Dear Stockholder:

It is our pleasure to invite you to the 2014 Annual Meeting of Stockholders of Magnetek, Inc., which will be held on Wednesday, April 30, 2014 at 10:00 a.m. Central Daylight Time. During the meeting, we will discuss the items of business described in the attached Notice of Annual Meeting of Stockholders and Proxy Statement. There will also be a report on Magnetek's business operations and an opportunity to ask questions. A representative of Ernst & Young LLP, Magnetek's independent registered public accounting firm for fiscal year 2014, will also be present and will be available to respond to questions that may be directed to them and have the opportunity to make a statement if they so desire.

We hope you can personally attend the meeting and vote your shares. If you are unable to do so, it is still important that your shares be represented and we urge you to promptly sign, date and return the enclosed Proxy Card, or to vote by telephone or the Internet by following the instructions on the enclosed Proxy Card. Your vote, regardless of the number of shares you own, is important. If you are unable to attend the meeting, we hope you will listen to it live over the Internet by accessing the "Investor Relations" page of our website, www.magnetek.com. Slides used at the meeting and audio of the report of operations will be maintained on our website as long as its content remains timely. If your shares are held in the name of a bank or broker and you do not instruct them to vote in the election of our Directors, no votes will be cast on your behalf. For your vote to be counted, you will need to communicate your voting decisions to your bank, broker or other financial institution before the date of the Annual Meeting. Thank you for your continued support of Magnetek, Inc.

Sincerely,

Mitchell I. Quain
Chairman of the Board of Directors

Peter M. McCormick
President and Chief Executive Officer

PROXY STATEMENT

Magnetek, Inc.'s Board of Directors solicits the enclosed Proxy to give all of the stockholders of Magnetek, Inc. (referred to herein as "Magnetek" or the "Company") an opportunity to vote on the matters set forth in the preceding Notice of Annual Meeting of Stockholders. The Company's annual stockholders' meeting ("Annual Meeting") will be held on Wednesday, April 30, 2014, at 10:00 a.m. Central Daylight Time, at Magnetek's Corporate Offices, N49 W13650 Campbell Drive, Menomonee Falls, Wisconsin 53051. This Proxy Statement and the accompanying Proxy Card were first mailed to stockholders on or about April 1, 2014.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to be held on April 30, 2014. The Notice of Annual Meeting of Stockholders, Proxy Statement and 2013 Annual Report on Form 10 K are available at www.magnetek.com in the "Investor Relations" section under "Proxy Online."

Voting Information

Who Can Vote: Voting rights are vested exclusively in holders of Magnetek's common stock, par value \$.01, who held stock as of the close of business on March 3, 2014 (the "Record Date"). As of the close of business on the Record Date, there were 3,334,525 shares of common stock outstanding. Stockholders are entitled to one vote for each share of common stock held on any matter that properly comes before the stockholders at the Annual Meeting.

Ways to Vote: Stockholders may vote in person at the Annual Meeting, by Proxy, by telephone or via the Internet. To vote by Proxy, simply mark the enclosed Proxy Card, date and sign it and return it in the postage-paid envelope provided. Doing so authorizes the individuals named as Proxy Holders on the Proxy Card to vote your shares according to your instructions. Proxy Cards that are signed and returned without voting instructions will be voted by the Proxy Holders in favor of each proposal. The Proxy Holders will vote at their discretion on other matters that properly come before the stockholders at the Annual Meeting. You may also vote via telephone or the Internet by simply following the instructions on the enclosed Proxy Card. If you need directions to the Annual Meeting location, please call the Company at (800) 288-8178.

Revocation of Proxy. At any time before the meeting, you may revoke your Proxy by (a) signing another Proxy Card with a later date and returning it prior to the meeting, (b) attending the meeting in person to cast your vote or (c) casting your vote via telephone or the Internet on a date later than the date on your Proxy

Quorum and Counting of Votes. To establish a quorum necessary to conduct business at the Annual Meeting, a majority of the outstanding shares of our common stock must be represented in person or by proxy. Votes may be cast in favor of the proposals, cast against the proposal (or withheld in the case of election of directors), or you may abstain from voting on a particular item, except with respect to the election of Directors. Votes withheld from the election of any Director will be excluded entirely from the vote and will have no effect on the election. Directors are elected by a plurality of the votes cast and shares may not be voted cumulatively for the election of Directors. A majority of the votes present and entitled to vote at the Annual Meeting is necessary to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2014, to approve the advisory resolution on the compensation of Magnetek's named executive officers and to approve the 2014 Stock Incentive Plan. The affirmative vote of a majority of the shares of our common stock outstanding as of the Record Date will be required to approve the amendment of Magnetek's Restated Certificate of Incorporation to decrease the Company's authorized common stock. Abstentions will be counted as present for purposes of establishing a quorum with respect to the item on which the abstention is noted and will have the effect of a negative vote.

Broker non-votes occur when shares are held in "street" form through a broker or similar market intermediary rather than in the stockholder's own name. The broker or other intermediary is authorized to vote the shares on routine matters but may not vote on the election of Directors and on non-routine matters without the

Card.

beneficial stockholder's express authorization. The stockholder advisory vote concerning the compensation of our named executive officers and the vote to approve the 2014 Stock Incentive Plan are not considered routine matters. Therefore, your broker or other intermediary holder of your shares will not be permitted to vote your shares in the election of Directors or on such other proposals unless you provide voting instructions. Broker non-votes are counted for purposes of determining the presence of a quorum, but under Delaware law are not counted for purposes of determining the voting power present and therefore will not be counted in the vote on proposals 1, 3 and 5.

Proposals. The following proposals will be submitted by the Company for a vote of the stockholders at this year's Annual Meeting.

Proposal 1: Election of Directors. Five of the current members of the Board of Directors are recommended for re-election to the Board and each has agreed to stand for re-election. If elected, each Director will serve a term expiring at the next Annual Meeting or until a successor is elected and qualified in the event that his service as a Director terminates prior to the next meeting of stockholders for some unforeseen reason. If unforeseen circumstances make it necessary for the Board of Directors to substitute another person in place of any of the below nominees, the Proxy Holders will vote shares cast in favor of that nominee for the substitute. Detailed information about each of the below-named nominees is provided in the section titled "Election of Board of Directors" on pages 4 to 6 of this Proxy Statement:

David A. Bloss, Sr.
Alan B. Levine
Peter M. McCormick
Mitchell I. Quain
David P. Reiland

The Board of Directors recommends a vote "FOR" each of the nominees.

Proposal 3: Advisory Vote to Approve the Compensation of Magnetek's Named Executive Officers. In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), we are asking our stockholders to vote to approve, on an advisory (non binding) basis, the compensation of Magnetek's named executive officers. We will hold an advisory vote on the compensation of Magnetek's named executive officers on an annual basis until we hold an advisory vote of the stockholders on the frequency of such advisory vote as required by law. Detailed information about the advisory vote on the compensation of Magnetek's named executive officers is provided in the section titled "Proposal No. 3" on pages 8 and 9 of this Proxy Statement.

The Board of Directors recommends a vote "FOR" approval of the following advisory resolution: RESOLVED, that the stockholders of Magnetek approve, on an advisory basis, the compensation of Magnetek's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table, and the related compensation tables, notes and narrative set forth in this Proxy Statement.

Proposal 4: Approval of the Amendment of Magnetek's Restated Certificate of Incorporation to decrease authorized common stock. On November 30, 2011, following approval by our stockholders and Board, we filed an amendment to our Restated Certificate of Incorporation with the Delaware Secretary of State to effect a 1 for 10 reverse stock split of our common stock (the "Reverse Stock Split"). The Reverse Stock Split was effective on December 5, 2011. As a result of the Reverse Stock Split, we currently have a wide discrepancy between the number of shares of common stock issued and outstanding and the number of authorized shares of common stock. Following discussions with certain institutional stockholders regarding the appropriate amount of authorized shares of our common stock and after careful consideration, the Board now recommends a decrease in our common stock authorized for issuance from 100,000,000 to

Proposal 2: Ratification of the Appointment of Independent Registered Public Accounting Firm. The Audit Committee of the Board of Directors has appointed Ernst & Young LLP to serve as Magnetek's independent registered public accounting firm for the fiscal year 2014 from December 30, 2013 through December 28, 2014. The Board has ratified the appointment. This proposal is submitted to our stockholders to verify their approval of this selection. If the appointment of Ernst & Young LLP is not ratified by our stockholders, the Audit Committee will reconsider its selection but reserves the right to uphold the appointment.

The Board of Directors recommends a vote "FOR" approval and ratification of the appointment of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for fiscal year 2014.

15,000,000. Although the authorized shares amendment would decrease the number of authorized shares of our common stock available for future corporate purposes, our Board has determined that an adequate number of authorized shares would be available upon adoption of the authorized shares amendment. The complete text of the proposed amendment is set forth in Appendix A to this Proxy Statement.

The Board of Directors recommends a vote "FOR" approval of the amendment of Magnetek's Restated ~~Proposals: Approval of the~~ 2014 Stock Incentive Plan. On February 27, 2014, the Board of Directors, upon

proposal of the Compensation Committee, adopted the 2014 Stock Incentive Plan of Magnetek, Inc. (the “2014 Plan”), subject to stockholders’ approval at the 2014 Annual Meeting. The complete text of the proposed 2014 Plan is set forth in Appendix B to this Proxy Statement. The 2014 Plan would replace our 2004 Stock Incentive Plan (the “2004 Plan”), which was previously approved by our stockholders. Magnetek believes that incentives and stock-based awards motivate employees to focus on the objective of creating stockholder value and promoting the success of Magnetek. It also believes that incentive compensation plans like the proposed 2014 Plan are an important tool for attracting, retaining and motivating highly qualified employees.

The Board of Directors recommends a vote “FOR” approval of the 2014 Stock Incentive Plan.

Stockholder Proposals. No proposals were submitted for inclusion in this Proxy Statement for the Annual Meeting or for consideration at the Annual Meeting.

Other Matters. Magnetek does not know of any business other than that described in the Notice of Annual Meeting and this Proxy Statement that will be presented for consideration or action by our stockholders at the Annual Meeting; however, any such other business that properly comes before the Annual Meeting will be voted on by the Proxy Holders in the manner deemed appropriate by the Board of Directors.

Submission of Stockholder Proposals for the 2015 Annual Meeting. We anticipate that next year’s annual stockholders’ meeting will take place on May 1, 2015. Any stockholder satisfying the requirements of the Securities and Exchange Commission (“SEC”) and wishing to submit a proposal to be included in the Proxy Statement for the 2015 annual stockholders’ meeting should submit the proposal in writing to the Corporate Secretary of Magnetek, Inc. at:

must be submitted in writing to the Corporate Secretary at the address in the above paragraph on or before December 31, 2014 for consideration at the 2015 annual stockholders’ meeting and must comply with the other requirements for stockholder proposals and director nominations set forth in the Company’s Bylaws and Corporate Governance Guidelines. The Company’s Corporate Governance Guidelines are published on its website at www.magnetek.com in the “Investor Relations” section under “Corporate Governance.”

Costs of Solicitation. Magnetek will pay the cost of preparing, printing and mailing materials in connection with this solicitation of proxies. Solicitations may be made by mail, facsimile, e-mail, in person and by telephone. Officers, Directors and employees of Magnetek may help solicit proxies for no additional compensation. In addition, we have engaged D.F. King & Co., Inc. for a cost of approximately \$9,000.00 plus reasonable out-of-pocket expenses to assist in the solicitation. Magnetek will request banks, brokerage firms and other custodians, nominees or fiduciaries holding shares of Magnetek’s common stock for others to send Proxy materials to, and to obtain Proxies from, their principals, and Magnetek will reimburse them for reasonable expenses incurred in doing so upon request.

