A LETTER TO CAMDEN'S SHAREHOLDERS
from Our Board of Trust Managers

March 24, 2017

Dear Fellow Shareholders:

As Camden's Board, we are committed to representing and protecting your interests by providing strategic oversight of the Company's Executive Management team, with a focus on long-term value creation. We believe the Company's strong balance sheet, sound strategic business plan, and solid operating performance are all key factors in the Company's continued success.

Our Board is comprised of a highly-qualified and experienced group of leaders, with the founders of the Company, Ric Campo and Keith Oden, complementing our independent Trust Managers. Good corporate governance is vital to the Company and its shareholders, and we are committed to ensuring each of our Board members brings a strong balance of varying perspectives, capabilities, skill sets, diversity, and experience to their role. Our corporate governance policies provide that generally an independent Trust Manager will not be nominated for re-election as a Trust Manager following their 75th birthday. As a result of this policy, Lewis A. Levey and F. Gardner Parker will retire from the Board effective as of the time of the 2017 annual meeting of shareholders and Heather J. Brunner and Renu Khator were appointed to the Board effective January 13, 2017. Also, Kelvin R. Westbrook has been named as our Lead Independent Trust Manager effective January 1, 2017. We encourage you to review the qualifications and backgrounds of our current nominees for election to the Board beginning on page 45 of this proxy statement.

We appreciate and value your interest, investment and support. To the extent you have any thoughts, concerns or recommendations they can be addressed to:

Lead Independent Trust Manager

Q&A WITH OUR LEAD INDEPENDENT TRUST MANAGER

What do you see as the Board's role?

The primary role of the Board is to provide strategic oversight of the Company's Executive Management team and its strategic business plan, while always representing the best interests of the Company's shareholders. The Board reviews the Company's strategic plans, assesses and monitors risks that might impact the Company, and oversees the establishment and maintenance of appropriate financial and internal controls. While assuring that the very positive culture of outstanding corporate governance is preserved, we are focused on regular, strong performance-related metrics, always mindful of the long-term goals and objectives of the Company and its stakeholders.

What is the role as the Lead Independent Trust Manager?

A comprehensive list of the duties and responsibilities for this role is provided in the Company's Guidelines on Governance, as well as on page 11 of this proxy statement. The Lead Independent Trust Manager serves as the principal liaison between the Company's Chairman of the Board/CEO and our independent Trust Managers, and presides at any meetings at which the Chairman is not present (including regular Executive Sessions of independent Trust Managers). In an effort to maintain a thoroughly engaged, high-performance Board, the Lead Independent Trust Manager takes a leadership role in identifying issues for the Board to consider and, working with the Chairman of the Board/CEO, establishes the agenda for each meeting; assuring that the Trust Managers have sufficient information, resources, background, and time to adequately discuss and review the various issues included in the agenda, or otherwise brought before the Board. I believe that it is important that the Lead Independent Trust Manager help maintain the appropriate balance between the Board's involvement in longer-term strategy and the Company's operations, which are charged to our Executive Management team. The Lead Independent Trust Manager takes the primary role in providing feedback to the Company's Chairman of the Board/CEO with respect to any issues or discussions which may occur in Executive Session without the presence of the Executive Management Team. Camden is committed to effective shareholder communication and the Lead Independent Trust Manager serves as the primary contact for any shareholders wishing to communicate directly with the Board.

The Company's Chief Executive Officer also serves as its Chairman of the Board. Do you believe that is an appropriate and effective structure for the Company?

We believe at the present time, combining the roles of Chairman and CEO, together with a strong Lead Independent Trust Manager, provides the appropriate leadership and oversight of the Company and facilitates the effective functioning of both the Board and the Executive Management team. The Board believes its responsibility to shareholders requires the Board retain the flexibility to determine the best leadership structure for the Company under any set of circumstances and personnel. By making decisions based on context, the Board is better able to make determinations in the best interests of shareholders, including those related to the Company's Board leadership structure.

Any Closing Thoughts?

On behalf of the entire Board, I want to express our dedication to maintaining an open dialog with shareholders, soliciting and considering your input and comments, with a further commitment to enhance our corporate governance program as appropriate. We very much value your support and sincerely appreciate and thank you for the trust and confidence you have placed in us.

Sincerely,
Kelvin R. Westbrook

2016 BUSINESS HIGHLIGHTS

We have reshaped our portfolio over the past several years through strategic capital recycling and have experienced internal growth from our operating portfolio. We believe this has resulted in better operational efficiencies and overall Company performance. Our key 2016 performance achievements are as follows:

Funds From Operations (“FFO”) for the twelve months ended December 31, 2016 totaled \$4.64 per diluted share or \$425.5 million, our highest level as a public company.

2016 Same Property Net Operating Income (“NOI”) increased 4.8%, ahead of the midpoint of our original guidance, as adjusted for Board approved disposition activities, of 4.2%.

We completed construction on three communities with a total cost of \$286.2 million, stabilized one of these communities and an additional three previously-completed consolidated communities and one previously completed unconsolidated operating community with a total aggregate cost of \$359.7 million, and commenced construction on two new communities with a total budgeted cost of \$195.0 million.

We disposed of 15 operating properties with an average age of 23 years, a retail center and approximately 19.6 acres of land, all located in Las Vegas, NV for gross proceeds of \$630.0 million. We also sold one dual-phased property and six other operating properties with an average age of 24 years for gross proceeds of \$523.4 million.

Fitch upgraded our senior unsecured debt rating from BBB+ and positive outlook to A- and stable outlook. Also, Moody's upgraded our senior unsecured debt rating from Baa1 and positive outlook to A3 and stable outlook.

We paid an annualized dividend of \$3.00 per share, and also paid a special dividend of \$4.25 per share consisting of gains on dispositions of properties. In the first quarter of 2017, the Board declared a first quarter 2017 dividend of \$0.75 per common share, which maintains the Company’s prior quarterly dividend per share.

KEY POINTS ON OUR EXECUTIVE COMPENSATION PROGRAM

Our Named Executive Officers’ annual incentives are directly tied to the achievement of pre-established corporate and individual performance objectives. In 2016, payouts for our executives were 121% of target, displaying alignment with actual performance, as discussed in the section "Short-Term Incentives," beginning on page 26.

Each of our Named Executive Officers elected to receive 50% of their 2016 bonus in shares and the majority of their compensation opportunity is tied to share price growth, which we believe directly ties their financial interests with those of our shareholders.

WHAT WE DO

- ü Use pre-determined objectives to determine Named Executive Officer compensation
- ü Apply sizable share ownership guidelines for Named Executive Officers
- ü Prohibit Named Executive Officers from hedging their Company shares, which precludes entering into any derivative transaction on Company shares (e.g., short sale, forward, option, collar)
- ü In-depth review of CEO's and other Named Executive Officers' goals and performance by an independent Compensation Committee made up of members of the Company's Board of Trust Managers
- ü Utilize an independent compensation consultant
- ü Subject cash incentives and equity awards to clawback and forfeiture provisions

GOVERNANCE OF THE COMPANY

Board Independence and Meetings

The Board believes the purpose of corporate governance is to ensure Camden maximizes shareholder value in a manner consistent with legal requirements and the highest standards of integrity. The Board has adopted and adheres to corporate governance practices the Board believes promote this purpose, are sound, and represent best practices. The Board continually reviews these governance practices, the rules and listing standards of the New York Stock Exchange ("NYSE") and Securities and Exchange Commission ("SEC") regulations, as well as best practices suggested by recognized governance authorities.

Currently, the Board has twelve members, ten of whom are nominated for election and two of whom are retiring. To determine which of its members are independent, the Board used the independence standards adopted by the NYSE for companies listed on the NYSE and also considered whether a Trust Manager had any other past or present relationships with the Company which created conflicts of interest or the appearance of conflicts of interest. The Board determined no Trust Manager, other than Richard J. Campo and D. Keith Oden, each of whom is employed by the Company, has any material relationship with the Company under the NYSE standards. As a result, the Company has a majority of independent Trust Managers on its Board as required by the listing requirements of the NYSE.

Board Leadership Structure; Board Role in Risk Oversight

Of the eight independent Trust Managers nominated for election at the annual meeting, four are currently serving or have served as a CEO and/or chairman of the board of public companies. With respect to the Company's four other independent Trust Manager nominees, one was the founder and has been the CEO or senior executive of large media companies, one has been a senior executive of an international financial institution and has been the dean of a large public school of business administration, one is the CEO and Chairwoman of a privately-held technology company, and one is the Chancellor of a large public university system. Accordingly, we believe all of the Company's independent Trust Manager nominees have demonstrated leadership in large enterprises and all are familiar with board processes. For additional information about the backgrounds and qualifications of the Trust Manager nominees, see "Proposal 1 - Election of Trust Managers" in this proxy statement.

The Board currently has three committees comprised solely of independent Trust Managers-Audit, Compensation, and Nominating and Corporate Governance-with each having a separate chair. Among various other duties set forth in the committee charters, (a) the Compensation Committee oversees the annual performance evaluation of the Company's Chairman of the Board and CEO, President and other Named Executive Officers, (b) the Nominating and Corporate Governance Committee is responsible for succession planning and monitors Board performance and best practices in corporate governance and the composition of the Board and its committees, and (c) the Audit Committee oversees the accounting and financial reporting processes as well as legal, compliance and risk management matters. The chair of each of these committees is responsible for directing the work of the committee in fulfilling these responsibilities. The entire Board is actively involved in overseeing risk management; however the Audit Committee charter provides for the Audit Committee to discuss with management guidelines and policies to govern the process by which risk assessment and risk management is handled, including the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. Management regularly provides updates on risk management to the Audit Committee and the entire Board, and the Board regularly discusses the most significant market, credit, liquidity and operational risks the Company is facing. The Board also engages in regular discussions regarding risk management and related matters with the Company's CEO, President, Chief Financial Officer, and other officers as the Board may deem appropriate.

