OFFER TO EXCHANGE

Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

0.675 SHARES OF COMMON STOCK

OF

NETWORKS ASSOCIATES, INC.

FOR

EACH OUTSTANDING SHARE OF CLASS A COMMON STOCK

OF

MCAFEE.COM CORPORATION

THE OFFER AND WITHDRAWAL RIGHTS WILL EXPIRE AT  
12:00 MIDNIGHT, EASTERN TIME, ON APRIL 25, 2002, UNLESS EXTENDED.

Networks Associates, Inc., through its wholly-owned subsidiary, McAfee.com Holdings Corporation, is offering to exchange 0.675 shares of its common stock for each outstanding share of Class A common stock of McAfee.com Corporation that is validly tendered and not properly withdrawn on or prior to the expiration of the offer, upon the terms and subject to the conditions specified in this prospectus and the related letter of transmittal. Based on share prices on March 15, 2002, the last trading day prior to the announcement of this offer, the exchange ratio represents a 20% premium to the closing price of McAfee.com Corporation Class A common stock on that date. In addition, as a Network Associates stockholder, you will also have an ownership interest in Network Associates' other businesses and assets.

We currently own approximately 75% of the outstanding common stock of McAfee.com Corporation. Our offer is conditioned on the tender of a sufficient number of shares of McAfee.com Class A common stock such that, after closing the offer, we would own at least 90% of the outstanding common stock of McAfee.com. Our offer is also subject to other conditions described in "Conditions of the Offer."

If the conditions to the offer are met and the offer is completed, we will own at least 90% of the outstanding common stock of McAfee.com. As soon as practicable after the completion of the offer, we will effect a short-form merger of McAfee.com and McAfee.com Holdings Corporation, unless it is not lawful to do so. If you have not validly tendered your McAfee.com shares in the offer, your shares will be exchanged in the merger for the same number of shares of Network Associates common stock that you would have received if you had tendered your shares in the offer (unless you perfect your appraisal rights under Delaware law). If the offer is completed, no further McAfee.com stockholder or board action is required for us to complete the merger. See "The Offer -- Purpose of the Offer; The Merger; Appraisal Rights." As a result of the offer and the merger, McAfee.com will become a wholly-owned subsidiary of Network Associates, the former public stockholders of McAfee.com will own shares of Network Associates common stock and McAfee.com shares will no longer trade publicly.

Network Associates common stock is listed on the New York Stock Exchange under the symbol "NET." McAfee.com Class A common stock is listed on the Nasdaq National Market under the symbol "MCAF."

### QUESTIONS AND ANSWERS ABOUT THE OFFER

The following are some of the questions that you may have as a McAfee.com stockholder and the answers to those questions. We urge you to read carefully the remainder of this prospectus and the related letter of transmittal because the information in this section is not complete. Additional important information is contained in the remainder of this prospectus and the letter of transmittal.

**Q:** Why is Network Associates making the offer?

**A:** We currently own 36,000,000 shares of McAfee.com Class B common stock. These shares represent approximately 75% of all the outstanding McAfee.com common stock. We are making this offer for the purpose of acquiring all the outstanding shares of McAfee.com's Class A common stock, none of which we

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

own, in order to recombine Network Associates and McAfee.com.

Our offer is conditioned on the tender of a sufficient number of shares of McAfee.com Class A common stock such that, after the offer is completed, we would own at least 90% of all the outstanding shares of McAfee.com common stock.

If the conditions to the offer are met and the offer is completed, as soon as practicable thereafter, we will effect a short-form merger of McAfee.com and our wholly-owned subsidiary, McAfee.com Holdings Corporation, unless it is not lawful to do so. If you have not validly tendered your McAfee.com shares in the offer, your shares will be exchanged in the merger for the same number of shares of Network Associates common stock that you would have received if you had tendered your shares in the offer (unless you perfect your appraisal rights under Delaware law). See "The Offer -- Purpose of the Offer; The Merger; Appraisal Rights" on page 31. If the offer is completed, no further McAfee.com stockholder or board action is required for us to complete the merger. As a result of the offer and the merger, McAfee.com will become a wholly-owned subsidiary of Network Associates and the former public stockholders of McAfee.com will own shares in Network Associates. McAfee.com shares will no longer trade on any public stock exchange or market.

Q: What will I receive in exchange for my shares?

A: For each outstanding share of McAfee.com Class A common stock that you validly tender and do not properly withdraw, you will receive 0.675 shares of Network Associates common stock. You will not receive any fractional Network Associates shares. Instead, the exchange agent for the offer, acting as your agent, will aggregate any fractional shares issuable and sell them for your account. The cash proceeds realized by the exchange agent on the sale of fractional shares will be distributed to you and the other tendering stockholders on a pro rata basis, net of commissions.

Q: What are Network Associates' reasons for making the offer?

A: In 1999, we undertook the initial public offering of a minority interest in McAfee.com to achieve a number of objectives, including establishing the viability of, and developing the related technology required to pursue, McAfee.com's application service provider, or ASP, business model targeted at consumers. Since March 2001, McAfee.com has also offered products and services to small to medium-sized businesses. We offer anti-virus and other products that compete with McAfee.com's products in these markets. In early 2001, we adopted a strategy to, among other things, reposition our business to better focus our product offerings and product development efforts and to eliminate overlapping objectives between our business units.

Our reasons for pursuing the offer and merger include:

- The expectation that the recombination of McAfee.com's business with ours will enhance prospects for the combined company due to:
  - the reduction or elimination of customer, market and brand confusion due to the similarity in the company products, names and Web addresses;
  - the reduction or elimination of actual and potential conflicts between the companies and their sales forces, and related senior management distraction, due to confusion over market boundaries;

iv

- the expectation that a recombined company could more effectively and

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

cost-efficiently target the consumer market and the small to medium-sized business market for ASP products and services; and

- opportunities for reduced costs;
- The recombination is consistent with our strategy of better focusing our product offerings and product development efforts and eliminating overlapping business objectives of our business units; and
- Our belief that the objectives leading to the initial public offering of McAfee.com have been largely achieved or are no longer applicable.

See "Background And Reasons For The Offer And The Merger -- Formation of McAfee.com and its IPO;" "-- Network Associates' Recent Business Focus" and "-- Network Associates' Reasons for the Offer and Merger" on pages 20 to 23.

Q: What are the potential benefits of this offer to McAfee.com stockholders?

A: We believe that this offer should be attractive to McAfee.com stockholders for the reasons described elsewhere in this prospectus as well as the following reasons:

- The exchange ratio represents a 20% premium over the closing market price of McAfee.com's share price on March 15, 2002, the last trading day prior to the public announcement of the offer, based on the per share closing market prices of \$27.61 for Network Associates and \$15.54 for McAfee.com on that date;
- The ability of McAfee.com's stockholders, through ownership of Network Associates common stock, to participate in McAfee.com's business and Network Associates' other businesses; and
- McAfee.com stockholders will receive a more liquid security. The market for McAfee.com stock is illiquid compared to the market in Network Associates' common stock. Network Associates' common stock trades on the New York Stock Exchange, with a significantly higher average daily volume than that for McAfee.com's stock.

Q: What are some of the other factors I should consider in deciding whether to tender my McAfee.com shares?

A: In addition to the factors described elsewhere in this prospectus, you should consider the following:

- McAfee.com stock has traded historically at significantly higher price-to-earnings multiples than Network Associates' common stock;
- As a stockholder of Network Associates, your interest in the performance and prospects of McAfee.com will be only indirect and in proportion to your share ownership in Network Associates. You therefore may not realize the same financial benefits of any future appreciation in the value of McAfee.com that you may realize if the offer or merger are not completed and you remain a McAfee.com stockholder; and
- Because we own approximately 75% of McAfee.com's total outstanding common stock, and approximately 90% of McAfee.com's total voting power, and we do not intend to sell our McAfee.com shares, the possibility of a third party offer to acquire McAfee.com is remote.

We describe various factors you should consider in deciding whether to tender your shares under "Risk Factors" beginning on page 6 and "Background and Reasons For The Offer and The Merger -- Other Factors To Consider Before

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Tendering Your Shares" beginning on page 24.

- Q: What percentage of Network Associates' common stock will McAfee.com stockholders receive in the offer and the merger?
- A: McAfee.com stockholders (other than Network Associates) currently own approximately 25% of McAfee.com. We anticipate that McAfee.com stockholders (other than Network Associates) will own

v

approximately 5% of Network Associates' outstanding common stock after giving effect to the offer and the merger. This assumes that approximately 145.9 million shares of Network Associates common stock are outstanding before giving effect to the offer and the merger, approximately 8.0 million shares of Network Associates common stock will be issued in the offer and the merger, no McAfee.com stockholders perfect appraisal rights and no stock options are exercised prior to the closing of the offer and the merger.

- Q: When does Network Associates expect to complete the offer and the merger?

- A: We hope to complete the offer on April 25, 2002, the scheduled expiration date. However, we may extend the offer if the conditions to the offer have not been satisfied at the scheduled expiration date or if we are required to extend the offer by the rules of the SEC. We expect to complete the merger as soon as practicable after we complete the offer.

- Q: What happens if Network Associates does not complete the offer?

- A: If we do not successfully complete the offer, your McAfee.com shares will remain outstanding, and we would expect to evaluate whether we should continue to pursue the acquisition of that portion of McAfee.com that we do not own. See "The Offer -- Conduct of Network Associates if the Offer is Not Completed."

- Q: Has Network Associates sought the approval of McAfee.com's board of directors of, or negotiated the terms of, this offer or the merger with McAfee.com or its board of directors?

- A: No. The offer is being made directly to you as a McAfee.com stockholder. Accordingly, we have neither sought the approval of McAfee.com's board of directors or any special committee of its board nor have we negotiated the terms of this offer or the merger with McAfee.com, its board of directors or any special committee of its board.

- Q: Has the McAfee.com board formed a special committee of independent directors to evaluate Network Associates' offer?

- A: Yes. The outside and independent members of McAfee.com's board have formed a special committee to evaluate our offer. The law firm of Skadden, Arps, Slate, Meagher & Flom LLP and the investment bank Morgan Stanley & Co. Inc. will assist McAfee.com and its special committee in connection with our offer.

- Q: Will McAfee.com's board of directors make a recommendation concerning the offer?

- A: Under SEC rules, the McAfee.com board is required to (a) make a recommendation for or against the offer, (b) state that it is neutral or (c) state that it is unable to take a position with respect to the offer,

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

and file with the SEC a solicitation/recommendation statement on Schedule 14D-9 describing its position, if any, and related matters, no later than ten business days from the date of this prospectus. McAfee.com is also required to send to you a copy of its Schedule 14D-9. On March 25, 2002, prior to the commencement of this offer, the McAfee.com special committee publicly indicated that it believed our offer was financially inadequate. In evaluating this offer, you should be aware that two members of the McAfee.com board are directors and/or executive officers of Network Associates. They therefore have conflicts of interest with respect to the offer and will not be participating in forming the McAfee.com board's position. In addition, McAfee.com's chief executive officer was formerly an employee of Network Associates and holds options to acquire Network Associates common stock, and holds a number of unvested options to acquire McAfee.com common stock, which depending on his ongoing employment status may accelerate in full following consummation of the offer and merger. Therefore, McAfee.com's chief executive officer may have conflicts of interest with respect to the offer and may not participate in forming the McAfee.com board's position. For additional information on interests that McAfee.com's board members and executive officers may have in the offer and the merger, see "Relationship Between McAfee.com and Network Associates -- Relationship of Directors and Executive Officers of McAfee.com with Network Associates" beginning on page 42.

vi

Q: If I decide not to tender, how will the offer affect my McAfee.com shares?

A: If you decide not to tender your McAfee.com shares in the offer and we complete the offer and the merger, you will receive in the merger the same number of shares of Network Associates common stock that you would have received if you had tendered your shares in the offer (unless you perfect your appraisal rights under Delaware law). We will effect the merger as soon as practicable after completion of the offer, unless it is unlawful to do so. See "The Offer -- Purpose of the Offer; The Merger; Appraisal Rights" on page 31.

Q: How do I participate in the offer?

A: To tender your shares, you should do the following:

- If you hold your shares in your own name, complete and sign the enclosed letter of transmittal and return it with your share certificates to EquiServe Trust Company, N.A., the exchange agent for the offer, at the appropriate address specified on the back cover of this prospectus before the expiration date of the offer.
- If you hold your shares in "street name" through a broker or other nominee, instruct such broker or nominee to tender your shares before the expiration date of the offer.

For more information about the procedures for tendering your shares in the offer, please refer to "The Offer."

Q: Will I have to pay any fees or commissions for tendering into the offer?

A: If you are the record owner of your shares and you tender your shares directly to the exchange agent, you will not have to pay any fees or commissions. If you hold your shares through a broker, bank or other nominee, and your broker tenders the shares on your behalf, your broker may charge you a fee for doing so. You should consult your broker or nominee to determine whether any charges will apply.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Q: Will I be taxed on the Network Associates shares I receive?

A: Your receipt of Network Associates common stock will be tax-free for United States federal income tax purposes. However, you will be subject to tax upon any cash received instead of fractional shares of Network Associates common stock and for cash received if you perfect appraisal rights.

Q: What do I do if I want to withdraw my shares from your offer?

A: To withdraw your shares from the offer, send a written or facsimile transmission notice of withdrawal to the exchange agent at the appropriate address specified on the back cover of this prospectus prior to the expiration date of the offer. Your notice of withdrawal must comply as to form with the requirements set forth in this prospectus. See "The Offer -- Withdrawal Rights."

Q: Have any lawsuits been filed in connection with the offer?

A: Yes. After we announced the offer, several putative class actions were filed in Delaware and California against us, McAfee.com and the directors of McAfee.com. These actions allege that the defendants have breached their fiduciary duties to McAfee.com's stockholders, by among other things, making an inadequate offer to acquire the publicly held shares of McAfee.com. We believe these lawsuits are without merit and intend to vigorously defend the cases. See "Background and Reasons for the Offer and the Merger -- Stockholder Litigation" on page 25.

Q: How will McAfee.com employee stock options be treated in connection with the offer and merger?

A: If the offer and merger are completed, McAfee.com employee stock options will be assumed by Network Associates. Holders of McAfee.com stock options will receive options to acquire Network Associates common stock with substantially similar terms based on the exchange ratio.

vii

Q: Where can I find more information about Network Associates and McAfee.com?

A: You can find more information about Network Associates and McAfee.com from various sources described under "Where You Can Find More Information."

Q: Who do I call if I have any questions on how to tender my shares of McAfee.com common stock or any other questions relating to the exchange offer?

A: Questions and requests for assistance may be directed to D.F. King & Co., Inc., the information agent of the offer at their address and telephone number set forth on the back cover of this prospectus. Requests for additional copies of this prospectus and the letter of transmittal may be directed to D.F. King & Co., Inc. or to brokers, dealers, commercial banks, trust companies or other nominees.

This summary highlights selected information from this prospectus and may not contain all of the information that is important to you. ### INTRODUCTION

We are offering to exchange 0.675 shares of Network Associates common stock for each share of McAfee.com Class A common stock validly tendered and not properly withdrawn in the offer. As a Network Associates stockholder, you will continue to participate in the ownership of McAfee.com's business and also have an ownership interest in Network Associates' other businesses. Based on share prices on March 15, 2002, the last trading day prior to the announcement of this offer, the exchange ratio represents a 20% premium to the closing price of McAfee.com Class A common stock on that date.

The purpose of the offer and the merger referred to in the following paragraph is to acquire all of the McAfee.com Class A common stock that we do not currently own. We currently own approximately 75% of the outstanding common stock of McAfee.com. Our offer is conditioned on the tender of a sufficient

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

number of shares of McAfee.com Class A common stock such that, after the offer is completed, we would own at least 90% of the outstanding shares of McAfee.com common stock.

