COMPENSATION OF DIRECTORS

Non-employee directors are compensated solely with Restricted Stock and stock options. Pursuant to the Tennant Company Restricted Stock Plan for Non-employee Directors (the "Director Plan"), non-employee directors are entitled to an annual retainer payable in the form of Restricted Stock issued once every three Board Years (as defined in the Director Plan). The Director Plan provides for the issuance of Restricted Stock in an amount equal to the designated annual retainer for the Board Year then commencing and the next two succeeding Board Years,

based on the then Fair Market Value (as defined in the Director Plan) of such Restricted Stock. For the three Board Years commencing

May 7, 1999, this equated to a retainer of \$94,500, which is \$31,500 per year (the amount of the annual retainer at that time). On May 7, 1999, each non-employee director was issued 2,700 shares of Restricted Stock, based on a Fair Market Value of \$35.00 per share. Under the Director Plan, non-employee directors who are elected or appointed to the Board on a date other than a regular issue date receive a prorated number of Restricted Shares. On May 3, 2002, each non-employee director will receive a restricted stock grant for the annual retainer for the three Board Years commencing on that date.

The Director Plan provides that the restrictions on the Restricted Stock will lapse only upon the first to occur of (a) the death of the director, (b) the disability of the director preventing continued service on the Board, (c) retirement of the director from the Board in accordance with any policy on retirement of Board members then in effect, (d) the termination of service as a director by reason of resignation at the request of the Board, the director's failure to have been nominated for reelection to the Board or to have been re-elected by the shareholders, or the director's removal by the shareholders, or (e) a change in control of the Company (as defined in the Director Plan). In no event will the restrictions lapse prior to six months after the date of issuance. Upon the occurrence of an event causing the restrictions to lapse, Restricted Stock issued to the director in payment of the retainer for Board Years commencing following the occurrence of the event is forfeited and returned to the Company.

Pursuant to the Tennant Company Non-Employee Director Stock Option Plan (the "Director Option Plan"), each non-employee director received an option grant for 2,000 shares at Fair Market Value of \$45.10 per share on May 4, 2001. Each non-employee director will receive an option grant for 2,000 shares at Fair Market Value on May 3, 2002. Under the Director Option Plan, non-employee directors who are elected or appointed to the Board on a date other than an annual meeting of shareholders receive a prorated number of stock options.

TENNANT COMPANY AUDIT COMMITTEE REPORT

The Audit Committee of the Company's Board of Directors is composed of five "independent" directors, as that term is defined in the applicable listing standards of the New York Stock Exchange. The Audit Committee operates under a written charter adopted by the Board of Directors.

The Committee provides oversight on matters relating to accounting, financial reporting, internal control, auditing and regulatory compliance activities and recommends to the Board of Directors the selection of the Company's independent auditors.

The Committee held four meetings during 2001. The meetings were designed to facilitate and encourage private communication between the Committee and the Company's independent auditors, KPMG LLP. In addition, the Committee complied with its charter responsibilities. The Audit Committee has reviewed and discussed the audited financial statements with management. The Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent auditors also provided to the Committee the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent auditors the firm's independence.

Based upon the Committee's discussion with management and the independent auditors and the Committee's review of financial statements and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated

financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview and Philosophy. The Executive Compensation Committee of the Board of Directors is composed entirely of outside directors and is responsible for reviewing and developing executive compensation plans of the Company. In addition, the Executive Compensation Committee, pursuant to authority delegated by the Board, determines on an annual basis the compensation to be paid to the Chief Executive Officer and each of the other executive officers of the Company.

The objectives of the Company's executive compensation program are to:

Motivate executives to achieve corporate goals by placing a significant portion of pay at risk.

Provide a strong link between the Company's short- and long-term goals and executive compensation.

Provide competitive total compensation in order to attract and retain high-caliber key executives critical to the long-term success of the Company.

Align the executives' interests with those of the shareholders by providing a significant portion of compensation in Company Common Stock.

The executive compensation program is intended to provide an overall level of compensation opportunity that is competitive with other U.S. durable goods manufacturing companies. To determine

competitiveness, the Committee annually uses sales volume adjusted data from a top-management compensation survey. This data is reviewed each year with a comprehensive analysis conducted every three to four years through the use of an outside consultant which compares all aspects of the Company's executive compensation with that of other similar companies. Actual compensation levels may be greater or less than average competitive levels depending on annual and long-term Company performance, individual performance against goals set at the beginning of the year, and scope of responsibilities as compared to a similar position within the surveys. The Executive Compensation Committee uses its discretion to set executive compensation at levels warranted in its judgment by external, internal or individual circumstances.

The Company's policy is to structure its compensation programs, where possible, to qualify for exemptions from the deduction limitations under the Internal Revenue Code Section 162(m). Certain of the Company's compensation plans should qualify for exemption from the deduction limitations under this Section.