In addition, each of the Board committees considers the risks within its area of responsibilities. For example, the Compensation Committee considers the risks which may be implicated by the executive compensation programs. We believe the leadership structure of the Board supports the Board's effective oversight of risk management.

In accordance with the Company's Bylaws and Guidelines on Governance, the Board is responsible for selecting the CEO and the Chairman of the Board. The Company's Bylaws provide the Board will annually select the Chairman of the Board based upon such criteria as the Nominating and Corporate Governance Committee of the Board

recommends and the

2017 Proxy Statement 8

Table of Contents

Trust Managers believe to be in the best interests of the Company at a given point in time, and this process will include consideration of whether the roles of Chairman of the Board and CEO should be combined or separated based upon the Company's needs and the strengths and talents of its executives at any given time.

Since the Company's IPO in 1993, the Company's Chairman of the Board has also served as its CEO. Over this period, Mr. Campo has held both of these positions, and Mr. Oden has served as President with responsibility for the management of the Company's operations. Messrs. Campo and Oden are the Company's co-founders and have partnered to lead the Company's growth and success. Having Mr. Campo serve as both Chairman of the Board and CEO has eliminated the potential for confusion or duplication of efforts. The Company's Guidelines on Governance have at all times required the appointment of a Lead Independent Trust Manager. We believe the Company has been well-served by this leadership structure and having one person serve as CEO and Chairman of the Board, coupled with a Lead Independent Trust Manager, is best for the Company and its shareholders.

Under the Company's Bylaws and Guidelines on Governance, the Chairman of the Board is responsible for chairing Board meetings and annual shareholder meetings, setting the agendas for these meetings in consultation with the Lead Independent Trust Manager, and providing information to Board members in advance of each Board meeting and between Board meetings. Under the Company's Guidelines on Governance, any Board member may recommend the inclusion of specific agenda items to the Chairman of the Board, the Lead Independent Trust Manager, or the appropriate committee chair and such recommendations will be accommodated to the extent practicable. Under the Company's Guidelines on Governance, the Lead Independent Trust Manager is responsible for the following:

- 1presiding at all meetings of the Board at which the Chairman of the Board is not present;
- 1calling, developing the agenda for and presiding at executive sessions of the independent Trust Managers, and taking the lead role in communicating to the Chairman of the Board any feedback, as appropriate;
- 1assisting in the recruitment of Board candidates;
- 1serving as principal liaison between the independent Trust Managers and the Chairman of the Board;
- 1communicating with Trust Managers between meetings when appropriate;
- 1consulting with the Chairman of the Board regarding the information, agenda and schedules of the meetings of the Board;
- 1monitoring the quality, quantity and timeliness of information sent to the Board;
- 1working with committee chairs to ensure committee work is conducted at the committee level and reported to the Board;
- 1facilitating the Board's approval of the number and frequency of Board meetings, as well as meeting schedules to assure there is sufficient time for discussion of all agenda items;
- 1recommending to the Chairman of the Board the retention of outside advisors and consultants who report directly to the Board on Board-wide issues;
- 1being available, when appropriate, for consultation and direct communication with shareholders and other external constituencies, as needed; and
- 1serving as a contact for shareholders wishing to communicate with the Board other than through the Chairman of the Board.

Table of Contents

Executive Sessions

Pursuant to the Company's Guidelines on Governance, our independent Trust Managers have regularly scheduled executive sessions in which they meet without the presence of management or employee Trust Managers. These executive sessions typically occur before or after each regularly scheduled meeting of the Board. Any independent Trust Manager may request an additional executive session to be scheduled. The presiding Trust Manager over these executive sessions is the Lead Independent Trust Manager. We believe the responsibilities assigned to the Lead Independent Trust Manager are consistent with generally accepted requirements for a "countervailing governance structure" when a company does not have an independent board chairman.

We believe, in addition to fulfilling the Lead Independent Trust Manager responsibilities, the Trust Managers who have served as Lead Independent Trust Manager have made valuable contributions to the Company. The following have been among the most important contributions of the Lead Independent Trust Manager:

monitoring the performance of the Board and seeking to develop a high-performing Board by, for example, helping the Trust Managers reach consensus, keeping the Board focused on strategic decisions, taking steps to ensure all the Trust Managers are contributing to the work of the Board, and coordinating the work of the Board committees; developing a productive relationship with the Chairman of the Board and CEO and ensuring effective communication between the Chairman of the Board and CEO and the Board; and supporting effective shareholder communications.

On an annual basis, as part of the review of the Company's corporate governance and succession planning, the Board (led by the Nominating and Corporate Governance Committee) evaluates the Board leadership structure to ensure it remains the optimal structure for the Company and its shareholders.

We recognize different board leadership structures may be appropriate for companies with different histories and cultures, as well as companies with varying sizes and performance characteristics. We believe the Company's current leadership structure—under which its CEO serves as Chairman of the Board, the Board committees (other than the Executive Committee) are chaired by, and all of the members are, independent Trust Managers, and a Lead Independent Trust Manager assumes specified responsibilities on behalf of the independent Trust Managers—remains the optimal board leadership structure for the Company and its shareholders.

Board Meetings and Board Committees

All of the Trust Managers attended 75% or more of meetings of the Board and the committees on which they served during 2016. We encourage all of our Trust Managers to attend the annual meeting and all of our Trust Managers were present at last year's annual meeting.

The following table identifies each committee of the Board, its members during 2016, its key functions and the number of meetings held during 2016. Each member of the Audit, Compensation, and Nominating and Corporate Governance Committees satisfies the applicable independence requirements of applicable law, the SEC and NYSE. Each committee reviews its respective written charter on an annual basis.

In addition, the Company’s Bylaws permit nominations of Trust Managers at any annual meeting of shareholders by the Board or a committee of the Board or by a shareholder of record entitled to vote at the annual meeting. In order for a shareholder to make a nomination, the shareholder must provide a notice along with the additional information and material required by the Company’s Bylaws to its corporate secretary at the address set forth above not less than 60 nor more than 90 days prior to the date of the applicable annual meeting. However, if the Company does not provide at least 70 days’ notice or prior public disclosure of the date of the annual meeting, the Company must receive notice from a shareholder no later than the close of business on the 10th day following the day on which such notice of the date of the applicable annual meeting was mailed or such public disclosure of the date of such annual meeting was made, whichever first occurs. You may obtain a copy of the full text of the Bylaw provision by writing to the Company’s corporate secretary at the address set forth above. A copy of the Company’s Bylaws has been filed with the SEC as an exhibit to its Current Report on Form 8-K dated March 12, 2013.

Identifying and Evaluating Nominees. The Nominating and Corporate Governance Committee assesses whether any vacancies on the Board are expected due to retirement or otherwise. In the event vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee intends to utilize a variety of methods for identifying and evaluating nominees for Trust Manager. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, professional search firms, shareholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee will consider all properly submitted shareholder nominations for candidates to the Board. Following verification of the shareholder status of persons proposing candidates, recommendations will be aggregated and considered by the Nominating and Corporate Governance Committee at a regularly scheduled meeting, which is generally the first meeting prior to the issuance of the proxy statement for the Company’s annual meeting. If any materials are provided by a shareholder in connection with the nomination of a Trust Manager candidate, such materials will be forwarded to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may also review materials provided by professional search firms or other parties, and/or utilize the findings or recommendations of a search committee composed of other Trust

Managers, in connection with a nominee who is not proposed by a shareholder. In evaluating such nominations, the Nominating and Corporate Governance Committee will seek to achieve a balance of knowledge, experience and capability on the Board. The Nominating and Corporate Governance Committee followed these procedures as well as the criteria described below in connection with the appointment of Heather J. Brunner and Renu Khator as Trust Managers.

Trust Manager Qualifications. The Company's Guidelines on Governance contain Board membership criteria which the Nominating and Corporate Governance Committee uses in evaluating nominees for a position on the Board. Under these criteria, a majority of the Board must be comprised of independent Trust Managers. The Nominating and Corporate Governance Committee works with the Board to determinate the appropriate characteristics, skills and experiences for the Board as a whole and its individual members with the objective of having a Board with diverse backgrounds and experience. Characteristics expected of each Trust Manager include integrity, high personal and professional ethics, sound business judgment, and the ability and willingness to commit sufficient time to the Board. In evaluating the suitability of individual Board members, the Nominating and Corporate Governance Committee takes into account an understanding of the Company's business, including real estate markets generally, the development, ownership,

operation and financing of multifamily communities, and various matters applicable to real estate investing and operations. However, the Nominating and Corporate Governance Committee supports the unique perspective leaders from other industries can bring to the Company. The Nominating and Corporate Governance Committee also considers a number of other factors, including a general understanding of business operations, finance and other disciplines relevant to the success of a large publicly-traded company in today's business environment, educational and professional background, personal accomplishment, and geographic, gender, age and ethnic diversity. The Board evaluates each individual in the context of the Board as a whole, with the objective of recommending a group which can best perpetuate the success of the Company's business and represent shareholder interests through the exercise of sound judgment using its diversity of experience. The Nominating and Corporate Governance Committee evaluates each incumbent Trust Manager on an annual basis to determine whether he or she should be nominated to stand for re-election, based on the types of criteria outlined above as well as the Trust Manager's contributions to the Board during his or her current term. See the discussion starting on page 45 for a description of the key qualifications of each nominee.

Limits on Service on Other Boards. In the Company's Guidelines on Governance, the Board recognizes its members benefit from service on the boards of other companies. The Board encourages this service but also believes it is critical Trust Managers have the opportunity to dedicate sufficient time to their service on Camden's Board. To this end, the Company's Guidelines on Governance provide employee Trust Managers may not serve on more than two public company boards in addition to Camden's Board. Neither of the Company's two employee Trust Managers currently serve on other public company boards. Individuals who serve on five or more other public company boards will not normally be asked to join the Board and individuals who serve on more than two other public company audit committees will not normally be asked to join Camden's Audit Committee unless, in any such case, the Board determines such simultaneous service would not impair the ability of such individual to effectively serve on Camden's Board or Camden's Audit Committee.