If the conditions to the offer are met and the offer is completed, we will own at least 90% of the outstanding common stock of McAfee.com. As soon as practicable after the completion of the offer, we will effect a short-form merger of McAfee.com and our wholly-owned subsidiary, McAfee.com Holdings Corporation, unless it is not lawful to do so. If you have not validly tendered your McAfee.com shares in the offer, your shares will be exchanged in the merger for the same number of shares of Network Associates common stock that you would have received if you had tendered your shares in the offer (unless you properly perfect your appraisal rights under Delaware law). See "The Offer -- Purpose of the Offer; The Merger; Appraisal Rights." If the offer is completed, no further McAfee.com stockholder or board action is required for us to complete the merger. As a result of the offer and the merger, McAfee.com will become a wholly-owned subsidiary of Network Associates and the former public stockholders of McAfee.com will own shares in Network Associates. McAfee.com shares will no longer trade publicly.

### THE COMPANIES

Networks Associates, Inc.  
3965 Freedom Circle  
Santa Clara, California 95054  
(408) 988-3832

Network Associates is a leading supplier of network security and network management solutions. We operate through two businesses consisting of our infrastructure business and McAfee.com. Our infrastructure business is operated in six geographic regions: the United States, Europe, Japan, Canada, Asia-Pacific and Latin America.

To more effectively market our infrastructure products in our various geographic regions, we have combined complementary products into separate product groups, as follows:

- McAfee, which delivers world-class anti-virus and security products and services;
- Sniffer Technologies, which is a leader in network availability and system security products; and
- Magic Solutions, which is a leading provider of web-based service desk solutions.

In the fourth quarter of 2001, we substantially completed integrating the activities of our PGP product group into our McAfee and Sniffer product groups. Earlier in 2001, we integrated the activities of myCIO into our McAfee product group. Recently, we completed the sale of our firewall business.

Associates owns 100% of McAfee.com's Class B common stock. The Class B common stock currently represents 75% of the economic interest in, and approximately 90% of the total voting power of, McAfee.com. McAfee.com's Class B common stock is identical to its Class A common stock, except that the Class A common stock has one vote per share and the Class B common stock has three votes per share and the Class B common stock is convertible at any time into shares of Class A common stock. Neither Network Associates nor McAfee.com Holdings Corporation currently owns any shares of McAfee.com's Class A common stock. Immediately prior to the closing of this offer, Network Associates will transfer to McAfee.com Holdings Corporation its shares of McAfee.com Class B common stock and these shares will be converted into shares of McAfee.com Class A common stock.

McAfee.com Corporation

Sunnyvale, California 94085  
(408) 992-1800

McAfee.com is a security application service provider, or ASP, delivering security applications software and related services through an Internet browser. The McAfee.com applications allow users to detect and eliminate viruses on their PCs, repair their PCs from damage caused by viruses, optimize their hard drives and update their PCs' virus protection system with current software patches and upgrades. McAfee.com also offers customers access to McAfee.com Personal Firewall, McAfee.com Wireless Security Center and McAfee.com Internet Privacy Service.

Under the terms of our technology licensing agreement with McAfee.com, McAfee.com's business has historically been targeted at consumers. In March 2001, we entered into a reseller agreement with McAfee.com allowing it to expand its product offerings to businesses. McAfee.com for Business is a website serving the security needs for small and medium-sized businesses delivering managed applications services that allow businesses to provide anti-virus and firewall security for their desktop PCs.

### SUMMARY OF THE OFFER

We are offering, upon the terms and subject to the conditions set forth in this prospectus and in the related letter of transmittal, to exchange 0.675 shares of Network Associates common stock for each outstanding share of Class A common stock of McAfee.com that is validly tendered on or prior to the expiration date and not properly withdrawn.

The term "expiration date" means 12:00 midnight, Eastern Time, on April 25, 2002, unless we extend the period of time for which this offer is open, in which case the term "expiration date" means the latest time and date on which the offer, as so extended, expires.

### CONDITIONS TO THE COMPLETION OF THE OFFER

Our obligation to exchange shares of our common stock for McAfee.com shares pursuant to the offer is subject to a number of conditions described more fully under "Conditions of the Offer," including the following:

- the tender of a sufficient number of shares in the offer such that, after the offer is completed, we would own at least 90% of the outstanding Class A common stock of McAfee.com (assuming conversion of the McAfee.com Class B common stock we currently own into McAfee.com Class A common stock);

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

- the shares of Network Associates common stock to be issued in the offer and the merger having been approved for listing on the New York Stock Exchange, subject to official notice of issuance;
- the registration statement of which this prospectus is a part having been declared effective by the SEC;
- the absence of any threatened or pending litigation or other legal action relating to the offer or the merger;
- there not having occurred any material adverse change in the financial markets, any disruption in the banking system or any commencement of a war involving the United States;
- no offer to acquire Network Associates or McAfee.com (other than this offer) shall have been proposed;
- there not having occurred any event that, in our good faith judgment, resulted in an actual or threatened material adverse change in the business, condition or prospects of Network Associates or McAfee.com; and
- the absence of any event which would prevent us from effecting the merger after the completion of the offer.

We will not waive the New York Stock Exchange listing condition or the registration statement effectiveness condition of the offer. If the conditions of the offer are satisfied, or, to the extent permitted, waived, we will complete the offer and, unless it is unlawful to do so, we will effect the merger as soon as practicable thereafter.

### TIMING OF THE OFFER

Our offer is currently scheduled to expire on April 25, 2002; however, we may extend our offer from time to time as necessary until all the conditions to the offer have been satisfied or, where permissible, waived. See "The Offer -- Extension, Termination and Amendment."

### EXTENSION, TERMINATION AND AMENDMENT

We expressly reserve the right, in our sole discretion, at any time or from time to time, to extend the period of time during which our offer remains open if any condition to the offer has not been satisfied, and we can do so by giving oral notice followed by written notice of such extension to the exchange agent. If we decide to extend our offer, we will make an announcement to that effect no later than 9:00 a.m., Eastern Time, on the next business day after the previously scheduled expiration date. We are not making any assurances that we will exercise our right to extend our offer, although we may do so until all conditions have been satisfied, or where permissible, waived. During any such extension, all McAfee.com shares previously tendered and not properly withdrawn will remain subject to the offer, subject to your right to withdraw your McAfee.com shares.

Subject to the SEC's applicable rules and regulations, we also reserve the right, in our sole discretion, at any time or from time to time, (1) to delay our acceptance for exchange or our exchange of any McAfee.com shares pursuant to the offer, regardless of whether we previously accepted McAfee.com shares for exchange, or to terminate our offer and not accept for exchange or exchange any McAfee.com shares not previously accepted for exchange or exchanged, upon the failure of any of the conditions of the offer to be satisfied and (2) to waive any condition (subject to the limits on waiver described under "Conditions to the Completion of the Offer") or otherwise to amend the offer in any respect, by

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

giving oral followed by written notice of such delay, termination or amendment to the exchange agent and by making a public announcement. We will follow any extension, termination, amendment or delay, as promptly as practicable, with a public announcement. In the case of an extension, any such announcement will be issued no later than 9:00 a.m., Eastern Time, on the next business day after the previously scheduled expiration date. Subject to applicable law (including Rules 14d-4(d) and 14d-6(c) under the Securities Exchange Act of 1934, which require that any material change in the information published, sent or given to the stockholders in connection with the offer be promptly sent to stockholders in a manner reasonably designed to inform stockholders of such change) and

3

without limiting the manner in which we may choose to make any public announcement, we assume no obligation to publish, advertise or otherwise communicate any such public announcement other than by making a release to the Dow Jones News Service.

### EXCHANGE OF SHARES; DELIVERY OF NETWORK ASSOCIATES COMMON STOCK

Upon the terms and subject to the conditions of our offer, we will accept for exchange, and will exchange, shares validly tendered and not properly withdrawn as promptly as practicable after the expiration date and promptly after they are tendered during any subsequent offering period.

### WITHDRAWAL RIGHTS

McAfee.com shares tendered pursuant to the offer may be withdrawn at any time prior to the expiration date, and, unless we previously accepted them for exchange pursuant to the offer, may also be withdrawn at any time after June 1, 2002.

### PROCEDURE FOR TENDERING SHARES

To validly tender your McAfee.com shares pursuant to the offer, (1) you must complete, execute and transmit a letter of transmittal, along with any required signature guarantees, or an agent's message, in connection with a book-entry transfer, and any other required documents, to the exchange agent at one of the addresses set forth on the back cover of this prospectus and certificates for tendered McAfee.com shares must be received by the exchange agent at such address, or those McAfee.com shares must be tendered pursuant to the procedures for book-entry tender set forth in "The Offer" (and a confirmation of receipt of such tender received), in each case before the expiration date, or (2) you must comply with the guaranteed delivery procedures set forth in "The Offer -- Guaranteed Delivery."

### THE MERGER

If the conditions to the offer are met and the offer is completed, we will own at least 90% of the outstanding common stock of McAfee.com. As soon as practicable after the completion of the offer, we will effect a short-form merger of McAfee.com and McAfee.com Holdings Corporation, unless it is not lawful to do so. If you have not validly tendered your McAfee.com shares in the offer, your shares will be exchanged in the merger for the same number of shares of Network Associates common stock that you would have received if you had tendered your shares in the offer (unless you perfect your appraisal rights under Delaware law). See "The Offer -- Purpose of the Offer; The Merger; Appraisal Rights." If the offer is completed, no further McAfee.com stockholder or board action is required for us to complete the merger.

### APPRAISAL RIGHTS

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

You are not entitled to appraisal rights in connection with the offer. However, at the time of the merger, McAfee.com stockholders who did not tender their shares in the offer will have the right under Delaware law to dissent and demand appraisal rights with respect to their McAfee.com shares, if they comply with certain statutory requirements. We will send such stockholders information regarding these requirements. See "The Offer -- Purpose of the Offer; The Merger; Appraisal Rights."

### CERTAIN FEDERAL INCOME TAX CONSEQUENCES

Your receipt of Network Associates common stock in connection with the offer and the merger will be tax-free for United States federal income tax purposes. However, you will be subject to tax upon any cash received instead of fractional shares of Network Associates common stock and for cash received if you perfect appraisal rights.

4

### ACCOUNTING TREATMENT

Network Associates' acquisition of the McAfee.com minority interest shares through the offer and the merger will be accounted for using the purchase method of accounting, as prescribed by Statement of Financial Accounting Standards ("SFAS") No. 141, "Business Combinations." Accordingly, the purchase price will be allocated to the minority interest portion of the estimated fair value of identifiable net assets acquired. Any excess purchase price remaining after this allocation will be accounted for as goodwill, which will not be amortized.

The acquisition of the McAfee.com Class A common stock would not be considered material to Network Associates and, accordingly, we are not required to include pro forma financial information in this prospectus, except as provided in "Comparative Per Share Data" on page 15.

The assumption of options to purchase Class A common stock of McAfee.com by Network Associates in the merger will be accounted for under the guidance in Emerging Issues Task Force Issue Number 00-23 "Issues Related to the Accounting for Stock Compensation under APB Opinion No. 25 and FASB Interpretation No. 44," Issue Number 1. Accordingly, we will record stock-based compensation based on the intrinsic value of the Network Associates options issued. This compensation will be recorded as an expense over the remaining vesting period of the options, using the accelerated method of amortization under FASB Interpretation No. 28 "Accounting for Stock Appreciation Rights and Other Variable Stock Option or Award Plans." To the extent that the options issued are fully vested, we will record compensation expense immediately.

### RISK FACTORS

In deciding whether to tender your shares pursuant to the offer, you should carefully read this prospectus, including the risk factors, as well as the documents incorporated by reference into this prospectus. See "Risk Factors" beginning on page 6 for a more complete discussion of these and other factors to consider in connection with the offer and the merger.

5

### RISK FACTORS

In deciding whether to tender your McAfee.com shares pursuant to the offer, you should read this prospectus and the documents incorporated into this prospectus carefully. You should be aware of and consider carefully various

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

risks related to the offer and merger and the various risks that we face, in each case, including those described or incorporated by reference below. The risks described below are not the only risks. If any of the following risks occur, our business, financial condition, results of operations and cash flows could be materially adversely affected. In that case, the trading price of Network Associates common stock could decline and result in a loss of all or part of your investment.

### RISKS RELATED TO THE OFFER AND THE MERGER

BECAUSE THE NUMBER OF NETWORK ASSOCIATES SHARES THAT YOU RECEIVE IN THE OFFER IS FIXED, THE VALUE OF NETWORK ASSOCIATES SHARES AT THE TIME YOU RECEIVE THEM COULD BE LESS THAN THEIR VALUE AT THE TIME YOU TENDER YOUR MCAFEE.COM SHARES.

In the offer, each McAfee.com share will be exchanged for 0.675 shares of Network Associates common stock. This is a fixed exchange ratio. The offer does not provide for an adjustment in the exchange ratio even if there is a decrease in the market price of Network Associates common stock between the date of this prospectus and the expiration date of the offer. The market price of Network Associates common stock will likely be different on the date of the expiration of the offer than it is today because of ordinary market fluctuations as well as changes in the business, operations or prospects of Network Associates, market reactions to this offer, possible other acquisitions or dispositions by Network Associates, issuances by Network Associates of securities, general market and economic conditions and other factors. Tendering stockholders are urged to obtain current market quotations for Network Associates common stock and McAfee.com common stock. See "Comparative Per Share Prices and Dividends" on page 18.

NETWORK ASSOCIATES OWNS SEVERAL BUSINESSES IN ADDITION TO MCAFEE.COM.

As a holder of Network Associates common stock, you will be subject to the risks and liabilities inherent in Network Associates' other businesses, as well as the risks and liabilities inherent in McAfee.com's businesses. These risks and liabilities could cause Network Associates' stock price to decline.

BENEFITS OF THE COMBINATION MAY NOT BE REALIZED.

If we consummate the offer and the merger, we will integrate the two companies. A successful recombination will require, among other things, integration of Network Associates' and McAfee.com's work forces and infrastructure. We may also integrate our technologies. Since McAfee.com's initial public offering, Network Associates and McAfee.com have been independently developing their own technologies. If we integrate technologies, we may experience unanticipated difficulties and expense. Our various integration activities may not be completed as rapidly as we expect or achieve anticipated benefits. Also, management's attention may be diverted by the integration effort, which could adversely affect the combined company's businesses and results of operations.

WE MAY INCUR INTEGRATION AND RESTRUCTURING COSTS AND OTHER CHARGES.

If the offer and the merger are consummated, we may incur significant costs and other charges as a result of restructuring and integrating operations and product offerings. In addition, we expect to incur a one-time, non-cash charge of approximately \$10 million relating to the assumption of vested McAfee.com options in connection with the offer and the merger. We also expect to incur an aggregate non-cash charge of approximately \$30 million relating to the assumption of unvested McAfee.com options in connection with the offer and merger. The charge relating to unvested options will be recognized as these options vest.

YOU SHOULD BE AWARE THAT THERE EXIST CONFLICTS OF INTEREST AMONG MEMBERS OF THE MCAFEE.COM BOARD OF DIRECTORS.

Not only does Network Associates own approximately 75% of the outstanding McAfee.com stock, representing approximately 90% of the total McAfee.com voting power, but two of the five members of the McAfee.com board have current direct affiliations with Network Associates. Specifically, George Samenuk, Network Associates' chief executive officer and chairman, is chairman of McAfee.com's board of directors, and Stephen Richards, Network Associates' chief operating officer and chief financial officer, is a McAfee.com director. Srivats Sampath, chief executive officer of McAfee.com, was formerly an employee of Network Associates and holds options to purchase 150,000 shares of Network Associates common stock. By virtue of his being the chief executive officer of a material Network Associates subsidiary, Network Associates has determined Mr. Sampath to be an executive officer of Network Associates. Mr. Sampath also holds a number of unvested options to acquire McAfee.com common stock, which depending on his ongoing employment status, may accelerate in full following consummation of the offer and merger. For these reasons, the board of McAfee.com designated a special committee of its outside and independent directors to evaluate McAfee.com's options and make recommendations to McAfee.com's board of directors. See "Relationship Between McAfee.com and Network Associates -- Relationship of Directors and Executive Officers of McAfee.com with Network Associates" on page 42.

