**PROXY STATEMENT
FOR THE 2002 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 22, 2002**

INTRODUCTION

General

This Proxy Statement is furnished in connection with the solicitation by and on behalf of the Board of Directors of First Community Bancorp (the "Company") of proxies for use at the 2002 Annual Meeting of Shareholders of the Company to be held, pursuant to the

Edgar Filing: FIRST COMMUNITY BANCORP /CA/ - Form DEF 14A

accompanying Notice of Annual Meeting, on Wednesday, May 22, 2002 at 10:00 a.m., at The Inn, 5951 Linea del Cielo, Rancho Santa Fe, California, and at any adjournment or adjournments thereof (the "Meeting").

The matters to be considered and voted upon at the Meeting are:

1. **Election of Directors.** To elect eleven (11) members of the Board of Directors who shall hold office until the next Annual Meeting of Shareholders and thereafter until their successors are duly elected and qualified.
2. **Amendment to 2000 Stock Incentive Plan.** To approve an amendment to the Company's 2000 Stock Incentive Plan to increase the number of shares subject to the Plan from 1,075,079 to 1,600,000 shares.
3. **Other Business.** To consider and act upon such other business and matters or proposals as may properly come before the Meeting or any adjournment or adjournments thereof.

If the enclosed form of proxy (the "Proxy") is executed and returned, it may nevertheless be revoked at any time before it is exercised either (i) by filing with the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or (ii) in person at the Meeting. Subject to such revocation, all shares represented by a properly executed Proxy received in time for the Meeting will be voted by the holders thereof in accordance with the instructions on the Proxy. IF NO INSTRUCTION IS SPECIFIED WITH RESPECT TO A MATTER TO BE ACTED UPON, THE SHARES REPRESENTED BY THE PROXY WILL BE VOTED IN ACCORDANCE WITH THE RECOMMENDATIONS OF MANAGEMENT.

The Company mailed this Proxy Statement and the Proxy on or about April 19, 2002 to its shareholders of record at the close of business on April 5, 2002.

Voting Securities

The number of shares of the Company's common stock outstanding and entitled to vote at the Meeting is 7,534,042. Only those shareholders of record at the close of business on April 5, 2002 (the "Record Date") will be entitled to notice of and to vote at the Meeting. Each holder of common stock is entitled to one vote for each share standing in his/her name on the books of the Company as of the Record Date on any matter submitted to the vote of the shareholders, except that, in the election of directors, the shares may be voted cumulatively. Cumulative voting enables a shareholder to give one nominee as many votes as is equal to the number of directors to be elected multiplied by the number

1

of shares in respect of which such shareholder is voting or to distribute his/her votes on the same principle among two or more nominees, as he/she sees fit.

In the election of directors, the eleven (11) nominees receiving the highest number of affirmative votes will be elected. The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by Proxy at the Meeting is required to approve the proposed amendment to the 2000 Stock Incentive Plan.

The Board of Directors and Committees

The Committees of the Board of Directors of the Company include the Audit Committee, the Compensation Committee, the Asset Liability Management Committee and the Executive Committee. The Company does not have a Nominating Committee.

Audit Committee

As of the date hereof, the members of the Company's Audit Committee are Robert E. Hermann (Chairman), Robert A. Stine and David S. Williams. The Audit Committee recommends to the Board of Directors for its approval a certified public accounting firm to conduct the Company's annual audit. In addition, the audit responsibilities of the Company's bank subsidiaries, Pacific Western National Bank and Rancho Santa Fe National Bank, have been delegated to the Audit Committee. The Audit Committee will also (i) confer from time to time with the Company's certified public accountants regarding their audit work and the details thereof, (ii) review management letters of the Company's certified public accounting firm, (iii) meet and consult with the Company's executive and financial officers to discuss accounting policies, (iv) review staffing of the Company's accounting and financial departments and make recommendations to the Board of Directors relating to these departments, and (v) provide assistance and recommendations to the Board of Directors with respect to the general financial needs, policies and practices of the Company.

7

AUDIT COMMITTEE REPORT

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Committee are "independent", as required by applicable listing standards of the Nasdaq. The Committee operates pursuant to a Charter that was last amended and restated by the Board on March 28, 2001. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, for internal audit services provided by the auditors, and has considered whether the provision of internal audit and other non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committees' considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards generally accepted in the United States of America, or that the Company's auditors are in fact "independent".

