BHP BILLITON ANNOUNCES SALE OF HIGHLAND VALLEY COPPER AND ROBINSON MINES

BHP Billiton announced today that it had entered into agreements to sell its 33.6% interest in Highland Valley Copper ('HVC') mine and 100% interest in Robinson mine to Quadra Mining Ltd. ('Quadra') for an aggregate cash consideration of US\$91 million. The consideration is split US\$73 million for HVC and US\$18 million for Robinson, payable in full upon completion, which is targeted for February 2004.

Both transactions are subject to various conditions, including the settlement of definitive documentations and the raising of the required funds by Quadra. The HVC transaction is also subject to the existing majority partner, Teck Cominco Limited and its affiliate, Highmont Mining Company, not exercising their right of first refusal and in the event that they do, Quadra will be paid a fee.

The interest in HVC, located in British Columbia, Canada, was acquired by BHP Billiton in October 2000 when the then Billiton Plc acquired Rio Algom. Teck Cominco Limited and its affiliates own the remaining 66.4% interest. Robinson, a copper/gold mine located in Nevada, USA, has been on care and maintenance since mid-1999.