Term Limits; Retirement Age. Trust Managers hold office for one-year terms. The Company's Guidelines on Governance provide, as a general matter, non-employee Trust Managers will not stand for election to a new term of service at any annual meeting following their 75th birthday. As a result of this practice, Messrs. Levey and Parker are retiring from the Board effective as of the time of the 2017 annual meeting of shareholders. The Board may approve exceptions to this practice when it believes it is in the Company's interest to do so.

The Board does not believe it should establish term limits for Trust Manager service, instead preferring to rely upon the mandatory retirement age and the evaluation procedures described above as the primary methods of ensuring each Trust Manager continues to act in a manner consistent with the best interests of the Company, its shareholders, and the Board. The Board believes term limits have the disadvantage of losing the contribution of Trust Managers who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole.

Guidelines on Governance and Codes of Ethics

The Board has adopted Guidelines on Governance to address significant corporate governance issues, which guidelines are available on the Investors' section of the Company's website at www.camdenliving.com. These guidelines provide a framework for the Company's corporate governance initiatives and cover a variety of topics, including the role of the Board, Board selection and composition, Board committees, Board operation and structure, Board orientation and evaluation, Board planning and oversight functions, and share ownership of certain officers. The Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to the Board any changes to the guidelines.

The Board has also adopted a Code of Business Conduct and Ethics, which is designed to help officers, Trust Managers and employees resolve ethical issues in an increasingly complex business environment, which code is available on the Investors' section of the Company's website at www.camdenliving.com. It covers topics such as reporting unethical or illegal behavior, compliance with law, share trading, conflicts of interest, fair dealing, protection of the Company's assets, disclosure of proprietary information, internal controls, personal community

activities, business records, communication with external audiences, and obtaining assistance to help resolve ethical issues. The Company has also adopted a Code of Ethical Conduct for Senior Financial Officers, which is applicable to the Company's principal executive officer, principal financial officer, principal accounting officer, and persons performing similar functions.

not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic.

At each meeting of the Board, the Lead Independent Trust Manager will present a summary of all communications received since the last meeting of the Board and will make those communications available to any Trust Manager on request.

Share Ownership Guidelines

The Board has adopted a share ownership policy for Trust Managers and certain senior officers. The current share ownership policy for Trust Managers provides for a minimum beneficial ownership target of the Company's common shares with a market value of \$250,000 within three years of joining the Board. The current share ownership policy for senior officers provides for a minimum beneficial ownership target of the Company's common shares, achieved with the lesser of a multiple of base salary or number of shares, within five years of becoming a senior officer, as follows:

Named Executive Officer	Annual Salary Multiple	Number of Shares
CEO	6 times	40,500
President		
Chief Operating Officer		
Chief Financial Officer	4 times	22,900
Executive Vice President		
Senior Vice President	3 times	13,200

Each Trust Manager and senior officer are currently in compliance with the applicable ownership target guidelines.

Short Selling and Hedging Prohibition

The Company's Guidelines on Governance provide the Trust Managers and officers may not make "short sales" of any equity security of the Company. "Short sales" are defined as sales of securities the seller does not own at the time of the sale, or, if owned, securities that will not be delivered for a period longer than twenty days after the sale. In addition, Trust Managers and officers may not engage in transactions in derivatives of the Company's equity securities, including hedging transactions.

BOARD COMPENSATION

We use a combination of cash and share-based compensation to attract and retain qualified candidates to serve on the Board. In setting Board compensation, the Board considers the significant amount of time Trust Managers expend in fulfilling their duties as well as the skill level required by members of the Board.

For 2016, we paid each non-employee Trust Manager an annual fee of \$55,000. A Trust Manager may elect to receive his or her annual fee in Camden shares. To the extent a Trust Manager elects to receive shares, the price used to determine the number of shares is two-thirds of our share price at the time the shares are issued (i.e., the value of the shares at the time of grant is 150% of the value of the cash the Trust Manager would have otherwise received). These shares will vest 25% on date of grant and 25% in each of the next three years, subject to accelerated vesting upon the Trust Manager reaching the age of 65 years. In addition, each non-employee Trust Manager receives fully-vested share awards with a market value of \$100,000 on the date of grant upon his or her election to the Board and on each succeeding year he or she is reelected as a Trust Manager. In 2016, the following additional annual cash fees were paid:

Lead Independent Trust Manager	\$25,000
Chair of the Audit Committee	\$15,000
Chair of the Compensation Committee	\$10,000
Chair of the Nominating and Corporate Governance Committee	\$7,500
Member of the Audit Committee (other than the Chair)	\$8,000
Member of the Compensation Committee (other than the Chair)	\$2,500
Member of the Nominating and Corporate Governance Committee (other than the Chair)	\$2,500

For each annual period after May 1, 2017, the Chair of the Compensation Committee will receive \$12,500 and the Chair of the Nominating and Corporate Governance Committee will receive \$8,750.

We also reimburse Trust Managers for travel expenses incurred in connection with their activities on the Company's behalf.

Trust Managers may elect to defer payment of their cash compensation and/or share awards under our deferred compensation plan, the Camden Property Trust Non-Qualified Deferred Compensation Plan.

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis describes the key principles and factors underlying our executive compensation policies for 2016 for the Company's Named Executive Officers, who are:

1Chairman of the Board and CEO, Richard J. Campo;

1President, D. Keith Oden;

1Chief Operating Officer, H. Malcolm Stewart;

1Executive Vice President-Real Estate Investments, William W. Sengelmann; and

1Executive Vice President-Finance, Chief Financial Officer and Treasurer, Alexander J. Jessett.

Our shareholders approved the Company's executive compensation program at the 2016 annual meeting of shareholders by an approximate 95.6% affirmative vote. Based on this high level of support, the Compensation Committee did not change its general approach to executive compensation for 2016. The Compensation Committee will continue to consider the outcome of our say-on-pay proposals when making future compensation decisions for the Named Executive Officers.

Pay for Performance

"The compensation of our Named Executive Officers should be and is tied to those performance metrics we believe are most highly correlated to growth in long-term shareholder value."

William F. Paulsen, Compensation Committee Chairman

At Camden, both the Board and our management team believe consistently strong operating results equate to long-term shareholder value creation. Approximately 87.8% of Mr. Campo's total compensation as reported in the Summary Compensation Table, and approximately 85.0% of the total compensation as reported in the Summary Compensation Table for our other Named Executive Officers, for 2016 was not guaranteed but rather was tied directly to performance and/or the value of our shares, as depicted in the following pay mix charts.

Table of Contents

Key Executive Compensation Performance Metrics of Achievement¹

It is our goal to set challenging, yet achievable, goals for our management team. The following displays key performance metric achievements used in the determination of compensation of our Named Executive Officers for 2016.

¹ We consider FFO per share a key metric. In 2016, FFO per share was \$4.64, ahead of the midpoint of our original guidance, as adjusted for Board approved disposition activities, of \$4.46.

Same Property NOI growth illustrates our ability to grow in current markets. In 2016, Same Property NOI growth was 4.8%, outpacing the midpoint of our original guidance, as adjusted for Board approved disposition activities, of 4.2%.²

¹ In an effort to maintain appropriate and manageable levels of debt, the Company utilizes the Net Debt/Adjusted EBITDA³ Ratio as a key metric. In 2016, our ratio was 4.5x, down from 5.3x in 2015.

We are constantly assessing our properties and future growth opportunities. The performance of our individual properties is extremely important. As such, yields from stabilized new development projects are a key metric. In 2016, the yield on stabilized new development projects averaged 0.43% below pro forma yields.

¹ A reconciliation of net income attributable to common shareholders to FFO, EPS and Adjusted EBITDA for the year ended December 31, 2016 is contained in the Company's 2016 Annual Report on Form 10-K and/or in its earnings release furnished on a Current Report on Form 8-K filed on February 8, 2017.

² The Company defines same property communities for 2016 as communities owned and stabilized since January 1, 2015 and defines NOI as total property income less property operating and maintenance expenses less real estate taxes. The Company considers NOI to be an appropriate supplemental measure of operating performance to net income attributable to common shareholders because it reflects the operating performance of our communities without allocation of corporate level property management overhead or general and administrative costs. A reconciliation of net income to NOI and same property net operating income for the year ended December 31, 2016 is contained in the Company's 2016 Annual Report on Form 10-K and in its earnings release furnished on a Current Report on Form 8-K filed on February 8, 2017.

³ Defined by the Company as the average notes payable less the average cash balance and short-term investments over the period ("Net Debt") to Adjusted EBITDA ("Adjusted EBITDA"). The Company defines Adjusted EBITDA as earnings before interest, taxes, depreciation and amortization ("EBITDA"), including net operating income from discontinued operations, excluding equity in (income) loss of joint ventures, (gain) loss on sale of unconsolidated joint venture interests, gain on acquisition of controlling interest in joint ventures, gain on sale of operating properties including land, net of tax, and income (loss) allocated to non-controlling interests. The Company considers Adjusted EBITDA to be an appropriate supplemental measure of operating performance to net income attributable to common shareholders because it represents income before non-cash depreciation and the cost of debt, and excludes gains or losses from property dispositions.

Company's Compensation Philosophy Executive Compensation Objectives.

¹ Support the Company's business strategy and business plan by clearly communicating what is expected of Named Executive Officers with respect to goals and results and by rewarding achievement;

Attract, motivate and retain Named Executive Officers who have the motivation, experience and skills necessary to lead the Company effectively and deliver on the Company's profitability, growth and total return to shareholder objectives; and

¹ Link management's success in enhancing long-term shareholder value, given market conditions, with executive compensation.

