NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. BASIS OF PRESENTATION

We have prepared the consolidated financial statements presented herein as of and for the nine months ended December 30, 2000 and January 1, 2000 in accordance with accounting principles generally accepted in the United States and with instructions to Form 10-Q. These financial statements were not audited by our independent public accountants, but include all adjustments (consisting of normal recurring adjustments) which in our management's opinion are necessary for a fair presentation of the financial condition, results of operations and cash flows for those periods. References to Advanced Marketing Services, Inc. throughout these Consolidated Financial Statements are made using the first person notations of "we", "our", or "us".

The accompanying consolidated financial statements include our accounts and those of our wholly-owned subsidiaries. Our policy is to include the operating results of our foreign subsidiaries in our Consolidated Statements of Income one month in arrears. We have eliminated all significant intercompany accounts and transactions.

We have omitted certain information and footnote disclosures normally included in financial statements in accordance with accounting principles generally accepted in the United States pursuant to requirements of the Securities and Exchange Commission. Our management believes that the disclosures included in the accompanying interim financial statements and footnotes are adequate so that the information is not misleading. For further information, refer to the financial statements and notes included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2000.

Our results of operations for the nine month period ended December 30, 2000 are not necessarily indicative of the results to be expected for our fiscal year ending March 31, 2001. Our net sales in the third fiscal quarter have historically been, and we expect them to continue to be, significantly greater than in any other quarter of our fiscal year due to increased demand during the holiday season.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires our management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Our actual results could differ from those estimates.

2. INTERIM ACCOUNTING PERIODS

In accordance with wholesale distribution industry practice, our net sales and cost of goods sold for interim periods are cut off on the Saturday nearest to the end of the calendar month. The cut-off for the fourth fiscal quarter is March 31. This practice may result in differences in the number of business days for which our sales and cost of goods sold are recorded both as to quarter-to-quarter comparisons, and as to comparisons of quarters between years.

3. COMPREHENSIVE INCOME (LOSS)

Total comprehensive income for the three months ended December 30, 2000 was \$10,880,000 and total comprehensive income for the three months ended January 1, 2000 was \$9,184,000. The adjustments to net income to arrive at total comprehensive income for the three months ended December 30, 2000 and January 1, 2000 were (\$536,000) and \$4,000, respectively, and primarily represent foreign currency translation adjustments.

6

Total comprehensive income for the nine months ended December 30, 2000 was \$17,674,000 and total comprehensive income for the nine months ended January 1, 2000 was \$14,622,000. The adjustments to net income to arrive at total comprehensive income for the nine months ended December 30, 2000 and January 1, 2000 were (\$406,000) and (\$46,000), respectively, and primarily represent foreign currency translation adjustments.

4. INCOME TAXES

Edgar Filing: ADVANCED MARKETING SERVICES INC - Form 10-Q

We currently provide for taxes on income regardless of when such taxes are payable in accordance with SFAS No. 109, "Accounting for Income Taxes". Deferred income taxes result from temporary differences in the recognition of income and expense for tax and financial reporting purposes. We paid income taxes during the nine months ended December 30, 2000 of \$8,369,000. We paid income taxes during the same period of the previous year of \$5,229,000.

5. INVESTMENTS, AVAILABLE-FOR-SALE

"Investments, Available-For-Sale" consist principally of highly rated corporate and municipal bonds. The cost and estimated fair market value of investments at December 30, 2000, March 31, 2000 and January 1, 2000 are as follows (in thousands):

December 30, 2000 (Unaudited)				
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
Debt Securities Issued by States of the U.S. and Political Subdivisions of the States	\$ 6,346	\$ 4	\$ 4	\$ 6,342
March 31, 2000				
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value

January 1, 2000 (Unaudited)				
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
Debt Securities Issued by States of the U.S. and Political Subdivisions of the States	\$ 4,670	\$ 2	\$ 1	\$ 4,671

7

As of December 30, 2000, we had investments in debt securities issued by States of the U.S. and political subdivisions of the States of approximately \$6,336,000 scheduled to mature within one year. For the quarters ended December 30, 2000 and January 1, 2000, we sold no investment prior to its maturity date. We realized no gain or loss on these sales. We use the specific identification method in determining cost on these investments. Our net decrease in unrealized gain on investments was approximately \$5,000 for the quarter ended December 30, 2000. Our net increase in unrealized gain on investments for the quarter ended January 1, 2000 was approximately \$3,000.

