Item 1.01. Entry into a Material Definitive Agreement.

On August 28, 2008, the Board of Directors of Plexus Corp. (the "Company") declared a dividend of one preferred share purchase right (a "Right") for each outstanding share of common stock, par value \$0.01 per share ("Common Stock"), of the Company. The dividend is payable on September 26, 2008 to the shareholders of record upon the close of business on September 12, 2008 (the "Record Date"). Each Right entitles the

registered holder to purchase from the Company one one-hundredth of a share of Series B Junior Participating Preferred Stock, \$0.01 par value per share (Preferred Shares), of the Company, at a price of \$125.00 per one one-hundredth of a Preferred Share, subject to adjustment (the Purchase Price). The description and terms of the Rights are set forth in a Rights Agreement (the Rights Agreement) between the Company and American Stock Transfer & Trust Company, LLC, as Rights Agent (the Rights Agent).

Until the earlier to occur of (i) 10 days following a public announcement that a person or group of affiliated or associated persons (other than the Company, a subsidiary of the Company or an employee benefit plan of the Company or a subsidiary) (an Acquiring Person) has acquired beneficial ownership of 20% or more of the outstanding Common Stock (the Shares Acquisition Date) or (ii) 10 business days (or such later date as may be determined by action of the Company's Board of Directors prior to such time as any person becomes an Acquiring Person) following the commencement of, or announcement of an intention to make, a tender offer or exchange offer the consummation of which would result in the beneficial ownership by a person or group (other than the Company, a subsidiary of the Company or an employee benefit plan of the Company or a subsidiary) of 20% or more of such outstanding Common Stock (the earlier of such dates being called the Distribution Date), the Rights will be evidenced, with respect to any of the Common Stock certificates outstanding as of the Record Date, by such Common Stock certificate.

The Rights Agreement provides that, until the Distribution Date, the Rights will be transferred with and only with the Common Stock. Until the Distribution Date (or earlier redemption or expiration of the Rights), new Common Stock certificates issued after the Record Date, upon transfer or new issuance of Common Stock, will contain a notation incorporating the Rights Agreement by reference. Until the Distribution Date (or earlier redemption or expiration of the Rights), the surrender for transfer of any certificates for Common Shares, outstanding as of the Record Date, even without such notation, will also constitute the transfer of the Rights associated with the Common Stock represented by such certificate. As soon as practicable following the Distribution Date, separate certificates evidencing the Rights (Right Certificates) will be mailed to holders of record of the Common Stock as of the close of business on the Distribution Date and such separate Right Certificates alone will evidence the Rights.

The Rights are not exercisable until the Distribution Date. The Rights will expire on August 28, 2018 (the Final Expiration Date), subject to extension, unless the Rights are earlier redeemed or exchanged by the Company, in each case as described below.

The Purchase Price payable, and the number of Preferred Shares or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Preferred Shares, (ii) upon the grant to holders of the Preferred Shares of certain rights or warrants to subscribe for or purchase Preferred Shares at a price, or securities convertible into Preferred Shares with a conversion price, less than the then current market price of the Preferred Shares or (iii) upon the distribution to holders of the Preferred Shares of evidences of indebtedness or assets (excluding regular quarterly cash dividends or dividends payable in Preferred Shares) or of subscription rights or warrants (other than those referred to above).

-2-

The number of outstanding Rights and the number of one one-hundredths of a Preferred Share issuable upon exercise of each Right are also subject to adjustment in the event of a stock split of the Common Stock or a stock dividend on the Common Stock payable in Common Stock or subdivisions, consolidations or combinations of the Common Stock occurring, in any such case, prior to the Distribution Date.

Preferred Shares purchasable upon the exercise of Rights will not be redeemable. Each Preferred Share will be entitled to a minimum preferential quarterly dividend payment of \$1.00 per share but will be entitled to an aggregate dividend of 100 times the dividend declared per Common Stock. In the event of liquidation, the holders of the Preferred Shares will be entitled to a minimum preferential liquidation payment of \$100 per share but will be entitled to an aggregate payment of 100 times the payment made per share of Common Stock. Each Preferred Share will have 100 votes, voting together with the Common Stock. Finally, in the event of any merger, consolidation or other transaction in which Common Stock are exchanged, each Preferred Share will be entitled to receive 100 times the amount received per Common Stock. These rights are protected by customary antidilution provisions.

Because of the nature of the Preferred Shares' dividend, voting and liquidation rights, the value of the one one-hundredth interest in a Preferred Share purchasable upon exercise of each Right should approximate the value of one share of Common Stock.

In the event that any person becomes an Acquiring Person (a Flip-In Event), each holder of a Right (except as otherwise provided in the Rights Agreement) will thereafter have the right to receive upon exercise that number of shares of Common Stock (or, in certain circumstances cash, property or other securities of the Company or a reduction in the Purchase Price) having a market value of two times the then current Purchase Price. Notwithstanding any of the foregoing, following the occurrence of a Flip-In Event all Rights that are, or (under certain circumstances specified in the Rights Agreement) were, or subsequently become beneficially owned by an Acquiring Person, related persons and transferees will be null and void.

Edgar Filing: PLEXUS CORP - Form 8-K

In the event that, at any time following the Shares Acquisition Date, (i) the Company is acquired in a merger or other business combination transaction or (ii) 50% or more of its consolidated assets or earning power are sold (the events described in clauses (i) and (ii) are herein referred to as Flip-Over Events), proper provision will be made so that each holder of a Right (except as otherwise provided in the Rights Agreement) will thereafter have the right to receive, upon the exercise thereof at the then current Purchase Price, that number of shares of common stock of the acquiring company which at the time of such transaction will have a market value of two times the then current Purchase Price.

