CORPORATE GOVERNANCE

Meetings and Committees of the Board of Directors

The Board of Directors of the Company had four meetings and acted by unanimous written consent during 2007. All directors attended at least 75% of the meetings of the Board of Directors and the committees thereof on which they served during 2007.

Independence

The New York Stock Exchange listing standards require listed companies to have a board of directors with at least a majority of independent directors. The Board of Directors has determined that each current director and each nominee for election, with the exception of Mr. Crim (who is currently employed by the Company), qualifies as an independent director. In determining each director's independence, the Board of Directors did consider that Messrs. Brueggen, Mueller and Birdwell are directors of American Safety Risk Retention Group, Inc. This entity is consolidated with the Company for accounting purposes but, for purposes of independence analysis, is considered an affiliate of the Company rather than a subsidiary of the Company. The Board of Directors has determined that this relationship does not prevent these directors from being considered independent.

Committees of the Board of Directors

The Board of Directors has established four standing committees: the audit committee, the compensation committee, the finance committee and the nominating and corporate governance committee.

The audit committee is composed of independent directors in accordance with the New York Stock Exchange ("NYSE") listing standards and the rules of the Securities and Exchange Commission (the "SEC"). The audit committee reviews the scope of the Company's audit, recommends to the shareholders the engagement of the independent registered public accounting firm, and reviews such firm's reports. The audit committee operates pursuant to a written charter, a copy of which is available on our website, www.amsafety.com in the

“Committee Charting” subsection, under “Corporate Overview” in the “Investor Relations” section. The current members of the audit committee are Messrs. Brueggen (chairman), Groot and Weaver. The Board of Directors has determined that each member of the audit committee is financially literate. The Board of Directors has determined that Mr. Brueggenis qualified as an “audit committee financial expert” within the meaning of the SEC regulations, and that he, therefore, meets the requirement under the NYSE listing standards that at least one member of the audit committee have accounting or related financial management expertise. The Company’s independent registered public accounting firm reports directly to the audit committee, which controls their engagement. The audit committee pre-approves the provision of all audit and non-audit related services by the Company’s independent registered public accounting firm and meets with management and the accounting firm at each audit committee meeting in separate executive sessions, if deemed necessary, to review the Company’s financial statements and significant findings based on the auditor’s review processes. The audit committee has also established a procedure for the confidential and anonymous reporting of concerns regarding questionable accounting or auditing matters. The audit committee held seven meetings during 2007. The audit committee is responsible for reviewing the financial reports and other financial information provided by the Company to any governmental or other regulatory body and monitoring any public distribution or other uses thereof, reviewing the annual independent audit of the Company’s financial statements, reviewing the Company’s systems of internal accounting and financial controls and reviewing and monitoring the internal audit process and internal audit results.

The compensation committee is comprised of independent directors and recommends to the Board of Directors matters regarding executive compensation and stock options. The compensation committee operates pursuant to a written charter, a copy of which is available on our website, www.amsafety.com in the “Committee Charting” subsection, under “Corporate Overview” in the “Investor Relations” section. The current members of the compensation committee are Messrs. Geneen (chairman), Groot and Lackner. The compensation committee held four meetings during 2007.

The finance committee is comprised of independent directors and is responsible for recommending portfolio allocations to the Board of Directors, approving the Company’s guidelines that provide standards to ensure portfolio liquidity and safety, approving investment managers and custodians for portfolio assets, and considering other matters regarding the financial affairs of the Company. The current members of the finance committee are Messrs. Birdwell, Lackner (chairman) and Weaver. The finance committee held four meetings during 2007.

The nominating and corporate governance committee is comprised of independent directors. The committee has as its purposes identifying individuals qualified to become members of the Board of Directors and recommending to the Board of Directors candidates for election or reelection as directors; monitoring and recommending corporate governance and other Board of Directors practices; and overseeing performance reviews of the Board of Directors, its committees and the individual members of the Board of Directors. The committee operates pursuant to a written charter, which is available on our website, www.amsafety.com in the “Committee Charting” subsection, under “Corporate Overview” in the “Investor Relations” section. The current members of the nominating and corporate governance committee are Messrs. Birdwell (chairman), Geneen and Mueller. The nominating and corporate governance committee held four meetings in 2007.

Shareholders may obtain a printed copy without charge of any of the committee charters referenced above upon written request to the Secretary of the Company, 31 Queen Street, Hamilton HM 11, Bermuda.

Executive Sessions

The independent directors meet in executive sessions, at which only independent directors are present, at each meeting of the Board of Directors and as needed. Mr. Brueggen presides over the executive sessions of the Board of Directors.

Board of Directors Attendance at Annual General Meeting

It is the policy of the Company and the Board of Directors that all directors attend the Annual General Meeting and be available for questions from shareholders, except in the case of unavoidable conflicts. All of the Company's directors attended the 2007 Annual General Meeting of Shareholders.

Shareholder Communications to the Board of Directors

Shareholders and other parties interested in communicating directly with the Company's Board of Directors or any individual may contact them by writing c/o the Secretary of the Company, 31 Queen Street, Hamilton HM 11, Bermuda. The Secretary will receive the correspondence and forward it to the individual director or directors to whom the correspondence is directed or the chairman of the nominating and corporate governance committee. The Secretary will not forward any correspondence that is unduly hostile, threatening, illegal, not reasonably related to the Company or its business or similarly inappropriate.

