Proxy Statement

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the board of directors of United Dominion Realty Trust, Inc., a Virginia corporation, for use at our Annual Meeting of Shareholders to be held on May 7, 2002, and at any adjournment, continuation or postponement of the meeting.

A number of abbreviations are used in the proxy statement. We refer to the company as "United Dominion" or "we," "us" or "our." The term "proxy solicitation materials" includes this proxy statement, as well as the enclosed proxy card. References to "fiscal 2001" mean our 2001 fiscal year which began on January 1, 2001 and ended on December 31, 2001. Our 2002 Annual Meeting of Shareholders is simply referred to as the "annual meeting" or the "meeting."

Our corporate office is located at 400 East Cary Street, Richmond, Virginia 23219-3816. Our corporate office telephone number is (804) 780-2691. Our principal executive office is located at 1745 Shea Center Drive, Suite 200, Highlands Ranch, Colorado 80129-1540. Our principal executive office telephone number is (720) 283-6120.

These proxy solicitation materials were mailed on or about April 4, 2002 to all shareholders entitled to vote at the annual meeting.

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

Record Date and Shares Outstanding

Shareholders who owned shares of our common stock at the close of business on March 20, 2002, referred to as the record date, are entitled to notice of, and to vote at, the annual meeting. At the record date, we had 106,700,698 shares of common stock issued and outstanding.

Revoking Your Proxy

You may revoke your proxy at any time prior to the date of the annual meeting by: (1) submitting a later-dated vote, in person at the annual meeting, via the Internet, by telephone or by mail, or (2) delivering instructions to the attention of Investor Services at United Dominion's corporate office, 400 East Cary Street, Richmond, Virginia 23219-3816. Any notice of revocation sent to us must include the shareholder's name and must be received prior to the meeting to be effective.

How Your Proxy Will Be Voted

All shares represented by properly executed proxies received in time for the meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein, unless such proxies have previously been revoked. Unless instructions to the contrary are marked, or if no instructions are specified, shares represented by proxies will be voted:

- . FOR the election of all nominees for director; and
- . FOR the ratification of the selection of Ernst & Young LLP as independent auditors for the calendar year ending December 31, 2002.

In addition, if any other matters properly come before the annual meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as directed by the board of directors. We have not received notice of any other matters that may properly be presented at the annual meeting.

1

Quorum

Each share of common stock outstanding on the record date is entitled to one vote. Cumulative voting is not permitted. A quorum, which is a majority of the outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote your shares by telephone or over the Internet, or if you submit a properly executed proxy card. Votes against a particular proposal will be counted both to determine the presence or absence of a quorum and to determine whether the requisite majority of voting shares has been obtained.

Voting

Tabulation

If a quorum is present, the affirmative vote of (1) a plurality of the shares of common stock voting at the annual meeting is required to elect directors, and (2) a majority of the shares voted at the annual meeting is required to ratify the appointment of Ernst & Young LLP as our independent accountants for this fiscal year.

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

Our transfer agent will tabulate votes cast by proxy by an automated system. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by us to act as election inspectors for the meeting. Abstentions, broker non-votes, which are explained below, and shares as to which authority to vote on any proposal is withheld, are each included in the determination of the number of shares present and voting at the meeting for purposes of obtaining a quorum. Each will be tabulated separately.

Abstentions; Broker Non-Votes

In the absence of controlling precedent to the contrary, we intend to treat abstentions and broker non-votes in the following manner. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker "non-votes" and shares as to which proxy authority has been withheld with respect to any matter are not deemed to be entitled to vote for purposes of determining whether shareholder approval of that matter has been obtained. As a result, broker "non-votes" are not included in the tabulation of the voting results on the election of directors or issues requiring the approval of a majority of the shares of common stock present and entitled to vote and, therefore, do not have the effect of votes in opposition for such proposals. With respect to Proposal 1 requiring a plurality vote and Proposal 2 requiring the affirmative vote of a majority of the common stock, present and entitled to vote, broker "non-votes" have no effect. Because abstentions will be included in tabulations of the shares of common stock entitled to vote for purposes of determining whether a proposal has been approved, abstentions have the same effect as a negative vote on Proposal 2.