Mix of Compensation Elements. When setting compensation, the Compensation Committee seeks to achieve a balance between:

Fixed and variable pay;

1 Short-term and long-term pay; and
1 Cash and equity.

As discussed above, the mix of executive compensation elements for the Named Executive Officers is heavily weighted toward variable compensation to align compensation with performance and shareholder value. In awarding annual

incentives, the Compensation Committee sets financial and operating performance goals at the corporate level while holding each Named Executive Officer accountable for their level of success in attaining specific goals through individual performance assessment.

Determination of Compensation

Compensation Committee. Our executive compensation program is administered under the direction of the Compensation Committee of the Board. The Compensation Committee determines the compensation, including related terms of employment agreements, for each of the Named Executive Officers.

The Compensation Committee meets outside of the presence of management to discuss compensation decisions and matters relating to the development and implementation of compensation programs.

Except as otherwise noted in this Compensation Discussion and Analysis, decisions by the Compensation Committee are subjective and the result of the Compensation Committee's business judgment, which is informed by the experiences of the members of the Compensation Committee as well as analysis and input from, and comparable peer data provided by, the Compensation Committee's independent compensation consultants.

Executive Officer Roles in Setting Compensation. Messrs. Campo and Oden make recommendations to the Compensation Committee based on the compensation philosophy and objectives set by the Compensation Committee as well as current business conditions. More specifically, for each Named Executive Officer, including themselves, Messrs. Campo and Oden review competitive market data and recommend to the Compensation Committee the performance measures and target goals, in each case for the review, discussion and approval of the Compensation Committee. For each Named Executive Officer other than themselves, Messrs. Campo and Oden also review the rationale and guidelines for compensation and annual share awards for the review, discussion and approval of the Compensation Committee. Messrs. Campo and Oden may attend meetings of the Compensation Committee at the request of the Compensation Committee chair, but do not attend executive sessions and do not participate in any Compensation Committee discussions relating to the final determination of their own compensation.

Competitive Considerations. The Company operates and recruits talent across diverse markets and makes each compensation decision in the context of the particular situation, including the individual's specific roles, responsibilities, qualifications and experience. The Company takes into account information about the competitive market for executive talent, but because individual roles and experience levels vary among companies and Named Executive Officers, the Compensation Committee believes reviewing external compensation should be only one of a variety of bases for establishing compensation. Therefore, the Compensation Committee generally reviews information regarding competitive conditions from a variety of sources in making compensation decisions. These sources include reports of the Compensation Committee's outside compensation consultant, Longnecker & Associates ("Longnecker"), industry studies and compensation surveys as well as publicly-available information regarding a peer group of public REITs listed and discussed below. In reviewing these studies and surveys, the Compensation Committee considers aggregate information only and does not focus on any particular company within these studies and surveys (other than the peer companies specified below).

Compensation Consultant. The Compensation Committee retained Longnecker, a consulting firm specializing in executive compensation and corporate governance, to provide advice on the Company's executive compensation program for 2016. Neither Longnecker nor any of its affiliates provided any services to the Company or any of its affiliates during 2016 except: (i) advising the Compensation Committee with regards to Company goal setting; (ii) advising the Compensation Committee with respect to determining the membership of the Company's 2016 Peer Group, as described below; and (iii) advising the Compensation Committee with respect to the amount and form of compensation for the Named Executive Officers, as described below. The Compensation Committee has assessed the independence of Longnecker and believes that its engagement of Longnecker raises no conflicts of interest with the Company or any of its Board members or executive officers.

Company’s 2016 Peer Group. The Compensation Committee, with the advice of Longnecker, selected the companies identified in the chart below to make up the Company’s peer group considered by the Compensation Committee in making its executive compensation decisions for 2016. The Compensation Committee selected these companies because they were public, multifamily REITs that the Compensation Committee considered to be similar to the Company when taking the following factors into account (in the aggregate, with no one factor being determinative): engaged in business in the same markets as the Company, market capitalization, target markets, asset quality, financial structure and organization structure.

Elements of Total Annual Direct Compensation

For the Named Executive Officers, we believe equity and performance-based compensation should be a higher percentage of total compensation than for other officers of the Company. We believe equity and performance-based compensation relate most directly to achievement of strategic and financial goals and to building shareholder value, and that the performance of Named Executive Officers has a strong and direct impact in achieving these goals. In making decisions with respect to any element of a Named Executive Officer’s compensation, the Compensation Committee considers the total direct compensation which may be awarded to such officer, including salary, annual bonus, performance awards, and long-term incentive compensation. The Compensation Committee’s goal is to award compensation which is reasonable in relation to its compensation philosophy when all elements of potential compensation are considered.

Compensation Element	Purpose
Base Salary	Attract and retain high-performing leaders with a competitive level of fixed compensation that reflects responsibilities, experience, value to the Company, and demonstrated performance.
Annual Incentive	Motivate executives to achieve financial and non-financial key performance objectives.
Long-Term Equity Incentives	Align the interests of executives with shareholders by tying award values to long-term Company performance and promote retention and stability among the management team.

Base Salary

Salaries are determined by the Compensation Committee based on its subjective evaluation of a variety of factors, including:

- 1 the nature and responsibility of the position;
- 1 the impact, contribution, expertise, and experience of the individual Named Executive Officer;
- 1 the importance of retaining the individual along with the competitiveness of the market for the individual Named Executive Officer’s talent and services;
- 1 internal equity relative to compensation among the Company’s Named Executive Officers and external equity relative to compensation of Named Executive Officers in the peer group; and
- 1 the recommendations of Messrs. Campo and Oden.

Table of Contents

Merit-based increases to Named Executive Officers' salaries are based on these factors as well as, with respect to Messrs. Campo and Oden, the achievement of Company-wide goals and, with respect to the other Named Executive Officers, the achievement of Company-wide goals as well as their individual goals which relate to their respective areas of responsibility. These goals are described in detail below under "Short-Term Incentives - Annual Bonus." 2016 Increases. The Compensation Committee increased each Named Executive Officer's annual base salary level by approximately three percent in 2016. The Compensation Committee determined that these modest increases were reasonable based on its review of salary levels for similar positions in the peer group of companies in order to maintain competitive salary levels for the Named Executive Officers.

Short-Term Incentives

Annual Bonus. The Compensation Committee has established a bonus targets, as a percentage of base salary, for each executive. The actual payout for each executive is based on Company and/or individual performance metrics, as discussed in detail below.

To more fully tie compensation to long-term performance, Named Executive Officers may elect to receive up to 50% of their annual bonuses in Camden shares. To the extent a Named Executive Officer elects to receive shares, the price used to determine the number of shares is two-thirds of our share price at the time the shares are issued (i.e., the value of the shares at the time of grant is 150% of the value of the cash portion of the annual bonus the Named Executive Officer would have otherwise received). Historically, most Named Executive Officers have elected to receive the maximum 50% in shares (and all of the Named Executive Officers elected to receive the maximum in shares for 2016), further aligning compensation with the creation of shareholder value over a longer term. The shares issued pursuant to these grants vest 25% on the grant date and 25% on February 15th of each of the next three years¹.

¹Subject to accelerated vesting upon recipient becoming Retirement Eligible (as defined in the Company's 2011 Share Incentive Plan).

Table of Contents

The annual bonus process for the Named Executive Officers involves the following basic steps:

Step 1

Set Company Financial Goals

The Compensation Committee discusses recommendations for financial performance measures and performance ranges for the Company with the Chairman of the Board and CEO and the President, and then sets performance goals for the Company.

Step 2

Setting Other Performance Objectives

For Named Executive Officers other than Messrs. Campo and Oden, the Compensation Committee approves other performance objectives for the executive and his individual area of responsibility. These objectives take into account the recommendations of the Chairman of the Board and CEO and the President and are intended to account for performance beyond purely financial measures.

Step 3

Setting Weightings of Goals and Objectives

The Compensation Committee approves the weightings of the financial goals and other performance objectives to help incentivize a high level of performance by the individual executive. These weightings take into account the recommendations of the Chairman of the Board and CEO and the President. The Compensation Committee then approves bonus and long-term compensation based on the weighted average achievement of goals.

Step 4

Measuring Performance

After the end of the year, the Compensation Committee reviews actual performance against each of the financial goals and other performance objectives established at the outset of the year. In determining the extent to which the financial goals are met for a given period, the Compensation Committee exercises its judgment whether to reflect or exclude the impact of equity offerings, changes in accounting principles, and non-recurring, extraordinary, unusual or infrequently occurring events. Consistent with its philosophy that a higher percentage of the most senior Named Executive Officers' compensation should be tied to Company performance measures, the higher the individual's position, the more heavily the bonus opportunity is weighted by the Company's performance.

Messrs. Campo and Oden	100% Company performance
Mr. Stewart	75% Company/25% Individual
Messrs. Sengelmann and Jessett	50% Company/50% Individual

Step 5

Final Bonus Determination

The next step in the process is adjustment of the preliminary annual bonus amount to reflect the Compensation Committee's determination of internal equity relative to compensation among the Company's Named Executive Officers and external equity relative to compensation of Named Executive Officers of a peer group comprised of the companies described above under "Determination of Compensation-Compensation Consultant." (page 24)

Table of Contents

Set forth below are the Company performance goals which were established for 2016 and utilized by the Compensation Committee to determine 2016 annual bonuses for the Named Executive Officers, along with the weightings assigned to each goal and the Company's 2016 performance and achievement. These goals and weightings were also used by the Compensation Committee to determine performance awards and long-term compensation payments for the Named Executive Officers for 2016 as discussed in more detail below.