Consideration of Director Nominees

The nominating and corporate governance committee has been delegated the task of seeking qualified candidates for directors and evaluating and recommending for subsequent ratification by the Board of Directors for nomination candidates for election or reelection as directors.

With respect to the committee's evaluation of director nominee candidates, the committee has no formal requirements or minimum standards for the individuals that it nominates. The committee evaluates each candidate for nomination to election to the Board of Directors based on certain minimum requisite qualifications set forth by the Board of Directors. Some factors that the committee generally views as relevant and is likely to consider in its evaluation of candidates include, but are not limited to:

- Career experience, particularly experience germane to the Company's business;

- Personal and professional ethics;
- Expertise that may serve the Company and complement the expertise of other Board of Directors members;
- Ability to devote significant time and effort to Board of Directors and Board of Directors committee responsibilities;
- Whether the candidate is independent; and
- Whether a candidate is financially literate or an “audit committee financial expert” (as defined by the SEC).

The committee does not assign a particular weight to these individual factors. Rather, the committee looks for a mix of factors, when considered in combination with the expertise and credentials of the other candidates and the existing Board of Directors that will provide shareholders with an experienced and diverse Board of Directors.

With respect to the identification of nominee candidates, the committee does not have a formalized process. Instead, its members and the senior management of the Company generally recommend candidates of whom they are aware personally or by reputation. The Company historically has not utilized a recruiting firm to assist in the process, but may do so in the future.

The nominating and corporate governance committee welcomes recommendations from shareholders. The nominating and corporate governance committee evaluates a candidate for director recommended by a shareholder in the same manner that the committee evaluates a candidate recommended by other means. In order to make a recommendation, the nominating and corporate governance committee asks that a shareholder send the nominating and corporate governance committee:

- A resume for the candidate, detailing the candidate’s work experience and credentials;
- A written confirmation from the candidate that he or she (1) would like to be considered as a candidate and would serve if nominated and elected, (2) consents to the disclosure of his or her name, (3) is, or is not, “independent” as that term is defined in the charter of the nominating and corporate governance committee, and (4) has no plans to change or influence the control of the Company;
- The name of the recommending shareholder as it appears in the Company’s books, the number of shares that are owned by that shareholder and written confirmation that the shareholder consents to the disclosure of his or her name. (If the recommending person is not a shareholder of record, he or she should provide proof of share ownership);

- Personal and professional references, including contact information; and

- Any other information relating to the candidate required to be disclosed in a proxy statement for election of directors under Regulation 14A of the Securities Exchange Act of 1934 (the “Exchange Act”).

This information should be sent to the nominating and corporate governance committee, c/o Secretary, American Safety Insurance Holdings, Ltd., 31 Queen Street, Hamilton HM 11, Bermuda, who will forward the information to the chairman of the committee. In order to be considered at the 2009 Annual General Meeting of Shareholders, the Secretary must receive this information by January 23, 2009.

In addition to the procedures described above for recommending prospective nominees, shareholders may directly nominate directors for consideration at the Annual General Meeting of Shareholders.

Code of Business Conduct and Ethics

The Board of Directors has approved a Code of Business Conduct and Ethics in accordance with rules of the SEC and the New York Stock Exchange listing standards applicable to all directors, officers and employees, including the principal executive officers, principal financial officers, principal and senior accounting officers or controller, or persons performing similar functions. The Code of Business Conduct and Ethics is intended to provide guidance to directors and management to assure compliance with law and promote ethical behavior. The Company’s Code of Business Conduct and Ethics is available on our website, www.amsafety.com in the “Governance Documents” subsection, under “Corporate Overview” in the “Investor Relations” section. Shareholders may request a printed copy of the Code of Business Conduct and Ethics upon written request to the Secretary of the Company, 31 Queen Street, Hamilton HM 11 Bermuda.

Corporate Governance Guidelines

The Company is committed to having sound corporate governance practices, and the Board of Directors has adopted Corporate Governance Guidelines that provide a framework for the governance of the Company. The Board of Directors reviews these guidelines periodically and monitors developments in the area of corporate governance. Corporate Governance Guidelines are available on our website, www.amsafety.com in the “Governance Documents” subsection, under “Corporate Overview” in the “Investor Relations” section. Shareholders may request a printed copy without charge upon written request to the Secretary of the Company, 31 Queen Street, Hamilton HM 11 Bermuda.

Item 11. Executive Compensation.

Compensation Discussion and Analysis

Compensation Committee. As described in Item 10 of this Form 10-K/A, we have a compensation committee of the Board of Directors (the “Committee”) that consists of Messrs. Geneen (Chairman), Groot and Lackner. The Committee operates pursuant to a written charter, which is available on our website, www.amsafety.com. The charter is reviewed annually by the Committee. The Board of Directors has determined that

the members of the Committee are “non-employee directors” (within the meaning of Rule 16b-3 of the Securities

Exchange Act of 1934, as amended), “outside directors” (within the meaning of Section 162(m) of the Internal Revenue Code) and “independent directors” (within the standards set forth by the New York Stock Exchange). In addition, no Committee member is a current or former employee of the Company or any of its subsidiaries. Generally, the Committee is responsible for recommending to the Board of Directors matters regarding executive compensation. The Committee generally meets quarterly, and on an as-needed basis.