Solicitation of Proxies

This solicitation is being made by mail on behalf of our board of directors, but may also be made without additional remuneration by our officers or employees by telephone, telegraph, facsimile transmission, e-mail or personal interview. We will bear the expense of the preparation, printing and mailing of the enclosed form of proxy, notice of annual meeting and this proxy statement and any additional material relating to the meeting that may be furnished to our shareholders by our board subsequent to the furnishing of this proxy statement. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of shareholders at the meeting, supplementary solicitations may be made by mail, telephone or interview by our officers or employees, without additional compensation, or selected securities dealers. We anticipate that the cost of such supplementary solicitations, if any, will not be material.

2

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The board of directors has nominated the persons named below for election as directors at the annual meeting. Unless otherwise directed, the proxy holders will vote the proxies received by them for the ten nominees named below. In addition, we make available certain non-monetary benefits to our executive officers with a view to acquiring and retaining qualified personnel and facilitating job performance. We consider such benefits to be ordinary and incidental business costs and expenses. We also did not include in the table the aggregate value of such benefits in the case of the executive officers, which cannot be precisely ascertained but which is the lesser of either (a) 10% of the salary and bonus paid to each such executive officer or to the group, respectively, or (b) \$50,000 or \$50,000 times the number of individuals in the group, as the case may be.

Employment, Severance and Change-in-Control Agreements

Severance Agreement

In March of 2001, we entered into a severance agreement with Mr. McCann substantially in accordance with the terms and provisions of his employment agreement. Under the severance agreement, we agreed to pay Mr. McCann two years of his annual base salary, the remainder of his salary through the end of 2001 and other incentives/bonuses payable under the terms of his employment agreement. In addition, we agreed to accelerate the vesting of his options under our 1999 Long-Term Incentive Plan, to extend the maturity of the notes payable by Mr. McCann under our Officer's Stock Purchase and Loan Plan until December 31, 2003, to continue our agreement with SunTrust Bank to pay for such

indebtedness under certain circumstances and to provide COBRA benefits to Mr. McCann and his wife until Mr. McCann reaches the age of 65, with Mr. McCann paying that portion of the health insurance premiums as are paid by similarly situated employees. The agreement also contains confidentiality, non-solicitation and non-compete provisions prohibiting Mr. McCann from engaging in certain activities through December 31, 2003. Mr. McCann also executed an agreement releasing us from all claims.

Change-in-Control Agreements

Under our Out-Performance Program, the valuation period for the performance units is accelerated to and ends on the date a change of control occurs. If the performance criteria under the program are satisfied as of such date, the holders of the performance units would have the right to cause the Operating Partnership to redeem the performance units for cash in an amount equal to the price per share of our common stock on the date of such redemption, subject to our right to acquire the performance units in exchange for an equal number of shares of our common stock. See "Certain Business Relationships--Out-Performance Program," for additional information.

Compensation of Directors

Each non-employee director receives an annual retainer fee of \$17,500 (\$27,500 for a non-employee chairman of the board of directors). Each non-employee director may elect to apply all or any portion of the annual retainer fee to the receipt of stock options, which options vest quarterly and are typically priced at the closing sale price of our common stock on the first business day of the calendar year. In addition, each non-employee director receives \$1,000 for each regular meeting attended and \$300 for each telephone meeting attended. Committee chairpersons receive additional annual compensation of \$3,000. Additional meeting fees are paid for committee meetings held outside of the normal board schedule in the amount of \$300 for each telephone meeting, and \$500 for each in person meeting or \$500 per day if a meeting lasts beyond one day.

Each non-employee director also receives an annual grant of restricted stock upon re-election. These shares have a one-year vesting period and are priced at the closing sale price of our common stock on the grant date. The number of shares that will vest at the end of the one-year period will vary in amount based upon our performance during such period as follows:

Number of Shares Threshold Performance for Expiration of Restrictions

0	Total shareholder return is less than 12%.
2,000	Total shareholder return is between 12% and 15%.
3,000	Total shareholder return is between 15% and 20%.
5,000	Total shareholder return exceeds 20%.

Directors are entitled to dividends during the vesting period; however, any unvested shares at the end of the one-year vesting period will be returned to us and cancelled. In 2001, each non-employee director received a grant of 5,000 shares of restricted stock.

We have also adopted a policy that provides any non-employee director

retiring from the board after at least 20 years of service with \$5,000 per year for the 5 years following retirement.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Our compensation committee is responsible for developing and administering compensation programs for (1) senior management, including base salaries, annual incentives and long-term incentive plans, and (2) long-term incentive compensation plans for all associates.