Performance Criteria		Weight	Performance	Achievement
FFO 30%	1 Achieve FFO per share of \$4.36 to \$4.56 ^(a)	30.0%	\$4.64	150%
NOI 30%	1 Achieve same property NOI growth of 3.20% to 5.20% ^(b)	30.0%	4.80%	130%
Net Debt/Adjusted EBITDA 25%	1 Maintain annualized Net Debt/Adjusted EBITDA of 4.95x to 4.45x	25.0%	4.47x	146%
Developments/Acquisitions 15%	1 Achieve the underwritten yields on developments/acquisitions ^(c)	15.0%	6.54%	0%

Based on the achievements and weightings described above, the Compensation Committee determined the overall achievement percentage of Company performance for 2016 was 121%.

A reconciliation of net income to FFO for the year ended December 31, 2016 is contained in the Company's 2016 (a) Annual Report on Form 10-K and in its earnings release furnished on a Current Report on Form 8-K filed on February 8, 2017.

The Company defines same property communities for 2016 as communities owned and stabilized since January 1, 2015 and defines NOI as total property income less property operating and maintenance expenses less real estate taxes. A reconciliation of net income to NOI and same property net operating income for the year ended (b) December 31, 2016 is contained in the Company's earnings release furnished on a Current Report on Form 8-K filed on February 8, 2017. For 2016, the Company's same property NOI growth grew by 4.8% outpacing the midpoint of our original guidance, as adjusted for Board approved disposition activities.

(c) Based on the following developments: Camden Flatirons, Camden Glendale, Camden Paces, Camden Chandler and Camden Southline. There were no acquisitions completed in 2016.

For Messrs. Stewart, Sengelmann and Jessett, the goals and weightings were based on both corporate and individual performance. The following individual goals, with the weightings set forth below, were established for 2016 and utilized by the Compensation Committee, in conjunction with the achievement of the corporate goals discussed above, to determine the 2016 annual bonus and long term compensation payments:

The amounts of the annual bonus paid to each Named Executive Officer in the form of cash and share awards are set forth in the table below under "Total Compensation" in the columns under "Annual Bonus." (page 32). In accordance with SEC rules, the portion of the annual bonus paid in cash is reported in the Summary Compensation Table (page 35) in the column under "Non-Equity Incentive Plan Compensation" for 2016, while the portion of the annual bonus paid in shares will be reported in the Summary Compensation Table in the proxy statement for the Company's 2018 annual meeting in the column under "Stock Awards."

Table of Contents

Performance Award. The compensation program provides for an additional award linked to corporate annual performance. The objective of the award program is to reward individuals for the achievement of specific corporate goals, which the Compensation Committee believes correlate closely with growth of long-term shareholder value. These goals are outlined on page 28 under Performance Criteria.

The Named Executive Officers are awarded notional common shares, which do not represent actual common shares, the number of which is based upon their position with the Company. The notional shares expire on the tenth anniversary of the date of grant. The holders of notional shares receive an annual cash payment equal to their number of notional shares multiplied by a percentage of the actual dividend rate declared during the year for holders of the Company's common shares based on the achievement of these goals.

Based on the weighted achievement level of corporate goals under the performance award program being 121%, each of the Named Executive Officers received the following payments in 2016 under the Performance Award Program for performance in 2016:

Name	2016 Award ⁽¹⁾
Richard J. Campo	\$526,350
D. Keith Oden	526,350
H. Malcolm Stewart	438,625
William W. Sengelmann	307,038
Alexander J. Jessett	307,038

⁽¹⁾ Includes a special cash dividend of \$4.25 per common share.

These awards are reflected in the column entitled "Performance Award" of the Total Compensation Table (page 32), and are included in the column entitled "Non-Equity Incentive Plan Compensation" of the Summary Compensation Table (page 35).

Long-Term Incentive Compensation

Purpose. The long-term incentive program provides annual awards in the form of share awards and/or share options, which vest over time. The objective of the program is to align compensation for the Named Executive Officers over a multi-year period directly with the interests of shareholders by motivating and rewarding creation and preservation of long-term shareholder value.

Equity-Based Awards. Share and option awards reward shareholder value creation in slightly different ways. Option awards (which have exercise prices equal to the fair market value of the Company's common shares on the date of grant) reward the Named Executive Officers only if the share price increases from the date of grant. Share awards are impacted by all share price changes, so the value to the Named Executive Officers is affected by both increases and decreases in share price from the market price at the date of grant.

Reload Options. Pursuant to the Company's 2002 Share Incentive Plan, upon the vesting of 20,000 or more options, the holder has the right to exercise some or all of their vested options by paying the exercise price with shares (the "Mature Shares") which have been held by the holder for at least six months prior to the exercise date (the "Incentive Exchange Right"). Upon the exercise of options through this right, the holder will be deemed to have exchanged the Mature Shares for replacement shares without the requirement of tendering the Mature Shares to the Company, and will receive a number of additional shares from the Company equal to the total number of shares covered by the options minus the number of Mature Shares used to pay the exercise price for the options (the "Incentive Payment Shares").

Table of Contents

Upon the exercise of this right, the holder receives a share grant by depositing with the Company 25% of the Incentive Payment Shares. Upon deposit of these shares, the Company grants to the holder a number of shares in an amount equal to 32.5% of the Incentive Payment Shares. The Incentive Payment Shares received from the Company are allocated between “Bonus Shares” and “Additional Bonus Shares” and are subject to time-based vesting as follows:

Allocation of Incentive Payment Shares		Vesting
		10%
		year 1
Bonus Shares	19.25%	10%
		year 2
		80%
		year 3
		10%
		year 1
		10%
		year 2
Additional Bonus Shares	80.75%	10%
		year 3
		10%
		year 4
		60%
		year 5

If a holder terminates his employment prior to the completion of these periods, the unvested portion of the Bonus Shares and the Additional Bonus Shares are forfeited.

Upon exercise of this right, the number of options as to which this right was exercised are “reloaded” and reissued to the holder, with these reissued options representing the right to purchase a number of shares equal to the number of options exercised less the number of Incentive Payment Shares. Upon being reloaded, each reload option again represents the right to purchase a share at an exercise price equal to the fair market value of the share on the date of the notice of exercise of the Incentive Exchange Right. The reloaded options are fully vested on the date of issuance and the exercise period is the lesser of (i) ten years or (ii) the term of the original option, beginning on the date of exercise of the options being reloaded. In 2016, Messrs. Campo and Oden exercised reload options and received additional shares upon such exercise and also received additional options upon such exercise. While this historical process continues for those participants that received options under the Company’s 2002 Share Incentive Program, it is important to note this is not currently an “on-going” process with regards to awards issued under the Company’s 2011 Share Incentive Plan, and will end no later than January, 2019.

Long-Term Compensation Awards. In February 2017, the Compensation Committee awarded, based on 2016 performance, share awards to each Named Executive Officer. In determining the level of each executive’s grant, the Compensation Committee also takes into account the executive’s position and scope of responsibility within the Company, the executive’s compensation relative to the Company’s other executives and competitive considerations, including the long-term incentive opportunities provided to similarly situated executives with the Company’s peer group.

As described above, each Named Executive Officer also elected to receive a portion of his annual bonus for 2016 in the form of a share award. The number of shares subject to each award is set forth below.

Name	Grant Date	Number of Shares	Award Type
Richard J. Campo ¹	2/3/17	12,695	Share Award

Subject to the “Retirement Eligibility” designation provided for in the Company’s 2011 Share Incentive Plan which provides for accelerated vesting of share awards for those plan participants 65 years old and above with ten years of service, (i) share awards made in 2016 vest in three equal annual installments beginning on February 15th in the year following the year of grant; and (ii) annual bonus-share awards vest 25% immediately on the date of grant and 25% in three equal annual installments beginning on February 15th in the year following the year of grant. The grant date fair values of the annual bonus and other share awards granted in February 2017 will be included in the Summary Compensation and Grants of Plan-Based Awards tables in the proxy statement for the 2018 annual meeting of shareholders.

In February 2016, the Compensation Committee also approved annual bonus and share awards for each of the Named Executive Officers based on 2015 performance. These awards are described in the Company’s proxy statement for its 2016 annual meeting. Pursuant to SEC rules, the grant date fair values of the annual bonus and other share awards granted in February 2016 are included in the Summary Compensation and Grants of Plan-Based Awards tables below in this proxy statement as 2016 compensation.

2016 Compensation Decisions

The table below presents the 2016 compensation for each Named Executive Officer in the manner the Compensation Committee considers compensation for the Named Executive Officers, as explained below. This table differs from compensation reported in the 2016 Summary Compensation Table in that it reflects the value of our Named Executive Officers’ long-term equity incentive awards in the performance year for which they were earned, rather than the year in which they were granted (e.g., long-term compensation awards granted in February 2017 for 2016 performance are shown in the table below as 2016 compensation). While compensation reported in the 2016 Summary Compensation Table is useful, the disclosure rules of the SEC do not take into account the retrospective nature of our executive compensation program and therefore create a one-year lag between the value of our Named Executive Officers’ long-term compensation awards and the performance year for which they were earned (e.g., long-term equity incentive awards granted in February 2017 for 2016 performance will not, in accordance with the SEC’s rules, be shown in the Summary Compensation Table until our 2018 Proxy Statement as 2017 compensation). This table supplements, and does not replace, the 2016 Summary Compensation Table on page 35.

Policy Regarding Clawback of Compensation

The Company’s Guidelines on Governance provide if the Company is required to restate its financial results due to material noncompliance with financial reporting requirements under the securities laws as a result of misconduct by a Named Executive Officer, the Company may recover incentive compensation from such Named Executive Officer (including profits realized from the sale of the Company’s securities). In such a situation, the Board would exercise its business judgment to determine what action it believes is appropriate. Action may include recovery or cancellation of any bonus or incentive payments made to a Named Executive Officer on the basis of having met or exceeded performance targets during a period of fraudulent activity or a material misstatement of financial results. These actions would be taken only if the Board determines such recovery or cancellation is appropriate due to intentional misconduct by the Named Executive Officer which resulted in performance targets being achieved which would not have been achieved absent such misconduct.