General Philosophy. We compensate our senior management through a combination of base salary, bonus and equity compensation that we design to be competitive with comparable employers and to align our management’s incentives with the long-term interests of our shareholders. The purpose of our compensation program generally is to develop and implement a fair, consistent and competitive program, which will attract, motivate and retain highly qualified talent. The Committee views the compensation program as a management tool that, through the setting of goals and objectives, encourages management to achieve or exceed the Company’s business objectives. In making compensation decisions, we establish target overall cash compensation and then allocate that compensation among base salary and bonus. We then determine what level, if any, of equity compensation is appropriate. At the senior management level, we design incentive compensation to reward company-wide performance by tying awards to the achievement of goals and objectives which relate to (i) our performance in such areas as growth and return on equity, (ii) individual performance and (iii) business unit performance, as discussed below under **2007 Bonus Plan, Annual Cash Bonus and Equity Compensation**. The compensation for each of our named executive officers (“NEOs”) consists of a base salary, an annual bonus, stock options, health insurance and other benefits and perquisites.

Committee Process. The Committee designs, evaluates and approves our executive compensation plans, policies and programs. The Committee annually reviews and evaluates the goals and objectives relevant to the compensation of our NEOs and annually evaluates the performance of our Chief Executive Officer in light of those goals and objectives. In addition, the Committee reviews and approves compensation levels and compensation awards for our other NEOs recommended by the Chief Executive Officer, who reviews individual and corporate performance for the other NEOs and makes recommendations to the Committee. These recommendations are generally approved. In all cases, however, the Committee is an active participant in establishing the goals for bonuses.

The Committee also administers our equity-based compensation plan, although it has delegated to our Chief Executive Officer the authority to make limited awards to newly-hired executives and other key employees as necessary or appropriate to attract and retain highly qualified individuals to the Company. The Committee is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties. The Committee reports regularly to the Board of Directors on matters relating to the Committee’s responsibilities, and it is common for all of our non-employee directors to attend Committee meetings. The Committee follows regulatory and legislative developments and considers corporate governance best practices in performing its duties.

Targeted Overall Compensation for 2007. Our NEOs received a combination of base salary, cash bonus and stock options as part of their overall compensation. Base salaries are intended to be competitive with base salaries paid by comparable insurance companies. Cash bonus and stock option grants are intended to incentivize NEOs and are structured to align the interests of the NEOs with the success of the Company. With respect to Stephen R. Crim, our President and Chief Executive Officer, we considered Mr. Crim's responsibilities and his contributions to the Company's operating results during his tenure in establishing his targeted overall compensation for 2007. Although we do take into consideration compensation levels at similar or peer companies, we did not perform a formal survey of those levels nor did we retain a compensation consultant to advise us with respect to compensation levels for 2007. Given our size and what we consider modest levels of compensation, we did not believe that the benefits of these processes justify the cost. Rather we subjectively assessed the appropriate areas of compensation levels. The Chief Executive Officer reviewed the other NEO's performance and made compensation recommendations to the Committee, which were reviewed by the Committee in light of the overall compensation. The Committee followed a similar process to the process used for Mr. Crim when reviewing and approving the targeted compensation for our other NEOs, Joseph D. Scollo, Jr., our Executive Vice President and Chief Operating Officer, William C. Tepe, our Chief Financial Officer, Randolph Hutto, our General Counsel and Secretary, and Thomas Callahan, our former Senior Vice President.

Base Salaries. The base salaries for our NEOs during the year ended December 31, 2007, were established by contract in the case of Messrs. Crim, Scollo, Tepe and Hutto and by considering the performance and contribution of each of the other NEOs to the Company and to that officer's business responsibilities, as applicable. These amounts reflect levels that we concluded were appropriate based on our general experience. Our base salaries are intended to be competitive with base salaries paid by other similar insurance companies to executives with similar qualifications, experience and responsibilities, although we did not follow a formal practice in this regard. The Committee periodically discusses salary recommendations with the Chief Executive Officer with regard to other Company executive officers. These salary recommendations are generally based on an evaluation of the individual's performance of the position held, the Company's operating results, and the individual's contribution to the Company's operating results.