Compensation Design and Philosophy

Our compensation programs are designed to further our primary goal of increasing dividend income and share price appreciation by providing economic motivation to our executive officers and other key employees. More specifically, our compensation program seeks to:

- . provide appropriate incentives for the executives while aligning their interests with those of our shareholders;
- . attract and retain management talent by providing compensation competitive with other publicly- and privately-held real estate investment companies; and
- . focus executives on current and long-term business objectives and critical issues.

Compensation of senior management is comprised of three components: (1) base salary, (2) annual discretionary compensation, and (3) long-term or incentive compensation. With respect to each of these components, the compensation committee has adopted the following specific philosophies:

- . base salaries should be slightly below industry averages;
- . annual incentive compensation, which is tied to meeting company and individual objectives, should be designed to bring total compensation to approximately equal industry averages when performance objectives are met; and

9

- . long-term incentive compensation, which aligns the interests of executive officers with those of long-term shareholders, can be above industry averages when the long-term performance of our common stock is above average.

Annual Incentive Compensation. The primary corporate objectives considered in annual incentive compensation for the named executives are: (a) growth in funds from operations per share, or FFO, versus the prior year; (b) our total return to common shareholders versus other REITs as shown on the performance graph in this proxy statement; and (c) key company objectives. With respect to other senior management, the Chief Executive Officer establishes performance measures and targets, which vary based on company, departmental and personal performance objectives.

Long-Term Incentives. During 2001, the components of our long-term executive incentive compensation were our 1999 Long-Term Incentive Plan, our Officer's Stock Purchase and Loan Plan and our Out-Performance Program. Each of these programs is intended to align the interests of executive officers with those of

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

our shareholders.

The compensation committee considers the sale of the performance units under the Out-Performance Program to be the principal method of retaining key members of management and incentivising the members of management who own performance units to focus on achieving superior total returns for our shareholders.

CEO Compensation

In February 2001, Mr. Toomey became our new President and Chief Executive Officer. In determining Mr. Toomey's compensation, the compensation committee reviewed comparative financial and pay data of selected peer companies in the REIT industry, including compensation packages provided to new CEOs hired by similar companies, and the past compensation of Mr. McCann. Based on this determination and upon negotiation with Mr. Toomey, the compensation committee established Mr. Toomey's base salary for 2001 at \$250,000, and awarded him options to purchase 320,000 shares of our common stock at a price based on the average closing price for the 20 days prior to the date of grant. In determining the size of his option grant, the compensation committee also considered Mr. Toomey's ability to influence our long-term growth and profitability.

In February 2002, the compensation committee awarded Mr. Toomey a \$1,000,000 bonus for fiscal 2001 in the form of a grant of 70,225 shares of restricted stock, which shares vest on December 31, 2004. The primary factor considered by the compensation committee in determining the bonus amount was Mr. Toomey's significant contributions to the overall performance of our business during the past year as evidenced, in part, by the following achievements:

- . a total shareholder return of 43% for 2001;
- . the fact that over the same period our total shareholder return of 43% outperformed the total returns of the Morgan Stanley REIT Index--12.9%; the NAREIT Equity REIT Total Return Index--14.0%; and the NAREIT Equity Apartment Index--8.7%;
- . the hiring and integration of a new management team; and
- . Mr. Toomey's leadership in conducting a comprehensive review of our organizational structure, operations and long-term goals.

10

Other Executive Compensation

The Chief Executive Officer makes recommendations to, and consults with, the compensation committee as to the amount of proposed base salaries for the executive officers who report directly to the CEO. After such consultation, the compensation committee sets the base salaries for the year for these executive officers and approves salary ranges for other executive officers based upon salaries paid for similar positions within the real estate and REIT industry (with an emphasis on the multi-family sector) as published in industry statistical surveys and the proposed base salary relative to that of the other executive officers.

In setting executive officer salaries, the CEO and the compensation committee also consider factors such as our performance relative to the peer companies and the individual officer's past performance and future potential. In accordance with our compensation goals, the executive officers' base salaries for fiscal 2001 were generally at the median of the range of peer

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

company base salary data obtained by the compensation committee.