#### RISKS RELATED TO OUR BUSINESSES, INCLUDING MCAFEE.COM

Set forth below are some of the risks we face related to our business, including the business of McAfee.com. A more complete set of risk factors included in our publicly filed documents is incorporated into this prospectus by reference.

#### OUR FINANCIAL RESULTS WILL LIKELY FLUCTUATE.

We were not profitable in 2001, 2000 or 1999. In 2001, we had a net loss of \$100.7 million on net revenues of \$834.5 million, compared to a net loss of \$102.7 million on net revenues of \$745.7 million in 2000 and a net loss of \$159.9 million on net revenues of \$683.7 million in 1999.

Our revenues and operating results have varied significantly in the past. We expect fluctuations in our operating results to continue. As a result, we believe that period-to-period comparisons of our financial results should not be relied on as an indicator of our future results. Our expense levels are based in part on our expectations regarding future revenues and in the short term are relatively fixed. We may be unable to adjust our expenses in time to compensate for any unexpected revenue shortfall.

#### OPERATIONAL FACTORS

Operational factors that may cause our revenues, gross margins and operating results to fluctuate significantly from quarter to quarter include:

- volume, size and timing of new licenses and renewals of existing licenses;
- introduction of new products, product upgrades or updates by us or our competitors;
- the mix of products we sell and whether those products are sold directly by us or indirectly through distributors and whether, in the case of

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

software licenses, the licenses are time-based subscription licenses or perpetual licenses;

- costs or charges related to our acquisitions or dispositions, including our recent disposition of the Gauntlet firewall product line;
- the components of our revenue, particularly that portion attributable to our ASP/MSP subscription model, including that attributable to McAfee.com, that are deferred; and
- stock-based compensation charges and costs related to extraordinary events, including litigation and any reductions in forces.

7

### SEASONAL AND MACROECONOMIC FACTORS

Our net revenue is typically higher in the fourth quarter, as many customers complete annual budgetary cycles, and lower in the summer months when many businesses experience lower sales, particularly in the European market. In recent periods, poor economic conditions in Asia, particularly Japan, and Latin America have hurt our business. Customer concerns about weakening U.S. and global economic conditions and the uncertainties following the terrorist attacks of September 11, 2001 could also harm our business.

IT IS DIFFICULT FOR US TO ESTIMATE OPERATING RESULTS PRIOR TO THE END OF A QUARTER.

Because we do not maintain a significant level of backlog, product revenues in any quarter are dependent on contracts entered into or orders booked and shipped in that quarter. Historically, we have experienced a trend toward more product orders, and therefore, a higher percentage of revenue shipments, in the last month of a quarter. Some customers believe they can enhance their bargaining power by waiting until the end of a quarter to place their order.

WE DEPEND ON REVENUE FROM OUR FLAGSHIP ANTI-VIRUS AND SNIFFER BRANDED NETWORK MANAGEMENT PRODUCTS.

We have historically derived a majority of our net revenues from our flagship McAfee anti-virus software products and Sniffer network fault and performance management products. These products are expected to continue to account for a significant portion of our net revenues for the foreseeable future. Because of this revenue concentration, our business could be harmed by a decline in demand for, or in the prices of, these products as a result of, among other factors, any change in our pricing model, a maturation in the markets for these products or other risks described in this prospectus.

WE FACE A NUMBER OF RISKS RELATED TO OUR PRODUCT SALES THROUGH DISTRIBUTORS.

We sell a significant amount of our products through intermediaries such as distributors. Our top ten distributors typically represent approximately 37% to 42% of our net revenue in any quarter. Our largest distributor, Ingram Micro, accounted for approximately 27% of net revenue during 2001.

### LOSS OF A DISTRIBUTOR

Our distributor agreements may be terminated by either party without cause. If one of our significant distributors terminates its distribution agreement, we could experience a significant interruption in the distribution of our products.

### NEED FOR ACCURATE DISTRIBUTOR INFORMATION

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

We recognize revenue on products sold by our distributors when distributors sell our products to their customers. To determine our business performance at any point in time or for any given period, we must timely and accurately gather sales information from our distributors' information systems, at an increased cost to us. Our distributors' information systems may be less accurate or reliable than our internal systems.

### SALE OF COMPETING PRODUCTS

Our distributors may sell other vendors' products that are complementary to, or compete with, our products. While we encourage our distributors to focus on our products through market and support programs, these distributors may give greater priority to products of other suppliers, including competitors.

### PAYMENT DIFFICULTIES

Some of our distributors may experience financial difficulties, which could adversely impact our collection of accounts receivable. Our allowance for doubtful accounts was approximately \$8.4 million at December 31, 2001 and \$15.3 million at December 31, 2000. In 1999, one of our large European distributors, CHS, entered bankruptcy requiring us to record a related accounts receivable write-off of approximately \$28.7 million. Also in 1999, Pinacor, a U.S. distributor, entered bankruptcy requiring us to record a related

8

accounts receivable write-off of approximately \$6.0 million. We regularly review the collectibility and credit-worthiness of our distributors to determine an appropriate allowance for doubtful accounts. Our uncollectable accounts could exceed our current or future allowances.

WE ARE SUBJECT TO INTENSE COMPETITION IN THE NETWORK MANAGEMENT AND SECURITY MARKETS AND WE EXPECT TO FACE INCREASED COMPETITION IN THE FUTURE.

The markets for our products are intensely competitive and we expect competition to increase in the near-term. Some of our competitors have longer operating histories, greater name recognition, larger technical staffs, established relationships with hardware vendors and/or greater financial, technical and marketing resources.

### ANTI-VIRUS SOFTWARE

Our principal competitor in the anti-virus market is the Norton Product Group of Symantec. Trend Micro remains the strongest competitor in the Asian anti-virus market, with Dr. Ahn's making recent inroads, particularly in Japan and Korea. Other anti-virus competitors include numerous smaller companies and shareware authors that may in the future develop competing software or be consolidated into larger competitors.

### NETWORK SECURITY

Our principal competitors in the security market vary by product type. For firewalls, our principal competitors include CheckPoint, Symantec, and larger companies such as Cisco Systems and Microsoft. For intrusion detection products, we compete with Cisco Systems, Internet Security Systems and Symantec. The market for virtual private network, or VPN, products is highly fragmented with numerous small and large vendors. VPN competitors include hardware and software vendors, including telecommunications companies and traditional networking suppliers.

### NETWORK MANAGEMENT

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Our principal competitor in the network management market is Agilent. Other competitors include Acterna Corporation, Cisco Systems, Computer Associates, Compuware, Concord Communications, DeskTalk Systems, GN Nettest, Network Instruments, Radcom Technologies, Shomiti Systems and WildPackets.

### HELPDESK

Our principal competitors in the help desk market are Computer Associates, FrontRange Solutions and Peregrine Systems.

### OTHER COMPETITORS

We also face competition from large software companies such as Hewlett-Packard, Intel, Microsoft and Novell, which may offer network security and management products as enhancements to their operating system.

9

### FORWARD-LOOKING STATEMENTS

This prospectus contains or incorporates by reference forward-looking statements. Investors are cautioned that such forward-looking statements are subject to risks and uncertainties, including those described under "Risk Factors" on pages 6 through 9, many of which are beyond our control. Accordingly, actual results may differ materially from those expressed or implied in any such forward-looking statements. Words such as "estimate," "project," "plan," "believe," "expect," "anticipate," "intend" and similar expressions may identify forward-looking statements.

All forward-looking statements are qualified by the risks described under "Risk Factors" which, if they develop into actual events, could have a material adverse effect on the offer and the merger or on our businesses, financial condition or results of operations. In addition, investors should consider the other information contained in or incorporated by reference into this prospectus.

We are not under any obligation and do not intend to make publicly available any update or other revisions to any of the forward-looking statements contained in this prospectus to reflect circumstances existing after the date of this prospectus or to reflect the occurrence of future events even if experience or future events make it clear that any expected results expressed or implied by those forward-looking statements will not be realized. Network Associates is scheduled to report results for the quarter ending March 31, 2002, on April 11, 2002.

10

### SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA

We are providing the following information to assist you in analyzing the financial aspects of the offer and the merger. The following selected historical financial data should be read in conjunction with the historical financial statements and related notes contained in the annual, quarterly and other reports filed by Network Associates and McAfee.com with the SEC and incorporated by reference into this prospectus. See "Where You Can Find More Information."

The information for Network Associates for each of the five fiscal years in the period ended December 31, 2001 was derived from the audited consolidated financial statements included in Network Associates' Annual Reports on Form 10-K and reflects Network Associates' historical ownership interests in McAfee.com.

## McAFEE.COM SELECTED HISTORICAL FINANCIAL DATA

The following selected financial data includes the operations of McAfee.com as a separate legal entity beginning from January 1, 1999 and as part of Network Associates, on a carved out basis discussed below, for the 1997 and 1998 periods. All significant intercompany accounts and transactions have been eliminated. The divisional financial data has been derived from the historical books and records of Network Associates. The divisional financial data includes revenue and expenses directly incurred for McAfee.com, as well as charges for shared facilities, functions and services used by McAfee.com. The amounts charged for these shared costs have been calculated based on relative headcount plus 10% of such costs. Although we believe these charges are based on reasonable assumptions, they may not necessarily be indicative of the expenses that would have been incurred had McAfee.com operated as a separate, unaffiliated entity during these periods. In particular, periods prior to fiscal 1999 do not include the expenses incurred under McAfee.com's license agreement with Network Associates.

Since January 1, 1999, Network Associates has provided various management services under a corporate management services agreement between Network Associates and McAfee.com. The statement of operations includes all revenues and expenses directly attributable to McAfee.com including charges for shared facilities, functions and services used by McAfee.com and provided by Network Associates. A number of expenses, such as research and development expenses, sales and marketing expenses and general and administrative expenses, have been allocated based on Network Associates' management's estimate of the cost of services provided by them. These allocations were generally based on either a direct cost pass-through or percentage of total expenses for the services provided, based on headcount.

### FINANCIAL FORECASTS

Each of Network Associates' and McAfee.com's management regularly prepares and publicly announces financial forecasts regarding their anticipated operating results. Neither Network Associates, except as described below, nor McAfee.com has, to date, provided an update to their forecasts set forth below since their public dissemination. The forecasts were made on and as of the dates noted, and the inclusion of these forecasts in this prospectus should not be viewed as an update or a confirmation of those forecasts as of the date of this prospectus. Except to the extent required under applicable securities laws, neither Network Associates nor McAfee.com intends to make publicly available any update or other revisions to any of the forecasts to reflect circumstances existing after the date of prior public announcement of such forecasts. McAfee.com and Network Associates are expected to report results for the quarter ended March 31, 2002 on or about April 10, 2002 and April 11, 2002, respectively. At that time, they may update their previous guidance.

#### NETWORK ASSOCIATES

Set forth below are Network Associates' financial estimates for revenue and pro forma earnings per share, or EPS, for the first quarter of 2002 and calendar 2002 published by Network Associates in a press release on January 17, 2002 and subsequently reaffirmed on February 12, 2002. Guidance for pro forma EPS excludes interest expense on Network Associates' convertible debt, amortization expense, compensation charges relating to employee stock options, and one-time charges. Network Associates did not provide pro forma EPS guidance for the consolidated entity.

The above Network Associates guidance has not been adjusted to give effect to the offer or merger. If the offer and merger are completed, Network Associates expects to incur one-time charges in connection with integration and other activities and also expects to incur significant non-cash charges in connection with the assumption of vested and unvested options to acquire shares of McAfee.com common stock. See "Risk Factors -- We may incur integration and restructuring costs and other charges" on page 6.

The financial forecasts included in this prospectus have been prepared by, and are the responsibility of, Network Associates' and McAfee.com's management, as applicable. PricewaterhouseCoopers LLP has neither examined nor compiled these forecasts and accordingly, PricewaterhouseCoopers LLP does not

13

express an opinion or any other form of assurance with respect thereto. The PricewaterhouseCoopers LLP reports incorporated by reference in this prospectus relate to the historical financial statements of Network Associates and McAfee.com. The reports do not extend to Network Associates' or McAfee.com's financial forecasts set forth above and should not be read to do so.

The Network Associates and McAfee.com financial forecasts were not prepared with a view toward compliance with published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. In addition, the inclusion of the forecasts herein should not be regarded as a representation by Network Associates or McAfee.com or any other person that such forecasts are or will prove to be correct. While presented with numerical specificity, the forecasts are based on a variety of assumptions relating to the business of Network Associates and McAfee.com and are inherently subject to significant uncertainties and contingencies that are beyond the control of the management of Network Associates and McAfee.com. These include the impact of general economic and business conditions, the competitive environment in which each company operates, as well as other factors. See "Risk Factors" beginning on page 6 and "Forward-Looking Statements" on page 10. By including the forecast of McAfee.com in this document, Network Associates does not adopt that forecast.

### RECENT DEVELOPMENTS

On March 26, 2002, we announced that the staff of the SEC has commenced a "Formal Order of Private Investigation." We believe that the inquiry is focused on our accounting practices during the 2000 fiscal year, but the SEC may look at other periods. Although we cannot predict how long it will take to resolve, we will work cooperatively with the SEC staff in connection with this inquiry.

### COMPARATIVE PER SHARE DATA

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

The following table presents the Network Associates and McAfee.com historical and pro forma combined and McAfee.com pro forma equivalent per share data as of and for the twelve months ended December 31, 2001. The information presented should be read in conjunction with the historical financial statements and related notes thereto of Network Associates and McAfee.com and the selected historical financial data including the notes thereto, each incorporated by reference in or included elsewhere in this prospectus. Comparative pro forma data have been included for comparative purposes only and do not purport to be indicative of (i) the results of operations or financial position which actually would have been obtained if the offer and the merger had been completed at the beginning of the period or as of the date indicated or (ii) the results of operations or financial position which may be obtained in the future.

The McAfee.com equivalent unaudited pro forma per share data are calculated by multiplying the unaudited pro forma combined per share data by 0.675.

  - (3) Based on the stock price of Network Associates as of March 15, 2002 and the exchange ratio of 0.675 shares, we have estimated a purchase price of approximately \$220 million. For purposes of the calculation of pro forma combined net loss per share, we have performed a preliminary purchase price allocation of this purchase price and estimated a useful life for the resulting identifiable intangibles. We have estimated that approximately \$20 million will be allocated to the minority share of intangibles, primarily purchased technology, tradenames, website and customer contracts and lists, and have estimated the useful lives of these intangibles to be between 2 and 3 years. In addition, we have provided for an estimated deferred tax liability of approximately \$8 million in respect of these intangibles. Of

the total estimated purchase price, approximately \$182 million is estimated to be recorded as goodwill, which will not be subject to amortization. The purchase price and associated allocation is estimated based on facts and circumstances as of the date of this prospectus. Upon completion of the offer and merger, we will perform a more detailed purchase price allocation. We have also included within pro forma combined net loss per share an adjustment for amortization of estimated stock compensation to be recorded as a result of the assumption of McAfee.com options in the merger of approximately \$22.9 million together with an associated tax benefit of \$9.1 million. Both of these amounts will be amortized to expenses and to Network Associates' provision for income taxes over an estimated period of 30 months. Pro forma

combined net loss per share excludes an estimated stock-based compensation charge of \$10 million related to vested McAfee.com options, which will be assumed by us.

- (4) Book value per share of common stock is computed by dividing stockholders' equity by the number of shares of common stock outstanding as of December 31, 2001 of 140.7 million and of 47.5 million for Network Associates and McAfee.com, respectively. Pro forma book value per share is computed by dividing pro forma stockholders' equity by the pro forma number of shares of common stock outstanding as of December 31, 2001.