The compensation of our Chief Executive Officer, Stephen R. Crim, Executive Vice President and Chief Operating Officer, Joseph D. Scollo, Jr., Chief Financial Officer, William C. Tepe, and General Counsel, Randolph L. Hutto, are governed primarily by employment agreements, the material terms of which are more specifically described below under **Employment Agreements**. These employment agreements provide for a base salary of \$420,000 for Mr. Crim, \$345,000 for Mr. Scollo, \$315,000 for Mr. Tepe and \$308,850 for Mr. Hutto effective as of August 1, 2007. Prior to August 1, 2007, the base salaries for Messrs. Crim, Scollo and Tepe were governed under their predecessor contracts under which Mr. Crim received a base salary of \$400,000, Mr. Scollo received \$325,000. Mr. Tepe's predecessor employment agreement provided for a base salary of \$300,000 in each of 2006 and 2007. It also

provided that he would be eligible for a merit increase at each annual performance evaluation, beginning April 1, 2007. Mr. Hutto's base salary prior to August 1, 2007 was based on consideration of performance, contribution to the Company and business responsibilities. Each NEO was eligible for merit raises based on a review of each individual's performance as of April 1, 2007 under which, Messrs. Crim, Scollo, Tepe and Hutto received \$20,000, \$20,000, \$15,000 and \$8,850, as the respective merit increases. The previous base salaries plus the merit increase set the basis for the base salaries detailed in each of the employment agreements entered into on August 1, 2007. Compensation, including base salary and bonus opportunity, for Mr. Callahan was based on a determination by the Chief Executive Officer, discussed with and approved by the Committee. 2007 base salary for Mr. Callahan was \$255,625.

2007 Bonus Plan. In addition to base salary, for 2007 each NEO was eligible for an annual cash bonus and stock options, as discussed below, under the Company's 2007 Bonus Plan (the "Bonus Plan"). Pursuant to the Bonus Plan, participants are separated into 4 groups and the eligible bonus range target and maximum are determined by group. All Company employees are eligible for cash bonuses. All NEOs are within Group 1 (Crim, Scollo, Tepe) or Group 2 (Hutto and Callahan). The Bonus Plan is administered by our Human Resources Department, with input from the Chief Executive Officer and the Committee. The Bonus Plan is established each year and bonus awards under the Bonus Plan are based on the achievement of goals and objectives established by the Committee which relate to (i) the Company's performance in such areas as return on equity, premium growth and combined ratio (ii) individual performance and, where relevant, (iii) business unit performance. The Bonus Plan is intended to structure compensation so that the bonus represents a greater percentage of overall compensation for those executives with the greatest responsibility for the Company's success. As a result, as management responsibility increases, the bonus potential increases and goals and objectives are more heavily weighted toward overall Company performance. The goals and objectives were established by the Committee in January 2007 and consisted primarily of targets for profitability, return on equity, strategic planning and operational efficiency. The Committee established goals and objectives for 2008 in January 2008. These goals and objectives for 2008 are similar to those established for 2007, with components for return on equity, premium growth and realization of certain operational efficiencies and are more specifically described below under **2008 Long Term Incentive Plan**.

Annual Cash Bonus. In accordance with the 2007 Bonus Plan, each of our NEOs are eligible to receive an annual cash bonus, in an amount to be determined by the Board of Directors. For the year ended December 31, 2007, Messrs. Crim, Scollo, Tepe, Hutto and Callahan earned cash bonuses in the amount of \$140,000, \$120,000, \$105,000, \$65,631 and \$56,328, respectively. For Messrs. Crim, Scollo and Tepe, these amounts were based 100% on the achievement of the specified corporate performance goals pursuant to the Bonus Plan. The target bonus for each of Mr. Crim, Scollo and Tepe was 34% of their respective 2007 salaries, subject to increase or decrease in the discretion of the Compensation Committee. The performance goals for 2007 were achieved at a 75% level. Messrs. Crim, Scollo, and Tepe's respective bonuses were determined by applying 75% to the target bonus to which the Committee then exercised its discretion to increase above the 75% level so that in each case the bonus paid approximated the target bonus. Mr. Hutto's target bonus was 25% of his salary, based 50% upon achievement of the corporate performance goals and 50% upon achievement of

specified personal goals. He achieved 100% of his personal goals, resulting in 50% of the target bonus, and the corporate performance goals were achieved at the 75% level, resulting in his bonus being computed at 87.5% of target. Mr. Callahan's bonus target was 25% of his salary, based 50% on corporate performance goals, 25% on his business unit goals and 25% on his personal goals. As Mr. Callahan achieved 100% of both his unit and personal goals, his bonus was computed at 87.5% of target.

Equity Compensation. The Committee believes strongly that equity-based awards are an integral part of total compensation for employees with significant responsibility for our long-term results. Incentive stock options and nonqualified stock options that are tied to corporate performance provide an effective means of delivering incentive compensation, encourage stock ownership on the part of management and align the interests of management with the interests of the shareholders. As part of our 2007 compensation program, each NEO was eligible for a stock option bonus pursuant to the Company's 2007 Incentive Stock Plan (the "2007 Plan").

The 2007 Plan was approved by our shareholders in June 2007. The 2007 Plan is intended to further the interests of the Company and its shareholders by attracting, retaining and motivating officers, employees, consultants and advisors to participate in the long-term development of the Company through stock ownership and is the successor plan to the 1998 Incentive Stock Option Plan (the "1998 Plan"). The 2007 Plan defines the incentive arrangements for eligible participants and authorizes the granting of incentive stock options, nonqualified options, restricted stock awards and other forms of equity compensation, which may be made subject to the discretion of the Committee and, for annual awards, are generally made in conjunction with the achievement of the goals and objectives detailed in the Bonus Plan as discussed above. The Committee is authorized to determine the terms and conditions of all option grants, subject to the limitations set forth in the 2007 Plan. In accordance with the terms of the 2007 Plan, the option price per share will not be less than the fair market value of the common shares on the date of grant, the term of any options granted may be no longer than ten years and there may or may not be a vesting period before any recipient may exercise any of those options. The rights of recipients receiving these stock options generally vest equally over three years, beginning with the first anniversary date of grant. However, in some instances, particularly with initial option grants to new key employees, the options vest 100% on the fifth anniversary of the grant date. Generally, the vesting of options issued under either the 1998 Plan or the 2007 Plan is accelerated in the event of a change in control of the Company. All options expire ten years from the date of grant, unless sooner exercised.