As with the CEO, the size of the stock option grant to each executive officer is determined by the compensation committee's evaluation of that officer's ability to influence our long-term growth and profitability. In addition, the compensation committee considers the incentive effect of additional option grants given the stock options then held by such executive officers and the amount of those options that are not yet vested.

For our newly hired executive officers, the compensation committee also approved the award of stock options at a price based on the average closing price for the 20 days preceding the date of the grant.

Performance Units

Effective July 1, 2001, we sold to a limited liability company, owned by members of our senior management (see page 19), certain performance partnership units of United Dominion Realty, L.P., referred to as the "Operating Partnership." The sale of performance units was made pursuant to the Out-Performance Program approved by our shareholders at last year's annual shareholders meeting. The program is designed to provide participants with the possibility of substantial returns on their investment if the total return on our common stock exceeds targeted levels, while putting the participants' investment at risk if those levels are not exceeded.

The performance units have the following features:

- . They represent equity in our Operating Partnership and were sold at a cash price of \$1.00 per unit to the purchasers.
- . The purchase price for the performance units was determined by our board of directors based on an independent valuation prepared by Salomon Smith Barney, Inc.
- . In the event a holder of units leaves our employ prior to the completion of the performance period and the vesting of the units, we have the right, but not the obligation, to repurchase the units for the initial price paid by the purchaser. Should we choose to resell those units, the purchase price must be determined by an updated valuation to be prepared by Salomon Smith Barney, Inc.
- . The performance units will have no value unless the cumulative total return on our common stock for the 28-month period from February 1, 2001 to June 1, 2003 exceeds the greater of the cumulative total return of the Morgan Stanley REIT Index (or such other index adopted by our compensation committee) or a minimum 30% total return.

At the conclusion of the valuation period, if our total return satisfies the above performance criteria, the holders of the performance units will receive distributions and allocations of income and loss from the Operating Partnership based on the number of interests in the Operating Partnership obtained by a predetermined formula (see page 20 for further details).

Other Compensation Considerations

Under Section 162(m) of the Internal Revenue Code we may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer or any of the four most highly compensated executive officers to the

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

extent that any of the persons receive more than \$1,000,000 in compensation in any one year. However, if we pay compensation that is "performance-based" under Section 162(m) we can receive a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single year. Our 1999 Long-Term Incentive Plan and Out-Performance Program have been designed to qualify as "performance-based" plans and therefore compensation realized in connection with the exercise of options granted under these plans is fully tax deductible on our federal income tax return. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the compensation committee has not adopted a policy that all compensation must be deductible on our federal income tax returns.

Compensation Committee Interlocks and Insider Participation

No member of the compensation committee was at any time during fiscal 2001 or at any other time an officer or employee of the company. In addition, none of our executive officers serves as a member of the board of directors or compensation committee of any company that has one or more executive officers serving as a member of our board of directors or compensation committee.

AUDIT COMMITTEE REPORT

The following is a report of the audit committee with respect to our audited financial statements for the fiscal year ended December 31, 2001, which include our consolidated balance sheets as of December 31, 2001 and 2000, and the related consolidated statements of operations, shareholders' equity and cash flows for each of the three years in the period ended December 31, 2001, and the notes thereto.

The committee is composed of five non-employee directors. The audit committee met four times in 2001. All members of the committee, other than Mr. McCann, are "independent" as defined by New York Stock Exchange listing standards. Because Mr. McCann retired as our Chief Executive Officer and Chairman in 2001, Mr. McCann does not meet the NYSE's requirements for independence, which require, among other things, that for a director to be considered independent, a period of three years expire from the date a director was previously an executive officer of the company. After considering Mr. McCann's knowledge of the operating and financial practices in the apartment industry, and his detailed knowledge of our operations, the board of directors determined that it was in the best interest of the company and our shareholders for Mr. McCann to serve on the audit committee.

The committee operates pursuant to a written charter adopted by the board of directors. In general, the audit committee charter sets forth:

- . the scope of the audit committee's responsibilities and the means by which it carries out these responsibilities;
- . the outside auditor's accountability to the board of directors and the audit committee; and
- . the audit committee's responsibility to monitor the independence of the outside auditor.

As described more fully in its charter, the purpose of the audit committee is to assist the board of directors in its general oversight of our financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Ernst & Young LLP, our independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

The audit committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor. The committee serves in a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors and the experience of the committee's members in business, financial and accounting matters.

