The Company's annual report to stockholders and its Annual Report on Form 10-K for the recently completed fiscal year, which includes the consolidated financial statements of the Company, have been made available with this Proxy Statement.

The Company is a diversified financial services company which serves the financial needs of central Illinois. In addition, the Company owns all of the outstanding capital stock of Soy Capital Bank and Trust, an Illinois chartered bank, which is anticipated to merge into First Mid Bank on or around April 5, 2019.

Only holders of record of the Company's common stock ("Common Stock") at the close of business on February 28, 2019 (the "Record Date") will be entitled to vote at the annual meeting or any adjournments or postponements of such meeting. On the Record Date, the Company had 16,671,367 shares of Common Stock issued and outstanding. She also served as a Commercial Loan Officer for Mark Twain Bancshares (1989-1991). Ms. Westerhold's experience in managing the operations of the various companies provides the Board with valuable general business experience. In addition, her financial and accounting experience provides the Board with valuable insight in accounting and strategic transactions involving the Company. Additionally, having served as a director of First Clover Leaf Financial Corp., Ms. Westerhold brings in-depth knowledge of the Company's newly acquired operations and the market in which it operates.

James E. Zimmer has served as a director of the Company since August 2014. Mr. Zimmer has an MBA degree from Washington University. From 1992-2010, he held a variety of sales, marketing and executive positions throughout the agricultural industry with Monsanto Corporation. Mr. Zimmer is currently the owner and operator of Zimmer Real Estate Properties, a premier student housing provider and the co-founder of Bio-Enzyme, an agriculture business focused on innovative solutions for farmers (since 2010). His experience and knowledge gained from these agriculture-related businesses will assist the Board of Directors in the communities it serves and various areas of its oversight.

BOARD OF DIRECTORS LEADERSHIP

Mr. Dively has served as President and Chief Executive Officer and Chairman of the Board of Directors of the Company since January 1, 2014. The Board of Directors believes that having the Chief Executive Officer and Chairman positions held by the same individual allows that individual to have multiple perspectives about the Company and its operations while optimizing the ability of the Board of Directors to communicate with Company management. Also, because the members of the Board of Directors other than Mr. Dively are independent, the knowledge of the Company that Mr. Dively brings to the Board of Directors helps to enhance the Board of Directors' leadership of the Company. The Board of Directors has no fixed policy with respect to combining or separating the roles of the Chief Executive Officer and the Chairman of the Board of Directors and will continue to review the Board of Directors' leadership structure from time to time in order to ensure that the leadership is optimal for the Company at that time.

At any time that the Chief Executive Officer and Chairman of the Board positions are held by the same individual, the Board of Directors may, in its discretion, appoint a lead independent director. At its meeting on January 28, 2014, the Board of Directors appointed Mr. Sparks as its lead independent director. Prior to Mr. Sparks' appointment, the Board of Directors did not have a lead independent director. The responsibilities of the lead independent director include the following: acting as a liaison between the Chairman and the independent members of the Board of Directors; advising the Chairman on the quality, quantity and timeliness of the flow of information from management; serving as a resource to the members of the Board of Directors on corporate governance practices and policies; and coordinating and moderating executive sessions of the independent members of the Board of Directors.

BOARD OF DIRECTORS ROLE IN RISK OVERSIGHT

The Board of Directors oversees the risk management of the Company through its committees, management committees and the Chief Executive Officer. The Board of Directors' audit committee monitors risks related to (1) the effectiveness of the Company's disclosure controls and internal controls over financial reporting, (2) the integrity of its Consolidated Financial Statements, (3) compliance with laws and regulations, (4) risks and exposures relating to financial reporting, particularly disclosure and SEC reporting, (5) internal and independent auditors and (6) tax, investment, credit and liquidity matters. In addition, the audit committee oversees the internal audit function and communicates with the independent registered public accountant. The compensation committee is also involved in risk management through its review of risks in the Company's compensation policies and practices for employees. The Board of Directors' recognition of the importance of risk management oversight and their role in representing the interests of stockholders is enhanced as a result of the Board of Directors members' collective beneficial ownership of approximately 13% of the outstanding shares of Common Stock of the Company.

At its monthly meetings, the Board of Directors receives the minutes from each of the Company's management committee meetings, as well as various reports from executive management, including the senior Risk Management officer. The Board of Directors reviews and discusses these reports with each of the executive managers. The Board of Directors reviews the status of all classified assets and trends in loan delinquency and reviews the allowance for loan losses each quarter. The senior loan committee approves all loan underwriting decisions in excess of \$4 million and up to \$15 million. The Board of Directors approves all underwriting decisions in excess of \$15 million.

The Board of Directors also reviews the policies and practices of the Company on a regular basis. In addition, the Board of Directors reviews corporate strategies and objectives, evaluates business performance and reviews the annual business plan.

NOMINATIONS FOR DIRECTOR

The Company does not maintain a standing nominating committee but has adopted a Director Nomination Policy. The Board of Directors' independent directors (the "Independent Directors") perform the functions of a nominating committee, and consider and act on all matters relating to the nomination of individuals for election as directors. Pursuant to the Director Nomination Policy, the Independent Directors review and make recommendations regarding the composition and size of the Board of Directors in order to ensure that it has the requisite expertise and that its membership consists of persons with sufficiently diverse backgrounds and satisfies NASDAQ's listing requirements regarding independent directors. The Company believes the diverse backgrounds and perspectives of its current directors, as described above under "Board Director Qualifications," are appropriate to the oversight of the Company's management team and performance. The Board of Directors does not believe it needs a separate nominating committee because the Independent Directors have the time and resources to perform the function of selecting director nominees. Also, all but one of the directors satisfies the independence requirements of NASDAQ. The

10

Independent Directors act in accordance with the Company's Director Nomination Policy and the Company's Certificate of Incorporation when performing their nominating function.