Deferred Compensation Plans and Termination Payments

Deferred Compensation Plans. The Company maintains a deferred compensation plan for the benefit of the Company’s officers, Trust Managers and other key employees in which the participant may elect to defer cash compensation

and/or options or share awards granted under the Company's share incentive plans. We believe that providing these individuals

2017 Proxy Statement 32

Table of Contents

with the opportunity to defer compensation is a cost-effective way to permit them to receive the tax benefits associated with delaying the income tax event on the deferred amount, even though the related deduction for the Company is also deferred.

Termination and Change in Control Payments. Since the Company's initial public offering in 1993, it has provided the Named Executive Officers with the ability to receive severance payments, plus, in some cases, a gross-up payment, if certain situations occur, such as termination without cause or a change in control. The objective of these benefits is to recruit and retain talent in a competitive market. Benefits which would be provided in connection with a change in control are also intended to motivate Named Executive Officers to remain with the Company through the transaction despite the uncertainty and dislocation which arises in the context of change in control situations. These potential payments are summarized below and more fully described under "Potential Payments Upon Termination" (page 41).

Perquisites and Other Personal Benefits. The Company does not provide material perquisites or other benefits to the Named Executive Officers. The Named Executive Officers participate in the Company's 401(k) and other benefit plans on the same terms as other employees.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the deductibility of compensation paid to certain of the Company's Named Executive Officers. To qualify for deductibility under section 162(m), compensation in excess of \$1,000,000 paid to the Named Executive Officers during any fiscal year generally must be "performance-based" compensation as determined under section 162(m). Compensation generally qualifies as "performance-based", if among other requirements, it is payable only upon the attainment of goals based on pre-established, objective performance criteria which have been approved by shareholders, and the committee of the Board which establishes and certifies the attainment of such goals consists only of "outside directors" as defined in section 162(m).

The Compensation Committee's policy is to take into account section 162(m) in establishing compensation of Named Executive Officers. While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. From time to time, the Compensation Committee may therefore award compensation to Named Executive Officers which is not fully deductible if it determines such award is consistent with its philosophy and is in the Company's and its shareholders' best interests. In addition, the Company believes it qualifies as a REIT under the Code and is not subject to federal income taxes, meaning the payment of compensation which does not satisfy the requirements of section 162(m) should not have a material adverse consequence to the Company.

Employment Agreements

The Company enters into employment agreements with all of its Named Executive Officers. These employment agreements are more fully described below under "Employment Agreements" (page 38).

Compensation Policies and Practices Relating to Risk Management

The Compensation Committee conducts regular analytical reviews focusing on several key areas of the Company's compensation program for the Company's Named Executive Officers, including external market compensation data, pay mix, selection of performance metrics, goal setting process, and internal equity (compensation differences between individuals) on the payment of compensation. These reviews provided a process to consider if any of the Company's current programs, practices or procedures regarding Named Executive Officer compensation should be altered to help ensure the Company maintains an appropriate balance between prudent business risk and resulting compensation.

As a result of this process, the Compensation Committee concluded that while a significant portion of the Company's Named Executive Officer compensation program is performance-based, the program does not encourage excessive or unnecessary risk-taking and the Company's policies and procedures largely achieved the appropriate balance between annual goals and the Company's long-term financial success and growth. While risk-taking is a necessary part of growing a business, the Compensation Committee focuses on aligning the Company's compensation policies with its long-term interests and avoiding short-term rewards for management decisions which could pose long-term risks to the Company, as follows:

Use of Long-Term Compensation. In general, more than half of total compensation is non-cash compensation in the form of long-term equity-based awards to more closely align the interests of the

2017 Proxy Statement 33

Table of Contents

Company's Named Executive Officers with those of the Company's shareholders and to maximize retention insofar as equity-based awards are subject to time-based vesting, which is usually over a period of at least three years. This vesting period encourages Named Executive Officers to focus on sustaining the Company's long-term performance. These grants are typically made annually, so officers generally have unvested awards which could decrease significantly in value if the Company's business is not managed for the long-term.

Payment of Annual Bonuses in Shares. To more fully tie compensation to long-term performance, Named Executive Officers may elect to receive up to 50% of their annual bonuses in shares. To the extent a Named Executive Officer elects to receive shares, the price used to determine the number of shares is two-thirds of our share price at the time the shares are issued (i.e. the value of the shares at the time of grant is 150% of the value of the cash the Named Executive Officer would have otherwise received). These shares vest 25% on date of grant and 25% in each of the next three years subject to accelerated vesting when the holder reaches retirement eligibility at the age of 65 years and has met the service requirements in the Company's 2011 Share Incentive Plan. Historically, most Named Executive Officers have tended to elect to receive the maximum 50% in shares, further aligning compensation with the creation of shareholder value. The Compensation Committee believes this helps to ensure each Named Executive Officer will have a significant amount of personal wealth tied to long-term holdings in the Company's shares.

Share Ownership Guidelines. The Board has adopted a share ownership policy for the Named Executive Officers, which is described above under "Governance of the Company-Share Ownership Guidelines." Each Named Executive Officer currently meets the applicable ownership target.

Use of Clawbacks. The Company's Guidelines on Governance provide if the Company is required to restate its financial results due to material noncompliance with financial reporting requirements under the securities laws as a result of misconduct by a Named Executive Officer, the Company may recover incentive compensation from such Named Executive Officer (including profits realized from the sale of its securities), as described below under "Compensation Discussion and Analysis-Policy Regarding Clawback of Compensation."

Performance Metrics. The Compensation Committee believes in linking pay with performance. In 2016, the Company used a variety of quantifiable performance metrics for the annual incentive program, which are described in more detail under "Compensation Discussion and Analysis-2016 Compensation Decisions."

In summary, by structuring the Company's compensation program so a considerable amount of a Named Executive Officer's compensation is tied to the Company's long-term success and share value, we believe we avoid creating the type of disproportionately large short-term incentives which could encourage the Named Executive Officers to take risks that are not in the Company's long-term interests. The Company provides incentives for the Named Executive Officers to manage for long-term growth in a prudent manner.

This Compensation Discussion and Analysis includes certain discussions regarding the Company, its business and individual measures used in assessing performance. These measures are discussed in the limited context of our executive compensation program. You should not interpret them as statements of the Company's expectations or as any form of guidance by the Company. We caution and urge you not to apply the statements or disclosures made in this Compensation Discussion and Analysis in any other context.

In each case, the balance of the annual bonus for the applicable year was paid in cash in the amounts reported in note (4) below. Under SEC rules, the value of equity awards is reported as compensation for the fiscal year in which the grant date (as determined for accounting purposes) occurs, whereas cash awards are reported as compensation for the fiscal year in which the compensation is earned. As discussed above in the Compensation Discussion and Analysis, in February 2017 the Compensation Committee assessed the Company's performance level for 2016 and determined the cash and equity awards to be granted based on that assessment. Accordingly, the cash bonuses awarded based on 2016 performance are reported in the Summary Compensation Table as compensation for 2016, while the equity grants awarded based on 2016 performance will be reported in the executive compensation tables in next year's proxy as compensation for fiscal 2017.

² The dollar amounts shown in this column for stock awards are determined by multiplying the number of shares that vested by the per-share closing price of our common shares on the vesting date.

Non-Qualified Deferred Compensation

Effective January 1, 2005, the Compensation Committee established a deferred compensation plan for the benefit of the Company's officers, Trust Managers and other key employees in which the participant may elect to defer cash compensation, options and/or share awards granted under the Company's share incentive plans. A participant has a fully vested right to his or her cash deferral amounts, and deferred option and share awards vest in accordance with their respective terms.

Prior to the establishment of the Company's deferred compensation plan in 2005, the Compensation Committee established a rabbi trust for the benefit of the Company's officers, Trust Managers and other key employees in which, in previous years, such persons had the option to place share grants and other deferred compensation. A participant may purchase assets held by the rabbi trust at any time within 30 years from the date of vesting. The purchase price of a share is 25% of the fair value of such share on the date the share was placed in the rabbi trust. The purchase price of any other asset is 25% of the fair value of such asset on the date the asset was placed in the rabbi trust. The rabbi trust is in use only for deferrals made prior to the establishment of the Company's deferred compensation plan in 2005.

Equity Compensation Plans

The following table summarizes information, as of December 31, 2016, relating to the Company's equity compensation plans, pursuant to which grants of options, shares and other rights to acquire shares may be granted from time to time:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

Under the Company's 2011 Share Incentive Plan, the Company may issue up to a total of approximately 9.1 million fungible units (the "Fungible Pool Limit"), which is comprised of approximately 5.8 million new fungible units plus approximately 3.3 million fungible units previously available for issuance under the Company's 2002 Share Incentive Plan based on a 3.45 to 1.0 fungible unit-to full value award conversion ratio. Fungible units represent the baseline for the number of shares available for issuance under the Company's 2011 Share Incentive Plan. Different types of awards are counted differently against the Fungible Pool Limit, as follows:

Each share issued or to be issued in connection with an award under the Company's 2011 Share Incentive Plan, other than an option, right or other award which does not deliver the full value at grant of the underlying shares, will be counted against the Fungible Pool Limit as 3.45 fungible pool units;

Each share issued or to be issued under the Company's 2011 Share Incentive Plan pursuant to an option or other award which does not deliver the full value at grant of the underlying shares and which expires more than five years from date of grant will be counted against the Fungible Pool Limit as one fungible pool unit; and

Each share issued or to be issued under the Company's 2011 Share Incentive Plan pursuant to an options, right or other award which does not deliver the full value at grant of the underlying shares and which expires five years or less from the date of grant will be counted against the Fungible Pool Limit as 0.83 of a fungible pool unit.