Delivery of Proxy Materials to Households. Pursuant to the rules of the SEC, services that deliver the Company’s communications to stockholders that hold their stock through a bank, broker or other holder of record, may deliver to multiple stockholders sharing the same address and have the same last name a single copy of the Company’s 2013 Annual Report and this Proxy Statement. This delivery method, called “householding,” reduces our printing and mailing costs. Stockholders who participate in householding will continue to receive separate proxy cards. Upon written or oral request, the Company will promptly deliver a separate copy of the Company’s 2013 Annual Report and/or this Proxy Statement to any stockholder at a shared address to which a single copy of each document was delivered. Stockholders may notify the Company of their requests by calling or writing the Corporate Secretary, at:

Magnetek, Inc.
Attn: Corporate Secretary
N49 W13650 Campbell Drive
Menomonee Falls, Wisconsin 53051

The proposal must be received on or before December 2, 2014, to be considered timely submitted for inclusion in the Proxy Statement for the 2015 annual stockholders' meeting. Magnetek's Proxy Holders reserve discretion to vote in the manner deemed appropriate by the Board of Directors with respect to timely filed proposals, provided that (1) Magnetek includes in its Proxy Statement for the 2015 annual stockholders' meeting advice on the nature of the proposal and how Magnetek intends to exercise its voting discretion and (2) the proponent of such proposal does not issue a separate Proxy Statement in respect of that proposal. Proposals that are not timely submitted for inclusion in the Proxy Statement for the 2015 annual stockholders' meeting in accordance with the above instructions and nominations for election of a director

PROPOSAL NO. 1

ELECTION OF BOARD OF DIRECTORS

At the recommendation of our Nominating and Corporate Governance Committee, the Board has nominated the five Director candidates named below for re-election to the Board. Personal information on each of our Director candidates is provided below. The Board has determined that the following nominees for Director are independent under The Nasdaq Stock Market (“Nasdaq”) listing standards and the independence standards set forth in the Company’s Corporate Governance Guidelines: David A. Bloss, Alan B. Levine, Mitchell I. Quain and David A. Reiland. Peter M. McCormick is an employee of the Company and, as such, is not considered an “independent” director. Magnetek’s Corporate Governance Guidelines are published on our website at www.magnetek.com in the “Investor Relations” section under “Corporate Governance,” and are available in print to any stockholder that requests a copy from the Corporate Secretary at Magnetek, Inc., N49 W13650 Campbell Drive, Menomonee Falls, Wisconsin 53051.

The Nominating and Corporate Governance Committee reviews and evaluates individual nominees (including stockholder nominees) for election to the Board, taking into account the composition and skills of the entire Board and the requirements of the Company with the view of selecting qualified nominees whose experience and background add value to the Board combined with the desirability of having a Board that represents diverse views and experience. Consideration is given to a potential candidate and nominee’s ability to contribute to the diversity of the education, industry background, skill sets, professional affiliations, leadership roles, age, character and domestic and global experience of the Board in accordance with the Corporate Governance Guidelines. The Nominating and Corporate Governance Committee utilizes this matrix of experience and qualifications to develop criteria to select nominees. In addition to the unique qualifications and skills associated with our five Director candidates named below, the Nominating and Corporate Governance Committee considers all factors it deems relevant including that each nominee should possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of the stockholders. The Nominating and Corporate Governance Committee considers all potential nominees on the merits without regard to the source of the recommendation. Before being nominated, director candidates are interviewed by members of the Nominating and Corporate Governance Committee. Additional interviews may include other members of the Board and representatives from the senior level of management. All of our nominees currently serve as Directors. Other than Mr. McCormick, none of our Directors is currently employed by Magnetek. Each Director is elected for a term expiring at the next annual stockholders’ meeting of the Company or until a successor is qualified and elected in the event that his or her services as a Director terminate prior to the next annual stockholders’ meeting for some unforeseen reason. All of our nominee Directors have agreed to stand for re election.

David A. Bloss, Sr. (63)
Chairman, Compensation
Committee; Member, Audit,
Nominating and
Corporate Governance and
Retirement Plan Committees

David A. Bloss, Sr. has served on the Board since April 2008. He currently serves on the Audit, Nominating and Corporate Governance and Retirement Plan Committees, and serves as the Chairman of the Compensation Committee. Mr. Bloss retired as director and Chairman of the Board of CIRCOR International, Inc., a fluid control valve manufacturer, effective March 1, 2009. He retired as CIRCOR’s Chief Executive Officer in 2008, a position he held since 1999, when CIRCOR was spun off from Watts Industries, Inc. Prior to joining Watts, Mr. Bloss served as President of the superabrasives division of Norton Company and as Director of Corporate Planning and Development for Cooper Industries. He also held positions at Clark Equipment Company and Price Waterhouse & Co. Mr. Bloss’ career and experience as a CEO and President of manufacturing companies combined with extensive corporate planning, mergers and acquisitions and business integration skills allow him to provide the Board with extensive insights into a variety of corporate issues and challenges. Mr. Bloss serves on the board of Xerium Technologies, Inc., a manufacturer of consumable products for industrial applications and is currently a member of the Indiana University South Bend Chancellor’s Advisory Board.

PROPOSAL NO. 2

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP to serve as Magnetek's independent registered public accounting firm for fiscal year 2014 from December 30, 2013 through December 28, 2014. The Board has ratified the appointment. This proposal is submitted to the stockholders to verify their approval of this selection. If the appointment of Ernst & Young LLP is not ratified by the stockholders, the Audit Committee will reconsider its selection but reserves the right to uphold the appointment.

A representative of Ernst & Young LLP is expected to attend the Annual Meeting and will be available to answer stockholders' questions and have the opportunity to make a statement if the representative wishes to do so.

Fees Paid to Ernst & Young LLP

The following table shows the aggregate fees billed to Magnetek for the fiscal year 2013, the fiscal year 2012 and the six month transition period from July 4, 2011 through January 1, 2012 (the "Transition Period") by Ernst & Young LLP, the Company's independent registered public accounting firm. All of the fees were approved by the Audit Committee in accordance with the pre-approval policy described below.

Services Performed	Fiscal Year 2013	Fiscal Year 2012	Transition Period 2011
Audit Fees (1)	\$ 289,000	\$ 280,000	\$ 231,000
Audit Related Fees (2)	\$ 0	\$ 0	\$ 0
Tax Fees (3)	\$ 0	\$ 0	\$ 0
All Other Fees (4)	\$ 0	\$ 54,090	\$ 0
	\$ 289,000	\$ 334,090	\$ 231,000

Includes fees billed for professional services rendered for the audits of the Company's consolidated financial (1) statements and internal control over financial reporting and review of the interim consolidated financial statements included in quarterly reports and services in connection with statutory and regulatory filings or engagements.

Includes fees billed for assurance and related services that are reasonably related to the performance of the audit or (2) review of the Company's consolidated financial statements and are not reported under "Audit Fees." These services include consultations concerning financial accounting and reporting.

(3) Includes fees billed for tax compliance and tax advice.

(4) Includes fees billed for litigation support.

Independence of Registered Public Accounting Firm

The Audit Committee reviews annually a formal written statement from the independent registered public accounting firm disclosing all relationships between it and the Company, consistent with the applicable requirements of the Public Company Accounting Oversight Board. In addition, the Audit Committee reviews and discusses whether non-audit services approved pursuant to the pre-approval procedure outlined below are compatible with maintaining independence. The Audit Committee determined that the performance of services described above other than audit services is compatible with maintaining the independence of Ernst & Young LLP.

Pre-Approval Policy

The Audit Committee has adopted a formal pre-approval policy for all services provided by the Company's independent registered public accounting firm. The policy is reviewed annually by the Audit Committee and modified, if appropriate, in accordance with, among other things, SEC rules and regulations. The policy combines the two approaches established by the SEC for pre-approving audit and non-audit services: (1) providing for pre-approval without consideration of specific pre-approved services, and (2) requiring explicit consideration and pre-approval of all other services to be provided by the independent registered public accounting firm and of any services exceeding pre-approved budgets. For both categories of services, the Audit Committee considers whether the proposed services are consistent with the SEC's rules on auditor independence. The Audit Committee reviews and pre-approves annually the list of services subject to pre-approval and all requests or applications for such services are submitted to the Company's Controller along with a detailed description of the services to be rendered. The Controller verifies whether

a service is included within or excluded from the detailed

7

Table of Contents

description of services pre-approved by the Audit Committee and the Audit Committee is then timely informed of any such services rendered by the independent registered public accounting firm. Requests or applications to provide services that require specific approval of the Audit Committee are jointly submitted to the committee by the independent registered public accounting firm and the Company's Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee has designated Magnetek's internal auditor to monitor the performance of all services provided by the independent registered public accounting firm and to determine whether such services are in compliance with this policy. The Company's internal auditor reports to the Audit Committee on a periodic basis on the results of the monitoring. Both the internal auditor and management will immediately report to the Chairman of the Audit Committee any breach of this policy that comes to their attention. The Audit Committee reviews the internal auditor's annual internal audit plan to determine that the plan provides for the monitoring of the independent registered public accounting firm's services.

The Audit Committee expects all of the work of the independent registered public accounting firm for fiscal year 2014 from December 30, 2013 through December 28, 2014 to be approved in accordance with the above policies and procedures.

Stockholder Approval Requirement

Approval and ratification of the appointment of Ernst & Young LLP as Magnetek's independent registered public accounting firm for fiscal year 2014 will require the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting either in person or by proxy.

The Board of Directors recommends a vote "FOR" approval and ratification of the appointment of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for fiscal year 2014.

PROPOSAL NO. 3

ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act requires that we ask our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of Magnetek's named executive officers. The Dodd-Frank Act also requires that we ask stockholders to cast an advisory vote on how often we should include an advisory vote on executive compensation in proxy material for future stockholder meetings where compensation disclosure is required. At our November 9, 2011 annual stockholders' meeting, our stockholders approved an advisory resolution that the stockholders shall be given the opportunity to cast an advisory vote regarding the compensation of Magnetek's named executive officers on an annual basis. Following the 2011 annual stockholders' meeting, our Board of Directors determined to hold the advisory vote on executive compensation annually until the next stockholders' vote on the frequency of such advisory vote as required by law. For a comprehensive description of our executive compensation program, please refer to the Compensation Discussion and Analysis, and the accompanying tables and narrative, beginning on page 29 of this Proxy Statement.

As discussed in more detail in our Compensation Discussion and Analysis and the accompanying tables and narrative, we believe that Magnetek's executive compensation programs have been effective in incenting the achievement of our positive results. Our Compensation Committee has designed the compensation packages for Magnetek's executive officers to significantly depend on the achievement of Magnetek's performance goals that the Compensation Committee believes drive long term stockholder value. In establishing compensation plans, the Compensation Committee regularly reviews the performance of our executives and all components of their compensation as well as salary survey data in order to confirm that our compensation programs are comparable to the companies in our Compensation Comparator Group. Furthermore, the Compensation Committee reviews the results of the previous annual stockholders' advisory vote on Magnetek's executive compensation. At the 2013 annual stockholders' meeting, a substantial majority (94.6%) of our stockholders who voted on the proposal approved our executive compensation as described in the 2013 proxy statement.

The Board of Directors recognizes that executive compensation decisions are made annually and holding an annual advisory vote on executive compensation provides us with more direct and immediate feedback from our stockholders. Stockholders should note, however, that because the advisory vote on executive compensation will occur after the beginning of the compensation year, in many cases, it may not be appropriate or feasible to change our executive compensation program in connection with a particular year's advisory vote on executive compensation. The Board strongly endorses Magnetek's executive compensation program and recommends to our stockholders to indicate their support for our named executive officers compensation as described in this Proxy Statement. This Proposal No. 3 gives you as a stockholder the opportunity to express your views regarding our fiscal year 2013 executive compensation policies and procedures for named executive officers. The vote is not intended to address any specific item of

Table of Contents

compensation, but rather the overall compensation of our named executive officers and the policies and procedures described in this Proxy Statement.

Stockholder Approval Requirement

Approval of the advisory vote as described in Proposal No. 3 will require the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting either in person or by proxy.

The Board of Directors recommends that stockholders vote “FOR” the following advisory resolution:

RESOLVED, that the stockholders of Magnetek approve, on an advisory basis, the compensation of Magnetek’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table, and the related compensation tables, notes and narrative set forth in this Proxy Statement.

Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the results of the vote and consider the outcome when making future decisions concerning our executive compensation program.

PROPOSAL NO. 4

APPROVAL OF THE AMENDMENT OF MAGNETEK’S RESTATED CERTIFICATE OF INCORPORATION TO DECREASE AUTHORIZED COMMON STOCK

The Board has adopted and is submitting for stockholder approval an amendment to Magnetek’s Restated Certificate of Incorporation, as amended, to decrease the number of shares of our common stock authorized for issuance from 100,000,000 to 15,000,000 (the “Authorized Shares Amendment”). The form of the proposed Authorized Shares Amendment is attached as Appendix A to this Proxy Statement.