In the consideration of director nominees, the Independent Directors consider, at a minimum, the following factors for new directors, or the continued service of existing directors: (1) the ability of the prospective nominee to represent the interests of the stockholders of the Company; (2) the prospective nominee's standards of integrity, commitment and independence of thought and judgment; (3) the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties; (4) the extent to which the prospective nominee contributes to the diversity of talent, skill and expertise appropriate for the Board of Directors; and (5) the prospective nominee's contributions to the Board of Directors as a whole.

Any stockholder who wishes to recommend a director candidate for consideration by the Independent Directors should submit such recommendation in writing to the Board of Directors at the address set forth below under "Communications with Directors." A candidate recommended for consideration must be highly qualified and must be willing and able to serve as director. Director candidates recommended by stockholders will receive the same consideration given to other candidates and will be evaluated against the criteria above.

NOTICE PROVISIONS FOR STOCKHOLDER NOMINATIONS OF DIRECTORS

Any stockholder wishing to nominate an individual for election as a director at the Annual Meeting must comply with certain provisions in the Company's Restated Certificate of Incorporation. The Company's Restated Certificate of Incorporation establishes an advance notice procedure with regard to the nomination, other than by or at the direction of the Board of Directors, of candidates for election as directors. If the notice is not timely and in proper form, the proposed nomination will not be considered at the Annual Meeting. Generally, such notice must be delivered to or mailed to and received by the Secretary of the Company not fewer than 14 days nor more than 60 days before a meeting at which directors are to be elected. To be in proper form, each written nomination must set forth: (1) the name, age business address and, if known, the residence address of the nominee, (2) the principal occupation or employment of the nominee for the past five years, and (3) the number of shares of stock of the Company beneficially owned by the nominee and by the nominating stockholder. The stockholder must also comply with certain other provisions set forth in the Company's Restated Certificate of Incorporation relating to the nomination of an individual for election as a director. For a copy of the Company's Restated Certificate of Incorporation, which includes the provisions relating to the nomination of an individual for election as a director, an interested stockholder should contact the Secretary of the Company at 1421 Charleston Avenue, P.O. Box 499, Mattoon, Illinois 61938.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis explains the objectives and philosophy underlying the Company's executive compensation program and the material elements of the compensation paid to the Company's executive officers, including the executive officers named in the Summary Compensation Table of this proxy statement (the "named executive officers"). The named executive officers for 2018 were:

Joseph R. Dively: Chairman, President & Chief Executive Officer
Matthew K. Smith: Executive Vice President & Chief Financial Officer
Michael L. Taylor: Senior Executive Vice President & Chief Operating Officer
Eric S. McRae: Executive Vice President & Chief Credit Officer
Bradley L. Beesley: Executive Vice President & Chief Trust and Wealth Management Officer

Executive Compensation Objectives

It is the policy of the Company to compensate its executives in a manner that is equitable and competitive based on their responsibilities, performance and market conditions. The Company's compensation objectives with respect to its named executive officers are to:

- Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders.
- Enable the Company to attract and retain the best available executive talent.
- Reward individual performance and contributions to the Company.

Setting Executive Compensation

The compensation committee attempts to meet these objectives by providing a mix of key compensation elements that include base salary, annual cash incentives and equity-based compensation. In setting aggregate compensation for each of the named executive officers, the compensation committee first establishes appropriate levels of base salary for the executives, and then establishes the opportunity for the executives to earn additional compensation through annual cash incentives and longer-term equity compensation. The amount of such additional compensation varies with position and, in the case of annual and long-term incentives, is also conditioned on attainment of corporate or individual performance measures. The Company also provides retirement benefits, severance and change in control benefits, and a limited number of perquisites and other personal benefits in order to ensure a complete and competitive compensation plan.

The compensation committee uses the key elements of compensation to meet the objectives of its executive compensation program as follows:

Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders. Since 2011, the compensation committee has granted performance awards under its executive long term incentive plan that consist of restricted stock awards and/or restricted stock units. The compensation committee also bases a significant portion of an executive's cash incentive on attainment of certain corporate performance metrics, which encourages the executive to work to increase the Company's profitability and in turn, its stock value.

The compensation committee believes that the components of the long term incentive plan align key executive compensation with the Company's performance goals. The long term incentive plan generally includes goals which

ensure that the executives are focused on sustainability of earnings and growth of the Company.

Enable the Company to attract and retain the best available talent. In order to achieve this objective, the compensation committee believes it must pay compensation that is competitive. As described below, the compensation committee reviews and monitors the compensation paid by companies that are comparable to the Company to ensure that compensation packages are competitive.

15

Reward individual performance and contributions to the Company. The compensation committee's evaluation of the individual performance of each executive affects his or her compensation. Individual performance is an important factor in determining base salary, which in turn affects the amount of cash incentive compensation that can be earned and equity compensation that is granted. Individual performance is also a component of the cash incentive compensation and, when awarded, equity compensation.

The compensation committee makes all compensation decisions for the CEO and all other executive officers of the Company. The CEO annually reviews the performance of each executive officer (other than himself) and makes recommendations to the compensation committee. The compensation committee considers the CEO's recommendations when making its final compensation decisions for all executives other than the CEO. Although the compensation committee has the discretion to make all final decisions, the recommendation of the CEO is an important factor. The compensation committee believes that its ability to exercise discretion in setting the elements of compensation for its executives provides flexibility to establish appropriate overall compensation levels and achieve the Company's objectives.