The committee members have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of our independent auditor included in their report on our financial statements. The committee's oversight role does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the committee's considerations and discussions with management and the independent auditor do not assure that our financial statements are presented in accordance with generally accepted accounting principles, that the audit of our financial statements has been carried out in accordance with generally accepted auditing standards or that our independent accountants are in fact "independent."

14

Among other matters, the audit committee monitors the activities and performance of our external auditors, including the audit scope, audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The audit committee and the board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace our independent auditor. The audit committee also reviews the results of the internal and external audit work with regard to the adequacy and appropriateness of our financial, accounting and internal controls. Management and independent auditor presentations to and discussions with the audit committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor.

Review with Management

The audit committee has reviewed and discussed our audited financial statements with management. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles.

Review and Discussions with Independent Accountants

During 2001, the audit committee held meetings with management and the independent auditors to discuss the overall scope and plans for the audit. We also met with the independent auditors, with and without management present, to discuss the results of their examinations and their evaluations of our internal controls. In addition, the committee has reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2001 and held discussions with management and Ernst & Young on the quality, not just the acceptability, of our accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The audit committee has also discussed with Ernst & Young the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards) which includes, among other items, matters related to the conduct of the audit of our financial statements.

The audit committee has also received written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1 (which relates to the accountant's independence from us and our related entities) and has discussed with Ernst & Young their independence from United

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

Dominion. In addition, the audit committee has also considered whether the provision of those services set forth in the table below are compatible with Ernst & Young maintaining its independence from United Dominion.

In reliance on the reviews and the meetings, discussions and reports noted above, the committee recommended to the full board that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the SEC.

Shareholder Proposal

The board of directors, upon the recommendation of our audit committee, has selected Ernst & Young LLP, independent accountants, to audit our financial statements for the current fiscal year ending December 31, 2002. Out-Performance Program

In July 2001, the Operating Partnership, a limited partnership in which we serve as the sole general partner, sold an aggregate of 1,270,000 of its performance units to a limited liability company formed and owned by the holders of the performance units and governed by a management committee consisting of Messrs. Klingbeil, Larson, Toomey and Wallis. This limited liability company is called UDR Out-Performance 1, LLC. The performance units were subsequently sold to the officers set forth below, in accordance with our Out-Performance Program adopted by our board of directors and approved by our shareholders at last year's annual meeting.

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

Name	Number of Units #	% of Units Awarded
----	-----	-----
Thomas W. Toomey	421,000	33.1%
W. Mark Wallis	185,000	14.6%
Christopher D. Genry	127,000	10.0%
Ella S. Neyland	127,000	10.0%
Martha R. Carlin	76,000	6.0%
Other officers (20 persons)	334,000	26.3%
	-----	-----
Total	1,270,000	100.0%
	=====	=====

The purchase price for the performance units was \$1.00 per unit as determined by our board of directors based on an independent evaluation prepared by Salomon Smith Barney, Inc. Under the program, our performance is measured over the valuation period, which commenced on February 1, 2001 and ends upon the earlier of (1) the date a change of control of the company occurs, or (2) June 1, 2003. Unless at the end of the

19

valuation period the cumulative total return on our common stock exceeds the cumulative total return of the Morgan Stanley REIT Index (or other index adopted by our compensation committee) and at least the equivalent of a minimum 30% total return, the performance units will be forfeited and the holders will lose their initial investment.

At the conclusion of the valuation period, if our total return satisfies the above performance criteria, the holders of the performance units will receive distributions and allocations of income and loss from the Operating Partnership based on the number of interests in the Operating Partnership obtained by:

(1) determining the excess of the cumulative total return of our common stock during the valuation period over the greater of the cumulative total return of the peer group index or the minimum return;

(2) multiplying 4% of this amount by our market capitalization (defined as the average number of shares outstanding over the 28-month period multiplied by the daily closing price of our common stock), the product of which is capped at 2% of our market capitalization; and

(3) dividing this amount by the volume-weighted average price per day of our common stock for the 20 trading days immediately preceding the valuation date.

Examples of the Value of the Performance Units

The following tables illustrate the value of the performance units under different share prices and total returns at the valuation date. For the two-year period ended December 31, 2001, the minimum thresholds for the performance units would not have been met.