Background and Reason for Reduction

On November 30, 2011, following approval by our stockholders and Board, we filed an amendment to our Restated Certificate of Incorporation with the Delaware Secretary of State to effect a 1 for 10 reverse stock split of our common stock (the “Reverse Stock Split”). The Reverse Stock Split was effective on December 5, 2011. As a result of the Reverse Stock Split, we currently have a wide discrepancy between the number of shares of common stock issued and outstanding and the number of authorized shares of common stock. Following discussions with certain institutional stockholders regarding the appropriate amount of authorized shares of our common stock and after careful consideration, the Board now recommends a decrease in our common stock authorized for issuance from 100,000,000 to 15,000,000.

Current Capital Structure

As of March 3, 2014, we were authorized to issue up to 100,000,000 shares of common stock, par value \$0.01 per share, of which 3,331,331 shares were issued and outstanding. In addition, we had approximately 158,501 shares reserved for issuance under our existing equity incentive plans, which were previously approved by stockholders, and an additional 190,000 shares will be reserved for issuance under our 2014 Stock Incentive Plan if our stockholders approve Proposal No. 5 included in this Proxy Statement. Accordingly, even if the 2014 Stock Incentive Plan is not approved, approximately 158,501 of our 100,000,000 authorized shares will still be available for future issuance. At present, we do not have any plans or arrangements to issue additional shares of common stock other than shares currently reserved for issuance under our existing equity incentive plans.

Effect of the Proposed Amendment

The Authorized Shares Amendment would decrease the total number of authorized shares of our common stock by 85,000,000 shares, to 15,000,000 shares. The Authorized Shares Amendment would not change any of the current rights and privileges of our common stock or its par value and would not impact the total authorized number of shares of our preferred stock or the rights and privileges or par value of our preferred stock. Although the Authorized Shares Amendment would not limit our ability to use shares of our common stock for future corporate purposes (including, but not limited to, paying future stock dividends, raising capital through common stock offerings, funding future employee benefit plan obligations and issuing common stock in acquisitions or other strategic transactions), it would decrease the number of authorized shares available for such purposes.

Under the Delaware General Corporation Law, our stockholders are not entitled to appraisal rights with respect to the proposed amendment, and we will not independently provide our stockholders with any such rights.

Our directors and executive officers do not have substantial interests, directly or indirectly, in the matters set forth in this proposal except to the extent of their ownership of shares of our common stock.

Table of Contents

If approved by stockholders, the Authorized Shares Amendment will become effective upon filing with the Delaware Secretary of State, which filing we expect to make promptly after receiving the approval of our stockholders.

Stockholder Approval Requirement

The affirmative vote of a majority of the shares of our common stock outstanding on the record date will be required to approve the Authorized Shares Amendment. Accordingly, abstentions and “broker non votes” will have the same effect as a vote against the proposal.

Recommendation of the Board

Although the Authorized Shares Amendment would decrease the number of authorized shares of our common stock available for future corporate purposes, our Board has determined that an adequate number of authorized shares would be available upon adoption of the Authorized Shares Amendment.

The Board of Directors recommends that stockholders vote “FOR” the Amendment of Magnetek’s Restated Certificate of Incorporation to decrease authorized common stock.

PROPOSAL NO. 5

APPROVAL OF THE 2014 STOCK INCENTIVE PLAN

Upon the recommendation of our Compensation Committee (the “Committee”), the Board of Directors has approved the 2014 Stock Incentive Plan (the “Plan”) and recommended the Plan for approval by the stockholders. The Plan is being proposed for stockholder approval in order for us to make options, restricted stock, restricted stock units, stock appreciation rights and incentive bonuses available for grants to our employees. The Plan will not be implemented unless stockholder approval is received.

The Plan is designed to enable the Company to attract, retain and motivate its officers, employees and consultants and to further align their interests with those of the stockholders of the Company by providing for or increasing the proprietary interest of such persons in the Company.

The Company currently maintains the 2004 Stock Incentive Plan of Magnetek, Inc. (the “2004 Plan”) which is scheduled to expire on October 27, 2014. If the Plan receives stockholder approval, no further grants will be made out of the 2004 Plan.

In adopting the proposed amendment and requesting stockholder approval, the Committee considered the Company’s historical grant practices and current and future dilution levels as well as current market practices. Towers Watson, the Company’s independent compensation consultant, assisted in this assessment.

The complete text of the Plan is set forth as Appendix B to this Proxy Statement. The following summary of the material features of the plan does not purport to be complete and is qualified in its entirety by reference to Appendix B.

Common Stock Subject to the Plan

The Plan provides for the grant of nonqualified stock options, incentive stock options, restricted stock, restricted stock units, stock appreciation rights (SARs) and incentive bonuses to officers, employees and consultants designated by the Committee or the Board of Directors. Under the Plan, the maximum number of shares which may be issued, subject to adjustment as described below, is 190,000 shares of common stock. No employee will be eligible to receive options and SARs for more than an aggregate of 45,000 shares during any calendar year period, subject to adjustment as described below. The aggregate number of shares of restricted stock, plus the number of restricted stock units granted to any one employee during any calendar year is limited to 30,000, subject to adjustment as described below and excluding any time-based vested awards. The maximum number of shares that will be delivered through the exercise of incentive stock options granted under the plan will be 190,000 shares, subject to adjustment as described below.

For purposes of computing how many shares remain available for awards under the Plan, each share issued in connection with awards other than options and SARs are counted against the limit set forth above as 1.5 shares for every one share issued in connection with such award. Any share issued in connection with the exercise of an option or a SAR is counted against the number of shares available for grant as one share. For purposes of determining the maximum number of share available for issuance under the Plan, any shares which have been issued as restricted stock which are forfeited are not considered to have been issued and, upon the exercise of a SAR or option granted under the plan, the full number of SARs or options exercised shall be treated as shares issued under the Plan.

Table of Contents

Administration

The Plan will be administered by the Committee. The Board of Directors will fill vacancies on and from time to time may remove or add members to the Committee, and the Committee will be so constituted as to permit grants to be exempt from Section 16(b) of the Securities Exchange Act of 1934 and to permit grants of performance-based compensation under the plan to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), or any other statutory rule or regulatory requirements, unless otherwise determined by the Board of Directors. Subject to the express provisions of the Plan, the Committee has authority to administer and interpret the Plan, including the authority to determine who is eligible to participate in the Plan and to whom and when, awards are granted under the Plan, to grant awards, to determine the number of shares of common stock subject to awards and the exercise or purchase price of such shares under an award, to establish and verify the extent of satisfaction of any performance criteria applicable to awards, to prescribe and amend the terms of the agreements evidencing awards made under the Plan, and to make other determinations deemed necessary or advisable for the administration of the Plan. While the Committee has the discretion to determine the type of awards granted, the Plan limits the number of shares that may be subject to options and/or SARs granted to any person during any calendar year to 45,000 and the number of shares that may be subject to restricted stock and restricted stock units granted to any person during any calendar year to 30,000. A decision of the Committee with regard to any of these matters is conclusive and binding.

Eligibility

Participants under the Plan are limited to our officers, employees and consultants. In determining the officers, employees or consultants to whom awards will be granted and the number of shares to be covered by each award, the Committee may take into account the nature of the services rendered by the respective officers, employees and consultants, their present and potential contributions to our success and such other factors as the Committee may deem relevant. We estimate that approximately 323 persons are eligible to participate in the Plan, which includes six executive officers.

Awards Granted Under the Plan

As of the date of this proxy statement, no awards have been granted under the Plan.

General Terms and Conditions of Awards

Nonqualified Stock Options. The Committee may grant nonqualified stock options under the Plan which do not meet the requirements of Section 422 of the Code and which will be subject to the following terms and conditions. The option exercise price per share will be determined by the Committee but will not be less than 100% of the “fair market value” of the common stock on the date of grant of such option. The term “fair market value” means the closing market price for the common stock on the date of grant. The exercise price of an option may be paid through various means specified by the Committee, including in cash or check, by delivering to the Company shares of common stock or by a reduction in the number of shares issuable pursuant to such option. Every option which has not been exercised within ten years of its date of grant will lapse upon the expiration of the ten year period, unless it has lapsed at an earlier date as determined by the Committee.

During the lifetime of a participant, options granted to that participant under the Plan generally will be nontransferable and exercisable only by the participant. However, the Committee may grant options that are transferable by participants to immediate family members, trusts for their benefit or the benefit of their immediate family members, or partnerships in which their immediate family members are the only partners. A participant will have the right to transfer any options granted to such participant upon such participant’s death to a designated beneficiary or, if none, either by the terms of such participant’s will or under the laws of descent and distribution. All distributees will be subject to the terms and conditions of the Plan to the same extent as such terms and conditions would apply to the participant if still alive.

Incentive Stock Options. The Committee may grant incentive stock options under the Plan which meet the requirements of Section 422 of the Code. All incentive stock options, except for the provisions described in this paragraph, will be subject to the same terms and conditions as described under “General Terms and Conditions of Awards - Non Qualified Stock Options.” Under the Plan, the aggregate fair market value, determined at the time the option is granted, of the common stock with respect to which incentive stock options are exercisable for the first time by any participant during any calendar year under the plan and any other incentive stock option plans may not exceed

\$100,000, or any other limit as may be prescribed by the Code from time to time.

SARs. The Committee may grant SARs under the Plan. The grant value of each SAR granted under the Plan will be determined by the Committee and will be equal to or greater than the closing market price of a share of common stock on the

Table of Contents

date of grant of such SAR. A SAR will entitle a participant to receive cash, shares of common stock or a combination of cash and shares of common stock with a value equal to the excess of the market price of one share of common stock at the time of exercise over the grant value of the SAR.

Subject to the express provisions of the Plan and as discussed in this paragraph, the Committee has discretion to determine the vesting schedule of SARs, the events causing a SAR to expire, the number of shares subject to any SAR, the restrictions on transferability of a SAR, and such further terms and conditions, in each case not inconsistent with the Plan, as may be determined from time to time by the Committee.

Every SAR which has not been exercised within ten years of its date of grant will lapse upon the expiration of the ten year period, unless it has lapsed at an earlier date as determined by the Committee.

Restricted Stock And Restricted Stock Units. The Committee may grant restricted stock or restricted stock units under the Plan. Restricted stock may not be sold, assigned, conveyed, donated, pledged, transferred or otherwise disposed of or encumbered during a restricted period determined by the Committee. If the employment of an employee holding restricted stock terminates during this restricted period, generally the stock will be forfeited.

The Committee shall determine the conditions under which restricted stock or restricted stock units shall vest, including the satisfaction of performance criteria or the continuation of employment or services for the Company. The Committee may set vesting conditions based upon the achievement of specific performance objectives, the continued employment of a participant, or both. For purposes of qualifying restricted stock or restricted stock units as “performance-based compensation” under Section 162(m) of the Code, the Committee may set performance conditions based upon the achievement of qualifying performance criteria, as described below. In such event, the qualifying performance criteria shall be set by the Committee on or before the latest date permissible to enable the restricted stock or restricted stock units to qualify as “performance-based compensation” under Section 162(m) of the Code and the Committee shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the restricted stock or restricted stock units under Section 162(m) of the Code, including, without limitation, written certification by the Committee that the performance objectives and other applicable conditions have been satisfied before the restricted period shall end or the restricted stock units are paid.

Except as otherwise determined by the Committee at the time of grant, shares of common stock shall be distributed to the participant in respect of restricted stock units as of the vesting date. If determined by the Committee at the time of grant, restricted stock units may be settled in cash in an amount equal to the market price of the shares the participant is entitled to receive.

A participant holding restricted stock units will have no rights as a stockholder with respect to the shares of common stock distributable with respect to such restricted stock units until shares are distributed to the participant. Unless otherwise provided by the Committee, each participant who holds restricted stock units shall not be entitled to receive any dividends, dividend equivalents or other distributions paid with respect to shares of common stock. A participant who holds restricted stock shall be entitled to receive all dividends and other distributions paid with respect to the restricted stock, if any, until the restricted stock is forfeited or otherwise transferred back to the Company.

Notwithstanding satisfaction of any performance criteria, awards of restricted stock or restricted stock units may be reduced as determined by the Committee.

