Use of proceeds We will not receive any proceeds from the sale of the securities by the Selling Shareholders. See "Use of Proceeds."

We paid cash dividends per common share of \$0.164 on February 13, 2015, May 15, 2015 and August 14, 2015 (adjusted for the August 2015 stock split). Although we expect to continue to declare and pay quarterly cash dividends in the future, any such dividend would be at the discretion of our board of directors and would be subject to various federal and state regulatory limitations.

Risk factors The shares of common stock offered in this prospectus supplement involve a high degree of risk. See "Risk Factors."

Nasdaq Global Select Market for our common stock "SRCE"

⁽¹⁾ This amount includes 310,955 shares of non-vested stock and 703,980 shares of mandatorily redeemable stock related to the Company's stock-based employee compensation plans. These categories of stock are not included in the shares outstanding reported by the Company in its 10-K and 10-Q filings. However, shares in these categories are voting shares and thus are included in the shares outstanding reported by the Company in its annual proxy statements. The October 16, 2015 10-Q reported a total of 26,082,147 shares outstanding. Those 26,082,147

Edgar Filing: 1ST SOURCE CORP - Form 424B3

shares plus the 311,579 shares of non-vested stock outstanding as of that date and 705,346 shares of mandatorily redeemable stock outstanding as of that date is 27,099,072 shares. The 24,024 share difference between the October 16, 2015 total outstanding share amount of 27,099,072 and the current amount of 27,075,048 shares outstanding is largely due to normal Company buybacks of its shares in the market.

S-3

RISK FACTORS

Investing in our securities involves a high degree of risk.

The fact that the Selling Shareholders have additional shares registered for resale may depress market prices of our common stock. We have filed a registration statement with the Commission covering the potential resale by 1st Source Bank as trustee of the Morris Trusts established for the benefit of two family lines, including the shares in this offering. Following this offering shares of our common stock will remain registered for resale and may be sold under the registration statement at the direction of the principal beneficiaries of the pertinent trusts and certain other selling shareholders. While such holders have agreed not to sell additional shares following the offering during the lock-up period as described herein, following the lock-up period such holders may choose to sell their remaining registered shares at any time. Some market participants may assume that such remaining shares will become available to the market relatively soon and choose to defer purchasing our shares on the market. This may, in turn, have an effect of depressing the market price for our common stock. In addition, the future sale of substantial amounts of common stock by the Selling Shareholders may also depress the market price of our common stock.

Please also see the risk factors described under the caption “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2014 as well as any updated risk factors described in our Annual Reports on Form 10-K or Quarterly Reports on Form 10-Q which we may file with the Commission in the future, all of which are incorporated by reference in this prospectus supplement and the accompanying prospectus.

Before making an investment decision, you should carefully consider these risks as well as information we include or incorporate by reference in this prospectus supplement and the accompanying prospectus. The risks and uncertainties we have described are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that currently seem immaterial may also affect our business operations. You should also consider the other important factors that can affect our business discussed under the caption “Special Note Regarding Forward-Looking Statements”.

USE OF PROCEEDS

The Selling Shareholders will receive all net proceeds from the sale of our common stock in this offering. We will not receive any proceeds from the resale of shares of common stock by the Selling Shareholders. See “Selling Shareholders” and “Plan of Distribution” in the accompanying prospectus.

SELLING SHAREHOLDERS

The following table sets forth: (1) the name of each Selling Shareholder for whom we have registered the resale of shares under the registration statement of which this prospectus supplement is a part and which have elected to sell shares in this offering; (2) the number of our shares of common stock owned by such Selling Shareholder prior to this offering and percentage of such shares of the total number of the Company’s issued and outstanding shares, calculated based on 27,075,048 outstanding as of the date of this prospectus supplement; and (3) the number of our shares of common stock being offered pursuant to this prospectus supplement.

