Item 7.01 Regulation FD Disclosure.

On September 20, 2018, Dycom Industries, Inc. (the “Company”) posted presentation materials under Events & Presentations on the Investor Center section of the Company’s website at <https://ir.dycomind.com>. Members of the Company’s management may use all or portions of these materials from time to time in meetings with or when making presentations to the investment community, current or potential stakeholders, and others. The presentation materials are furnished herewith as Exhibit 99.1 and will be available at <https://ir.dycomind.com> until Monday, October 22, 2018.

The presentation materials contain the financial measures of Non-GAAP Adjusted EBITDA, Non-GAAP Adjusted Net Income, Non-GAAP Adjusted Diluted Earnings per Common Share, Non-GAAP Adjusted Diluted Shares, and certain amounts relating to organic contract revenue, which are Non-GAAP financial measures within the meaning of Regulation G promulgated by the Securities and Exchange Commission. Non-GAAP Adjusted EBITDA, defined by the Company as earnings before interest, taxes, depreciation and amortization, gain on sale of fixed assets, stock-based compensation expense, loss on debt extinguishment, and certain non-recurring items, is not a recognized term under generally accepted accounting principles (“GAAP”) and does not purport to be an alternative to net income, operating cash flows, or a measure of earnings. Non-GAAP Adjusted Net Income is not a recognized term under GAAP and does not purport to be an alternative to GAAP net income. Non-GAAP Adjusted Diluted Earnings per Common Share is not a recognized term under GAAP and does not purport to be an alternative to GAAP diluted earnings per common share. Non-GAAP Adjusted Diluted Shares is not a recognized term under GAAP and does not purport to be an alternative to GAAP diluted shares. Organic contract revenue is not a recognized term under GAAP and does not purport to be an alternative to GAAP contract revenue. Because all companies do not use identical calculations, the presentation of these Non-GAAP financial measures may not be comparable to other similarly titled measures of other companies. The Company believes these Non-GAAP financial measures provide information that is useful to investors because it allows for a more direct comparison of the Company’s performance for the period reported with the Company’s performance in prior periods. A reconciliation of these Non-GAAP financial measures to the most directly comparable GAAP measures is included in Exhibit 99.1.

The information in the preceding paragraphs, as well as Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”), or otherwise subject to the liabilities of that section. It may only be incorporated by reference into another filing under the Exchange Act or the Securities Act of 1933 if such subsequent filing specifically references this Current Report on Form 8-K.