Executive Compensation Program. The Company's executive compensation program is comprised of base salary, annual cash incentive compensation and long-term incentive compensation in the form of cash-based awards, stock awards, Restricted Stock grants, and stock options. The long-term plans have a significant portion of their payout in Company Common Stock. In addition, executives receive various benefits, including medical and retirement plans, generally available to employees of the Company.

Base Salary. Base salary levels for the Company's executives are competitively set relative to the average of other U.S. durable goods manufacturing companies of similar size. In determining salaries, the Executive Compensation Committee also takes into account individual experience, performance, and scope of responsibility, although no particular weight is given to any one factor.

Annual Cash Incentive Compensation. The purpose of the annual cash incentive program is to provide a direct financial incentive in the form of annual cash incentives to executives to achieve their business units' and/or the Company's annual goals. Target incentive awards are set at a level consistent with the averages of other U.S. durable goods manufacturers, after adjusting for sales volume. In fiscal 2001, Company and business unit economic profit improvement was the financial metric used for the annual incentive plan. Economic profit is based on the Company's net operating profit after taxes less a charge for net assets used in the business. Executives can earn incentive compensation based on the level of economic profit improvement year over year.

Stock Incentive Plans. The stock incentive plans are the Company's long-term incentive plans for executive officers and key managers. The objectives of the program are to align executive and shareholder long-term interests by creating a direct link between executive pay and shareholder return, and to enable executives to develop and maintain a significant, long-term ownership position in the Company's Common Stock. In order to better define for executives the minimum amount of stock that should be held, the Executive Compensation Committee established in 1993 executive stock holding guidelines. These guidelines, which were revised late in 1997, identify the amount of stock (restricted and unrestricted) each executive should hold as a multiple of his or her base pay. The current guidelines are: CEO 6 times base salary and Vice Presidents 3 times base salary. Each year, the Committee reviews the progress of each executive towards those goals.

The Executive Compensation Committee annually grants a variety of stock-based awards under the Company's stock incentive plans. The amount of the awards increases as a function of higher salary and position in the Company. The award amounts, as a percent of base salary, are reviewed and adjusted, as necessary, to ensure their competitiveness. The last review, conducted in 2001, showed that the Company's executive pay was competitive.

With respect to 2001, the following types of awards were granted:

Restricted Stock

These grants vest 100% at the end of the restriction period.

Stock Options

These options permit executives to purchase Company stock during a ten-year period at the price in effect at the beginning of that period.

Edgar Filing: TENNANT CO - Form DEF 14A

Base Salary Ms. Dolan's total base salary for fiscal 2001 was \$364,500. This amount approximates the market average for durable goods manufacturing companies of similar size.

Annual Incentive Ms. Dolan earned no annual incentive for fiscal 2001.

A deferral plan is provided for Tennant executives, which allows them to defer a portion of their salary. Executives may elect to defer up to 25% of their current year salary. The amounts shown in the above table for 1999, 2000, and 2001 include any amounts thus deferred. Payout is made in cash within 10 years of termination of employment. Interest is paid on these deferred amounts at a rate set annually by the Executive Compensation Committee. For 2002, the interest rate has been set at 5.5% of the amounts deferred. Of the total 2001 salaries shown in the table, the following deferral has been made: Mr. Adams, \$43,167.

(2) Starting in 2001, the Company is categorizing certain payouts under the Management Incentive Plan that were reported as "Bonus" payments in 2000 and 1999 as LTIP Payouts and listing these payouts under the LTIP Payouts heading in this table. The amounts of such payouts for 2001 are as follows: Ms. Dolan, \$103,007; Mr. Moar, \$44,390 and Mr. Adams, \$13,361. The Company believes that these payouts are more appropriately categorized as LTIP Payouts because the amounts represent payouts of restricted stock previously awarded as incentive compensation, for which the ultimate payout depends on the Company's stock price at the time of the expiration of the restriction.

(3) The value of the Restricted Stock awards was determined by multiplying the fair market value of the Company's Common Stock on the date of grant by the number of shares awarded. Using the fair market value of the Company's Common Stock as of December 31, 2001, the number and value of Restricted Stock awards issued in 2001 were as follows: 538 shares (\$19,960) by Ms. Dolan; 344 shares (\$12,762) by Mr. Moar; 258 shares (\$9,572) by Mr. Brausen; 258 shares (\$9,572) by Mr. Lenders; and 258 shares (\$9,572) by Mr. Adams. These shares of Restricted Stock have a

12

two-year vesting period, from respective dates of issuance. Dividends are paid on Restricted Stock awards at the same time and rate as paid to all shareholders.