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 to be filed with the Securities and Exchange Commission.

Board Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors as of the date hereof consists of John M. Eggemeyer, III (Chairman), Robert A. Schoellhorn, Barry C. Fitzpatrick and Timothy B. Matz.

It is the duty of the Compensation Committee to administer the Company's compensation system and various incentive plans, including its stock option plan and its annual performance bonus plan. In addition, the Compensation Committee reviews compensation levels of members of management, evaluates the performance of management and considers management succession and related matters. The Compensation Committee reviews with the Board all material aspects of compensation for senior officers.

Edgar Filing: FIRST COMMUNITY BANCORP /CA/ - Form DEF 14A

The Compensation Committee has reviewed the compensation for Matthew P. Wagner, Chief Executive Officer of the Company, and each of the four highest paid executive officers for 2001. It reported to the Board that in the Compensation Committee's opinion, the compensation of all officers is reasonable in view of the Company's consolidated performance and the contribution of those officers to that performance. In doing so, the Compensation Committee takes into account how the compensation compares to that paid by competing companies as well as the Company's performance and economic conditions in the Company's service area. Members of the Compensation Committee have also reviewed compensation surveys.

The Company has adopted a compensation system for its executive officers, among others, designed to communicate and encourage a community banking focus, create an ownership culture, encourage team orientation, compete with the market and reward performance and contributions. It is also designed to be easy to understand and simple to administer. This compensation system is intended to link compensation of the executive officers to the strategic direction of the Company and to key organizational goals. In order to achieve these goals, the Company's compensation system for its executive officers provides base salaries below the median base salary for comparable positions in a peer group of comparable financial institutions with significant upside potential through performance-based annual cash bonuses and stock option grants.

The annual target cash bonus for the executive officers is based primarily on achievement of the Company's financial goals and other strategic objectives. The measures of achievement include earnings per share, return on equity, return on assets and other strategically important achievements. The target cash bonus for the Company's Chief Executive Officer and the other executive officers are a percentage of base salary tied to achievement of the Company's financial goals. In addition, the Compensation Committee considers stock option grants to the Chief Executive Officer and the other executive officers based on the achievement of certain financial and strategic goals.

The Company compensates its executive officers in three ways: base compensation, cash bonus and performance stock options.

Base Compensation. The Compensation Committee of the Board periodically reviews base compensation. The Chairman of the Board makes recommendations to the Committee for each of the executive officers. The Committee generally requests an opinion from outside compensation consultants and/or banking related salary survey data before it makes any significant adjustment to overall base compensation for the executive group. The Committee does not tie its base compensation decisions to any particular formulas, measurements or criteria, but members definitely take into account the Company's performance and compensation levels paid by competitors.

14

Annual Cash Bonus 2002. For 2002, the Committee approved a cash bonus plan for the Company's executives based on reported earnings per share ("EPS") as defined in the Company's Executive Incentive Plan. The following are the EPS goals and bonus percentages that were approved for the Company's executives for 2002:

Achievement Level (% of Plan)	90%	100%	Over 100%
Award Opportunities			
Company CEO (Grade 1)	60% of Base \$	100% of Base \$	Board Discretion
Other Executives (Grades 2,3,A)	50% of Base \$	80% of Base \$	CEO/Board Discretion

Stock Options. The Committee has granted stock options to a number of members of senior management, including all of the Company's executive officers. All options were awarded at the market value of the Company's stock on the date of the grant. The Committee made these grants as additional incentive to the Company's senior officers to improve performance to increase the Company's stock price.

Compensation Philosophy. The Company has a three-point compensation philosophy, which it reviews in all of its compensation decisions. This philosophy was adopted in 2000.

The primary goal of the Company's compensation philosophy is to link a substantial portion of executive compensation to the profitability of the Company. The Committee achieves this goal by tying substantial stock option grants and an annual bonus to what it believes is the most significant measure of profitability: EPS. The goals for both the stock awards and the annual bonuses are based on substantial increases in EPS performance.

