ITEM 1.02 TERMINATION OF A MATERIAL DEFINITIVE AGREEMENT.

On June 24, 2005, the Board of Directors of Berkshire Bank (the "Bank"), a wholly-owned subsidiary of Berkshire Hills Bancorp, Inc. (the "Company"), voted to terminate the Bank's Employee Stock Ownership Plan (the "ESOP"), effective on June 30, 2005. The ESOP currently holds 680,687 shares, or 7.75% of the Company's total outstanding shares of common stock, of which 416,387 shares are unallocated. In connection with the termination of the ESOP, the ESOP Trustee will transfer approximately 148,000 shares to Berkshire Hills Funding Corporation, a wholly-owned subsidiary of the Company, to satisfy the ESOP loan in full. Upon such transfer, the 148,000 shares will be treated as treasury stock, while the remaining 268,000 unallocated shares in the ESOP will be treated as outstanding for earnings pre share calculations. Upon receipt of a favorable determination letter from the Internal Revenue Service, participants as of June 30, 2005 will receive the approximately 172,000 unallocated shares remaining in the ESOP after factoring in the shares that were tendered by the ESOP Trustee to pay off the balance of the ESOP loan and the shares released as a result of the loan prepayment described below.

Before the termination of the ESOP, the Bank made a \$900,000 prepayment on the loan releasing approximately 96,000 shares from the ESOP suspense account. These shares are expected to be allocated to participants during the first quarter of 2006.

The termination of the ESOP will be accretive to earnings for each of the years in the ten-year period that remained on the ESOP loan term. The transaction will result in an increase of approximately \$0.02 diluted earnings per share in the second half of fiscal 2005 and an increase of approximately \$0.05 diluted earnings per share in fiscal 2006 following a charge of approximately \$8.7 million, or \$1.25 diluted earnings per share, in the quarter ending June 30, 2005 in connection with the termination of the ESOP.

The termination of the ESOP will not have a negative impact on stockholders' equity primarily because of the elimination of the contra-equity account created at the time the ESOP was established and due to increases in additional paid-in capital.

ITEM 7.01 REGULATION FD DISCLOSURE.

On June 30, 2005, the Company announced that it completed its offering of \$15.0 million of trust preferred securities. The securities were issued by a special purpose business trust formed by the Company and were sold in a private placement pursuant to an applicable exemption from registration under the Securities Act of 1933, as amended,

The interest rate on the trust preferred securities will adjust quarterly during their 30-year term based on the 3 month LIBOR plus 1.85%, with an initial rate of 5.34%. The Company intends to use the proceeds of the offering for general corporate purposes, including possible repurchases of its common stock and contributions to the capital of the Bank.