Beneficial ownership is determined in accordance with the rules of the Commission and includes voting or investment power with respect to the securities. Unless and until the family representative of a separate family trust line appoints a special trustee for shares in one or more trusts in such representative’s family group, the Trustee will have sole voting power and the respective family representative will have shared investment power with respect to the Company common shares held in trust, and will be deemed the beneficial owner of the shares. If a family representative of a separate family trust line appoints a special trustee for shares in one or more trusts in such representative’s family group, then the Trustee and that special trustee will each have investment power with respect to the Company common shares held in trust, and both will be deemed a beneficial owner of the shares.

UNDERWRITING

The Selling Shareholders are offering the shares of our common stock described in this prospectus supplement through Keefe, Bruyette & Woods, Inc., as underwriter. We and the Selling Shareholders intend to enter into an underwriting agreement with Keefe, Bruyette & Woods, Inc. Subject to the terms and conditions of the underwriting agreement, the underwriter will agree to purchase from the Selling Shareholders, and the Selling Shareholders will agree to sell to the underwriter, the number of shares of our common stock set forth opposite the name of the underwriter below at the public offering price less the underwriting discounts set forth on the cover page of this prospectus supplement.

Underwriter	Number of Shares
Keefe, Bruyette & Woods, Inc.	1,200,000
Total	1,200,000

The underwriting agreement will provide that the obligations of the underwriter to purchase the shares of our common stock offered hereby are subject to certain conditions precedent and that the underwriter will purchase all of the shares that the Selling Shareholders determine to sell, if any are purchased. The underwriting agreement will provide that the obligations of the underwriter are subject to approval by underwriters' counsel of legal matters and certain other conditions as set forth in the underwriting agreement. The underwriting agreement may be terminated upon the occurrence of the events specified in the underwriting agreement.

The following table shows the per share and total underwriting discounts and commissions that the underwriter will receive and the proceeds the Selling Shareholders will receive.

	Per Share	Total
Price to public	\$30.50	\$36,600,000
Underwriting discounts and commissions ⁽¹⁾	\$0.7625	\$915,000
Proceeds to the Selling Shareholders, before expenses	\$29.7375	\$35,685,000

(1) We will bear all expenses of registration and transaction fees and expenses incurred in connection with this offering up to \$100,000, except any underwriting discounts and commissions and certain other expenses incurred by the Selling Shareholders in disposing of their shares as further described below. The Selling Shareholders will bear other transaction expenses in excess of \$100,000.

The underwriter has advised us that it proposes to offer the shares of our common stock offered hereby directly to the public at the public offering price on the cover of this prospectus supplement and to selected dealers at such offering price less a selling concession not in excess of \$0.4575 per share. The underwriter may allow, and any selected dealers may reallow, a concession not in excess of \$0.10 per share to certain brokers and dealers. After the offering, the underwriter may change the offering price and other selling terms. Sales of the shares of our common stock offered hereby made outside of the United States may be made by affiliates of the underwriter.

We have also agreed to bear certain expenses in connection with the registration of the securities covered by this prospectus supplement incurred in connection with this offering and to reimburse the underwriter for certain of its offering expenses, including its fees and disbursements of counsel. We will pay (i) the reasonable fees and disbursements of counsel to the underwriter, and (ii) all costs and expenses of the underwriter up to \$100,000, and any such fees and expenses in excess of such amount will be paid (or reimbursed) by the Selling Shareholders. In accordance with FINRA Rule 5110, the reimbursement of certain expenses of the underwriter is deemed underwriting

compensation for this offering. We estimate that the total expenses of this offering, excluding the underwriting discounts and commissions and transfer taxes, if any, will be approximately \$300,000, of which \$100,000 will be paid by us.

S-7

The Selling Shareholders and certain of our directors and executive officers have agreed that, without the prior written consent of the underwriter, they will not directly or indirectly (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or otherwise transfer or dispose of, directly or indirectly, any share of our common stock or any securities convertible into or exercisable or exchangeable for our common stock, whether now owned or hereafter acquired by the Selling Shareholders or with respect to which the Selling Shareholders have or hereafter acquire the power of disposition, or file any registration statement under the Securities Act, with respect to any of the foregoing, (ii) enter into any swap, hedge or any other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the economic consequence of ownership of our common stock, whether any such swap, hedge or transaction described in clause (i) or (ii) above is to be settled by delivery of our common stock or such other securities, in cash or otherwise, or (iii) publicly disclose the intention to make any such offer, pledge, sale or disposition, or to enter into any such swap, hedge, transaction or other arrangement. The underwriter in its sole discretion may release the securities subject to such agreement at any time without notice.