Key Elements of Compensation

Each year the compensation committee reviews compensation data of the most highly paid executives of other comparable banking institutions. For 2018, the data consisted of a compensation survey, prepared by the Company's human resources director, of publicly traded banks in non-urban markets in the upper Midwest who directly compete with the Company or who have market capitalization comparable to that of the Company. (The banks included in the 2018 analysis ranged in size from approximately \$1 billion to \$5 billion in assets). Because these institutions frequently recruit individuals for senior executive positions requiring similar skills and backgrounds to the individuals recruited by the Company, the compensation committee uses this information as a general guide in establishing the base salaries, cash incentives and equity compensation of the named executive officers. The compensation committee generally aligns compensation components with those used by the peer institutions and attempts to maintain a comparable level of total compensation (i.e., salary, annual cash incentives and equity compensation). However, the compensation committee does not rely solely on this information and does not benchmark its decisions regarding total compensation or elements of compensation to any particular percentile range of the comparator groups of companies.

In addition, the compensation committee considers each executive's current salary, his or her individual performance, the financial performance of the Company, the anticipated difficulty of replacing the executive with a person of comparable experience and skill and the recommendation of the CEO. The compensation committee also may periodically engage the services of independent consultants with knowledge and experience in such matters, although it did not do so in setting 2018 compensation.

In April 2017, the compensation committee retained the services of Blanchard Consulting to conduct an in-depth review of the Company's executive compensation program. The compensation committee considered various factors bearing upon Blanchard Consulting's independence and determined that the firm is independent and that its engagement did not present any conflicts of interest. Blanchard Consulting provides no other services to the Company. With the consultant's assistance, the compensation committee selected a peer group of eight publicly traded bank holding companies in non-urban areas in the Midwest of similar size to the Company, consisting of the following companies:

Stock Yards Bancorp, Inc.
QCR Holdings, Inc.
Mercantile Bank Corporation
Horizon Bancorp
German American Bancorp, Inc.

Farmers National Banc Corp.
Ames National Corporation
Southern Missouri Bancorp, Inc.

The peer group information, as well as the data from the general market surveys discussed above, formed the basis for making changes to the current compensation program. Total compensation for the named executive officers was initially targeted at the 25th to 50th percentile of the peer group for similar executive positions, then adjusted based on various factors, including the market survey data, individual performance and the experience level of the executive. As a result of the consultant's review, the compensation committee approved changes to the current compensation program beginning with 2018 pay decisions, including (i) salary increases for certain executives, (ii) an increase in the maximum annual bonus opportunity in 2018 from 50% to 75% for the CEO and from 35% to 40% for the other named executive officers, and (iii) a

change to the long term equity compensation component such that in 2018 restricted stock awards are subject to three-year service-based vesting, and restricted stock unit awards are subject to a one-year performance period, then three-year service-based vesting. (In connection with the redesign of the equity component, the compensation committee approved the acceleration of the vesting of outstanding equity awards, effective as of December 15, 2017.)

Base Salary

Executives are paid an annual salary. The compensation committee reviews salaries annually in the beginning part of each year. Based on the guidelines and factors described above, the compensation committee, in early 2018, concluded that adjustments to base salaries for certain named executive officers were necessary in order to keep compensation for named executive officers competitive. In addition to the factors noted above, the compensation committee considered the level of the executive's accomplishment of individual goals for the prior year, the number of individuals the executive supervises, the level of duties and responsibilities assumed by the executive and the strategic implications of the decisions the executive is required to make. The compensation committee established the 2018 base salary for the named executive officers as follows (salary increases were effective as of February 12, 2018):

Executive	2018 Salary Rate	\$ Increase from 2017 Salary Rate
Mr. Dively	\$420,000	\$41,656
Mr. Smith	\$215,250	\$10,250
Mr. Taylor	\$288,851	\$9,768
Mr. McRae	\$262,131	\$10,091
Mr. Beesley	\$167,493	\$0

The actual salaries paid to the named executive officers in 2018 are set forth in the "Salary" column of the Summary Compensation Table of this proxy statement.

Annual Cash Incentives

The named executive officers are eligible to participate in the Company's Incentive Compensation Plan (the "Plan"), which is designed to reward executives in increasing Company profitability which creates stockholder value. As noted above, in January 2018, the compensation committee increased the maximum annual incentive opportunity from 50% to 75% for the CEO and from 35% to 40% for the other named executive officers, expressed as a percentage of the base salary rate in effect for 2018.

Since successful execution of the Company's strategic plan requires that members of the executive management team work closely together and because senior management has the potential greatest influence on Company profitability, the compensation committee determined that incentive opportunity for 2018 would continue to be based 70% on the Company's net income (exclusive of non-recurring costs associated with acquisitions) and 30% on the Company's asset quality (adversely classified loans and repossessed assets as a percent of total loans) for Messrs. Dively, Smith, Taylor and McRae. The compensation committee also determined that incentive opportunity for 2018 would continue to be based 70% on the Company's net income (exclusive of non-recurring costs associated with acquisitions) and 30% on the profitability of Wealth Management for Mr. Beesley. The compensation committee utilizes the asset quality goal, in addition to the net income goal, based on the premise that asset quality has a strong correlation to future loan losses and therefore, future profitability, while net income represents current profitability. The compensation committee believes the combination of these two metrics represents the best measures of stockholder value for the near term.

