Item 2.02 - Results of Operations and Financial Condition.

On January 22, 2018, Park National Corporation (“Park”) issued a news release (the “Financial Results News Release”) announcing financial results for the three and twelve months ended December 31, 2017. A copy of the Financial Results News Release is included as Exhibit 99.1 to this Current Report on Form 8-K and incorporated by reference herein.

Park's management uses certain non-GAAP (generally accepted accounting principles) financial measures to evaluate Park's performance. Specifically, management reviews return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per share. Management has included in the Financial Results News Release information relating to the annualized return on average tangible equity, annualized return on average tangible assets, tangible equity to tangible assets and tangible book value per share for the three months ended and at December 31, 2017, September 30, 2017 and December 31, 2016, and the twelve months ended December 31, 2017 and 2016. For purposes of calculating the annualized return on average tangible equity, a non-GAAP financial measure, net income for each period is divided by average tangible equity during the period. Average tangible equity equals average shareholders' equity during the applicable period less average goodwill during the applicable period. For the purpose of calculating the annualized return on average tangible assets, a non-GAAP financial measure, net income for each period is divided by average tangible assets during the period. Average tangible assets equals average assets during the applicable period less average goodwill during the applicable period. For the purpose of calculating tangible equity to tangible assets, a non-GAAP financial measure, tangible equity is divided by tangible assets. Tangible equity equals total shareholders' equity less goodwill, in each case at period end. Tangible assets equals total assets less goodwill, in each case at period end. For the purpose of calculating tangible book value per share, a non-GAAP financial measure, tangible equity is divided by the number of common shares outstanding at period end. Management believes that the disclosure of return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per share presents additional information to the reader of the consolidated financial statements, which, when read in conjunction with the consolidated financial statements prepared in accordance with GAAP, assists in analyzing Park's operating performance, ensures comparability of operating performance from period to period, and facilitates comparisons with the performance of Park's peer financial holding companies and bank holding companies, while eliminating certain non-operational effects of acquisitions. In the Financial Results News Release, Park has provided a reconciliation of average tangible equity to average shareholders' equity, average tangible assets to average assets, tangible equity to total shareholders' equity and tangible assets to total assets solely for the purpose of complying with SEC Regulation G and not as an indication that return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per share are substitutes for return on average equity, return on average assets, total shareholders' equity to total assets and book value per share, respectively, as determined in accordance with GAAP.

## Item 7.01 - Regulation FD Disclosure

## Financial Results by Segment

The table below reflects the net income (loss) by segment for each quarter of 2017 and for the fiscal years ended December 31, 2017, 2016 and 2015. Park's segments include The Park National Bank ("PNB"), Guardian Financial Services Company ("GFSC"), SE Property Holdings, LLC ("SEPH") and all other which primarily consists of Park as the "Parent Company."

The category "Parent Company" above excludes the results for SEPH, an entity which is winding down commensurate with the disposition of SEPH's nonperforming assets. Management considers the "Ongoing operations" results, which exclude the results of SEPH, to reflect the business of Park and Park's subsidiaries going forward. The discussion below provides additional information regarding the segments that make up the "Ongoing operations", followed by additional information regarding SEPH.

On December 22, 2017, "H.R.1," known as the "Tax Cuts and Jobs Act," was signed into law. Among other things, the Tax Cuts and Jobs Act permanently lowers the corporate federal income tax rate to 21% from the existing maximum rate of 35%, effective January 1, 2018. As a result of the reduction of the corporate federal income tax rate to 21%, U.S. generally accepted accounting principles require companies to re-value certain tax-related assets and liabilities as of the date of enactment, with the resulting tax effects accounted for in the reporting period of enactment. This re-valuation impacted Park's net deferred tax liabilities and qualified affordable housing tax credit investments. The effect of the Tax Cuts and Jobs Act was an increase to federal income tax expense at Park of \$1.2 million. A breakout of the impact to Park's segments is below.