The restrictions described in the immediately preceding paragraph will be in effect for a period ending 80 days following the date of the final prospectus. These restrictions are subject to certain standard exceptions; provided, however, that any transferee would be subject to these restrictions.

Indemnity

We have agreed to indemnify the underwriter and any of its affiliates, the Selling Shareholders and any persons who control the underwriter and the Selling Shareholders against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriter or the Selling Shareholders may be required to make in respect of these liabilities.

Stabilization, Covering Transactions and Penalty Bids

The underwriter may engage in stabilizing transactions, covering transactions and purchases to cover positions created by short sales, and penalty bids or purchases for the purpose of pegging, fixing or maintaining the price of our common stock, in accordance with Regulation M under the Exchange Act:

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum;

- Covering transactions involve purchases of our common stock in the open market after the distribution has been completed in order to cover short positions; and

Penalty bids permit the underwriter to reclaim a selling concession from a selected dealer when the common stock originally sold by the selected dealer is purchased in a stabilizing covering transaction to cover short positions. These stabilizing transactions and covering transactions may have the effect of raising or maintaining the market price of our common stock or preventing or slowing a decline in the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the NASDAQ Global Select Market or otherwise and, if commenced, may be discontinued at any time.

Neither we, the Selling Shareholders nor the underwriter make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we, the Selling Shareholders nor the underwriter make any representation that the underwriter will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

Passive Market Making

In connection with this offering, the underwriter and selling group members may engage in passive market making transactions in our common stock on the NASDAQ Global Select Market in accordance with Rule 103 of Regulation M under the Exchange Act during the period before the commencement of offers or sales of common stock and extending through the completion of distribution. A passive market maker must display its bids at a price not in excess of the highest independent bid of the security. However, if all independent bids are lowered below the passive market maker's bid that bid

must be lowered when specified purchase limits are exceeded. Passive market making may cause the price of our common stock to be higher than the price that otherwise would exist in the open market in the absence of those transactions. The underwriter and dealers are not required to engage in passive market making and may end passive market making activities at any time.

Electronic Distribution

This prospectus supplement and the accompanying prospectus in electronic format may be made available on the Internet sites or through other online services maintained by the underwriter and/or selling group members participating in this offering, or by their affiliates. In those cases, prospective investors may view offering terms online and, depending upon the underwriter or selling group member, prospective investors may be allowed to place orders online. The underwriter may agree with us to allocate a specific number of shares for sale to online brokerage account holders. Any such allocation for online distributions will be made by the underwriter on the same basis as other allocations.

Other than the prospectus supplement and the accompanying prospectus in electronic format, the information on any underwriter's or any selling group member's web site and any information contained in any other web site maintained by the underwriter or any selling group member is not part of the prospectus supplement, the accompanying prospectus or the registration statement of which this prospectus supplement and the accompanying prospectus forms a part, has not been approved and/or endorsed by us, the Selling Shareholders or the underwriter or any selling group member in its capacity as underwriter or selling group member and should not be relied upon by investors.

Affiliations

The underwriter and its respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing, valuation and brokerage activities. From time to time, the underwriter and/or its affiliates have directly and indirectly engaged, or may engage, in various financial advisory, investment banking and commercial banking and other services for us and our affiliates in the ordinary course of its business, for which they have received, or may receive, customary compensation, fees, commissions and expense reimbursement. In addition, in the ordinary course of its various business activities, the underwriter and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and those investment and securities activities may involve securities and/or instruments of ours. INCORPORATION BY REFERENCE

ABOUT THIS PROSPECTUS

In this prospectus, unless otherwise indicated, the terms “we,” “us,” “our” and the “Company” refer to 1st Source Corporation and, where appropriate, our subsidiary companies.

