any proposals that constitute the submission of an Alternative Proposal, (ii) furnish any confidential information or enter into any confidentiality agreement, merger agreement, letter of intent, agreement in principle, stock purchase agreement, asset purchase agreement or exchange agreement, option agreement or other similar agreement relating to an Alternative Proposal (an “Acquisition Agreement”), or (iii) withdraw, modify or qualify, or propose publicly to withdraw, modify or qualify, in a manner adverse to Tellurian, the Magellan Board Recommendation or publicly recommend the approval or adoption of, or publicly approve or adopt, or propose to publicly recommend, approve or adopt, any Alternative Proposal (the taking of any action described in clause (iii) being referred to as an “Adverse Recommendation Change”).
- (b) Notwithstanding anything to the contrary contained in Section 5.3(a), if at any time prior to obtaining the Magellan Stockholder Approval, (i) Magellan has received an Alternative Proposal that the Magellan Board believes is bona fide, (ii) the Magellan Board, after consultation with its financial advisors and outside legal counsel, determines in good faith that such Alternative Proposal constitutes or could reasonably be expected to lead to or result in a Superior Proposal and (iii) such Alternative Proposal did not result from a material breach of this Section 5.3, then Magellan may (A) furnish information, including any non-public information, with respect to Magellan and its Subsidiaries to the Person making such Alternative Proposal, and (B) participate in discussions or negotiations regarding such Alternative Proposal; provided that (x) Magellan shall not, and shall use reasonable best efforts to cause its Representatives not to, disclose any non-public information to such Person unless Magellan has, or first enters into, a customary confidentiality agreement with such Person with confidentiality provisions that are not less restrictive to such Person than the provisions of the Confidentiality Agreement are to Tellurian and (y) Magellan shall provide to Tellurian any non-public information with respect to Magellan and its Subsidiaries that was not previously provided or made available to Tellurian prior to or substantially concurrently with providing or making available such non-public information to such other Person.
- (c) In addition to the other obligations of Magellan set forth in this Section 5.3, Magellan shall promptly advise Tellurian, orally and in writing, and in no event later than five (5) Business Days after receipt, if any

proposal, offer, inquiry or other contact is received by, any information is requested from, or any discussions or negotiations are sought to be initiated with, Magellan in respect of any Alternative Proposal, and shall, in any such notice to Tellurian, indicate the identity of the Person making such proposal, offer, inquiry or other contact and the terms and conditions of any proposals or offers or the nature of any inquiries or contacts (and shall include with such notice copies of any written materials received from or on behalf of such Person relating to such proposal, offer, inquiry or request), and thereafter shall promptly keep Tellurian reasonably informed of all material developments affecting the status and terms of any such proposals, offers, inquiries or requests (and Magellan shall promptly provide Tellurian with copies of any additional written materials received by Magellan or that Magellan has delivered to any third party making an Alternative Proposal that relate to such proposals, offers, inquiries or requests) and of the status of any such discussions or negotiations.

(d) Notwithstanding the foregoing, if Magellan receives a written Alternative Proposal that the Magellan Board believes is bona fide and the Magellan Board, after consultation with its financial advisors and outside legal counsel, concludes that such Alternative Proposal constitutes a Superior Proposal, then the Magellan Board may, at any time prior to obtaining the Magellan Stockholder Approval, if it determines in good faith, after consultation with outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties under applicable Law, effect an Adverse Recommendation Change and/or enter into an Acquisition Agreement; provided, however, that Magellan shall not be entitled to exercise its right to make any Adverse Recommendation Change in response to a Superior Proposal or execute or enter into an Acquisition Agreement for a Superior Proposal until five (5) Business Days after Magellan provides written notice to Tellurian (a “Magellan Notice”) advising Tellurian that the Magellan Board or a committee thereof has received a Superior Proposal, specifying the material terms and conditions of such Superior Proposal, and identifying the Person or group making such Superior Proposal and, at the request of Tellurian, Magellan shall negotiate in good faith with Tellurian during such five (5) Business Day period, with respect to any alternative transaction (including any modifications to the terms of this Agreement) that would allow the Magellan Board not to make such Adverse Recommendation Change consistent with its fiduciary duties (it being understood that any change in the financial or other material terms of a Superior Proposal shall require a new Magellan Notice and a new five (5) Business Day period under this Section 5.3(d)); and provided, further, that Magellan shall not be entitled to exercise its right to make any Adverse Recommendation Change in response to a Superior Proposal or execute or enter into an Acquisition Agreement for a Superior Proposal unless Magellan and its Representatives have complied with the provisions of Section 5.3(a).

(e) For purposes of this Agreement:

(i) “Alternative Proposal” means any inquiry, proposal or offer from any Person or “group” (as defined in Section 13(d) of the Exchange Act), other than Tellurian, relating to any (A) direct or indirect acquisition (whether in a single transaction or a series of related transactions) of beneficial ownership (within the meaning of Section 13 under the Exchange Act) of twenty percent (20%) or more of any class of equity securities of Magellan, or (B) merger, consolidation, unit exchange, share exchange, business combination, recapitalization, liquidation, dissolution or similar transaction involving Magellan that is structured to permit such Person or group to acquire beneficial ownership of at least twenty percent (20%) of the equity interests of Magellan; in each case, other than the transactions contemplated hereby.

(ii) “Superior Proposal” means a bona fide written Alternative Proposal, obtained after the date of this Agreement and not in breach of this Section 5.3, which is on terms and conditions which the Magellan Board determines in good faith, after consultation with its financial advisors and outside legal counsel, taking into account all legal, financial, regulatory, timing and other aspects of the proposal, all conditions contained therein and the Person making the proposal, to be more favorable to the Magellan Stockholders

from a financial point of view than the transactions contemplated hereby (after giving effect to any adjustments to the terms and provisions of this Agreement committed to in writing by Tellurian in response to such Alternative Proposal); provided, that, for purposes of this definition of “Superior Proposal,” the term “Alternative Proposal” shall have the meaning assigned to such term in (i), except that the reference to “20%” in the definition of “Alternative Proposal” shall be deemed to be a reference to “50%.”

(f) Notwithstanding anything in this Section 5.3 to the contrary, the Magellan Board may, at any time prior to obtaining the Magellan Stockholder Approval, effect an Adverse Recommendation Change in response to an Intervening Event if the Magellan Board concludes in good faith, after consultation with outside counsel and its financial advisors, that the failure to take such action would be inconsistent with its fiduciary duties under applicable Law; provided, however, that Magellan shall provide Tellurian with five (5) Business Days’ prior written notice advising Tellurian it intends to effect an Adverse Recommendation Change and specifying, in reasonable detail, the reasons therefor (including the material facts and circumstances related to the applicable Intervening Event), and during such five (5) Business Day period, Magellan shall consider in good faith any proposal by Tellurian to amend the terms and conditions of this Agreement in a manner that would allow the Magellan Board not to make such Adverse Recommendation Change consistent with its fiduciary duties. The term “Intervening Event” means, with respect to Magellan, a material event or circumstance that arises or occurs after the date of this Agreement and was not, prior to the date of this Agreement, reasonably foreseeable by the Magellan Board; provided, however, that none of the items in subsections (i) – (vii) set forth in the definition of “Material Adverse Effect” shall be deemed to be an Intervening Event.

(g) Nothing contained in this Agreement shall prevent Magellan or the Magellan Board from issuing a “stop, look and listen” communication pursuant to Rule 14d-9(f) under the Exchange Act or complying with Rule 14d-9 and Rule 14e-2 under the Exchange Act or other applicable Law with respect to an Alternative Proposal if the Magellan Board determines in good faith (after consultation with outside legal counsel) that the failure to take such action would be reasonably likely to be inconsistent with its fiduciary duties under applicable Law; provided that any Adverse Recommendation Change may only be made in accordance with Section 5.3(d) and (f). For the avoidance of doubt, a public statement that describes Magellan’s receipt of an Alternative Proposal and the operation of this Agreement with respect thereto shall not be deemed an Adverse Recommendation Change.

Section 5.4 Commercially Reasonable Efforts.

(a) Subject to the terms and conditions of this Agreement (including Section 5.3 and Section 5.4(c)), each of Magellan and Tellurian shall cooperate with the other and use (and shall cause any of their respective Subsidiaries to use) its commercially reasonable efforts to (i) take, or cause to be taken, all actions, and do, or cause to be done, all things, necessary, proper or advisable to cause the conditions to the Closing to be satisfied as promptly as practicable (and in any event no later than the Outside Date) and to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated hereby, including preparing and filing promptly and fully all documentation to effect all necessary filings, notifications, notices, petitions, statements, registrations, submissions of information, applications and other documents (including any required or recommended filings under applicable Antitrust Laws), (ii) obtain promptly (and in any event no later than the Outside Date) all approvals, consents, clearances, expirations or terminations of waiting periods, registrations, permits, authorizations and other confirmations from any Governmental Authority or third party necessary, proper or advisable to consummate the transactions contemplated hereby, (iii) defend any lawsuits or other Proceedings challenging this Agreement or the consummation of the transactions contemplated hereby and (iv) obtain all necessary consents, approvals or waivers from third parties. For purposes of this Agreement, “Antitrust Laws” means the Sherman Act, the Clayton Act, the HSR Act, the Federal Trade Commission Act, and all other applicable Laws issued by a Governmental Authority that are designed or intended

to prohibit, restrict or regulate actions having the purpose or effect of monopolization or restraint of trade or lessening of competition.

(b) In furtherance and not in limitation of the foregoing, each of Magellan and Tellurian shall use its commercially reasonable efforts to (i) take all action necessary to ensure that no state takeover statute or similar applicable Law is or becomes applicable to any of the transactions contemplated hereby and (ii) if any state takeover statute or similar applicable Law becomes applicable to any of the transactions contemplated hereby, take all action necessary to ensure that such transaction may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise minimize the effect of such applicable Law on the transaction.

(c) Magellan and Tellurian (including by causing any of their respective Subsidiaries) agree to use their reasonable best efforts to (i) resolve any objections that a Governmental Authority or other Person may assert under any Antitrust Law with respect to the transactions contemplated hereby, and (ii) avoid or eliminate each and every impediment under any Antitrust Law that may be asserted by any Governmental Authority with respect to the transactions contemplated hereby, in each case, so as to enable the Closing to occur as promptly as practicable and in any event no later than the Outside Date.

(d) On or prior to the fifth (5th) day prior to Closing, Magellan shall provide or make available to Tellurian or its Representatives (i) the organizational documents, including certificate of incorporation, bylaws, operating agreement, partnership agreement, shareholders agreement, or other document governing interests of Magellan in any Person set forth on Section 3.2(d) of the Magellan Disclosure Schedule, (ii) copies of the deeds and other recorded instruments by which Magellan and any of its Subsidiaries acquired real properties and interests set forth on Section 3.10 of the Magellan Disclosure Schedule, and (iii) a list of any Employee Benefits Plans sponsored or maintained with respect to Magellan's current or former employees, managers, directors of other service providers which has not previously been set forth on Section 3.20 of the Magellan Disclosure Schedule.

Section 5.5 Public Announcements. The initial press release with respect to the execution of this Agreement shall be prepared by Magellan and shall not be issued without Tellurian's consent, which will not be unreasonably withheld or delayed. Thereafter, no Party shall issue or cause the publication of any press release or other public announcement (except to the extent made in accordance with this Agreement) with respect to this Agreement or the transactions contemplated hereby without the prior consent of the other Parties (which consent shall not be unreasonably withheld or delayed), except as may be required by applicable Law or by any applicable Nasdaq rules as determined in the good faith judgment of such Party (provided that such Party uses reasonable best efforts to afford the other Parties an opportunity to first review the content of the proposed disclosure and provide reasonable comment regarding the same); provided, however, that Magellan shall not be required by this Section 5.5 to consult with any other Party with respect to a public announcement in connection with (i) the receipt and existence of an Alternative Proposal that the Magellan Board believes is bona fide, (ii) an Adverse Recommendation Change and (iii) matters related thereto, but nothing in this proviso shall limit any obligation of Magellan under Section 5.3(c) to advise and inform Tellurian; provided, further, that each Party and its respective Affiliates may make statements that are consistent with statements made in previous press releases, public disclosures or public statements made by Magellan or Tellurian in compliance with this Section 5.5.

Section 5.6 Access to Information; Confidentiality Agreement. Upon reasonable notice and subject to applicable Laws relating to the exchange of information, each Party shall, and shall cause any of its respective Subsidiaries to, afford to the other Parties and their Representatives reasonable access to, during normal business hours (and, with respect to books and records, the right to copy) all of its and any of its respective Subsidiaries' properties, commitments, books, contracts, records and correspondence (in each case, whether in physical or electronic form),

officers, employees, accountants, counsel, financial advisors and other Representatives. Except for disclosures permitted by the terms of the Confidentiality Agreement, each Party and its respective Representatives shall hold information received from any other Party pursuant to this Section 5.6 in confidence in accordance with the terms of the Confidentiality Agreement.

Section 5.7 Notification of Certain Matters. Magellan shall give prompt notice to Tellurian, and Tellurian shall give prompt notice to Magellan, of (a) any notice or other communication received by such Party from any Governmental Authority in connection with the transactions contemplated hereby or from any Person alleging that the consent of such Person is or may be required in connection with the transactions contemplated hereby if the subject matter of such communication or the failure of such Party to obtain such consent is reasonably likely to be material to Tellurian or Magellan, as applicable, (b) any Claim commenced or, to such Party's Knowledge, threatened against, relating to or involving or otherwise affecting such Party or any of its Subsidiaries and that relate to the transactions contemplated hereby, (c) the discovery of any fact or circumstance that, or the occurrence or non-occurrence of any event the occurrence or non-occurrence of which, would result in the failure to be satisfied of any of the conditions to the Closing in ARTICLE VI and (d) any material failure of such Party to comply with or satisfy any covenant or agreement to be complied with or satisfied by it hereby which would result in the failure to be satisfied of any of the conditions to the Closing in ARTICLE VI; provided that, in the case of clauses (c) and (d), the failure to comply with this Section 5.7 shall not result in the failure to be satisfied of any of the conditions to the Closing in ARTICLE VI, or give rise to any right to terminate this Agreement under ARTICLE VII, if the underlying fact, circumstance, event or failure would not in and of itself give rise to such failure or right.

Section 5.8 Indemnification and Insurance.