The target cash incentive opportunity for each named executive officer established for 2018 was based on a percentage of the executive's salary rate in effect beginning February 12, 2018, as follows:

Executive	% of Salary Payable as Cash Incentive	% of Cash Incentive Tied to Net Income	% of Cash Incentive Tied to Asset Quality	% of Cash Incentive Tied to WM Profitability
Mr. Dively	75%	70%	30%	
Mr. Smith	40%	70%	30%	
Mr. Taylor	40%	70%	30%	
Mr. McRae	40%	70%	30%	
Mr. Beesley	40%	70%		30%

At the same time, the compensation committee established the criteria for measurement of these goals. The net income target was determined using the current year budgeted net income. The asset quality target was determined based on a percentage of the current balance of total loans outstanding (which was \$2.0 billion) at December 31, 2018. The Wealth Management profitability target was determined using the budgeted profitability for 2018. Using these as a base line, the compensation committee determined the following 2018 goal criteria:

	Performance	Net Income	Asset Quality	WM Profitability
Threshold:	90% of current year budgeted net income, adversely classified assets of 2.1% of current year loan balance and 90% of 2018 WM budget	\$30.6 million	2.1%	\$2.0 million
Target:	100% of current year budgeted net income, adversely classified assets of 1.9% of current year loan balance and 100% of 2018 WM budget	\$34.0 million	1.9%	\$2.3 million
Superior:	105% of current year budgeted net income, adversely classified assets of 1.8% of current year loan balance and 105% of 2018 WM budget	\$35.7 million	1.8%	\$2.4 million

In addition to the changes above, the compensation committee also adjusted the percent of the target cash incentive opportunity that would be earned at each performance level from the previous opportunity percentages of threshold: 25%, target: 60% and superior: 100%:

Performance Level	CEO	Other Named Executive Officers
Threshold:	33.3%	32.5%
Target:	66.7%	62.5%
Superior:	100%	100%

The compensation committee has the discretion to pay a prorated portion of the cash incentive opportunity for attainment of levels between threshold, budget and superior, or for attainment of levels above superior. Operations for 2018 resulted in net income of \$35.6 million, as adjusted, which was between the target and superior levels. Adversely classified assets on December 31, 2018 totaled \$38 million or 1.86% of the current year loan balance, which was also between the target and superior levels. Wealth Management profitability for 2018 was \$2.7 million, which was above the superior level. The cash incentive awards were based on performance achievement as follows:

Mr. Dively	% of Incentive	% of attainment	% of opportunity (1)		
Net Income	70%	97.3%	68.1%	%	%
Asset Quality	30%	81.2%	24.4%	%	%
			92.4%	%	%

	% of Incentive	% of attainment	% of opportunity (1)
Messrs. Smith, Taylor and McRae	70 %	97.0 %	67.9 %
Net Income	30 %	78.7 %	23.6 %
Asset Quality			91.5 %

	% of Incentive	% of attainment	% of opportunity (1)
Mr. Beesley	70 %	97.0 %	67.9 %
Net Income	30 %	100.0 %	30.0 %
Asset Quality			97.9 %

Based on the above levels of attainment, the following bonuses were paid for 2018:

Executive Cash Incentive

Mr. Dively \$289,800

Mr. Smith \$79,212

Mr. Taylor \$106,297

Mr. McRae \$96,464

Mr. Beesley \$65,657

Mr. Beesley maintains ongoing responsibilities for managing a portfolio of brokerage customers that includes providing investment advice and completing investment trades. Pursuant to the terms of his employment agreement, and consistent with standard practice in the brokerage industry, Mr. Beesley is entitled to 30% of net revenues he generates on his individual book of business through First Mid Bank's broker/dealer. Accordingly, the compensation committee approved an additional annual cash incentive for Mr. Beesley for 2018 of \$140,621.

Equity Compensation

The compensation committee grants long-term equity compensation in order to motivate executives to increase stockholder value over the long term and more closely link the financial interests of the Company's executives with those of its stockholders.

Since 2011, the compensation committee has made awards pursuant to the Executive Long-Term Incentive Program (LTIP), which provides a framework for granting awards of restricted stock and restricted stock units (RSUs) under the Company's Stock Incentive Plan. The compensation committee believes that the components of the LTIP more closely align key executive compensation with the Company's performance goals than the stock options granted in prior years and ensures that the executives are focused on longer term sustainability of earnings and growth in the value of the Company. Prior to 2018, awards were generally made in the form of performance based restricted stock units that vested at the end of a one- or three-year performance period, and the performance goals were return on assets and tangible book value per share.

In April, 2017, the compensation committee retained Blanchard Consulting as an independent compensation consultant to review the Company's executive compensation program, including the equity compensation component. Based on the consultant's recommendation, the long-term equity component was redesigned for 2018. The changes were made to provide executive compensation levels that are competitive with peers and to better align the incentive with performance that provides a consistent and ongoing shareholder value. Under the redesigned program, the compensation committee in January 2018 made a one-time grant of time-based restricted stock and a grant of performance-based restricted stock units to the named executive officers. The January 2018 awards were as follows:

Executive	Restricted Stock Award	RSU Award
Mr. Dively	3,000	5,200
Mr. Smith	1,000	1,000
Mr. Taylor	1,500	1,500
Mr. McRae	1,500	1,500
Mr. Beesley	1,000	1,000

The shares subject to the restricted stock award vest 1/3 each of December 15, 2018, 2019 and 2020. The restricted stock unit award was subject to a one-year performance period with a performance goal based on net income (the target was \$34 million). If the target goal is attained, the executives receive a restricted stock award for the target number of shares, and the award is then subject to further service-based vesting. If the target goal is not met, no shares are earned and the award is forfeited. Also, following the compensation review by Blanchard Consulting, the compensation committee approved an annual discretionary pool of shares that may be awarded based on individual performance each year. The compensation committee makes the discretionary awards based on recommendations of the CEO.