## BACKGROUND AND REASONS FOR THE OFFER AND THE MERGER

### FORMATION OF MCAFEE.COM AND ITS IPO

In December 1999, McAfee.com completed the initial public offering of approximately 17% of its total outstanding common stock at such time. McAfee.com's most significant product is the offering of McAfee anti-virus software as an ASP subscription service to consumers and, more recently, small to medium-sized businesses. Under the ASP business model, customers purchase a subscription to the online service allowing them use of the software for a period of time. In effect, customers "rent" McAfee anti-virus software rather than purchase a license to the underlying software. McAfee.com also derives significant revenue from the sale of traditional "shrink-wrapped" boxed software products, including McAfee anti-virus software, through its online store operated at [www.McAfee.com](http://www.McAfee.com). As permitted under its agreements with McAfee.com, Network Associates offers competing ASP products and services to business

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

customers and government customers and consumers. Network Associates also sells traditional boxed software products to consumers through traditional non-online distribution channels and through the Internet at [www.mcafee-at-home.com](http://www.mcafee-at-home.com).

In connection with its formation of McAfee.com, Network Associates and McAfee.com entered into a number of agreements. See "Relationship between Network Associates and McAfee.com -- Intercompany Arrangements." The most significant agreement is the technology cross-license agreement in which the parties agreed that, among other things:

- McAfee.com could utilize Network Associates' technology to offer single-user consumer licenses for products and services sold over the Internet or for Internet-based products and licensing of the technology to original equipment manufacturers, or OEMs, for sale to individual consumers; and
- Network Associates retained the right to sell "shrink-wrapped" boxed products incorporating the licensed technology through non-online distribution channels.

In March 2001, Network Associates and McAfee.com entered into reseller agreements, under which the parties agreed that McAfee.com may resell Network Associates products to business customers, except in Japan, and Network Associates may resell McAfee.com products to OEMs and end-users, including consumers, directly or through other ASPs.

Network Associates originally formed McAfee.com as a separate consumer-focused company, among other reasons, to:

- address the risk that new or existing competitors would utilize the Internet to supplant sales of Network Associates' traditional boxed software products, particularly McAfee anti-virus products;
- establish an environment specifically focused on creating the ASP business model and developing the related technology and IT infrastructure;
- provide greater operating and financial visibility for the McAfee.com business, which was expected to and did incur significant losses in 1999 and 2000 and a smaller level of losses in 2001; and
- capitalize, through continued majority ownership of McAfee.com, on the higher financial market valuations given at the time to Internet-based companies, particularly consumer-focused Internet companies.

### NETWORK ASSOCIATES' RECENT BUSINESS FOCUS

Since early 2001, we have experienced a change in senior management, added new members to our board of directors and sought to reposition our company to, among other things, better focus our product offerings and our product development efforts and eliminate overlapping objectives between our business units. Towards that end:

- in early 2001, we integrated myCIO's ASP product and service offerings into our McAfee product group, with these products now being offered as McAfee ASaP products and services;

- in the fourth quarter of 2001, we integrated some activities of our former PGP product group into our McAfee business unit; and

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

- in February 2002, we completed the sale of our Gauntlet firewall business.

### BACKGROUND AND CONTACTS

From time to time, particularly since early 2001, our senior management and board of directors have evaluated in general terms the advisability of recombining the Network Associates and McAfee.com businesses. In addition, McAfee.com's chief executive officer, Srivats Sampath, has raised with our senior management the possibility of recombining the businesses. No formal actions or proposals resulted from these evaluations or discussions.

On February 27, 2002, members of our senior management met with representatives of J.P. Morgan Securities Inc., or JPMorgan, and our outside counsel, Wilson Sonsini Goodrich & Rosati, to consider the possible recombination and the means by which it might be effected. We subsequently retained JPMorgan to act as our financial adviser in connection with the offer and merger.

Over the next several weeks, senior management continued to consult with JPMorgan and outside counsel regarding the possible recombination and senior management continued to review the merits of a recombination as compared to McAfee.com remaining a separate public company.

On March 12, 2002, Stephen Richards and Evan Collins, our and McAfee.com's chief financial officers, had a telephone conversation regarding McAfee.com's operating results. In this conversation, Mr. Collins informed Mr. Richards of McAfee.com's performance to date for the quarter ending March 31, 2002 and the factors that would affect whether McAfee.com's revenues would be consistent with McAfee.com's prior guidance. Network Associates had no subsequent conversations with McAfee.com regarding McAfee.com's anticipated first quarter performance, and McAfee.com is scheduled to announce its results for the quarter on April 10, 2002.

At a meeting of Network Associates' board of directors held on March 16, 2002, Network Associates' board of directors considered the offer and merger. Also present and providing input were members of senior management, our financial advisers, JPMorgan, and outside counsel, Wilson Sonsini Goodrich & Rosati. After deliberation and consideration of the factors described below, the offer and merger were unanimously approved by our board of directors.

On March 16, 2002, Mr. Samenuk, our chairman and chief executive officer, and the chairman of McAfee.com's board of directors, held a telephonic conversation with McAfee.com's outside directors and Mr. Sampath to inform them of the offer and merger. Shortly thereafter, Network Associates issued a press release announcing the transaction. Mr. Samenuk delivered the following letter on Network Associates letterhead to each of the McAfee.com directors who were not members of our board or management:

March 16, 2002

Board of Directors  
McAfee.com Corporation  
535 Oakmead Parkway  
Sunnyvale, California 95051

Dear McAfee.com Board of Directors:

Our Board of Directors has determined that it is desirable to recombine McAfee.com and Network Associates. We believe this step is strategically and operationally compelling. Among other things, a

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

recombination will allow for a more targeted market approach, particularly in the consumer and small to medium-sized business markets for our products, and will serve to reduce or eliminate market, customer and brand confusion due to similarities in our products, customers and Web sites.

21

Our Board of Directors has authorized us to make an exchange offer pursuant to which the public stockholders of McAfee.com will be offered 0.675 shares of common stock of Network Associates in a tax-free exchange for each outstanding share of McAfee.com Class A common stock. Based on the \$27.61 closing price of our shares on March 15, 2002, our offer represents a value of approximately \$18.64 per Class A share and a 20% premium to the closing price of McAfee.com Class A common stock on that date.

Our offer is being made directly to McAfee.com's stockholders and we believe that it should be well received by them. As noted, our offer represents a meaningful premium to your market price. Furthermore, McAfee.com stockholders, through their ownership of Network Associates common stock, will continue to participate in McAfee.com's business and will also participate in our other businesses.

Our offer is conditioned on the tender of a sufficient number of shares of McAfee.com Class A common stock such that, after the offer is completed, we would own at least 90% of the outstanding shares of McAfee.com common stock. Other conditions to the offer will be customary.

Assuming that the conditions to the offer are satisfied and that the offer is completed, we will then effect a "short form" merger of McAfee.com with a subsidiary of Network Associates as soon as practicable thereafter. In this merger, the remaining McAfee.com public stockholders will receive the same consideration as in the offer, subject to the exercise of appraisal rights, if any.

We intend to file our offering materials with the Securities and Exchange Commission and commence our exchange offer on or about March 25, 2002. Network Associates is not seeking, and as the offer is being made directly to McAfee.com's stockholders, Delaware law does not require approval of the offer from McAfee.com's Board of Directors. We, however, encourage you to consult with your outside counsel as to the obligations of McAfee.com's Board of Directors to respond to our offer under the U.S. tender offer rules. Also enclosed is a copy of the press release that will be issued in connection with the offer.

Sincerely,  
/s/ GEORGE SAMENUK  
George Samenuk  
Chairman and Chief Executive Officer

On March 18, 2002, McAfee.com announced that the board of directors of McAfee.com had formed a special committee of independent and outside directors to review and evaluate McAfee.com's options and make recommendations to the McAfee.com board of directors.

On March 25, 2002 and prior to the commencement of the offer, the McAfee.com special committee publicly indicated that it believed our offer is inadequate from a financial point of view. Our offer, however, is being made

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

directly to you as a McAfee.com stockholder. Under Delaware law no approval of McAfee.com, its board of directors or any special committee of its board is required and our offer is not contingent on the receipt of any such approval. Within 10 business days of the date of this prospectus, the McAfee.com board of directors must file with the SEC and mail to McAfee.com stockholders a Schedule 14D-9 setting forth its formal position with respect to our offer.

On March 26, 2002, we announced that the staff of the SEC has commenced a "Formal Order of Private Investigation." We believe the inquiry is focused on our accounting practices during the 2000 fiscal year, but the SEC may look at other periods. Although we cannot predict how long it will take to resolve, we intend to work cooperatively with the SEC staff in connection with this inquiry.

On March 29, 2002, we commenced the offer.

22

### NETWORK ASSOCIATES' REASONS FOR THE OFFER AND MERGER

At its meeting on March 16, 2002, our board of directors unanimously approved the offer and merger. In reaching its conclusion, our board of directors considered, among others, the following factors:

- the offer and merger would further our strategy of better focusing our product offerings and product development efforts and eliminating overlapping objectives between our business units;
- the expectation that McAfee.com's business could be efficiently integrated with Network Associates' business, which would enhance prospects for the combined company due to, among other factors, the following:
  - the reduction or elimination of customer, market and brand confusion due to the similarity in the companies, products, names and Web addresses;
  - the reduction or elimination of actual and potential conflicts between the companies and their sales forces, and related senior management distraction, due to confusion over market boundaries;
  - the expectation that a recombined company could more effectively and cost-efficiently address the consumer market and the small to medium-sized business market for ASP products and services; and
  - opportunities for reduced costs;
- the belief that McAfee.com had established the viability of the ASP business model and that it was no longer necessary for McAfee.com to remain a separate company;
- the exchange ratio and the premium reflected therein;
- the potential conflicts of interest arising out of the offer and merger, see "Relationship Between Network Associates And McAfee.com -- Relationship of Directors and Executive Officers of McAfee.com with Network Associates;"
- the ability of McAfee.com's stockholders, through ownership of Network Associates common stock, to participate in McAfee.com's business and Network Associates' other businesses;

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

- McAfee.com's financial and operating results;
- the offer and merger will be tax-free to McAfee.com's stockholders;
- the terms and conditions of the offer;
- the financial analysis provided by JPMorgan and the opinion of JPMorgan delivered to Network Associates' board of directors that, subject to the various factors, assumptions and limitations set forth in its opinion, the exchange ratio in the offer made to the McAfee.com stockholders was fair, from a financial point of view, to Network Associates;
- the expected dilution to 2002 operating results for the consolidated entity as a result of the offer and merger; and
- the factors described below under "Other Factors to Consider Before Tendering Your Shares."

The foregoing discussion of the information and factors considered by our board of directors is not intended to be exhaustive, but includes the material factors considered. In view of the variety of factors considered in connection with its evaluation of the offer and merger, our board of directors did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination to approve the offer and merger. In addition, individual directors may have given differing weights to different factors.

23

### OTHER FACTORS TO CONSIDER BEFORE TENDERING YOUR SHARES

In determining whether or not to tender your McAfee.com shares in the offer, you should consider the following factors, in addition to the risk factors and other factors identified in this document. See "Risk Factors" beginning on page 6.

#### NETWORK ASSOCIATES BUSINESS CONSIDERATIONS.

- Combining the businesses and operations of Network Associates and McAfee.com should result in operational efficiencies and cost savings that we believe could not be achieved by McAfee.com remaining a stand-alone public company.
- Because of the greater breadth of Network Associates' operations and product lines, Network Associates should experience less volatility in revenues and earnings than McAfee.com.
- Network Associates was not profitable in 2001, 2000 or 1999. In 2001, Network Associates had a net loss of \$100.7 million on net revenues of \$834.5 million.

#### NETWORK ASSOCIATES STOCK AND MARKET CONSIDERATIONS.

- Stockholders of Network Associates have an ownership interest in a larger and more diversified company than McAfee.com.
- Network Associates is actively covered by a number of members of the analyst community. McAfee.com has more limited independent analyst coverage.
- The market for McAfee.com stock is illiquid compared to the market in

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Network Associates stock. Network Associates' common stock trades on the New York Stock Exchange, and the average daily trading volume for Network Associates stock is significantly greater than the average daily volume for McAfee.com stock.

- Network Associates' stock is highly volatile and has traded as high as \$30.50 per share and as low as \$5.94 per share in the last 52 weeks.
- Because Network Associates owns approximately 75% of the outstanding McAfee.com common stock, representing approximately 90% of the total voting power, and does not intend to sell its McAfee.com shares, the possibility of a third party offer to acquire McAfee.com is remote.

### McAFEE.COM BUSINESS CONSIDERATIONS.

- Since its formation, McAfee.com has experienced significant growth in its revenues and subscriber base. However, in recent periods, McAfee.com's revenue growth and subscriber growth have begun to slow. In the third and fourth quarter of 2001, new subscribers acquired by McAfee.com exceeded 200,000 and 125,000, respectively. Growth in consumer subscribers often corresponds to significant virus outbreaks and security scares, such as those that occurred in the third quarter of 2001.
- McAfee.com has never been profitable on an annual basis, and as of December 31, 2001, McAfee.com had incurred accumulated losses of \$61.5 million. However, for 2001, McAfee.com had a net loss of \$854,000.

### McAFEE.COM STOCK AND MARKET CONSIDERATIONS.

- McAfee.com's stock is highly volatile and has traded as high as \$42.69 per share and as low as \$4.95 per share in the last 52 weeks.
- As a Network Associates stockholder, your interest in the performance and prospects of McAfee.com will be indirect and in proportion to your relative holdings of Network Associates stock. Accordingly, you may not realize the same financial benefit of future appreciation in the enterprise value of McAfee.com that you would if McAfee.com remained a separate company and you remained a McAfee.com stockholder.

24

- McAfee.com stock has often traded historically at higher price-to-earnings multiples than the stock of Network Associates.

### JPMORGAN OPINION

Pursuant to an engagement letter dated March 5, 2002, we retained JPMorgan to act as our financial advisor, including rendering an opinion to our board of directors as to the fairness to Network Associates, from a financial point of view, of the exchange ratio in the offer made to the stockholders of McAfee.com. At the March 16, 2002 meeting of our board of directors, JPMorgan rendered to our board an oral opinion, which was confirmed in writing as of the same date, to the effect that as of that date and based upon and subject to the assumptions, qualifications and limitations set forth in the written opinion, the exchange ratio made to the stockholders of McAfee.com in the offer and merger was fair to us, from a financial point of view. The full text of JPMorgan's opinion is attached as Exhibit 99.9 to the registration statement of which this prospectus is a part.

### STOCKHOLDER LITIGATION

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Following the announcement of the offer, several putative class action lawsuits were filed in the Court of Chancery in the State of Delaware, New Castle County, against Network Associates, McAfee.com and the directors of McAfee.com, alleging that defendants have breached their fiduciary duties to McAfee.com stockholders by, among other things, making an inadequate offer to acquire the publicly-held stock of McAfee.com. The cases are captioned Stephen Bank v. McAfee.com Corp., et al., Case No. C.A. 19481-NC; Ezra Birnbaum v. Srivats Sampath, et al., Case No. C.A. 19482-NC; Carl Brown v. Srivats Sampath, et al., Case No. C.A. 19483-NC; Adrian Chin v. McAfee.com Corp., et al., Case No. C.A. 19484-NC; Elizabeth Ebner v. Srivats Sampath, et al., Case No. C.A. 19487-NC; and Nick Monastero v. Srivats Sampath, et al., Case No. C.A. 19485-NC. A putative class action lawsuit was also filed on or about March 19, 2002 in the Superior Court of the State of California, County of Santa Clara, against Network Associates and various officers and directors of Network Associates and McAfee.com, asserting allegations substantially similar to those filed in the Delaware Court of Chancery. The California action is captioned Justin Peyton, On Behalf of Himself and All Others Similarly Situated v. Stephen C. Richards, et al., Case No. CV806199. Each of these cases seeks declaratory, injunctive and other relief as permitted by law and equity. We believe that these lawsuits are without merit and intend to vigorously defend the cases.