(a) Without limiting any other rights that any Indemnified Person may have pursuant to any employment agreement or indemnification agreement in effect on the date hereof or otherwise, each of which has been provided or made available to Tellurian prior to the date hereof, from the Effective Time and until the six-year anniversary of the Effective Time, Magellan and the Surviving Corporation shall, jointly and severally, indemnify, defend and hold harmless each Person who is now, or has been at any time prior to the date of this Agreement or who becomes prior to the Effective Time, a director, officer or employee of Magellan or any of its Subsidiaries or who acts as a fiduciary under any Magellan Benefit Plan or any of its Subsidiaries (the "Indemnified Persons") against all losses, claims, damages, costs, fines, penalties, expenses (including attorneys' and other professionals' fees and expenses), liabilities or judgments or amounts that are paid in settlement, of or incurred in connection with any threatened or actual Proceeding to which such Indemnified Person is a party or is otherwise involved (including as a witness) based, in whole or in part, on or arising, in whole or in part, out of the fact that such Person is or was a director, officer or employee of Magellan or any of its Subsidiaries, a fiduciary under any Magellan Benefit Plan or is or was serving at the request of Magellan or any of its Subsidiaries as a director, officer, employee or agent of another corporation, partnership, limited liability company, joint venture, Magellan Benefit Plan, trust or other enterprise or by reason of anything done or not done by such Person in any such capacity, whether pertaining to any act or omission occurring or existing prior to, at or after the Effective Time and whether asserted or claimed prior to, at or after the Effective Time ("Indemnified Liabilities"), including all Indemnified Liabilities based in whole or in part on, or arising in whole or in part out of, or pertaining to, this Agreement or the Merger, other than to the extent such indemnification relates to a breach of this Agreement by Magellan or its Subsidiaries, in each case to the fullest extent permitted under applicable Law (and Tellurian and the Surviving Corporation shall, jointly and severally, pay expenses incurred in connection

therewith in advance of the final disposition of any such Proceeding to each Indemnified Person to the fullest extent permitted under applicable Law). Without limiting the foregoing, in the event any such Proceeding is brought or threatened to be brought against any Indemnified Persons (whether arising before or after the Effective Time), (i) the Indemnified Persons may retain Magellan's regularly engaged legal counsel or other counsel satisfactory to them, and Tellurian and the Surviving Corporation shall pay all reasonable fees and expenses of such counsel for the Indemnified Persons as promptly as statements therefor are received, and (ii) Tellurian and the Surviving Corporation shall use its best efforts to assist in the defense of any such matter. Any Indemnified Person wishing to claim indemnification or advancement of expenses under this Section 5.8, upon learning of any such Proceeding, shall notify the Surviving Corporation (but the failure so to notify shall not relieve a party from any obligations that it may have under this Section 5.8 except to the extent such failure materially prejudices such party's position with respect to such claims). With respect to any determination of whether any Indemnified Person is entitled to indemnification by Magellan or Surviving Corporation under this Section 5.8, such Indemnified Person shall have the right, as contemplated by the DGCL, to require that such determination be made by special, independent legal counsel selected by the Indemnified Person and approved by Tellurian or the Surviving Corporation, as applicable (which approval shall not be unreasonably withheld or delayed), and who has not otherwise performed material services for Tellurian, Surviving Corporation or the Indemnified Person within the last three (3) years.

(b) Prior to or within 90 days following the Closing Date, Magellan shall purchase "run-off" director and officer indemnification insurance to insure the existing officers and directors of Magellan for a period of six (6) years following the Closing Date in substantially the same amount as the director and officer indemnification insurance policy in existence as of the date of this Agreement.

(c) The provisions of this Section 5.8 are intended to be for the benefit of, and shall be enforceable by, the Parties and each Person entitled to indemnification or insurance coverage or expense advancement pursuant to this Section 5.8, and its heirs and representatives.

Section 5.9 Fees and Expenses. All fees and expenses incurred in connection with the transactions contemplated hereby including all legal, accounting, financial advisory, consulting and all other fees and expenses of third parties incurred by a Party in connection with the negotiation and effectuation of the terms and conditions of this Agreement and the transactions contemplated hereby, shall be the obligation of the respective Party incurring such fees and expenses.

Section 5.10 Section 16 Matters. Prior to the Closing Date, Magellan and Tellurian shall take all such steps as may be required (to the extent permitted under applicable Law) to cause any acquisitions of Magellan Stock resulting from the transactions contemplated by this Agreement by each individual who is subject to the reporting requirements of Section 16(a) of the Exchange Act, or will become subject to such reporting requirements with respect to Magellan, to be exempt under Rule 16b-3 promulgated under the Exchange Act.

Section 5.11 Employee Benefits. At Closing, the benefits payable to Magellan employees as set forth in Section 5.11 of the Magellan Disclosure Schedule shall be paid.

Section 5.12 Notice Required by Rule 14f-1 Under Exchange Act. Any notice required under Rule 14f-1 under the Exchange Act concerning the changes in the composition of the Magellan Board as herein provided shall be made on a timely basis.

Section 5.13 Listing Application. Magellan and Tellurian shall take all commercially reasonable actions necessary to cause the Magellan Stock to be eligible for continued listing on Nasdaq following the Effective Time.

Section 5.14 Tax Treatment of the Merger. For U.S. federal income tax purposes, the Parties intend that the Merger shall qualify as a reorganization within the meaning of Section 368(a) of the Code and the Treasury Regulations promulgated thereunder, and this Agreement is intended to be, and is adopted as, a “plan of reorganization” for purposes of Sections 354 and 361 of the Code and within the meaning of Treasury Regulations Sections 1.368-2(g) and 1.368-3(a).

ARTICLE VI

Conditions Precedent

Section 6.1 Conditions to Each Party’s Obligation to Effect the Merger. The respective obligations of each Party to effect the Merger shall be subject to the satisfaction (or waiver, if permissible under applicable Law) on or prior to the Closing Date of the following conditions:

- (a) Magellan Stockholder Approval. The Magellan Stockholder Approval shall have been obtained in accordance with Nasdaq rules and the Magellan Organizational Documents.
- (b) Tellurian Stockholder Approval. The Tellurian Stockholder Approval shall have been obtained in accordance with the Tellurian Organizational Documents.
- (c) No Injunctions or Restraints. No applicable Law, injunction (whether preliminary or permanent), judgment or ruling enacted, promulgated, issued, entered, amended or enforced by any Person (collectively, “Restraints”) shall be in effect enjoining, restraining, preventing or prohibiting consummation of the transactions contemplated hereby or making the consummation of the transactions contemplated hereby illegal.

Section 6.2 Conditions to Obligations of Magellan and Merger Sub to Effect the Merger. The obligation of Magellan and Merger Sub to effect the Merger is further subject to the satisfaction (or waiver, if permissible under applicable Law) on or prior to the Closing Date of the following conditions:

- (a) Representations and Warranties. (i) The representations and warranties of Tellurian contained in Section 4.1, Section 4.2, and Section 4.3 shall be true and correct in all but de minimis respects, in each case both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date); and (ii) all other representations and warranties of Tellurian set forth herein shall be true and correct both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date), except, in the case of this clause (ii), where the failure of such representations and warranties to be so true and correct (without giving effect to any limitation as to “materiality” or Material Adverse Effect set forth in any individual such representation or warranty) does not have, and could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect on Tellurian. Magellan shall have received a certificate signed on behalf of Tellurian by an executive officer of Tellurian to such effect.
- (b) Performance of Obligations. Tellurian shall have performed in all material respects all obligations required to be performed by it under this Agreement at or prior to the Closing Date, and Magellan shall have received a certificate signed on behalf of Tellurian by an executive officer of Tellurian to such effect.

Section 6.3 Conditions to Obligations of Tellurian to Effect the Merger. The obligation of Tellurian to effect the Merger is further subject to the satisfaction (or waiver, if permissible under applicable Law) on or prior to the Closing Date of the following conditions:

(a) Representations and Warranties. (i) The representations and warranties of Magellan contained in Section 3.1, Section 3.2 and Section 3.3 shall be true and correct in all but de minimis respects, in each case both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date); and (ii) all other representations and warranties of Magellan set forth herein shall be true and correct both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date), except, in the case of this clause (ii), where the failure of such representations and warranties to be so true and correct (without giving effect to any limitation as to “materiality” or Material Adverse Effect set forth in any individual such representation or warranty) does not have, and could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect on Magellan. Tellurian shall have received a certificate signed on behalf of Magellan by an executive officer of Magellan to such effect.

(b) Performance of Obligations of Magellan. Magellan shall have performed in all material respects all obligations required to be performed by it under this Agreement at or prior to the Closing Date, and Tellurian shall have received a certificate signed on behalf of Magellan by an executive officer of Magellan to such effect.

(c) Resignation of Magellan Directors and Officers. At Closing, all directors and officers of Magellan and each Magellan Subsidiary shall resign except as otherwise contemplated pursuant to Section 1.7, and Antoine Lafargue shall have released any and all contractual or similar obligations payable to him from Magellan or its Affiliates, or otherwise owing to him as a result of his services as an officer, director, agent or employee of the foregoing; provided, however, that such release shall not affect any right to indemnification and insurance as provided in Section 5.8, above; and provided, further, that the foregoing release shall be subject to receipt by Antoine Lafargue of an offer of employment by Magellan, effective as of the Effective Time, providing for terms and conditions substantially similar to those set forth on Section 6.3(c) of the Tellurian Disclosure Schedule.

(d) Effective Registration Statement. The Registration Statement shall have been declared effective by the SEC under the Securities Act and no stop order suspending the effectiveness of the Registration Statement may be in effect and no proceeding for such purpose may be pending before or threatened by the SEC.

(e) Nasdaq Listing. The Magellan Shares to be issued in the Merger or in connection with the Merger shall have been approved for listing on Nasdaq, subject to official notice of issuance.

Section 6.4 Frustration of Closing Conditions. Neither Magellan, Merger Sub, nor Tellurian may rely on the failure of any condition set forth in Section 6.1, Section 6.2 or Section 6.3, as the case may be, to be satisfied if such failure was caused by such Party’s failure to use its reasonable best efforts to consummate the Merger and the other transactions contemplated hereby, or other breach of or non-compliance with this Agreement.

ARTICLE VII

Termination

Section 7.1 Termination. This Agreement may be terminated and the transactions contemplated hereby abandoned at any time prior to the Closing:

(a) by the mutual written consent of the Magellan Board and the Tellurian Board in a written instrument.

(b) by Magellan or Tellurian:

- (i) if the Closing shall not have been consummated on or before December 31, 2016 (the "Outside Date"); provided, that the right to terminate this Agreement under this Section 7.1(b)(i) shall not be available to a Party if the inability to satisfy such condition was due to the failure of such Party to perform any of its obligations under this Agreement;
- (ii) if any Restraint having the effect set forth in Section 6.1(b) shall be in effect and shall have become final and nonappealable; provided, however, that the right to terminate this Agreement under this Section 7.1(b)(ii) shall not be available to a Party if such Restraint was due to the failure of such Party to perform any of its obligations under this Agreement;
- (iii) if the Magellan Stockholder Meeting shall have concluded and the Magellan Stockholder Approval shall not have been obtained; or
- (iv) if the Tellurian Stockholder Meeting shall have concluded and the Tellurian Stockholder Approval shall not have been obtained.

(c) by Tellurian:

- (i) (A) if an Adverse Recommendation Change shall have occurred or Magellan failed to make the Magellan Board Recommendation, in each case whether or not permitted by the terms hereof, or (B) if Magellan breached its obligations under Section 5.3 in any material respect; or
- (ii) if Magellan or Merger Sub shall have breached or failed to perform any of its representations, warranties, covenants or agreements set forth in this Agreement (or if any of the representations or warranties of Magellan and Merger Sub set forth in this Agreement shall fail to be true), which breach or failure (A) would (if it occurred or was continuing as of the Closing Date) give rise to the failure of a condition set forth in Section 6.3(a) or Section 6.3(b) and (B) is incapable of being cured, or is not cured, by Magellan or Merger Sub by the earlier of thirty (30) days following receipt of written notice from Tellurian of such breach or failure or the Outside Date; provided that Tellurian shall not have the right to terminate this Agreement pursuant to this Section 7.1(c)(ii) if Tellurian is then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement such as would result in any of the closing conditions set forth in Section 6.2(a) and Section 6.2(b) not being satisfied.

(d) by Magellan:

- (i) at any time prior to receipt of the Magellan Stockholder Approval, in order to enter into a binding written agreement with respect to a Superior Proposal, provided that Magellan shall have complied in all material respects with its obligations under Section 5.3; or
- (ii) if Tellurian shall have breached or failed to perform any of its representations, warranties, covenants or agreements set forth in this Agreement (or if any of the representations or warranties of Tellurian set forth in this Agreement shall fail to be true), which breach or failure (A) would (if it occurred or was continuing as of the Closing Date) give rise to the failure of a condition set forth in Section 6.2(a) or Section 6.2(b) and (B) is incapable of being cured, or is not cured, by Tellurian, by the earlier of thirty (30) days following receipt of written notice from Magellan of such breach or failure or the Outside Date; provided that Magellan shall not have the right to terminate this Agreement pursuant to this Section 7.1(d)(ii) if Magellan

or Merger Sub is then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement such as would result in any of the closing conditions set forth in Section 6.3(a) and Section 6.3(b) not being satisfied.

Section 7.2 Effect of Termination. In the event of the termination of this Agreement as provided in Section 7.1, written notice thereof shall be given to the other Parties, specifying the provision or provisions of this Agreement pursuant to which such termination is made, and this Agreement shall forthwith become null and void (other than the provisions in this Section 7.2 (Effect of Termination), Section 7.3 (Fees and Expenses), and the provisions in ARTICLE VIII, all of which shall survive termination of this Agreement), and there shall be no liability on the part of Magellan, Tellurian or any of their respective Affiliates, directors and officers, as applicable, except that (a) Tellurian and/or Magellan may have liability as provided in Section 7.3 and (b) no Party shall be relieved or released from any liabilities or damages incurred or suffered by the other Parties arising out of fraud or any Willful Breach of any covenant or agreement contained in this Agreement. If more than one provision of Section 7.1 is available to a terminating Party in connection with a termination of this Agreement, the terminating Party may rely on any and/or all available provisions in Section 7.1 for any such termination.

Section 7.3 Fees and Expenses.