The second goal of the compensation philosophy is to attract and retain highly competent executives. The Committee achieves this objective by setting base compensation and incentives at competitive levels and by awarding substantial stock performance awards. Annually, the Committee reviews executive compensation levels paid by competitors of a similar asset size to the Company. The Committee intends to pay at the highest end of the compensation scale, but only if the Company achieves financial performance at the high end of the peer group.

Edgar Filing: FIRST COMMUNITY BANCORP /CA/ - Form DEF 14A

Finally, the Committee members are not, and never have been, executive officers of the Company. All Committee members are non-employee directors. On certain matters, a smaller group of the Committee acts as a sub-committee in approving performance-based goals and on other matters as required by law.

The Company's common stock trades on the Nasdaq National Market® under the symbol "FCBP." Prior to June 1, 2000, trading in the Company's common stock (as Rancho Santa Fe National Bank) occurred solely "over the counter" and was not extensive. Consequently, sales price information prior to that date consists largely of quotations by dealers making a market in the Company's common stock and may not represent actual transactions. In addition, trading in the Company's common stock prior to June 1, 2000 was limited in volume and may not be a reliable indication of its market value. As a result, the sales price information for the Company's common stock in the following graph for 1996 through 1999 reflects inter-dealer prices, without adjustments for mark-ups, mark-downs or commissions and may not represent actual transactions. The sales price information for 2001 reflects trades of the Company's common stock on the Nasdaq National Market®.

The following graph shows the yearly cumulative total return on the Company's common stock with a comparable return on the indicated index for the last five fiscal years. The total return on the Company's common stock is determined based on the change in the price of the Company's common stock and assumes reinvestment of all dividends and an original investment of \$100. Such fees were deferred un the Company's 1995 Directors Deferred Compensation Plan. The Company has also assumed a contract with Belle Plaine Partners, Inc. Termination of Employment and Change-in-Control Arrangements**Executive Severance Plan**

On January 25, 2001 the Company adopted the Company Executive Severance Plan (the "Severance Plan") pursuant to which certain executives of the Company and its subsidiaries, including the named executive officers, will be entitled to receive a severance payment from the Company if within 24 months after a Change of Control (as defined in the Severance Plan) an eligible executive's employment with the Company or one of its subsidiaries terminates for any reason other than (i) death,

(ii) disability, (iii) termination by the Company or one of its subsidiaries for Just Cause (as defined in the Severance Plan), (iv) retirement in accordance with the normal policy of the Company, (v) voluntary termination by such executive for other than Good Reason (as defined in the Severance Plan) or (vi) the sale by the Company or the Bank which employed the executive before such sale if the executive has been offered employment with the purchaser on substantially the same terms and conditions under which such executive was employed prior to the sale. The

amount of the Severance Payment (as defined in the Severance Plan) under the Severance Plan will be equal to such executive's Compensation (as defined in the Severance Plan) multiplied by a multiplier ranging from 1 to 3 depending on the executive's employee grade. In addition, if an executive becomes eligible for a Severance Payment, such executive will also be entitled to welfare benefits for the Severance Period (as defined in the Severance Plan) applicable to such executive. In order to become eligible for Severance Payments under the Severance Plan, the executive must execute and deliver a Release (as defined in the Severance Plan).

2000 Stock Option Plan

On May 31, 2000, the Board of Directors adopted the First Community Bancorp Stock Incentive Plan (the "2000 Plan"). The 2000 Plan originally provided for the issuance of stock incentives and options to purchase up to 780,000 shares of the Company's common stock. On January 25, 2001, the Board approved an amendment to the 2000 Plan which increased the number of shares of stock subject to the 2000 Plan from 780,000 to 1,075,079 shares (including 95,079 options assumed with the merger of Professional Bancorp, Inc. with and into the Company on January 16, 2001). That amendment was approved by shareholders on May 21, 2001.

On January 23, 2002, the Board approved an amendment to the 2000 Plan which would increase the number of shares of stock subject to the 2000 Plan from 1,075,079 shares to 1,600,000 shares. The proposed amendment to the Plan is presented to the shareholders of the Company for approval under Proposal 2 below.

Employee Benefit Plan

Each of the Company's bank subsidiaries has separate 401(k) plans. The Company is currently working towards creating a comprehensive 401(k) plan for all employees of the Company and its subsidiary banks.