1st Source Bank (the “Bank”) is an Indiana banking corporation and wholly owned subsidiary of the Company. The Bank serves as trustee (the “Trustee”) of various trusts held for the benefit of Mrs. Ernestine Raclin and her descendants. Thirty-eight of the trusts hold shares of our common stock. These 38 trusts are collectively referred to as the “Morris Trusts”.

In 2012, the Trustee filed an action in St. Joseph Probate Court, St. Joseph County, Indiana, to resolve certain matters related to 22 of the 38 Morris Trusts (the “Litigation”). Two of Mrs. Raclin’s children (and their respective children) filed a counter-petition. The parties reached a settlement of the Litigation which was approved by the Court on October 8, 2015. In connection with the settlement, the Selling Shareholders (the Trustee, as trustee of the Morris Trusts, and certain of the beneficiaries of the Morris Trusts) and the Company entered into a Registration Rights Agreement, dated October 8, 2015. The Company agreed to use commercially reasonable best efforts to register the shares held by the Selling Shareholders for resale under the Securities Act. Pursuant to the Registration Rights Agreement, the Company has filed with the Securities and Exchange Commission a registration statement of which this prospectus is a part, using a “shelf” registration, or continuous offering, process. Under this shelf registration process, the Selling Shareholders may, from time to time, offer and sell, in one or more transactions, the securities described in this prospectus.

We may provide one or more prospectus supplements containing specific information about the terms of a particular offering by the Selling Shareholders. The prospectus supplements may add, update or change information in this prospectus. If the information in this prospectus is inconsistent with a prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and, if applicable, any prospectus supplements. You should rely only on the information contained or incorporated by reference in this prospectus. We have not, and any underwriters have not, authorized anyone to provide you with information different from that contained in this prospectus, and in any prospectus supplements. If anyone provides you with different or inconsistent information, you should not rely on it.

The Selling Shareholders are not offering to sell shares of common stock or seeking offers to buy shares of common stock in any jurisdiction where offers and sales are not permitted. The information contained in this prospectus is accurate only as of the date of this prospectus, regardless of the time of delivery of this prospectus or any sale of the common stock offered hereby.

Transfer Agent and Registrar

The transfer agent and registrar for 1st Source common stock is American Stock Transfer & Trust Company.

PLAN OF DISTRIBUTION

The Selling Shareholders and their successors, including their transferees, may sell the securities directly to purchasers or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions from the Selling Shareholders or the purchasers of the securities. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent may be in excess of those customary in the types of transactions involved.

The securities may be sold in one or more transactions at fixed prices, at prices then prevailing or at prices related to the current market price or at negotiated prices. These sales may be effected in transactions, which may involve block transactions, in the following manner:

- on any national securities exchange or quotation service on which the common stock may be listed or quoted at the time of sale, including, as of the date of this prospectus, the Nasdaq Global Select Market;
- in the over-the-counter market; or
- in transactions otherwise than on these exchanges or services or in the over-the-counter market;
- involving one or more of the following:
 - an offering in which any or all of the Selling Shareholders' shares are sold to an underwriter for reoffering to the public, whether on a firm commitment or best efforts basis;
 - purchases by a broker-dealer as principal and resale by the broker-dealer for its own account;
 - brokerage transactions in which the broker-dealer as agent solicits purchases, which may involve compensation in excess of customary commissions;
 - private transactions negotiated by the Selling Shareholders or their agents directly with purchasers;
 - exchange distributions in accordance with the rules of the applicable exchange;
 - through the writing or settlement of options or other hedging transactions, whether such options are listed on an options exchange or otherwise; or
 - any other lawful transaction.

In addition, any securities that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus. In addition, the Selling Shareholders may sell, transfer or otherwise dispose of, at any time and from time to time, shares of our common stock in other transactions exempt from the registration requirements of the Securities Act.

In connection with the sale of the shares or otherwise, the Selling Shareholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Shareholders may also sell short the securities and deliver securities to close out short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities.

The aggregate proceeds to the Selling Shareholders from the sale of the securities will be the purchase price of the securities less discounts and commissions, if any.

In effecting sales, broker-dealers or agents engaged by the Selling Shareholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the Selling Shareholders in amounts to be negotiated immediately prior to the sale.