During 2018, the target net income goal was exceeded and executives were awarded the target number of shares of restricted stock. In addition, the compensation committee awarded Mr. Smith and Mr. Taylor each 1,000 shares from the discretionary pool in recognition of their individual performance during 2018. These shares are also three-year, service-based awards that vest 1/3 each of December 15, 2018, 2019 and 2020.

Retirement Plans

The Company sponsors various retirement plans that cover eligible employees, including the named executive officers. The Company believes that these benefits are a valuable incentive for attracting and retaining top executives.

401(k) Plan. The Company's 401(k) plan is a tax-qualified retirement plan that covers all employees generally, including the named executive officers. An employee can elect to defer a percentage of his or her compensation on a pre-tax and/or post-tax basis, up to a maximum in 2018 of \$18,500, or \$24,500 if age 50 or over, and the Company contributes a matching contribution of up to 4% of the employee's deferral contributions. The Company also provides a discretionary annual contribution up to 2% of each eligible employee's compensation, whether or not the employee makes elective deferral contributions. (Amounts paid to the plan reflect the Internal Revenue Code's limit on the amount of compensation that can be taken into account in determining contributions, which was \$275,000 in 2018). The Company's contributions under the Plan on behalf of each named executive officer are included in the "All Other Compensation" column of the Summary Compensation Table of this proxy statement.

Deferred Compensation Plan. The Deferred Compensation Plan is a non-qualified retirement plan that covers selected employees, including the named executive officers. The plan provides higher paid employees with the opportunity to defer compensation in addition to compensation that can be deferred under the 401(k) plan. For each calendar year, each executive can defer a portion of his or her salary and cash incentive opportunity. The deferred amounts are invested in Company common stock and are paid to the executive in shares of common stock after termination of employment. The Company does not contribute to this plan. The Deferred Compensation Plan is described in greater detail in the "Non-Qualified Deferred Compensation" section of this proxy statement.

Employment Agreements

The Company has employment agreements with certain of its executives, including each named executive officer. The agreements, which are generally for three-year terms, provide for a minimum base salary which cannot be reduced, and a cash incentive opportunity. The agreements also provide for severance benefits upon certain terminations of employment. If the named executive officer's employment is terminated by the Company without cause, he or she is entitled to continued payment of base salary for 12 months and continued health coverage for the severance period. If following a change in control of the Company, either the named executive officer's employment is terminated by the Company without cause, or the named executive officer terminates his or her employment for good reason, the named executive officer is entitled to continued payment of base salary for 24 months (12 months for Mr. Beesley), a lump sum payment equal to the cash incentive paid for the prior year and continued health coverage for the severance period. The agreements contain restrictive covenants that prohibit the named executive officers

from disclosing confidential information and from competing with the Company. The employment agreements are described in greater detail in the “Potential Payments Upon Termination or Change in Control of the Company” section of this proxy statement.

The compensation committee believes these severance benefits reflect market levels of benefits when they were negotiated and represent fair and appropriate consideration for the executive’s agreement to the post-termination restrictive covenants. The Company believes that the protections afforded by the agreements are a valuable incentive for attracting and retaining top executives. The Company also believes that in the event of an extraordinary corporate transaction, the agreements could prove important to the Company’s ability to retain top management through the transaction process and to provide motivation to the executives to act in the best interests of the Company and its stockholders before, during and after the transaction.

Perquisites and Other Benefits

The Company provides limited perquisites and other benefits to its executives. During 2018, each named executive officer received a monthly auto allowance. The determination as to whether an auto allowance is appropriate for an executive is based on the amount of business travel undertaken by the executive and the relative cost involved. The Company paid for annual country club membership dues for Messrs. Dively, Taylor, McRae and Beesley. All of the named executives received communication device allowances. These perquisites and other benefits are reported in the “All Other Compensation” column of the Summary Compensation Table of this proxy statement.

Incentive Compensation Recoupment Policy

In January 2015, the compensation committee adopted an Incentive Compensation Recoupment Policy. The Policy permits the Board to recoup from an executive cash or equity-based compensation granted on or after January 1, 2015 in the event that there is a restatement of the Company's financial statements or the executive engages in misconduct that results in a material loss or damage to the Company. Recoupment covers any incentive compensation (including annual cash bonuses and awards under LTIP) that is awarded or paid or vests within 36 months preceding the restatement or 36 months following the occurrence of misconduct. Misconduct includes an act of fraud, dishonesty or gross negligence, the material breach of a fiduciary duty, a knowing violation of a Company policy, or a violation of a confidentiality, non-solicitation or non-competition covenant.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code as in effect prior to 2018 limited the deductibility of executive compensation paid to the CEO and to each of the three other most highly compensated officers (other than the chief financial officer) of a public company to \$1 million per year, but contained an exception for “performance-based compensation.” Annual salary, by its nature, does not qualify as performance-based compensation under Section 162(m), and the Company's annual cash incentive payments and grants of restricted stock and restricted stock units did not qualify as performance-based compensation. The Tax Cuts and Jobs Act of 2017 amended section 162(m) to cover a public company's chief financial officer, extend its reach to post-termination payments and eliminate the performance-based exception, beginning in 2018. However, due to the amounts and forms of compensation currently paid to the Company's executive officers, the tax deductibility of such compensation under Section 162(m) is not an important factor in making compensation decisions.