The description of these actions is qualified in its entirety by reference to the allegations in the related complaints, which we have filed with the SEC and which we incorporate by reference into this prospectus.

### THE OFFER

#### GENERAL

Network Associates, through its wholly-owned subsidiary, McAfee.com Holdings Corporation (which is sometimes referred to as "McAfee.com Holdings"), is offering, upon the terms and subject to the conditions described in this prospectus and the related letter of transmittal, to exchange 0.675 shares of Network Associates common stock for each outstanding share of McAfee.com Class A common stock validly tendered on or prior to the expiration date and not properly withdrawn. As a Network Associates stockholder, you will also have an ownership interest in Network Associates' other businesses. The exchange ratio represents a 20% premium over the closing market price of McAfee.com's share price on March 15, 2002, the last trading day prior to the public announcement of the offer, based on the per share closing market prices of \$27.61 for Network Associates and \$15.54 for McAfee.com on that date.

Our obligation to exchange shares of Network Associates common stock for McAfee.com shares pursuant to the offer is subject to several conditions referred to below under "Conditions of the Offer."

The term "expiration date" means 12:00 midnight, Eastern Time, on April 25, 2002, unless we extend the period of time for which the offer is open, in which case the term "expiration date" means the latest time and date on which the offer, as so extended, expires. We may provide for a "subsequent offering period" (as provided for in Rule 14d-11 under the Securities Exchange Act of 1934, or the "Exchange Act") after the expiration of the offer.

If you are the record owner of your McAfee.com shares and you tender your shares directly to the exchange agent, you will not be obligated to pay any charges or expenses of the exchange agent or any brokerage commissions. If you own your shares through a broker or other nominee, and your broker tenders the shares on your behalf, your broker may charge you a fee for doing so. You should consult your broker or nominee to determine whether any charges will apply.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

We will, as soon as practicable after consummation of the offer, cause McAfee.com and McAfee.com Holdings to merge, unless it is not lawful to do so. In the merger, each remaining outstanding share of McAfee.com Class A common stock (except for shares held in the treasury of McAfee.com, shares that we own and shares held by any stockholder properly exercising appraisal rights) will be converted into the right to receive the same number of shares of Network Associates common stock that you would have received if you had tendered your shares in the offer. See "-- Purpose of the Offer; The Merger; Appraisal Rights." If the offer is completed, no further McAfee.com stockholder or board action is required for us to complete the merger. If the offer and merger are completed, McAfee.com employee stock options will be assumed by Network Associates. Holders of McAfee.com stock options will receive options for Network Associates stock. See "-- McAfee.com Stock Options."

As of March 15, 2002, there were 11,790,998 shares of McAfee.com Class A common stock and 36,000,000 shares of McAfee.com Class B common stock outstanding. As of the date of this prospectus, Network Associates owns no shares of McAfee.com Class A common stock, and all outstanding shares of McAfee.com Class B common stock, which is convertible into an equal number of shares of Class A common stock at our option at any time. Based on this information and the number of shares of Network Associates common stock outstanding as of March 15, 2002, if the offer and the merger are completed, the historical McAfee.com stockholders (other than Network Associates) would receive approximately 5% of the outstanding shares of Network Associates common stock.

### TIMING OF THE OFFER

The offer is currently scheduled to expire on April 25, 2002; however, we may extend the offer from time to time as necessary until all conditions to the offer have been satisfied or waived. See "-- Extension, Termination and Amendment."

26

### EXTENSION, TERMINATION AND AMENDMENT

We expressly reserve the right, in our sole discretion, at any time or from time to time, to extend the period of time during which our offer remains open if any condition to the offer has not been satisfied, and we can do so by giving oral or written notice of such extension to the exchange agent. If we decide to extend our offer, we will make an announcement to that effect no later than 9:00 a.m., Eastern Time, on the next business day after the previously scheduled expiration date. We are not making any assurances that we will exercise our right to extend our offer, although we may do so until all conditions have been satisfied or, where permissible, waived. During any such extension, all McAfee.com shares previously tendered and not properly withdrawn will remain subject to the offer, subject to your right to withdraw your McAfee.com shares. See "-- Withdrawal Rights."

Subject to the SEC's applicable rules and regulations, we also reserve the right, in our sole discretion, at any time or from time to time, (1) to delay our acceptance for exchange or our exchange of any McAfee.com shares pursuant to the offer or to terminate our offer and not accept for exchange or exchange any McAfee.com shares, upon the failure of any of the conditions of the offer to be satisfied prior to the expiration of the offer and (2) to waive any condition (subject to the limits on waiver described under "Conditions of the Offer") or otherwise to amend the offer in any respect, by giving oral followed by written notice of such delay, termination or amendment to the exchange agent and by making a public announcement. We will follow any extension, termination, amendment or delay, as promptly as practicable, with a public announcement. In

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

the case of an extension, any such announcement will be issued no later than 9:00 a.m., Eastern Time, on the next business day after the previously scheduled expiration date. Subject to applicable law (including Rules 14d-4(d) and 14d-6(c) under the Exchange Act, which require that any material change in the information published, sent or given to the stockholders in connection with the offer be promptly sent to stockholders in a manner reasonably designed to inform stockholders of such change) and without limiting the manner in which we may choose to make any public announcement, we assume no obligation to publish, advertise or otherwise communicate any such public announcement other than by making a release to the Dow Jones News Service.

We confirm to you that if we make a material change in the terms of the offer or the information concerning the offer, or if we waive a material condition of the offer, we will extend the offer to the extent required under the Exchange Act. If, prior to the expiration date, we decrease the percentage of McAfee.com shares being sought or increase or decrease the consideration offered to holders of McAfee.com shares, such increase or decrease will be applicable to all holders whose McAfee.com shares are accepted for exchange pursuant to the offer, and if, at the time notice of any such increase or decrease is first published, sent or given to holders of McAfee.com shares, the offer is scheduled to expire at any time earlier than the tenth business day from and including the date that such notice is first so published, sent or given, the offer will be extended until the expiration of such ten business day period. For purposes of the offer, a "business day" means any day other than a Saturday, Sunday or a federal holiday and consists of the time period from 12:01 a.m. through 12:00 midnight, Eastern Time.

### EFFECT OF TERMINATION OF THE OFFER

In the event that we decide to terminate the offer prior to consummation of the offer, the effect of such a termination would be that we would not accept for exchange or exchange any McAfee.com shares, including any shares that may have been tendered for exchange prior to such termination date and McAfee.com would remain a separate, publicly traded company.

### EXCHANGE OF MCAFEE.COM SHARES; DELIVERY OF NETWORK ASSOCIATES COMMON STOCK

Upon the terms and subject to the conditions of the offer (including, if the offer is extended or amended, the terms and conditions of any such extension or amendment), Network Associates will cause McAfee.com Holdings to accept for exchange, and will cause McAfee.com Holdings to exchange, McAfee.com shares validly tendered and not properly withdrawn promptly after the expiration date. In addition, subject to applicable rules of the SEC, we expressly reserve the right to delay acceptance of or the exchange of

27

McAfee.com shares in anticipation of receipt of any required governmental or regulatory approvals or similar matters.

For purposes of the offer, McAfee.com Holdings will be deemed to have accepted for exchange McAfee.com shares validly tendered and not properly withdrawn, if and when it notifies the exchange agent of its acceptance of the tenders of those McAfee.com shares pursuant to the offer. The exchange agent will deliver the Network Associates common stock in exchange for McAfee.com shares pursuant to the offer and cash instead of fractional shares of Network Associates common stock as soon as practicable after receipt of McAfee.com Holdings' notice. The exchange agent will act as agent for tendering stockholders for the purpose of receiving Network Associates common stock from McAfee.com Holdings and transmitting such stock to you.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

If Network Associates causes McAfee.com Holdings not to accept any tendered McAfee.com shares for exchange pursuant to the terms and conditions of the offer for any reason, or if certificates are submitted for more McAfee.com shares than are tendered, Network Associates will cause McAfee.com Holdings to return certificates for such unexchanged McAfee.com shares without expense to the tendering stockholder or, in the case of McAfee.com shares tendered by book-entry transfer of such McAfee.com shares into the exchange agent's account at The Depository Trust Company (which we refer to as the "DTC") pursuant to the procedures set forth below under "-- Procedure for Tendering," those McAfee.com shares will be credited to an account maintained within DTC promptly following expiration or termination of the offer.

### CASH INSTEAD OF FRACTIONAL SHARES OF NETWORK ASSOCIATES COMMON STOCK

Network Associates will not issue certificates representing fractional shares of Network Associates common stock pursuant to the offer. The exchange agent, acting as agent for McAfee.com stockholders otherwise entitled to receive fractional shares of Network Associates common stock, will aggregate all fractional shares and sell them for the accounts of such stockholders. The proceeds realized by the exchange agent upon the sale of such fractional shares will be distributed, net of commissions, to such stockholders on a pro rata basis. Such cash payments will be made through the exchange agent if the related shares of McAfee.com common stock are tendered to the exchange agent or, if such shares are tendered through DTC. NONE OF THE EXCHANGE AGENT, NETWORK ASSOCIATES, McAfee.COM HOLDINGS CORPORATION OR THE INFORMATION AGENT WILL GUARANTEE ANY MINIMUM PROCEEDS FROM THE SALE OF SHARES OF NETWORK ASSOCIATES COMMON STOCK, AND NO INTEREST WILL BE PAID ON ANY SUCH PROCEEDS.

### WITHDRAWAL RIGHTS

McAfee.com shares tendered pursuant to the offer may be withdrawn at any time prior to the expiration date, and, unless we previously accepted them for exchange pursuant to the offer, may also be withdrawn at any time after June 1, 2002.

For your withdrawal to be effective, the exchange agent must receive from you a written or facsimile transmission notice of withdrawal at one of its addresses set forth on the back cover of this prospectus, and your notice must include your name, address, social security number, the certificate number(s) and the number of McAfee.com shares to be withdrawn as well as the name of the registered holder, if it is different from that of the person who tendered those McAfee.com shares.

An eligible institution (as defined below) must guarantee all signatures on the notice of withdrawal, unless the McAfee.com shares to be withdrawn have been tendered for the account of any eligible institution. Most banks, savings and loan associations and brokerage houses are able to effect these signature guarantees for you. An "eligible institution" is a financial institution that is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Signature Program or the Stock Exchange Medallion Program. If McAfee.com shares have been tendered pursuant to the procedures for book-entry tender as set forth below under "Procedure for Tendering," any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn McAfee.com shares and must otherwise comply with DTC's procedures. If certificates have been delivered or otherwise identified to the exchange

agent, the name of the registered holder and the serial numbers of the particular certificates evidencing the McAfee.com shares withdrawn must also be furnished to the exchange agent, as stated above, prior to the physical release

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

of the certificates. We will decide all questions as to the form and validity (including time of receipt) of any notice of withdrawal, in our sole discretion, and our decision shall be final and binding.

Neither we, the exchange agent, the information agent nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any such notification. Any McAfee.com shares properly withdrawn will be deemed not to have been validly tendered for purposes of the offer. However, you may retender withdrawn McAfee.com shares by following one of the procedures described under "-- Procedure for Tendering" or "-- Guaranteed Delivery" at any time prior to the expiration date.

### PROCEDURE FOR TENDERING

For you to validly tender McAfee.com shares pursuant to the offer, (1) a properly completed and duly executed letter of transmittal, together with any required signature guarantees, or an agent's message in connection with a book-entry transfer, and any other required documents, must be transmitted to and received by the exchange agent at one of its addresses set forth on the back cover of this prospectus and either (x) certificates for tendered McAfee.com shares must be received by the exchange agent at such address or (y) such McAfee.com shares must be tendered pursuant to the procedures for book-entry tender set forth below (and a confirmation of receipt of such tender received (we refer to this confirmation below as a "book-entry confirmation")), in each case before the expiration date, or (2) you must comply with the guaranteed delivery procedure described below.

The term "agent's message" means a message, transmitted by DTC to, and received by, the exchange agent, and forming a part of a book-entry confirmation, which states that DTC has received an express acknowledgment from the participant in DTC tendering the McAfee.com shares which are the subject of the book-entry confirmation, that the participant has received and agrees to be bound by the terms of the letter of transmittal and that we may enforce that agreement against the participant.

The exchange agent will establish accounts with respect to the McAfee.com shares at DTC for purposes of the offer within two business days after the date of this prospectus, and any financial institution that is a participant in DTC may make book-entry delivery of the McAfee.com shares by causing DTC to transfer such McAfee.com shares into the exchange agent's account in accordance with DTC's procedures for such transfer. However, although delivery of McAfee.com shares may be effected through book-entry at DTC, the letter of transmittal (or a manually signed facsimile of such document), with any required signature guarantees, or an agent's message in connection with a book-entry transfer, and any other required documents, must, in any case, be transmitted to and received by the exchange agent at one or more of its addresses specified on the back cover of this prospectus prior to the expiration date, or the guaranteed delivery procedures described below must be followed.

Signatures on all letters of transmittal must be guaranteed by an eligible institution, except in cases in which McAfee.com shares are tendered either by a registered holder of McAfee.com shares who has not completed the box entitled "Special Issuance Instructions" on the letter of transmittal or for the account of an eligible institution.

If the certificates for McAfee.com shares are registered in the name of a person other than the person who signs the letter of transmittal, the certificates must be endorsed or accompanied by appropriate stock powers, in either case signed exactly as the name or names of the registered owner or owners appear on the certificates, with the signature(s) on the certificates or stock powers guaranteed in the manner we have described above.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

THE METHOD OF DELIVERY OF McAfee.COM SHARE CERTIFICATES AND ALL OTHER REQUIRED DOCUMENTS, INCLUDING DELIVERY THROUGH DTC, IS AT YOUR OPTION AND RISK, AND THE DELIVERY WILL BE DEEMED MADE ONLY WHEN ACTUALLY RECEIVED BY THE EXCHANGE AGENT. IF DELIVERY IS BY MAIL, WE

29

RECOMMEND REGISTERED MAIL WITH RETURN RECEIPT REQUESTED, PROPERLY INSURED. IN ALL CASES, YOU SHOULD ALLOW SUFFICIENT TIME TO ENSURE TIMELY DELIVERY.

TO PREVENT BACKUP FEDERAL INCOME TAX WITHHOLDING WITH RESPECT TO CASH RECEIVED IN LIEU OF FRACTIONAL SHARES PURSUANT TO OUR OFFER, YOU MUST PROVIDE THE EXCHANGE AGENT WITH YOUR CORRECT TAXPAYER IDENTIFICATION NUMBER AND CERTIFY WHETHER YOU ARE SUBJECT TO BACKUP WITHHOLDING OF FEDERAL INCOME TAX BY COMPLETING THE SUBSTITUTE FORM W-9 INCLUDED IN THE LETTER OF TRANSMITTAL. SOME STOCKHOLDERS (INCLUDING, AMONG OTHERS, ALL CORPORATIONS) ARE NOT SUBJECT TO THESE BACKUP WITHHOLDING REQUIREMENTS. SEE "MATERIAL FEDERAL INCOME TAX CONSEQUENCES."

### GUARANTEED DELIVERY

If you wish to tender your McAfee.com shares pursuant to the offer and your certificates are not immediately available or you cannot deliver the certificates and all other required documents to the exchange agent prior to the expiration date or cannot complete the procedure for book-entry transfer on a timely basis, your McAfee.com shares may nevertheless be tendered, so long as all of the following conditions are satisfied:

- (1) you make your tender by or through an eligible institution;
- (2) a properly completed and duly executed notice of guaranteed delivery, substantially in the form made available by us, is received by the exchange agent as provided below on or prior to the expiration date; and
- (3) the certificates for all tendered McAfee.com shares (or a confirmation of a book-entry transfer of such securities into the exchange agent's account at DTC as described above), in proper form for transfer, together with a properly completed and duly executed letter of transmittal (or a manually signed facsimile of such document), with any required signature guarantees (or, in the case of a book-entry transfer, an agent's message) and all other documents required by the letter of transmittal are received by the exchange agent within three NYSE trading days after the date of execution of such notice of guaranteed delivery.

