Item 7.01 Regulation FD Disclosure.

Representatives of Dycom Industries, Inc. (the “Registrant”) will present at the D.A. Davidson 13th Annual Engineering & Construction Conference in San Francisco, California on Tuesday, September 9, 2014, at approximately 10:00 a.m. (ET). A copy of the materials to be used by the Registrant at the conference is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.

The materials contain the financial measures of Adjusted EBITDA - Non-GAAP, net income - Non-GAAP, earnings per common share - Non-GAAP, and certain amounts relating to organic revenue, which are Non-GAAP financial measures within the meaning of Regulation G promulgated by the Securities and Exchange Commission. Adjusted EBITDA - Non-GAAP, defined by the Registrant as earnings before interest, taxes, depreciation and amortization, gain on sale of fixed assets, acquisition related costs, write-off of deferred financing costs, charges for wage and hour class action settlements, stock-based compensation expense, and certain non-recurring items, is not a recognized term under generally accepted accounting principles (“GAAP”) and does not purport to be an alternative to net income, operating cash flows, or a measure of earnings. Net income - Non-GAAP and earnings per share - Non-GAAP are not recognized terms under GAAP and do not purport to be alternatives to GAAP net income and GAAP earnings per share. Organic revenue is not a recognized term under GAAP and does not purport to be an alternative to GAAP contract revenue. Because all companies do not use identical calculations, the presentation of these Non-GAAP financial measures may not be comparable to other similarly titled measures of other companies. The Registrant believes these Non-GAAP financial measures provide information that is useful to the Registrant’s investors. The Registrant believes that this information is helpful in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate impact on the Registrant’s results of operations in any particular period. Additionally, the Registrant uses these Non-GAAP financial measures to evaluate its past performance and prospects for future performance.

The information in the preceding paragraphs, as well as Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”), or otherwise subject to the liabilities of that section. It may only be incorporated by reference into another filing under the Exchange Act or the Securities Act of 1933 (the “Securities Act”) if such subsequent filing specifically references this Current Report on Form 8-K.