Other Compensation Decisions

At the 2017 Annual Meeting of Stockholders, the “Advisory Vote on Executive Compensation” proposal (the “say on pay” vote) received support from approximately 96% of the votes cast. The Board of Directors considered these results and, based on the overwhelming support from stockholders, determined to not make any major changes to the executive compensation plans and programs already in place for 2018.

(1) Stock Awards. The amounts in this column represent the aggregate grant date fair value of restricted stock and RSU awards computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, based on the probable outcome of the performance conditions attached to the performance-based awards, which is also the grant date fair value assuming the maximum level of attainment is achieved. See Note 13 to the consolidated financial statements in the Company's 2018 Form 10-K for a description of the valuation.

(2) Non-Equity Incentive Plan Compensation. All amounts in this column are based on performance in 2018, 2017 and 2016 and reflect the amounts actually paid in February 2019, 2018 and 2017, respectively, under the Company's Incentive Compensation Plan. The amount for Mr. Beesley also includes \$140,621 paid per his employment agreement as 30% of net revenues generated on his individual book of business through First Mid Bank's broker/dealer. See "Cash Incentives" in the Compensation Discussion and Analysis section of the Proxy Statement for a discussion of the Incentive Compensation Plan.

2018 GRANTS OF PLAN-BASED AWARDS

This table sets forth information for each named executive officer with respect to estimated payouts under incentive plans, award opportunities for 2018 restricted stock and RSU awards granted in 2018.

Bradley L. Beesley	01/23/18	21,774	41,873	66,997	0	1,000	1,000	1,000	77,840

(1) Estimated Possible Payouts Under Non-Equity Incentive Plan Awards. Payouts under the Company's Incentive Compensation Plan were based on performance in 2018, which has now occurred. Thus, the information in the "Threshold," "Target" and "Maximum" columns reflect the range of potential payouts when the performance goals were set in January 2018. The amounts actually paid under the Company's Incentive Compensation Plan for 2018 appear in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. A description of the plan can be found in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(2) The Compensation Committee has the discretion to pay a prorated portion (based on straight-line interpolation) if performance is between the threshold, target or superior level, or if performance is above superior level.

(3) Estimated Future Payouts Under Equity Incentive Plan Awards. The target amounts represent the number of RSUs granted on January 23, 2018 under the 2017 Stock Incentive Plan. If the performance is lower than target level, the award is forfeited. If performance exceeds target, any increase in share payout is discretionary by the compensation committee. Performance for 2018 exceeded target, and payout (in the form of restricted stock) occurred at the target level. In addition, the compensation committee awarded 1,000 shares of restricted stock to each of Mr. Smith and Mr. Taylor. A description of the 2018 awards can be found in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(4) The grant date fair value of performance-based RSUs is based on the probable outcome of the performance conditions at the time of the grant.

2018 OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

This table sets forth the information for each named executive officer with respect to equity awards outstanding as of December 31, 2018.

Bradley L. Beesley	1,000	1,000

Mr. Smith and Mr. Taylor were each awarded an additional 1,000 shares of restricted stock when the RSUs were earned and converted to restricted stock.

If an executive's employment terminates for any reason prior to the end of the RSU's annual performance period, the RSU award will be forfeited. If an executive's employment terminates prior to a vesting date that applies to any restricted stock, he will forfeit the award, unless such termination occurs on or after attaining age 65 with 10 years of service or due to death or disability (in which case the executive will vest in the then unvested shares).

(2) The market rate is based on the closing price of the Company's stock on December 31, 2018 (\$31.92).

2018 OPTION EXERCISES AND STOCK VESTED

This table sets forth information relating to the exercise of stock options and the vesting of restricted stock and RSUs during 2018 by each named executive officer and the amount realized upon such exercise or vesting.

Bradley L. Beesley	1,000	33,850	334	10,882

(1) Represents the number of shares covered by the option multiplied by the difference between the closing market price of the shares on the date of exercise and the exercise price.

(2) Represents the number of shares vested during 2018 multiplied by the closing market price of the underlying shares on the vesting date (December 15, 2018).

Brad L. Beesley	23,030	—	(27,975))—	151,971

(1) The contributions reported in this column are reported in the Summary Compensation Table, in either the Salary or Non-Equity Incentive Compensation Plan columns.

(2) The earnings reported in this column are not reported on the Summary Compensation Table.

The amounts in this column have previously been reported as compensation on the Summary Compensation Tables for prior years, except for the following amounts of earnings or deferrals included in the account balances: Mr. (3) Dively: \$551,420 (includes earnings and deferrals of director fees which were not previously reported on the Summary Compensation Table); Mr. Smith: \$(2,189); Mr. Taylor: \$(2,065); Mr. McRae: \$39,493; Mr. Beesley: \$44,098.

Non-Qualified Deferred Compensation. The DCP is a nonqualified defined contribution plan that covers certain eligible employees and directors, including the named executive officers. For each calendar year, the named executive officers can defer 5%, 10% or 15% of their base salary and/or 25% increments of their cash incentive compensation, and non-employee directors can elect to defer their director fees. The deferred amounts are deposited into a rabbi trust and credited to a DCP account established for the participant as soon as practicable after the date they would otherwise have been paid to the participant. Such amounts are invested in the Northern Institutional U.S. Government Select Portfolio until the next quarterly window trading period established by the Company, at which point each participant's account balance is invested in shares of common stock of the Company. Dividends paid on Common Stock are credited to the participant's DCP account and invested in additional shares. The Northern Institutional U.S. Government Select Portfolio had an annual return for 2018 of 1.68%. The Company's common stock had an annual return for 2018 of (15.4)%.