Incentive Bonuses

The Committee may grant incentive bonuses under the Plan. Each incentive bonus will confer upon the participant the opportunity to earn a future payment tied to the level of achievement of performance criteria established for a performance period of one year or greater. The terms of any grant of an incentive bonus shall be confirmed by the execution of an incentive bonus agreement.

The Plan authorizes the grant of incentive bonuses pursuant to which a participant may become entitled to receive an amount payable in cash, stock or a combination thereof, on satisfaction of such performance criteria as are specified by the Committee. For purposes of qualifying incentive bonuses as “performance-based” compensation under Section 162(m) of the Code, the Committee may set performance criteria based upon the business measurements described below under “Qualifying Performance Criteria.” Subject to the express provisions of the Plan and as discussed in this paragraph, the Committee has discretion to determine the terms of any incentive bonus, including the amount payable to a participant as an incentive bonus, the performance criteria and level of achievement versus the criteria that

determine the amount payable under an incentive bonus, the period as to which performance will be measured for determining the amount of any payment, the timing of any payment earned by virtue of performance, forfeiture provisions, and such further terms and conditions, in each case not inconsistent with the Plan, as the Committee may determine from time to time. Notwithstanding satisfaction of

Table of Contents

any performance criteria, the amount paid under an incentive bonus may be reduced by the Committee on the basis of such further considerations as the Committee in its sole discretion may determine.

Qualifying Performance Criteria

Section 162(m) of the Code generally does not allow a publicly held company to obtain a tax deduction for compensation of more than \$1 million paid in any year to its chief executive officer or its three most highly paid executive officers (other than the chief executive officer or the chief financial officer) unless such payments are “performance-based” as defined in that section. One of the requirements for compensation to be “performance-based” under Section 162(m) is that the Company must obtain stockholder approval of the material terms of the qualifying performance criteria for such compensation. The material terms which the stockholders approve constitute the framework within which the actual performance criteria are set by the Committee.

Accordingly, to enable us to receive tax deductions for compensation earned by our chief executive officer and other executive officers under grants of performance-based restricted stock or restricted stock units, and incentive bonuses under the Plan, the Board of Directors is requesting stockholder approval of the material terms of the qualifying performance criteria for those types of awards.

Subject to stockholder approval, the qualifying performance criteria will be any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years’ results or to a designated comparison group, in each case as specified by the Committee in the award:

- ☐ Cash flow
- ☐ Earnings per share
- ☐ EBITDA (earnings before interest, taxes, depreciation and amortization)
- ☐ Adjusted EBITDA (operating profit adjusted to exclude non-cash expenses of depreciation, amortization, pension expense, stock compensation expense and management incentive plan provisions)
- ☐ Return on equity
- ☐ Total stockholder return
- ☐ Return on capital
- ☐ Return on assets or net assets
- ☐ Revenue or sales
- ☐ Income or net income
- ☐ Operating income or net operating income
- ☐ Operating profit or net operating profit
- ☐ Operating margin
- ☐ Return on operating revenue
- ☐ Market share
- ☐ Overhead or other expense reduction
- ☐ Share price
- ☐ Average working capital as a percentage of sales
- ☐ Required pension contributions

The Committee may specify any reasonable definition of the above criteria at the time it sets the goals for an award. If approved by the stockholders, this proposal would not limit our right to award or pay other forms of equity incentives under the Plan to the Company’s executive officers that are not performance-based, including restricted stock and restricted stock units that vest based upon the continued employment of a participant.

Corporate Transactions or Change in Control

In the event of the consummation of a merger, consolidation or reorganization of the Company in which the Company is not the survivor or in which the Company's common stock ceases to be publicly traded, the Committee may substitute on an equitable basis an appropriate number of shares of the surviving or related corporation for each outstanding or unexercised award under the Plan or cancel all such awards and pay the participant an amount of cash and/or stock as determined by the Committee under the Plan.

Under the Plan, in order for an award to vest in connection with a Change in Control, the participant holding such award generally must suffer a termination of employment, such that the awards vest upon a "double trigger." Except as otherwise determined by the Committee, or except where a participant's entitlement to an award is subject to qualifying performance criteria, if a participant's employment is involuntarily terminated without cause or is voluntarily terminated for good reason within twelve months following a Change in Control, all awards will become fully vested and exercisable. In the case of an award under which a participant's entitlement to the award is subject to the achievement of qualifying performance criteria, except as otherwise determined by the Committee, upon the occurrence of a Change in Control, the participant shall be deemed to have satisfied the qualifying performance criteria and the award will continue to vest based upon the time-based service vesting criteria, if any. For awards described in the preceding sentence that are assumed or maintained by the acquiring or surviving company following a Change in Control, except as otherwise determined by the Committee, upon a participant's involuntary termination of employment without cause or a voluntary termination of the participant's employment for good reason within twelve months following a Change in Control, the time-based service vesting criteria will be deemed satisfied at the time of such termination. Other than as specifically described above, following a Change in Control, awards shall continue to be subject to any time-based vesting criteria or forfeiture provisions to which such awards were subject prior to the Change in Control.

The term "Change in Control" means the first to occur of any of the following:

- (1) the merger or consolidation of the Company with or into another corporation;
- (2) the acquisition, directly or indirectly, by another corporation, person or group, of all or substantially all of the Company's assets or 40% or more of the Company's then outstanding voting stock;
- (3) the liquidation or dissolution of the Company; or
during any period of 12 consecutive months, individuals who at the beginning of such 12-month period constituted the Board of Directors (together with any new directors whose election by the Board of Directors or whose nomination for election by the stockholders of the Company was approved by a vote of a majority of the directors then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors then in office, provided, however, that a Change in Control will not be deemed to have occurred in respect of a merger in which (x) the Company is the surviving corporation, (y) no person or group acquires, directly or indirectly, 40% or more of the Company's outstanding voting stock and (z) the shares outstanding prior to the merger remain outstanding thereafter; and provided further, that a merger or consolidation will not be considered a Change in Control if such transaction results only in the reincorporation of the Company in another jurisdiction or its restructuring into holding company form.
- (4) office, provided, however, that a Change in Control will not be deemed to have occurred in respect of a merger in which (x) the Company is the surviving corporation, (y) no person or group acquires, directly or indirectly, 40% or more of the Company's outstanding voting stock and (z) the shares outstanding prior to the merger remain outstanding thereafter; and provided further, that a merger or consolidation will not be considered a Change in Control if such transaction results only in the reincorporation of the Company in another jurisdiction or its restructuring into holding company form.

The term "good reason" means:

- (1) a material diminution in a participant's authority or duties;
- (2) a material reduction in a participant's base salary (excluding, however, any reduction made in connection with, and proportionate to, a Company-wide reduction); or
- (3) a material change in a participant's location of employment (excluding any required relocation within a 50-mile radius of such location of employment);

provided, however, that the participant has given notice of the existence of the good reason condition within 90 days of its occurrence, and the Company has been given at least 30 days to remedy the condition and has failed to do so.

Table of Contents

Termination of Employment

Options and SARs. The following will apply to employees holding options or SARs upon termination of employment unless determined otherwise by the Committee at the time of grant. In the event an employee's employment terminates due to disability or death, the employee or certain designated persons in the case of the employee's death, will have one year from the date of termination to exercise any option or SAR granted under the Plan to the extent the employee had the right to exercise the option or SAR on the date of termination. If an employee's employment is terminated for "cause," any option or SAR granted to that employee under the Plan that had not been exercised prior to termination will lapse immediately upon termination of employment. If an employee's employment is terminated for any reason not described above, other than for cause, then any option or SAR granted to such employee shall be exercisable for a period of three months following the date of termination in the case of an employee who was not an executive officer at the time of grant or a period of one year for an employee who was an executive officer at the time of grant. A termination of employment for "cause" means:

- (1) a conviction of a felony or misdemeanor involving moral turpitude; or
- (2) willful gross neglect or willful gross misconduct in carrying out the Officer's duties, resulting in material economic harm to the Company or any successor.

Restricted Stock and Restricted Stock Units. Unless determined otherwise by the Committee at grant, if a participant ceases to be an employee for any reason, all restricted stock and unvested restricted stock units held by such participant will be forfeited.

Adjustment in Event of Capital Changes

The Plan provides that the Committee may make adjustments to the total number of shares authorized for issuance under the Plan, the number of shares subject to each outstanding option, the number of shares of restricted stock then held by each participant, the number of shares to which an outstanding SAR relates, the number of shares to which each outstanding award of restricted stock relates, the exercise price applicable to each option, the grant value of each SAR, and the other limitations described above under "Common Stock Subject to the Plan" in the event of any change in our capitalization, including stock dividends, stock splits, recapitalizations, mergers, consolidations, combinations or exchanges of shares, or similar transactions.

Duration and Amendment of the Plan

No awards may be granted pursuant to the Plan after the ten-year anniversary of the effective date of the Plan. Except to the extent stockholder approval or participant consent is required, the Board of Directors may amend, modify or terminate the Plan.

Except as described below, the Committee may amend, modify or terminate an outstanding award. The Committee may not, without the participant's consent, amend, modify or terminate an outstanding award unless it determines that the action would not materially and adversely affect the participant. In addition, the Committee may not reduce the exercise price of any outstanding option or SAR whether through amendment, cancellation or replacement grants, or any other means without stockholder approval, except in the event of a corporate transaction involving the Company as described under "Corporate Transactions or Change in Control" and "Adjustment in Event of Capital Changes."

Federal Income Tax Consequences

The following is a summary of U.S. federal income tax consequences relating to awards granted under the Plan. The summary below does not contain a complete analysis of all the potential tax consequences relating to awards granted under the Plan, including state, local or foreign tax consequences.

Nonqualified Stock Options. A participant will not be deemed to have received taxable income upon the grant of a nonqualified stock option. Upon the exercise of a nonqualified stock option, a participant generally will be deemed to have received taxable ordinary income in an amount equal to the excess of the fair market value of the common stock received on the date of exercise over the option price.

Upon the exercise of a nonqualified stock option, we will ordinarily be entitled to a deduction for federal income tax purposes in an amount equal to the amount included in income by the participant as a result of such exercise. This deduction will be available to us in the tax year in which the participant recognizes the income.

Table of Contents

The income arising from a participant who is an employee exercising a nonqualified stock option will be subject to withholding for federal income tax purposes, and we will be entitled to withhold the amount of tax due from any amounts payable to the participant by us or to defer making delivery of any common stock to be issued until satisfactory withholding arrangements have been made. The basis of shares received upon the exercise of a nonqualified stock option will be the option exercise price paid plus the amount recognized by the participant as taxable income attributable to such shares as a result of the exercise. Gain or loss recognized by the participant on a subsequent disposition of any such shares will be capital gain or loss if such shares constitute a capital asset in the hands of the participant. A participant's holding period will commence on the date of exercise.

Incentive Stock Options. Participants will not be deemed to recognize taxable income upon the grant or exercise of an incentive stock option. If a participant makes no disqualifying disposition of the common stock received upon exercise within the one year period beginning after the transfer of such common stock to the participant nor within two years from the date of grant of the incentive stock option, and if the participant at all times from the date of the grant of the incentive stock option to a date three months before the date of exercise has been an employee of ours, any gain recognized on the disposition of the common stock acquired upon exercise will be long-term capital gain. The difference between the fair market value of the common stock at the time of exercise and the exercise price will, however, be an item of tax preference, and may subject a participant to the alternative minimum tax. We will not be entitled to any deduction with respect to the grant or exercise of the incentive stock option or the transfer of common stock acquired upon exercise.

If the participant makes a disqualifying disposition of the common stock before the expiration of the one or two year holding periods described above, the participant will be deemed to have received taxable ordinary income at the time of such disposition to the extent that the fair market value of the common stock at the time of exercise, or, if less, the amount realized on such disposition, exceeds the exercise price. To the extent that the amount realized on such disposition exceeds the fair market value of the common stock at the time of exercise, such excess will be taxed as capital gain if the common stock is otherwise a capital asset in the hands of the participant. To the extent the participant recognizes ordinary income on a disqualifying disposition of the common stock, we may be entitled to a deduction for federal income tax purposes in an amount equal to the ordinary income recognized by the participant.

SARS. A participant will not be deemed to have received taxable income upon the grant or vesting of an SAR. Upon the exercise of an SAR, a participant generally will be deemed to have received income, taxable for federal income tax purposes at ordinary income rates, equal to the fair market value at the time of exercise of any common stock received plus the amount of any cash received, and we will ordinarily be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income recognized by the participant as a result of such exercise.

