We announced on June 24, 2008 that we were faced with the necessity to restructure and recapitalize our balance sheet to ensure our ability to continue to operate. On July 1, 2008, we further announced that we were suspending all payments to unsecured creditors while we analyzed restructuring options. We are currently considering the various strategic alternatives available to facilitate such restructuring and, because of the significant efforts required by the accounting and finance staff to prepare analyses and documentation related to analyzing those potential alternatives, as well as the potential impact of the various options under consideration to our financial condition and our ability to continue as a going concern, we are not able to file our Form 10-Q for the period ended June 30, 2008 within the prescribed time period.

Our Form 10-Q quarterly report for the three and six months ended June 30, 2008 will report a significant change from our report as of June 30, 2007 due to our sale of assets to repay debt since June 30, 2007. In addition, due to our adoption of the Statement of Financial Accounting Standard No. 159, Fair Value Option, as of January 1, 2008, all gains and losses in the fair value of our investment assets and financing liabilities are now recognized in our statement of operations. We are unable to provide a reasonable estimate of the change from the prior year report until the preparation of the key elements of the financial statements is completed.