With the exception of significant promotions and new hires, we generally make these types of awards at a meeting of the Committee each year following the availability of the financial results for the prior year and prior to March 15. This timing was selected because it enables us to consider the Company's prior year performance, the performance of the potential recipients and our expectations for future years. The Committee's schedule is determined several months in advance, and the proximity of any awards to earnings announcements or other market events is coincidental. The option grants discussed below were made by the Committee in March 2008 pursuant to the 2007 Plan and based on each NEO's performance for the year ended December 31, 2007. Much like the cash bonus portion of the 2007 Plan, the 2007 Plan provides for options to be granted based on the attainment of the Company's performance goals and, in some cases, in combination with achievement of individual goals and objectives.

Messrs. Crim, Scollo and Tepe's option grants were determined by applying the 75% Company performance level to the target grant level, resulting in option grants of 10,000, 7,500 and 7,500 shares, respectively. Mr. Hutto's grant was based on the 75% achievement of the Company's performance goals and 100% achievement of his personal goals, or 87.5% of target, resulting in an option grant of 5,000 shares.

Pursuant to their employment agreements, each of Messrs. Crim, Scollo, Tepe and Hutto is eligible to participate in all Company equity plans. During 2007, Mr. Crim, Mr. Scollo, Mr. Tepe and Mr. Hutto were granted options valued at \$106,600, \$79,950, \$79,950 and \$21,320, respectively under the 1998 Plan. These grants were based on each NEO's performance in 2006 and were discretionary in nature. The options were granted on March 15, 2007 at an exercise price of \$19.05 per share and vest ratably over three years. Mr. Callahan did not receive any option grants during 2007.

2008 Long-Term Incentive Plan. In 2007, the Compensation Committee retained the Lockton Benefits Group to review the Company's compensation programs. Based on the results of this review, the Compensation Committee adopted the 2008 Long-Term Incentive Plan. Commencing with calendar 2008, the Compensation Committee has implemented this comprehensive, long-term incentive compensation program. The goal of our comprehensive compensation program is to fairly compensate our executives in a manner to be competitive with comparable employers and to align our executives' incentives with the short term operational and financial success of the Company and the long-term interests of our stockholders. Our compensation programs will support management's goal of hiring, retaining and rewarding qualified executives who embrace the Company's mission of providing innovative insurance solutions for specialty risks in underserved markets and who are committed to providing continuing value to our stockholders. All of our compensation programs are strategy-focused, competitive and, where appropriate, may include supplemental and perquisite programs.

Going forward, our executive compensation programs will be benchmarked to an industry-specific peer group and, where appropriate, to standardized insurance industry survey data. Compensation comparability will be determined using, among other organizational criteria, financial performance, organizational structure, number of employees, market capitalization and service offerings. Generally base compensation will be established at a level competitive with our defined peer group but in no event less than the 50th percentile of peer data. Total direct compensation will be targeted at the 75th percentile when targeted short and long term performance goals are achieved. Executives will be eligible for annual performance-based salary adjustments if they achieve pre-established performance goals and objectives.

Our management incentive plans are designed to be self-funding and provide participant target incentive awards that increase or decrease based on individual and company performance results. Incentive compensation will become a larger portion of an executive's total direct compensation as he or she assumes significant responsibilities and has a significant impact on the financial or operational success of the Company.

Where appropriate, executives will be selected to participate in the Company's supplemental or perquisite programs, depending upon comparable data, retention value of the executive and cost to the Company.

The 2008 Long-Term Incentive Plan is designed to compensate and retain those executives and key employees that contribute most to driving revenue and profitability. This philosophy represents a modification to prior year plans, which were more focused on title than revenue/profitability. Under the 2008 structure, the following groups will be eligible for stock awards or stock options in addition to a cash bonus:

Group 1 - Corporate executives, including Messrs. Crim, Scollo, Tepe and Hutto, with primary responsibility for overall corporate performance;

Group 2 - Operations executives with primary responsibility for performance of the Company's operating companies (U.S. and Bermuda) and employees with primary responsibility for key product lines results.

Group 1 will be eligible to receive performance based stock options tied directly to achieving established long term growth and profitability targets. Both groups will be eligible to receive restricted stock grants and annual performance-based cash bonus awards. Restricted stock awards are designed as an aid in retention of personnel and are not directly tied to performance. Restricted stock will vest 25% on each of the first and second anniversaries of the award, with the final 50% vesting on the third anniversary of the award. The stock options will vest on the third anniversary of the grant date, with the number of options that vest based on the three year results as compared to pre-established targets.