Directors Deferred Compensation Plan

On May 2, 1995, the Board of Directors of Rancho Santa Fe National Bank approved the 1995 Directors Deferred Compensation Plan (hereinafter "the Plan"), and on June 20, 1995 the shareholders of Rancho Santa Fe National Bank approved the Plan. The Plan was effective for fees earned on and after July 1, 1995. On May 31, 2000 by action of its sole shareholder, the Company adopted the Plan. Full power to construe, interpret and administer the Plan is vested with the Administrative Committee (hereinafter "the Committee"), which consists of all non-director executive officers of the Company and chaired by the Chief Financial Officer of the Company. The Board of Directors and the shareholders also approved a trust agreement which established a trust (the "Trust") for deferred amounts, the Directors Deferred Compensation Trust Agreement. First American Trust Company has been appointed trustee of the Trust.

The Plan allows amendments to be made by the Board from time to time, provided that no such amendment may (without a director's consent) alter rights to payments of amounts already credited to accounts or delay the time at which deferred amounts were scheduled to be paid under the Plan. The Company intends to maintain the Plan and Trust in a manner that will allow ongoing availability of the exemption under SEC Rule 16b-3 (unless a ruling is received indicating that such exemption is not

necessary) and therefore currently intends to submit to shareholders for approval any amendments which would materially increase the benefits available under the Plan or the number of shares of common stock of the Company ("Company Stock") which may be issued under the Plan, or materially modify the requirements for participation in the Plan.

The Plan allows all directors of the Company and outside directors of its subsidiaries, including employee directors, (currently a total of 11 persons), to elect by written notice to defer payment of all or a portion of their director's fees for the next succeeding calendar year. Participation in the Plan is voluntary and directors may change their elections annually. The Plan allows optional deferral of existing fees, with investment of such deferrals in Company Stock. Elections with respect to deferred amounts are to be made in writing by the director prior to the latest to occur of the following: (i) the beginning of the calendar year for which the fees are to be earned; (ii) the director's first day of board service in the year; or (iii) the first day of the calendar month next following the date the director first becomes eligible to participate in the Plan; provided that directors who file Form 4 reports with SEC cannot make elections later than six months prior to the date on which any fees deferred by the director are invested in the Company Stock.

The Company has established on its books a separate account for each of its directors who participates in the Plan. All deferred amounts are invested in Company Stock and the value of a director's account is measured by the value of and income from Company Stock. At the time a director makes his or her first election, the director may also choose to have deferred amounts contributed to a trust commonly known as a "rabbi" trust, established to aid in the accumulation of assets for payment of deferred amounts. Separate accounts are set up for each director

Edgar Filing: FIRST COMMUNITY BANCORP /CA/ - Form DEF 14A

who elects to make deferrals, and the Company may, in its discretion, contribute to the trust an amount equal to the deferred amount, if it is done within five business days after the deferred amount would otherwise be paid to the director.

The Company pays all administrative expenses of the Plan for its participating directors as well as the applicable portion of trustee's fees and expenses. Fees paid for administration of the Plan in 2001 were \$3,667.

Not later than the next regularly scheduled meeting of the Committee following a director's termination of service, the Committee must direct the trustee to commence distribution of the amounts credited to such director's account and direct the trustee as to the form of payment (whether in cash or in Company Stock). Amounts held in the account are paid in a lump sum or in annual installments, consistent with the method of payment selected by the director at the time the deferral election was initially made. In the event of an "unforeseen emergency", such as a severe financial hardship to the director resulting from a sudden and unexpected illness or accident of the director, beneficiary or dependent, (as defined by Section 152(a) of the Internal Revenue Code), the Committee may determine the amount to be paid from the deferred amount.

In the event of death, a director's payment shall be made to the persons named in the last written instrument signed by the director and received by the Committee prior to the director's death, and in the event the director fails to name any person, the amounts shall be paid to the director's estate or the appropriate distributee thereof.