(a) In the event that (i) an Alternative Proposal shall have been publicly proposed or publicly disclosed prior to, and not withdrawn at the time of, the Magellan Stockholder Meeting (or, if the Magellan Stockholder Meeting shall not have occurred, prior to the termination of this Agreement pursuant to Section 7.1(b)(i)), or (ii) this Agreement is terminated by Tellurian or Magellan pursuant to Section 7.1(b)(i) or Section 7.1(b)(iii), and (iii) Magellan enters into a definitive agreement with respect to, or consummates, an Alternative Proposal within twelve (12) months after the date this Agreement is terminated, then Magellan shall pay the Termination Fee to Tellurian upon the earlier of (A) the date of the execution of such definitive agreement by Magellan or (B) consummation of any such transaction. For purposes of this Section 7.3(a), the term “Alternative Proposal” shall have the meaning assigned to such term in Section 5.3(e)(i), except that the references to “20%” shall be deemed to be references to “50%.”

(b) In the event this Agreement is terminated by Tellurian pursuant to Section 7.1(c)(i) or Section 7.1(c)(ii), or by Magellan pursuant to Section 7.1(d)(i), Magellan shall pay to Tellurian, within two (2) Business Days after the date of termination, the Termination Fee.

(c) In the event that (i) this Agreement is terminated by Tellurian or Magellan pursuant to Section 7.1(b)(iv) or by Magellan pursuant to Section 7.1(d)(ii) or (ii) Tellurian does not use commercially reasonable efforts to secure the approval for listing of the Magellan Shares on the Nasdaq (thereby ensuring that the condition set forth in Section 6.3(e) is met), then Tellurian shall pay to Magellan, within two (2) Business Days after the date of termination, the Reverse Termination Fee.

(d) Any payment of the Termination Fee or the Reverse Termination Fee shall be made in cash by wire transfer of immediately available funds to an account designated in writing by Tellurian or Magellan, respectively.

(e) In the event that (i) Magellan shall fail to pay the Termination Fee or (ii) Tellurian shall fail to pay the Reverse Termination Fee, in each case required pursuant to this Section 7.3 when due, such fee shall accrue interest for the period commencing on the date such fee became past due, at a rate equal to the legal rate of interest provided for in Section 2301 of Title 6 of the Delaware Code. The Parties acknowledge that the provisions of this Section 7.3 are an integral part of the transactions contemplated hereby and that, without these agreements, they would not enter into this Agreement.

(f) The Parties agree that in the event that (i) Magellan pays the Termination Fee to Tellurian or (ii) Tellurian pays the Reverse Termination Fee to Magellan, in each case the payor Party has no further liability to the payee Party of any kind in respect of this Agreement and the transactions contemplated hereby; provided, however, that nothing in this Agreement shall release any Party from liability for Willful Breach or fraud), and in no event shall Magellan or Tellurian be required to pay the Termination Fee or Reverse Termination Fee on more than one occasion.

ARTICLE VIII

Miscellaneous

Section 8.1 No Survival, Etc. Except as otherwise provided in this Agreement, the representations, warranties and agreements of each Party shall remain operative and in full force and effect regardless of any investigation made by or on behalf of any other Parties, whether prior to or after the execution of this Agreement. The representations, warranties, covenants and agreements in this Agreement shall terminate at the Closing or, except as otherwise provided in Section 7.2, upon the termination of this Agreement pursuant to Section 7.1, as the case may be, except that the covenants and agreements set forth in Section 5.8 and Section 5.9 and any other agreement in this Agreement that contemplates performance after the Closing shall survive the Closing, and those set forth in Section 7.2, Section 7.3, and this ARTICLE VIII shall survive termination of this Agreement. The Confidentiality Agreement shall survive termination of this Agreement in accordance with its terms.

Section 8.2 Amendment or Supplement. At any time prior to the Closing, this Agreement may be amended or supplemented in any and all respects, whether before or after receipt of the Magellan Stockholder Approval or Tellurian Stockholder Approval, by written agreement of the Parties, by action taken or authorized by their respective boards of directors, boards of managers or other governing bodies; provided, however, that following receipt of the Magellan Stockholder Approval or Tellurian Stockholder Approval, there shall be no amendment or change to the provisions of this Agreement which by applicable Law would require further approval by the Magellan Stockholders or Tellurian Stockholders without such approval. This Agreement (including the Magellan Disclosure Schedules and the Tellurian Disclosure Schedules) may not be amended except by an instrument in writing signed on behalf of each of the Parties.

Section 8.3 Extension of Time, Waiver, Etc. At any time prior to the Closing, any Party may, subject to applicable Law, (a) waive any inaccuracies in the representations and warranties of any other Party, (b) extend the time for the performance of any of the obligations or acts of any other Party or (c) waive compliance by any other Party with any of the agreements contained herein or, except as otherwise provided herein, waive any of such Party's conditions. Any agreement on the part of a Party to any such extension or waiver shall be valid only if set forth in an instrument in writing signed on behalf of such Party. Any such waiver shall constitute a waiver only with respect to the specific matter described in such writing and shall in no way impair the rights of the Party granting such waiver in any other respect or at any other time. Notwithstanding the foregoing, no failure or delay by any Party in exercising any right hereunder shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right hereunder.

Section 8.4 Assignment. Neither this Agreement nor any of the rights, interests or obligations of the Parties hereunder shall be assigned, in whole or in part, by operation of law or otherwise, by any of the Parties without the prior written consent of the other Parties. Subject to the preceding sentence, this Agreement shall be binding upon, inure to the benefit of, and be enforceable by, the Parties and their respective successors and permitted assigns. Any purported assignment not permitted under this Section 8.4 shall be null and void.

Section 8.5 Counterparts. This Agreement may be executed in counterparts (each of which shall be deemed to be an original but all of which taken together shall constitute one and the same agreement) and shall become effective

when one or more counterparts have been signed by each of the Parties and delivered to the other Parties. A signed copy of this Agreement delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

Section 8.6 Entire Agreement; No Third-Party Beneficiaries. This Agreement, including the Annexes and Exhibits hereto, the Magellan Disclosure Schedule, the Tellurian Disclosure Schedule, and the Confidentiality Agreement, (a) constitutes the entire agreement and understanding of the Parties, and supersedes all other prior agreements and understandings, both written and oral, among the Parties with respect to the subject matter of this Agreement and thereof and (b) shall not confer upon any Person other than the Parties any rights (including third-party beneficiary rights or otherwise) or remedies hereunder, except for, in the case of clause (b), the provisions of Section 8.12.

Section 8.7 Governing Law; Jurisdiction; Waiver of Jury Trial.

(a) This Agreement shall be governed by, and construed in accordance with, the Laws of the State of Delaware, applicable to contracts executed in and to be performed entirely within that state, without giving effect to any conflicts of law principles that would result in the application of any applicable Law other than the Law of the State of Delaware.

(b) Each of the Parties irrevocably agrees that any legal action or Proceeding with respect to this Agreement and the rights and obligations arising hereunder, or for recognition and enforcement of any judgment in respect of this Agreement and the rights and obligations arising hereunder brought by the other Parties or their successors or assigns, shall be brought and determined exclusively in Texas state or federal court in Harris County, Texas. Each of the Parties hereby irrevocably submits with regard to any such action or Proceeding for itself and in respect of its or property, generally and unconditionally, to the personal jurisdiction of the aforesaid courts and agrees that it will not bring any action relating to this Agreement or any of the transactions contemplated by this Agreement in any court other than the aforesaid courts. Each of the Parties hereby irrevocably waives, and agrees not to assert as a defense, counterclaim or otherwise, in any action or Proceeding with respect to this Agreement, (i) any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason other than the failure to serve in accordance with this Section 8.7, (ii) any claim that it or its property is exempt or immune from the jurisdiction of any such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) to the fullest extent permitted by the applicable Law, any claim that (x) the suit, action or Proceeding in such court is brought in an inconvenient forum, (y) the venue of such suit, action or Proceeding is improper or (z) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

(c) EACH PARTY HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THE ACTIONS OF ANY PARTY IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE AND ENFORCEMENT OF THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT.

Section 8.8 Specific Enforcement.

(a) The Parties hereby agree that irreparable damage would occur and that the Parties would not have any adequate remedy at law in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached, and it is accordingly agreed that the Parties shall be

entitled to an injunction or injunctions to prevent breaches of this Agreement and that the Parties shall be entitled to enforce specifically the terms and provisions of this Agreement, in each case, in accordance with this Section 8.8 in Texas state or federal court in Harris County, Texas, this being in addition to any other remedy to which any Party is entitled at law or in equity. Each of the Parties agrees that it will not oppose the granting of an injunction, and each Party agrees that it will not oppose the granting of specific performance and other equitable relief as provided herein on the basis that (x) each Party has an adequate remedy at law or (y) an award of specific performance is not an appropriate remedy for any reason at law or equity; provided, however, that the remedy provided hereunder is not available to Tellurian to remedy any action of Magellan in the proper exercise of its rights under Section 5.3. Each Party further agrees that no Party shall be required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtaining any remedy referred to in this Section 8.8, and each Party irrevocably waives any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument.

Section 8.9 Notices. All notices, requests, consents, claims, demands, waivers and other communications hereunder shall be in writing and shall be deemed to have been given and received (a) when delivered by hand (with written confirmation of receipt); (b) when received by the addressee if sent by a nationally recognized overnight courier (receipt requested); (c) on the date sent by facsimile or e-mail of a PDF document (with confirmation of transmission) if sent during normal business hours of the recipient, and on the next Business Day if sent after normal business hours of the recipient or (d) on the third day after the date mailed, by certified or registered mail, return receipt requested, postage prepaid. Section 8.10 Severability. If any term or other provision of this Agreement is determined by a court of competent jurisdiction to be invalid, illegal or incapable of being enforced by any rule of law or public policy, all other terms, provisions and conditions of this Agreement shall nevertheless remain in full force and effect. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible to the fullest extent permitted by applicable Law in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

Section 8.11 Interpretation.

(a) When a reference is made in this Agreement to an Article, Section, Annex, Exhibit or Schedule, such reference shall be to an Article of, a Section of, an Annex to, an Exhibit to or a Schedule to this Agreement unless otherwise indicated. The table of contents and headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. Whenever the words “include,” “includes” or “including” are used in this Agreement, they shall be deemed to be followed by the words “without limitation.” When used in this Agreement, the words “hereof,” “herein,” “hereby” and “hereunder” and words of similar import shall refer to this Agreement as a whole and not to any particular provision of this Agreement. All terms defined in this Agreement shall have the defined meanings when used in any certificate or other document made or delivered pursuant hereto unless otherwise defined therein. The definitions contained in this Agreement are applicable to the singular as well as the plural forms of such terms and to the masculine as well as to the feminine and neuter genders of such term. Any agreement, instrument or statute defined or referred to herein or in any agreement or instrument that is referred to herein means such agreement, instrument or statute as from time to time amended, modified or supplemented, including (in the case of agreements or instruments) by waiver or consent and (in the case of statutes) by succession of comparable successor statutes and references to all attachments thereto and instruments incorporated therein. References to a Person are also to its permitted successors and assigns. All references to days mean calendar days unless otherwise provided. The word “or” shall be inclusive and not exclusive.

(b) The Parties have participated jointly in the negotiation and drafting of this Agreement with the assistance of legal counsel and other advisors and, in the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as jointly drafted by the Parties, and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any provision of this Agreement or interim drafts of this Agreement.

Section 8.12 Non-Recourse. No past, present or future director, officer, employee, incorporator, member, partner, stockholder, agent, attorney, representative or affiliate of any Party or of any of its respective Affiliates shall have any liability (whether in contract or in tort) for any obligations or liabilities of such Party arising under, in connection with or related to this Agreement or for any claim based on, in respect of, or by reason of, the transactions contemplated hereby, in the absence of fraud; provided, however, that nothing in this Section 8.12 shall limit any liability of the Parties to this Agreement for breaches of the terms and conditions of this Agreement.

Annex B: Petrie Partners Securities, LLC Fairness Opinion

August 2, 2016

The Board of Directors

Magellan Petroleum Corporation

1775 Sherman Street, Suite 1950

Denver, CO 80203

Members of the Board of Directors:

Magellan Petroleum Corporation, a Delaware corporation (“Magellan,” or the “Parent”), Magellan Merger Sub Inc., a Delaware corporation and a direct, wholly-owned subsidiary of Parent (“Merger Sub”), and Tellurian Investments Inc., a Delaware corporation (“Tellurian” or the “Company”), propose to enter into an Agreement and Plan of Merger, dated August 2, 2016 (the “Merger Agreement”), pursuant to which (i) Merger Sub shall merge with and into the Company and the separate corporate existence of Merger Sub shall cease, and (ii) the Company shall be the surviving corporation and a wholly-owned subsidiary of the Parent (including, without limitation, the other actions contemplated by the Merger Agreement, the “Merger”). By virtue of the Merger, each share of common stock, par value \$0.001 per share, of the Company (the “Company Common Stock”) issued and outstanding immediately prior to the Effective Time, as defined in the Merger Agreement (other than Treasury Shares, as defined in the Merger Agreement, which shall be canceled for no consideration), shall be converted into the right to receive 1.300 shares of common stock, par value \$0.01 per share, of the Parent (“Parent Common Stock”), subject to certain adjustments and limitations specified in the Merger Agreement (such fraction of a share of Parent Common Stock, the “Exchange Ratio”).

You have requested our opinion as to whether the Exchange Ratio is fair, from a financial point of view, to Magellan.

In arriving at our opinion, we have, among other things:

1. reviewed certain publicly available information relating to Magellan, including (i) Annual Reports on Form 10-K and related audited financial statements of Magellan for the fiscal year ended June 30, 2015, and (ii) the Quarterly Reports on Form 10-Q for Magellan and related unaudited financial statements for the fiscal quarter ended March 31, 2016;
2. reviewed the Tellurian Confidential Offering Memorandum and related unaudited financial statements for the period ended June 30, 2016;
3. reviewed certain non-public operating data relating to Magellan and Tellurian prepared and furnished to Petrie by the respective management team and staff of Magellan and of Tellurian;
4. reviewed certain non-public financial and operating projections relating to Tellurian prepared and furnished to Petrie on July 27, 2016 by the management team and staff of Tellurian;
5. discussed current operations, financial positioning and future prospects of Magellan and Tellurian with the respective management team of Magellan and of Tellurian;
6. reviewed historical market prices and trading history of Magellan common stock;
7. Compared the financial terms of the Transaction with the financial terms of similar transactions we have deemed relevant;
8. participated in certain discussions and negotiations among the representatives of Magellan and its legal advisors and Tellurian and its legal advisors;
9. reviewed a draft of the Agreement dated July 28, 2016; and

B-1

10. reviewed such other financial studies and analyses and performed such other investigations and have taken into account such other matters as we have deemed necessary and appropriate.

