Item 8.01 Other Events

On May 17, 2005, Fidelity National Financial, Inc. (FNF) announced in a press release that its Board of Directors has approved a strategic restructuring that would result in the public distribution of a minority interest in FNF 's title insurance operations.

Under the terms of the strategic restructuring plan, FNF would form a title insurance holding company (THC) that would serve as the parent company for FNF 's title insurance operations. FNF would then make a taxable distribution of 17.5% of the shares of the common stock of THC to FNF stockholders, while retaining ownership of the remaining 82.5% of THC 's common stock. As a result, FNF stockholders will receive .175 shares of THC common stock for each share of FNF common stock. THC would therefore become a majority-owned, publicly traded subsidiary of FNF. Completion of the taxable distribution to FNF stockholders is contingent upon a variety of conditions, including regulatory approval. This distribution of THC common stock to FNF stockholders is expected to occur in the third quarter of 2005. A copy of the press release is attached as Exhibit 99.1