The income arising from a participant who is an employee exercising an SAR will be subject to withholding for federal income tax purposes, and we will be entitled to withhold the amount of tax due from any amounts payable to the participant by us or to defer making delivery of any common stock or cash to be issued or paid until satisfactory withholding arrangements have been made. The basis of shares received upon the exercise of an SAR will equal the fair market value of the shares at the time of exercise. Gain or loss recognized by the participant on a subsequent disposition of any such shares will be capital gain or loss if such shares constitute a capital asset in the hands of the participant.

Restricted Stock. The federal income tax consequences of the issuance of restricted stock will depend upon whether the participant elects to be taxed at the time of grant of the restricted stock under Section 83(b) of the Code. If no election is made, the participant will not be deemed to have received taxable income upon the grant of restricted stock, but rather recognition of income will be postponed until such time as the restrictions on the shares of restricted stock lapse. At that time, the participant will be deemed to have received taxable ordinary income in an amount equal to the fair market value of the restricted stock when the restrictions lapse. If a Section 83(b) election is made, the participant will be deemed to have received taxable ordinary income at the time of the grant of the restricted stock equal to the fair market value of the shares of restricted stock at that time determined without regard to any of the restrictions on the shares, and the participant will not recognize ordinary income on the lapse of the restrictions.

We will ordinarily be entitled to a deduction for federal income tax purposes in the taxable year in which the participant recognizes any ordinary income as a result of the lapse of restrictions on the restricted stock or as a result

of a Section 83(b) election. The amount of the deduction will equal the amount of ordinary income recognized by the participant. In the case of employees, such income will be subject to withholding for federal income tax purposes, and we will be entitled to withhold the amount of tax due from any amounts payable to the participant by us or to defer making delivery of any common stock to be issued until satisfactory withholding arrangements have been made. The basis of any shares received will equal the amount recognized by the participant as taxable income attributable to such shares as a result of the lapse of restrictions on the restricted stock or as a result of a Section 83(b) election. Gain or loss recognized by the participant on a subsequent disposition of any such shares will be capital gain or loss if such shares constitute a capital asset in the hands of

Table of Contents

the participant. For purposes of determining the holding period of any such shares, there will be included only the period beginning at the time the restrictions lapse or, if a Section 83(b) election is made, at the time of grant.

Restricted Stock Units. A participant will not be deemed to have received taxable income upon the grant of restricted stock units. The participant will be deemed to have received taxable ordinary income at such time as shares are distributed to the participant. Upon the distribution of shares to a participant with respect to restricted stock units, we will ordinarily be entitled to a deduction for federal income tax purposes in an amount equal to the taxable ordinary income recognized by the participant. In the case of employees, such income will be subject to withholding for federal income tax purposes, and we will be entitled to withhold the amount of tax due from any amounts payable to the participant by us or to defer making delivery of any common stock to be issued until satisfactory withholding arrangements have been made. The basis of the shares of common stock received will equal the amount of taxable ordinary income recognized by the participant upon receipt of such shares. Gain or loss recognized by the participant on a subsequent disposition of any such shares will be capital gain or loss if such shares constitute a capital asset in the hands of the participant. A participant's holding period will commence on the date the shares are distributed to the participant.

Transferability of Awards

Generally, awards granted under the Plan may not be sold, assigned, conveyed, gifted, pledged, hypothecated or otherwise transferred for value in any manner prior to the vesting or lapse of any and all restrictions applicable thereto, other than by will or the laws of descent and distribution, except that the Committee may permit an award to be transferable to a member or members of the participant's family or to entities owned or established for the benefit of a participant's family.

Plan Benefits

We cannot determine how many eligible employees will participate in the Plan in the future. Therefore, it is not possible to determine with certainty the dollar value or number of shares of our common stock that will be issued under the Plan.

While not necessarily indicative of the types or amounts of future awards, the following table sets forth the awards and the dollar value of the awards granted under the 2004 Plan during fiscal year 2013 to (i) each of our named executive officers, (ii) all executive officers as a group, (iii) all non executive directors as a group, and (iv) all non-executive officer employees as a group.

Approval of the Plan will require the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting either in person or by proxy.

The Board of Directors recommends that stockholders vote “FOR” the 2014 Stock Incentive Plan.

CORPORATE GOVERNANCE PRINCIPLES

Magnetek’s Board of Directors and management are committed to operating the Company in accordance with its long-standing governance principles and sound business practices. This fundamental framework provides the foundation from which the Board and management pursue long-term strategic objectives aligned with the interests of the Company’s stockholders. Magnetek’s corporate governance principles are reviewed annually by the Nominating and Corporate Governance Committee and any proposed changes are discussed with and recommended to the full Board for approval. Magnetek’s Corporate Governance Guidelines are published on its website at www.magnetek.com in the “Investor Relations” section, under “Corporate Governance” and under “Board Guidelines,” and are available in print to any stockholder that requests a copy from the Corporate Secretary at Magnetek, Inc., N49 W13650 Campbell Drive, Menomonee Falls, Wisconsin 53051.

Board Composition and Independence

Magnetek’s Board of Directors currently consists of five members, each of whom is subject to election by the Company’s stockholders to serve a term until the next annual stockholders’ meeting, absent any unforeseen circumstances. During fiscal year 2013, Magnetek’s Board of Directors consisted of six members until the effective date of Ms. Yon Y. Jordan’s resignation from the Board effective as of the May 3, 2013 Annual Stockholders’ Meeting. The Corporate Governance Guidelines for Board composition encourage a breadth of diverse views and experience from a variety of industries and professional backgrounds. The Nominating and Corporate Governance Committee identifies potential candidates through professional search firms and/or referrals with consideration given to a potential candidate’s ability to contribute to the diversity of the Board as reflected in the Corporate Governance Guidelines. Candidacy for Board membership requires the final approval of the full Board, based upon the recommendation of the Nominating and Corporate Governance Committee and the Chairman of the Board. Each year, the Board proposes a slate of nominees to the stockholders, who elect the members of the Board at the annual stockholders’ meeting. Stockholders may also propose nominees for consideration by the Nominating and Corporate

Governance Committee by submitting the names and supporting information regarding proposed candidates to the Corporate Secretary in accordance with the procedure for submitting stockholder proposals set forth on page 2 and page 3 of this Proxy Statement. Selected Directors are expected to meet the Company's governance criteria as reflected in the Corporate Governance Guidelines, including demonstration of the highest personal and professional ethics, integrity and values, and a commitment to representing the long-term interests of the

Table of Contents

Company's stockholders. The Nominating and Corporate Governance Committee is responsible for establishing qualifications for Directors, taking into account the composition and skills of the entire Board and the needs of the Company. Directors must be willing and able to devote sufficient time to carrying out their duties and responsibilities effectively and must be prepared to serve on the Board for an extended period of time.

In accordance with the listing standards established by Nasdaq, the requirements of the Sarbanes-Oxley Act of 2002 and the Company's Corporate Governance Guidelines, the Board has adopted criteria for establishing independence that meets or exceeds the requirements of the Nasdaq listing standards. Each year, the Nominating and Corporate Governance Committee reviews the qualifications and independence of each existing Board member and new candidates for Board membership, if any, prior to making recommendations for nominations to the Board for the following year. The Board takes into account all relevant facts, circumstances and affiliations, direct or indirect relationships, and related person transactions that might impact an existing or candidate Board member's independence from the Company and management. Based upon its most recent review of independence in February 2014, the Nominating and Corporate Governance Committee determined that all of the current Directors and all the Directors recommended for re-election are independent under the Nasdaq listing standards and the Company's Corporate Governance Guidelines, except Mr. McCormick who is an employee of the Company and serves as the Company's President and Chief Executive Officer.

Applying the Nasdaq listing standards and the Company's independence standards, the Board determined that there are no transactions, relationships or arrangements that would impair the independence or judgment of any of the Directors deemed independent by the Board. See Relationships and Related Transactions section on page 21 of this Proxy Statement.

Recognizing the value of long-term experience, the Company does not have a mandatory retirement policy for our Directors. The Company does, however, require non-employee Directors to offer their resignation whenever their principal employment or affiliation changes after joining the Board or whenever there is a material change in their personal circumstances. The Nominating and Corporate Governance Committee then evaluates the changed circumstance and its impact on the Board member's ability to continue effectively contributing to the oversight of the Company's management and makes a recommendation to the Board on whether the member should continue to serve. The final decision, based upon the committee's recommendation, is made by the Board.

Board Structure and Risk Oversight

Magnetek's Bylaws provide that the Board of Directors reserves the right to combine the responsibilities of the Chief Executive Officer and Chairman of the Board in the same individual. Since 2005, the Board has determined to separate these roles. The Board believes at this time that designating an independent director to act as the non-executive Chairman serves the best interests of the Company and our stockholders. The Board further believes that the committees of the Board are best served by engaging management of the Company on an ongoing basis. Thus, our President, who is also our Chief Executive Officer, serves as an ex-officio, non-voting member of all our Board committees. In addition, each of the Board's committees currently consists entirely of independent Directors, as determined on an annual basis by the Board. This design facilitates the Board's oversight of management and the functioning of the Board.

As reflected in our Bylaws and Corporate Governance Guidelines, the responsibilities of our Chairman include presiding at all meetings of the Board, setting the agenda for Board meetings and the provision of information to Board members prior to each meeting. The Chairman also presides over the Company's annual and any special stockholders' meetings.

The Board of Directors takes an active role in overseeing management of the Company's enterprise, financial, reputational, legal, environmental and business risks, with input from the Company's President and Chief Executive Officer and other members of senior management, as appropriate. The Board is ultimately responsible for the conduct of the review, approval and monitoring of fundamental financial and business strategies and major corporate actions, including assessing enterprise, financial, reputational, legal, environmental and business risks facing the Company while reviewing options for mitigation of such risks.

The Nominating and Corporate Governance Committee is responsible for the review of the leadership structure of the Board. It also has general responsibility for surveillance of the Company's compliance with its Corporate Governance

Guidelines and Code of Business Conduct and Ethics. The Nominating and Corporate Governance Committee makes recommendations on the number of Directors, as well as the structure and membership of each committee of the Board and is responsible for assessing corporate governance risks including evaluating Director independence and related party transactions.

The Audit Committee is responsible for oversight of our accounting and financial reporting practices and procedures and the integrity of our financial statements. Annually, the Audit Committee engages in a Company-wide assessment of risk management policies, practices and processes including risk identification, analysis, controls and monitoring. The Audit

Table of Contents

Committee is briefed on a quarterly basis by our Director of Internal Audit and, resulting from ensuing discussions, establishes the internal audit schedule.

The Compensation Committee is responsible for overseeing the Company's compensation policies, practices and programs. The Compensation Committee analyzes, in conjunction with management, whether such compensation policies, practices and programs, when viewed in their component parts and when taken as a whole, create risks that are reasonably likely to have a material adverse effect on the Company. The analysis is conducted Company-wide and applied to programs applicable to all employees including our executive officers. Based upon this analysis, the Compensation Committee does not believe that the Company's compensation programs were reasonably likely to create or encourage unnecessary or excessive risk taking by the Company's employees, including our executive officers.

The Retirement Plan Committee represents the Board of Directors in providing for the oversight and monitoring of the administration and performance of the Company's retirement benefit plans. The Retirement Plan Committee meets no less than twice per year to review and monitor the administration and performance of the Company's retirement benefit plans. The Retirement Plan Committee receives input and professional advice from its consulting actuary, trust fund investment manager and an independent investment advisor. The Company's defined benefit pension plan could, under certain circumstances, be reasonably likely to have a material adverse effect on the Company. The Company froze its defined benefit pension plan with respect to new participants in 2002 and with respect to existing participants in 2003. Accrued benefits continue to be funded by the Company with no employee contributions required. The principal risk associated with this pension plan is market volatility of asset prices and interest rates. Risks associated with the management of plan assets and plan liabilities are the oversight responsibility of the Retirement Plan Committee. The pension plan's performance, including the funding percentages and investment choices, are also reviewed at least annually with the Board of Directors.