In rendering our opinion (this “Opinion”), upon the advice of the management team of Magellan and of Tellurian, we have assumed and relied upon, without assuming any responsibility or liability for or independently verifying the accuracy or completeness of, the information publicly available and the information supplied or otherwise made available to us by Magellan and Tellurian. We have further relied upon the assurances of representatives of the management of Magellan and Tellurian that they are unaware of any material facts that would make the information provided to us incomplete or misleading in any material respect. With respect to projected financial and operating data, we have assumed, upon the advice of Magellan and Tellurian, that such data have been prepared in a manner consistent with historical financial and operating data and reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management team and staff of Magellan and of Tellurian relating to the future financial and operational performance of Magellan and Tellurian, respectively. We express no view as to any projected financial and operating data relating to Magellan or Tellurian or the assumptions on which they are based. We have not made an independent evaluation or appraisal of the assets or liabilities of Magellan or Tellurian, nor have we been furnished with any such evaluations or appraisals, nor have we evaluated the solvency or fair value of Magellan or Tellurian under any state or federal laws relating to bankruptcy, insolvency or similar matters. Furthermore, we have undertaken no independent analysis of any potential or actual litigation, regulatory action, possible unasserted claims or other contingent liabilities, to which Magellan or Tellurian is a party or may be subject, or of any governmental investigation of any possible un-asserted claims or other contingent liabilities to which Magellan or Tellurian is a party or may be subject. With your consent, this Opinion makes no assumption concerning, and therefore does not consider, the potential effects of any such litigation, claims or investigations or possible assertions of claims, outcomes or damages arising out of any such matters. In addition, we have not assumed any obligation to conduct, nor have we conducted, any physical inspection of the properties or facilities of Magellan or Tellurian.

For purposes of rendering this Opinion, we have assumed, in all respects material to our analysis, that the representations and warranties of each party contained in the Merger Agreement are true and correct, that each party will perform all of the covenants and agreements required to be performed by it under the Merger Agreement, that all conditions to consummation of the Merger will be satisfied without material waiver modification thereof, and that the Merger will be consummated in a timely manner in accordance with the terms described in the Merger Agreement, without any amendments or modifications thereto or any adjustment to the Exchange Ratio (through offset, reduction, indemnity claims, post-closing purchase price adjustments or otherwise). We have further assumed, upon the advice of Magellan, that all governmental, regulatory or other consents, approvals or releases necessary for the consummation of the Merger will be obtained without any material delay, limitation, restriction or condition that would have an adverse effect on Magellan or Tellurian or on the consummation of the Merger or that would materially reduce the benefits of the Merger to Magellan.

This Opinion relates solely to the fairness, from a financial point of view, of the Exchange Ratio to Magellan. We do not express any view on, and this Opinion does not address, the fairness of the proposed Merger to, or any consideration received in connection therewith by, any creditors, shareholders, or other constituencies of Magellan, or the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of Magellan, or any class of such persons. We have assumed that any modification to the structure of the Merger will not vary in any material respect from what has been assumed in our analysis. Our advisory services and this Opinion are provided for the information and benefit of the Board of Directors of Magellan in connection with its consideration of the transactions contemplated by the Merger Agreement, and this Opinion does not constitute a recommendation to any holder of Magellan Common Stock as to how such holder should vote with respect to any of the transactions contemplated by the Merger Agreement. The issuance of this Opinion has been approved by the Opinion Committee of Petrie

Partners Securities, LLC. This Opinion does not address the relative merits of the Merger as compared to any alternative business transaction or strategic alternative that might be available to Magellan, nor does it address the underlying business decision of Magellan to engage in the Merger. We have not been asked to consider, and this Opinion does not address, the tax consequences of the Merger to Magellan or any particular stockholder of Magellan, or the prices at which Magellan Common Stock will actually trade at any time, including following the announcement or consummation of the Merger. We are not rendering any legal, accounting, tax or regulatory advice and understand that Magellan is relying on other advisors as to legal, accounting, tax and regulatory matters in connection with the Merger.

As you are aware, we are acting as financial advisor to Magellan pursuant to an engagement letter between Magellan and Petrie Partners, LLC, dated June 29, 2015, as supplemented and modified by letter, dated as of March 14, 2016, which was assigned to us by Petrie Partners, LLC (the "Engagement Letter"), and we will receive a cash fee from Magellan for our services upon the rendering of this Opinion regardless of the conclusions expressed herein. Magellan has also agreed to reimburse our expenses and we will be entitled to receive a success fee, payable in shares of Parent Common Stock, if the Merger is consummated. In addition, Magellan has agreed to indemnify us for certain liabilities possibly arising out of our engagement. During 2015 and 2016, certain of our affiliates provided financial advisory services to Magellan, and received fees from Magellan in connection with an exchange transaction involving Magellan and One Stone Holdings II LP. Also in 2016, certain of our affiliates provided financial advisory services to Tellurian, and received fees from Tellurian in connection with a private placement of equity securities by Tellurian (the "Private Placement"). Several of our principals are beneficial owners of an aggregate of approximately 1,550,000 shares of Tellurian common stock (representing 1.7% of the Company Common Stock currently outstanding), the beneficial interests in which were acquired in connection with the Private Placement. On March 24, one of our principals, Michael Bock, was appointed to, and currently serves on, the board of directors of Tellurian. Otherwise, during the two-year period prior to the date hereof, no material relationship existed between us and our affiliates, on the one hand, and Magellan or Tellurian and their applicable affiliates, on the other hand, pursuant to which we or any of our affiliates received compensation as a result of such relationship. We may provide financial or other services to Magellan and Tellurian in the future and in connection with any such services we may receive customary compensation. Furthermore, in the ordinary course of business, we or our affiliates may trade in the debt or equity securities of Magellan or Tellurian for our own account and, accordingly, may at any time hold long or short positions in such securities.

This Opinion is rendered on the basis of conditions in the securities markets and the oil and gas markets as they exist and can be evaluated on the date hereof and the conditions and prospects, financial and otherwise, of Magellan and Tellurian as they have been represented to us as of the date hereof or as they were reflected in the materials and discussions described above. It is understood that subsequent developments may affect this Opinion and that we do not have any obligation to update, revise or reaffirm this Opinion.

This Opinion may not be disclosed, quoted, referred to or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval, except Magellan may describe and reproduce this Opinion (but only in full) in any document that is required to be filed with the U.S. Securities and Exchange Commission and required to be mailed by Magellan to its stockholders relating to the Exchange; provided all references to us or this Opinion in any such document and the description or inclusion of this Opinion shall be subject to our prior written approval with respect to form and substance, which approval shall not be unreasonably withheld or delayed. This Opinion is being rendered on the condition that it is subject to the Engagement Letter, including the Standard Terms and Conditions attached thereto. Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Exchange Ratio is fair, from a financial point of view, to Magellan.

Very truly yours,
PETRIE PARTNERS SECURITIES, LLC

10. Change of Control

The occurrence of any of the following after the Effective Date:

(a) any individual, entity, or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) (a "Person") acquires beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 20% or more of either (A) the then outstanding shares of Common Stock of the Company (the "Outstanding Company Common Stock") or (B) the combined

voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that for purposes of this subsection (a), the following acquisitions shall not constitute a Change of Control: (1) any acquisition directly from the Company or its affiliates, (2) any acquisition by the Company, (3) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any entity controlled by the Company, or (4) any acquisition pursuant to a transaction which complies with clauses (A), (B), and (C) of Section 2.10(c) of this Plan, below; or

(b) individuals who, as of the Effective Date, constitute the Board (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the Effective Date whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board;

(c) or consummation by the Company of a reorganization, merger, or consolidation, or sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets of another entity (a "Business Combination"), in each case, unless, following such Business Combination, (A) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 60% of, respectively, the then outstanding shares of Common Stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be, (B) no person (excluding any employee benefit plan (or related trust) of the Company or such entity resulting from such Business Combination) beneficially owns, directly or indirectly, 20% or more of, respectively, the then outstanding shares of Common Stock of the entity resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such entity, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors (or equivalent governing authority) of the entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or

(d) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Notwithstanding the foregoing, with respect to an Award that is (i) subject to Section 409A and (ii) a Change of Control would accelerate the timing of payment thereunder, the term "Change of Control" shall, to the extent necessary to comply with Section 409A as determined by the CNG Committee, mean:

(i) A "change in the ownership of the Company" which will occur on the date that any one person, or more than one person acting as a group within the meaning of Section 409A, acquires ownership of stock in the Company that, together with stock held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company. However, if any one person or more than one person acting as a group, is considered to own more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company, the acquisition of additional stock

by the same person or persons will not be considered a "change in the ownership of the Company" (or to cause a "change in the effective control of the Company" within the meaning of subsection (ii) below). Further, an increase of the effective percentage of stock owned by any one person, or persons acting as a group, as a result of a transaction in which the Company acquires its stock in exchange for property will be treated as an acquisition of stock for purposes of this paragraph; provided, that the following acquisitions of Company stock will not constitute a Change of Control: (A) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or an Affiliate, (B) any acquisition directly from the Company or (C) any acquisition by the Company. This subsection (i) applies only when there is a transfer of the stock of the Company (or issuance of stock) and stock in the Company remains outstanding after the transaction.

(ii) A "change in the effective control of the Company" which will occur on the date that either:

(A) any one person, or more than one person acting as a group within the meaning of Section 409A, acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of the Company possessing thirty percent (30%) or more of the total voting power of the stock of the Company (not considering stock owned by such person or group prior to such twelve (12) month period)(i.e., such person or group must acquire within a twelve (12) month period stock possessing thirty percent (30%) of the total voting power of the stock of the Company) except for (1) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or an Affiliate, (2) any acquisition directly from the Company or (3) any acquisition by the Company; or

(B) a majority of the members of the Board are replaced during any twelve (12) month period by directors or managers whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election.

For purposes of a "change in the effective control of the Company," if any one person, or more than one person acting as a group, is considered to effectively control the Company within the meaning of this subsection (ii), the acquisition of additional control of the Company by the same person or persons is not considered a "change in the effective control of the Company," or to cause a "change in the ownership of the Company" within the meaning of subsection (i) above.

(iii) A "change in the ownership of a substantial portion of the Company's assets" which will occur on the date that any one person, or more than one person acting as a group, acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) assets of the Company that have a total gross fair market value equal to or more than forty percent (40%) of the total gross fair market value of all the assets of the Company immediately prior to such acquisition or acquisitions. For this purpose, gross fair market value means the value of the assets of the Company, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets. Any transfer of assets to an entity that is controlled by the shareholders of the Company immediately after the transfer, as provided in guidance issued pursuant to Section 409A, will not constitute a Change of Control.

For purposes of this definition, the provisions of Section 318(a) of the Code regarding the constructive ownership of stock will apply directly or by analogy to determine ownership; provided, that, ownership interests underlying unvested options (including options exercisable for an ownership interest that is not substantially vested) will not be treated as owned by the individual who holds the option.

Subject to the express terms and conditions set forth herein, the Plan Administrator shall have the authority and power from time to time to:

(a)select the Participants to whom Awards shall be granted under the Plan and the number of shares or amount of cash subject to such Awards, and prescribe the terms and conditions (which need not be identical) of each such Award, including, in the case of Options and Stock Appreciation Rights, the Option Price, vesting schedule, and duration;

Notwithstanding the foregoing, the Plan Administrator shall not be entitled to exercise any discretion otherwise authorized hereunder with respect to any Awards held by Covered Employees if the ability to exercise such discretion or the exercise of such discretion itself would cause the compensation attributable to such Awards to fail to qualify as performance-based compensation under Section 162(m), and the Awards were intended to so qualify.

(a) Share Authorization

Subject to adjustment as provided in Section 5.3 of this Plan, the maximum number of shares of Common Stock available for grant to Participants under this Plan on or after the Effective Date shall be 40,000,000 shares of Common Stock, plus any remaining authorized shares of Common Stock available under the Prior Plans (and not subject to outstanding awards under the Prior Plans), immediately before the Effective Date, upon which this Plan shall replace the Prior Plans and no further awards shall be made under the Prior Plans. The authorized shares of Common Stock from the Prior Plans is subject to adjustment after the Effective Date as set forth in subsection (b) below.

(b) Share Usage

Shares of Common Stock covered by an Award shall only be counted as used to the extent they are actually issued. Any shares of Common Stock related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares of Common Stock, or are settled in cash in lieu of shares of Common Stock, shall be available again for grant under this Plan. In addition, any shares of Common Stock related to grants or awards made under the Prior Plans that after the Effective Date may lapse, expire, terminate, or are cancelled or surrendered to the Company, without having been exercised in full, shall become available for grant under this Plan. Such shares of Common Stock related to an Award under this Plan shall increase the share authorization by one (1) share of Common Stock. However, the full number of Stock Appreciation Rights granted that are to be settled by the issuance of shares of Common Stock shall be counted against the number of shares of Common Stock available for Awards under the Plan, regardless of the number of shares of Common Stock actually issued upon settlement of such Stock

Appreciation Rights. In addition, the full number of Incentive Stock Options granted shall be counted against the number of Incentive Stock Options that may be awarded under the Plan, regardless of the number of shares of Common Stock actually issued upon exercise of such Incentive Stock Options. The shares of Common Stock available for issuance under this Plan may be authorized and unissued shares of Common Stock or treasury shares of Common Stock.

2. Annual Limitations

Subject to adjustment as provided in Section 5.3 of this Plan, unless and until the Plan Administrator determines that an Award to a Covered Employee shall not be designed to qualify as “performance-based compensation” under Section 162(m), the following limitations shall apply to grants of Awards to Covered Employees under the Plan: the maximum aggregate grant with respect to shares of Common Stock that a Participant may receive in any one calendar year shall be 10,000,000 shares of Common Stock, or with respect to a grant of cash, the maximum aggregate award that a Participant may receive in any one calendar year shall be equal to the value of 10,000,000 shares of Common Stock (as of the time of settlement).