6. EQUITY TRANSACTIONS

On July 22, 1999, we adopted a stock repurchase program pursuant to which we may repurchase in open market or private transactions, from time to time, based upon existing market conditions, up to 300,000 shares of our Common Stock. We subsequently approved an additional aggregate increase of 700,000 shares in this repurchase program. As of the date of this report on Form 10-Q, we have repurchased approximately

Edgar Filing: ADVANCED MARKETING SERVICES INC - Form 10-Q

831,000 shares of our Common Stock (including the 256,100 shares referred to in Note 7) under the stock repurchase program. The repurchase program has no expiration date and will be financed through internal funds.

We recognize deferred compensation for stock options granted under our Stock Option Plan. The compensation is being amortized to expense over the vesting period of the options and we have expensed approximately \$55,000 during the three months ended December 30, 2000. The net balance of the remaining deferred compensation has been recorded as a separate component of stockholders' equity.

7. RELATED PARTY TRANSACTION

On December 11, 2000, pursuant to a prior agreement, we repurchased 256,100 shares of our Common Stock from our Chairman in a privately negotiated transaction for approximately \$4,000,000. The transaction reflects a 10 percent discount from the average market price for a specified period.

8. PER SHARE INFORMATION

On February 15, 1999, we effected a three for two stock split to stockholders of record on February 1, 1999. On January 17, 2000, we effected an additional three for two stock split to stockholders of record on January 3, 2000. Accordingly, we have restated all references to shares and earnings per share amounts included in these consolidated financial statements to reflect the stock splits.

10. EQUITY IN NET INCOME OF AFFILIATE

In September 1999, we acquired a 25 percent minority interest in Raincoast Book Distribution, Limited, a leading Canadian book distributor, for approximately \$900,000. Headquartered in Vancouver, British Columbia, Raincoast has the exclusive distribution rights for approximately 40 publishers in Canada. In addition, Raincoast, through its own proprietary imprint label, publishes a wide variety of books. We accounted for the investment under the equity method of accounting and, consistent with our policy regarding international subsidiaries, we include our portion of Raincoast's operating results in our Consolidated Statements of Income one month in arrears.

10

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

A. RESULTS OF OPERATIONS

Three Month Periods Ended December 30, 2000 and January 1, 2000:

Net income for the three months ended December 30, 2000 increased 24 percent to \$11,416,000, or \$.87 per diluted share, compared with net income of \$9,180,000 or \$.69 per diluted share, for the comparable three month period of the prior fiscal year.

Net sales for the three months ended December 30, 2000 increased 10 percent to \$246,144,000 from \$223,622,000 for the same period of the prior fiscal year. We attribute the growth in third quarter net sales primarily to sales to new customers (primarily the Borders Group), increased sales from our international subsidiaries and positive trends with our warehouse club customers. Customer return rates remained unchanged at 17 percent from the corresponding quarter last year. We attribute the stability in our customer return rates to the continuing success of our proprietary Vendor Managed Inventory (VMI) software.

Gross profit for the three months ended December 30, 2000 increased 25 percent to \$37,816,000 from \$30,303,000 in the comparable three month period of the prior fiscal year. Gross profit as a percentage of net sales increased to 15.4 percent from 13.6 percent in the same period of the prior fiscal year. This increase was primarily due to increased sales in the higher margin juvenile, gift and basic categories as well as AMS published products.

Distribution and administrative expenses for the three months ended December 30, 2000 increased 24 percent to \$19,990,000 and represented 8.1 percent of net sales compared to \$16,185,000, or 7.2 percent of net sales, in the same period of the prior fiscal year. The increase in

Edgar Filing: ADVANCED MARKETING SERVICES INC - Form 10-Q

distribution and administrative expenses resulted primarily from infrastructure investments related to our business and a \$900,000 increase in existing reserves for receivables due to a customer's recent filing for Chapter 11 bankruptcy protection.