With certain exceptions, no adjustment in the Purchase Price will be required until cumulative adjustments require an adjustment of at least 1% in such Purchase Price. No fractional Preferred Shares will be issued (other than fractions which are integral multiples of one one-hundredth of a Preferred Share, which may, at the election of the Company be evidenced by depositary receipts). In lieu thereof, an adjustment in cash will be made based on the market price of the Preferred Shares on the last trading day prior to the date of exercise.

The Purchase Price is payable by certified check, cashier's check, bank draft or money order or, if so provided by the Company, the Purchase Price following the occurrence of a Flip-In Event and until the first occurrence of a Flip-Over Event may be paid in Common Stock having an equivalent value.

-3-

At any time after a person becomes an Acquiring Person and prior to the acquisition by such Acquiring Person of 50% or more of the outstanding Common Stock, the Board of Directors of the Company may exchange the Rights (other than Rights owned by any Acquiring Person which have become void), in whole or in part, at an exchange ratio of one Common Stock, or one one-hundredth of a Preferred Share (or of a share of a class or series of the Company's preferred stock having equivalent rights, preferences and privileges), per Right (subject to adjustment).

At any time prior to a person becoming an Acquiring Person, the Board of Directors of the Company may redeem the Rights in whole, but not in part, at a price of \$.001 per Right (the Redemption Price). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

Other than amendments that would change the Redemption Price or move to an earlier date the Final Expiration Date of the Rights, the terms of the Rights may be amended by the Board of Directors of the Company without the consent of the holders of the Rights, including an amendment to lower the threshold for exercisability of the Rights from 20% to not less than 10%, with appropriate exceptions for any person then beneficially owning a percentage of the number of shares of Common Stock then outstanding equal to or in excess of the new threshold, except that from and after such time as any person becomes an Acquiring Person no such amendment may adversely affect the interests of the holders of the Rights.

Until a Right is exercised, the holder thereof, as such, will have no rights as a shareholder of the Company, including, without limitation, the right to vote or to receive dividends.

While distribution of the Rights will not constitute a taxable event to the shareholders or the Company, the shareholders may, depending on the circumstances, recognize taxable income in the event that the Rights become exercisable for Preferred Shares (or other consideration) of the Company or for common stock of the acquiring company, as set forth above.

As of August 28, 2008, there were 39,323,022 shares of Common Stock issued and outstanding. Each outstanding share of Common Stock upon the close of business on September 12, 2008 will receive one Right. As long as the Rights are attached to the Common Stock, the Company will issue one Right for each share of Common Stock which becomes outstanding between the Record Date and the Distribution Date so that all such shares will have attached Rights. The Company's Board of Directors has initially reserved 2,000,000 Preferred Shares for issuance upon exercise of the Rights, effective on the Record Date.

The Rights have certain anti-takeover effects. The Rights will cause substantial dilution to a person or group that attempts to acquire the Company without conditioning the offer on redemption of the Rights or on a substantial number of Rights being acquired. The Rights should not interfere with any merger or other business combination approved by the Board of Directors of the Company prior to the time that the Rights may not be redeemed (as described above) since the Board of Directors may, at its option, at any time until a person becomes an Acquiring Person redeem all but not less than all the then outstanding Rights at \$.001 per Right. The Rights are designed to provide additional protection against abusive takeover tactics such as offers for all shares at less than full value or at an inappropriate time (in terms of maximizing long-term shareholder value), partial tender offers and selective open-market purchases. The Rights are intended to assure that the Company's Board of Directors has the ability to protect shareholders and the Company if efforts are made to gain control of the Company in a manner that is not in the best interests of the Company and its shareholders.

The Rights Agreement between the Company and the Rights Agent specifying the terms of the Rights, which includes as Exhibit B the Form of Right Certificate, is filed herewith as an exhibit. This summary description of the Rights does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement, which is hereby incorporated herein by reference.

Item 3.03. Material Modification to Rights of Security Holders.

The information contained in Item 1.01 of this Current Report on Form 8-K is incorporated by reference herein.

Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On August 28, 2008, and in connection with the declaration of the dividend of Rights and the Company's entry into the Rights Agreement, the Board of Directors of the Company established and fixed the rights and preferences of the Preferred Shares. The terms of the Preferred Shares became part of the Company's Restated Articles of Incorporation, effective when the Company filed Articles of Amendment containing the terms of the Preferred Shares (the Articles of Amendment) with the Wisconsin Department of Financial Institutions on August 28, 2008. The Articles of Amendment also revoked the designation of the Company's Series A Junior Participating Preferred Stock, no shares of which were issued, and the Series A Junior Participating Preferred Stock was eliminated.

The Preferred Shares will not be redeemable. Each Preferred Share will be entitled to a minimum preferential quarterly dividend payment of \$1.00 per share but will be entitled to an aggregate dividend of 100 times the dividend declared per Common Stock. In the event of liquidation, the holders of the Preferred Shares will be entitled to a minimum preferential liquidation payment of \$100 per share but will be entitled to an aggregate payment of 100 times the payment made per share of Common Stock. Each Preferred Share will have 100 votes, voting together with the Common Stock. Finally, in the event of any merger, consolidation or other transaction in which Common Stock are exchanged, each Preferred Share will be entitled to receive 100 times the amount received per Common Stock. These rights are protected by customary antidilution provisions.

The Articles of Amendment, specifying the terms of the Preferred Shares and eliminating the Series A Junior Participating Preferred Stock, is filed herewith as an exhibit. The foregoing description of the Preferred Shares is does not purport to be complete and is qualified in its entirety by reference to such exhibit, which is incorporated herein by reference.