In offering the securities covered by this prospectus, the Selling Shareholders and any broker-dealers who execute sales for the Selling Shareholders may be deemed to be "underwriters" within the meaning of Section 2(a)(11) of the Securities Act in connection with such sales. Any profits realized by the Selling Shareholders and the compensation of any broker-dealer may be deemed to be underwriting discounts and commissions. Selling shareholders who are "underwriters" within the meaning of Section 2(a)(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory and regulatory

liabilities, including liabilities imposed pursuant to Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934 (the "Exchange Act").

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of securities pursuant to this prospectus and to the activities of the Selling Shareholders. In addition, we will make copies of this prospectus available to the Selling Shareholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the Nasdaq Global Select Market pursuant to Rule 153 under the Securities Act.

At the time a particular offer of securities is made, if required, a prospectus supplement will set forth the number and type of securities being offered and the terms of the offering, including the name of any underwriter, dealer or agent, the purchase price paid by any underwriter, any discount, commission and other item constituting compensation, any discount, commission or concession allowed or reallocated or paid to any dealer, and the proposed selling price to the public.

We have agreed to indemnify the Selling Shareholders against certain liabilities, including certain liabilities under the Securities Act. We have also agreed, among other things, to register the securities and bear substantially all expenses in connection with the registration of the securities covered by this prospectus and associated state securities law qualifications. We will not bear transaction expenses associated with offers of shares except in the case of limited underwritten offerings. We will not bear transaction expenses associated with an underwritten offering in excess of \$100,000 (up to an aggregate of \$400,000 for four underwritten offerings).

SELLING SHAREHOLDERS

We are registering for resale an aggregate of 3,068,851 of our common shares to be sold by the Selling Shareholders set forth herein. Once the registration statement, of which this prospectus is a part, is declared effective, the common shares held by the Selling Shareholders indicated in the table below as having been registered under such registration statement will be available for resale in the public market.

The registration for resale of the shares of our common stock by the Selling Shareholders is an accommodation extended to the Selling Shareholders pursuant to the settlement of the Litigation. We do not know when or in what amounts the Selling Shareholders may offer shares for sale. The Selling Shareholders might not sell any of the shares registered pursuant to the registration statement of which this prospectus forms a part. Because the Selling Shareholders may offer all or some of the shares pursuant to the registration statement of which this prospectus forms a part and because there are currently no agreements or understandings with respect to the sale of any shares, we cannot estimate the number of shares that will be held by the Selling Shareholders after completion of this offering.

1st Source Bank is the Trustee of various trusts held for the benefit of Mrs. Ernestine Raclin and her descendants. Thirty-eight of those trusts hold shares of our common stock. These 38 trusts are collectively referred to as the "Morris Trusts". The Bank has served as Trustee of the Morris Trusts continuously since 1985. There are four groups of Morris Trusts, divided according to family line groups corresponding to Mrs. Raclin's four living children, namely Ernestine C. Nickle, Stanley C. Carmichael, Oliver C. Carmichael III and Carmen C. Murphy (the "Raclin Siblings").

The Selling Shareholders are:

- the Trustee, as trustee of certain of the Morris Trusts, and
- certain beneficiaries of such Morris Trusts.

In 2012, the Trustee filed an action in St. Joseph Probate Court, St. Joseph County, Indiana, to resolve certain matters related to 22 of the 38 Morris Trusts (the “Litigation”). Two of the Raclin Siblings and their respective children filed a counter-petition objecting to the Trustee’s proposed division of the Morris Trusts and alleging that the Trustee breached its duty by, among other things, failing to diversify the assets in the Morris Trusts. The parties reached a settlement of these proceedings which was approved by the Court on October 8, 2015 and became effective on that date. Pursuant to the settlement agreement, six of the Morris Trusts that were not otherwise allocated among the four family groups were divided into subtrusts corresponding to the four separate family lines. The Morris Trusts were modified to allow representatives of the four respective family trust lines (if and when they so choose) to direct the trustee (or appoint a special trustee) to diversify the Company stock holdings in such trusts. Each family line representative may also separately direct the Trustee to engage an independent proxy service to provide voting recommendations to the Trustee, in which case the Trustee has agreed to vote the Company shares in the trusts of such family line in accordance with the recommendations of such independent proxy service, unless to do so would be contrary to applicable Commission legal and regulatory guidelines and requirements or violate the Trustee’s fiduciary obligations. If the family representative appoints a special trustee for shares in one or more trusts in such representative’s family group, the special trustee will have power to vote such shares.