3. Adjustments in Authorized Shares

(a) In the event of a Change in Capitalization that is not also a Change of Control, the Plan Administrator shall make such proportionate adjustments, if any, as it determines are appropriate and equitable, and to the extent such an action does not conflict with the General Corporation Law of the State of Delaware or other applicable laws or securities exchange rules, to (i) the maximum number and class of shares of Common Stock or other stock or securities with respect to which Awards may be granted under the Plan, (ii) the maximum number and class of shares of Common Stock or other stock or securities that may be issued upon exercise of Nonqualified Options, Incentive Stock Options, and Stock Appreciation Rights, (iii) the Maximum Grants, (iv) the number and class of shares of Common Stock or other stock or securities which are subject to outstanding Awards granted under the Plan and the Option Price or exercise price therefore, if applicable, and (v) the Performance Goals; provided, however, that in the case of an “equity restructuring” (as that term is used in Financial Accounting Standards Board Accounting Standards Codification Topic 718), the Board shall make an equitable or appropriate adjustment to outstanding Awards to reflect such equity restructuring. Any such adjustment shall be final, binding, and conclusive on all persons claiming any right or interest under the Plan.

(b) Any such adjustment in the shares of Common Stock or other stock or securities (i) subject to outstanding Incentive Stock Options (including any adjustments in the exercise price) shall be made in such manner as not to constitute a modification as defined by Section 424(h)(3) of the Code, and only to the extent otherwise permitted by Sections 422 and 424 of the Code, or (ii) subject to outstanding Awards that are intended to qualify as performance-based compensation under Section 162(m) shall be made in such a manner as not to adversely affect the treatment of the Awards as performance-based compensation.

(c) If, by reason of a Change in Capitalization that is not also a Change of Control, a Participant shall be entitled to, or shall be entitled to exercise an Option or Stock Appreciation Right with respect to, new, additional, or different shares of stock or securities of the Company or any other entity, such new, additional, or different shares shall thereupon be subject to all of the conditions, restrictions, and performance criteria which were applicable to the shares of Common Stock that such shares replaced or to the Option or Stock Appreciation Right, as the case may be, prior to such Change in Capitalization.

(d) No adjustments made under this Section 5.3 of this Plan shall be made with respect to a Participant's Award if such adjustment would result in adverse taxation to such Participant under Section 409A.

4. Effect of Certain Transactions

Following (a) the liquidation or dissolution of the Company or (b) a merger or consolidation of the Company (a "Transaction"), (i) each outstanding Award shall be treated as provided for in the agreement entered into in connection with the Transaction (which treatment may be different as among different types of Awards and different holders thereof) or (ii) if not so provided in such agreement, each Participant shall be entitled to receive in respect of each share of Common Stock subject to any outstanding Awards, upon exercise of any Option or Stock Appreciation Right or payment or transfer in respect of any other Award, the same number and kind of stock, securities, cash, property, or other consideration that each holder of a share of Common Stock was entitled to receive in the Transaction in respect of a share of Common Stock; provided, however, that such stock, securities, cash, property, or other consideration shall remain subject to all of the conditions, restrictions, and performance criteria which were applicable to Awards prior to such Transaction, but giving effect to any applicable provision of this Plan or any Award Agreement if the Transaction is a Change of Control. Without limiting the generality of the foregoing, the treatment of outstanding Options and Stock Appreciation Rights pursuant to clause (i) of this Section 5.4 in connection with a Transaction in which the consideration paid or distributed to the Company's stockholders is not entirely securities of the acquiring or resulting entity may include the cancellation of outstanding Options and Stock Appreciation Rights upon consummation of the Transaction provided either (x) the holders of affected Options and Stock Appreciation Rights have been given a period of at least fifteen (15) days prior to the date of the consummation of the Transaction to exercise the Options and Stock Appreciation Rights (whether or not they were otherwise exercisable) or (y) the holders of the affected Options and Stock Appreciation Rights are paid (in cash or cash equivalents) in respect of each share of Common Stock covered by the Options or Stock Appreciation Rights being cancelled an amount equal to the excess, if any, of the per share price paid or distributed to stockholders in the Transaction (the value of any non-cash consideration to be determined by the Plan Administrator in its sole discretion) over the exercise price thereof. For clarification and avoidance of doubt, (1) the cancellation of Options and Stock Appreciation Rights pursuant to clause (y) of the preceding sentence may be effected notwithstanding anything to the contrary contained in this Plan or any Award Agreement and (2) if the amount determined pursuant to clause (y) of the preceding sentence is zero or less, the affected Options and Stock Appreciation Rights may be cancelled without any payment therefor. The treatment of any Award as provided in this Section 5.4 shall be conclusively presumed to be appropriate for purposes of Section 5.3 of this Plan.

SECTION 6 AWARD AGREEMENTS

Upon a determination by the Plan Administrator that an Award is to be granted to a Participant pursuant to Section 7, 8, 9, 10, 11, 12, or 13 of this Plan, an Award Agreement shall be provided to such Participant as soon as practicable specifying, without limitation, the terms, conditions, rights, and duties related thereto, including terms requiring forfeiture of Awards in the event of a Termination of Service by the Participant, and terms relating to Clawback/Forfeiture Events under Section 19.1 of this Plan. Each Award Agreement shall be subject to the terms and conditions of the Plan.

SECTION 7 STOCK OPTIONS

1. Grant of Options

Options may be granted to eligible Participants in such number, and at such times during the term of the Plan, as the Plan Administrator shall determine. The Plan Administrator may grant an Option or provide for the grant of an Option, either from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events, including, without limitation, the achievement of Performance Goals or other performance measures, or the satisfaction of an event or condition within the control of the recipient of the Option or within the control of others. The granting of an Option shall take place when the Plan Administrator by resolution, written consent, or other appropriate action determines to grant such an Option to a particular Participant at the Option Price. Each Option granted under the Plan shall be identified in the

Award Agreement as either an Incentive Stock Option or a Nonqualified Option (or if no such identification is made, then it shall be a Nonqualified Option). No Incentive Stock Option shall be granted to any Participant who is not an Employee of the Company or any "subsidiary corporation" of the Company (as defined in Section 424(f) of the Code).

2.Special Provisions Applicable to Incentive Stock Options

Each provision of the Plan and each Incentive Stock Option granted thereunder shall be construed so that each such Option shall qualify as an Incentive Stock Option, and any provision thereof that cannot be so construed shall be disregarded, unless the Employee agrees otherwise. Incentive Stock Options, in addition to complying with the other provisions of the Plan relating to Options generally, shall be subject to the following conditions:

(a)Ten Percent (10%) Stockholders

An Employee must not, immediately before an Incentive Stock Option is granted to him or her, own stock representing more than ten percent (10%) of the voting power or value of all classes of stock of the Company or of a Subsidiary. This requirement is waived if (i) the Option Price of the Incentive Stock Option to be granted is at least one hundred ten percent (110%) of the Fair Market Value of the stock subject to the Option, determined at the time the Option is granted, and (ii) the Option is not exercisable more than five (5) years from the date the Option is granted.

(b)Annual Limitation

To the extent that the aggregate Fair Market Value (determined at the time of the grant of the Option) of the stock with respect to which Incentive Stock Options are exercisable for the first time by the Employee during any calendar year exceeds One Hundred Thousand Dollars (\$100,000), such Options shall be treated as Nonqualified Options. In applying the limitation in the preceding sentence in the case of multiple Option grants, unless otherwise required by applicable law, Options which were intended to be Incentive Stock Options shall be treated as Nonqualified Options according to the order in which they were granted such that the most recently granted Options are first treated as Nonqualified Options.

(c)Additional Terms

Any other terms and conditions which the Plan Administrator determines, upon advice of counsel, must be imposed for the Option to be an Incentive Stock Option.

(d)Notice of Disqualifying Disposition

If an Employee makes any disposition of shares of Common Stock issued pursuant to an Incentive Stock Option under the circumstances described in Section 421(b) of the Code (relating to disqualifying dispositions), the Employee shall notify the Company of such disposition within twenty (20) days thereof.

3.Terms of Options

Except as otherwise provided in the Award Agreement and Section 7.2 of this Plan, all Incentive Stock Options and Nonqualified Options under the Plan shall be granted subject to the following terms and conditions:

(a)Option Price

The Option Price shall be determined by the Plan Administrator in any reasonable manner, but shall not be less than the Fair Market Value of the Common Stock on the date the Option is granted, except in the case of Options that are granted in assumption of, or in substitution for, outstanding awards previously granted

by (i) a company acquired by the Company or a Subsidiary, or (ii) a company with which the Company or a Subsidiary combines.

(b)Duration of Options

Options shall be exercisable at such time and under such conditions as set forth in the Award Agreement, but in no event shall any Option (whether a Nonqualified Option or an Incentive Stock Option) be exercisable later than the tenth (10th) anniversary of the date of its grant.

(c)Exercise of Options

Common Stock covered by an Option may be purchased at one time or in such installments over the option period as may be provided in the Award Agreement. Any Common Stock not purchased on an applicable installment date may be purchased thereafter at any time prior to the expiration of the Option in accordance with its terms. To the extent that the right to purchase Common Stock has accrued thereunder, an Option may be exercised from time to time by notice to the Company setting forth the amount of Common Stock with respect to which the Option is being exercised.

(d)Payment

The purchase price of Common Stock purchased under Options shall be paid in full to the Company upon the exercise of the Option, by delivery of consideration equal to the product of the Option Price and the Common Stock purchased (the "Purchase Price"). The Purchase Price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable laws and regulations (including, without limitation, U.S. federal tax and securities laws and regulations, and applicable state corporate law), and as determined by the Plan Administrator in its sole discretion, by any combination of the methods of payment set forth below. The Plan Administrator shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods), and to grant Options that require the consent of the Company to utilize a particular method of payment. The permitted methods of payment are as follows:

(i)by cash, check, bank draft, or money order payable to the Company;

(ii)pursuant to a broker-assisted cashless exercise program developed under Regulation T as promulgated by the U.S. Federal Reserve Board that, prior to the issuance of the Common Stock subject to the Option, results in delivery of a properly executed exercise notice together with irrevocable instructions to a broker approved by the Company to promptly deliver to the Company sufficient proceeds from the sale of Common Stock to pay the aggregate Purchase Price;

(iii)by delivery to the Company (either by actual delivery or attestation presenting satisfactory proof of beneficial ownership of such Common Stock) of shares of Common Stock already owned by the Participant, with the Fair Market Value of such Common Stock as delivered to be determined as of the day of exercise;

(iv)by a "net exercise" arrangement pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise by the largest whole number of shares with a Fair Market Value (determined as of the same day as the exercise of the Option) that does not exceed the aggregate Purchase Price; provided, however, that the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate Purchase Price not satisfied by such reduction in the number of whole shares of Common Stock to be issued; provided, further, that shares of Common Stock will no longer be outstanding under an Option and will not be exercisable thereafter to the extent that (A) shares are used to pay the Purchase Price pursuant to the "net exercise," (B) are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Plan Administrator in its sole discretion and permissible under applicable laws and regulations.

A Participant shall have none of the rights of a stockholder with respect to shares of Common Stock subject to an Option until the shares of Common Stock are issued to the Participant upon exercise of the Option.

(e) Restrictions

The Plan Administrator shall determine and reflect in the Award Agreement, with respect to each Option, the nature and extent of the restrictions, if any, to be imposed on the Common Stock which may be purchased thereunder, including, without limitation, restrictions on the transferability of such Common Stock acquired through the exercise of such Options for such periods as the Plan Administrator may determine. In addition, to the extent permitted by applicable laws and regulations, the Plan Administrator may require that a Participant who wants to effectuate a cashless exercise of Options be required to sell the Common Stock acquired in the associated exercise to the Company, or in the open market through the use of a broker selected by the Company, at such price and on such terms as the Plan Administrator may determine at the time of grant, or otherwise. Without limiting the foregoing, the Plan Administrator may impose such restrictions, conditions, or limitations as it determines appropriate as to the timing and manner of any resales by the Participant or other subsequent transfers by the Participant of any Common Stock issued as a result of the exercise of an Option, including, without limitation, (i) restrictions under an insider trading policy, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by one or more Participants, and (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers.

(f) Transferability of Options

Notwithstanding Section 19.2 of this Plan and only if allowed by the Plan Administrator in its discretion, Nonqualified Options may be transferred to a Participant's immediate family members, directly or indirectly or by means of a trust, corporate entity, partnership or other legal entity (with a person who thus acquires such Nonqualified Options by such transfer, a "Permitted Transferee"). A transfer of a Nonqualified Option may only be effected by the Company at the request of the Participant and shall become effective upon the Permitted Transferee agreeing to such terms as the Plan Administrator may require and only when recorded in the Company's record of outstanding Options. In the event an Option is transferred as contemplated hereby, the Option may not be subsequently transferred by the Permitted Transferee, except for a transfer back to the Participant or by will or the laws of descent and distribution. A transferred Option may be exercised by a Permitted Transferee to the same extent as, and subject to the same terms and conditions as, the Participant (except as otherwise provided herein), as if no transfer had taken place. As used herein, "immediate family member" shall mean, with respect to any person, such person's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, and sister-in-law, and shall include adoptive relationships. In the event of exercise of a transferred Option by a Permitted Transferee, any amounts due to (or to be withheld by) the Company upon exercise of the Option shall be delivered by (or withheld from amounts due to) the Participant, the Participant's estate, or the Permitted Transferee, in the reasonable discretion of the Company.

In addition, to the extent permitted by applicable law and Rule 16b-3, the Plan Administrator may permit a recipient of a Nonqualified Option to designate in writing during the Participant's lifetime a Beneficiary to receive and exercise the Participant's Nonqualified Options in the event of such Participant's death.

(g) Purchase for Investment

The Plan Administrator shall have the right to require that each Participant or other person who shall exercise an Option under the Plan, and each person into whose name the Common Stock shall be issued pursuant to the exercise of an Option, represent and agree that any and all Common Stock purchased pursuant to such Option is being purchased for investment only and not with a view to the distribution or resale thereof, and that such Common Stock will not be sold except in accordance with such restrictions or limitations as may be set forth in the Option or by the Plan Administrator. This Section 7.3(g) shall be inoperative during any period of time when the Company has obtained all necessary or advisable approvals from governmental agencies and has completed all necessary or advisable registrations or other qualifications of the Common Stock as to which Options may from time to time be granted, as contemplated in Section 17 of this Plan.

(h)Death of Optionholder

Unless otherwise provided in an Award Agreement, in the event a Participant's Termination of Service as a result of the Participant's death, then the Option may be exercised (to the extent the Participant was entitled to exercise such Option as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Participant's death, but only within the period ending on the earlier of (a) the date 12 months following the date of death or (b) the expiration of the term of such Option as set forth in the Award Agreement. If, after the Participant's death, the Option is not exercised within the time specified herein or in the Award Agreement, the Option shall immediately cease to be exercisable and terminate for no consideration.

