PRESS RELEASE

FOR IMMEDIATE PUBLICATION

CGI acquires UAB strengthening its BPO and insurance industry expertise

Montreal, Quebec, November 12, 2002 - CGI Group Inc. (CGI) (TSX: GIB.A; NYSE: GIB) today announced the signing of a binding memorandum of understanding (MOU) for the acquisition of the Underwriters Adjustment Bureau Ltd. (UAB) with an annualized revenue run rate of approximately CDN\$100 million. The acquisition is expected to close on January 1, 2003 when the terms and conditions will be finalized. The purchase price is CDN\$53 million and the transaction is expected to be accretive to CGI's fiscal 2003 earnings. The acquisition of UAB significantly expands CGI's capabilities of its insurance and business process services units.

Founded in 1951, UAB is Canada's only "One-Stop-Risk-Shop", providing claims management, underwriting and actuarial services for the property and casualty (P&C) insurance industry. Additionally, through its KeyFacts subsidiary, UAB also offers attending physician statements, investigation and surveillance services, real estate management services and pre-employment services to life and health insurers. With operational headquarters in Toronto, UAB and subsidiaries employ professionals Canada-wide. UAB is collectively owned by a group of shareholders, many of whom are also clients of UAB and CGI. Clients include insurers such as CGU, ING Canada and Royal & SunAlliance. Beyond insurance companies, UAB's clients include the Ontario and British Columbia provincial governments and the Nuclear Insurance Association of Canada.

"In order for UAB to reach its full potential, we needed to align ourselves with a large, established IT and business process outsourcing (BPO) player. With this acquisition, we see a lot of opportunities for strategic growth with a quality-driven, dynamic team committed to BPO expansion," said Byron Messier, chairman of UAB.

Serge LaPalme, president and chief executive officer of UAB added: "With our long insurance history coupled with our firmly established relationship with CGI, the fit was natural. We see how the industry is rapidly evolving and know that keeping our technology leading-edge is what CGI is well-positioned to do."

2

Michael Roach, president and chief operating officer for CGI added: "The acquisition of UAB is another very important milestone in CGI's growth commitment to the insurance vertical and to expanding our BPO capability. With this acquisition, CGI will be gaining a large base of extremely well known industry experts with deep client relationships. UAB will become an integral part of our new North American vertical focused on bringing world-class BPO-based solutions to the insurance sector. We see many synergies between our two firms that when leveraged will bring increased value to our clients and shareholders. I would also like to warmly welcome Serge LaPalme, his leadership team and all UAB professionals to CGI."

Clients within the financial services sectors account for 40% of CGI's revenue.