You may deliver the notice of guaranteed delivery by hand or transmit it by facsimile transmission or mail it to the exchange agent and must include a guarantee by an eligible institution in the form set forth in that notice.

In all cases, Network Associates will cause McAfee.com to exchange Network Associates shares for McAfee.com shares tendered and accepted for exchange pursuant to the offer only after timely receipt by the exchange agent of certificates for McAfee.com shares (or timely confirmation of a book-entry transfer of such securities into the exchange agent's account at DTC as described above), properly completed and duly executed letter(s) of transmittal, or an agent's message in connection with a book-entry transfer, and any other required documents.

McAFEE.COM STOCK OPTIONS

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

At the time of the merger, all options to purchase shares of McAfee.com Class A common stock will become options to purchase Network Associates common stock with the same terms and vesting as existed prior to the merger. Holders of McAfee.com stock options will receive options to acquire Network Associates common stock with substantially similar terms based on the exchange ratio.

### EFFECT OF TENDER

By executing a letter of transmittal as set forth above, you irrevocably appoint our designees as your attorneys-in-fact and proxies, each with full power of substitution, to the full extent of your rights with respect to your McAfee.com shares tendered and accepted for exchange by us and with respect to any and all other

30

McAfee.com shares and other securities issued or issuable in respect of the McAfee.com shares on or after March 25, 2002. Such appointment is effective, and voting rights will be affected, when and only to the extent that McAfee.com Holdings (or Network Associates acting on behalf of McAfee.com Holdings) accepts for exchange the McAfee.com shares that you have tendered with the exchange agent. All such proxies shall be considered coupled with an interest in the tendered McAfee.com shares and therefore shall not be revocable. Upon the effectiveness of such appointment, all prior proxies given by you will be revoked, and no subsequent proxies may be given (and, if given, will not be deemed effective). Our designees will, with respect to the McAfee.com shares for which the appointment is effective, be empowered, among other things, to exercise all of your voting and other rights as they, in their sole discretion, deem proper at any annual, special or adjourned meeting of McAfee.com stockholders, by written consent in lieu of any such meeting or otherwise. We reserve the right to require that, in order for McAfee.com shares to be deemed validly tendered, immediately upon our exchange of such McAfee.com shares, we must be able to exercise full voting rights with respect to such McAfee.com shares.

We will determine all questions as to the validity, form, eligibility (including time of receipt) and acceptance for exchange of any tender of McAfee.com shares, in our sole discretion, and our determination shall be final and binding. We reserve the absolute right to reject any and all tenders of McAfee.com shares determined by us not to be in proper form or the acceptance of or exchange for which may, in the opinion of our counsel, be unlawful. Subject to the applicable rules and regulations of the SEC, we also reserve the absolute right to waive any of the conditions of the offer (other than any conditions the failure to satisfy which would prevent us from effecting the merger), or any defect or irregularity in the tender of any McAfee.com shares. No tender of McAfee.com shares will be deemed to have been validly made until all defects and irregularities in tenders of McAfee.com shares have been cured or waived. Neither we, the exchange agent, the information agent, nor any other person will be under any duty to give notification of any defects or irregularities in the tender of any McAfee.com shares or will incur any liability for failure to give any such notification. Our interpretation of the terms and conditions of the offer (including the letter of transmittal and instructions thereto) will be final and binding.

The tender of McAfee.com shares pursuant to any of the procedures described above will constitute a binding agreement between you and us upon the terms and subject to the conditions of the offer.

### PURPOSE OF THE OFFER; THE MERGER; APPRAISAL RIGHTS

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

### PURPOSE OF THE OFFER AND THE MERGER

We are making the offer to acquire all of the outstanding shares of McAfee.com common stock not owned by us. We intend, as soon as practicable after completion of the offer, to contribute the shares of McAfee.com Class B common stock that we own to McAfee.com Holdings, to cause McAfee.com Holdings to convert these shares for an equal number of McAfee.com Class A common stock and to merge McAfee.com Holdings and McAfee.com. The purpose of the merger is to acquire all publicly-held McAfee.com shares not tendered and exchanged pursuant to the offer. In the merger, each then outstanding McAfee.com share (except for shares held in the treasury of McAfee.com, shares that we own and shares held by any stockholder properly exercising appraisal rights) would be converted into the right to receive the same number of shares of Network Associates common stock that you would have received if you had tendered your shares in the offer.

### OTHER POSSIBLE PURCHASES OF MCAFEE.COM SHARES

If the offer is successfully completed, we will own at least 90% of the outstanding McAfee.com common stock. If the offer is not completed or, after the offer is completed but prior to the effective date of the merger, or for any other reason, we own less than 90% of the outstanding McAfee.com common stock, we may acquire additional shares of McAfee.com Class A common stock in the open market or in privately negotiated transactions to the extent required for Network Associates to own 90% or more of McAfee.com's outstanding common stock. These open market or privately negotiated purchases would be made at market prices or privately negotiated prices at the time of purchase, which may be higher or lower than the offer price. In such

31

event, we will effect a short-form merger of McAfee.com into McAfee.com Holdings as soon as practicable after we have increased our ownership to at least 90% of the outstanding McAfee.com common stock.

### THE MERGER

Assuming the conditions to the offer are satisfied or waived and the offer is completed, we can consummate the merger without any additional vote of the holders of our common stock or any vote of McAfee.com stockholders under Section 253 of the Delaware General Corporation Law because we would own at least 90% of the Class A common stock of McAfee.com (assuming conversion of our McAfee.com Class B common stock into Class A common stock). We currently intend to complete the offer as soon as the conditions to the offer are satisfied, and we will consummate the merger as soon as practicable after the offer is completed.

### APPRAISAL RIGHTS

Under Delaware law, McAfee.com stockholders do not have appraisal rights in connection with the offer. However, McAfee.com stockholders do have appraisal rights in connection with the merger under Delaware law. McAfee.com stockholders at the time of the merger will have the right to dissent and demand appraisal of their McAfee.com shares. Dissenting stockholders who comply with certain statutory procedures will be entitled to receive judicial determination of the fair value of their McAfee.com shares and to receive payment of such fair value in cash, together with a rate of interest, if any. This discussion is qualified in its entirety by reference to Section 262 of the Delaware General Corporation Law, which contains the Delaware appraisal statute. A copy of this provision is attached to this document as Annex A. If you fail to take any action required by Delaware law, your rights to an appraisal may be waived or terminated.

### NOTIFICATION OF MERGER'S EFFECTIVENESS

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Either before the effective time of the merger or within ten days thereafter, McAfee.com will send notice of the effectiveness of the merger and the availability of appraisal rights to each person who is a stockholder of record of McAfee.com (other than Network Associates or its subsidiaries) at the time of the notice.

### ELECTING APPRAISAL RIGHTS

To perfect appraisal rights, the record holder of McAfee.com common stock must, within 20 days after the date of mailing of such notice, deliver a written demand for appraisal to McAfee.com. This demand must reasonably inform McAfee.com of the identity of the holder of record and that the stockholder demands appraisal of his, her or its shares of McAfee.com common stock.

A demand for appraisal must be delivered to: Corporate Secretary, McAfee.com Corporation, 535 Oakmead Parkway, Sunnyvale, California 94085.

### ONLY RECORD HOLDERS MAY DEMAND APPRAISAL RIGHTS

Only a record holder of McAfee.com common stock is entitled to demand appraisal rights. The demand must be executed by or for the record holder, fully and correctly, as the holder's name appears on the holder's stock certificates.

- If the McAfee.com common stock is owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, the demand should be executed in that capacity.
- If the McAfee.com common stock is owned of record by more than one person, as in a joint tenancy or tenancy in common, the demand should be executed by or for all owners.
- An authorized agent, including one or two or more joint owners, may execute the demand for appraisal for a holder of record. The agent must identify the owner or owners of record and expressly disclose the fact that, in executing the demand, the agent is acting as agent for the owner or owners of record.

32

- A holder of record, such as a broker, who holds common stock as nominee for beneficial owners, may perfect a holder's right of appraisal with respect to common stock held for all or less than all of such beneficial owners. In that case, the written demand should set forth the number of shares of common stock held for all or less than all of such beneficial owners. In that case, the written demand should set forth the number of shares of common stock covered by the demand. If no number of shares of common stock is expressly mentioned, the demand will be presumed to cover all shares of common stock registered in the name of the record holder.

### COURT PETITION MUST BE FILED

Within 120 days after the effective time of the merger, the surviving corporation in the merger or any stockholder who has satisfied the foregoing conditions may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the McAfee.com common stock. Stockholders seeking to perfect appraisal rights should initiate all necessary action to perfect their rights within the time periods prescribed by Delaware law.

### APPRAISAL PROCEEDING BY DELAWARE COURT

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

If a petition for an appraisal is timely filed, after a hearing on the petition, the Delaware Court of Chancery will determine which of the stockholders are entitled to appraisal rights. The court will appraise the common stock owned by the stockholders and determine its fair value. In determining fair value, the court may consider any generally accepted valuation techniques, but will exclude the element of value arising from the accomplishment and expectation of the merger. The court will also determine the amount of interest, if any, to be paid upon the value of the common stock to the stockholders entitled to appraisal.

The value determined by the court for McAfee.com common stock could be more than, less than, or the same as the merger consideration, but the form of the consideration payable as a result of the appraisal proceeding would be cash. The court may also order that all or a portion of any stockholder's expenses incurred in connection with an appraisal proceeding, including reasonable attorney's fees and expenses and reasonable fees and expenses of experts utilized in the appraisal proceeding, be charged against the value of all common stock entitled to appraisal.

### EFFECT OF APPRAISAL DEMAND ON VOTING AND RIGHT TO DIVIDENDS

Any stockholder who has duly demanded an appraisal in compliance with Delaware law will not, after the effective time of the merger, be entitled to vote the shares subject to the demand for any purpose. The shares subject to the demand will not be entitled to dividends or other distributions, other than those payable or deemed to be payable to stockholders of record as of a date prior to the effective time.

### LOSS, WAIVER OR WITHDRAWAL OF APPRAISAL RIGHTS

Holders of McAfee.com common stock lose the right to appraisal if no petition for appraisal is filed within 120 days after the effective time of the merger. A stockholder will also lose the right to an appraisal by delivering to the surviving corporation a written withdrawal of such stockholder's demand for an appraisal, provided, however, that any attempt to withdraw that is made more than 60 days after the effective time requires the written approval of the surviving corporation. If appraisal rights are not perfected or a demand for appraisal rights is timely withdrawn, a stockholder will be entitled to receive the consideration otherwise payable pursuant to the merger, without interest. The number of shares of Network Associates common stock, and cash instead of a fraction of a share of Network Associates common stock, delivered to such stockholder will be based on the same exchange ratio utilized in the offer and the merger, regardless of the market price of Network Associates shares at the time of delivery.

### DISMISSAL OF APPRAISAL PROCEEDING

If an appraisal proceeding is timely instituted, such proceeding may not be dismissed as to any stockholder who has perfected a right of appraisal without the approval of the court.

### CERTAIN LEGAL AND REGULATORY MATTERS

General. Except as set forth in this prospectus, we are not aware of any material filing, approval or other action by or with any governmental authority or administrative or regulatory agency that would be required for our acquisition or ownership of McAfee.com shares. We intend to make all required filings under the Securities Act of 1933 and the Securities Exchange Act of 1934.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

State Takeover Laws. A number of states have adopted takeover laws and regulations which purport, to varying degrees, to be applicable to attempts to acquire securities of corporations which are incorporated in such states or which have substantial assets, stockholders, principal executive offices or principal places of business therein. We have not attempted to comply with state takeover statutes in connection with the offer. We reserve the right to challenge the validity or applicability of any state law allegedly applicable to the offer, and nothing in this prospectus nor any action taken in connection herewith is intended as a waiver of that right. In the event that it is asserted that one or more takeover statutes apply to the offer, and it is not determined by an appropriate court that such statute or statutes do not apply or are invalid as applied to the offer, as applicable, we may be required to file certain documents with, or receive approvals from, the relevant state authorities, and we might be unable to accept for payment or purchase shares tendered pursuant to the offer or be delayed in continuing or consummating the offer. In such case, we may not be obligated to accept for purchase, or pay for, any shares tendered. See "Conditions of the Offer -- Other Conditions of the Offer" below.

McAfee.com is incorporated under the laws of the State of Delaware. In general, Section 203 of the DGCL prevents an "interested stockholder" (including a person who owns or has the right to acquire 15% or more of a corporation's outstanding voting stock) from engaging in a "business combination" (defined to include mergers and certain other actions) with a Delaware corporation for a period of three years following the time such person becomes an interested stockholder unless, among other exceptions, the "business combination" is approved by the board of directors of such corporation prior to such time. However, as permitted under the DGCL, McAfee.com has opted out of the applicability of Section 203 of the DGCL in its certificate of incorporation.

### FINANCING OF THE OFFER AND THE MERGER

The securities required to consummate the offer and the merger are available from Network Associates' authorized but unissued shares. Fees and expenses in connection with the offer and the merger are estimated to be approximately \$3.0 million, including the SEC filing fee and the fees of the information agent, the exchange agent, financial advisors, the financial printer, counsel, accountants and other professionals. We will obtain all of such funds from Network Associates' available capital resources.

### PLANS FOR MCAFEE.COM

Although we have no current plans to make any significant changes at this time, following the completion of the offer and the merger, we expect to review McAfee.com and its assets, corporate structure, capitalization, operations, property, management, personnel and policies to determine what changes, if any, are desirable or appropriate to better organize, integrate and coordinate its businesses with those of Network Associates. We may in the future also consider transactions such as acquisitions or dispositions of material assets, formation of alliances, joint ventures or other forms of cooperation with third parties or other extraordinary transactions affecting McAfee.com or its operations.

### CONDUCT OF NETWORK ASSOCIATES IF THE OFFER IS NOT COMPLETED

If the offer is not completed, because the minimum condition or another condition is not satisfied or waived, we expect to evaluate whether we should continue to pursue the acquisition of that portion of McAfee.com not owned by us. In particular, we may consider:

- engaging in open market or privately negotiated purchases of McAfee.com Class A shares, at market prices or privately negotiated prices which may be higher or lower than the offer price, to increase our

ownership to at least 90% of McAfee.com's total outstanding common stock and then effecting a short-form merger of McAfee.com into McAfee.com Holdings;

- proposing a long-form merger agreement with McAfee.com, which would require the approval of McAfee.com's board of directors; or
- keeping McAfee.com as a separate publicly traded company, in which case you would receive no Network Associates stock for your Class A common stock.

If we were to pursue any of these alternatives, subject to your ability to make public trades, it may take considerably longer for you to receive consideration, if any, for your McAfee.com shares.

#### CONDITIONS OF THE OFFER

Notwithstanding any other provision of the offer, and without prejudice to Network Associates' and McAfee.com Holdings' other rights, neither Network Associates nor McAfee.com Holdings will be required to accept for exchange or, subject to any applicable rules of the SEC, exchange any shares of McAfee.com common stock, and Network Associates and McAfee.com Holdings may terminate, extend or amend the offer if, at the expiration date, any of the following offer conditions have not been satisfied or, to the extent permitted, waived. We will not waive the New York Stock Exchange, or "NYSE," listing and registration statement effectiveness conditions.

#### MINIMUM TENDER CONDITION

There must be validly tendered and not properly withdrawn prior to the expiration of the offer a number of McAfee.com shares which, together with the McAfee.com shares we currently own (which will be converted into Class A common stock of McAfee.com), will constitute at least 90% of the total number of outstanding shares of Class A common stock of McAfee.com as of the date that McAfee.com Holdings accepts the McAfee.com shares for exchange pursuant to the offer. As of March 15, 2002, there were 11,790,998 shares of McAfee.com Class A common stock outstanding and 3,418,824 shares of McAfee.com Class A common stock were issuable pursuant to outstanding employee stock options. Assuming that no additional shares of McAfee.com common stock are issued prior to the expiration of the offer (whether upon exercise of employee stock options or otherwise), we believe that the minimum tender condition would be satisfied if at least an aggregate of 7,011,899 shares of McAfee.com Class A common stock are validly tendered pursuant to the offer and not properly withdrawn.