(i)Repricing

The Plan Administrator in its discretion may, with the consent of an Option holder, cancel an outstanding Option in exchange for the grant of a new Option with an exercise price no less than the Fair Market Value of the Common Stock on the date of grant.

SECTION 8 STOCK APPRECIATION RIGHTS

1. Grant of Stock Appreciation Rights

Stock Appreciation Rights may be granted to Participants in such number, and at such times during the term of the Plan, as the Plan Administrator shall determine. The Plan Administrator may grant a Stock Appreciation Right or provide for the grant of a Stock Appreciation Right, either from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events, including, without limitation, the achievement of Performance Goals or other performance measures, or the satisfaction of an event or condition within the control of the recipient of the Stock Appreciation Right or within the control of others. The granting of a Stock Appreciation Right shall take place when the Plan Administrator by resolution, written consent, or other appropriate action determines to grant such a Stock Appreciation Right to a particular Participant at a particular price. A Stock Appreciation Right may be granted freestanding or in tandem or in combination with any other Award under the Plan.

2. Exercise of Stock Appreciation Rights

A Stock Appreciation Right may be exercised upon such terms and conditions and for such term as the Plan Administrator shall determine; provided, however, no Stock Appreciation Right shall be exercisable later than the tenth (10th) anniversary of the date of its grant. Upon exercise of a Stock Appreciation Right, a Participant shall be entitled to receive Common Stock, or the cash equivalent, with an aggregate Fair Market Value determined by multiplying (i) the difference between the Fair Market Value of a share of Common Stock on the date of exercise of the Stock Appreciation Right over the price determined by the Plan Administrator on the date of grant (which price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant, except in the case of Stock Appreciation Rights that are granted

in assumption of, or in substitution for, outstanding awards previously granted by (x) a company acquired by the Company or a Subsidiary, or (y) a company with which the Company or a Subsidiary combines) times (ii) the number of shares of Common Stock with respect to which the Stock Appreciation Right is exercised. The value of any fractional shares shall be paid in cash.

3.Special Provisions Applicable to Stock Appreciation Rights

Stock Appreciation Rights are subject to the following restrictions:

(a)A Stock Appreciation Right granted in tandem with any other Award under the Plan shall be exercisable at such time or times as the Award to which it relates shall be exercisable, or at such other times as the Plan Administrator may determine.

(b)The right of a Participant to exercise a Stock Appreciation Right granted in tandem with any other Award under the Plan shall be canceled if and to the extent the related Award is exercised or canceled. To the extent that a Stock Appreciation Right is exercised, the related Award shall be deemed to have been surrendered unexercised and canceled.

(c)A holder of Stock Appreciation Rights shall have none of the rights of a stockholder with respect to the Common Stock subject thereto until the Common Stock, if any, is issued to such holder pursuant to such holder's exercise of such rights.

(d)The acquisition of Common Stock pursuant to the exercise of a Stock Appreciation Right shall be subject to the same restrictions as would apply to the acquisition of Common Stock acquired upon exercise of an Option, as set forth in Section 7.3 of this Plan.

4.Repricing

The Plan Administrator in its discretion may, with the consent of the holder, cancel an outstanding Stock Appreciation Right in exchange for the grant of a new Stock Appreciation Right with a base price no less than the Fair Market Value of the Common Stock on the date of grant.

SECTION 9 PERFORMANCE SHARES AND PERFORMANCE UNITS

1.Grant of Performance Shares and Performance Units

Subject to the limitations in Section 5.2 of this Plan, Performance Shares or Performance Units may be granted to Participants at any time and from time to time as the Plan Administrator shall determine. The Plan Administrator shall have complete discretion in determining the number of Performance Shares or Performance Units granted to each Participant and the terms and conditions thereof. Performance Shares and Performance Units may be granted alone or in combination with any other Award under the Plan.

2.Value of Performance Shares and Performance Units

The Plan Administrator shall establish Performance Goals for any specified Performance Periods. In no event shall a Performance Period be less than one (1) year with respect to grants of Performance Shares or Performance Units. Prior to each grant of Performance Shares or Performance Units, the Plan Administrator shall establish an initial amount of Common Stock for each Performance Share and an initial value for each Performance Unit granted to each Participant for that Performance Period. Prior to each grant of Performance Shares or Performance Units, the Plan Administrator also shall set the Performance Goals that will be used to determine the extent to which the Participant receives Common Stock for the Performance Shares or payment of the value of the Performance Units awarded for such Performance Period. With respect to each such Performance Goal utilized during a Performance Period, the Plan Administrator may assign percentages or other relative values to various levels of performance which shall be applied to determine the extent to

which the Participant shall receive a payout of the number of Performance Shares or value of Performance Units awarded.

3.Payment of Performance Shares and Performance Units

After a Performance Period has ended, the holder of a Performance Share or Performance Unit shall be entitled to receive the value thereof as determined by the Plan Administrator. The Plan Administrator shall make this determination by first determining the extent to which the Performance Goals set pursuant to Section 9.2 of this Plan have been met. The Plan Administrator shall then determine the applicable percentage or other relative value to be applied to, and will apply such percentage or other relative value to, the number of Performance Shares or value of Performance Units to determine the payout to be received by the Participant. In addition, with respect to Performance Shares and Performance Units granted to each Participant, no payout shall be made hereunder except upon written certification by the Plan Administrator that the applicable Performance Goals have been satisfied to a particular extent.

4.Form and Timing of Payment

The payment described in Section 9.3 of this Plan shall be made in Common Stock, or in cash, or partly in Common Stock and partly in cash, at the discretion of the Plan Administrator and set forth in the Award Agreement. The value of any fractional shares shall be paid in cash. Payment shall be made in a lump sum or installments as prescribed by the Award Agreement, as applicable, and consistent with Section 409A. If Common Stock is to be converted into an amount of cash on any date, or if an amount of cash is to be converted into Common Stock on any date, such conversion shall be done at the then-current Fair Market Value of the Common Stock on such date.

5.Dividend Equivalents

The Plan Administrator may provide that Performance Shares or Performance Units awarded under the Plan shall be entitled to an amount per Performance Share or Performance Unit equal in value to the cash dividend, if any, paid per share of Common Stock on issued and outstanding shares, on the dividend payment dates (“Dividend Payment Date”) occurring during the period between the date on which the Performance Shares or Performance Units are granted to the Participant and the date on which such Performance Shares or Performance Units are settled, cancelled, forfeited, waived, surrendered, or terminated under the Plan. Such paid amounts, called “dividend equivalents,” shall be accrued and paid in cash and/or Common Stock (including reinvestment in additional shares of Common Stock) and paid at such time as the Performance Share or Performance Unit to which it relates vests and settles as the Plan Administrator shall determine. The number of shares of Common Stock to be issued and/or reinvested shall be determined based on the Fair Market Value on the Dividend Payment Date. In the event the dividend equivalents are deferred, they shall be payable in accordance with the requirements of Section 409A.

SECTION 10 RESTRICTED STOCK

1.Grant of Restricted Stock

Subject to the limitations in Section 5.2 of this Plan, Restricted Stock may be granted to Participants in such number and at such times during the term of the Plan as the Plan Administrator shall determine. The Plan Administrator may grant Restricted Stock or provide for the grant of Restricted Stock, either from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events.

2.Restriction Period

Except as permitted by the Plan Administrator and specified in the Award Agreement, during a period following the date of grant, as determined by the Plan Administrator, which in no event shall be less than

one (1) year with respect to Restricted Stock subject to restrictions based upon time and one (1) year with respect to Restricted Stock subject to restrictions based upon the achievement of specific Performance Goals or other performance measures (the "Restriction Period"), the Restricted Stock shall be subject to Section 19.2 of this Plan. During the Restriction Period, the Plan Administrator shall evidence the restrictions on the shares of Restricted Stock in such a manner as it determines is appropriate (including, without limitation, (i) by means of appropriate legends on certificates for shares of Restricted Stock that have been certificated, and (ii) by means of appropriate stop-transfer orders for shares of Restricted Stock credited to book-entry accounts).

3. Other Restrictions

The Plan Administrator shall impose such other restrictions on Restricted Stock granted pursuant to the Plan as it may deem advisable, including Performance Goals or other performance measures. The Plan Administrator may require, under such terms and conditions as it deems appropriate or desirable, that the certificates for Restricted Stock delivered under the Plan may be held in custody by a bank or other institution, or that the Company may itself hold such shares in custody, until the Restriction Period expires or until restrictions thereon otherwise lapse, and may require, as a condition of any issuance of Restricted Stock, that the Participant shall have delivered a stock power endorsed in blank relating to the shares of Restricted Stock.

4. Voting Rights; Dividends and Other Distributions

A Participant receiving a grant of Restricted Stock shall be recorded as a stockholder of the Company with respect to such Restricted Stock. Except as otherwise provided under the terms of the Plan or an Award Agreement, a Participant who receives a grant of Restricted Stock shall have the rights of a stockholder with respect to such shares (except as provided in the restrictions on transferability), including the right to vote the shares and receive dividends and other distributions paid with respect to the underlying shares of Common Stock. The Award Agreement may provide that any cash dividend paid on a share of Common Stock subject to the Restricted Stock be (i) paid in cash on or about the Dividend Payment Date; (ii) accrued and paid at such time as the Restricted Stock to which it relates vests and settles; (iii) paid in Common Stock on or about the Dividend Payment Date; (iv) accrued and/or reinvested in additional shares of Common Stock and paid at such time as the Restricted Stock to which it relates vests and settles; or (v) in any combination thereof. The number of shares of Common Stock to be issued and/or reinvested shall be determined based on the Fair Market Value on the Dividend Payment Date. In the event the dividends are deferred, they shall be payable in accordance with the requirements of Section 409A.

5. Issuance of Shares; Settlement of Awards; Forfeiture

When the restrictions imposed by Section 10.2 of this Plan expire or otherwise lapse with respect to one or more shares of Restricted Stock, the Participant shall be obligated to return to the Company any certificate representing shares of Restricted Stock (if applicable), and the Company shall deliver to the Participant one (1) share of Common Stock (which may be delivered in book-entry or certificated form) in satisfaction of each share of Restricted Stock, which shares so delivered shall not contain any legend. The delivery of shares pursuant to this Section 10.5 of this Plan shall be subject to any required share withholding to satisfy tax withholding obligations pursuant to Section 19.10 of this Plan. Any fractional shares subject to such Restricted Stock shall be paid to the Participant in cash. To the extent that the restrictions imposed by Section 10.2 of this Plan do not expire or otherwise lapse during or upon the end of the Restriction Period with respect to one or more shares of Restricted Stock pursuant to the terms and conditions thereof, such shares of Restricted Stock shall be forfeited to the Company, and the Participant shall be obligated to return to the Company for cancellation any certificate(s) representing shares of such Restricted Stock (if applicable).

SECTION 11 RESTRICTED STOCK UNITS

1. Grant of Restricted Stock Units

Subject to the limitations in Section 5.2 of this Plan, Restricted Stock Units may be granted to Participants in such number and at such times during the term of the Plan as the Plan Administrator shall determine. The Plan Administrator may grant Restricted Stock Units or provide for the grant of Restricted Stock Units, either from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events.

2. Restriction Period

Except as permitted by the Plan Administrator and specified in the Award Agreement, during a period following the date of grant, as determined by the Plan Administrator, which in no event shall be less than one (1) year with respect to Restricted Stock Units subject to restrictions based upon time and one (1) year with respect to Restricted Stock Units subject to restrictions based upon the achievement of specific Performance Goals or other performance measures (the "Restriction Period"), the Restricted Stock Units shall be subject to Section 19.2 of this Plan.

3. Other Restrictions

The Plan Administrator shall impose such other restrictions on Restricted Stock Units granted pursuant to the Plan as it may deem advisable, including the requirement that certain pre-established Performance Goals be met. A Participant receiving a grant of Restricted Stock Units shall not be recorded as a stockholder of the Company with respect to shares of Common Stock that may be issued in settlement of such Restricted Stock Units, and shall not acquire any rights of a stockholder with respect thereto, unless or until the Participant is issued shares of Common Stock in settlement of such Restricted Stock Units.

4. Dividend Equivalents

The Award Agreement may provide that Restricted Stock Units awarded under the Plan shall be entitled to an amount per Restricted Stock Unit equal in value to the cash dividend, if any, paid per share of Common Stock on issued and outstanding shares, on the Dividend Payment Dates occurring during the period between the date on which the Restricted Stock Units are granted to the Participant and the date on which such Restricted Stock Units are settled, cancelled, forfeited, waived, surrendered, or terminated under the Plan. Such paid amounts, called "dividend equivalents," shall be (i) paid in cash on or about the Dividend Payment Date or accrued and paid at such time as the Restricted Stock Unit to which it relates vests and settles, (ii) paid in Common Stock on or about the Dividend Payment Date or accrued and/or reinvested in additional shares of Common Stock and paid at such time as the Restricted Stock Units to which it relates

vests and settles, or (iii) paid in any combination thereof of cash or Common Stock. The number of shares of Common Stock to be issued and/or reinvested shall be determined based on the Fair Market Value on the Dividend Payment Date. In the event the dividend equivalents are deferred, they shall be payable in accordance with the requirements of Section 409A.

5. Issuance of Shares; Settlement of Awards; Forfeiture

When the restrictions imposed by Section 11.2 of this Plan expire or otherwise lapse with respect to one or more Restricted Stock Units, Restricted Stock Units shall be settled (i) in cash, or (ii) by the delivery to the Participant of the number of shares of Common Stock equal to the number of the Participant's Restricted Stock Units that are vested, or any combination thereof, as the Plan Administrator shall determine and is in accordance with Section 409A. The delivery of shares pursuant to this Section 11.5 shall be subject to any required share withholding to satisfy tax withholding obligations pursuant to Section 19.10 of this Plan. Any fractional shares subject to such Restricted Stock Units shall be paid to the Participant in cash. To the extent that the restrictions imposed by Section 11.2 of this Plan do not expire or otherwise lapse during or upon the end of the Restriction Period with respect to one or more Restricted Stock Units pursuant to the terms and conditions thereof, such Restricted Stock Units shall be forfeited and cancelled.