A participant is 100% vested in his or her DCP account at all times. A participant's DCP account is paid to him or her in five annual installments beginning on the March 15 following the date the participant terminates employment, provided that the Board of Directors in its sole discretion can decide to pay the portion of the DCP account earned as of December 31, 2004 in a lump sum payment. An participant may also request at any time a distribution from the DCP account of an amount necessary to satisfy an unforeseeable emergency. In the case of the death of a participant, the DCP account will be paid to his or her designated beneficiary in a single payment. Upon a Change in Control of the Company (as defined in the Plan), each participant's DCP account will be paid in an immediate lump sum. All distributions are in full shares of common stock, and cash for fractional shares.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL OF THE COMPANY

The Company provides certain benefits to eligible employees, including the named executive officers, upon certain terminations of employment or a change in control of the Company. These benefits are in addition to the benefits to which the executive would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock-based awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA).

Employment Agreements

The employment agreements with the named executive officers provide benefits to them upon certain types of termination of employment during the term of the agreement. The incremental benefits payable to the named executive officers in effect at December 31, 2018 include the following:

If the executive's employment is terminated by the Company for other than "cause" (and a Change in Control of the Company, as defined in the Stock Incentive Plan, has not occurred), the executive is entitled to the following:

i. Continued payment of the executive's then current base salary for 12 months.

Continued coverage of the executive under the Company's health plan for the 12 month severance period at active ii. employee rates if the executive elects COBRA (the full COBRA rate applies for the remainder of the COBRA period and with respect to coverage for the executive's spouse and dependents).

If following a Change in Control of the Company (as defined in the 2017 Stock Incentive Plan), the executive's employment is terminated by the Company for other than "cause," or the executive terminates his or her employment due to good reason, the executive is entitled to the following:

i. For Messrs. Dively, Smith, Taylor and McRae, payment equal to two times the executive's then current base annual salary. For Mr. Beesley, continued salary for one year.

ii. An immediate lump sum payment equal to the incentive compensation earned by or paid to the executive for the immediately preceding fiscal year.

Continued coverage of the executive under the Company's health plan for the first 24 months (12 months for Mr. iii. Beesley) following termination at active employee rates if the executive elects COBRA (the full COBRA rate applies for the remainder of the COBRA period and with respect to coverage for the executive's spouse and dependents).

"Cause" means the executive's (i) conviction (or guilty or no contest plea) for a felony or any crime involving fraud, dishonesty or breach of trust; (ii) performance that would materially and adversely affect the Company's business; (iii) act or omission that results in a regulatory body to demand the executive to be suspended or removed; (iv) substantial nonperformance of his or her duties; (v) misappropriation or intentional material damage to the Company's property or business; or (vi) violation of the agreement's restrictions with respect to confidential information, noncompetition and nonsolicitation.

"Good reason" means a decrease in the executive's then current salary or a substantial diminution in his or her position and responsibilities.

The agreements in effect for 2018 contain restrictive covenants that prohibit the executive from (i) disclosing confidential information; (ii) becoming involved with a business similar to that of the Company within any county in which the Company conducts business; and (iii) soliciting for sale or selling competing products or services to any person or entity who was a customer or client of the Company during the last year of the executive's employment. The restrictive covenants regarding confidential information are indefinite. The restrictive covenants regarding noncompetition and nonsolicitation continue in effect until one year following termination of employment.

Stock Incentive Plans

The restricted stock award agreements provide that an executive will not become vested in any restricted stock if the executive does not remain continuously employed from the grant date until the last day of the applicable vesting period, except that upon a voluntary termination of employment after attaining age 66 with ten years of service or a termination of employment due to death or disability, an executive will vest in the remaining unvested shares subject to the award. The RSU award agreements provide that if an executive's employment terminates for any reason during the annual performance period, the award is forfeited, and if the executive's employment terminates after the RSU award is converted to restricted stock following the end of the performance period, the accelerated vesting provisions discussed above apply.

Upon a Change in Control of the Company (as defined in the Plan), the compensation committee has the discretion to determine how outstanding awards are treated on a Change in Control. The current award agreements provide that unless the awards are assumed by a public company, they will fully vest immediately prior to the Change in Control (RSUs will vest at target and entitle the executive to the same number of fully vested shares). If the awards are assumed by a public company, and within two years following the Change in Control the executive's employment is terminated by the company without Cause or by the executive for Good Reason (as such terms are defined in the agreement), the awards fully vest (RSUs will vest at target and entitle the executive to the same number of fully vested shares).

2018 Potential Severance Payments

The table set forth below quantifies the additional benefits as described above that would be paid to each named executive officer, assuming a Change in Control of the Company and/or termination of employment occurred on December 31, 2018.

Pay Ratio

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC has adopted a final rule requiring annual disclosure of the ratio of the median employee's annual compensation to the annual compensation of the CEO.

The median employee was identified from all full-time and part-time employees, excluding the CEO, who were employed by the Company and its consolidated subsidiaries on December 31, 2018. All of our employees are located in the United States. A total of 934 employees were included. Compensation was measured over the 12 month period beginning on January 1, 2018 and ending on December 31, 2018. The median employee compensation was determined using 2017 W-2 (Box 5) compensation. Wages were annualized for employees who did not work the entire calendar year.

Mr. Dively had 2018 annual total compensation of \$1,053,180 as reflected in the Summary Compensation Table included in this Proxy Statement. The median employee's annual total compensation for 2018 that would be reportable in the Summary Compensation Table was \$28,872. As a result, the CEO pay ratio is 36:1.