Net income	\$24,369	\$21,297	\$20,163	\$21,486	\$87,315	\$84,451	\$84,345

Net interest income of \$235.2 million for the fiscal year ended December 31, 2017 represented a \$7.6 million, or 3.4%, increase compared to \$227.6 million for the fiscal year ended December 31, 2016. The increase was the result of a \$13.5 million increase in interest income offset by a \$5.9 million increase in interest expense.

The \$13.5 million increase in interest income was due to a \$10.1 million increase in interest income on loans, along with a \$3.4 million increase in interest income on investments. The increase in interest income on loans was largely the result of a \$208 million, or 4.1%, increase in average loans from \$5.08 billion for the fiscal year ended December 31, 2016, to \$5.29 billion for the fiscal year ended December 31, 2017. Included in interest income for the fiscal years ended December 31, 2017 and 2016 was \$233,000 and \$801,000 in interest income, respectively, related to PNB participations in legacy Vision Bank ("Vision") assets.

The \$5.9 million increase in interest expense was due to a \$5.7 million increase in interest expense on deposits, and an \$173,000 increase in interest expense on borrowings. The increase in interest expense on deposits was partially the result of a \$183 million, or 4.4%, increase in average interest-bearing deposits from \$4.16 billion for the fiscal year ended December 31, 2016, to \$4.34 billion for the fiscal year ended December 31, 2017. Additionally, the cost of deposits increased by 12 basis points from 0.32% for the fiscal year ended December 31, 2016 to 0.44% for the fiscal year ended December 31, 2017.

The provision for loan losses of \$9.9 million for the fiscal year ended December 31, 2017 represented an increase of \$7.3 million, compared to \$2.6 million for the fiscal year ended December 31, 2016. Refer to the "Credit Metrics and (Recovery of) Provision for Loan Losses" section for additional details regarding the level of the provision for loan losses recognized in each period presented above.

Other income of \$77.1 million for the fiscal year ended December 31, 2017 represented an increase of \$2.3 million, or 3.1%, compared to \$74.8 million for the fiscal year ended December 31, 2016. The \$2.3 million increase was primarily related to a \$2.3 million increase in fiduciary income, a \$741,000 increase in check card fee income, and income of \$478,000 related to proceeds from the death benefits paid from bank owned life insurance policies compared to \$40,000 of such income in 2016, offset by an \$1.6 million decrease in service charges on deposit accounts.

Other expense of \$180.3 million for the fiscal year ended December 31, 2017 represented an increase of \$2.7 million, or 1.5%, compared to \$177.6 million for the fiscal year ended December 31, 2016. The \$2.7 million increase was primarily related to a \$5.0 million increase in salaries expense, a \$750,000 increase in employee benefits expense, an \$1.6 million increase in data processing fees, an \$1.6 million increase in furniture and equipment expense, a \$580,000 increase in insurance expense, and a \$532,000 increase in professional fees and services, offset by a \$5.6 million decrease in debt prepayment penalties, an \$878,000 decrease in non-loan related losses which are included in miscellaneous expense, and a \$493,000 decrease in contribution expense.

The impact of the Tax Cuts and Jobs Act on federal income tax expense at PNB was a reduction of \$803,000.

PNB's results for the fiscal years ended December 31, 2017, 2016 and 2015 included income and expense related to participations in legacy Vision assets. The impact of these participations on particular items within PNB's income and expense for these fiscal years is detailed in the table below:

Net interest income decreased to \$2.1 million for the fiscal year ended December 31, 2017 from \$4.8 million for the fiscal year ended December 31, 2016. The decrease was largely the result of a decline in interest payments received from SEPH impaired loan relationships.

For the fiscal year ended December 31, 2017, SEPH had net recoveries of loan losses of \$3.3 million, compared to \$9.6 million for the fiscal year ended December 31, 2016.

The \$2.0 million decrease in other expense for the fiscal year ended December 31, 2017, compared to the fiscal year ended December 31, 2016, was primarily the result of a \$2.0 million decline in management and consulting fees.

The impact of the Tax Cuts and Jobs Act on federal income tax expense at SEPH was an increase of \$1.2 million.