SECTION 12 INCENTIVE AWARDS

1. Incentive Awards

Prior to the beginning of each Performance Period, or not later than ninety (90) days following the commencement of the relevant fiscal year (or such other time as may be required or permitted for "performance-based compensation" under Section 162(m), if applicable), the Plan Administrator shall establish Performance Goals or other performance measures which must be achieved for any Participant to receive an Incentive Award for that Performance Period. The Performance Goals or other performance measures may be based on any combination of corporate and business unit Performance Goals or other performance measures. The Plan Administrator may also establish one or more Company-wide Performance Goals or other performance measures which must be achieved for any Participant to receive an Incentive Award for that Performance Period. Such Performance Goals or other performance measures may include a threshold level of performance below which no Incentive Award shall be earned, target levels of performance at which specific Incentive Awards will be earned, and a maximum level of performance at which the maximum level of Incentive Awards will be earned. Each Incentive Award shall specify the amount of cash and the amount of any other Awards subject to such Incentive Award.

2. Performance Goal Certification

An Incentive Award shall become payable to the extent provided herein and in the related Award Agreement in the event that the Plan Administrator certifies in writing prior to payment of the Incentive Award that the Performance Goals or other performance measures selected for a particular Performance Period have been attained. In no event will an Incentive Award be payable under this Plan if the threshold level of performance set for each Performance Goal or other performance measure for the applicable Performance Period is not attained.

3. Participant's Performance

A Participant's individual performance must be satisfactory as determined by the Plan Administrator, regardless of the Company's performance and the attainment of Performance Goals or other performance measures, before he or she may be paid an Incentive Award. In evaluating a Participant's performance, the Plan Administrator shall consider the Performance Goals or other performance measures, the Participant's responsibilities and accomplishments, and such other factors as it deems appropriate.

4.Required Payment of Incentive Awards

The Plan Administrator shall make a determination, as soon as administratively possible after the information that is necessary to make such a determination is available for a particular Performance Period, whether the Performance Goals or other performance measures for the Performance Period have been achieved, the amount of the Incentive Award for each Participant, and whether the Incentive Award shall be paid in cash and/or other Awards under the Plan. The Plan Administrator shall certify the foregoing determinations in writing as provided in Section 2.33 of this Plan. In the absence of an election by the Participant pursuant to Section 14 of this Plan, the Incentive Award shall be paid as soon as practicable, but in no event later than March 15 following the end of the calendar year in which the foregoing determinations have been made.

SECTION 13 CASH AWARDS AND OTHER STOCK-BASED AWARDS

1.Grant of Cash Awards

Subject to the terms and provisions of this Plan, the Plan Administrator, at any time and from time to time, may grant cash awards to Participants in such amounts and upon such terms, including the achievement of Performance Goals or other specific performance measures, as the Plan Administrator may determine (each, a “Cash Award”).

2.Other Stock-Based Awards

The Plan Administrator may grant other types of equity-based or equity-related Awards not otherwise described by the terms of this Plan (including the grant or offer for sale of unrestricted shares of Common Stock, Awards in lieu of obligations to pay cash or deliver other property, or Common Stock) in such amounts and subject to such terms and conditions, as the Plan Administrator shall determine (each an “Other Stock-Based Award”). Such Other Stock-Based Awards may involve the transfer of Common Stock to Participants, or payment in cash or otherwise of amounts based on or valued in whole or in part by reference to the value of Common Stock.

3.Value of Cash Awards and Other Stock-Based Awards

Each Cash Award granted pursuant to this Section 13 shall specify a payment amount or payment range as determined by the Plan Administrator. Each Other Stock-Based Award shall be expressed in terms of Common Stock or units based on Common Stock, as determined by the Plan Administrator. The Plan Administrator may establish performance measures applicable to such Awards in its discretion. If the Plan Administrator exercises its discretion to establish performance measures, the number and/or value of such cash awards or Other Stock-Based Awards that will be paid out to the Participant will depend on the extent to which the performance measures are met.

4.Payment of Cash Awards and Other Stock-Based Awards

Payment, if any, with respect to a Cash Award or an Other Stock-Based Award shall be made in accordance with the terms of the Award, in cash or Common Stock as the Plan Administrator determines, and in accordance with Section 409A so as not to be treated as payment made pursuant to a nonqualified deferred compensation plan. The value of any fractional shares shall be paid in cash.

SECTION 14 DEFERRAL ELECTIONS

The Plan Administrator may, in its sole discretion, and to the extent permitted by applicable law (including, without limitation, Section 409A), permit Employees to defer Awards under the Plan. Any such deferrals shall be subject to such terms, conditions, and procedures that the Company may establish from

time to time in its sole discretion and consistent with the advance and subsequent deferral election requirements of Section 409A.

SECTION 15 TERMINATION OF SERVICE

1. General

The Award Agreement applicable to each Award shall set forth the effect of a Termination of Service upon such Award; provided, however, that, except in the event of death or Disability, and unless explicitly provided herein or set forth otherwise in an Award Agreement or as determined by the Plan Administrator, (i) all of a Participant's unvested and/or unexercisable Awards shall automatically be forfeited upon a Termination of Service for any reason, and, except as provided in Section 7.3(h), as to Awards consisting of Options or Stock Appreciation Rights, the Participant shall be permitted to exercise the vested portion of the Option or Stock Appreciation Right for at least three (3) months following termination of his or her employment, and (ii) all of a Participant's unvested Awards shall automatically be forfeited upon Termination of Service for Cause or without Good Reason. Provisions relating to the effect of a Termination of Service upon an Award shall be determined in the sole discretion of the Plan Administrator, and need not be uniform among all Awards or among all Participants. Unless the Plan Administrator determines otherwise in accordance with Section 409A of the Code, the transfer of employment of a Participant as between the Company and a Subsidiary shall not constitute a Termination of Service. The Plan Administrator shall have the discretion to determine the effect, if any, that a sale or other disposition of an Employer will have on the Participant's Awards.

2. Termination of Service without Cause or with Good Reason

In the event of a Participant's Termination of Service by the Company without Cause, or by the Participant for Good Reason:

- (a) Any Options and Stock Appreciation Rights outstanding which are not then exercisable and vested, shall become fully exercisable and vested.
- (b) The restrictions applicable to any Restricted Stock or Restricted Stock Unit Award which are not performance based shall lapse, and such Restricted Stock or Restricted Stock Unit shall become free of all restrictions and become fully vested and transferable.
- (c) The restrictions applicable to any Performance Share or Performance Unit Award and any performance-based Restricted Stock or Restricted Stock Unit Award granted pursuant to Sections 9, 10, or 11 of this Plan shall become free of all restrictions and become fully vested and transferable.
- (d) Any restrictions applicable to Cash Awards and Other Stock-Based Awards shall immediately lapse and become payable within twenty (20) days following the Termination of Service.

SECTION 16 EFFECT OF A CHANGE OF CONTROL

Notwithstanding any other provision of the Plan to the contrary and unless otherwise provided in any applicable Award Agreement, or any applicable employment, consulting, change of control severance, or similar service agreement between a Participant and an Employer, in the event of a Change of Control:

- (a) Any Options and Stock Appreciation Rights outstanding which are not then exercisable and vested, shall become fully exercisable and vested.
- (b) The restrictions applicable to any Restricted Stock or Restricted Stock Unit Award which are not performance based shall lapse, and such Restricted Stock or Restricted Stock Unit shall become free of all restrictions and become fully vested and transferable.

(c) The restrictions applicable to any Performance Share or Performance Unit Award and any performance-based Restricted Stock or Restricted Stock Unit Award granted pursuant to Sections 9, 10, or 11 of this Plan shall become free of all restrictions and become fully vested and transferable.

(d) Any restrictions applicable to Cash Awards and Other Stock-Based Awards shall immediately lapse and become payable within twenty (20) days following the Change of Control.

In addition to the Plan Administrator's authority set forth in Sections 5.3 of this Plan, in order to maintain the Participants' rights in the event of any Change of Control, the Plan Administrator, as constituted before such Change of Control, is hereby authorized, and has sole discretion, as to any Award, either at the time such Award is made hereunder or any time thereafter, to take any one or more of the following actions: (i) provide for the purchase of any such Award for an amount of cash equal to the amount that could have been attained upon the exercise of such Award or realization of the Participant's rights had such Award been currently exercisable or payable, as long as such purchase does not result in taxation to the Participant under Section 409A; or (ii) cause any such Award then outstanding to be assumed, or new rights substituted therefor, by the acquiring or surviving entity after such Change of Control. The Plan Administrator may, in its discretion, include such further provisions and limitations in any Award Agreement as it may deem equitable and in the best interests of the Company.

SECTION 17 REGULATORY APPROVALS AND LISTING

The Company shall not be required to issue any certificate or create a book-entry account for shares of Common Stock under the Plan prior to:

(a) obtaining any approval or ruling from the U.S. Securities and Exchange Commission, the Internal Revenue Service, or any other governmental agency which the Company, in its sole discretion, shall determine to be necessary or advisable;

(b) listing of such shares on any stock exchange on which the Common Stock may then be listed; and

(c) completing any registration or other qualification of such shares under any federal or state laws, rulings, or regulations of any governmental body which the Company, in its sole discretion, shall determine to be necessary or advisable.

All certificates, or book-entry accounts, for shares of Common Stock delivered under the Plan shall also be subject to such stop-transfer orders and other restrictions as the Plan Administrator may deem advisable under the rules, regulations, and other requirements of the U.S. Securities and Exchange Commission, any stock exchange upon which the Common Stock is then listed, and any applicable federal or state securities laws, and the Plan Administrator may cause a legend or legends to be placed on any such certificates, or notations on such book-entry accounts, to make appropriate reference to such restrictions. The foregoing provisions of this paragraph shall not be effective if and to the extent that the shares of Common Stock delivered under the Plan are covered by an effective and current registration statement under the Securities Act of 1933, as amended, and if and so long as the Plan Administrator determines that application of such provisions are no longer required or desirable. In making such determination, the Plan Administrator may rely upon an opinion of counsel for the Company. Without limiting the foregoing, the Plan Administrator may impose such restrictions, conditions, or limitations as it determines to be appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by a Participant of any shares of Common Stock issued under this Plan, including, without limitation, (i) restrictions under an insider trading policy, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by one or more Participants, and (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers.

SECTION 18 TREATMENT UPON DEATH OR DISABILITY

Except as otherwise provided in an Award Agreement or any special Plan document governing an Award or any employment, consulting, change of control severance, or similar service agreement between a Participant and an Employer, upon a Termination of Service by reason of death or Disability:

(a) All of such Participant's outstanding Options and Stock Appreciation Rights shall become fully exercisable, and shall thereafter remain exercisable for a period of one (1) year or until the earlier expiration of the original term of the Option or Stock Appreciation Right

(b) All time-based vesting restrictions on the Participant's outstanding Awards shall lapse as of the date of such termination; and

(c) The payout opportunities attainable under all of that Participant's outstanding performance-based Awards shall be determined as provided in the Award Agreement or any special Plan document governing the Award, or any employment, consulting, change of control severance, or similar service agreement with Participant.

To the extent that this Section 18 causes Stock Options to exceed the dollar limitation set forth in Section 422(b) of the Code, the excess Options shall be deemed Nonqualified Options.

SECTION 19 GENERAL PROVISIONS

1. Clawback/Forfeiture Events

(a) If required by Company policy, by the Sarbanes-Oxley Act of 2002, and/or by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 or other applicable laws, each Participant's Award shall be conditioned on repayment or forfeiture in accordance with such applicable laws, Company policy, and any relevant provisions in the related Award Agreement.

(b) The Plan Administrator may specify in an Award Agreement or otherwise that a Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, without limitation, termination of employment for Cause, violation of material policies that may apply to the Participant, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company or a Subsidiary.

2. Nontransferability

Unless otherwise provided in the Plan and permitted by law, including but not limited to the Code, the right of a Participant or Beneficiary to the payment of any Award granted under the Plan, and the rights and privileges conferred thereby, shall not be subject to execution, attachment, or similar process, and may not be transferred, assigned, pledged, or hypothecated in any manner (whether by operation of law or otherwise), other than by will or by the applicable laws of descent and distribution, unless the Participant has received the Plan Administrator's prior written consent. Except as otherwise provided for under the Plan, if any Participant attempts to transfer, assign, pledge, hypothecate, or otherwise dispose of any Award under the Plan, or of any right or privilege conferred thereby, contrary to the provisions of the Plan or such Award, or suffers the sale or levy or any attachment or similar process upon the rights or privileges conferred thereby, all affected Awards held by such Participant shall be immediately forfeited.

3. No Individual Rights

Nothing contained in the Plan, or in any Award granted pursuant to the Plan, shall confer upon any Participant any right to continue in the employ of, or as a Consultant for, the Company or a Subsidiary, nor interfere in any way with the right of the Company or a Subsidiary to terminate the employment or service of such Participant at any time with or without assigning any reason therefor, except to the extent expressly provided otherwise in a written agreement between the Participant and the Company or any Employer.

4. Other Compensation

Unless determined otherwise by the Plan Administrator or required by contractual obligations, the grant, vesting, or payment of Awards under the Plan shall not be considered as part of a Participant's salary or used for the calculation of any other pay, allowance, pension, or other benefit, unless otherwise permitted by other benefit plans provided by the Company or a Subsidiary, or required by law or by contractual obligations of the Company or a Subsidiary.

5. Leaves of Absence and Change in Status

Leaves of absence for such periods and purposes conforming to the personnel policy of the Company, or of a Subsidiary, as applicable, shall not be deemed a Termination of Service, unless a Participant commences a leave of absence from which he or she is not expected to return to active employment or service with the Company or a Subsidiary. The foregoing notwithstanding, with respect to Incentive Stock Options, employment shall not be deemed to continue beyond the first ninety (90) days of such leave unless the Participant's reemployment rights are guaranteed by statute or contract. With respect to any Participant who, after the date an Award is granted under this Plan, ceases to be employed by or provide services to the Company or a Subsidiary on a full-time basis but continues to be employed or provide services on a part-time basis, the Plan Administrator may make appropriate adjustments, as determined in its sole discretion, as to the number of shares issuable under, the vesting schedule of, or the amount payable under any unvested Awards held by such Participant.

6. Transfers

In the event a Participant is transferred from the Company to a Subsidiary, or vice versa, or is promoted or given different responsibilities, Awards granted to the Participant prior to such date shall not be affected by such event.