As of December 31, 2016, approximately 3.6 million fungible units were available under the Company's 2011 Share Incentive Plan, which results in approximately 1.1 million common shares which could be granted pursuant to full value awards based on the 3.45 to 1.0 fungible unit-to-full value award conversion ratio.

PROPOSAL 1 - ELECTION OF TRUST MANAGERS

In addition to fulfilling the criteria described above, each nominee also brings a strong background and set of skills to the Board, giving the Board as a whole competence and experience in a wide variety of areas, including corporate governance and Board service, executive management, education, media and technology enterprises, private equity investment, financial institutions and multifamily and related businesses. Set forth on the following pages are the conclusions reached by the Board with regard to its nominees.

There are currently twelve Trust Managers on the Board. Lewis A. Levey and F. Gardner Parker will retire from the Board effective as of the time of the 2017 annual meeting of shareholders as a result of the Company's mandatory Trust Manager retirement policy. The Nominating and Corporate Governance Committee of the Board nominated, and the Board determined to recommend, each of the other ten current Trust Managers eligible for election at the annual meeting. No nominee was selected for nomination at the 2017 annual meeting as a result of any arrangement or understanding between that nominee and any other person.

Trust managers elected at the meeting will hold office for a one-year term. Unless you withhold authority to vote for one or more nominees, the persons named as proxies intend to vote for election of the ten nominees.

All nominees have consented to serve as Trust Managers. The Board has no reason to believe any of the nominees will be unable to act as Trust Manager. However, if a Trust Manager is unable to stand for election, the Board may either reduce the size of the Board or the Nominating and Corporate Governance Committee may designate a substitute. If a substitute nominee is named, the proxies will vote for the election of the substitute.

Set forth below are the nominees, together with their age, biographical information and directorships held at public companies during the past five years.

AUDIT COMMITTEE INFORMATION

Deloitte served as the Company's independent registered public accounting firm for fiscal year 2016. Representatives of Deloitte are expected to be present at the annual meeting and will have the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions.

Report of the Audit Committee

The Audit Committee operates under a written charter adopted by the Board, and it is available on the Investors' section of the Company's website at www.camdenliving.com.

The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, and each member of the Audit Committee satisfies the requirements for independence as set forth in Rule 10A-3(b)(1) of the Exchange Act and Sections 303A.02 and 303A.07(b) of the NYSE's listing standards and each member is free from any relationship which, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Audit Committee.

The Audit Committee met with management periodically during the year to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting, and discussed these matters with representatives of the Company's independent registered public accounting firm and with appropriate Company financial personnel, including the internal auditors. The Audit Committee also met privately with representatives of the independent registered public accounting firm, senior management and internal auditors, each of whom has unrestricted access to the Audit Committee. The Audit Committee appointed Deloitte as the independent registered public accounting firm for the Company after reviewing the firm's performance and independence from management. Management has primary responsibility for the Company's consolidated financial statements and the overall reporting process, including the Company's system of internal controls.

The independent registered public accounting firm audited the annual consolidated financial statements prepared by management, expressed an opinion as to whether those consolidated financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company and its subsidiaries in conformity with accounting principles generally accepted in the United States of America and discussed with the Audit Committee any issues they believed should be raised with the Audit Committee.

The Audit Committee reviewed with management and Deloitte the Company's audited consolidated financial statements and met separately with both management and Deloitte to discuss and review those consolidated financial statements and reports prior to issuance. The Audit Committee further reviewed and discussed with both management and Deloitte the Company's process to comply with Section 404 of the Sarbanes-Oxley Act. Management has represented, and Deloitte has expressed its opinion, to the Audit Committee the consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has discussed with Deloitte matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 1301, Communications with Audit Committees.

The Audit Committee has received the written disclosures and the letter from Deloitte required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the Audit Committee concerning independence, and has discussed with Deloitte such firm's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

The Audit Committee also reappointed, subject to shareholder ratification, Deloitte as the Company's independent registered public accounting firm for 2017.

The following summarizes the approximate aggregate fees billed to the Company for the fiscal years ended December 31, 2016 and 2015 by Deloitte, the Company’s principal independent registered public accounting firm, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, “Deloitte Entities”):

Pre-Approval Policies and Procedures

The Audit Committee has developed policies and procedures concerning its pre-approval of audit and non-audit services provided to the Company by its independent registered public accounting firm. These policies and procedures provide the Audit Committee must pre-approve all audit and permitted non-audit services (including the fees and terms thereof) to be rendered to the Company by its independent registered public accounting firm.

The independent registered public accounting firm provides the Audit Committee with a list describing the services expected to be performed by the independent registered public accounting firm, and any request for services not contemplated by this list must be submitted to the Audit Committee for specific pre-approval and the provision of such services cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the Audit Committee has authorized any of the members of the Audit Committee to approve the provision by the Company's independent registered public accounting firm of non-audit services not prohibited by law. Any such decision made by a member of the Audit Committee will be reported by such member to the full Audit Committee at its next meeting.

In addition, although not required by the rules and regulations of the SEC, the Audit Committee generally requests a range of fees associated with each proposed service. The Audit Committee believes providing a range of fees for a service incorporates appropriate oversight and control of the independent registered public accounting firm relationship, while permitting the Company to receive immediate assistance from the independent registered public accounting firm when time is of the essence.

PROPOSAL 2 - RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has reappointed Deloitte as the Company's independent registered public accounting firm for 2017.

The proposal will be approved if it receives the affirmative vote of the majority of shares represented in person or by proxy at the meeting.

PROPOSAL 3 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with SEC rules, shareholders are being asked to approve, on an advisory or nonbinding basis, the compensation of the Company's Named Executive Officers as disclosed in this proxy statement.

As described in detail under the heading "Executive Compensation - Compensation Discussion and Analysis," the Company's executive compensation programs are designed to attract, motivate and retain executives who have the motivation, experience and skills necessary to lead the Company effectively. Under these programs, the Named Executive Officers are rewarded for the achievement of specific annual, long-term and strategic goals. Please read the "Compensation Discussion and Analysis" beginning on page 22 for additional details about the Company's executive compensation programs, including information about the 2016 compensation of the Named Executive Officers. Shareholders approved the Company's executive compensation at the Company's 2016 annual meeting of shareholders by an approximate 95.6% affirmative vote. The Compensation Committee continually reviews the compensation programs for our Named Executive Officers to help ensure they achieve the desired goals of aligning our executive compensation structure with our shareholders' interests and current market practices. As a result of its review process, the Compensation Committee:

1 provides a significant portion of each executive's compensation as variable compensation through a combination of cash bonuses and equity-based grants awarded based on achievement of preestablished performance goals; and generally provides more than half of total compensation in the form of long-term equity-based awards to more closely align the interests of the Company's executives with those of its shareholders and to maximize retention through multi-year vesting schedules.

In addition, we are committed to good corporate governance to promote the long-term interests of shareholders. We have an independent Compensation Committee that has retained an independent compensation consultant, and we have adopted anti-hedging and clawback policies and share ownership guidelines for our Named Executive Officers. The Company is asking shareholders to indicate their support for its Named Executive Officer compensation program as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Named Executive Officers and the philosophy, policies and practices described in this proxy statement. Accordingly, the Company will ask its shareholders to vote "FOR" the following resolution at the annual meeting:

"RESOLVED, the Company's shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2016 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2016 Summary Compensation Table and the other related tables and disclosure."

This vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board, and will not be construed as overruling a decision by, or creating or implying an additional duty for, the Company, the Compensation Committee or the Board. The Board and the Compensation Committee value the opinions of shareholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, the Company will consider shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. The Company currently conducts annual advisory votes on executive compensation, and expects to conduct the next advisory vote at the Company's 2018 annual meeting of shareholders.

The proposal will be approved if it receives the affirmative vote of a majority of shares represented in person or by proxy at the meeting.

The Board
recommends
you vote FOR
approval of the
advisory vote
on executive
compensation.

PROPOSAL 4 - ADVISORY VOTE ON THE FREQUENCY OF FUTURE
ADVISORY VOTES ON EXECUTIVE COMPENSATION

As described in Proposal 3 above, the shareholders are being provided the opportunity to cast an advisory vote on the compensation of the Company's Named Executive Officers (referred to as a "say-on-pay" vote).

This Proposal 4 affords shareholders the opportunity to cast an advisory vote on how often the Company should include an advisory vote on executive compensation in its proxy materials for future annual meetings of shareholders (or special shareholder meetings for which the Company must include executive compensation information in the proxy statement for that meeting). Under this Proposal 4, shareholders may vote to have future advisory votes on executive compensation every year, every two years or every three years. Shareholders had the opportunity to cast this advisory vote (referred to as a "say-on-frequency" vote) at the 2011 annual meeting and voted to hold a say-on-pay vote every year (as opposed to every two or three years). Under SEC rules, the Company is required to hold a new say-on-frequency vote at least every six years.

The Company believes that advisory votes on executive compensation should be conducted every year so that shareholders may annually express their views on the Company's executive compensation program. The Compensation Committee, which administers the Company's executive compensation program, values the opinions expressed by shareholders in these advisory votes on executive compensation and will consider the outcome of these votes in making its decisions on executive compensation.

This proposal is advisory only and will not be binding on the Company, the Board or the Compensation Committee. Although non-binding, the Board and the Compensation Committee will carefully review the voting results. Notwithstanding the Board's recommendation and the outcome of the shareholder vote, the Board may in the future decide to conduct advisory votes on executive compensation on a more or less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to the Company's executive compensation program.

In voting on this proposal, shareholders will be able to indicate their preference regarding the frequency of future advisory votes on executive compensation by specifying a choice of one year, two years or three years. Shareholders that do not have a preference regarding the frequency of future advisory votes on executive compensation should abstain from voting on the proposal. Shareholders will not be voting to approve or disapprove the recommendation of the Board.