PROPOSAL 2 -- APPROVAL OF AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION TO CHANGE THE NAME OF THE COMPANY

On January 22, 2019, the Board of Directors of the Company voted to approve, subject to the approval of the Company's stockholders, an amendment to the Company's Restated Certificate of Incorporation that, if approved by the stockholders, changes the name of the Company from "First Mid-Illinois Bancshares, Inc." to "First Mid Bancshares, Inc." (the "Charter Amendment").

If the Charter Amendment is approved by the stockholders, the text of Article I of the Restated Certificate of Incorporation would be amended and restated in its entirety to read as follows:

"NAME

The Name of the Corporation is
FIRST MID BANCSHARES, INC."

If the stockholders approve the Charter Amendment, it will become effective upon the filing of a Certificate of Amendment with the Delaware Secretary of State, which we intend to file shortly after receiving stockholder approval of the Charter Amendment.

Reasons Why Stockholders Should Approve the Charter Amendment

In 2018, the name of our subsidiary bank, First Mid Bank, was changed from "First Mid-Illinois Bank & Trust, N.A." to "First Mid Bank & Trust, N.A." In making this name change, First Mid Bank announced that it was being undertaken as a result of First Mid Bank's growth beyond Central Illinois and outside of the State of Illinois. The Charter Amendment is being sought for the same reasons, and to align the name of the Company with the current name of First Mid Bank.

While the name change will cause us to incur certain modest costs, the Board of Directors believes that any potential confusion and costs associated with the name change will be minimal and will be outweighed by the benefits of the name change.

The name change will not have any effect on the rights of our existing stockholders. In addition, changing our name will not affect the validity or transferability of stock certificates presently outstanding, and the Company's stockholders will not be required to exchange any certificates presently held by them. In the future, any new stock certificates issued will reflect the new name.

The Board of Directors of the Company recommends a vote "FOR" the approval of the Charter Amendment (Proposal 2 on the proxy card). The affirmative vote of the holders of a majority of the shares of Common Stock outstanding is required to approve the Charter Amendment. Abstentions and broker non-votes will count as votes "AGAINST" Proposal 2.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On December 17, 2013, the audit committee adopted a written Related Person Transactions Policy, which provides for procedures for review and oversight of transactions involving the Company and “related persons.” The policy covers any related person transaction that would be required to be disclosed in our proxy statement under applicable Securities and Exchange Commission rules (generally, transactions in which the Company is a participant, the amount involved exceeds \$120,000 and in which a “related person” has a direct or indirect material interest). Certain transactions are not subject to specific review under the policy by virtue of being exempt from the set of related person transactions that must be disclosed pursuant to applicable Securities and Exchange Commission rules (“exempt transactions”). In addition, the audit committee has approved in the policy extensions of credit to a related person that are (1) made in the ordinary course of business, (2) are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unrelated persons and (3) do not involve more than the normal risk of collectability or present other unfavorable feature.

The policy requires, prior to a party entering into any related person transaction (other than an exempt transaction), to provide, to the extent practicable, notice to the Company of the proposed related person transaction. The audit committee or its chair may approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders, as the audit committee or its chair, as applicable, determines in good faith. In the event the Company becomes aware of a related person transaction that has not been previously approved or previously ratified under the policy that is pending or ongoing, it will be submitted to the audit committee or its chair, as applicable, which shall evaluate all options, including but not limited to ratification, amendment or termination of the related person transaction, and (if appropriate) any disciplinary actions recommended. No member of the audit committee may participate in the consideration, approval or ratification of any related person transaction with respect to which such member or any of his or her immediate family members is the “related person” or in which he, she or they otherwise have an interest. All of the transactions described below were considered and approved or ratified by the audit committee or its chair.

Howell Paving, Inc. provided asphalt parking lot reconstruction for one of the Company's Mattoon facilities in July 2018 in the amount of approximately \$295,000. With regard to Howell Paving, Inc., Ms. Holly Bailey, a director of the Company, has been president of Howell Paving since 2013.

Directors, executive officers, principal stockholders, members of their immediate families, and entities in which one or more of them have a material interest had extensions of credit from First Mid Bank during 2018. All such extensions of credit were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unrelated persons, and did not involve more than the normal risk of collectability or present other unfavorable features. In addition, directors, executive officers, principal , members of their immediate families and entities in which one or more of them have a material interest obtained in 2018, and may in the future be expected to obtain, depositary or other banking services, trust, custody or investment management services, individual retirement account services or insurance brokerage services from the Company and its subsidiaries, on terms no less favorable to the Company and its subsidiaries than those prevailing at the time for comparable transactions involving persons unrelated to the Company.

INCLUSION OF STOCKHOLDER PROPOSALS IN PROXY MATERIALS

In order to be eligible for inclusion in the Company's proxy materials for next year's Annual Meeting of Stockholders, any stockholder proposal to take action at such meeting must be received at the Company's main office at 1421 Charleston Avenue, P.O. Box 499, Mattoon, Illinois 61938, no later than November 19, 2019. Any such proposal shall be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934.

In addition, if the Company does not receive notice of a stockholder proposal for the Annual Meeting of Stockholders at least 45 days before the one-year anniversary of the date that the Company's proxy statement was released to the stockholders for its previous year's annual meeting, proxies solicited by the management of the Company will confer discretionary authority upon the management of the Company to vote upon any such proposal.

OTHER MATTERS

The Board of Directors of the Company does not intend to present any other matters for action at the annual meeting, and the Board of Directors has not been informed that other persons intend to present any other matters for action at the annual meeting. However, if any other matters should properly come before the annual meeting, the persons named in the accompanying proxy intend to vote thereon, pursuant to the proxy, in accordance with the recommendation of the Board of Directors of the Company.