7. Unfunded Obligations

Any amounts (deferred or otherwise) to be paid to Participants pursuant to the Plan are unfunded obligations. Neither the Company nor any Subsidiary is required to segregate any monies from its general funds, to create any trusts, or to make any special deposits with respect to this obligation. The Plan Administrator, in its sole discretion, may direct the Company to share with a Subsidiary the costs of a portion of the Incentive Awards paid to Participants who are executives of those companies. Beneficial ownership of any investments, including trust investments which the Company may make to fulfill this obligation, shall at all times remain in the Company. Any investments and the creation or maintenance of any trust or any Participant account shall not create or constitute a trust or a fiduciary relationship between the Plan Administrator, the Company, or any Subsidiary, and a Participant, or otherwise create any vested or beneficial interest in any Participant or the Participant's Beneficiary or the Participant's creditors in any assets of the Company or a Subsidiary whatsoever. The Participants shall have no claim against the Company for any changes in the value of any assets which may be invested or reinvested by the Company with respect to the Plan.

8. Beneficiaries

The designation of a Beneficiary shall be on a form provided by the Company, executed by the Participant (with the consent of the Participant's spouse, if required by the Company for reasons of community property or otherwise), and delivered to a designated representative of the Company. The Company may, in its discretion, utilize an electronic process for Beneficiary designations. A Participant may change his or her Beneficiary designation at any time. A designation by a Participant under any predecessor plans shall remain in effect under the Plan, unless such designation is revoked or changed under the Plan. In the event that a Participant becomes divorced, a Beneficiary designation under this Plan or a predecessor plan in favor of his or her divorced spouse shall become void as of the effective date of the divorce, unless the Participant re-designates the former spouse as his or her Beneficiary following the effective date of the divorce. If no Beneficiary is designated, if the designation is ineffective, or if the Beneficiary dies before the balance of a Participant's benefit is paid, the balance shall be paid to the Participant's spouse, or if there is no surviving spouse, to the Participant's estate. Notwithstanding the foregoing, however, a Participant's Beneficiary shall be determined under applicable state law if such state law does not recognize Beneficiary designations under plans of this sort and is not preempted by laws which recognize the provisions of this Section 19.8. In the event that the Plan Administrator determines that two or more claims are made by claimed Beneficiaries against the Plan for an Award, the Plan Administrator may initiate an interpleader action in a court of competent jurisdiction to resolve the controversy.

In the event that an Award has vested, its restrictions have lapsed, or it has been exercised and the underlying shares of Common Stock relating to such award have been transferred to a brokerage account, it is the responsibility of the Participant to establish and maintain beneficiary designations with that broker.

9. Governing Law

The Plan, all Award Agreements and all corporate law matters with respect to the Company shall be governed by the General Corporation Law of the State of Delaware.

10. Satisfaction of Tax Obligations

Appropriate provision shall be made for all taxes required to be withheld in connection with the grant, vesting, exercise, or other taxable event with respect to Awards under the applicable laws and regulations of any governmental authority, whether federal, state, or local and whether domestic or foreign, including, without limitation, the required withholding of a sufficient amount of Common Stock otherwise issuable to a Participant to satisfy such required tax withholding obligations. To the extent provided by the Plan Administrator, a Participant is permitted to deliver Common Stock (including shares acquired pursuant to the exercise of an Option or Stock Appreciation Right other than the Option or Stock Appreciation Right currently being exercised, to the extent permitted by applicable regulations) for payment of withholding taxes on the exercise of an Option or Stock Appreciation Right, upon the grant or vesting of Restricted Stock or Restricted Stock Units, or upon the payout of Performance Shares, Performance Units, or Incentive Awards. Common Stock may be required to be withheld from the shares issuable to the Participant upon the exercise of an Option or Stock Appreciation Right, upon the vesting of Restricted Stock or Restricted Stock Units, or upon the payout of Performance Shares or Performance Units, to satisfy such required tax withholding obligations. The Fair Market Value of Common Stock as delivered pursuant to this Section 19.10 shall be determined as of the day of such delivery, and shall be calculated in accordance with Section 2.23 of this Plan.

Any Participant who makes an election under Section 83(b) of the Code shall, within ten (10) days of making such election, notify the Company in writing of such election and shall provide the Company or such Participant's Employer with a copy of such election form filed with the U.S. Internal Revenue Service.

A Participant is solely responsible for obtaining, or failing to obtain, tax advice with respect to participation in the Plan prior to the Participant's (i) entering into any transaction under or with respect to the Plan, (ii) designating or choosing the times of distributions under the Plan, (iii) the making of any elections applicable to the Participant in connection with any Award under the Plan, including, without limitation, an election under Section 83(b) of the Code, or (iv) disposing of any Common Stock issued under the Plan.

11. Participants in Foreign Jurisdictions

The Plan Administrator shall have the authority to adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of any countries in which the Company or any Subsidiary may operate, to ensure the viability of the benefits from Awards granted to Participants employed in such countries, to meet the requirements of applicable foreign laws that permit the Plan to operate in a qualified or tax-efficient manner, to comply with applicable foreign laws, and to meet the objectives of the Plan; provided, however, that no such action taken pursuant to this Section shall result in a "material revision" of the Plan under applicable securities exchange corporate governance rules.

SECTION 20 REGULATORY COMPLIANCE

1. Rule 16b-3 and Section 162(m)

The Company's intention is that, so long as any of the Company's equity securities are registered pursuant to Section 12(b) or 12(g) of the Exchange Act, the Plan shall comply in all respects with the rules of any exchange on which the Common Stock is traded and with Rule 16b-3. In addition, it is the Company's intention that, as to Covered Employees, unless otherwise indicated in an Award Agreement, Options, Stock Appreciation Rights, Performance Shares, Performance Units, and Incentive Awards shall be designed to qualify as performance-based compensation under Section 162(m). If any Plan provision is determined not to be in compliance with the foregoing intentions, that provision shall be deemed modified as necessary to meet the requirements of any such exchange, Rule 16b-3, and Section 162(m).

2. Section 409A

The Plan is intended to be administered, operated, and construed in compliance with Section 409A and any regulations or other guidance issued thereunder. Notwithstanding this or any other provision of the Plan to the contrary, the Board or the Plan Administrator may amend the Plan in any manner, or take any other action, that either of them determines, in its sole discretion, is necessary, appropriate, or advisable to cause the Plan to either be exempt from, or comply with Section 409A and any regulations or other guidance issued thereunder. Any such action, once taken, shall be deemed to be effective from the earliest date necessary and applicable to avoid a violation of Section 409A, and shall be final, binding, and conclusive on all Participants and other individuals having or claiming any right or interest under the Plan.

Notwithstanding the provisions of the Plan or any Award Agreement, if a Participant is a "specified employee" upon his or her "separation from service" (within the meaning of such terms in Section 409A under such definitions and procedures as established by the Company in accordance with Section 409A), any portion of a payment, settlement, or other distribution made upon such a "separation from service" that would cause the acceleration of, or an addition to, any taxes pursuant to Section 409A will not commence or be paid until a date that is six (6) months and one (1) day following the applicable "separation from service." Any payments, settlements, or other distributions that are delayed pursuant to this Section 20.2 following the applicable "separation from service" shall be accumulated and paid to the Participant in a lump sum without interest on the first business day immediately following the required delay period.

SECTION 21 ESTABLISHMENT AND TERM OF PLAN

The Plan was adopted by the Board on December [•], 2016, and is subject to approval by the Company's stockholders. If approved by the stockholders, this Plan will replace the Prior Plans, and no further Awards will be made under the Prior Plans. This Plan shall become effective on the Effective Date, and shall remain in effect for a period of ten (10) years after the Effective Date. After this Plan is terminated, no future Awards may be granted pursuant to the Plan, but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and this Plan's terms and conditions.

SECTION 22 AMENDMENT, TERMINATION, OR DISCONTINUANCE OF THE PLAN

1. Amendment of Plan

Subject to approval of the Board with respect to amendments that are required by law or regulation or stock exchange rules to be submitted to the stockholders of the Company for approval, the Board or the CNG Committee may from time to time make such amendments to the Plan as it may deem proper and in the best interests of the Company, including, without limitation, any amendment necessary to ensure that the Company may obtain any regulatory approval referred to in Section 17 of this Plan; provided, however, that (i) to the extent required by applicable law, regulation, or stock exchange rule, stockholder approval shall be required, and (ii) except as otherwise provided in the Plan, no change in any Award previously granted under the Plan may be made without the consent of the Participant if such change would impair the right of the Participant under the Award to acquire or retain Common Stock or cash that the Participant may have acquired as a result of the Plan.

2. Termination or Suspension of Plan

The Board or CNG Committee may at any time suspend the operation of or terminate the Plan with respect to any Common Stock or rights which are not at that time subject to any Award outstanding under the Plan.

3. Section 162(m) Approval

If so determined by the Plan Administrator, the provisions of the Plan relating to Performance Goals and Awards that are intended to constitute "performance-based compensation" under Section 162(m) shall be disclosed to, and reapproved by, the Company's stockholders no later than the first stockholder meeting that occurs in the fifth year following the year in which the Effective Date occurs (or at any such other time as may be required or allowed by Section 162(m)) in order for Awards that are intended to constitute "performance-based compensation" under Section 162(m) granted after such time to be exempt from the deduction limitations of Section 162(m).

MAGELLAN PETROLEUM CORPORATION

Antoine J. Lafargue
President and Chief Executive Officer

ANNEX D: SECTION 262 OF THE GENERAL CORPORATION LAW OF THE STATE OF DELAWARE
§ 262 Appraisal rights [For application of this section, see 79 Del. Laws, c. 72, § 22, 79 Del. Laws, c. 122, § 12 and 80 Del. Laws, c. 265, § 18]

Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's

(a) shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title and, subject to paragraph (b)(3) of this section, § 251(h) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(b)

Provided, however, that, except as expressly provided in § 363(b) of this title, no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of

(1) stockholders to act upon the agreement of merger or consolidation, were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by

(2) the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or

d.

Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under §§ 251(h), 253 (3) or 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

- In the event of an amendment to a corporation's certificate of incorporation contemplated by § 363(a) of this title, appraisal rights shall be available as contemplated by § 363(b) of this title, and the procedures of this section, (4) including those set forth in subsections (d) and (e) of this section, shall apply as nearly as practicable, with the word "amendment" substituted for the words "merger or consolidation," and the word "corporation" substituted for the words "constituent corporation" and/or "surviving or resulting corporation."
- Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of (c) incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the provisions of this section, including those set forth in subsections (d), (e), and (g) of this section, shall apply as nearly as is practicable.
- (d) Appraisal rights shall be perfected as follows:
- If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Each stockholder electing to (1) demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or
- If the merger or consolidation was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any (2) stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of the offer contemplated by § 251(h) of this title and 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the

surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the offer contemplated by § 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation

(e) surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court,

(f) shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the

(g) Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder. If immediately before the merger or consolidation the shares of the class or series of stock of the constituent

D-2

corporation as to which appraisal rights are available were listed on a national securities exchange, the Court shall dismiss the proceedings as to all holders of such shares who are otherwise entitled to appraisal rights unless (1) the total number of shares entitled to appraisal exceeds 1% of the outstanding shares of the class or series eligible for appraisal, (2) the value of the consideration provided in the merger or consolidation for such total number of shares exceeds \$1 million, or (3) the merger was approved pursuant to § 253 or § 267 of this title.

After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, and except as provided in this subsection, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. At any time before the entry of judgment in the proceedings, the surviving corporation may pay to each stockholder entitled to appraisal an amount in cash, in which case interest shall accrue thereafter as provided herein only upon the sum of (1) the difference, if any, between the amount so paid and the fair value of the shares as determined by the Court, and (2) interest theretofore accrued, unless paid at that time. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such

D-3

stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

- (l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

PART II-Information Not Required in Prospectus

Item 20. Indemnification of Directors and Officers.

Magellan Petroleum Corporation (“Magellan”) is a Delaware corporation. Section 145 of the General Corporation Law of the State of Delaware (the “DGCL”) contains provisions for the indemnification and insurance of directors, officers, employees, and agents of a Delaware corporation against liabilities which they may incur in their capacities as such.

Those provisions have the following general effects:

(a) A Delaware corporation may indemnify a person who is or was a director, officer, employee, or agent of the corporation against expenses (including attorneys’ fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with any action, suit, or proceeding (other than an action by or in the right of the corporation) if the person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person’s conduct was unlawful.

(b) A Delaware corporation may indemnify a person who is or was a director, officer, employee, or agent of the corporation in an action or suit by or in the right of the corporation against expenses (including attorneys’ fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue, or matter as to which such person shall have been adjudged liable to the corporation (except under certain circumstances).

(c) A Delaware corporation must indemnify a present or former director or officer against expenses (including attorneys’ fees) actually and reasonably incurred by such person in connection with any action, suit, or proceeding to the extent that such person has been successful on the merits or otherwise in defense of the action, suit, or proceeding.

(d) A Delaware corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the corporation against liability asserted against such person and incurred by such person in any such capacity or arising from such person’s status as such, whether or not the corporation would have the power to indemnify such person against such liability under Section 145 of the DGCL.

Magellan’s restated certificate of incorporation and bylaws provide that Magellan shall enter into appropriate agreements with its directors and officers to both indemnify such directors and officers and advance funds for litigation expenses to the fullest extent permitted by Delaware law, as may be amended from time to time. In furtherance of these provisions, Magellan has entered into written agreements with each of its directors and officers to indemnify and advance expenses to those individuals to the fullest extent permitted by Delaware law. A copy of the form of indemnification agreement was filed on June 10, 2013 as Exhibit 10.1 to Magellan’s Current Report on Form 8-K.

In addition, pursuant to Section 102(b)(7) of the DGCL, Magellan’s restated certificate of incorporation provides that no director of Magellan shall be personally liable to Magellan or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

(a) for any breach of the director’s duty of loyalty to Magellan or its stockholders;

(b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

(c) under Section 174 of the DGCL (relating to unlawful payment of dividends or stock repurchases); or

(d) for any transaction from which the director derived an improper personal benefit.

Magellan maintains directors' and officers' insurance covering certain liabilities that may be incurred by directors and officers in the performance of their duties.

Item 21. Exhibits and Financial Statement Schedules.

The exhibits listed below in the "Exhibit Index" are part of this registration statement and are numbered in accordance with Item 601 of Regulation S-K.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the U.S. Securities and Exchange Commission (the "SEC") pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) that, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) that, for the purpose of determining any liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) that, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act, that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (7) to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Exchange Act; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.
- (8) that, prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c) under the Securities Act, the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
- (9) that every prospectus (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act, and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (10) insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (11) to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated

documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(12) to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