In connection with the settlement, the Selling Shareholders (the Trustee, as trustee of the Morris Trusts, and certain of the beneficiaries of the Morris Trusts) and the Company entered into a Registration Rights Agreement, dated October 8, 2015. The Company agreed to use commercially reasonable best efforts to register the shares held by the Selling Shareholders for resale under the Securities Act. Pursuant to the Registration Rights Agreement, the Company has filed with the Securities and Exchange Commission a registration statement of which this prospectus is a part, using a “shelf” registration, or continuous offering, process. Under this shelf registration process, the Selling Shareholders may, from time to time, offer and sell, in one or more transactions, the securities described in this prospectus.

The Registration Rights Agreement obligates us to file the registration statement and seek to maintain the effectiveness of the registration statement at our expense. If a Selling Shareholder proposes an underwritten offering of the Company shares covered by this prospectus, we are obligated to take steps to coordinate the opportunity for other Selling Shareholders to participate in such transaction if they choose and otherwise reasonably cooperate with the underwriting. We will not bear transaction expenses associated with any underwritten offering in excess of \$100,000 (up to an aggregate of \$400,000 for four underwritten offerings).

Beneficial ownership is determined in accordance with the rules of the Commission and includes voting or investment power with respect to the securities. Unless and until the family representative of a separate family trust line appoints a special trustee for shares in one or more trusts in such representative’s family group, the Trustee will have sole voting power and the respective family representative will have shared investment power with respect to the Company common shares held in trust, and will be deemed the beneficial owner of the shares. If a family representative of a separate family trust line appoints a special trustee for shares in one or more trusts in such representative’s family group, then the Trustee and that special trustee will each have investment power with respect to the Company common shares held in trust, and both will be deemed a beneficial owner of the shares.

The Selling Shareholders have a material relationship with the Company due to the Bank’s role as Trustee of the Morris Trusts and their family relationship with Ernestine M. Raclin, Chairman Emeritus of the Company. In addition, Mrs. Raclin’s daughter, Carmen C. Murphy, a beneficiary of one of the Morris Trusts and the family representative for one of the four family lines in which the trusts are categorized, is the wife of Christopher J. Murphy III, the current Chairman of the Board and Chief Executive Officer of the Company. In addition, Allison N. Egidi and Christopher J. Murphy IV, directors of the Company, and Christopher J. Murphy III, the current Chairman of the Board and Chief Executive Officer of the Company, are beneficiaries of certain trusts in the four family lines. Information about the Selling Shareholders may change over time and changed information will be set forth in supplements to this prospectus if and when necessary. In addition, the Selling Shareholders listed in the table below may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, shares of our common stock in transactions exempt from the registration requirements of the Securities Act after the date on which they provided the information set forth on the table below.

The following table sets forth: (1) the name of each Selling Shareholder for whom we are registering the resale of shares under the registration statement of which this prospectus is a part; (2) the number of our shares of

common stock owned by such Selling Shareholder prior to this offering and percentage of such shares of the total number of the Company's issued and outstanding shares, calculated based on 26,082,147 outstanding as of the date of this prospectus; and (3) the number of our shares of common stock being offered pursuant to this prospectus. The registration of shares of common stock for resale pursuant to this registration statement does not necessarily mean that the Selling Shareholders will sell all or any shares of common stock offered by this prospectus. However, for illustrative purposes, we also set forth the number of shares that would be beneficially owned by each Selling Shareholder based on the assumption that all shares offered by this prospectus are sold.

The term "Selling Shareholders" includes donees, pledgees, transferees or other successors-in-interest (including any (1) co-trustee, special trustee or successor trustee) selling shares received after the date of this prospectus from a Selling Shareholder as a gift, pledge, partnership distribution or other non-sale related transfer.
