Item 8:01: Other Events

Dry Hole

During the fourth quarter, we participated in the drilling of an exploratory gas well in Michigan. Savoy Energy, of which we own a 45% interest, was the operator and also has a small interest in the well. Unfortunately on Sunday, November 14, we were notified that the well was a dry hole. Accordingly, we will incur a pre-tax expense of about \$1 million to be recognized in the fourth quarter of this year.

We do not expect to participate in any more significant exploratory drilling for the remainder of the year.