Board Functional Responsibilities

Board members are expected to devote sufficient time and attention to carrying out their duties and responsibilities and to ensure that their other responsibilities, including service on other boards, do not interfere with their responsibilities as members of Magnetek's Board of Directors. Directors are expected to prepare for and attend all Board meetings and meetings of committees to which they are assigned. The Company schedules Board meetings once each quarter and calls special and telephonic meetings when required. During fiscal year 2013, the Board held four regularly scheduled quarterly meetings, one special meeting and three telephonic meetings. All of the Directors attended in person or participated telephonically in all of these meetings. Board members also are expected to attend the annual stockholders' meeting if they are able to do so. All of the Directors attended the 2013 annual stockholders' meeting. We anticipate that all of our Directors will attend the April 30, 2014 Annual Meeting.

A master Board meeting agenda and meeting agendas for each of the committees are prepared each year to cover recurring items and are submitted to the Chairman of the Board and to the applicable committees for review and approval. Proposed meeting agendas are submitted to the Chairman of the Board and the committee chairmen prior to each scheduled meeting to enable the chairmen to revise the agendas and add additional topics for discussion, as appropriate. Materials relevant to the topics to be discussed are distributed prior to meetings and Directors are expected to review the materials and prepare for meetings in advance. At each quarterly meeting, the Board participates in focused discussions of the Company's quarterly performance and key issues affecting the Company. The Board formally reviews and discusses the Company's business plan for the next year and its longer-term strategic objectives, as well as its management succession plan, at least once a year.

Executive sessions with only independent Directors occur during each quarterly meeting and at the end of special and telephonic meetings at the discretion of the Board and at any other time deemed appropriate by the Board. The executive sessions are chaired by Mitchell Quain, Chairman of the Board, who is an independent director. At least annually, the independent Directors meet formally in an executive session to evaluate the President and Chief Executive Officer's past year's performance and to discuss and establish performance objectives for the next fiscal year. All of the Directors participate in an annual evaluation of the Board's effectiveness. Committee members also evaluate the effectiveness of the committees on which they serve.

The Board, and each committee, is authorized to engage independent outside financial, legal and other consultants as they deem necessary or appropriate. Directors also have full access to management. Committee responsibilities are detailed in each committee charter.

Alignment with Stockholder Interests

Directors are expected to represent the interests of all of our stockholders. As described in the Director Compensation section on pages 43 and 44 of this Proxy Statement, all or a substantial portion of each Director's compensation is linked to the Company's stock performance and to the long-term interests of our stockholders. Directors are required to accept their annual Board and committee chairmanship retainer fees in phantom shares of the Company's common stock, and may elect to receive

Table of Contents

their meeting fees in phantom shares of common stock or cash. Currently, all of the Directors receive all of their compensation, including meeting fees, in phantom shares of common stock. The phantom stock is held in a rabbi trust and is not distributed until January of the year following the termination of a Director's service on the Board. The Company has adopted stock ownership guidelines for its Directors such that they must own qualifying shares of our common stock with a market value of five times a Director's annual retainer within five years from such Director's initial appointment or election.

Senior management meets regularly with institutional investors and stockholders and reports to the Board on analyst and stockholder views of the Company.

Communications with the Board

Stockholders and interested parties who wish to communicate with the Board of Directors may do so in writing, addressed to the Chairman of the Board, c/o Corporate Secretary, Magnetek, Inc., N49 W13650 Campbell Drive, Menomonee Falls, Wisconsin 53051.

The Board of Directors has instructed the Corporate Secretary to distribute communications to the Chairman after determining whether the communication is appropriate for the duties and responsibilities of the Board. The Corporate Secretary does not forward general surveys and mailings to solicit business, advertise products, resumes, product inquiries or complaints, sales communications or other communications that do not relate to the responsibilities of the Board.

Code of Conduct and Reporting of Ethical Concerns

Magnetek has adopted a Code of Business Conduct and Ethics applicable to all of our employees and officers, including the Chief Executive Officer, Chief Financial Officer and principal accounting officer, and our Directors. A copy of the Code of Business Conduct and Ethics is available on the Company's website at www.magnetek.com in the "Investor Relations" section under "Corporate Governance" and in print to any stockholder who requests a copy from the Corporate Secretary of Magnetek, Inc., N49 W13650 Campbell Drive, Menomonee Falls, Wisconsin 53051. Any request for a waiver of the Code of Business Conduct and Ethics must be submitted to the Nominating and Corporate Governance Committee for consideration and must be approved by the full Board. As of the date of this Proxy Statement, no request for a waiver of the Code of Business Conduct and Ethics has ever been made.

Magnetek has established procedures for employees, stockholders and others to communicate concerns about ethical conduct or business practices, including accounting, internal controls or financial reporting issues, to the Audit Committee, which has responsibility for these matters. Concerns may be anonymously communicated by contacting Signius, our independent, third party call center, at 1-866 428 1705. The Signius representative will transcribe the content of the call, maintaining the confidentiality of the caller even if contact information is left by the caller for follow-up purposes. Upon receipt of a communication, Signius immediately emails the content of the communication to the Corporate Secretary and to the Chairman of the Audit Committee. All communications remain confidential and the identity of the caller, even if disclosed to Signius, is not disclosed to the Corporate Secretary or the Audit Committee Chairman.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

David A. Bloss, Sr. served as Chairman of the Compensation Committee and Alan B. Levine and Mitchell I. Quain served as committee members. None of the Compensation Committee members was, during fiscal year 2013, an officer or employee of the Company, nor is any committee member a former employee of the Company. None of the committee members and none of the Company's executive officers has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity and no interlocking relationship existed in fiscal year 2013.

RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's Corporate Governance Guidelines set forth the procedures regarding related person transactions and for determining the independence of our Directors and committee members. The Nominating and Corporate Governance Committee is responsible for evaluating the independence of each Board and committee member at least annually, and more often if warranted by a change of circumstances or the nomination of a new Board member. All relationships are evaluated annually by the Nominating and Corporate Governance Committee, using the criteria set

forth in the Corporate Governance Guidelines, to determine whether they impact a Director's independence. The "Corporate Governance Principles" section on pages 18 to 21 of this Proxy Statement contains additional information on related person transactions. A copy of the Corporate Governance Guidelines may be found on the Company's website at www.magnetek.com in the "Investor Relations" section under "Corporate Governance" and under "Board Guidelines." The Company had no related person transactions in fiscal year 2013 and none are currently proposed.

EXECUTIVE COMPENSATION

The information regarding the Company's executive officers is included in Part I, Item I, under the caption "Supplementary Information-Executive Officers of the Company" in the Company's Annual Report on Form 10-K for the fiscal year ended December 29, 2013 and is hereby incorporated by reference into this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors is tasked with discharging the Board of Directors' responsibilities related to oversight of the compensation of our officers and ensuring that our executive compensation program meets our corporate objectives. Our executive compensation program is administered by management in accordance with the policies developed by the Compensation Committee. The discussion and analysis below is designed to assist in understanding the objectives of our executive compensation program, the different components of compensation paid to our named executive officers ("Named Officers") and the basis for our compensation decisions. Our Named Officers in fiscal year 2013 include the following five individuals: Peter M. McCormick, President and Chief Executive Officer ("CEO"); Marty J. Schwenner, Vice President and Chief Financial Officer ("CFO"); and our other most highly compensated executive officers other than the CEO and CFO, who were serving as executive officers at the end of fiscal year 2013, Hungsun S. Hui, Vice President Operations; Michael J. Stauber, Vice President, Corporate Controller and Chief Accounting Officer; and Scott S. Cramer, Vice President, General Counsel and Corporate Secretary. In addition to our Named Officers, other key employees of the Company participate in our executive compensation programs at varying levels based upon their job responsibilities and their impact on Company performance and goal achievement. This discussion and analysis should be read together with the compensation tables provided in this Proxy Statement.

Summary of Executive Compensation Program

The Compensation Committee believes that executive compensation should be directly linked to Company performance and increased stockholder value. The objectives of the Compensation Committee regarding our executive compensation program include:

- providing a competitive total compensation package that enables us to attract and retain key personnel;
- motivating performance to achieve objectives by providing short-term compensation opportunities directly linked to Company objectives;
- providing long-term compensation opportunities, primarily through equity awards, that align executive compensation with value received by our stockholders; and
- promoting ownership of our stock by our executives in order to align the goals of our executives more closely with our goals and those of our stockholders.

These objectives are implemented by the Compensation Committee through our executive compensation program, which is comprised of three primary elements:

- base salary;
- short-term incentive compensation; and
- long-term incentive compensation.

Other secondary elements include retirement benefits, other benefits and change in control and retention agreements.

The Compensation Committee believes that both short-term and long-term incentive compensation should reflect the performance of the Company as well as the individual contribution of each executive. Salary and bonus payments are primarily designed to reward current and past performance, recognizing that the primary goal of the Company and the Compensation Committee is to create long-term value for stockholders. The principal tool used to achieve the long-term incentive goal is the periodic grant of equity awards to Named Officers and other key employees. Equity is awarded to provide incentives for superior long-term future performance, as well as to reward exemplary past performance and as a tool for the hiring and retention of Named Officers and other key employees. Equity awards are

directly linked to stockholders' interests because the potential value of the awards is directly related to the price of the Company's common stock.

Table of Contents

The Compensation Committee believes that executive compensation should reflect the scope of the individual's responsibilities, the Company's performance and the contribution of each executive to the Company's success. Market competitiveness and equitable principles are central elements of the committee's compensation policies. The aggregate compensation of the Company's executives, whether cash or equity based, is evaluated by comparison to that of executives at similar-sized companies in related industries who hold equivalent positions or have substantially similar levels of responsibility, as well as by comparison to other executives within the Company who have comparable levels of responsibility. To evaluate the competitiveness of the Company's compensation programs, the Committee reviews publicly disclosed compensation information of similar-sized companies in related industries, as well as broad-based compensation surveys of other manufacturing or electronic equipment companies of similar size and performance within similar geographical regions.

The Compensation Committee has the flexibility to use these elements, along with discretionary benefits in proportions that will most effectively accomplish its objectives. For instance, the committee may decide to realign an individual's total compensation package to place greater emphasis on annual or long-term incentive compensation, depending on the focus of the business.

In establishing compensation plans for the Company, the Compensation Committee:

- reviews with management the cost and competitiveness of our cash and other compensation policies for all of our employees;
- ensures that our compensation policies align with our corporate objectives;
- reviews the performance of our executives and all components of their compensation;
- evaluates the effectiveness of our overall executive compensation program periodically; and
- reviews and approves our stock and bonus plans and, within the terms of the respective stock plan, determines the terms and conditions of issuances thereunder.

In addition, the committee annually reviews and, if appropriate, approves our corporate goals and objectives relevant to CEO compensation, evaluates our CEO's performance in light of such goals and objectives, and sets our CEO's compensation based on this evaluation. Our CEO reviews the performance and compensation levels of our other Named Officers and makes recommendations to our Compensation Committee for its review and approval.

Furthermore, the Compensation Committee reviews the results of the annual non-binding advisory vote on our Named Officers' compensation ("Say-on-Pay") proposal. A substantial majority (94.6%) of our stockholders who voted on our Say on Pay proposal at our 2013 annual meeting of stockholders approved our executive compensation as described in our compensation discussion and analysis and tabular disclosures in our fiscal year 2013 proxy statement. The principal changes to our executive compensation program that have been adopted by the committee during fiscal year 2013 are summarized below. It is important to note that the impact of some of these changes will not be reflected in the Named Officers compensation reported in the Summary Compensation Table until our fiscal year 2014 executive compensation is reported in our 2015 proxy statement. Based upon these changes and the majority Say-on-Pay vote of our stockholders, the committee did not implement changes as a direct result of the Say on Pay vote. The Board and the committee will nevertheless continue to explore the manner in which the Company's executive compensation program may be improved.

The agenda for each meeting of the Compensation Committee is prepared and approved by the Chairman of the committee in advance of the meeting. The Chairman of the committee may, but is not required to, invite members of management to attend portions of meetings as deemed appropriate. The CEO and our Vice President Human Resources typically attend committee meetings, but do not attend executive sessions unless invited by the committee for a specific purpose. None of our Named Officers are members of the committee.

Each of the elements of our executive compensation program is discussed in more detail below, along with a discussion of the specific compensation decisions that were made during fiscal year 2013.

Elements of Executive Compensation

As described above, the aggregate compensation paid to our executives is comprised of three primary components: base salary, annual incentive compensation and long-term incentive compensation. We believe that each element of our executive compensation program helps us to achieve one or more of our compensation objectives. The table below lists each material element of our executive compensation program, the compensation objective or objectives that it is designed to achieve and the characteristics of each compensation element.