(4) In addition to the Management Incentive Plan payouts described in note 2 above, amounts for 2001 also represent the dollar value of deferred stock units paid out in 2001 as follows: Ms. Dolan, \$37,100; Mr. Moar, \$18,550; Mr. Brausen, \$7,420; Mr. Lenders, \$2,263 and Mr. Adams, \$3,710. Deferred stock units were paid in Common Stock on a share-for-share basis with respect to a minimum of 50% of the deferred stock units vested (valued, for this purpose, as of December 31 of the respective years of payment), and the balance was paid in cash.

(5) Amounts represent payments under the Tennant Profit Sharing and ESOP Plan and the Company's Excess Benefit Plan as follows: (a) Profit Sharing Contributions (which, for 1999 and 2000, were up to 5% of certified earnings, the first 2% of which are contributed to participants' accounts through the allocation of Company Common Stock from the unallocated ESOP reserve, with the remainder (if any) of such contributions paid to the participants in cash, and which, for 2001, were equal to 2% of certified earnings) were paid as follows for 1999, 2000, and 2001, respectively: \$9,039.35, \$8,183.55, and \$7,572.69 to Ms. Dolan; \$5,320.66, \$7,003.96, and \$5,728.00 to Mr. Moar; \$0, \$0, and \$3,122.31 to Mr. Brausen; and \$5,201.55, \$4,768.77, and \$3,358.03 to Mr. Adams; (b) employer Matching Contributions relating to employee Individual Shelter Contributions (Internal Revenue Code Section 401(k) contributions) were paid as follows for 1999, 2000, and 2001, respectively, through the allocation of Company Common Stock from the unallocated ESOP reserve: \$1,310.00, \$2,380.00, and \$3,825.00 to Ms. Dolan; \$1,274.15, \$2,380.00, and \$5,100.00 to Mr. Moar; \$2,240.00, \$1,870.01, and \$3,842.76 to Mr. Adams; and \$0, \$0, and \$5,100.00 to Mr. Brausen; (c) Profit Related Retirement Contributions were paid as follows for 1999 and 2000, respectively: \$10,156.02 and \$10,860.73 to Mr. Adams (Profit Related Retirement Contributions were eliminated beginning January 1, 2001); and (d) Excess Benefit Plan awards were made as follows for 1999, 2000, and 2001, respectively: \$7,249.95, \$12,856.50, and \$12,676.95 to Ms. Dolan; \$2,476.94, \$8,078.49, and \$7,093.15 to Mr. Moar; \$0, \$0, and \$1,877.90 to Mr. Brausen, and \$11,054.68, \$11,813.34 and \$2,940.30 to Mr. Adams. Mr. Lenders is a resident of Belgium and does not participate in these compensatory programs.

(6) Mr. Brausen was first appointed as an executive officer in March 2000.

(7) Mr. Lenders was first appointed as an executive officer in August 2001.

STOCK OPTION AWARDS IN LAST FISCAL YEAR

Edgar Filing: TENNANT CO - Form DEF 14A

The following table summarizes Stock Option awards made during the last fiscal year under the Tennant Company 1992, 1995 and 1999 Stock Incentive Plans, as amended (collectively, the "Plans") for the named executive officers.

(1) Ms. Dolan received a stock option grant in 1999 that covered 1999, 2000 and 2001.

(2) All such options granted under the Plans are nonqualified options, and are exercisable 25% per year, on a cumulative basis, beginning one year after the date of the grant. Such options become immediately exercisable, however, upon (a) death, disability, or retirement of the holder, or (b) a change of control (defined as certain changes in the Company's Board of Directors, certain concentrations of voting power, certain mergers, sales of corporate assets, statutory share exchanges or similar transactions, or liquidation or dissolution of the Company). The holder is permitted to pay the exercise price and withholding taxes due upon exercise with either cash, shares of Common Stock, a reduction in the number of shares delivered to the holder, or a combination of these alternatives.

(3) Reload option grants contain the same features mentioned in footnote 2 except that they are immediately exercisable. Their exercise period is the remainder of the initial ten-year option period.

(4) The exercise price of such options is not less than the Fair Market Value (as defined in the Plans) of a share of Common Stock at the time of grant.

(5) The hypothetical potential appreciation shown in these columns reflects the required calculations at annual rates of 5% and 10% set by the Securities and Exchange Commission, and therefore are not intended to represent either historical appreciation or anticipated future appreciation of the Company's Common Stock price.

MANAGEMENT AGREEMENTS

The Company is a party to management agreements (the "Agreements") with certain of the executive officers of the Company. The purpose of each of the Agreements is to encourage the executive to continue to carry out his or her duties in the event of the possibility of a change in control of the Company and to remain in the service of the Company in order to facilitate an orderly transition in the event of an actual change in control of the Company.