#### NYSE LISTING OF NETWORK ASSOCIATES COMMON STOCK

Our offer is conditioned upon the shares of Network Associates common stock which will be issued to the McAfee.com stockholders in the offer and the merger being approved for listing on the NYSE, subject to official notice of issuance.

#### REGISTRATION STATEMENT EFFECTIVENESS

Our offer is conditioned upon the registration statement on Form S-4 of which this prospectus is a part being declared effective under the Securities Act of 1933, as amended, and not being subject to any stop order suspending its

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

effectiveness or any proceedings seeking a stop order.

### OTHER CONDITIONS OF THE OFFER

Our offer is also subject to the conditions that, at the time of the expiration date of the offer, none of the following shall have occurred and be continuing which, in our good faith judgment, regardless of the circumstances, makes it impossible or inadvisable to proceed with the offer or the merger:

(a) There shall have been (1) any action, proceeding or litigation, pending or threatened, seeking to enjoin, make illegal or otherwise prevent or materially delay consummation of the offer or the merger or otherwise relating in any manner to the offer or the merger instituted before any court or other regulatory or administrative authority, or (2) any order, stay, judgment or decree issued by any court, government, governmental authority or other regulatory or administrative authority and be in effect, or any statute, rule, regulation, governmental order or injunction proposed, enacted, enforced or deemed applicable to the offer, any of which would or might restrain, prohibit or delay consummation of, or alter or otherwise affect, the offer or the merger or materially impair the contemplated benefits of the offer or the merger to Network Associates;

(b) There shall have occurred (and the adverse effect of such occurrence shall, in the good faith judgment of Network Associates, be continuing) (1) any general suspension of trading in, or limitation on prices for, securities on any national exchange or in the over-the-counter market in the United States, (2) any extraordinary or material adverse change in U.S. financial markets generally, including, without

36

limitation, a decline of at least 20% in either the Dow Jones average of industrial stocks or the Standard & Poor's 500 Index from March 29, 2002, (3) a declaration of a banking moratorium or any suspension of payments in respect of banks in the United States, (4) any limitation (whether or not mandatory) by any governmental entity on, or any other event that would reasonably be expected to materially adversely affect, the extension of credit by banks or other lending institutions, (5) a commencement of a war or armed hostilities or other national or international calamity directly or indirectly involving the United States, which would reasonably be expected to affect materially and adversely (or to delay materially) the consummation of the offer or the merger, or (6) in the case of any of the foregoing existing at the time of the commencement of the offer, a material acceleration or worsening thereof;

(c) Any tender or exchange offer with respect to some or all of the outstanding Network Associates common stock or the McAfee.com Class A common stock (other than this offer), or a merger, acquisition or other business combination proposal for Network Associates or McAfee.com (other than this offer and the merger), shall have been proposed, announced or made by any person or entity;

(d) There shall have occurred any event or events that have resulted, in the good faith judgment of Network Associates, an actual or threatened material adverse change in the business, condition (financial or other), income, operations, stock ownership or prospects of Network Associates and its subsidiaries, taken as a whole, or of McAfee.com and its subsidiaries, taken as a whole; and

(e) There shall have occurred or be in existence any other event, circumstance or condition which, in the good faith judgment of Network

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Associates, would prevent McAfee.com Holdings or McAfee.com from effecting the merger following the completion of the offer.

The foregoing conditions are solely for our benefit and we may assert them regardless of the circumstances giving rise to any such conditions. We may also, in our reasonable discretion, waive these conditions in whole or in part (subject to the limitations on waiver described in the first paragraph of this section). The determination as to whether any condition has been satisfied shall be conclusive and binding on all parties. The failure by us at any time to exercise any of the foregoing rights shall not be deemed a waiver of any such right and each such right shall be deemed a continuing right which may be asserted at any time and from time to time prior to the expiration of the offer.

37

### MATERIAL FEDERAL INCOME TAX CONSEQUENCES

The following are the material United States federal income tax consequences of the offer and the merger. This discussion is based on the Internal Revenue Code of 1986, as amended, applicable Treasury regulations, administrative interpretations and court decisions as in effect as of the date of this prospectus, all of which may change, possibly with retroactive effect.

This discussion only addresses persons who hold their McAfee.com shares as capital assets. It does not address all aspects of federal income taxation that may be relevant to a McAfee.com stockholder in light of that stockholder's particular circumstances or to a McAfee.com stockholder subject to special rules, such as:

- a stockholder who is not a citizen or resident of the U.S.;
- a stockholder that is a foreign corporation, foreign estate or foreign trust;
- a financial institution or insurance company;
- a tax-exempt organization;
- a dealer or broker in securities;
- a stockholder that holds its McAfee.com stock as part of a hedge, appreciated financial position, straddle or conversion transaction; or
- a stockholder who acquired its McAfee.com stock pursuant to the exercise of options or otherwise as compensation.

In the opinion of Wilson Sonsini Goodrich & Rosati, P.C., the offer and the merger will be treated for federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. This opinion is based on representations made by Network Associates and on the assumption that the offer and the merger will be consummated in the manner described in this prospectus.

The consequences of treatment of the offer and the merger as a reorganization are that, for U.S. federal income tax purposes:

- A holder of McAfee.com common stock will not recognize any gain or loss upon that stockholder's exchange of its shares of McAfee.com common stock for shares of Network Associates common stock in the offer or the merger.
- To the extent that a holder of McAfee.com common stock receives cash

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

instead of a fractional share of Network Associates common stock, the holder will be required to recognize gain or loss, measured by the difference between the amount of cash received instead of that fractional share and the portion of the tax basis of that holder's shares of McAfee.com common stock allocable to that fractional share of Network Associates common stock. This gain or loss will be capital gain or loss, and will be long-term capital gain or loss if the holding period for the share of McAfee.com common stock is more than one year as of the expiration date for the offer or the effective time of the merger, as applicable.

- A holder of McAfee.com common stock will have a tax basis in the Network Associates common stock received in the offer or the merger equal to (1) the tax basis of McAfee.com common stock surrendered by that holder, less (2) any tax basis of the McAfee.com common stock surrendered that is allocable to any fractional share of Network Associates common stock for which cash is received.
- The holding period for shares of Network Associates common stock received in exchange for shares of McAfee.com common stock in the offer or the merger will include the holding period for the shares of McAfee.com common stock surrendered in the merger.

The exchange agent will be required to withhold 30% of any cash payment in lieu of fractional shares to which a McAfee.com stockholder is entitled pursuant to the offer or the merger, unless such stockholder provides the stockholder's tax identification number (social security number or employer identification number) and certifies that such number is correct, or unless an exemption from backup withholding applies. Each holder of McAfee.com stock will need to complete and sign the form W-9 that will be included in the

38

transmittal letter to avoid backup withholding, unless the holder can establish in a manner satisfactory to the exchange agent that an exemption applies.

The foregoing discussion is intended to provide only a general summary of the material federal income tax consequences of the offer and the merger, and is not a complete analysis or description of all potential federal income tax consequences of the offer and the merger. This discussion does not address tax consequences that may vary with, or are contingent on, individual circumstances. In addition, it does not address any non-income tax or any foreign, state, or local tax consequences of the offer and the merger. Accordingly, Network Associates urges each McAfee.com stockholder to consult his or her own tax advisor to determine the particular United States federal, state or local or foreign income or other tax consequences to him or her of the offer and the merger.

39

### CERTAIN EFFECTS OF THE OFFER; EXCHANGE ACT REGISTRATION

Following the completion of the offer but before the completion of the merger, the liquidity and market value of the remaining shares of McAfee.com common stock held by the public and the rights of the holders of those shares may be adversely affected.

The shares of McAfee.com Class A common stock are currently traded on the Nasdaq National Market. Depending on the number of shares of McAfee.com Class A common stock exchanged pursuant to the offer, the shares of McAfee.com Class A common stock may no longer meet the Nasdaq requirements for continued listing on

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

the National Market System. It is possible that the McAfee.com common stock would continue to trade in the over-the-counter market and that price quotations would be reported by other sources. The extent of the public market for the McAfee.com common stock and the availability of such quotations would, however, depend upon the number of holders of the McAfee.com common stock remaining at such time, the interests in maintaining a market in the McAfee.com stock on the part of securities firms, the possible termination of registration of the McAfee.com common stock under the Exchange Act, as described below, and other factors.

Shares of McAfee.com common stock are "margin securities" under the regulations of the Federal Reserve Board, which has the effect, among other things, of allowing brokers to extend credit on the collateral of such shares. Depending on factors similar to those described above with respect to listing and market quotations, following consummation of the offer the shares of McAfee.com common stock may no longer constitute "margin securities" for the purposes of the Federal Reserve Board's margin regulations, in which event the shares of McAfee.com common stock would not be eligible to be used as collateral for margin loans made by brokers.

McAfee.com common stock is currently registered under the Exchange Act. McAfee.com may terminate that registration upon application to the SEC if the outstanding shares of McAfee.com common stock are not listed on a national securities exchange and if there are fewer than 300 holders of record of shares of McAfee.com common stock. Network Associates currently intends to seek to cause McAfee.com to terminate the registration of McAfee.com's Class A common stock under the Exchange Act as soon after the consummation of the offer or merger as the requirements for termination of registration are met.

Termination of registration of McAfee.com common stock under the Exchange Act would reduce the information McAfee.com must furnish its stockholders and to the SEC and would make certain provisions of the Exchange Act, such as the short-swing profit recovery provisions of Section 16(b) and the requirement of furnishing a proxy statement in connection with stockholders' meetings pursuant to Section 14(a) and the related requirement of furnishing an annual report to stockholders, no longer applicable with respect to the shares. Furthermore, the ability of "affiliates" of McAfee.com and persons holding "restricted securities" of McAfee.com to dispose of such securities pursuant to Rule 144 under the Securities Act may be impaired or eliminated. If registration of the shares of McAfee.com common stock under the Exchange Act were terminated, the shares of McAfee.com common stock would no longer be eligible for Nasdaq National Market reporting or for continued inclusion on the Federal Reserve Board's list of "margin securities."

After the completion of the merger, shares of McAfee.com Class A common stock will no longer be publicly traded or listed on any stock exchange. In addition, the registration of the McAfee.com shares and the related reporting obligations under the Exchange Act will be terminated upon application to the SEC.

40

### FEEES AND EXPENSES

We have retained JPMorgan to provide certain financial advisory services in connection with the offer and the merger. JPMorgan will receive customary compensation for such services and will be reimbursed for reasonable out-of-pocket expenses incurred in performing its services, including reasonable fees and expenses for legal counsel. We have agreed to indemnify JPMorgan and related persons and entities against liabilities in connection with its services, including liabilities under the federal securities laws.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

We have retained D.F. King & Co., Inc. to act as information agent in connection with the offer. The information agent may contact McAfee.com stockholders by mail, telephone, fax, electronic mail and personal interviews and may request brokers, dealers and other nominee stockholders to forward the offer materials to beneficial owners of shares of McAfee.com common stock. D.F. King will be paid reasonable and customary fees for such services, plus reimbursement of reasonable out-of-pocket expenses, and we will indemnify D.F. King against certain liabilities and expenses in connection with the offer, including liabilities under federal securities laws.

In addition, we have retained EquiServe Trust Company, N.A. as exchange agent. We will pay EquiServe Trust Company reasonable and customary compensation for its services in connection with the offer and the merger, will reimburse it for its reasonable out-of-pocket expenses and will indemnify it against certain liabilities and expenses in connection with the offer, including liabilities under federal securities laws.

### ACCOUNTING TREATMENT

Network Associates' acquisition of the McAfee.com minority interest through the offer and merger will be accounted for using the purchase method of accounting, as prescribed by Statement of Financial Accounting Standards ("SFAS") No. 141, "Business Combinations." Accordingly, the purchase price will be allocated to the minority interest portion of the estimated fair value of identifiable net assets acquired. Any excess purchase price remaining after this allocation will be accounted for as goodwill, which will not be amortized.

The acquisition of the McAfee.com Class A common stock would not be considered material to Network Associates and, accordingly, we are not required to include pro forma financial information in this prospectus, except as provided in "Comparative Per Share Data" on page 15.

The assumption of options to purchase Class A common stock of McAfee.com by Network Associates in the merger will be accounted for under the guidance in Emerging Issues Task Force Issue Number 00-23 "Issues Related to the Accounting for Stock Compensation under APB Opinion No. 25 and FASB Interpretation No. 44," Issue Number 1. Accordingly, we will record stock-based compensation based on the intrinsic value of the Network Associates options issued. This compensation will be recorded as an expense over the remaining vesting period of the options, using the accelerated method of amortization under FASB Interpretation No. 28 "Accounting for Stock Appreciation Rights and Other Variable Stock Option or Award Plans." To the extent that the options issued are fully vested, we will record compensation expense immediately.

41

### RELATIONSHIP BETWEEN McAFEE.COM AND NETWORK ASSOCIATES

Network Associates owns 100% of the outstanding shares of McAfee.com Class B common stock, which currently represents approximately 90% of McAfee.com's total voting power. Each share of Class B common stock is convertible, at Network Associates' option at any time, into one share of McAfee.com Class A common stock. By virtue of its ownership of Class B common stock, Network Associates currently owns approximately 75% of McAfee.com's total outstanding common stock.

### RELATIONSHIP OF DIRECTORS AND EXECUTIVE OFFICERS OF McAFEE.COM WITH NETWORK ASSOCIATES

Mr. George Samenuk, chairman of McAfee.com's board of directors, also

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

serves as chairman of Network Associates' board of directors and chief executive officer of Network Associates. As of March 15, 2002, Mr. Samenuk owned no shares or options to acquire shares of McAfee.com common stock. As of that date, he owned 403,000 shares of Network Associates common stock and options exercisable within 60 days to acquire 947,000 shares of Network Associates common stock.

Mr. Stephen Richards, a director of McAfee.com, also serves as chief operating officer and chief financial officer of Network Associates. As of March 15, 2002, Mr. Richards owned no shares or options to acquire shares of McAfee.com common stock. As of that date, he owned 25,000 shares of Network Associates common stock and options exercisable within 60 days to acquire 600,000 shares of Network Associates common stock.

In addition, as of March 15, 2002, the following directors and executive officers of Network Associates (other than Srivats Sampath) beneficially own shares of McAfee.com common stock: Gene Hodges, our president, holds options to acquire 2,500 shares of McAfee.com common stock. See "Stock Ownership of Management and Certain Beneficial Owners -- Network Associates."

Mr. Srivats Sampath, a McAfee.com director and chief executive officer of McAfee.com, was employed by Network Associates prior to joining McAfee.com in December 1998. As of March 15, 2002, Mr. Sampath held options to acquire 150,000 shares of Network Associates common stock. By virtue of his being the chief executive officer of a material Network Associates subsidiary, Network Associates has determined Mr. Sampath to be an executive officer of Network Associates. As of March 15, 2002, Mr. Sampath owned 9,394 shares of McAfee.com common stock and options exercisable within 60 days to acquire 633,333 shares of McAfee.com common stock. As of that date, he also owned options to acquire an additional 316,667 shares of McAfee.com common stock. See "Stock Ownership of Management and Certain Beneficial Owners -- McAfee.com."

Mr. Evan Collins, McAfee.com's chief financial officer, was employed by Network Associates prior to joining McAfee.com in 1999. As of March 15, 2002, Mr. Collins has options to acquire 7,393 shares of Network Associates common stock. As of March 15, 2002, Mr. Collins owned no shares of McAfee.com common stock and options exercisable within 60 days to acquire 29,374 shares of McAfee.com common stock. As of that date, he also owned options to acquire an additional 150,000 shares of McAfee.com common stock. See "Stock Ownership of Management and Certain Beneficial Owners -- McAfee.com."