Interest and dividend income decreased to \$710,000 in the third quarter of Fiscal 2001 from \$756,000 in the same period of the previous fiscal year as a result of lower cash and investment balances during the quarter more than offsetting the impact of higher yields.

Nine Month Periods Ended December 30, 2000 and January 1, 2000:

During the nine months ended December 30, 2000, our net income increased 23 percent to \$18,080,000, or \$1.37 per diluted share, compared with net income of \$14,668,000, or \$1.10 per diluted share, for the first nine months of the prior fiscal year.

Net sales for the first nine months of Fiscal 2001 increased 14 percent to \$571,463,000 from \$499,642,000 in the same period of the prior fiscal year. This increase was primarily due to increases in gross shipments to core customers, and to a lesser extent, our new sales relationship with the Borders Group.

During the first nine months of Fiscal 2001, gross profit increased 27 percent to \$79,186,000 from \$62,562,000 in the first nine months of the previous fiscal year. Gross profit as a percentage of net sales increased to 13.9 percent from 12.5 percent in the same period in the previous fiscal year. This increase was primarily due to increased sales volume in the higher margin juvenile, gift, and basic categories as well as AMS published products. Additional margin contribution came from our international subsidiaries and publisher incentive programs due in part to a refinement in our method of estimating income under these programs.

11

Distribution and administrative expenses for the nine months ended December 30, 2000 increased 29 percent to \$51,503,000 and represented 9.0 percent of net sales compared to \$40,070,000, or 8.0 percent of net sales, in the same period of the prior fiscal year. The increase in distribution and administrative expenses was due primarily to our continuing goal to diversify our worldwide customer base, our commitment to build the infrastructure required to address higher business requirements on a global level and a \$900,000 increase in existing reserves for receivables due to a customer's recent filing for Chapter 11 bankruptcy protection.

Interest and dividend income increased to \$1,519,000 in the nine months ended December 30, 2000 from \$1,453,000 in the corresponding period of the previous fiscal year as a result of higher yields within the investment portfolio.

B. LIQUIDITY AND SOURCES OF CAPITAL

For the nine months ended December 30, 2000, cash provided by our operating activities was \$42,348,000. In the same period of the prior fiscal year, cash provided by our operating activities was \$32,501,000. Trade accounts receivable increased \$46,789,000 compared to March 31, 2000 primarily as a result of increased seasonal sales to our broader worldwide customer base. Inventories at December 30, 2000 increased by \$8,220,000 compared to January 1, 2000 and \$2,974,000 compared to March 31, 2000. The increased levels compared to January 1, 2000 and March 31, 2000 were primarily due to increased inventory requirements to address our expanding customer base and additional inventory associated with our foreign acquisitions. Accounts payable increased \$7,728,000 compared to January 1, 2000 and \$70,797,000 compared to March 31, 2000 due to increased purchases to support our seasonal increase in third quarter sales. Cash and cash equivalents increased by \$27,655,000 compared to March 31, 2000 primarily due to the positive cash impact of our operating activities. Working capital was \$78,275,000 as of December 30, 2000, a moderate increase from the level at March 31, 2000 of \$74,464,000 and from the level at January 1, 2000 of \$76,065,000.

We had available at December 30, 2000 an unsecured bank line of credit with a maximum borrowing limit of \$12,000,000. The interest rate on bank borrowings is based on the prime rate and "Libor" rates. The line of credit expires on August 31, 2002. As of December 30, 2000, March 31, 2000 and January 1, 2000, we had no borrowings on our bank line of credit.

We believe that our existing working capital, cash flows from operations, trade credit traditionally available from our vendors and our \$12,000,000 bank line of credit will be sufficient to finance our current and anticipated level of operations. Although we have no commitments to do so at the present time, we intend to consider additional strategic acquisitions where deemed appropriate. Such acquisitions, if any, could affect our liquidity and capital resources.