Table of Contents

Element	Purpose	Characteristics
Base Salary	To attract and retain qualified executives; to provide a minimum, fixed rate of pay for an individual's skills, experience and performance	Not at risk; eligible for annual merit increases and adjustment for changes in job scope and pay relative to market
Short-Term Incentives	To attract and retain qualified executives; to motivate and reward achievement of annual Company goals for executives	At risk; annual performance-based cash or stock award; amount earned will vary based on actual results achieved relative to Company target results
Long-Term Incentives	To align interests of executives with stockholders; to reward stock price appreciation and executive service over time	Majority or substantial proportion of long-term incentive compensation is usually performance-based; amount realized will depend upon qualifying performance and service criteria
Retirement Benefits	To attract and retain qualified executives; to encourage long term service with the Company	Both fixed and variable aspects; defined contribution amounts vary based on contributions and asset returns
Other Benefits	To attract and retain qualified executives	Not at risk; costs generally fixed
Change in Control and Retention Agreements	To attract and retain qualified executives; to provide continuity of leadership team leading up to and after a change in control	Contingent compensation; provides for continued employment upon a change in control and severance benefits if an executive's employment is terminated following a change in control

The Compensation Committee believes that it is important that a significant portion of our Named Officers' compensation is linked to our future performance in order to maximize stockholder value. Accordingly, aggregate compensation paid to our Named Officers is weighted towards annual incentive and long-term compensation, both of which are largely or partially at risk if we do not achieve our operating and strategic objectives. This strategy reflects our pay-for-performance philosophy. For purposes of this discussion, both the short-term incentive compensation and long-term incentive compensation related to stock option and restricted stock awards are considered at risk.

The Compensation Committee determines and approves aggregate compensation packages for each of our Named Officers based upon a number of factors, including the executive's position, experience and performance (particularly over the past year, if applicable), as well as competitive market data and retention concerns. The Company's Vice President Human Resources provides assistance to the CEO and the committee in preparing market data relevant to executive compensation programs. The committee considers the compensation levels of executives at peer companies who hold equivalent positions or have substantially similar levels of responsibility. The committee reviewed the peer group in March 2013. We shifted from using Standard Industrial Classification industry groups to Global Industrial Classification standard industry of electrical equipment to arrive at a set of companies subject to similar industry dynamics and whose executive roles have a similar level of responsibilities and complexities. The companies comprising this peer group are generally comparable in size to the Company and participate in industries more closely related to those in which the Company participates. The fiscal year 2013 peer group includes: Active Power, Inc., Allied Motion Technologies Inc., American Electric Technologies, Inc., American Superconductor Corporation, Broadwind Energy, Inc., Capstone Turbine Corporation, ECOTality, Inc., Enphase Energy, Inc., FuelCell Energy, Inc., Lime Energy Co., LSI Industries Inc., Orion Energy Systems, Inc., PowerSecure International, Inc., Real Goods Solar, Inc., SL Industries, Inc., SL Industries, Inc., Thermon Group Holdings, Inc., Ultralife Corporation and Vicor Corporation (the "Compensation Comparative Group"). The Compensation Committee considers the forms in which total compensation will be paid to our Named Officers and seeks to achieve an appropriate balance between base salary, short-term incentive compensation and long term incentive compensation in order to maintain the amount and type of compensation within competitive parameters as well as to achieve long term growth of the Company. The committee evaluates the size of each element based on the Compensation Comparator Group as well as individual

contribution and Company performance. The percentage of compensation that is contingent on achievement of performance criteria increases in relationship to a Named Officer's responsibilities within the Company. The at-risk performance based short term and long term compensation typically makes up a greater percentage of total compensation of our most senior Named Officers. Each element of our executive compensation program and the rationale for providing each element is presented below.

Our CEO considers the Named Officers' qualifications, experience, length of service, scope of responsibilities and past performance, as well as compensation surveys and competitive pay practices, in recommending their compensation to the committee. The CEO also evaluates each of the other Named Officer's performance during the fiscal year, including accomplishments, areas of strength and areas for development. This evaluation is based on the CEO's knowledge of each of the other Named Officer's performance as well as the Named Officer's self-evaluation. The Compensation Committee has the right to retain the services of outside consultants to assist with and make recommendations regarding executive compensation levels, practices and programs. In preparation for review of our fiscal year 2014 executive compensation program the committee selected Towers Watson as its independent consultant to provide

Table of Contents

advice on the compensation program arrangements including the annual and long-term incentive plans. Towers Watson was also retained by the committee to provide advice regarding the 2014 Stock Incentive Plan including the appropriate share request consistent with market practices subject to stockholder approval. See Approval of the 2014 Stock Incentive Plan on pages 10-18 of this Proxy Statement. Prior to Towers Watson's engagement, the Compensation Committee considered certain independence factors relevant to Towers Watson and their compensation consultants' independence in accordance with the Nasdaq listing standards and the committee's charter. Towers Watson provided analysis of executive compensation programs by way of competitive market pay analysis, long-term incentive program design and metrics data, pay philosophy, percentile market data and other general compensation peer group data. Towers Watson does not provide any additional consulting or other services to the Company.

Base Salary

Base salaries are paid on a current or cash basis, and are reviewed annually with adjustments, if any, based upon base salary levels of the Compensation Comparator Group, the recent performance of the Company, budgets for base salary expense in the Company's operating plan, salary survey comparisons provided by outside consulting firms, the executives' individual performance and, for Named Officers other than the CEO, the recommendation of the CEO.

In March 2013, the Compensation Committee undertook its fiscal year 2013 review of base salaries of the Named Officers to consider whether an adjustment would be warranted. Based on its review of survey data, market trends, the Company's performance and general economic conditions existing at the time, the Compensation Committee concluded that a performance-based merit base salary increase was warranted for our Named Officers. See the Salary column in the Summary Compensation Table on page 37 of this Proxy Statement. The performance-based salary increases are intended to continue targeting compensation levels generally at or near the market median (in some cases higher for retention purposes). The transition to targeting median pay is a process that will entail several phases and will not occur in a single year.

Second Amended and Restated 2004 Stock Incentive Plan

The Company adopted the Second Amended and Restated 2004 Stock Incentive Plan in November 2009, as amended in November 2011 ("2004 Plan"). The purpose of the 2004 Plan is to enable the Company to attract, retain and motivate its officers and other key employees, and to further align their interests with those of the stockholders of the Company by providing for or increasing the respective equity interests of such persons in the Company.

The 2004 Plan includes the following material provisions: (i) the maximum aggregate number of shares of common stock that may be subject to awards is 335,000 shares; (ii) a fungible share pool structure was implemented under which option and stock appreciation right awards will be counted against the issuable share limit as one share of common stock, and incentive bonus payable in stock, incentive stock and incentive stock unit awards will be counted as 1.14 shares of common stock; and (iii) the form of payment of any incentive bonus may include cash, shares of common stock or any combination of cash and common stock.

Short-Term Incentives—Annual Compensation

Annual incentive compensation is a key component of the Compensation Committee's pay-for-performance philosophy. The Company's Management Incentive Compensation Plan ("MICP") is a bonus plan that rewards eligible participants, including Named Officers and key employees, for achievement of predetermined target performance. The committee established performance objectives for fiscal year 2013 based on the fiscal year 2013 operating plan approved in December 2012. Awards under the MICP are made in the form of cash which is authorized for payment under the 2004 Plan.

The fiscal year 2013 MICP participants are divided into several classifications which had target incentive award levels ranging from 15% to 80% of base salary at the end of fiscal year 2013. Participants' classification is commensurate with what we believe is the relative impact a participant can have on the Company's performance. The fiscal year 2013 target incentive award percentages assigned to the Company's Named Officers ranged from 35% to 80%.

The MICP component of the 2004 Plan focuses leadership attention on achievement of fiscal year 2013 planned adjusted EBITDA, revenue and average working capital percentage of sales results. The adjusted EBITDA metric is

defined as the Company's operating profit adjusted to exclude non-cash expenses of depreciation, amortization, pension expense, stock compensation expense and MICP provisions recorded during fiscal year 2013. For fiscal year 2013, MICP awards were based 60% toward fiscal year 2013 achievement of adjusted EBITDA, 30% toward the fiscal year 2013 revenue achievement and 10% toward fiscal year 2013 average working capital percentage of sales results. While the three objectives for fiscal year 2013 operate independently of one another, in order for the participants to receive a payment exceeding 100% of the target level for any one objective, all three objectives must reach 100% of their target levels. The fiscal year 2013 adjusted EBITDA threshold level was \$16.529 million, the target level was \$18.366 million and the maximum level was \$21.488 million. The fiscal year 2013 revenue threshold level was \$112.581 million, the target level was \$118.506 million and the maximum level was \$124.431 million. The fiscal year 2013 average

Table of Contents

working capital percentage of sales threshold level was 17.58%, the target level was 16.70% and the maximum was 15.90%. Amounts achieved between the threshold and target amounts would result in the MICP awards being granted on a pro rata basis and if 100% of the target level is achieved for all three objectives, amounts achieved between the target and maximum amounts would result in the MICP awards being granted on a pro rata basis.

With respect to fiscal year 2013 adjusted EBITDA, revenue and average working capital percentage of sales objectives, we achieved approximately \$12.5 million in adjusted EBITDA, and approximately \$103.3 million in revenue and approximately 18.1% in average working capital percentage of sales, resulting in a payout of 0% with respect to EBITDA, 0% with respect to revenue and 0% with respect to average working capital of sales.

The Compensation Committee reviewed and approved the MICP component of the 2004 Plan establishing performance targets for fiscal year 2014 in December 2013. The MICP for fiscal year 2014 is weighted 75% toward adjusted EBITDA based on audited financial results and 25% toward revenue achievement. While the two objectives for fiscal year 2014 operate independently of one another, in order for the participants to receive a payment exceeding 100% of the target level for any one objective, both objectives must reach 100% of their target levels.

Long-Term Incentives—Equity Compensation

The Compensation Committee believes that a significant component of the compensation paid to our executives over the long-term should be derived from stock-based compensation. The committee determines the type of equity awards that are to be granted, which have historically been grants of restricted stock or stock options under our stock incentive plans. We believe that stock price appreciation and stock ownership in the Company are a valuable incentive to our executives and that grants of restricted stock and stock options to them serves to further align their interests with the interests of our stockholders as a whole and encourages our executives to manage the Company in its best long-term interests.

Stock Options and Restricted Stock

Stock options align executives' interests with those of our stockholders, as options only have realizable value if the share price of Magnetek's stock increases relative to the exercise prices of the options, which are set at the time of grant of such options. Restricted stock, which are shares of our common stock that are subject to forfeiture and certain other restrictions until the shares vest, is granted to executives in part to facilitate retention and, for newly hired executives, recruitment. Restricted stock is also granted to executives in part to facilitate and incentivize performance. The Compensation Committee determines, on a discretionary basis, whether to grant stock options and restricted stock awards as well as the amount of shares of common stock subject to, and the terms of, the grants, based on an executive or key employee's position within the Company, the recommendations of the CEO, and competitive market data. Stock awards have been considered historically, except in the case of our non-employee Directors, for new hires, promotions or other special situations, at the Compensation Committee's August meeting. With the change in our fiscal year, which historically ended on the Sunday nearest June 30 of the calendar year, and now ending on the Sunday nearest December 31, stock awards shall be considered at the Compensation Committee's first quarter meeting.