The long-term incentive payouts to be received by NEOs if they meet established targets, include the following (expressed as a value % of the participant's base salary):

GROUP	CASH BONUS	P E R F O R M A N C E	R E S T R I C T E D S T O C K
		S T O C K O P T I O N S	
1	40%	25%	15%
2	25%	N/A	10%

The Compensation Committee reserves the right to modify the bonus payout terms of the plan for select individuals deemed to contribute most to the Company's financial performance. Select NEOs, such as the Chief Executive Officer and the Chief Operations Officer, will be eligible for increased stock option grants based on the Company's long term financial performance. Any modifications to the bonus payouts as described above will be at the sole discretion of the Compensation Committee based upon recommendations made by the CEO and based on the individual's contributions to the Company's financial performance.

The performance stock options are designed to reward long term performance and will be based on achieving corporate growth and profitability targets over a three-year period as established by the Compensation Committee. Gross written premium will be the measure used for the growth target, with a 30% weighting, and return on equity will be the measure for profitability, with a 70% weighting. The weightings were established in alignment with the Company's philosophy to focus on underwriting discipline and profitability.

The cash bonus portion of the plan is designed to reward short term performance, and will be distributed based on a combination of achieving annual financial targets and established qualitative goals. The same weighting of 30%/70% (gross written premium/return on equity) for growth verses profitability will be used as respects financial targets, but a portion of the bonus will be based upon achievement of other individual qualitative goals established annually. Below is a table that describes the weightings for the annual cash bonuses:

PARTICIPANT GROUP	CORPORATE FINANCIAL GOALS	GROUP FINANCIAL GOALS	INDIVIDUAL GOALS
1	80%	N/A	20%
2	30%	50%	20%

To reward participants for achieving optimal results, leverage ratios will apply to performance bonus amounts for exceeding or missing financial targets. Thus, the leverage ratio will be multiplied across each target level equally to increase or decrease received bonus based upon the achievement of the financial target. The following leverage ratios will apply to both the cash bonus and stock option portions under the plan:

% ACHIEVED OF TARGET	LEVERAGE RATIO
120%	150%
110%	120%
100%	100%
90%	50%

The following table provides an overview of the total incentive compensation under the 2008 plan, consisting of cash bonus, performance stock options and restricted stock awards, that participants may receive depending on the level of achievement of established targets. For example, if 100% of the target is reached for the three year period, Group 1 would receive a cash bonus of 40% of salary, stock options equal to 25% of salary, and a restricted stock award equal to 15% of salary, for total incentive compensation under the 2008 plan for that year of 80% of salary:

GROUP	TARGET BONUS	BONUS AT 110% OF TARGET	BONUS AT 120% OF TARGET	BONUS AT 90% OF TARGET
1	80%	93%	112.5%	47.5%
2	35%	40%	47.5%	22.5%

Note that the information in the table above represents the total incentive compensation, including cash, restricted stock and stock options, and are expressed as a % of the participant's base salary.

In the event our financial statements are restated, the awards will be adjusted to reflect those that have been earned under the restated financial statements.

Severance Benefits. We believe that companies should provide reasonable severance benefits to certain of their employees. With respect to senior management, these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. They should also disentangle the Company from the former employee as soon as possible. We do not have a general severance plan in place but, for certain of our NEOs, severance benefits are detailed in their respective employment agreements, as detailed in the section entitled "Potential Payments Upon Termination or Change-In-Control."

Retirement Plans The Company offers its employees a "safe harbor 401(k) plan" (the "401(k) Plan"). All employees are eligible to participate in the 401(k) Plan. Participants in the 401(k) Plan may elect to defer up to 92% of their compensation each year in lieu of receiving such amount in cash. However, a participant's total deferral each year is subject to dollar limitations that are set by law. For 2007 the limit was \$15,000. This limit may be increased after 2007 for cost of living changes. In addition, participants over age 50 may elect to defer additional amounts, referred to as catch-up contributions, of up to \$5,000 in 2007. In order to maintain the safe harbor status of the 401(k) Plan, the Company contributes the total amount of each participant's salary deferrals each Plan Year and makes a safe harbor matching contribution equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's compensation and 50% of the amount between 3% and 5% of the compensation. A participant is always 100% vested in amounts attributable to his or her salary deferrals. Matching contributions vest 20% per year of service beginning with the second year of service with the Company.

Change in Control. The Company has no change in control program in place, however, each of the 1998 Plan and the 2007 Plan provides for the immediate vesting of all options in the event of a change in control of the Company. None of the current employment agreements with senior executives provide for any separate benefits in connection with a

change in control, although severance benefits are enhanced in the event of a termination after or in connection with a change-in-control, as discussed in the section entitled "Potential Payments Upon Termination or Change In Control."

Perquisites and Other Benefits. The Committee annually reviews the perquisites that senior management receives. The primary perquisites for senior management are the payment of a monthly car allowance and the payment of annual insurance premiums. The Committee believes that these perquisites are modest and appropriate.

Senior management also participates in the Company's other benefit plans on the same terms as other employees. These plans include medical and dental insurance and life insurance.

The value of perquisites and other benefits received by our NEOs for 2007 are shown in the Summary Compensation Table under the heading of "All Other Compensation."