C. STATEMENT OF PURPOSE OF THE "SAFE HARBOR" PROVISIONS OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

Edgar Filing: ADVANCED MARKETING SERVICES INC - Form 10-Q

In December 1995, the Private Securities Litigation Reform Act of 1995 (the "Act") amended the Securities Act of 1933 and the Securities Exchange Act of 1934 to provide protection from liability in private lawsuits for "forward-looking" statements made by persons specified in the Act. We desire to take advantage of the "safe harbor" provisions of the Act. Forward-looking statements generally can be identified by the use of statements that include Phrases such as "believe," "expect," "anticipate," "intend," "plan," "foresee," "likely will" or other similar words or statements.

We wish to caution readers that, with the exception of historical matters, the matters discussed in this Quarterly Report are forward-looking statements that involve risks and uncertainties, including but not limited to factors related to the highly competitive nature of the publishing industry as well as the warehouse club and retail industries and their sensitivity to changes in general economic conditions, our concentration of sales and credit risk with two dominant and other large customers, our ability to

impact customer return rates, continued successful results from the VMI program, currency and other risks related to foreign operations, expansion and diversification plans, the results of financing efforts, and other factors discussed in our other filings with the Securities and Exchange Commission. Such factors could affect our actual results during Fiscal 2001 and beyond and cause such results to differ materially from those expressed in any forward-looking statement. We wish to also caution readers not to place undue reliance on these forward-looking statements, which reflect our analysis only as of the date hereof. We undertake no obligation to publicly release the results of any revision to these forward-looking statements to be made to reflect subsequent events or circumstances or to reflect the occurrence of unanticipated developments.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to changes in interest rates primarily from securities held in our investment portfolio. Fluctuations in interest rates may affect the ending fair value of our investments, anticipated future cash flows, and the realization of earnings from such investments. Our cash and cash equivalents consist primarily of highly liquid short-term investments that are typically held for the duration of the respective instrument. Due to the short-term nature of our investments, we believe that any change in interest rates would not have a material impact on our cash equivalents. As of December 30, 2000, our investments of approximately \$6,336,000 are scheduled to mature within one year. We do not utilize derivative financial instruments or other market risk sensitive instruments, positions, or transactions to manage exposure to interest rate changes. Accordingly, we believe that, while the securities we hold are subject to changes in the financial standing of the issuer of such securities, we are not subject to any material risks arising from changes in interest rates or other market changes that affect market risk sensitive instruments.

We are subject to foreign currency exposure due to the operation of our foreign subsidiaries, which generally enter into transactions denominated in their respective functional currencies. Our primary foreign currency exposure arises from foreign denominated revenues and profits translated into U.S. dollars. The primary currencies to which we have foreign currency exposure are the British pound, Mexican peso and the Australian dollar. We generally view as long term, our investments in our wholly-owned foreign subsidiaries with a functional currency other than the U.S. dollar. As a result, we do not utilize any hedging transactions against these net investments. Our foreign operations are not a significant part of our overall activities and we believe that the risk associated with our foreign currency exposure is not material on a consolidated basis.

ITEM 5. OTHER INFORMATION

On July 22, 1999, we adopted a stock repurchase program pursuant to which we may repurchase in open market or private transactions, from time to time, based upon existing market conditions, up to 300,000 shares of our Common Stock. We subsequently approved an additional aggregate increase of 700,000 shares in this repurchase program. As of the date of this report on Form 10-Q, we have repurchased approximately

Edgar Filing: ADVANCED MARKETING SERVICES INC - Form 10-Q

831,000 shares of our Common Stock (including the 256,100 shares referred to below) under the stock repurchase program. The repurchase program has no expiration date and will be financed through internal funds.

On December 11, 2000, pursuant to a prior agreement, we repurchased 256,100 shares of our Common Stock from our Chairman in a privately negotiated transaction for approximately \$4,000,000. The transaction reflects a 10 percent discount from the average market price for a specified period.