The Board
recommends
that you vote
to hold future
advisory votes
on executive
compensation
every
ONE YEAR
(as opposed to
every two
years or every
three years).

INFORMATION ABOUT VOTING AND THE ANNUAL MEETING

Available Information

The Company uses its website as a channel of distribution for Company information, and the Company's website address is www.camdenliving.com. The Company makes available free of charge in the Investors' section of its website its Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and all amendments to those reports as soon as reasonably practicable after such material is electronically filed with or furnished to the Securities and Exchange Commission pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and other reports the Company files with or furnishes to the SEC under the Exchange Act, including proxy statements and reports filed by officers and Trust Managers under Section 16(a) of the Exchange Act. The Company also makes available in the Investors' section of its website under "Corporate Governance" its Code of Business Conduct and Ethics, Guidelines on Governance, Code of Ethical Conduct for Senior Financial Officers and the charters of its Audit, Compensation, and Nominating and Corporate Governance Committees and each is available in print, without charge, to any shareholder requesting a paper copy of the documents by contacting Investor Relations at the Company's address set forth on page 1.

Shares Outstanding

All shareholders of record on the close of business on March 15, 2017 are entitled to vote at the annual meeting. On March 15, 2017, the Company had 90,590,980 common shares outstanding; of this amount, 2,961,214 common shares were held in the Company's deferred benefit plans and are not entitled to vote. Each voting share is entitled to one vote.

Availability of Proxy Materials

The Company is pleased to continue to take advantage of the SEC rule which allows companies to furnish proxy materials to their shareholders over the Internet. As a result, the Company has mailed to most of its shareholders a Notice of Availability of Proxy Materials instead of a printed copy of all of the proxy materials. The Notice of Availability of Proxy Materials you received provides instructions on how to access and review the Company's proxy materials, submit your vote on the Internet and request a printed copy of the Company's proxy materials. The Company believes this process of sending you the Notice of Availability of Proxy Materials reduces the environmental impact of printing and distributing hard copy materials and lowers the cost of printing and distribution. If you previously requested printed copies of the proxy materials, the Company has provided you with printed copies of the proxy materials instead of the Notice of Availability of Proxy Materials. If you would like to reduce the environmental impact and the costs the Company incurs in mailing proxy materials, you may elect to receive all future proxy materials electronically via the Internet. To request electronic delivery, please follow the instructions provided with your proxy materials and on your proxy card for electronic delivery of future proxy materials.

The Company's annual report is being made available to all shareholders entitled to receive notice of and to vote at the annual meeting. The annual report is not incorporated into this proxy statement and should not be considered proxy solicitation material.

Voting

If on the record date your shares were registered directly in your name with the Company's transfer agent, you are a "shareholder of record." As a shareholder of record, you may vote in person at the annual meeting or by proxy. To vote by proxy, sign and return the proxy card or submit your proxy via the Internet or by telephone by following the instructions on the Notice of Internet Availability of Proxy Materials or proxy card. Voting by proxy does not affect your right to vote in person at the annual meeting. Whether or not you plan to attend the meeting, the Company urges you to vote by proxy.

If on the record date your shares were held through a broker, bank or other agent and not in your name, then you are a "beneficial owner." If you are a beneficial owner, your shares are held in street name, as is the case for most of the

Company's shareholders. As a beneficial owner, you should have received a voting instruction form with the voting instructions from the organization holding your account, rather than from the Company, and you have the right to direct how the shares in your account are to be voted. Please complete and mail the voting instruction form as instructed to ensure your vote is counted.

2017 Proxy Statement 56

Table of Contents

Alternatively, you may vote by telephone or over the Internet if permitted by your bank, broker or other agent by following the instructions provided in the Notice of Availability of Proxy Materials or voting instruction form. As a beneficial owner, you are also invited to attend the annual meeting. However, since you are not a shareholder of record, you may not vote your shares in person at the annual meeting unless you request and obtain a valid proxy from your bank, broker or other agent. Follow the instructions from your broker, bank or other agent included with the proxy materials, or contact your bank, broker or other agent to request such form of proxy.

You may vote “For” all of the nominees for Trust Manager or you may “Withhold” your vote for any nominee you specify. You may vote “For” or “Against,” or “Abstain” from voting, for the ratification of Deloitte as the Company’s independent registered public accounting firm for 2017 and on the advisory vote on executive compensation.

If you indicate a choice on your proxy on a particular matter to be acted upon, the shares will be voted as indicated.

If you are a shareholder of record and you return a signed proxy card but do not indicate how you wish to vote, the shares will be voted for all of the nominees for Trust Manager, for ratification of Deloitte as the Company’s independent registered accounting firm for 2017 and for approval of the advisory vote on executive compensation. If you do not sign a proxy card, your shares will not be voted and will not be deemed present for the purpose of determining whether a quorum exists.

If you are a beneficial owner and the organization holding your account does not receive instructions from you as to how to vote those shares, under the rules of the NYSE, that organization may exercise discretionary authority to vote on routine proposals (such as the proposal to ratify the selection of Deloitte as the Company’s independent registered public accounting firm) but may not vote on non-routine proposals (such as the other matters). As a beneficial owner, you will not be deemed to have voted on such non-routine proposals. The shares which cannot be voted by banks, brokers or other agents on non-routine matters are called broker non-votes. Broker non-votes will be deemed present at the annual meeting for purposes of determining whether a quorum exists for the annual meeting. Broker non-votes will make a quorum more readily obtainable, but will not be counted as votes cast.

For election of Trust Managers, abstentions and broker non-votes will not affect the vote outcome. For ratification of the appointment of the Company’s independent registered accounting firm, an abstention will have the same effect as an “Against” vote, and as this is a routine matter, there will not be any broker non-votes. For approval of the advisory vote on executive compensation, an abstention will have the same effect as an “Against” vote, but a broker non-vote will not affect the vote outcome.

Revoking a Proxy

If you are a shareholder of record, you may revoke your proxy at any time before the annual meeting by delivering a written notice of revocation or a duly executed proxy card bearing a later date to the Company’s principal executive offices at 11 Greenway Plaza, Suite 2400, Houston, Texas 77046, Attention: Corporate Secretary. Such notice or later dated proxy must be received by the Company prior to the annual meeting. You may also revoke your proxy by attending the Annual Meeting and voting in person.

If you are a beneficial owner, please contact your broker, bank or other agent for instructions on how to revoke your proxy.

Quorum

The Company needs a quorum of shareholders to hold its annual meeting. A quorum exists when at least a majority of the Company’s outstanding shares entitled to vote on the record date are represented at the annual meeting either in person or by proxy. Your shares will be counted towards the quorum only if you submit a valid proxy or vote at the annual meeting. Shareholders who vote “Abstain” on any proposal and discretionary votes by brokers, banks and related agents on the routine proposal to ratify the appointment of the Company’s independent registered accounting firm will be counted towards the quorum requirement.

Table of Contents

Proxy Solicitation Costs

The Company will pay all of the costs of soliciting proxies. Some of the Company's Trust Managers, officers and other employees may solicit proxies personally or by telephone, mail, facsimile or other electronic means of communication. They will not be specially compensated for these solicitation activities. The Company does not expect to pay any fees for the solicitation of proxies, but may pay brokerage firms and other custodians for their reasonable expenses for forwarding solicitation materials to the beneficial owners of shares.

Householding

The SEC has adopted rules which permit companies and intermediaries (for example, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement or Notice of Availability of Proxy Materials addressed to those shareholders. A number of brokers with account holders who are shareholders of the Company "household" the Company's proxy materials in this manner. If you have received notice from your broker it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, annual report or Notice of Availability of Proxy Materials, please notify your broker and the Company's Investor Relations department in writing at 11 Greenway Plaza, Suite 2400, Houston, Texas 77046 or by telephone at (800) 922-6336 or (713) 354-2787. If you currently receive multiple copies of the Notice of Availability of Proxy Materials or proxy statement at your address and would like to request householding of your communications, please contact your broker.

Other Business

The Company does not know of any matter to be presented or acted upon at the meeting, other than the proposals described in this proxy statement. If any other matter is presented at the meeting on which a vote may be properly taken, the shares represented by proxies will be voted in accordance with the judgment of the persons named as proxies on the proxy card or voting instruction form.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely on a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company during or with respect to 2016, we believe all SEC filing requirements applicable to Trust Managers, officers and beneficial owners of more than 10% of the Company's common shares were complied with in 2016, except Mr. Campo had a late Form 5 filing reflecting two gifts in the aggregate of 2,439 common shares.

Certain Relationships and Related Transactions

The Company is not a party to any transaction with executive officers or Trust Managers which is required to be disclosed under Item 404(a) of Regulation S-K, except as described below. In addition, the Company has not made any contributions to any tax exempt organization in which any independent Trust Manager serves as an executive officer within the preceding three years which, for in any single fiscal year, exceeded the greater of \$1 million or 2%, of such tax exempt organization's consolidated gross revenues.

Prior to the merger of the Company with Summit Properties, Inc. ("Summit") in 2005, Summit entered into an amended and restated employment agreement with William F. Paulsen, who is a Trust Manager. The Company assumed this agreement as a result of the merger with Summit and subsequently entered into a separation agreement with Mr. Paulsen, which was effective as of the effective time of the merger with Summit on February 28, 2005. Pursuant to the separation agreement, as of the effective time of the merger, Mr. Paulsen resigned as an officer and director of Summit and all entities related to Summit, and the employment agreement between Summit and Mr. Paulsen was terminated. Also pursuant to the separation agreement, Mr. Paulsen continues to receive health benefits at a cost comparable to those paid by similarly situated employees, secretarial and computer-related services, and office facilities for the remainder of his life, which payments totaled \$142,612 in 2016.