Stock Ownership Guidelines. The Company does not have established stock ownership guidelines for any of its officers. The Company believes that its 2007 Plan awards sufficiently align the interests of its officers with those of its shareholders.

Employment Agreements. Stephen R. Crim was employed by the Company as its Chief Executive Officer pursuant to an employment agreement dated March 21, 2005, the term of which commenced on January 1, 2005. That contract was set to expire on December 31, 2007. Effective August 1, 2007, Mr. Crim executed a new employment agreement approved by the Committee (the "Crim Agreement") and superseding the March 21, 2005 agreement. The Crim Agreement provides for an initial term of three years, with automatic one year extensions unless either party gives notice of non-renewal at least 120 days prior to the expiration of the initial or then current renewal term. The Crim Agreement provides for a base salary for Mr. Crim in 2007 of \$420,000, which may be increased pursuant to a merit increase at each annual performance evaluation. In addition Mr. Crim is eligible to receive an annual cash bonus, in an amount to be determined by the Board of Directors, in accordance with and pursuant to the Company's Bonus Plan. Mr. Crim is also eligible to participate in all Company stock option plans. The Crim Agreement provides for a monthly automobile allowance of \$1,000 and up to \$25,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Crim's life. The Crim Agreement further provides that Mr. Crim will be entitled to the same perquisites and fringe benefits on a basis no less favorable than any other senior executive of the Company.

Joseph D. Scollo, Jr. is employed by the Company as its Executive Vice President and Chief Operating Officer pursuant to an employment agreement dated March 21, 2005, as subsequently amended on January 1, 2006 and January 1, 2007. The term of Mr. Scollo's employment agreement commenced on January 1, 2005 and was to continue through December 31, 2007, unless sooner terminated as provided by the employment agreement. Effective August 1, 2007, Mr. Scollo entered into a new employment agreement approved by the Committee (the "Scollo Agreement") superseding the March 21, 2005 agreement. With the exception of salary and perquisite levels, the Scollo Agreement is identical to the Crim Agreement. It provides for a 2007 base salary for Mr. Scollo of \$345,000, which may be increased pursuant to a merit increase at each annual performance evaluation. The Scollo Agreement provides

for a monthly automobile allowance of \$750 and up to \$20,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Scollo's life.

William C. Tepe was employed by the Company as its Chief Financial Officer pursuant to an employment agreement dated November 14, 2005. The term of Mr. Tepe's employment agreement commenced on November 14, 2005 and was to continue through December 31, 2007, unless sooner terminated as provided by the employment agreement. Effective August 1, 2007, Mr. Tepe entered into a new employment agreement approved by the Committee (the "Tepe Agreement") superseding the November 14, 2005 agreement. With the exception of salary and perquisite levels, the Tepe Agreement is identical to the Crim Agreement. The Tepe Agreement provides for a 2007 base salary of \$315,000 per year, which may be increased pursuant to a merit increase at each annual performance evaluation. The Tepe Agreement provides for a monthly automobile allowance of \$700 and up to \$15,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Tepe's life.

Randolph L. Hutto was employed by the Company as its Secretary and General Counsel in October 2006. Effective August 1, 2007, Mr. Hutto entered into an employment agreement approved by the Committee (the "Hutto Agreement"). With the exception of salary and perquisite levels, the Hutto Agreement is identical to the Crim Agreement. The Hutto Agreement provides for a 2007 base salary of \$308,850 per year, which may be increased pursuant to a merit increase at each annual performance evaluation. The Hutto Agreement provides for the reimbursement of up to \$6,500 of country club dues and up to \$15,000 per year in reimbursement of the premium cost of a universal life insurance policy or other mutually agreeable similar instrument on Mr. Hutto's life.

Each of the respective employment agreements provide for certain termination provisions for Messrs. Crim, Scollo, Tepe and Hutto, which are further discussed in the section entitled "Potential Payments Upon Termination or Change In Control."

Potential Payments Upon Termination or Change In Control

There are no specified payments accruing to the benefit of Mr. Callahan upon such termination as a result of a contract, agreement, plan or arrangement between Mr. Callahan and the Company. However, pursuant to Mr. Callahan's offer letter, either party may terminate the employment relationship with 6 months prior written notice, with payment in lieu of notice at the Company's discretion. The actual amounts to be paid out upon termination or change in control can only be determined at the time of such event.

For purposes of this discussion, "Executive" refers to each of Messrs. Crim, Scollo, Tepe and Hutto and:

"Change in Control" means:

(e) The failure of the Company, directly or indirectly, to own all or substantially all of the voting securities of the Company.