During 2001, six directors of the Company or its subsidiaries (Harold W. Clark, John M. Eggemeyer, III, Barry C. Fitzpatrick, Lynne Heidel, Mark A. LeDoux, and Robert A. Stine) participated in the Plan. As part of the board reductions of the subsidiary-banks during 2001, Ms. Heidel and Mr. LeDoux resigned as directors of Rancho Santa Fe National Bank and their accounts

were distributed to them, respectively. At December 31, 2001, the Plan consisted of the following assets:

Value of Assets at beginning of year:	\$	437,376

Total interest and dividends earned:		10,935

Certain Transactions

As discussed above under Compensation of Directors, the Company has entered into a contract for financial advisory services with Belle Plaine Partners, Inc., a company involving Chairman of the Board John M. Eggemeyer, III. In approving this transaction, the Board concluded that the transaction was in the best interests of the Company and was on terms comparable to those prevailing for similar transactions with other persons not having any relationship with the Company.

Some of the directors, director nominees and executive officers of the Company and its subsidiary banks (the "Banks"), and the companies with which they are associated, are customers of, and have had banking transactions with the Banks in the ordinary course of the Banks' business. Moreover, the Banks expect to have banking transactions with such persons in the future. In the opinion of management of the Company, all loans and lending commitments in such transactions were made in the ordinary course of business in compliance with applicable laws, on substantially the same terms, including interest rates and collateral, as those prevailing for comparable transactions with other persons of similar creditworthiness and did not involve more than a normal risk of collectibility or present other unfavorable features. The amount of all such loans, credit extensions and commitments, to all executive officers, directors, director nominees and principal shareholders of the

Company, together with their associates, was approximately \$7,868,000 on December 31, 2001, constituting approximately 14.2 percent of the Company's equity capital accounts on that date.

Management's Recommendation

Management recommends a vote "FOR" Proposal 1.

PROPOSAL 2: AMENDMENT TO STOCK OPTION PLAN

Introduction

The Company's 2000 Stock Incentive Plan (the "2000 Plan") is intended to advance the interests of the Company by encouraging stock ownership on the part of directors, officers and key employees of the Company. The 2000 Plan was approved by the Board of Directors on May 31, 2000 and by the Company's sole shareholder on May 31, 2000. The proposed amendment to the 2000 Plan is presented to the shareholders of the Company for approval under this Proposal 2. As of December 31, 2001, options to purchase 780,011 shares were outstanding, leaving 122,485 shares available for stock options or stock awards as of that date.

The Board believes it would be in the best interests of the Company to amend the 2000 Plan to provide for the granting of options to purchase up to an additional 524,921 shares of the Company's common stock, for a total of 1,600,000 shares available for options and stock awards. The Board believes that the proposed amendment would have the same advantage for the Company and its shareholders as did the 2000 Plan when it was originally adopted. Incentive will be provided to the Company's key employees, officers and directors to make the Company more successful and its stock more valuable.

Proposed Amendment

It is proposed that the first sentence of Section 4 of the 2000 Plan be amended to read as follows:

"Subject to adjustments as provided in Section 15 hereof, the maximum number of shares of Common Stock which may be issued upon exercise of Stock Options or pursuant to Stock Awards granted under this Plan shall be 1,600,000 shares in the aggregate (including the shares of Common Stock issuable upon exercise of Stock Options previously granted under Subsidiary Plans)."

Options or Awards covering the proposed additional shares would be granted pursuant to the same terms as those options already granted by the Company (see "Stock Options" and "Stock Awards" above), including the requirement that the exercise price of each option shall be not less than one hundred percent (100%) of the fair market value of the stock on the date of grant. As of the date of this Proxy Statement, no Stock Awards have been made. If all 902,496 shares granted and available under the 2000 Plan as of December 31, 2001 were exercised, the shares thus purchased pursuant to the exercise of options would constitute 10.7% of the then outstanding shares of common stock of the Company. If those same options were exercised, and options covering all the proposed additional 524,921 shares were also exercised, the shares purchased pursuant to options would constitute 15.9% of the then outstanding shares of common stock of the Company.

Necessary Approval

The proposed amendment to the 2000 Plan must be approved by a majority of the shares of the Company's common stock present in person or represented by Proxy at the Meeting.

Recommendation of the Board of Directors

The Board of Directors recommends a vote "FOR" the Proposal 2 to amend the 2000 Plan to increase the number of shares subject to the 2000 Plan from 1,075,079 shares to 1,600,000 shares.
