### **BCE AGREES TO SETTLEMENT WITH MTS**

**Montréal (Québec), July 2, 2004** BCE Inc. (TSX, NYSE: BCE) today announced that it has agreed to settle its lawsuits for a permanent injunction and damages against Manitoba Telecom Services Inc. (MTS) and for damages against Allstream Inc. These lawsuits stated that in moving forward with the purchase of Allstream, MTS and Allstream were in breach of the rights Bell Canada had under the various agreements in place between the two companies.

The terms of the settlement include:

- A payment of \$75 million by MTS to Bell Canada in consideration of the early termination of commercial agreements existing between the two companies

- A premium payment by MTS to Bell in the event a change of control of MTS occurs prior to January 1, 2006

- Bell and MTS will compete freely with each other in Canada

- Bell will be the preferred supplier of wholesale services to MTS/Allstream

- MTS/Allstream has extended wholesale services to Bell on a preferred supplier basis, and

- Existing cellular agreements between Bell and MTS will remain in effect until the end of 2006.

With this settlement, Bell will move forward to complete its purchase of MTS' 40 percent interest in Bell West by August 3, 2004, and Bell intends to divest its interest in MTS. The change of control premium referred to above would be equal to the appreciation in MTS' share price from the time of Bell's divestiture to the time of any takeover transaction.

From the outset, we had one objective to protect the interests of shareholders and our customers, said Stephen Wetmore, Group President, National Markets, Bell Canada. We believe the cash settlement and other provisions of this agreement fully protect the interests of BCE shareholders. The orderly unwinding of our commercial agreements will allow both Bell and MTS to maintain customer service and satisfy our obligations to existing customers.