Each of the Agreements provides that the executive is entitled to receive his or her stated annual base salary, which is subject to annual review and adjustment by the Board of Directors. Each Agreement provides that the Board of Directors may not decrease the executive's annual base salary by more than 15% of the executive's prior year annual base salary. Each Agreement also provides that the executive will participate in certain of the Company's incentive programs and the Company's general benefits programs. Each Agreement provides that if the executive's employment is terminated by the Company or is terminated by the executive for good reason, as defined in the Agreements, for a period of one year from the termination date, the executive is entitled to continue to receive his or her annual base salary, receive the amount of the incentive award that would have been payable if the performance targets had been met and continue to participate in the Company's general benefit programs.

Under the terms of each of the Agreements, if, between the occurrence of a change in control of the Company and the three-year anniversary date of such occurrence, an executive's employment is involuntarily terminated (for any reason other than death, disability, or for cause), the executive will be entitled to receive severance compensation and continue to participate in the Company's general benefit programs. If an executive resigns after certain changes in the executive's duties, compensation, benefits, work location or travel responsibilities, the executive shall be entitled to the same payments and benefits as if the executive had been involuntarily terminated without cause. Severance compensation is payable also if the termination occurs before the change in control but after steps to change control have been taken, provided that a change in control ultimately occurs. Severance compensation in connection with such changes in control consists of three times the executive's average annual taxable compensation during the executive's five taxable years preceding the change in control,

minus \$1.00, plus the continuation of certain insurance benefits, subject to reduction for the amount of any other severance compensation paid by the Company to the executive under any other agreement of the Company providing compensation in the event of involuntary termination and further reduction to the extent necessary to avoid excise taxation to the executive or non-deductibility to the Company under federal income tax laws. If an executive subject to an Agreement voluntarily terminates his or employment within 30 days after the first anniversary of a change in control and is not entitled to a payment of three times average annual compensation during the five-year period, the executive is nevertheless entitled to payment of one times the five-year average annual compensation, plus incentive payments and the continuation for one year of certain insurance benefits. Severance payments relating to a change in control are payable in a lump sum upon termination. As of the date of this Proxy Statement, the total severance compensation for Ms. Dolan would be \$1,911,156; Mr. Moar, \$974,916; Mr. Brausen, \$640,936; Mr. Lenders, \$629,999; and Mr. Adams, \$739,831. The Company also will reimburse an executive for legal fees and expenses incurred in resolving disputes under the Agreement.

TENNANT COMPANY PENSION PLAN

Edgar Filing: TENNANT CO - Form DEF 14A

The Tennant Company Pension Plan provides fixed retirement benefits for certain employees of the Company. Based upon certain assumptions, including continuation of the Pension Plan, as amended effective January 1, 2002, the following table shows the annual retirement benefits (including the additional retirement benefits described in the second sentence under "Tennant Company Excess Benefit Plan" below) which would be payable as a straight life annuity commencing at age 65 to persons at various salary levels after specified years of service.

<u>Annual Compensation</u>	<u>Years of Service</u>

650,000	88,734	133,101	177,467	221,834	266,201

Under the Pension Plan, benefits are payable based upon a percentage of a participant's final average pay excluding bonus, overtime or other special forms of remuneration. Currently under ERISA, as amended, the maximum annual amount that can be paid during 2002 to any individual is \$160,000. Amounts in excess of that maximum as well as amounts based on compensation that is excluded from the Pension Plan formula by ERISA or the terms of the Pension Plan are covered under the Tennant Company Excess Benefit Plan. The years of credited service under the Pension Plan for the named executive officers are: Ms. Dolan 16 years, Mr. Moar 4 years and Mr. Brausen 2 years. If Ms. Dolan, Mr. Moar or Mr. Brausen were to retire currently, the final average pay used by the Plan to determine benefits payable pursuant to the above table as of December 31, 2001, would be \$420,174 for Ms. Dolan, \$320,399 for Mr. Moar and \$198,625 for Mr. Brausen. Messrs. Lenders and Adams do not participate in the Pension Plan.

The figures above are not subject to deductions for Social Security or other offset amounts.

16

TENNANT COMPANY EXCESS BENEFIT PLAN

The Tennant Company Excess Benefit Plan provides additional retirement benefits for highly compensated employees participating in the Tennant Profit Sharing and ESOP Plan or the Pension Plan. Employees participating in the Excess Benefit Plan will receive a retirement benefit equal to the additional benefits which would have been provided under the Pension Plan if (a) the limitations imposed by Sections 401(a)(17) and 415 of the Internal Revenue Code were not applicable, and (b) management bonuses were included in certified earnings for the year in which they were earned, and (c) deferred salaries were included in certified earnings for the plan year in which such amounts would have been paid in the absence of the deferral. Employees participating in the Excess Benefit Plan also receive cash payments of amounts which would have been contributed by the Company to the Tennant Profit Sharing and ESOP Plan as Profit Sharing Contributions or Matching Contributions if various limitations imposed by the Internal Revenue Code were not applicable.
