Section 1 - Registrant's Business and Operations

Item 1.01. Entry into a Material Definitive Agreement.

Edgar Filing: CIT GROUP INC - Form 8-K

On July 19, 2005, the Company's Board of Directors approved an increase in the Company's share repurchase program, authorizing the Company to repurchase up to an aggregate of 12.5 million additional shares at an aggregate purchase price not exceeding \$500 million, in open market transactions, privately negotiated transactions or a combination thereof. Pursuant to that authorization, on July 19, 2005, the Company entered into an agreement to purchase shares of its common stock from Goldman, Sachs & Co. ("Goldman Sachs") for an aggregate purchase price of \$500 million pursuant to a private transaction in connection with an accelerated stock buyback program. Repurchased shares will be held in treasury. In addition, the Company remains authorized to repurchase from time to time up to 3.5 million shares pursuant to pre-existing authority.

The number of shares to be repurchased under the program will be generally based on the volume weighted average share price of the Company's common stock during the term of the program, subject to collar provisions that will establish minimum and maximum numbers of shares based on the volume weighted average share price over an initial hedge period (the "hedge period"). Under the terms of the program, Goldman Sachs will deliver to the Company an initial number of shares of common stock on an initial settlement date, subject to share adjustments pursuant to which the Company may receive additional shares at the conclusion of the hedge period and/or upon completion of the program. The minimum and maximum numbers of shares that the Company may repurchase pursuant to the program will not be known until conclusion of the hedge period which is expected to occur during the Third Quarter of 2005. The Company expects the program to be completed in December 2005, although in certain circumstances the completion date may be accelerated or extended.

In connection with the program, the Company expects that Goldman Sachs will purchase shares of the Company's common stock in the open-market over time. To the extent that Goldman Sachs enters into hedging transactions, it may also be expected to sell shares in the open-market over time.

Master Confirmation

The Master Confirmation dated July 19, 2005 contains the principal terms and provisions governing the program between the Company and Goldman Sachs including, but not limited to, the mechanism used to determine the additional amount of shares, if any, that may be delivered by Goldman Sachs to the Company, the required timing of delivery of the shares, the specific circumstances under which Goldman Sachs is permitted to make adjustments to valuation periods, dates and other terms that impact the amount of additional shares to be delivered, the specific circumstances under which the program may be terminated early, the right of the Company and Goldman Sachs to enter into similar transactions, including additional accelerated stock buyback arrangements or open market purchase programs, definitions of terms used throughout the Master Confirmation, and various acknowledgements, representations and warranties made by the Company and Goldman Sachs to one another, including representations related to Rule 10b5-1 and intended compliance with the Rule 10b-18 volume and timing guidelines.

Supplemental Confirmation

The Supplemental Confirmation dated July 19, 2005 sets forth the specific pricing terms and other provisions relating to the program including, but not limited to, provisions for determining the initial number of shares to be delivered by Goldman Sachs and the applicable collar, the aggregate purchase price for the repurchased shares, the period during which Goldman Sachs will establish its hedge position relating to the transaction and the termination date of the program.