Mr. Sampath and Mr. Collins have each entered into a change of control agreement related to their McAfee.com employment. If prior to or within 12 months of a change of control of McAfee.com, which includes Network Associates' acquisition of all or substantially all outstanding McAfee.com common stock, the executive is terminated other than for "cause" or the executive voluntarily terminates his employment for "good reason" (each as defined in the change of control agreement), then, among other things, the executive is entitled to the following benefits:

- salary and a pro-rated portion of the executive's target bonus for the year through the date of termination;
- 12 months of total earnings (salary and targeted bonus);
- all McAfee.com options granted to the executive become fully vested and exercisable; and
- continued health care benefits for up to one year from termination.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Mr. Samenuk, together with McAfee.com's two independent directors, comprise the compensation committee of the McAfee.com board. Compensation for Messrs. Sampath and Collins is ultimately determined by this committee.

Except as set forth in this prospectus, neither we nor, to the best of our knowledge, any of our directors, executive officers or other affiliates (a) has any contract, arrangement, understanding or relationship with any other person with respect to any securities of McAfee.com, including, but not limited to, any contract, arrangement, understanding or relationship concerning the transfer or the voting of any securities of McAfee.com, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss, or the giving or withholding of proxies, (b) has engaged in contacts, negotiations or transactions with McAfee.com or its affiliates concerning a merger, consolidation, acquisition, tender offer or other acquisition of securities, election of directors or a sale or other transfer of a material amount of assets or (c) has had any other transaction with McAfee.com or any of its executive officers, directors or affiliates that would require disclosure under the rules and regulations of the SEC applicable to the offer. Except for the shares of McAfee.com common stock that we or our affiliates own as disclosed in this prospectus, neither we nor any of our affiliates beneficially own any McAfee.com shares or have effected any transaction in the shares within the past 60 days.

### INTERCOMPANY ARRANGEMENTS

McAfee.com's relationship with Network Associates is governed, in part, by agreements entered into in connection with the initial public offering of McAfee.com in December 1999 and reseller agreements between Network Associates and McAfee.com entered into in March 2001. Because the following description is only a summary, it is not necessarily complete and is qualified in its entirety by reference to the relevant agreements. Copies of the forms of agreements were filed with the SEC as exhibits to McAfee.com's registration statement on Form S-1 filed in connection with its initial public offering or have been filed by Network Associates and/or McAfee.com as part of their ongoing public filings, and are available for inspection at the SEC. See "Where You Can Find More Information."

### TRANSACTIONS BETWEEN NETWORK ASSOCIATES AND McAFEE.COM

Network Associates has entered into certain agreements with McAfee.com for the purpose of defining the companies' ongoing relationship. These agreements were developed in the context of a parent/subsidiary relationship and therefore are not the result of arms-length negotiations between independent parties.

Corporate Management Services Agreement. On January 1, 1999, Network Associates entered into a Corporate Management Services Agreement with McAfee.com under which Network Associates provides McAfee.com services relating to tax, accounting, insurance, employee benefits administration, corporate record keeping, payroll, information technology infrastructure, and facilities management. In addition, McAfee.com may request that Network Associates provide certain additional services from time to time in the future, with the fee for such additional services subject to negotiation between the parties. From January 1, 1999 to December 31, 2000, the monthly fee that Network Associates received for services under the agreement was a portion of the costs Network Associates incurred (based on headcount) plus a 10% mark-up. During the year ended December 31, 2000, Network Associates charged McAfee.com \$5.8 million under this agreement. In January 2001, Network Associates entered into an amended corporate management services agreement with McAfee.com whereby McAfee.com will pay \$400,000 per calendar quarter for services related to tax, accounting, insurance, employee benefits and administration, corporate record keeping, payroll, information technology infrastructure, and facilities management. Under the amended agreement, McAfee.com will pay to Network Associates 110% of the direct rent paid by Network Associates for the use of

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

facilities made available to McAfee.com. During the year ended December 31, 2001, Network Associates charged McAfee.com \$1.6 million under the amended agreement.

The Corporate Management Services Agreement may be terminated either by Network Associates when it ceases to own a majority of McAfee.com's outstanding voting stock or by McAfee.com upon 30 days notice to Network Associates.

43

**Cross License Agreement.** Network Associates, through one of its wholly owned subsidiaries, entered into a technology cross license agreement with McAfee.com. Under this agreement, Network Associates granted McAfee.com worldwide non-exclusive patent licenses and exclusive copyright licenses for the sale or licensing of software products or software services to certain OEMs and end users solely via the Internet. Eligible end users include only single-node, individual consumers. In consideration for the license and rights granted under this license, McAfee.com is required to pay Network Associates a 7% royalty on revenues from related product and subscription sales. Also under this agreement, McAfee.com granted Network Associates non-exclusive patent licenses and exclusive copyright licenses for the sale of products to enterprise customers through any method of distribution including the Internet and to end users through any method excluding the Internet. In consideration for the rights granted under this license, Network Associates is required to pay McAfee.com a royalty of \$250,000 per quarter. Under this cross license agreement, Network Associates will provide end user support to McAfee.com customers. Charges for such support are equal to a portion of the costs to Network Associates plus a 10% markup. During the years ended December 31, 2000 and 2001, Network Associates charged McAfee.com \$2.2 million and \$2.4 million for royalties and support services, respectively.

**Reseller Agreements.** In March 2001, Network Associates entered into reseller agreements with McAfee.com. Under these agreements, McAfee.com may resell Network Associates products to business customers and, in certain countries, Network Associates may sell McAfee.com products to OEMs and end-users directly or through ASPs. During the year ended December 31, 2001, Network Associates charged McAfee.com approximately \$1.7 million under the reseller agreements.

**Japanese Distribution Agreement.** On April 28, 2000, Network Associates Co., Ltd ("NAC"), at that time a majority owned, and as of June 27, 2001, a wholly-owned Japanese subsidiary of Network Associates, entered into a Master OEM Distributor Agreement, effective as of January 1, 2000, with McAfee.com. Under the terms of the agreement, NAC will be the exclusive distributor of certain of McAfee.com's products in the Japanese PC OEM channel, subject to certain terms and conditions set forth in the agreement, for an initial term of three years. McAfee.com will receive a license fee and will in turn pay NAC 10% of net sales revenue McAfee.com initially receives from PC OEM customers that subsequently purchase a subscription to McAfee Clinic. During the years ended December 31, 2000 and 2001, NAC paid license revenue to McAfee.com of \$861,000 and \$1.8 million respectively.

In June 2001, McAfee.com and Sourcenext Corporation entered into a Japanese distribution agreement. At that time, notwithstanding the technology cross license agreement and the reseller agreements between Network Associates and McAfee.com, Network Associates agreed Sourcenext was authorized to distribute to both OEM and retail customers in Japan, Japanese language versions of certain of Network Associates and McAfee.com consumer products. Other than sales to specified OEMs, during the term of the Sourcenext distribution agreement, Network Associates and our Japanese subsidiary, NAC, have agreed not to distribute the covered products in Japan to retail customers and OEMs.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

**Tax Sharing Agreement.** Network Associates has entered into a tax-sharing agreement with McAfee.com under which McAfee.com calculates its income taxes on a separate return basis. McAfee.com will be included in Network Associates' consolidated group for federal income tax purposes as long as it is eligible to do so. Each member of a consolidated group is jointly and severally liable for the federal income tax liability of each other member of the consolidated group. Accordingly, although the tax-sharing agreement allocates tax liabilities between McAfee.com and Network Associates, during the period in which McAfee.com is included in Network Associates consolidated group, Network Associates could be liable in the event that any federal tax liability is incurred, but not discharged, by McAfee.com or any other members of Network Associates' consolidated group.

Under the tax sharing agreement, McAfee.com and each other member has agreed to indemnify Network Associates if it is required to pay any tax liability amount in excess of its own hypothetical separate income tax liability, provided Network Associates is not in default of Network Associates' obligation to pay its own hypothetical separate income tax liability.

44

The tax sharing agreement will terminate if McAfee.com is no longer eligible to join Network Associates in the filing of a consolidated federal income tax return. In the event of such termination, any net operating losses or other carryforward amounts would not be available to McAfee.com upon departure from the group. Under the tax sharing agreement, McAfee.com will not be reimbursed for any such loss of tax benefits.

**Joint Cooperation Agreement.** Network Associates has entered into a Joint Cooperation and Master Services Agreement with McAfee.com which governs the provision of technology services among the parties. Under this agreement, the Network Associates anti-virus emergency response team (AVERT) will provide McAfee.com with research and solutions for virus events. The agreement also contains standard terms and conditions governing the provision of technology services from one party to the other under statements of work that may be negotiated from time to time. Currently, McAfee.com has entered into one such statement of work under which McAfee.com provides Network Associates infrastructure and technical support services for the Network Associates web site. Network Associates pays McAfee.com a fee for these services in an amount equal to 10% of McAfee.com's total quarterly technology costs plus a 10% service charge. McAfee.com is obligated to provide these services until December 31, 2000 under this statement of work. During the years ended December 31, 2000 and 2001, Network Associates was charged approximately \$200,000 and \$0, respectively.

**Indemnification and Voting Agreement.** Network Associates has entered into an Indemnification and Voting Agreement with McAfee.com which became effective on December 2, 1999. Except under certain specified circumstances, Network Associates will indemnify McAfee.com for all losses related to any third party claims relating to events or circumstances arising out of Network Associates actions or inactions, including those of Network Associates subsidiaries and officers and directors, on or prior to December 2, 1999. Additionally, for so long as Network Associates owns at least 20% of McAfee.com's outstanding voting power, Network Associates will vote its shares of McAfee.com's common stock in favor of the election of two independent McAfee.com directors.

**Registration Rights Agreement.** Network Associates has entered into a registration rights agreement with McAfee.com that entitles Network Associates to include the shares of common stock Network Associates owns in McAfee.com in any future registration of common stock McAfee.com makes, other than any

registration statement relating to an acquisition or a stock option plan. In addition, Network Associates or certain of its transferees can request that McAfee.com file a registration statement so Network Associates can publicly sell its McAfee.com shares. McAfee.com has agreed pursuant to the terms of this registration rights agreement to pay all costs and expenses, other than underwriting discounts and commissions, related to shares to be sold by Network Associates or certain of its transferees in connection with any such registration.

- (1) Ownership includes direct and indirect (beneficial) ownership, as defined by SEC rules. To Network Associates' knowledge, each person has sole voting and investment power over the shares unless otherwise noted. The SEC rules for the determination of beneficial ownership are very complex. Generally, however, shares owned directly, plus those controlled (e.g., owned by members of their immediate families), are considered beneficially owned. Excludes shares that may be acquired through stock option exercises.
- (2) Consists of options that are currently exercisable or will become exercisable within 60 days of March 15, 2002.
- (3) Total shares owned (column 1) plus option shares (column 2) divided by 145,934,353 shares outstanding as of March 15, 2002.
- (4) Mr. Samenuk holds 200,000 shares of stock acquired upon the exercise of options that are subject to Network Associates' repurchase right. The repurchase right for these shares lapses on January 3, 2003, the second year anniversary date of Mr. Samenuk's employment commencement. Mr. Samenuk holds 47,000 options that are immediately exercisable. If Mr. Samenuk exercises these options Network Associates' repurchase right for these shares will lapse in full on January 15, 2005. 1.2 million options

were issued to Mr. Samenuk on January 3, 2001 and are immediately exercisable. 25% of these shares vested on January 3, 2002, the first year anniversary of Mr. Samenuk's employment commencement, and the remaining shares vest at a rate of 1/48 per month for the remaining 36 months of the vesting period. If Mr. Samenuk exercises these stock options with respect to the unvested shares, Network Associates has repurchase rights with respect to those unvested shares.

- (5) Mr. Richards holds 600,000 options that are immediately exercisable. 25% of the shares vest on April 4, 2002, the first year anniversary of Mr. Richards' employment commencement, and the remaining shares vest at a rate of 1/48 per month for the remaining 36 months of the vesting period. If Mr. Richards exercises these stock options with respect to the unvested shares, Network Associates has repurchase rights with respect to those unvested shares.
- (6) Mr. Hodges holds options to acquire 2,500 shares of McAfee.com Class A common stock. These shares represent less than 1% of the outstanding capital stock of McAfee.com.
- (7) Mr. Matin holds 500,000 options that are immediately exercisable. 25% of these shares vest on October 30, 2002, the first year anniversary of Mr. Matin's employment commencement, and the remaining shares vest at a rate of 1/48 per month for the remaining 36 months of the vesting period. If Mr. Matin exercises the stock options with respect to the unvested shares, Network Associates has repurchase rights with respect to those unvested shares.
- (8) Since October 1, 2001, Mr. Nelson has served as a special advisor to Network Associates and is not currently an officer of Network Associates. Prior to October 1, 2001 Mr. Nelson served as Network Associates' chief strategy officer.
- (9) Mr. Sampath owns 9,394 shares of McAfee.com Class A common stock and has options to acquire 950,000 shares of McAfee.com Class A common stock, 633,333 shares of which are exercisable within 60 days of March 15, 2002. These shares represent 5.5% of the outstanding Class A common stock of

## ANNEX A

### SECTION 262 OF GENERAL CORPORATION LAW OF THE STATE OF DELAWARE

#### SEC. 262 APPRAISAL RIGHTS

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to sec. 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to sec. 251 (other than a merger effected pursuant to sec. 251(g) of this title), sec. 252, sec. 254, sec. 257, sec. 258, sec. 263 or sec. 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of sec. 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to secs. 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under sec. 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

A-1

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to sec. 228 or sec. 253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter, shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only to be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the next day preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

complied with subsections (a) and (d) hereof and who is otherwise

A-2

entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

A-3

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The Registrant's Second Restated Certificate of Incorporation limits the liability of directors to the maximum extent permitted by Delaware law. Delaware law provides that directors of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except for liability (i) for any breach of their duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (iii) for unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit.

The Registrant's Restated Bylaws provide that the Registrant shall indemnify its directors and officers and may indemnify its employees and other agents to the fullest extent permitted by law. The Registrant believes that indemnification under its Restated Bylaws covers at least negligence and gross negligence on the part of indemnified parties. The Registrant's Restated Bylaws also permit the Registrant to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether the Registrant would have the power to indemnify him or her against such liability under the General

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

Corporation Law of Delaware. The Registrant currently has secured such insurance on behalf of its officers and directors.

The Registrant has entered into agreements to indemnify its directors and officers, in addition to indemnification provided for in the Registrant's Bylaws. Subject to certain conditions, these agreements, among other things, indemnify the Registrant's directors and officers for certain expenses (including attorney's fees), judgments, fines and settlement amounts incurred by any such person in any action or proceeding, including any action by or in the right of the Registrant, arising out of such person's services as a director or officer of the Registrant, any subsidiary of the Registrant or any other company or enterprise to which the person provides services at the request of the Registrant.

Section 145 of the Delaware General Corporation Law authorizes a court to award, or a corporation's Board of Directors to grant indemnity to directors and officers in terms sufficiently broad to permit such indemnification under certain circumstances for liabilities (including reimbursement for expenses incurred) arising under the Securities and Exchange Act of 1933, as amended. The Registrant's Second Restated Certificate of Incorporation, as amended, and Bylaws provide for indemnification of its officers, directors, employees and other agents to the maximum extent permitted by Delaware Law.

### ITEM 22. UNDERTAKINGS

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the maximum aggregate offering price may be reflected in the form of a prospectus filed with the SEC pursuant to Rule 424(b) under the Securities Act, if in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

(2) That, for the purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The Registrant undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form S-4

statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The Registrant undertakes that prior to any public offering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), such offering prospectus will contain the information

### II-3

called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

The Registrant undertakes that every prospectus: (i) that is filed pursuant to the paragraph immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned Registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