This table assumes that the cumulative total return of the Morgan Stanley REIT Index is less than the 30% minimum return.

\$14.00	51.6%	\$ 618.7	\$12.8

\$17.00	81.9%	\$ 981.8	\$32.0
\$18.00	91.9%	\$1,102.4	\$32.7

This table assumes that the cumulative total return of the Morgan Stanley REIT Index is 50% and therefore is the operative threshold instead of the 30% minimum return.

Stock Price at Valuation Date	UDR Total Return(1)	Shareholder Value Achieved(2)	Value of OPPSs to Management(3)
		(Million)	(Million)
\$13.00	41.5%	\$ 497.2	\$ 0.0

\$16.00	71.8%	\$ 861.0	\$13.6
\$17.00	81.9%	\$ 981.8	\$20.4
\$18.00	91.9%	\$1,102.4	\$27.4

(1) Total return to our shareholders, assuming a reasonable rate of dividend growth.

(2) Total return multiplied by beginning market capitalization of \$1,200 million.

(3) Out-Performance shareholder value multiplied by management participation of 4% subject to 2% dilution limit.

The numbers used in these tables are for illustrative purposes only. There can be no assurance that actual outcomes will be within the ranges used. Some of the factors that could affect the results set forth in these tables are the timing and duration of fluctuations in the price of our common stock, the timing and duration of fluctuations in the valuation of the Morgan Stanley REIT Index and changes in dividends declared on our common stock. These factors may be affected by general economic conditions, local real estate conditions and the dividend policy of the company. Amounts used in these tables are updated from amounts used in the 2001 Proxy, based on variations in these factors through January 31, 2002.

DELIVERY OF VOTING MATERIALS

To reduce the expenses of delivering duplicate voting materials to our shareholders, we are taking advantage of new householding rules that permit us to deliver only one set of voting materials, meaning the proxy statement and the 2001 annual report, to shareholders who share the same address unless otherwise requested. Each shareholder will receive a separate proxy card or voting instruction form and will therefore retain a separate right to vote on all matters presented at the meeting.

If you share an address with another shareholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For future annual meetings, you may request separate voting materials or request that we only send one set of voting materials to you if you are receiving multiple copies by calling us at (804) 780-2691 or by writing to us to the attention of Investor Services, 400 East Cary Street, Richmond, Virginia 23219-3816.

ANNUAL REPORT

We have mailed to each of our shareholders our annual report for 2001, which includes audited financial statements for the year ended December 31, 2001. WE WILL, UPON WRITTEN REQUEST AND WITHOUT CHARGE, PROVIDE TO ANY PERSON, SOLICITED HEREUNDER, A COPY OF OUR ANNUAL REPORT ON FORM 10-K FOR THE YEAR ENDED DECEMBER 31, 2001, INCLUDING FINANCIAL STATEMENTS AND FINANCIAL STATEMENT SCHEDULES, AS FILED WITH THE SECURITIES AND EXCHANGE COMMISSION. Requests should be addressed to the attention of Investor Services, 400 East Cary Street, Richmond, Virginia 23219-3816.

MATTERS TO BE PRESENTED AT THE 2003 ANNUAL MEETING OF SHAREHOLDERS

In accordance with Rule 14a-8 under the Exchange Act, any shareholder who intends to submit a proposal at our 2003 annual meeting of shareholders and who wishes to have the proposal considered for inclusion in the proxy statement and form of proxy for that meeting must, in addition to complying with the applicable laws and regulations governing submission of such proposals, deliver the proposal to us for consideration no later than December 5, 2002. Such proposal should be sent to our Corporate Secretary at 400 East Cary Street, Richmond, Virginia 23219-3816.

Edgar Filing: UNITED DOMINION REALTY TRUST INC - Form DEF 14A

SEC rules also establish a different deadline for submission of shareholder proposals that are not intended to be included in our proxy statement with respect to discretionary voting. The discretionary vote deadline for our 2003 annual meeting is February 18, 2003 (45 calendar days prior to the anniversary of the mailing date of this proxy statement). If a shareholder gives notice of such a proposal after the discretionary vote deadline, our proxy holders will be allowed to use their discretionary voting authority to vote against the shareholder proposal when and if the proposal is raised at our 2003 annual meeting; generally without including any disclosure of the proposal in the proxy statement or on the proxy card.