For fiscal year 2013, the Compensation Committee reviewed and approved at its March 2013 committee meeting the Executive Long-Term Incentive Plan ("ELTIP"), a stock award plan that awards eligible employees, including Named Officers Peter M. McCormick, President and Chief Executive Officer; Marty J. Schwenner, Vice President and Chief Financial Officer; Michael J. Stauber, Vice President, Corporate Controller and Chief Accounting Officer; Hungsun S. Hui, Vice President Operations; and Scott S. Cramer, Vice President, General Counsel and Corporate Secretary and other key employees, comprised of two award elements, a restricted stock award which vests based upon continuous employment with the Company and a restricted stock award which vests based on achievement of long-term performance measures divided into several tiers of base salary in effect at the commencement of fiscal year 2013 and allocated by tier by weighted percentage of restricted stock in accordance with the 2004 Plan ("performance stock"). The fiscal year 2013 ELTIP participants, including Named Officers, are divided into several tiers with award levels ranging from 40% to 75% of base salary allocated by tier by weighted percentage for performance stock awards ranging from 50% to 70% and for restricted stock awards ranging from 30% to 50%. The committee continued to emphasize the performance component and focus of the ELTIP for our CEO and CFO by increasing their weighted

percentage for the performance stock award to 70% from 60% during fiscal year 2013 and decreasing the weighted percentage to 30% from 40% during fiscal year 2013 for the restricted stock award. Similarly, the committee emphasized the performance component and focus of the ELTIP for our other Named Officers. The weighted percentage for the performance stock award was increased to 50% from 35% during fiscal 2013 and the weighted percentage was decreased to 50% from 65% during fiscal year 2012 for the restricted stock award. The higher proportion of the performance element of the award is consistent with the committee's belief and commitment of linking our executive compensation program with performance. The committee reviews these

Table of Contents

weighted allocations on an annual basis. The performance objectives are weighted 100% toward achievement of adjusted EBITDA metric measured over a three-year cumulative period from fiscal year 2013 through fiscal year 2015. Awards under the ELTIP are made in the form of shares of restricted common stock pursuant to the 2004 Plan. The number of shares of restricted stock that vest under the performance stock award can range from 0% to 100% of the participant's target award for the applicable plan year. Upon attainment of adjusted EBITDA equal to 80% or less of the target performance objective, none of the shares will vest. Upon attainment of 81% of the target performance objective, 5% of the performance shares will vest. The vesting amount increases 5% for each one percent increase in achievement of the target performance objective thereafter up to a maximum payout of 100%.

The grant date fair market value of the restricted stock and stock options awarded to the Named Officers in fiscal year 2013, as determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718 is shown in the "Grant Date Fair Market Value of Stock and Option Awards" column of the Grants of Plan-Based Awards Table on page 39 of this Proxy Statement.

The Company's ELTIP for fiscal year 2014 was approved by the Compensation Committee in March 2014. The ELTIP is an incentive plan that rewards eligible participants, including Named Officers and key employees, comprised of two award elements, a restricted stock award and a performance stock award based on achievement of long-term performance measures. The committee established the performance parameters and objectives in March 2014. The committee reduced the overall percentage of base salary range in each tier for our Named Officers from 75% to 70%, 50% to 40% and 40% to 33%. The committee continued to emphasize the performance component and focus of the ELTIP for our CEO and CFO by maintaining their weighted percentage for the performance stock award at 70% and maintaining the weighted percentage at 30% for the restricted stock award. Similarly, the committee emphasized the performance component and focus of the ELTIP for our other Named Officers. The weighted percentage for the performance stock award was maintained at 50% and the weighted percentage was maintained at 50% for the restricted stock award. The proportion of the performance element of the award is consistent with the committee's belief and commitment of linking our executive compensation program with performance. The committee reviews these weighted allocations on an annual basis. The performance objectives are weighted 100% toward achievement of adjusted EBITDA metric measured over a cumulative three-year period from fiscal year 2014 through fiscal year 2016. Awards under the ELTIP are made in the form of shares of restricted common stock pursuant to the 2004 Plan.

Retirement Benefits

The Company maintains the Magnetek FlexCare Plus Retirement Pension Plan (the "Retirement Plan"), a defined benefit pension plan that covers certain employees. Effective October 29, 2002, the Retirement Plan was frozen with respect to new participants and effective June 30, 2003, the Retirement Plan was frozen with respect to existing participants.

Although the Retirement Plan is a defined benefit plan, each non-union participating employee's accrued benefit is determined by the "cash balance" credited to the employee's retirement account prior to June 30, 2003. The accounts are maintained for bookkeeping purposes only. After June 30, 2003, the date the Retirement Plan was frozen with respect to existing participants, compensation-based account credits were discontinued.

In fiscal year 2013, Messrs. McCormick, Schwenner and Hui were entitled to pension benefits under the Retirement Plan. We provide defined benefit pensions to the above Named Officers because we provide similar benefits to most of our U.S. employees who were employed by the Company for a consecutive five-year period before October 29, 2002.

All of our Named Officers participate in the Magnetek FlexCare Plus Retirement Savings Plan (the "Savings Plan"), a 401(k) tax-qualified retirement savings plan. Under the Savings Plan, participating employees may contribute a portion of their compensation on a pre-tax basis and possibly a portion of their compensation on an after-tax basis or up to the IRS limit, whichever is lower. The Company matched up to 50% of the first 6% of participating employees' pre-tax contributions during fiscal year 2013. All of our Named Officers received this Company contribution and the amounts for fiscal year 2013 are presented in the Summary Compensation Table and All Other Compensation Table

respectively on pages 37 and 38 of this Proxy Statement.

Other Benefits

Our Named Officers also either participate or are eligible to participate in our other benefit plans and programs on the same terms as our other employees. In addition to the plans described above, these plans include our medical insurance, term life insurance, long-term disability insurance, voluntary benefit plan and paid time-off plan. The value of other benefits, in total and itemized, provided by the Company to the Named Officers in fiscal year 2013 are presented in the Summary Compensation Table and All Other Compensation Table respectively on pages 37 and 38 of this Proxy Statement.

Employment, Change in Control and Other Agreements

We have change in control agreements with two of our Named Officers, Messrs. McCormick and Schwenner, which provide for the payment of severance benefits upon a change in control of the Company, provided the Named Officer is terminated within a two-year period following such change in control. During fiscal year 2013, the Company did not extend or materially amend these existing change in control agreements. Severance payments made to these Named Officers, when they are terminated without cause, generally include (i) payment of one and one-half times the sum of their annual salary and the amount of their target bonus for the fiscal year in progress, (ii) immediate vesting of all unvested stock options which then become exercisable for one year, (iii) immediate vesting of all unvested restricted stock awards, (iv) continued health coverage for 18 months or until he receives benefits from another employer, (v) outplacement services not in excess of 17% of the Named Officer's annual base salary and (vi) if applicable, a tax gross-up payment.

The Board of Directors, upon recommendation of the Compensation Committee, has approved a form of retention agreement for certain vice president level officers of the Company, including any elected or appointed vice president. We have retention agreements with three of our Named Officers, Messrs. Hui, Stauber and Cramer. The retention agreement provides for the payment of severance benefits upon a change in control within a one-year period after the change in control. Severance payments made to these officers, when their employment is terminated without cause, generally include: (i) payment of one year's salary and the target bonus for the fiscal year in progress, (ii) continuation of health benefits for six months, (iii) immediate vesting of all outstanding stock options and restricted stock awards, with a one-year exercise period for vested options and (iv) outplacement services having a cost to the Company of not more than 10% of the vice president's annual base salary. The vice president retention agreements do not include an excise tax gross-up provision.

We believe these agreements are a fair reward for hard work and value creation, assist us in retaining these executives, and provide incentives for them to remain with us during periods of uncertainty at the end of which such executives may not be retained. The Named Officers with change in control agreements or retention agreements, as well as the value of potential payments upon a change in control, and the amount of excise tax gross up, if any, are presented in the Employment, Severance and Change in Control Agreements and Other Arrangements Table on page 43 of this Proxy Statement. The change in control agreements and retention agreements do not provide benefits if employment is terminated for cause, death or disability or if employment is voluntarily terminated by the Named Officer or other vice president without good reason, as defined in the change in control agreements and retention agreements. The definition of change in control for both types of agreements includes any event described as a change in control in the 2004 Plan and any event which results in the Board of Directors ceasing to have at least a majority of its members serve as continuing directors.

Recoupment Policy

In addition to other remedies available to the Company, in the event the Company is required to prepare an accounting restatement of the financial statements of the Company resulting from material non compliance with financial reporting requirements under applicable securities laws, the Company will seek to recover from all current and former executive officers who received incentive-based compensation during the three year period preceding the date of such restatement any such compensation that was paid to such executive officers in excess of the amount of what would have been paid under the restated financial statements.

Insider Trading Restrictions and Policy Against Hedging and Pledging

Our insider trading policy prohibits directors, officers, employees and certain of their family members from purchasing or selling any type of security, whether issued by us or another company, while such person is aware of material non-public information relating to the issuer of the security or from providing such material non-public information to any person who may trade while aware of such information. Trades by directors, officers and certain other executives are prohibited during certain prescribed blackout periods and are required to be pre-cleared by appropriate Company personnel. This policy also prohibits directors and executive officers from engaging in "short sales" with respect to our securities, entering into "derivative" transactions, including exchange-traded put or call options,

with respect to our securities, engaging in hedging or monetization transactions, such as collars or forward sale contracts, with respect to our securities, holding our securities in a margin account or pledging our securities.

Stock Ownership Guidelines

Our Named Officers have tiered guidelines such that each Named Officer must own a specified amount of qualifying shares with a market value equal to a specified multiple of annual base salary within five years from adoption of the guidelines or the date of his or her appointment as a Named Officer. The multiples are three for our CEO, two for our CFO and one for our applicable vice presidents. Each of our Directors must own qualifying shares with a market value of five times such Director's annual retainer within five years from the original dates of his or her appointment or election.

Table of Contents

Tax Policy

Section 162(m) of the Internal Revenue Code limits our deductibility of cash compensation in excess of \$1 million paid to the CEO and the three highest compensated executive officers (other than the CEO and CFO) during any taxable year, unless such compensation meets certain requirements. Total cash compensation is within \$1 million for all Named Officers for fiscal year 2013 and therefore all compensation should be deductible by us. The Compensation Committee has considered and will continue to consider deductibility in structuring compensation arrangements. However, the committee retains discretion to provide compensation arrangements that it believes are consistent with the goals described above and in the best interests of the Company and our stockholders, even if those arrangements are not fully deductible under Section 162(m).

If payments to two of our Named Officers, Messrs. McCormick and Schwenner, under their change in control agreements are determined to be “excess parachute payments” under section 280G of the Internal Revenue Code and are subject to an excise tax, we will pay the affected Named Officer’s excise tax, and make needed gross-up payments, so that such Named Officer is in the same position he would have been in had the excise tax not been assessed. The excise tax is sometimes assessed on payments made to certain individuals in connection with a change in control of the Company, when the payments are unusually large when compared with the individual’s historic pay. The tax can be assessed on accelerated vesting of equity awards and on certain severance payments made to the individual if the individual is terminated after a change in control. We agreed to gross-up Messrs. McCormick and Schwenner under their change in control agreements respectively, entered into on December 11, 2002 and July 29, 2003, for any such excise taxes because we believe these Named Officers should be entitled to the full economic benefit of the payments they would otherwise receive, even though we would not be able to take a tax deduction on those gross-up payments.

(1) These columns show the potential value of the cash payout for each named executive officer under the ICP for fiscal 2013 if the target and maximum goals are met. For each named executive officer, an incentive compensation target equal to a percentage of the individual's base salary is set at the beginning of the year. Amounts shown are based on base salary at December 29, 2013. Actual incentive compensation payments under the plan may be higher or lower than the target based on financial, operating and individual performance. The Compensation Committee has discretion to change the amount of any award irrespective of whether the measures are met.

(2) These columns show the threshold, target and maximum payouts under performance shares awarded during fiscal year 2013. The payout in respect of these performance shares will be made in shares of our common stock in an amount determined based on achievement of three year cumulative adjusted EBITDA of \$60,000,000 for fiscal

years 2013 through 2015. The payouts will be at zero, the target amount, and the maximum amount if our three year cumulative adjusted EBITDA is equal to or less than 80% achievement, 100% achievement, or any amount over 100% achievement, respectively.

- (3) In fiscal 2013 annual equity grants were made at the Compensation Committee meeting on March 18, 2013. This column shows the number of shares of restricted stock granted in fiscal 2013 to the named executive officers.
- (4) The restricted stock vests on March 18, 2016 (three years from the grant date), provided the individual is still employed by the Company on that date.
- (5) The grant date fair value of the performance share and restricted share awards was \$12.60 based on the closing price of our stock on March 18, 2013.

EQUITY COMPENSATION PLAN INFORMATION TABLE

The following table reflects information as of the end of the Company's fiscal year 2013 with respect to securities issuable under the Company's equity compensation plans (including under the 2004 Plan and under individual compensation arrangements) all of which securities are shares of the Company's common stock.