Notwithstanding anything in this definition to the contrary, a restructuring and/or separation of any line of business or business unit from the Company will not of itself constitute a Change in Control;

"Cause" means (i) the continued failure of Executive to perform substantially Executive's duties with the Company (other than any such failure resulting from incapacity due to physical or mental illness, and specifically excluding any failure by Executive, after reasonable efforts, to meet performance expectations), after a written demand for substantial performance is delivered to Executive by the Board which specifically identifies in detail the manner in which the Board believes that Executive has not substantially performed Executive's duties, (ii) any act of fraud, misappropriation, embezzlement or similar dishonest or wrongful act by Executive, (iii) Executive's abuse of alcohol or any substance which materially interferes with Executive's ability to perform services on behalf of the Company, (iv) Executive's conviction for, or plea of guilty or *nolo contendere* to, a felony, (v) Executive's acceptance of employment with an employer other than the Company or any affiliate or subsidiary of the Company, or (vi) Executive's conviction for any crime of moral turpitude;

“Good Reason” means (i) a reduction by the Company in Executive’s Base Salary or benefits as in effect on the Effective Date or as the same may be increased from time to time, unless a similar reduction is made in salary or benefits of substantially all senior executives of the Company (or any of its affiliates and any of their respective subsidiaries with respect to which the Company exerts control over compensation policies); (ii) the Company’s requiring Executive, without his consent, to be based at any office or location other than in the greater metropolitan area of the city in which his office is located at the Effective Date; or (iii) the Company’s changing the reporting structure so that Executive no longer reports directly to the Board;

“Poor Performance” means the failure of Executive to meet reasonable and achievable performance expectations (other than any such failure resulting from incapacity due to physical or mental illness); provided, however, that termination for Poor Performance will not be effective unless at least 30 days prior to such termination Executive has received written notice from the Board which specifically identifies the manner in which the Board believes that Executive has not met performance expectations and Executive has failed after receipt of such notice to resume the diligent performance of his duties to the satisfaction of the Board.

General Termination

Termination Due to Death, Disability or Retirement:

If any of the Executive’s employment is terminated due to his death, Disability or Retirement, his Employment Agreement will terminate without further obligation to the Executive by the Company other than for the payment of the Accrued Obligations to be paid in a lump sum within 30 days after the date of termination to the Executive or his estate or beneficiary.

Each of the NEOs has entered into a stock option agreement, in which their options cliff vest upon the fifth anniversary from the date of grant (the “Cliff-Vesting Option Agreements”). Pursuant to the Cliff-Vesting Option Agreements, if the employment of any of the NEOs is terminated due to death or disability, all the options which are not vested and exercisable shall become fully vested and exercisable as of such termination date.

Each of the NEOs also has stock option agreements, in which their options vest ratably over a 3 year period (the “3 Year Option Agreements”). Under the 3 Year Option Agreements, the NEOs are only entitled to the options which have vested at the time of termination due to death or disability. However, pursuant to their contracts, as discussed above, certain 3 Year Options held by Messrs. Crim, Scollo, Tepe and Hutto will become fully vested and exercisable upon certain terminations.

Messrs. Birdwell, Brueggen, Crim and Mueller, members of the Company's Board of Directors, are also directors of American Safety Risk Retention Group, Inc. ("ASRRG"), a non-subsiary affiliate, which is managed by American Safety Insurance Services, Inc., the Company's principal U.S. program development, underwriting and administrative services subsidiary, on a fee-for-service basis. This entity is consolidated with the Company for accounting purposes but, for purposes of independence analysis, is considered an affiliate of the Company. American Safety Risk Retention Group, Inc. is a stock captive insurance company licensed in Vermont and is authorized to write liability insurance in all 50 states as a result of the federal Risk Retention Act. The directors of American Safety Risk Retention Group, Inc. are elected annually by its shareholder/insureds. Additionally until December 31, 2007, Mr. Brueggen served as Senior Vice President of Finance of Anson Industries, Inc. Mr. Weaver is Chief Executive Officer of Specialty Systems, Inc. ASRRG, the non-subsiary affiliate, provides insurance-related products and services to each of these entities in the ordinary course of business and may in the future continue to provide insurance-related products and services to these entities.

Mark Mueller, the brother of Thomas Mueller, a member of the Company's Board of Directors, serves as an advisory director of the Company.

Pursuant to the Company's Code of Business Conduct and Ethics, all "related party transactions" involving the Company, its subsidiaries or affiliates shall be approved in advance by (a) a majority of the independent members of the Company's Board of Directors, or (b) a majority of

the members of a committee of the Company's Board of Directors consisting solely of independent directors, such as the Audit Committee or the Nominating and Corporate Governance Committee. For purposes of this discussion a "related party

transaction” is one in which the Company is a participant and that, individually or taken together with related transactions, exceeds, or is reasonably likely to exceed, \$50,000 in amount in any year and which any of the following individuals (a “covered person”) has a direct or indirect material interest:

1. any director or executive officer;
2. any nominee for election as a director;
3. any securityholder who is known by the Company to own of record or beneficially more than 5% of any class of the Company’s voting securities; or

A material interest in a transaction shall not be deemed to exist when a covered person’s interest in the transaction results from (a) the covered person’s (together with his immediate family’s) direct or indirect ownership of less than a 10% economic interest in the other party to the transaction, and/or the covered person’s service as a director of the other party to the transaction, or (b) the covered person’s pro rata participation in a benefit received by him solely as a security holder.

A transaction shall be deemed to involve the Company if it involves a vendor or partner of the Company or any of its subsidiaries and relates to the business relationship between the Company or any of its subsidiaries and that vendor or partner.

The Company is subject to the NYSE listing standards which require the Board of Directors and certain Board committees of listed companies to meet certain independence requirements. See “Corporate Governance” in Item 10 of this Form 10-K/A for disclosure regarding director independence.
